So we can see there Zionist state is just the natural expression of the collective Jewish race on display. Zionism is the expression of Jewish racism that ever Jew harbours deep in its rat like psyche. As even they admit proudly. And then Zionism is only one arm of the global Jewish beast. Of which there are many. Don't let the Jews fool a person into thinking there is any difference between a Zionist Jew and a Jew. Its all from the Talmud. The few bad apples, shell game is an old tactic. Zionism is Juadism. And Juadism is the racial culture of the Jew. Its their soul expressed.

Jewish supporters of Winston Churchill are to unveil a bust of the British wartime leader in Jerusalem this weekend in what they say is a long-overdue recognition of his staunch and unwavering support of the Jewish cause and their desire for a homeland.

"As a passionate Zionist all his life and a philo-semite, Churchill has been under-recognised," says Anthony Rosenfelder, a trustee of the Jerusalem Foundation, which is behind the project to

commemorate the British leader. He "combined a historical understanding of the Jewish people and what the promised land meant for Jews ... with realpolitik".

It is perhaps ironic that a statue of Churchill should stand just yards away from the King David Hotel, scene of a deadly Jewish terror attack on British military headquarters in 1946 that was to hasten the demise of mandate rule in Palestine.

Sixty-four years after the British exit, Jewish antipathy towards its mandate-era rule of Palestine still remains strong.

Some regard Churchill as a controversial figure whose government turned back Jewish immigrants trying to reach Palestine during the Second World War. Others claim that Churchill was one of the greatest supporters of the Zionist movement. They say he should be acknowledged for his role in helping make real the 1917 Balfour Declaration of British support for a Jewish homeland in Palestine.

Nearly half a century after his death, though, Churchill still remains a complex historical figure among Jews. "It's always important to give history a bit of time to bed down," says Randolph Churchill, great-grandson of the British leader, a reference to the anger many Israelis still harbour towards the British. "People have had time to reflect and consider [on his role]. I don't think it's late after the event."

Most Israelis will remember Churchill for his role in defeating Hitler, and as the man who set the world against the Nazis, he is much admired. Unlike other British officials who backed the movement, such as Henry Balfour, Sir Wyndham Deedes and David Lloyd George, there is, however, almost no official recognition of his contribution.

"Churchill is not really commemorated here, and for lots of reasons he should be," says Isaac Herzog, an Israeli politician behind the bust initiative.

Many Israelis will admit scant knowledge of his long alliance with the Jews during the early part of the 20th century, one which spurred a friend to tell his official biographer, Martin Gilbert, that Churchill was not without fault, that he was "too fond of the Jews."

Indeed, it is Mr Gilbert, himself a Jew, who has proven one of the single biggest champions of Churchill, and whose weighty tome on the subject fired imaginations, including that of Mr Rosenfelder who said the book "switched on a light for me".

Tom Segev, author of One Palestine Complete, claims that Churchill once told his close friend and an elder of the Zionist movement, Chaim Weizmann, that he would support the Zionists "even if they did horribly stupid things".

Not everybody is so convinced. Some see his support for Zionism as a matter of expediency. He spoke often of a Jewish conspiracy behind the Bolshevik Revolution, and there are those who believe that his support for a Jewish state arose from a desire to keep the Jews from meddling in the affairs of others.

"His attitude towards the Jews was very complicated," says Eli Shaltiel, a senior fellow at the Israel Democracy Institute. "The Jewish state was a way of solving the Jewish problem... Once they had a state of their own, it would serve their very uniqueness. They would be normal like any other nation."

Getting Prepared pt.1

Father Satan doesnt want your soul. He wants your comittment, love and loyalty.

This just means that you are willing to fight against his enemies which is our enemy. They wanted us destroyed, but Father Satan saw potential for us. They gave us a piece of them, we share their dna, and they want us to become as Gods.

The important thing to remember here is that not only will you still have your soul, but you will have true spiritual knowledge that will lead you down the right path.The kikes and xians have worked relentlessly to keep you spiritually ignorant.

Break all those ties, in fact all that should leave you once you dedicate to Father Satan. Think of the committment ritual as starting a new life, turning over a new leaf.

Dont look at it as selling your soul because that nothing more than xian/hollywood bullshit.

The fucking kikes are a parasitic race, totally different from us gentiles.

Among the world wide corruption of their daily programs, which have included blaspheming Father Satan and the Mighty Gods of Duat, and controlling the masses to erases and disconnect us from true spiritual knowledge.

The jews can never be cured, once a jew always a fucking jew. As we are created by Father Satan, the jews were egineered by the retillians.

Trying to offer an sacrifice would make you no better than those xian scums and their servile self-seeking parasitic jewish counterparts.

Here in the JOS we know and respect the ways of obtaining true power ans it's not like whats potrayed in hollywood movies.

A simple dedication and committing yourself to Father Satan and the Gods will surely suffice. By this I mean practicing in Daily Power Meditations.

Yoga helps to loosen up your body and makes it easier for energy to flow. It amplifies your power which should be done in a meditative state.

The amount of bio-electricity you create to increase your energy, depends on the your stage of physical and spiritual health.

Our electirical impulses can become stronger which makes our thoughts come into reality. Hatha Yoga and Power Meditations should be done together everyday to keep your power levels up.

This is to ensure we reach God status takes alot of work and practice with meditations and rituals. This requires consistent hard work and dedication.

You never want them to go down or get weak as this can make you prone to enemy attacks.

Kundalini is the highest form of yoga. Hatha yoga can help open chakras Get yourself opened to astral and also get going on that dedication ritual.

Summoning the Gods for outsiders can lead to a negative experience.

This is only due to the years of abuse by past so called mages of the right hand path.

Awakening your chakras is a stepping stone to obtaining true power.

Which is true spiritual knowledge that has been given to us by the Gods. The meditations for these chakras produce fast results.

Another key aspect here is "TIME!" It takes time to be fully aware of what you're doing and to properly open your chakras.

Everyone is different, so as the time frame may also differ from one person to the next. Even after fully opening all of your chakras you still need to maintain your meditation program to keep energy flowing.

Sometimes when we first come to Satan it seems like things are all going downhill. That is not the case, it's just the little tricks the enemy will play to discourage you from being a Spiritual Satanist.

I know this for a fact because I experienced it first hand. Let me tell you, if you remain strong and try your hardest to defeat the enemy, in the end the rewards are great.

The enemy uses many dirty tricks to make you turn your head away or to shift focus onto another matter. Just remain strong and always remember to do power Meditations daily along with breathing exercises.

The Meditation For Protection can also help your aura keep misfortune from happening.

It is disrespectful to call our Gods angels nor are they fallen angels. These so-called angels are not the beings described in the Xian Bible.

Some of the Gods do have wings and are more than beautiful, but **DONT CONFUSE THIS WITH AN ANGEL**. That is pure disrespect towards them.

If you're ready to do the Dedication Rituals, then do it. You don't need to be dedicated to meditate, although I recommend this.

The reason I like to see people dedicated before performing the meditations is because they are simply Satanic Meditations.

A gift from Father Satan, thus should only be enjoyed by his children who serve him. My biggest concern is people finding out that they don't need to be committed to do meditations.

So then they think they dont need Father Satan and the Gods.

Some who probably even get big headed and think that they can disrespect the Gods and control them in some fashion.

All this of course being completely fabricated.

So much real spiritual knowledge has been lost and corruted to the point that it's sickening.

It only takes but a brief research session to find out that christianity really is fasle.

They constantly dig through that book of lies they hold so dearly and look for answers and meanings.

They never find them and wonder why they never speak to this jewsus guy.

There is nothing ancient about something that never existed.

Even when science and evidence all point the finger in the other direction and concludes that there is no evidence that this mysteriuos jewsus has ever walked the earth.

No, but the picture paints a different story. One that potrays the serpent which is seen every where in ancient relics. The kikes pushed their sick agenda to gain control of the world and this is where they began to take real spiritual knowledge out of circulation.

Cordially,

PRAISE THE Mighty 4 Crowns of Duat!

Knowledge cant be rushed, it is power so you must accept and embrace it.

Jewish Senator Dianne Feinstein Moves To Fire Arm Bans.

[My note if you study you will find these laws never apply to the Jewish community themselves. Infact they even have small private, security armies guarding them in their gated community 24/7. This is just for the Goyium. So they can't resist a direct Jew World Order take over like in Russia.etc Infact look at all those Jews behind pushing for fire arm bans in American history it can fill a book. Don't be fooled by the sentimental speech its aim is just to make you slaves easier. Remember the Founders wanted fire arm ownership and citizen armies for a reason.]

<http://marketdailynews.com/2012/11/07/senator-dianne-feinstein-moves-to-ban-all-assault-rifles-high-capacity-magazines-and-pistol-grips/>

The agenda no longer needs to be hidden from public view. With President Obama winning another term and democrats taking control of the Senate, the move to fundamentally change America from within has begun with a vengeance.

We're all aware of the restrictive gun laws in the State of California which require low capacity magazines for handguns, fixed magazines for assault rifles, and a whole lot of running around just to be granted the right to carry a concealed firearm.

Now, Senator Dianne Feinstein (D-CA), who has championed gun control in her state for decades and co-wrote the original assault weapons ban enacted by the federal government in the 1990s, wishes to bring even more stringent federal mandates to the land of the free.

What is being proposed by Feinstein is the most significant attack on the second amendment in history.

It would essentially ban thousands of firearms and require gun owners to turn them over to the Federal government.

I don't have the minutes of the meeting (yet), but sources tell me California Senator and longtime gun-hater Dianne Feinstein's legal staff held meetings on Friday with FTB/ATF legal staff to discuss a new "Assault Weapons Ban" Madame Feinstein would be looking to push through Congress if President Obama wins reelection.

This same "pretty good intelligence" says the items that would lead to a ban would ban pistol grips and "high-capacity" magazines, eliminate any grandfathering and ban sales of "weapons in possession".

I don't know about you, but if these things come to pass and I'm "in possession" I'm certainly not selling.

In fact, the lack of interest in the idea surprised the California liberal's legal staffers. Apparently, they believe no logical person could possibly disagree with them.

I began receiving the first reports of increases in gun buying by people concerned about tomorrow's election. Dealers in Oklahoma, Arkansas, Texas, Kentucky, Tennessee, Alabama and Indiana all tell me there hasn't been a huge number of buyers expressing those concerns, but the numbers were noticeable.

Among that group -and the majority of "regular" purchasers- the core driving most of the purchasing seem to be in their mid-to-late 30s. Again, home and personal defense are the most frequently cited reasons for buying.

At a Congressional budget meeting in September of this year, Feinstein alluded to her desire to reintroduce federal assault weapons ban regulations similar to those she helped cosponsor and pass in 1994 during the Presidency of Bill Clinton:

“Ladies and gentlemen, it is time to say, once again, in legislation, weapons of war do not belong on our streets.”

September 5, 2012

It is no wonder that shares of stocks like Smith & Wesson (NASDAQ:SWHC) and Ruger (NYSE:RGR) surged this morning in response to President Obama winning a second term? While the majority of stocks across the world are in the midst of a sell-off and economic conditions indicate the country is in a recession, America's gun owners aren't waiting to see what happens next.

Senator Feinstein is serious, and despite this most recent report appearing only as a rumor, her comments earlier this year and her actions two decades ago, should leave no question as to where this is headed.

They are coming for our guns; plain and simple.

Re: Jewish Senator Dianne Feinstein Moves To Fire Arm Bans.

Before I say anything here, just compare how all of this smacks of christianity. The bible, the system...

Any of you who ask what you can do for Satan, make sure the masses of people we have in the JoS e-groups...with all of the JoS e-groups combined, we have an audience of between 25 and 30 thousand people. I know some of you are members of more than one group. The point is...GET THE MESSAGE OUT! Wake people up to what christianity really is. Too many are still confused and indoctrinated. Just

look around yourself and compare how both the jewish run system and their fucking holy bible have the very same agenda and themes. That is NOT a religion! IT IS A PROGRAM AND AWLAYS WAS A PROGRAM AND THE JEWS TRY TO PRETEND TO BE AGAINST IT, OR PERSECUTED BY IT TO DECEIVE EVERYONE. THEY EVEN TRY TO GET OUR PEOPLE BELIEVING THEY HAVE BEEN WORKING AGAINST IT, TRYING TO DESTROY IT, WHICH IS NOT THE CASE. THIS IS ONLY TO FOOL YOU. THE ONLY TIMES THEY WORK TO DESTROY IT IS TO REPLACE IT WITH THEIR JEW COMMUNISM, OF WHICH THE PATH OF CHRISTIANITY LEADS TO. CHRISTIANITY IS

IN TOTAL HARMONY WITH COMMUNISM, BOTH JEWISH INVENTED PROGRAMS OF TORTURE, GENOCIDE, AND MASS MURDER.

You know...

One enlists in the military. One is trained to KILL. What makes the green grass grow???? BLOOD AND GUTS DRILL SARGEANT!!!...I CAN'T HEAR YOU!!!...BLOOD AND GUTS DRILL SARGEANT!!!

That line was drummed into our heads repeatedly during military training.

Soldiers and others in military training are trained to follow orders and KILL. Trained to stay alive to KILL. Trained to survive in all kinds of situations and places to KILL. Trained to use a variety of weapons to KILL. Trained to get into the best physical shape possible to KILL. KILL not only what THEY TELL YOU is the enemy, but also innocent men, women and children, ONLY BECAUSE THEY TELL YOU TO DO SO???? BUT...IF SOMEONE BREAKS INTO YOUR HOME AND WANTS TO KILL YOU AND YOUR FAMILY, THEN IT IS A CRIME TO RETALIATE? ONLY IF THE JEW SYSTEM TELLS YOU TO KILL, THEN YOU ARE SUPPOSED TO KILL WITHOUT HESITATION. WHEN THE JEW SYSTEM TELLS YOU TO WORSHIP THEIR GOD, YOU ARE SUPPOSED TO DO SO WITHOUT QUESTION.

Now, how about Colonel Paul Tibbits with his 'Enola Gay' who dropped the jewish invented and constructed death bomb on Hiroshima and Nagasaki, instantly MURDERING hundreds of thousands of civilians? Oh, of course since this was designed by jews and done for jews, then this is supposed to not only be ok, but an honor. INNOCENT CIVILIANS vaporized into walls. The ones who didn't...the skin on stomachs of pregnant women opened up and their babies fell out, skin peeled off the bones of many of the survivors, hair fell out in tuftswith their scalps peeling off before they died, others were charred and blackened with third degree burns and worse. Then...the black rain. It wasn't enough to flatten Hiroshima, they had to do another one on Nagasaki. Some of this was in retaliation for the Japanese Emperor kicking out the catholic jesuits who advocated murdering all of the Japanese Buddhists nearly a century before. The Japanese as a nation never accepted the

jewish program of christianity.

No time was given for surrender and the Japanese were ready to surrender anyway, before the TESTING of the Hiroshima bomb. They had to finish their TEST with another bomb on Nagasaki.

'We possess several hundred atomic warheads and rockets and can launch them at targets in all directions, perhaps even at Rome. Most European capitals are targets for our air force. Let me quote General Moshe Dayan: 'Israel must be like a mad dog, too dangerous to bother.' I consider it all hopeless at this point. We shall have to try to prevent things from coming to that, if at all possible. Our armed forces, however, are not the thirtieth strongest in the world, but rather the second or third. We have the capability to take the world down with us. And I can assure you that that will happen before Israel goes under.'

- Martin van Creveld, Israeli professor of military history at the Hebrew University in Jerusalem. in an interview in the Dutch weekly magazine: Elsevier, 2002, no. 17, p. 52-53.

'We may never actually have to use this atomic weapon in military operations as the mere threat of its use will persuade any opponent to surrender to us.'

---Chaim Weizmann [jew]

THE JEWISH GIFT TO HUMANITY: NUCLEAR BOMB:

The following excerpt is from Ben Klassen:

'One of the central figures in not only laying the theoretical ground work but also persuading President Roosevelt to launch the whole atomic bomb program was Albert Einstein, a foreign-born Jew with 16 communist front affiliations.

The first commissioner of the Atomic Energy Commission was David E. Lilienthal, a Jew, who belonged to at least two communist fronts. He remained in that position for a considerable length of time. Three of the five commissioners on the board were Jews.

The chief of the Los Alamos installation from 1943 to 1945 was Robert Oppenheimer, a Jew. His brother Frank, a card carrying communist, was a key atomic scientist working at the Los Alamos installation.

Other Jews – besides Einstein and Szilard – included J. Robert Oppenheimer, David Bohm, Rudolf Peierls, Felix Bloch, Eugene Wigner, Niels Bohr, James Chadwick, James Franck, Otto Frisch and Edward Teller. Enrico Fermi was married to a Jew.

It was at this time that most of the Atomic secrets were stolen and passed on to the Soviets.

When it comes to listing the spies and traitors involved, it almost reads like a Jewish Who's Who.

The most notorious were Julius and Ethel Rosenberg, who were tried and executed for treason, the only traitors in modern U.S. history to have suffered this fate. Further involved in this spy network were Harry Gold, Abraham Brothman, David Greenglass, (Ethel Rosenberg's brother), Israel Weinbaum, Miriam Moscovitz, Sidney Weinbaum, Morton Sobell. All these were Jews, and all were convicted of treason.

It is also significant in the further development of the hydrogen bomb, again Jews were in the forefront, such as Robert Oppenheimer, Steve Nelson (real name Joseph W. Weinberg) and Edward Teller.'

Because of their well known opposition to Communism, the Japanese people were selected by Jewish strategists as the guinea pigs for the testing of

the new Jewish Hellbomb, a weapon so horrible that when Hitler learned his scientists had begun work on it, he furiously ordered them to halt its development. He refused to allow his name or the name of the German people to be associated with such an inhumane operation. This allowed the Jews to develop their atomic hellbomb in Los Alamos for Roosevelt and Stalin, with no competition from anywhere in the world.

"Hitler will have no war, but he will be forced into it, not this year but later...' (The Jewish Emil Ludwig, Les Annales, June, 1934)

The bombing of Dresden was just as horrific as the bombings of Hiroshima and Nagasaki. Dresden was an unarmed city. It was one of the major centers of culture in Germany. NOW...HERE IS A BLATANT EXAMPLE OF HOW THE JEWS USE THEIR BIBLE [WHICH IS REALLY IN TRUTH, A BOOK OF JEWISH WITCHCRAFT...JUST LOOK TO THE NUMBERS, THE VERSES AND SUCH, ESPECIALLY IN HEBREW], DRESDEN WAS BOMBED AND REDUCED TO ASHES ON THE CHRISTIAN DAY OF 'ASH WEDNESDAY.' IT IS OBVIOUS THE CONNECTION HERE.

Dresden Germany was bombed with incendiary bombs [fire bombs] to where all of the oxygen was sucked out of the city. Dresden was reduced to ashes. The suffering of innocents was beyond the imagination. Given this occurred in March of 1945, this was done to further break the German morale.

On September 9, 1944 Eisenhower had discussed with Spaatz the idea of delivering a colossal air raid on Berlin. Ike's Psychological Warfare staff had recommended that they camouflage it as a strike against the Nazi administration, in order to deflect charges of delivering a terror-raid.

Page 96 - Apocalypse 1945:

The Destruction of Dresden by David Irving

'Jews Declared War on Germany. Even before the war started the Jewish leaders on a world-wide basis had years before declared that world Jewry was at war with Germany, and that they would utilize their immense financial, moral and political powers to destroy Hitler and Nazi Germany. (We have shown this in the previous chapter.) Principal among these was Chaim Weizmann, the Zionist leader, who so declared on September 5, 1939. He was enthusiastically supported by world-wide Jewry in this declaration.'

Quotes below from George Lincoln Rockwell:

'I learned that Hitler not only did NOT want to conquer the world, or any other nation, but only to get back the parts of Germany hacked off by the Versailles treaty.'

'He openly said he wanted back the parts of Germany given to Poland, Czechoslovakia, etc. The only places he ever "attacked" were once parts of GERMANY, such as Prussia and Austria, stolen by Versailles, just as if we lost Florida and Texas, you would certainly "attack" these states until they were again American.'

Perhaps even more shocking, I discovered, long after the war, just how arrogant the Jews had been in claiming that Hitler "started" World War II - when even before we got into it, they published a book called "Germany Must Perish", which actually preached the EXTERMINATION of the German people (long before any possible gas chambers were even to be alleged). And more startling still the Jews laid out the division of Germany on a map in 1940, and the line the Jews drew on their map way back in 1940 is pretty much the same line which now divides Germany!

[The above was written before the reunification of Germany]

Quotes below from (Eustace Mullins,

Foreword, War! War! War!)

'Like most historic Jewish military operations, the great massacres of World War II occurred, not on the battlefield, but in peaceful neighborhood communities. This was in accordance with the dictate of the Book of Esther, which directs the Jews to massacre women and children, and to exterminate the families of those who dare to oppose them.

Thus it was in Dresden, a historic German cultural center, where many thousands of German women and children, refugees from Communism had gathered. They were assured by the Red Cross that they would be safe, even while the Jewish generals were preparing to murder the men. The blood-maddened Jews desired not only to murder as many German civilians as possible but also to erase from history all evidence of Western

civilization, the greatest examples of White culture which had been gathered in Dresden, the irreplaceable porcelain, the priceless paintings, the baroque furniture, and the rococo mansions with

their poetry carved in stone. All was laid waste in a mass bombing attack in which some 300,000 German civilians died in a city which was not even a military target!

Like Dresden, Hiroshima was also an ancient cultural center, with no visible military objective. Its non-combatant families also died horribly by the hundreds of thousands. Many were pulverized instantly by the first atomic bomb ever used in a military operation, but thousands of other victims lived on for years, mangled and burned, their limbs and organs slowly rotting away from radiation poisoning. Even while the Japanese officials were desperately suing for peace, the Jews hastily ordered the

dropping of a second atomic bomb, this one on Nagasaki, bringing off a second 'test' of their Hellbomb against helpless non-combatants, as prescribed by the Book of Esther. Again, hundreds of thousands of civilians died horribly.

At last, the Jews had achieved the weapon which they planned to use to terrorize the entire world into subjecting itself to their insane frenzies and their frequently voiced goal of world domination of the 'animals,' or non-Jews. As Chaim Weizmann boasted, 'We will never actually have to use this atomic weapon in military operations as the mere threat of its use will persuade any opponent to surrender to us.' (Eustace Mullins,

Foreword, War! War! War!)

While this thread below reveals how Gentiles are being systematically stripped of any weapons for self-defense, Israel is threatening Nuclear war against Iran. There is much more to this, than most people now know.

With the enforcing of christianity through mass murder, genocide and torture, we gentiles have been systematically stripped of any spiritual means for self defense and forced fed a diet of suicide.

Israel Digs Its Grave

Israel Digs Its Grave

My note:

Things are changing now that the Jew puppet of Egypt Mubarak was disposed by his own circle. And with tens of thousands Egyptians protesting in the streets with his image within a Israeli flag. Screaming that he was nothing but a Jew puppet [he was to the tune of tens of billions of bribe dollars]. So the Jews have lost a lot of power over Egypt. And with the fighting in Syria and Lebanon. The whole region is going up. The attempts to destroy Hezbollah again. Have also failed. Hezbollah has also defeated Israeli twice. And Hezbollah is allied to Iran as is Hamas. They could be pulled into this conflict as well. And Russia given what happened in the Caucus that forced them to fight a victorious war. Against Israel proxies. Is no friend of them either. Egypt might also have bigger involvement as they have fought Israel before.

Even that golbinoid kike, Henry Kissinger was forced to admit: "Israel has ten years left at the most."

Israel is existing on borrowed time.

<http://news.yahoo.com/top-hamas-commander-killed-israeli-airstrike-143218204.html>

GAZA (Reuters) - Israel launched a major offensive against Palestinian militants in Gaza on Wednesday, killing the military commander of Hamas in an air strike and threatening an invasion of the enclave that the Islamist group vowed would "open the gates of hell".

The onslaught shattered hopes that a truce mediated on Tuesday by Egypt could pull the two sides back from the brink of war after five days of escalating Palestinian rocket attacks and Israeli strikes at militant targets.

Operation "Pillar of Defence" began with a surgical strike on a car carrying the commander of the military wing of Hamas, the Iranian-armed Islamist movement which controls Gaza and dominates a score of smaller armed groups.

Within minutes of the death of Ahmed Al-Jaabari, big explosions shook Gaza as the Israeli air force struck at selected targets just before sundown, blasting plumes of smoke and debris high above the crowded city.

Panicking civilians ran for cover and the death toll mounted quickly. Ten people including three children were killed, the health ministry said, and about 40 were wounded. Also among the dead were an 11-month-old baby and a woman pregnant with twins.

Army tanks shelled border areas of Gaza in south and the Israeli navy shelled a Hamas security position from the sea.

Hamas stuck back, firing at least four Grad rockets at the southern city of Beersheba in what it called its initial response. Israel reported damage but no casualties. Its 'Iron Dome' interceptor defence knocked out a dozen rockets in flight.

The escalation in Gaza came in a week when Israel fired at Syrian artillery positions it said had fired into the Israeli-annexed Golan Heights amid a civil war in Syria that has brought renewed instability to neighboring Lebanon.

Egypt, whose new Islamist government pledged to honor the 1979 peace treaty with Israel, condemned the raids as a threat to regional security, recalled its ambassador from Israel and called for an emergency session of the U.N. Security Council.

Egyptian President Mohamed Mursi's predecessor Hosni Mubarak twice withdrew his ambassador, with no lasting effect. But Israel will be watching for signs of a more aggressive approach by the Islamist leader that could imperil their ties.

Mursi has said of the Palestinians that "our blood is their blood" and Egypt may not "accept what was accepted before".

Russia called for an end to the raids. Arab League foreign ministers planned to meet on Saturday to discuss the crisis.

DOZENS OF TARGETS

A second Gaza war has loomed on the horizon for months as waves of Palestinian rocket attacks and Israeli strikes grew increasingly more intense and frequent.

Israel's Operation Cast Lead in 2008-2009 began with a week of air attacks and shelling, followed by a land invasion of the blockaded coastal strip, sealed off at sea by the Israeli navy. Some 1,400 Palestinians were killed and 13 Israelis died.

The Israel Defence Forces said it had targeted dozens of Hamas's medium range (up to 40km) underground rocket launch and infrastructure sites in Wednesday's strikes.

"This has significantly damaged the rocket launch capabilities as munitions warehouses owned by Hamas and other terror organizations were targeted. In addition, Israeli Navy soldiers targeted several Hamas terror sites stationed along the shoreline of the Gaza Strip," it said in a statement.

The Hamas internal security headquarters in southern Gaza was destroyed. There were no injuries because it had been evacuated. After dark, Gaza looked like a ghost city, with no traffic and no people in the streets, no shops open, no electric lights on.

KILLED IN HIS CAR

Hamas said Jaabari, who ran the organization's armed wing, Izz el-Deen Al-Qassam, died along with a Hamas photographer when their car was blown apart by an Israeli missile.

The charred wreckage of a car could be seen belching flames, as emergency crews picked up what appeared to be body parts.

Israel confirmed it had carried out the attack and announced there was more to come. Reuters witnesses saw Hamas security compounds and police stations blasted apart.

"Today we relayed a clear message to the Hamas organization and other terrorist organizations," Prime Minister Benjamin Netanyahu said. "And if there is a need, the IDF (Israel Defence Forces) is prepared to broaden the operation. We will continue to do everything in order to protect our citizens."

Immediate calls for revenge were broadcast over Hamas radio.

"The occupation has opened the gates of hell," Hamas's armed wing said. Smaller groups also vowed to strike back.

"Israel has declared war on Gaza and they will bear the responsibility for the consequences," Islamic Jihad said.

Southern Israeli communities within rocket range of Gaza were on full alert, and schools were ordered closed for Thursday. About one million Israelis live in range of Gaza's relatively primitive but lethal rockets, supplemented in recent months by longer-range, more accurate systems.

"The days we face in the south will, in my estimation, prove protracted," Brigadier-General Yoav Mordechai, Israel's chief military spokesman, told Channel 2 TV.

The Israeli cabinet gave preliminary authorization for the mobilization of military reserves if required, Netanyahu's office said.

Asked if Israel might send in ground forces, Mordechai said: "There are preparations, and if we are required to, the option of an entry by ground is available."

OBAMA BRIEFED

Israeli President Shimon Peres briefed U.S. President Barack Obama on the operation, Peres's office said. He told Obama that Jaabari was a "mass-murderer" and his killing was Israel's response to Palestinian rocket attacks from Gaza.

"Israel is not interested in stoking the flames, but for the past five days there has been constant missile fire at Israel and mothers and children cannot sleep quietly at night," said Peres, who visited the border town of Sderot earlier.

In the flare-up that was prelude to Wednesday's offensive, more than 115 missiles were fired into southern Israel from Gaza and Israeli planes launched numerous strikes.

Seven Palestinians, three of them gunmen, were killed. Eight Israeli civilians were hurt by rocket fire and four soldiers wounded by an anti-tank missile.

The leader of Hamas in the Gaza Strip, Ismail Haniyeh, called on Arab states, especially Egypt, to halt the assault. The six-nation Gulf Cooperation Council said the U.N. Security Council should put pressure on Israel to stop its attacks.

Israel holds a general election on January 22 and Netanyahu has pledged to retaliate harshly against Hamas. But Israel is also wary of the reaction from Mursi's Egypt, whose ruling Muslim Brotherhood is the spiritual mentor of Hamas.

Hamas has been emboldened by its rise to power, viewing Mursi as a "safety net" who will not permit a second Israeli thrashing of Gaza, home to 1.7 million Palestinians.

Hamas is also supported by Iran, which Israel regards as a rising threat to its own existence due to its nuclear program.

Helped by the contraband trade through tunnels from Egypt, Gaza militias have smuggled in longer-range rockets.

But their estimated 35,000 Palestinian fighters are still no match for Israel's F-16 fighter-bombers, Apache helicopter gun ships, Merkava tanks and other modern weapons systems in the hands of a conscript force of 175,000, with 450,000 in reserve.

Nearly 50 Million Living in Poverty in US

My note the Jewing of American keeps on rolling. These Jews have been kicked out of 84 nations 109 times.

The Jewish bankers hold on America:

The Jew Talmud states:

. "All property of other nations belongs to the Jewish nation, which, consequently, is entitled to seize upon it without any scruples. An orthodox Jew is not bound to observe principles of morality towards people of other tribes. He may act contrary to morality, if profitable to himself or to Jews in general." - Schulchan Aruch. Choszen Hamispat 348.

<http://www.globalresearch.ca/nearly-50-million-living-in-poverty-in-us/5312028>

The number of people living in poverty in the United States rose last year to 49.7 million, based on a new measure that provides a fuller picture of poverty than that previously reported by U.S. Census Bureau data. The revised poverty rate of 16.1 percent is up more than a percentage point from the 15 percent figure reported by the government in September.

Coming a little more than a week after the 2012 elections, the news that nearly one in six Americans is living in poverty received little attention in the media or from the Obama administration. Neither big-business party has any policies to alleviate growing poverty, which is exacerbated by entrenched unemployment and a sluggish economy.

The Supplemental Poverty Measure (SPM), devised a year ago, factors in expenses for food, clothing, shelter, utilities, health care and other essentials beyond what the previous official formula took into account. It includes in its income measure such government-provided benefits as Social Security, unemployment benefits and nutrition assistance.

The SPM figures released by the Census Bureau on Thursday show that while some households may have incomes above the poverty line, factors such as medical expenses are pushing increasing numbers into poverty. The new figures also indicate that the tepid job growth in the more than four years since the financial crisis has come mostly in the form of low-wage jobs that in many cases are not able to lift families out of poverty.

More than 15 percent of working-age adults, aged 18-64, lived in poverty in 2011. Among those with some form of employment, 9.4 percent fell below the poverty line. Those working less than full-time, year-round, saw an 18.5 percent poverty rate. A third of those working less than one week in the course of the year—16.2 million, or 33.5 percent—lived in poverty last year.

Based on the SPM, the poverty rates were dramatically higher for several segments of the population. The share of people 65 years and older living in poverty was 15.1 percent, nearly double the 8.7 percent figure according to the official measure. The single biggest economic burden on seniors is medical expenses that must be paid out of pocket.

The poverty rate among Hispanics stood at 28 percent in 2001 using the SPM, significantly higher than the 25.4 percent rate using the older measure. This difference is attributed to limited access by immigrants to government programs, as well as the concentration of Hispanics in regions of the country that have seen big cutbacks to government programs.

According to the new measurement, more than a quarter of all African-American households were living in poverty in 2011. Poverty in households headed by a single female stood at 30 percent. Among households renting their homes, 29.3 percent were poor.

Also hard-hit are people living in urban areas where living expenses are higher and assistance from government programs has not kept pace with growing need. Under the newly devised standard, California saw the highest poverty rate of any state. A staggering 8.8 million people—23.5 percent—of Californians are living in poverty, a figure largely driven by the state's high cost of living and sharp budget cuts to social programs.

Following closely behind California is the nation's capital, Washington, D.C., where 23.2 percent lived in poverty last year according to the SPM. The next most impoverished state was Florida, at 19.5 percent.

Use of the new census measurement also showed a significant shift in poverty among the various regions of the country. In the West, 20 percent of households were living in poverty in 2011, compared to 16 percent in the South, the region of the country historically more impoverished. This is undoubtedly largely influenced by factors such as the assault on social programs in California and the collapse of the housing market in Nevada.

The new Census measurement also reveals that Social Security is by far the most important program contributing to a reduction in poverty. According to the SPM, when calculating the effects of benefits

and expenses on overall poverty rates in the American population, poverty was reduced by more than 8 percent due to Social Security benefits, while medical expenses increased poverty by about 3.5 percent.

The SNAP food stamp program and unemployment insurance benefits also provide significant protection against poverty. But it is precisely these programs—along with Medicare and Medicaid—that are being targeted for cuts as part of the bipartisan assault on social programs being prepared in the wake of the 2012 elections under the cynical pretext of averting a looming "fiscal cliff."

Coming just more than a week after the presidential election, the new poverty figures put the lie to claims by the Obama administration that significant gains have been made on the way to recovery. Also on Thursday, the Labor Department released initial claims for state unemployment benefits, which rose 78,000 last week to a seasonally adjusted 439,000.

This was the biggest one-week jump since the spike in claims caused by Hurricane Katrina in September 2005. The number has been significantly impacted by last month's Hurricane Sandy, which left millions of homes and businesses without power, paralyzed transportation and caused widespread damage in the Northeast US.

But the rise points to a more general trend of slow job growth. Economists polled by Reuters before Thursday's jobless claims were released said they expected the pace of job growth to slow to an average 144,000 jobs per month in the fourth quarter, down from 174,000 in the third quarter.

Long-term unemployment remains entrenched. According to the new Census report, about 16.4 million Americans of working age worked less than one week in all of 2011. Of these, fully a third are living in poverty, according to the new SPM measurement. Federally funded extended unemployment benefits are set to expire in January, threatening to deprive more than 2 million jobless workers of cash assistance and plunging more American households into poverty.

Fixing the Energy + Meditation

Last September, I wrote a sermon:

<http://groups.yahoo.com/group/JoSNewsletter/message/346>

Here are the illustrations for it:

<http://satans666squares.webs.com/pathsidapingla2head.GIF>

http://satans666squares.webs.com/Ida_Pingala_Heart.gif

Here is something else...be warned, this is very powerful. Just try this and you will see for yourself how the standard traditional chants for the chakras 'lam' 'vam' and of course, that 'ohm' have all been corrupted. Lilith gave this to me. I do 7 vibrations for each of the seven chakras:

Base Chakra: Laum, vibrated as LLAHHH – UUU – MMM*

Sacral Chakra: Vaum, vibrated as VAHHH – UUU – MMM

Solar Plexus '666' Chakra: Raum, vibrated as RAHHH – UUU – MMM**

Heart Chakra: Yaum, vibrated as YYAHHH – UUU – MMM

Throat Chakra: Haum, vibrated as HAHHH – UUU – MMM

Sixth Chakra: Aum, vibrated as AHHH – UUU – MMM

Seventh Chakra: Maum, vibrated as MMAHHH – UUU – MMM

Sermon 11/22/12

There are a few things I need to go over; as there are times I can't answer individual posts in the groups because of a lack of time. I have seen posts concerning feeling tired, drained, headache, etc., after doing a ritual. What this means is you used too much of your own energy. The solution is to charge yourself up with energy from an external source before the ritual, such as going outside and breathing in energy from the ground, a tree or other source of your choice. Any excess energy after the ritual that is making you uncomfortable, just offer it to the Powers of Hell. They can send a Demon who will take it from you, but not drain you.

As I mentioned before, the JoS has a lot of articles badly in need of revision, as much is obsolete and outdated. Satan himself has been staying onto me to get this done in a consistent manner. This is why I no longer have any books for sale as there is info in them that is outdated and needs to be revised and edited.

As for trance. Trance will come of its own in most cases. Just begin the meditation and with concentration and focus, you will enter into a trance all by itself. No need to sit and try to get into a trance. Just let it happen and don't worry about it.

Now, the most important aspect of any working is vibration. This is symbolized by the suit of swords in the Tarot. Sound is as powerful as a sword and pierces. This is where the JoS is badly in need of revision, as nearly all of the workings, in order to really have any serious power need sound. Take cleaning your aura - vibrating a word in Sanskrit, the most powerful language [which is a spiritual language], using a Satanic rosary, works wonders in contrast to trying to keep visualizing your aura getting brighter when it is covered with bad energy, like say from a church where many of our teens are forced to go. 108 times with vibrating the Sun mantra *Om suryae* or *Om raum* focusing both on your solar [666] chakra, and visualizing yourself engulfed in white-gold energy will do the job hundreds of times better than just sitting there trying to visualize the energy away. Always use sound and if you are in a situation where others might hear you [especially for teens], if asked, just say you were doing a Buddhist chant or if this is really severe as many of our teens live in strict xian homes, say you were tuning your voice for singing. Lilith also told me that after using vibration in black magick, it is essential to counter the vibration with a

word of power that will neutralize any residual bad energy on your aura. In other words, clean your aura real well with positive vibration. This is especially important when using words of power in your workings.

Now, ceremony, especially for those who are new, along with formal rituals can be inspiring and pleasant. Ceremony and formal rituals are also excellent for large groups of people, a good example being Satanist Heinrich Himmler who designed rituals in which thousands of people participated in, that generated massive amounts of Satanic energy. Germany has always been a hotbed of Satanism, going back centuries to the orgies in the Hartz Mountains during the Grand Sabbats. These rituals resurrected massive amounts of Satanic energies. Ceremonies though, for the individual, along with everything else, the props and ritual tools are symbolic of allegories. Formal ritual is excellent for putting one in the mood, but unnecessary. The four suits of the Tarot [which is sacred to Satan]; reveal the true meanings of the ritual tools. The suit of swords, as I mentioned in the above, symbolizes sound; the athame. The suit of cups represents the chakras; drinking from the chalice. The suit of wands/rods symbolizes the serpentine energy of the spine; the blasting rod. The pentacles represent the physical flesh and the manifestation of the working in reality and the material world. The trump suit; the major arcana, symbolizes the ether/quintessence. So to put this plainly, you need the power of your chakras, your serpentine energy, sound/vibration, your physical self, and the quintessence/ether to accomplish your ritual goals, whatever they might be. The ether/quintessence makes the connection and carries the energies raised in ritual to their target and so forth. Someone uploaded a partial copy of the [◆Hexagradior◆](#) to some of the groups here in the [◆files◆](#) section. This little pdf explains the powers of the quintessence/ether which connects everything in the universe. The exercises therein are also excellent in sensitizing one to feeling spiritual energies.

Now, as for using runes, I will be adding a section for the Runic Kabbalah instructing when certain runes are more powerful at certain times◆what are known as runic half days, hours and such. I encourage you in the meantime to look on the internet for any information on this, as there should be some sites out there, but check more than one and always make sure the information agrees, otherwise, there are errors. I will get this up as soon as I can.

In closing [sorry this is so long], always remember, magick is individual. If any certain technique has worked for you well in the past, then keep using it. Some people have a special affinity for runic magick, while others may find it better to use Sanskrit. Always use whatever works best for you as an individual.

The Satanic Rosary is indispensable. Every Satanist should have one. My point here is it doesn◆t have to be anything fancy. Just a set of 108 beads used for counting when vibrating words of power or mantras.

Even if you go down to the local store and get a simple bead kit and string 108 beads along the cord, this is better and preferable to not having one at all. For those living in xian homes, the rosary can be worn around your neck under your clothes like jewelry and no one will be any wiser. Always remember the Satanic adage: ♦ Silence is Golden. ♦ Satanist Benjamin Franklin stated ♦ three people can keep a secret ♦ as long as two of them are dead. ♦ Keep your big mouth shut and sleep peacefully at night. The big mouth tosses and turns and worries.

The King & Queen

One thing I need to tell everyone here...Satan gives knowledge as we go along and when we are ready for it. Satan places strong emphasis on being patient.

The statement concerning how many people are going to want to join on at the last minute, but it will be too late for them, that indicates spiritual levels we reach through meditation cannot be achieved overnight. This takes time. I do know the world will go through catastrophe and total transformation before we enter the Age of Satan. Those of us who are with Satan will be protected through all of this. We are seeing evidence of this now in regards to brothers and sisters who have been in the middle of nature's disaster zones and have survived unscathed, including their property.

As I mentioned before, Satan is strong on patience and gives knowledge as we go along. Much of what is on the JoS website is outdated, but I will keep everyone up to date in the groups here, as I keep working on the website, revising it. Satan does not give knowledge all at once.

Now, getting back to allegories, even the epic of the Trojan War is another allegory, at least on some level. The 'Trojan' also infects our PCs as it IMBEDS itself. This is with the jews. They infest, imbed and through this, they destroy. Because all spiritual knowledge could not be thoroughly corrupted with the coming of the enemy programs of Christianity and Islam, what was left, they had to corrupt the information.

Satan came to me this morning with a new meditation. This has to do with the magnum opus. As I stated before, in order to have the raw power to perform the magnum opus, one must have a fully risen serpent. This is a prerequisite to performing the operation for both spiritual and physical perfection and immortality.

Now, getting back to corruption. Unfortunately, the information out there regarding the placements and powers of the seven major chakras has been hideously corrupted. What I am about to give you here, you will be able to see this for yourselves. The legends of the Gods, along with many children's 'fairy tales' have hidden spiritual knowledge in them and are all allegories. This was in order to escape persecution, heinous torture and being murdered by the oh so 'loving' Christians.

We know from Ancient Egypt that 'Amon Ra' is 'King of the Gods.' 'Amon Ra' corresponds to the RAUM vibration, which directly empowers the solar [666] chakra. All of the Pagan [Satanic] religions preceding Christianity and its ilk placed great emphasis on the Sun. As most of you already know, the kabalistic square of the Sun is '666.'

Now, there is a male and a female aspect to the soul. The reason the enemy places so much emphasis on the 'heart' chakra, is because it is basically powerless and is neuter. It is a connector, and nothing more. Anton LaVey wrote in his book 'The Satanic Rituals' regarding 'The Seven Towers of Satan' 'At intervals along this strip were seven towers-the Towers of Satan (Ziarahs)-six of them trapezoidal in form, and one, the 'center on Mount Lalesh, shaped like a sharp, fluted point.'

The above is an allegory, the 'center' being the neuter 'heart' chakra, shaped differently from the others. In deep meditation, many of us can see this different chakra, which is shaped like a yoni [vagina].

Now, who is 'Inanna'? She is 'Queen of Heaven.' The word 'heaven' really means the 6th and 7th top chakras and their extensions such as the all-important pineal gland. Getting back to my sermon last September, about fixing the energy, the well-known valentine heart with the arrow shot through it is an allegory and symbol for fixing the serpentine energy. The heart is not in the chest as the enemy tries to get us to believe, but it is in the head and is formed by the ida, the pingala and the sushumna:

Last September, I wrote a sermon:

<http://groups.yahoo.com/group/JoSNewsletter/message/346>

Here are the illustrations for it:

<http://satans666squares.webs.com/pathsidapingla2head.GIF>

http://satans666squares.webs.com/Ida_Pingala_Heart.gif

Now, as we know Inanna aka Astaroth, Ishtar and her other names, rules the heart chakra. The heart chakra is in the head, not on the chest, as the enemy has corrupted this and with the Christian arts, where that filthy Nazarene always has his arms open with that heart chakra on the chest exposed, we can see another ugly aspect of that hoax here. In addition, from what I personally believe is that the seat of emotions is not in the chest what the uninitiated call the 'heart' chakra, but in the throat. How many times when you feel sad or like crying, it affects your throat chakra? You get a lump in your throat before you cry. So where is the real seat of emotions? Also, on this one, Satan told me concerning the throat chakra, yes, this is Mercury chakra that rules communications and its higher octave planet Uranus, is up near the pineal gland and rules telepathic communications, a higher octave of verbal communications.

The allegories preserved in children's fairy tales such as 'Sleeping Beauty' often have the prince kiss the sleeping princess and awaken her. The meaning behind this is the activation and empowerment of the solar 666 [king of the Gods], connects with the 6th chakra; the pineal gland and though this, activates this gland to secrete the elixir/ambrosia which makes immortality possible and reverses physical aging. The Tibetan mantra Aum Mani Padme Haum means 'The Jewel is in the Heart of the Lotus,' the 'jewel' being the pineal gland. The above is the correct mantra for this. The enemy as I have been writing in my sermons of late replaced the all-important 'AUM' with 'ohm', which has no real power. As most of us know the lotus/lily symbolizes the crown chakra and is ruled by Lilith; the base chakra ruled by Satan [chakra containing the serpent], and the unification of Satan and Lilith indicates the risen serpent; the male and female.

Now, for the meditation connecting the King [3rd solar 666 chakra] and Queen [the 6th chakra and pineal gland]; for the magnum opus to work, the King and Queen must be united. Lilith told me this meditation takes a bit of time in most cases to establish an energy connection.

Note: This meditation is not for new people.

The Satanic rosary is used with this. To do this meditation, one must vibrate 108 times for the King and another 108 times for the Queen. $108 + 108 =$ the very sacred number of 216.

To unite the King & Queen:

1. Vibrate 'RAUM' -- RAH—UU—MM into your solar chakra 108 times
2. Relax and keep still and feel the energy from this well up inside of you for a few minutes.
3. Vibrate 'AUM' -- AH—UU—MM into your pineal gland 108 times. [Be=froe doing this, try to locate your pineal gland by feel. It is to the lower right side of the 6th chakra or thereabouts. It feels like a hollow. Just do the best you can.
4. Relax and keep still and feel the energy for a few minutes.
5. Now vibrate 'Inanna' into your 6th chakra seven times. YEEE—NAH---NAH
6. Focus on the energy for 10-15 more minutes. If you activate your pineal gland, you will know it. It will blow you away with intense ecstasy.

Israel Delt Major Defeat By Hamas

Israel Delt Major Defeat By Hamas

My note this article reveals the fact Israel was defeated by Hamas and the reasons for it. The Jews are good at putting up a bs front to hide this fact. Note most of the Jews are too lazy and cowardly to even show up when called up to duty or show up for their service in the full time branch. This is not out of any higher moral reasons. The Jew is a moral and physical coward. Who likes to have the Goy do all the fighting and dieing for them. 300 lightly armed, Hezbollah troops sent their entire army running from lebanon in 2006.

Note the zero amount of Jewish combat troops in any major war. Even when millions of them lived in a certain nation at war. Most where either given free exemptions from service with the aid of bogus notes by fellow Jewish doctors. Or given safe postions in the military hundreds of miles behind the front lines. Of course after the war we are told every Jew was Rambo. This behaviour has been noted for centuries by authors.

This article also shows Israel is literally falling apart and the tide is turning against it.

Another interesting fact Israel was attacking the press in Gaza to attempt to stop any truth getting out and given them a freer hand in murdering the population.

Press TV: Gaza War – Israel's Military Ruse

Gaza war, Israel's military ruse to evade weakness

By Gordon Duff and Press TV

"What will be left is Israel, dependent on India, flanked between Pakistan and China, dependent on Britain, France and Germany, nations buried in debt crisis and instability and dependent on the United States, a nation increasingly aware that Israel's "knife" has been in her back for decades."

—

War is now and always has been the "mother of lies." The Gaza War of 2012, based on the timing, by American holiday standards, "The Thanksgiving War," is no exception.

The lies we deal with today involve political motivations that drive Israel and the "fog of war," military deception Israel is using to hide its weakness. Surprisingly, Turkish Prime Minister Erdogan fired the opening salvo, exposing the malodorous political underbelly of politics that is behind every military move Israel has ever made since its embryonic terrorist beginnings while under British rule.

Erdogan spoke out in Cairo at a Turkish-Egyptian Business Forum:

"Israel also attacked Gaza in 2008 prior to elections. Now elections are coming again and it is doing the same thing. I am calling on Netanyahu. We are not in 2008. We are in 2012 and conditions are different than 2008. Make your calculations correctly.

I am calling on Israel and Gaza to provide a cease-fire immediately, within 24 hours. Extending the situation will not bring anything to either side.

While Israel is attacking and sabotaging the peace, there will be no security or stability for any country in the region.

The party using disproportionate force is obvious; humanity will not forgive this if sovereign countries defend injustice under the guise of preserving Israel and its security.

This hypocrisy should end. These double standards should end.

I had a telephone conversation with U.S. President Barack Obama and Russian President Vladimir Putin on the issue. I asked them to convince Israel and to give an important assurance. Israel did not accord with the previous Cairo ceasefire agreement, and I told them that this could not be repeated again."

Missing from Erdogan's remarks were reminders of Netanyahu's disastrous "landslide" defeat in the American presidential elections. His surrogate did not just lose an election but destroyed his political

party in the process and has, in subsequent remarks, proven himself psychologically unqualified for any position of responsibility or trust. Romney and Netanyahu would have made a good team.

The myth of Israeli invincibility shattered...again

Israel is currently facing its biggest military challenge in decades. No, not from Hamas, but rather locating the 75,000 reservists recently called up for active service. With over 50% of Israeli's now refusing compulsory military service, Israel now depends on its reserves, poorly trained, undisciplined, but well armed, courtesy of the American taxpayer.

Israel still maintains two divisions that are, by American standards, combat ready, but no more than that. Years of sniping at civilians in Gaza from guard towers or dropping cluster bombs on unarmed Palestinians has not been able to erase the memory of the 2006 incursion into Lebanon and the lessons Israel may well be reminded of again. Fewer than 300 Hezbollah fighters using modern shoulder mounted weapons destroyed Israeli tanks and helicopters with ease.

Israel claims they faced an army of 25,000. What you will find is that all news of the Israeli humiliation in Lebanon and their retaliatory frenzy that resulted in bombing civilian neighborhoods in Beirut have been wiped from history, the Internet and, to some, "the sands of time."

Not all have forgotten.

Gaza and international law

Every day, weapons are being shipped into Gaza, through Egypt, weapons from every Islamic nation other than the "puppet Gulf States."

The Avalon Project at the Yale Law School describes blockades as legal only so long as they can be effective. The concept of the Gaza blockade is now in direct contravention of all relevant international conventions.

Since the blockade of Gaza requires the full and absolute cooperation of the Egyptian government, cooperation that has obviously ended, currently Israel's blockade is now classified as a "paper blockade" and has no legal standing.

The Camp David Accords of 1979 were never intended to allow the creation of an apartheid state or for Gaza to become an open-air prison.

The accords, intended to create a lasting framework for peace also clearly established a criteria for renewed conflict.

Today, that conflict could involve nations from Tunis to Jakarta.

Military reality

Exposing the hypocrisy of Israel's "Iron Dome" or "Iron Yamuka" air defense system requires elementary arithmetic skills, something obviously beyond the typical "international investigative journalist" of the "pop culture media."

One of the "stealth voices" of Israel's "fog of war" deception program within the United States is the Daily Beast, a Newsweek "on line" publication owned by Jane Harmon, an Israeli hoping to be nominated to replace Secretary Clinton.

Friends of Harmon and Netanyahu are orchestrating the attacks on Ambassador Susan Rice, the frontrunner for that position, making wild conspiratorial accusations in what has become a "witch hunt" reminiscent of America's HUAC (House Un-American Activities Committee) fiasco of the 1950s.

Harmon's publication, considered "liberal and progressive," stated the following today:

"In a conversation with The Daily Beast, Pedatzur admitted being "pleasantly surprised" by the performance of system (the "Iron Dome") over the past week. But he said the price of operating the system was prohibitively high. Each Iron Dome missile costs around \$50,000. Israel fires at least two every time it targets a rocket.

Most of the rockets the system is designed to intercept are manufactured in Gaza at a fraction of the price-sometimes for just a few hundred dollars.

The contrast reflects a broader disproportion in the conflict between Israelis and Palestinians. But other analysts say it's more relevant to compare the price of the missile with the cost of the damage it prevents."

The actual basis of the "Iron Dome system is the PAC-3 or "Patriot 3" missile system, an advanced system capable of tracking incoming ballistic missiles in addition to American AEGIS destroyers which were to be "posted" off the Israeli coast. The naval contingent, as some may note, is not only "not there," but not "on the way there" either.

Israel also builds a domestic system capable of limited interception of short-range missiles, 1980s technology "with lipstick."

The missiles the Rafael system were designed to intercept are the former Soviet "Vietnam Era" Grad missiles such as those used in Afghanistan against American airbases, not those Hamas is using which possess nearly half the range of the German V2 rockets used against London during World War II.

Hiding this fact from the public is what media assets, who publish unverified press releases from Israel as fact, have done to help prolong a conflict an informed Israeli population would reconsider.

Israel is intercepting some missiles fired by Hamas, but they are using their American supplied Patriot 3 batteries to do it.

Continual claims are made that Israel's "Iron Dome" system missiles are expensive at \$50,000 each. Their actual cost, for missiles that successfully intercept less than 25% of the time, is more like \$125,000.

Real "high probability" intercepts are done by the American missiles.

As Hamas has fired, at this writing, over 1200 missiles into Israel, many of them M-75 long range rockets capable of reaching beyond Tel Aviv and Jerusalem, missiles Israel openly admits it never planned for, it is also only logical to admit that claims of intercepts are equally inaccurate.

What does an American missile cost? Here is what Global Research says on that, comparing the PAC-3 to the PAC-2, a missile far more advanced than the Israeli "Tamir."

"The biggest difference between the PAC-2 and the PAC-3, and the thing that allows the PAC-3 to actually hit its target, is the fact that the PAC-3 has its own built-in radar transmitter and guidance computer.

The operational differences between the PAC-2 and PAC-3...PAC-3 missiles currently cost \$2 to \$3 million each. (See this Web site and this site for details.)"

When we looked for the details as promised, following the links provided, we received error messages. The reality behind the "Iron Dome" is best described as "smoke and mirrors."

The real cost of defending Israel from retribution for their bombing of the civilian population of Gaza is in the hundreds of millions of dollars.

Israel, using American money of course, is spending an average of five million dollars on everything that comes out of Gaza, from the "bottle rockets" that cost a few dollars to the long-range M 75 missiles that are able to strike any target in Israel.

The key, of course, is the lying.

The Iron Dome uses American missiles designed to intercept ICBMs, not small artillery rockets used in salvo.

It is not just an economy of scale; it is the nature of the mission. If a Patriot 3 launcher with four missiles is emptied, costing millions of dollars, on two Hamas "kitchen sink" rockets a third of an "iron dome" battery is out of service until resupplied and rearmed.

The "domestic" systems, touted to the press are simply there for "cover and deception."

The actual system itself has been overwhelmed from the first.

With 900 rockets fired initially and all subject to attempted intercept, Israel has spent its entire missile inventory 20 times over.

This means Israel is utterly incapable of responding to any sustained missile attack.

Thus, the issue isn't whether Israel is hitting 100% of rockets fired but that they fire on only one in ten rockets launched from Gaza.

How armed is Gaza?

America has given Israel an excellent air force with advanced fighters. Israeli pilots are well trained. They have to be.

They bomb their own people every day and have been doing so for years.

There is now reason to believe that a significant number of advanced MANPAD (shoulder fired) air defense missiles enter Gaza each hour.

The outpouring of support for groups defending the beleaguered population of Gaza may well have opened the armories of more than one newly freed Islamic state in defense of their brothers.

Advanced bombing systems in the F-16 combined with counter-measures can defeat such systems "most of the time" but obviously failed with an Israeli F-16 was shot down over Gaza this week.

Israel also had an armed drone downed, a major escalation that makes a ground attack on Gaza potentially more costly.

If two MANPAD's are in Gaza, are there a hundred or a thousand? Though shooting down an F 16 may be difficult but not impossible, downing Israeli helicopters is relatively simple and intelligence sources indicate that Kornet missiles, effective against most armoured vehicles, helicopters and troop concentrations are plentiful.

In order to counteract this level of resistance, it would be necessary to withdraw Israel's top divisions from the Golan Heights where they are currently engaged in daily exchanges with Syria.

This leaves "second and third tier" units which are more likely to suffer far higher casualties or, worse still, break and run as was seen in Lebanon in 2006.

Being a "junk yard dog" used to be easy when only Israel had "teeth."

Conclusion

Turkish Prime Minister Erdogan was correct in his assessment that this is no longer "2008." Israel's actions in Gaza are radicalizing Egypt, destabilizing Saudi Arabia and the Persian Gulf States and will quicken the end of Jordan's servile kleptocracy.

What will be left is Israel, dependent on India, flanked between Pakistan and China, dependent on Britain, France and Germany, nations buried in debt crisis and instability and dependent on the United States, a nation increasingly aware that Israel's "knife" has been in her back for decades

The Jews Behind Gun Control

1968: The Gun Control Act of 1968 comes from Rep. Emanuel Celler's House bill H.R. 17735. It expands legislation already attempted by the non-Jewish Sen. Thomas Dodd. America's biggest and most far-reaching gun law came from a Zionist.

September, 1996: The Lautenberg Domestic Confiscation provision becomes law. It is part of a larger omnibus appropriations bill. It was sponsored by Senator Frank Lautenberg. It bans people convicted of misdemeanor domestic violence from ever owning a gun. 1997: Senate bill S. 54, the Federal Gang Violence Act of 1997, proposes much harsher sentences for people violating minor gun laws, including mandatory prison sentences and forfeiture of property. It was introduced by Dianne Feinstein and Senator [Hatch], among others. It returns the idea of turning every violation of the Gun Control Act of 1968 into a RICO predicate offense.

Barbara Boxer

January, 1999: Senator Barbara Boxer AKA Barbara Levy introduces bill S.193, the American Handgun Standards Act of 1999. January, 1999: Senator Kohl introduces bill S.149, the Child Safety Lock Act of 1999. It would to require a child safety lock in connection with transfer of a handgun. February, 1999: Senator Frank Lautenberg introduces bill S.407, the Stop Gun Trafficking Act of 1999. February, 1999: Senator Lautenberg introduces S.443, the Gun Show Accountability Act of 1999.

March, 1999: Senator Lautenberg introduces bill S.560, the Gun Industry Accountability Act of 1999. March, 1999: Senator Feinstein introduces bill S.594, the Large Capacity Ammunition Magazine Import Ban Act of 1999. May, 2000: Senate bill S. 2515, Firearm Licensing and Record of Sale Act of 2000, is submitted by Senators Feinstein, Senator Barbara Boxer, Sen. Lautenberg and Sen. Schumer. It is a plan for a national firearms licensing system.

January, 2001: Senate bill S.25, Firearm Licensing and Record of Sale Act of 2001, is sponsored by Feinstein, Schumer, and Boxer. It is a nation-wide gun registration plan [apparently there were two versions of that Firearm Licensing and Record of Sale Act bill].

May, 2003: Senators Feinstein, Schumer, Boxer and others introduce legislation that would reauthorize the 1994 federal assault weapons ban, and, close a loophole in the law that allows large-capacity ammunition magazines to be imported into the U.S. The ban is scheduled to expire in September, 2004.

Frank Lautenberg

October, 2003: Senators Feinstein, Lautenberg, Levin [also Jewish] and Schumer co-sponsor bill S.1774, designed to stop the sunset [ending] of the Undetectable Firearms Act of 1988.

March, 2005: Senator Lautenberg introduces bill S.645, "to reinstate the Public Safety and Recreational Firearms Use Protection Act," in other words, to reinstate the 1994 assault-rifle ban [also known as the "Violent Crime Control and Law Enforcement Act of 1994"] which expired in late 2004.

March, 2005: Senator Feinstein introduces bill S.620, "to reinstate the Public Safety and Recreational Firearms Use Protection Act," in other words, to reinstate the 1994 assault-rifle ban [also known as the "Violent Crime Control and Law Enforcement Act of 1994"] which expired in late 2004.

Chuck Schumer

Apparently it's okay for Jews to possess guns, just not Goyim cattle. Oh yes, the greatest gun grabbers in US History are and have always been quite Jewish. "Gun control" in the United States is as Jewish as our liberal and self destructive immigration policies.

Howie Metzenbaum

1988: Senate bill S. 1523 is sponsored by Senator Howard Metzenbaum. It proposes legislation turning every violation of the Gun Control Act of 1968 into a RICO predicate offense, allowing a gun owner to be charged with federal racketeering offenses. 1988: Senator Metzenbaum co-sponsors a bill -- S. 2180 -- to ban, or limit/restrict, so-called "plastic guns."

Herb Kohl

1990: Senator Herbert Kohl introduces bill S.2070, the Gun-Free School Zones Act of 1990, which bans gun possession in a school zone. The law will later be struck down in court as unconstitutional. 1993: Senate bill S.653 is sponsored by Sen. Howard Metzenbaum. It bans specific semiautomatic rifles, but also gives the Secretary of the Treasury the power to add any semiautomatic firearm to the list at a later date.

February, 1994: The Brady Law, which requires waiting periods to buy handguns, becomes effective. Senator Metzenbaum wrote the Brady Bill. Metzenbaum sponsored the bill in the Senate. The sponsor of the bill in the House was Rep. Charles Schumer. 1994: Senator Metzenbaum introduces S.1878, the Gun Violence Prevention Act of 1994, aka "Brady II." Rep. Schumer sponsored "Brady II" sister legislation [H.R. 1321] in the U.S. House of Representatives.

Dianne Feinstein

September, 1994: The Violent Crime Control and Law Enforcement Act of 1994 goes into effect, including a provision that bans the manufacture and possession of semiautomatic rifles described as "assault weapons." [Note: true assault weapons are fully automatic, not semiautomatic]. That gun-ban provision was authored in the Senate by Senator Dianne Feinstein and authored in the House by Congressman Schumer.

Arlen Specter

1995: Senators Kohl, Specter, Feinstein, Lautenberg and others introduce the Gun-Free School Zones Act of 1995, an amended version of the 1990 school-zone law which was struck down in court as being unconstitutional

<http://marketdailynews.com/2012/11/07/senator-dianne-feinstein-moves-to-ban-all-assault-rifles-high-capacity-magazines-and-pistol-grips/>

The agenda no longer needs to be hidden from public view. With President Obama winning another term and democrats taking control of the Senate, the move to fundamentally change America from within has begun "C with a vengeance.

We're all aware of the restrictive gun laws in the State of California which require low capacity magazines for handguns, fixed magazines for "assault" rifles, and a whole lot of running around just to be granted the right to carry a concealed firearm.

Now, Senator Dianne Feinstein (D-CA), who has championed gun control in her state for decades and co-wrote the original assault weapons ban enacted by the federal government in the 1990s, wishes to bring even more stringent federal mandates to the land of the free.

What is being proposed by Feinstein is the most significant attack on the second amendment in history.

It would essentially ban thousands of firearms and require gun owners to turn them over to the Federal government.

I don't have the minutes of the meeting (yet), but sources tell me California Senator and longtime gun-hater Dianne Feinstein's legal staff held meetings on Friday with FTB/ATF legal staff to discuss a new Assault Weapons Ban. Madame Feinstein would be looking to push through Congress if President Obama wins reelection.

This same pretty good intelligence says the items that would lead to a ban would ban pistol grips and high-capacity magazines, eliminate any grandfathering and ban sales of weapons in possession.

I don't know about you, but if these things come to pass and I'm in possession, I'm certainly not selling.

In fact, the lack of interest in the idea surprised the California liberal's legal staffers. Apparently, they believe no logical person could possibly disagree with them.

I began receiving the first reports of increases in gun buying by people concerned about tomorrow's election. Dealers in Oklahoma, Arkansas, Texas, Kentucky, Tennessee, Alabama and Indiana all tell me there hasn't been a huge number of buyers expressing those concerns, but the numbers were noticeable.

Among that group -and the majority of regular purchasers- the core driving most of the purchasing seem to be in their mid-to-late 30s. Again, home and personal defense are the most frequently cited reasons for buying.

At a Congressional budget meeting in September of this year, Feinstein alluded to her desire to reintroduce federal assault weapons ban regulations similar to those she helped cosponsor and pass in 1994 during the Presidency of Bill Clinton:

“Ladies and gentlemen, it is time to say, once again, in legislation, weapons of war do not belong on our streets.”

September 5, 2012

Is it any wonder that shares of stocks like Smith & Wesson (NASDAQ:SWHC) and Ruger (NYSE:RGR) surged this morning in response to President Obama winning a second term? While the majority of stocks across the world are in the midst of a sell-off and economic conditions indicate the country is in a recession, America’s gun owners aren’t waiting to see what happens next.

Senator Feinstein is serious, and despite this most recent report appearing only as a rumor, her comments earlier this year and her actions two decades ago, should leave no question as to where this is headed.

They are coming for our guns; plain and simple.

Getting Prepared Part 2

The mass majority of these xians are lost. They are bent on believing what they know to be the truth. Thus the reason why we are destroying them through rituals. They are doing the same to us, everyday of thier pathetic lives. I mean it is possible and we do have rituals that help enlighten the world and help them wake up to this corruption called christianity.

In my opnion though, in order to do this we must cut the weed by it's roots. And I personally like to refer to xian and jews as weeds because thats exactly how they work. You know how like you get that on going weed problem in your garden. They just seem to keep popping up out of no where in and out of cracks. Thats how these people are popping up out of no where making the world a very ugly place. But back to the point, if we get rid of the kikes, I feel this will severely damage the xians.

I thank Satan and the Gods for keeping me on the right path. Even through corruption of true spiritual knowledge, I can say I never bought into the bullshit. You know people like michael w. ford, alister crowley, or the anders sandberg and his qlippothic bullshit. When just reading things of this nature and anything else that clearly intertwines satanism and xian madness is just horrific. Even before I came to the JOS my ability to seperate the two was incredible. I use to think it was just common sense, but to see so many people but into shit like that is just ridiculous.

I'd come across stuff like crowley and read some of the rituals and see circles with "yhvh" and the names of OUR true ALMIGHTY Gods written around it. It would just disgust me and I knew something was wrong with these methods and even more on how lost these authors were. Im not even going to get started with all the false teachings of micheal w. ford. There are a whole lot more supposed FAKE satanic authors that I did not mention as well. The list is long!

Some know what they are doing, while others may be doing it without knowing. Doesn't really matter because in general they are all like leeches by nature. While all kikes are taught their filth, highly doubt all adhere to their own principles and teachings.

Either way it is best to stay on guard where ever you go and you should be able to sense their mooching ass.

Also summoning the Gods takes a great deal of practice and you will need to have advanced in power meditations to some degree. . You need to work on empowering yourself through Power Meditations. Get yourself opened to astral and also get going on that dedication ritual. Summoning the Gods for

outsiders can lead to a negative experience. This is only due to the years of abuse by past so called mages of the right hand path.

Once you get started on a good power mediation program as well as rituals. Then your chances of getting in contact with the Gods of your choice will be more likely. Keep in mind that we just dont go summoning the Gods for the heck of it. Make sure you have a reason for contacting him. They are extremely busy so dont waste their time. Im sure you have some sort of reason, but im just throwing that out there just in case.

There is no need to stand in any circle, this is just bullshit that was written in older grimoires by past so-called mages. Keep in mind these same so-called mages horrifically tried to intertwine their xian bs with Satanism. Our Gods are the most loving Gods we could ever have. So why would i want to try to protect myself from them during a summoning. Dont do it, this is highly disrespectful to them. You and the measly circle will get a rude awakening. Im telling you, dont do it. If you wish not to follow my advice and follow these blasphemous grimoires, then your only asking for trouble.

I believe a lot of people really do not understand the reality of being attacked. This is not something to take lightly or joke about. Most people bring attacks upon themselves by always tying into their negative energy. Always thinking and worrying about them. Taunting them like they wont give in. Then complain when they greet you with an unpleasant visit. Believe me it's not fun and when I was newer it almost caused a week of me not sleeping. Instead of whinning to much about it, I decided to just make myself stronger and give them a fight. I DO NOT provoke these little ugly bastards in anyway. Other then me taking a stand in this spiritual warfare.

Getting attacked doesn't necessarily means that you are advanced in anyway. Just like not getting attacked doesn't mean that you are not advanced. I do not see why anyone would want to get attacked just so they could feed their ego. It's beyond me and you know what, you people really need to wake up and realize this is not a game.

Cordially,

PRAISE THE Mighty 4 Crowns of Duat!

Knowledge cant be rushed, it is power so you must accept and embrace it.

Treason, Betrayal and Deceit: 9/11 and Beyond

Treason, Betrayal and Deceit: 9/11 and Beyond

<http://www.911missinglinks.com/watch-movie/>

By Alan Sabrosky.

September 10, 2009 "Information Clearing House" -- The attacks on September 11, 2001 have been a defining moment for America. The political and psychological impact on Americans of a concerted and visible attack in America was enormous -- indeed, it is an interesting "coincidence" that the attacks occurred on the one day of the year whose mention reinforces a public sense here of danger and emergency: 9-1-1.

A significant development in the 1990s was the formation of the neo-conservative think tank known as PNAC (Project for a New American Century), whose members prepared position papers for the Israeli government and for a future US Administration sharing their views. That happened in 2000 with the election of George W. Bush, and a contemporary writer summarized the tip of the neo-conservative iceberg in his first Administration this way:

The "outsiders" from PNAC were now powerful "insiders," placed in important positions from which they could exert maximum pressure on US policy...PNAC had a lock on military policy-creation in the Bush Administration.

Especially significant in terms of subsequent events was the acknowledgement in one of PNAC's own documents that their program for America (and Israel) would not readily be accepted by the American people. What this meant, PNAC opined in 2000, was that "the process of transformation, even if it brings revolutionary change, is likely to be a long one, absent some catastrophic and catalyzing event -- like a new Pearl Harbor."

9/11 Reconsidered

On September 11, 2001, the PNAC people in and out of government -- and by extension AIPAC and Israel -- "coincidentally" got the event they needed, barely eight months after coming into office. Most people are familiar with the basic details of that day -- two commercial aircraft crashing into the two tallest buildings in New York City's World Trade Center (WTC), a third striking the Pentagon, and a fourth ending up in a Pennsylvania field. Few people will forget the images of the burning buildings, their collapse, the casualties, and the sense of shock and tragedy that ensued.

The official 9/11 Commission's work and report were at best an incomplete exercise. Many people dismiss the findings of the Commission, and that includes its co-chairs. Many others who utterly distrust the 9/11 Commission report, dismiss the US Government's explanation of it, and point to both an official cover-up and an "inside job," include veteran fighter pilots, EMTs (Emergency Medical Technicians), air defense experts, experienced commercial pilots, demolition experts, architects and civil engineers -- none of them professions that inherently attract and retain the gullible and credulous.

Several things are very clear to me from a careful assessment of both official and critical evaluations of the 9/11 attacks. First, the striking aircraft alone simply could not have brought down either of the two buildings in the manner in which they fell, much less a third building which was not hit by a plane (I expect the one intended to do that as a "cover" had ended up in that Pennsylvania field), given the available physical evidence and a wealth of expert testimony. This means the attackers had assistance on the ground, and it had to have been active before the attacks occurred: preparing buildings for controlled demolition is not something done haphazardly in the midst of chaos.

Second, only two intelligence agencies had the expertise, assets, access and political protection to execute 9/11 in the air and on the ground: our CIA and Israel's Mossad. Only one had the incentive, using the "who benefits" principle: Mossad. And that incentive dovetailed perfectly with the neo-con's agenda and explicitly expressed need for a catalytic event to mobilize the American public for their wars, using American military power to destroy Israel's enemies. Only the unexpected strength of the Iraqi resistance kept Syria and Iran from being attacked in the second Bush Administration. Thus, the evidential trail for 9/11 and the wars in Afghanistan & Iraq run from PNAC, AIPAC and their cohorts; through the mostly Jewish neo-cons in the Bush Administration; and back to the Israeli government. None of the denials and political machinations can alter that essential reality. Terms such as treason, betrayal and deceit do not overstate the case against them.

Finally, we need to take a hard look at why the mainstream media (MSM) have paid more attention to Sarah Palin's wardrobe than they have to dissecting blatant falsehoods, discrepancies and inconsistencies in the US Government's treatment of 9/11 and its aftermath. And the reason is that on this issue, all are on the same side, and the official line is the one they all prefer – "all" meaning the PNAC alumni who took over the Bush Administration's national security apparatus and their counterparts in the Obama administration, AIPAC and the rest of the numerous Jewish PACs, the MSM owners and Israel. The depiction of the media management in America in 2002 is especially informative, and has not changed significantly since then:

CEOs and Directors of companies change as often as Boards of Directors vote. But if we could "freeze frame" the CEOs of the largest US Media companies in mid 2002, we would find that ten Jewish American men ran the vast majority of US television networks and other media companies including movies, radio, and publishing at that time. Not much has changed today.

Looking Ahead

Today we are getting the same line on Iran, from the same type of people -- Obama himself tries to be more independent, but most of the key staff and national security people in his Administration do not differ greatly on Israel and the Middle East from those of his predecessor. And the Congress has shown itself to be even more of AIPAC's lap-dog than the preceding Congress, an exercise in self-serving cowardice that admittedly has taken some doing.

But AIPAC and company are riding a tiger in America, and if they ever slip, the resulting convulsion will be catastrophic for them and for Israel. The open unfolding of the 9/11 tragedy and its ensuing wars that is now occurring can be that slip. The human cost to America to date is some 60,000 people, military and civilian, killed or wounded on 9/11 and in Iraq and Afghanistan together, with more to come once we go to war with Iran (or get dragged into it following an Israeli attack on Iran). Much of the deliberately misdirected rage that followed 9/11 has given way to endurance and grief.

But grief is a close cousin to rage, and an enraged America is not pretty, as anyone familiar with our history can appreciate. Americans are often deceptive without meaning to be. To much of the world, they often come across as naive, bumbling innocents in the world of global politics. And on a day-to-day basis, there is much truth to that.

But an enraged America is a very different character. You have only to look at what happened in WWII to German and Japanese cities, towns and villages, where America slaughtered literally millions of German and Japanese civilians -- most of them women and children -- knew it was doing it, and cared nothing at all. The goal was to crush, and restraint was not a word used much at all.

If these Americans and those like them ever fully understand just how much of their suffering -- and the suffering we have inflicted on others -- is properly laid on the doorsteps of Israel and its advocates in America, they will sweep aside those in politics, the press and the pulpits alike whose lies and disloyalty brought this about and concealed it from them. They may well leave Israel looking like Carthage after the Romans finished with it. It will be Israel's own great fault.

Finnish Official: Jews Control Money, Impede US Neutrality

Finnish Official: Jews Control Money, Impede US Neutrality.....And Jews whine and lie in return

My note here:

This article is great for showing how the Jews just love to lie right to your face:

"The remarks sparked harsh criticism from the Simon Wiesenthal Center, one of the largest international Jewish human rights organizations, which said the comments "parroted the anti-Semitic canard that an evil cabal of Jews control the media and the US government...."

As one Jew [Kapner] confessed:

"The Jewish Lobby rules supreme in the realm of political control. Lobbies such as AIPAC, ADL, and the American Jewish Congress (AJC), decide which candidates will be elected. They do this by pouring millions of Jewish dollars into the campaign coffers of Pro Israel politicians, and smearing, through their connections in the Jewish-occupied media, their opponents.

Newly elected President, Barack Obama, had enormous amounts of money poured into his campaign by an elite contingent of wealthy & influential Chicago based Jews - so much so, that Obama now has an excess of \$30 million from a \$745 million haul."

High ranking Jew, Freeman. Admitted that the Jews where in control of the American government all the way back to Woody Wilson's time. We can also see Roosevelt himself Jewish [So was President Eisenhower and Johnston]. Whole cabinet was staffed with Jews to the brim the common trend in American political life."

Roosevelt purposely pushed American into a war with Germany:

<http://groups.yahoo.com/group/JoSNewsletter/message/328>

As Jew, Freeman confessed. Jewry also pushed America in the Great War.

Much of the Jewish control of the American government is covered in the article link below on the Jewish Banksters.

Final proof Jews are the force behind the creation and control of not just American banks but the international banking system:

<http://groups.yahoo.com/group/JoSNewsletter/message/275>

Do Jews own the media? Especially in America?

Lets take a look at who owns and runs the Media in America then:

CBS: Owned by Jew Murry Rothstein

NBC: Run at the top by Zucker who just shifted over to CNN

ABC: Rober Iger

Fox: Rupert Murdoch [Jewish mother making him a full blood Jew by Jewish racial law]

CNN Owned by Time Warner, which is headed by Jewish Mogul Carl Icahn

Arthur Sulzberger is one of the major Jewish billionaires who own the American media. Rulership includes following:

The New York Times [which covered up the Jewish Communist crimes in Russia] the Boston Globe, the Tuscalossa News, the Santa Barbara News Press.

"The New York Times, the Wall Street Journal, and the Washington Post. These three...are the newspapers which set trends and guidelines for nearly all others. They are the ones which decide what is news and what isn't, at national and international levels. They originate the news; the others merely copy it. And all three newspapers are in Jewish hands...The Suzberger family also owns, through the New York Times Co. 36 other newspapers; twelve magazines, including McCall's and Family Circle..."

"New York's other newspapers are in no better hands than the Daily News. The New York Post is owned by billionaire Jewish real-estate developer Peter Kalikow. The Village Voice is the personal property of Leonard Stern

"U.S. News & World Report... owned and published by Jewish real estate developer Mortimer B. Zucherman..."

" The three largest book publishers...Random House... Simon & Schuster , and Time Inc. Book Co....All three are owned or controlled by Jews...The CEO of Simon & Schuster is Richard Snyder, and the president is Jeremy Kaplan; both are Jews too."

Time Magazine: Ownership changes hands between Jews such as Stengel and Levin.

News Week is joint owned by Diller and Harman.

Lets look at Hollywood:

"As a proud Jew," says Joel Stein [of the L.A Times], "I want America to know of our accomplishment. Yes, we control Hollywood."

Any time ownership of the major media postions changes hands its always to another Jew. Lets take at look at that:

American Broadcasting Companies (ABC), Columbia Broadcasting System (CBS), and National Broadcasting Company (NBC). Each of these three has been under the absolute control of a single man over a long enough period of time-ranging from 32 to 55 years-for him to staff the corporation at every level with officers of his choosing and then to place his imprint indelibly upon it. In each case that man has been a Jew.

"Until 1985, when ABC merged with Capital Cities Communications, Inc...the chairman of the board of directors and chief executive officer (CEO) of the network was Leonard Harry Goldenson, a Jew...In an interview in the April 1, 1985 issue of Newsweek, Goldenson boasted 'I built this company (ABC) from scratch.'"

"CBS was under the domination of William S. Paley for more than half a century. The son of immigrant Jews from Russia..." "There has been no move by top G-E management to change the Jewish "profile" of NBC or to replace key Jewish personnel. To the contrary, new Jewish executives have been added: an example is Steve Friedman..."

"The man in charge of the television entertainment division at CBS is Jeff Sagansky. At ABC the entertainment division is run by two men....nearly all of the men who shape young American's concept of reality, of good and evil, of permissible and impermissible behavior are Jews. In particular, Sagansky and Bloomberg are Jews. So is Tartikoff. Littlefield is the only Gentile who has had a significant role in TV entertainment programming in recent years."

Next the Vatican of HolyCostanity. The Simon Wiesenthal Center whined on about the holyhoax with another obnoxious, Oy Veh whined around the World.

But the holyhoax is been all debunked as yet another Jewish big lie.

From the race that coined the concept.

Good links debunking the holohoax:

The real question is look at this fact in the article:

"Finnish Ambassador to the U.S., Mark Weitzman, the Wiesenthal Center's Director of Government Affairs."

How many bagels does this kike eat for lunch? And why does the Jewish special Jewtest group have a "director of Government Affairs."

So the next time you hear crap from the Jews.... Like:

"parroted the anti-Semitic canard that an evil cabal of Jews control the media and the US government...."

Remember all that is stated above and the Jew won't be able to shovel their BS on your brain anymore.

On with the main article.

Finnish official asserts on state television that Jews hold vast control over wealth, media, thus impeding neutrality in US Mideast stance.

Finnish Official: Jews Control Money, Impede US Neutrality

By Rachel Hirshfeld

Finnish government officials

Finland's co-chair of the Foreign Affairs Committee asserted on national television Thursday that American Jews hold vast control over the wealth and media in the United States, thus impeding the U.S. government from remaining neutral in its stance in the Middle East.

Pertti Salolainen, discussing the United Nations General Assembly vote to upgrade the Palestinian Authority to non-member observer state on the Finnish television program YLE Aamu TV, accused the U.S. of being unable to remain impartial on Mideast matters, "...because they have a large Jewish population who have a significant control of the money and the media. The U.S. for internal political reasons is afraid to become adequately involved. This is a sad truth about U.S. politics."

The remarks sparked harsh criticism from the Simon Wiesenthal Center, one of the largest international Jewish human rights organizations, which said the comments "parroted the anti-Semitic canard that an evil cabal of Jews control the media and the US government...."

In a letter to Ritva Koukku-Ronde, the Finnish Ambassador to the U.S., Mark Weitzman, the Wiesenthal Center's Director of Government Affairs, wrote, "That such remarks can come from a pillar of the political elite in Finland is dismaying and astonishing; but that this remark was unchallenged makes it appear that such ideas are part of acceptable discourse in Finland."

Weitzman reminded the Ambassador that in 2010, her country joined the International Task Force for Holocaust Education, Research and Remembrance. "At this point, Finland must immediately act to show that it remains committed to these ideals," by officially condemning and repudiating Salolainen's remarks, he said.

Weitzman also urged that the Finnish government, which voted in favor of the Palestinian Authority upgrade at the United Nations on Thursday, to take steps to remove the parliamentarian from any official position.

12/02/12- Please read as this is long, but serious

Below this article is a current news article. Our Anti-Christ told me that 'Israel is going to use the bomb.' After reading all of this, especially the current news article, it appears this is not too far off into the future.

'We possess several hundred atomic warheads and rockets and can launch them at targets in all directions, perhaps even at Rome. Most European capitals are targets for our air force. Let me quote General Moshe Dayan: 'Israel must be like a mad dog, too dangerous to bother.' I consider it all hopeless at this point. We shall have to try to prevent things from coming to that, if at all possible. Our armed forces, however, are not the thirtieth strongest in the world, but rather the second or third. We have the capability to take the world down with us. And I can assure you that that will happen before Israel goes under.'

-- Martin van Creveld, Israeli professor of military history at the Hebrew University in Jerusalem in an interview in the Dutch weekly magazine: Elsevier, 2002, no. 17, p. 52-53.

A Jewish Gift to Humanity: The Nuclear Nightmare

Below is only a partial list. The total number of the Jews involved is staggering and shocking and the list below is incomplete, due to time restrictions. The list below contains the most noted Jewish scientists who worked directly on the Manhattan Project. Nearly all of the individuals on the list below were hard-core Communists; many more were spies, who gave the formula for the atom bomb to the Soviets. Upon researching, I was appalled at how the authors [mostly Jews], who wrote articles and biographies of the individuals below, portrayed these mass-murderers in a very positive light, exalting many to a hero status. Feel free to do your own research given the information contained on this website.

Stan Frankel - Theoretical Division

Enrico Fermi [Italian born Gentile] was married to a Jewess - Group Leader - Theoretical Division

The first atomic bomb was designed and constructed in Los Alamos, New Mexico. The top-secret code name given to this working was "The Manhattan Project." The reason for the name was that Bernard Baruch [Jew], lived in Manhattan New York, as did many of the other top officials. The chief scientist of the Los Alamos Laboratory from 1943 to 1945 was J. Robert Oppenheimer, another prominent Jew. Oppenheimer's brother Frank, a card-carrying communist, was also a leading atomic scientist working at Los Alamos.

'One of the central figures in not only laying the theoretical ground work but also persuading President Roosevelt to launch the whole atomic bomb program was Albert Einstein, a foreign-born Jew with 16 communist front affiliations.'

'The first commissioner of the Atomic Energy Commission was David E. Lilienthal, a Jew, who belonged to at least two communist fronts. He remained in that position for a considerable length of time.' 1

Niels Bohr [Danish born Jew], given the Nobel Prize in 1922, escaped Denmark in 1943. 'In September 1943, reliable word reached Bohr about his imminent arrest by the German police; the Danish resistance quickly managed to help Bohr and his wife escape by sea to Sweden. Soon after, Bohr was flown in a military aircraft to Britain. There he was introduced to the then-secret atomic bomb project (see Political activity section below for greater detail). Eventually he was directed to the project's principal location in the United States of America. Bohr worked on the Manhattan Project at the top-secret Los Alamos laboratory in New Mexico, where he was known by the name of Nicholas Baker for security reasons.'²

Leó Szilárd [Hungarian born Jew] born in Budapest, assisted Enrico Fermi in conducting the first controlled nuclear chain reaction.

Nicholas Kürti [Hungarian born Jew: Kürti Miklós] and Franz Eugen Simon [German born Jew who fled to Britain after Hitler came to power] discovered how to separate uranium-235 from uranium ore, which was necessary for the construction of an atomic bomb.³

'It is of utmost significance to point out that both atomic bomb and hydrogen bomb were in large measure a Jewish production. But basically the atom bomb and its further proliferation, is a Jewish idea. One of the central figures in not only laying the theoretical groundwork but also persuading President Roosevelt to launch the whole atomic bomb program was Albert Einstein, a foreign-born Jew with 16 communist front affiliations.'

'It was at this time that most of the Atomic secrets were stolen and passed on to the Soviets. When it comes to listing the spies and traitors involved, it almost reads like a Jewish Who's Who. The most notorious were Julius and Ethel Rosenberg, who were tried and executed for treason, the only traitors in modern U.S. history to have suffered this fate. Further involved in this spy network were Harry Gold, Abraham Brothman, David Greenglass, [Ethel Rosenberg's brother], Israel Weinbaum, Miriam Moscowitz, Sidney Weinbaum, Morton Sobell. All these were Jews, and all were convicted of treason. It is also significant in the further development of the hydrogen bomb, again Jews were in the forefront, such as J. Robert Oppenheimer, Steve Nelson [real name Joseph W. Weinberg] and Edward Teller.'

'To get on with the crux of our dissertation, namely the commercial and industrial proliferation of nuclear wastes in the United States, which more than any other issue hangs as an ominous pall over our heads. It threatens to bring death, cancer, leukemia, and birth defects to the mass of the population, and, in fact, exterminate humanity itself.'

'It is of utmost significance to point out that the Jewish network, has kept close control of the development and proliferation of this most devastating of all technical achievements – nuclear fission and nuclear fusion.'⁴

Israel Retaliates for UN Vote on Palestine

Robert Berger, Mark Snowiss

December 02, 2012

JERUSALEM — Israel is retaliating for Thursday's United Nations vote on Palestinian statehood, announcing it will withhold \$120 million in taxes and customs collected for the Palestinian Authority to pay debts to Israeli companies.

In a unanimous resolution passed Sunday, Israel's Cabinet said it would not negotiate on the basis of the General Assembly's recognition of a state of Palestine in the occupied West Bank, East Jerusalem and Gaza Strip.

"The unilateral step taken by the Palestinians at the United Nations violates peace agreements," Prime Minister Benjamin Netanyahu said, justifying Israel's rejection of the U.N. vote. The only way to Palestinian statehood and peace is through direct negotiations with Israel, he said.

Israeli Finance Minister Yuval Steinitz said the government would use the money it was to transfer to the Palestinians to pay off their debt to Israel's state-run electricity company and other Israeli firms.

The Cabinet also approved a plan to build 3,000 new homes for Jews in the occupied West Bank and East Jerusalem. Mr. Netanyahu said Israel would continue to build in response to the U.N. vote, which he described as an "attack on Zionism and the State of Israel."

Abbas returns home

Sunday's move came as cheering crowds welcomed Palestinian president Mahmoud Abbas back to the West Bank city of Ramallah following his diplomatic victory last week when the Palestinians won non-member state observer status at the U.N. General Assembly.

"The world said yes to the state of Palestine, yes to the freedom of Palestine, yes to the independence of Palestine, no to aggression, settlements and occupation," Abbas told some 5,000 people to wild applause.

The Palestinian president warned of "creative punishments" by Israel, referring to the latest settlement construction plans.

Israel retaliates

Friday's announcement of 3,000 new homes on Israeli-occupied land is especially contentious as building in the area near East Jerusalem known as E1 could obstruct the ultimate creation of a contiguous Palestinian state because it cuts through the West Bank.

The construction would connect the large Jewish settlement of Maale Adumim to Jerusalem, dividing the West Bank in two. The Palestinian cities of Ramallah and Bethlehem would be cut off from East Jerusalem.

U.S. Secretary of State Hillary Clinton said Saturday Israeli plans for new settlements abutting East Jerusalem "set back the cause of a negotiated peace." Britain and France urged Israel to rescind the decision, and other European states also denounced it.

Actual construction could be years away, if it takes place at all. Israeli Housing Minister Ariel Attias told Army Radio on Sunday, "There is no decision to build. There is a decision to plan. You can't build an apartment without planning."

Last week's U.N. vote was approved over fierce opposition from Israel and the United States.

Mark Snowiss reported from Washington.

Re: 12/02/12- Please read as this is long, but serious

I certainly didn't post this to create a panic. Do I appear to be worried? No. Where is everyone's faith in Satan? I can assure you, those of us who are dedicated to him are exempt from the fate of those who are without and will survive this unscathed. From what I was told, this will not affect the entire world in the way of devastation. Satan takes care of his own. We have seen this several times given our brothers and sisters who were in the path of natural disasters and faired well; also their properties, when everyone else around them met with disaster. This will not be world-wide in that sense, other than waking up humanity regarding the jews. Yes, this will open the door for Satan's New World Order where we can be free and humanity will evolve spiritually to a higher level.

Our Anti-Christ is not at all worried. With Satan's New Order, christianity will be totally outlawed. Please stop worrying. Satan takes care of his own!

As nuclear peace talks are cancelled, overwhelming vote by general assembly calls for Israel to join nonproliferation treaty

A vote by the United Nations general assembly has called on Israel to open its nuclear programme to weapons inspectors. Photograph: Chip East/Reuters

The UN general assembly has overwhelmingly approved a resolution calling on Israel to open its nuclear programme for inspection.

The resolution, approved by a vote of 174 to six with six abstentions, calls on Israel to join the Nuclear Nonproliferation Treaty (NPT) "without further delay" and open its nuclear facilities to inspection by the International Atomic Energy Agency. Those voting against were Israel, the US, Canada, Marshall Islands, Micronesia and Palau.

Resolutions adopted by the 193-member general assembly are not legally binding but they do reflect world opinion and carry moral and political weight. And the resolution adds to pressure on Israel as it faces criticism over plans to increase settlement in the West Bank, a move seen as retaliation for the assembly recognising Palestinian statehood.

Israel refuses to confirm or deny possessing nuclear bombs though it is widely believed to have them. It has refused to join the non-proliferation treaty along with three nuclear weapon states: India, Pakistan and North Korea.

Israel insists there must first be a Middle East peace agreement before the establishment of a proposed regional zone free of weapons of mass destruction. Its rivals in the region argue that Israel's undeclared nuclear arsenal presents the greatest threat to peace in the region.

While the US voted against the resolution, it voted in favour of two paragraphs in it that were put to separate votes. Both support universal adherence to the NPT and call on those countries that aren't parties to ratify it "at the earliest date". The only no votes on those paragraphs were Israel and India.

The vote came as a sequel to the cancellation of a high-level conference aimed at banning nuclear weapons from the Middle East. All the Arab nations and Iran had planned to attend the summit in mid-December in Helsinki, Finland, but the US announced on 23 November that it would not take place, citing political turmoil in the region and Iran's defiant stance on non-proliferation. Iran and some Arab nations countered that the real reason for the cancellation was Israel's refusal to attend.

Just before Monday's vote, the Iranian diplomat Khodadad Seifi told the assembly "the truth is that the Israeli regime is the only party which rejected to conditions for a conference". He called for "strong pressure on that regime to participate in the conference without any preconditions".

Israeli diplomat Isi Yanouka told the general assembly his country had continuously pointed to the danger of nuclear proliferation in the Middle East, singling out Iran and Syria by name. "All these cases challenge Israel's security and cast a dark shadow at the prospect of embarking on a meaningful regional security process," he said.

"The fact that the sponsors include in this anti-Israeli resolution language referring to the 2012 conference proves above all the ill intent of the Arab states with regard to this conference."

The Syrian diplomat Abdullah Hallak told the assembly his government was angry the conference was not going to take place because of "the whim of just one party, a party with nuclear warheads".

"We call on the international community to put pressure on Israel to accept the NPT, get rid of its arsenal and delivery systems, in order to allow for peace and stability in our region," he said.

The conference's main sponsors are the US, Russia and Britain. The British foreign office minister Alistair Burt has said it is being postponed, not cancelled.

Where Buddha Was Stolen From

Where Buddha Was Stolen From

This is a reply I made to this topic in a thread on the egroups:

As one Hindu scholar stated: "Hinduism is covert Buddhism/Jainism." These ideologies where and still are anti-Vedic in total nature. Vedic literally is the origin of our word "verdict." The truth, its just another way to state Sanatan Dharma. And Sanatan Dharma is the original title for this [Satanic] paradigm.

This is as mentioned by High Priestess Zildar Raasi. The issue is the enemy has so done their job anti-Vedic [anti-Dharmic] ideologies are passed off as Dharmic.

This seems to start with the period of the Mauryan Empire. Ashoka created a new Imperial religion for centralized power under his control. Much the way Constantine and Akhenaten did before. There is a reason all Buddhist images only date back to the period of Ashoka and not before. And all the Buddhist texts of the Pali Cannon [original Buddhist texts] date to the so called third council authorized and overseen by Emperor Ashoka himself. Much like Constantine at Nicea. As the Pali Cannon was created at this third council by Ashoka. This is where Buddhism really comes from.

The claim used to cover this fact over. Is the same with the fictional Jesus character in the West. That this Gautama character had existed and taught. Then left his followers and teachers behind. Which where later centralized under the Emperor.

Well we can see in the West this is false:

<http://groups.yahoo.com/group/JoSNewsletter/message/233>

And its the same in the East. This Gautama character has never existed. The actual evidence has disproved his existance on all levels.

Now as mentioned before Buddha is the ancient title of a Pagan Sol God:

<http://groups.yahoo.com/group/JoSNewsletter/message/331>

And the enemy did here what they did in the West. They took the images, concepts and mytho's of the symbolic culture. And they rewrote it with inserting their fictional corruption [Guatama in this case] and changed all the meanings behind the concepts into something which destroys true spirituality and spiritual teachings. This is where the corrupted 8 fold path comes from. This program is also connected to the Jains. Where where hated as a subervise [anti-Vedic] sect in the ancient world. Much like the Theraputes in the West. The Jains in the East are the springboard to creation of a counterfiet program.

More are the reality of Buddhism in general:

<http://groups.yahoo.com/group/JoSNewsletter/message/354>

The original God that Gautama is a stolen and corrupted version of is Visnu. This is evidenced in the fact the famous Buddhist statues are images of Visnu and how he was traditionally shown. And the further fact the Mahayana sects all emerged from the major Vaishnava temple centers in India. And where openly acknowledged in the period to be a spilt sect of Vaishnava's. Probably because Buddha at this time could have been another title of Visnu.

Buddha rules mercury, and even to this day the Buddhist holyday is on Wednesday [the day of mercury]. Its no mistake Visnu's main yantra is a 64 number sqaure. The same as mercury. Its no mistake even today people state Buddha as an avatar of Visnu. Its a faint echo to this characters real origin.

The ancient images show Buddha as a linga, tree and White Horse also as the Kalacharka.

Kala position is the place and title Visnu has always ruled.

If one looks far enough they will also find Visnu is another title for the Sol God, Surya.

This Gautama "Buddha" was original not shown as the Hesse style character famous today. But as an all powerful, Sun God. Images even have Brahma and Indra bowing before him. etc This was a program designed to replace the previous religion.

Like with Christianity. This new Buddhism religion was imposed by Imperial force with reports of people being killed for not bowing before it. This program simply subverted and replaced the original Dharma with an anti-Dharma.

When people finally started to go back to their original religions. It was already too late. After centuries of this Buddhism. The entire culture had been terraformed externally and internally. They simply went to practice subconscious Buddhism. Its the same with Wiccans today in the West. For the same factors.

A while back I was confused as to the stance regarding hinduism and my Guardian put it to me like this- hindusim is to the original Sanatan Dharma what

wicca is to Paganism. Meaning obviously that it is extremely corrupted, watered down and full of xianized teachings.

Though they do use the Names of our Gods, their teachings are corrupted with enemy filth and they are not following True Satanism.

The Gods of Ancient India are indeed our Gods. Shiva is another name for Satan.

Sermon 12/13/12

As for keeping up to date regarding new knowledge, I will be posting here in the groups. I know the JoS website is badly in need of revision. I have been consistently working on it as much as is possible, along with many other responsibilities. The Powers of Hell give me a lot of work.

Anyways, special thanks to Satan, Lilith and our Anti-christ, who have been giving me some very advanced knowledge regarding the soul. It is a sad fact that the corruption of spiritual knowledge along with the programs of islam and xianity and their jewish root have all done extensive damage to humanity in keeping us spiritually helpless and damned. The new age gurus also are on the wrong track. I know so many are just holier than thou; a bunch of arrogant assholes, who hoard spiritual knowledge for personal profit and gain. Much of what they are hoarding is not only extremely watered down, but also some of it is deadly, though they believe otherwise.

Our Anti-christ is one of the very few who has accomplished the magnum opus. He is now residing with the Gods. To explain, 'anti-christ' is our spiritual leader and more...the arch-enemy of the enemies of Satan. He will be coming back and will establish Satan's Kingdom on this earth. He told me the magnum opus can be accomplished several different ways. The magnum opus for those of you who are new is when one achieves both physical and spiritual perfection and immortality...to where you will not die. The enemy has worked relentlessly throughout the centuries to destroy, pervert and corrupt the formula for the magnum opus. The enemy hates humanity and wants for us to be powerless slaves who are damned.

Now, I am sure many of you who are familiar with Freemasonry know about the 'G.' The letter 'G' is all over masonic symbols and such. The deluded claim this letter stands for 'geometry.' It is very sad that due to the infiltration of kikes into Freemasonry, the important rituals and meanings of the symbols have been systematically removed and corrupted. The Freemasons descended from the Knights Templars, who were on the run from being hunted down, tortured to death; murdered by the Catholic Church. Back in those days, Freemasons could communicate with each other telepathically, and do much more spiritually. A '33rd degree mason' was one who had his serpent fully ascended. There are 33 esoteric vertebrate to the spine.

Getting back to the G. This is where science meets with spirituality. Special thanks to High Priestess Zildar who brought this to light, regarding the all-important AUM. AU on the Periodic Table of Elements [Chemistry] is for Gold. The working of the magnum opus, in addition to having a fully ascended serpent is to turn the 'base metals' into gold. The base metals are the metals of the chakras. For those of you who have met Satan face to face, he has a gold aura. AU also has to do with the aura. Now, 'AG' on the Periodic Table of Elements is for silver. Its number is 47; $4 + 7 = 11$; an important number of Satan. [All Satanic symbols and numbers are of important spiritual knowledge with hidden meaning; most of which have to do with the magnum opus]. AU for gold is number 79; $7 + 9 = 16$ and in numerology, we reduce this number to $1 + 6 = 7$. The all-important number 7 for the 7 main chakras of which we transform into gold. So, now we can understand even

more why christianity so vehemently represses spiritual knowledge and persecutes scientists like Galileo, who knew that the planets revolved around the sun, not the earth as the catholic church was forcing.

The letter G in masonry has to do with the silver element which rules the pineal gland. You will note that there are three male chakras; chakras 1, 2, and 3, and three female chakras 5, 6 and 7; with the heart chakra being neuter. Each male and female chakra are planetary opposites, such as the male sun [666] chakra connects with the female moon [6th chakra], the male mars chakra which is the sacral chakra, connects with the throat chakra [which Lilith informed me recently is ruled by female Venus]. The male base chakra ruled by Saturn, connects with its opposite; female Jupiter at the crown. The 'heart' chakra is neuter and a connector, ruled by mercury. Mercury is often called 'quick-silver' but is not silver. The heart chakra is an important connector for the male and female chakras.

AG for silver, properly vibrated is GAUM. This vibration, when done correctly powerfully activates the pineal gland. Everything is in the vibration. The G is properly vibrated like an exaggerated Y, in the back of the throat. This vibration directly hits the pineal gland from the back of the throat. This is NOT for new people or those who are inexperienced in meditation. The following meditation I am going to give you below is exceptionally powerful. For experienced meditators, I strongly encourage you to do this meditation when you have an hour or more of free time. For example, performing this meditation on a daily routine before you go to work in the morning is not advisable due to the power this creates.

The new knowledge I have been getting of late is very potent. The new age crap and related is extremely watered down, unfortunately, even the Runes. The pronunciations for the Runes are also off, but these do have some power, and are effective. If you are now doing a rune working, then continue on as scheduled. I will be revealing the correct pronunciations/vibrations for the runes very soon. I haven't been given all of these yet. The runes also have the important AU within them.

As for this meditation, if you are new or inexperienced, then don't do it yet. For those who are experienced, you will know why after performing this. There are definitely levels and new people could very well experience problems and awaken energy they are not yet ready for.

You will need a Satanic Rosary for this.

http://www.angelfire.com/empire/serpentis666/Satanic_Rosary.html

I keep reiterating that the Satanic rosary doesn't need to be anything fancy. Even a set of beads like a necklace is fully acceptable. The only important thing is that there are 108 beads. The reason being is when you vibrate a word of power 108 times, it is not only distracting but also you can lose count if this is done on the fingers.

The advanced meditation:

Vibrate GAUM 108 times, focusing on your pineal gland. Visualize your pineal gland bright with white light throughout the meditation. Remember, the correct way to vibrate the G is like an exaggerated Y at the back of the throat. This directly hits the pineal gland.

When you are finished with the GAUM, then focus on your solar 666 chakra and vibrate RAUM [rolling your R's] for 108 times, visualizing this chakra point down, bright with white-gold light.

Another very powerful meditation that is somewhat advanced; most people can do this one when they have their chakras opened. This meditation given its power also raises energies and can be used when one is in need of energy and short on time. I also suggest performing this meditation after doing the above meditation, as this balances the chakras.

1. Focus on your base chakra, bright glowing red, point up and vibrate LAUM 7 times into that chakra.
2. Focus on your sacral chakra, bright glowing orange, point up and vibrate VAUM 7 times into that chakra.
3. Focus on your solar chakra, bright white-gold, point down and vibrate RAUM 7 times into that chakra.
4. Focus on your 4th chakra, bright white-gold or green, shaped like a yoni and vibrate YAUM 7 times into that chakra.

5. Focus on your throat chakra, bright blue, point down and vibrate HAUM 7 times into that chakra.

6. Focus on your 6th chakra, bright white or bluish-violet, point down and vibrate THAUM 7 times into that chakra. The TH here is vibrated on the hard palate directly above the teeth like an exaggerated D.

7. Focus on your crown chakra, violet/purple, point down and vibrate MAUM 7 times into that chakra.

8. Feel your aura and visualize it full of white-gold and vibrate AUM into your aura 7 times.

Satan is strong on patience. All spiritual knowledge is not given at once. The Powers of Hell are now strong enough to where this knowledge can be revealed. More will be coming. I will post in the groups here.

High Priestess Maxine Dietrich

Full Meditation 12/15/12

Before I say anything here, any of you who are heavily involved in exercise, especially weightlifting or any physical exercise where you get sore, make sure to thoroughly, but gently stretch afterwards and then some. When muscles are sore from a heavy workout, this can trap energy as they will tighten up unless you keep stretching. Just make real sure you stretch the muscles you worked frequently, even if this is grabbing a doorframe to stretch out your arms and chest muscles for a few seconds every time you walk through a door. Otherwise, if energy gets severely trapped, an acupuncturist is needed and this is no fun. I have seen this happen in martial arts where people didn't know what they were doing in regards to their chi.

Here is a full meditation for the King and Queen. It is long, but extremely powerful. As I mentioned before, 'Amon Ra' has always been known as the 'King of the Gods.' ['Gods' being a code word for the chakras]. Not to repeat myself, but the 'King' and 'Queen' are the male and female aspects of the grail that have to do with the magnum opus. The 'King & Queen' are symbolic of the male and female aspects of the grail, with the Castle being your physical body itself, that houses the king and queen, as taught in alchemy.

The xians stole the gesture of the 'sign of the cross' from the Egyptians and corrupted it like everything else. The real sign of the cross gesture is where one touches one's third eye and then touches one's 666 chakra. This is very ancient. It's meaning is symbolic, as the gesture itself doesn't have any power, I just added this here for more information.

More and more has come to light involving the physical yogic practices such as breathing exercises. The enemy has corrupted these to center on the heart [chest chakra]. The original true meditations are to connect the energies of the king and queen. The enemy always focuses on the heart [chest chakra], as with the new age crap teachings and the nazarene and virgin muther bitch paintings to corrupt spiritual knowledge and keep you from any spiritual advancement and power.

This meditation is NOT for new people or for anyone who is not experienced to meditation. I also strongly suggest that you do this, especially if it is your first time, when you have an hour or more free time. The effects of this meditation are very powerful and mesmerizing and it is not conducive to have to get going to go to work when experiencing an extreme bliss state.

This meditation uses the breathing as well as mantra and visualization and takes some time. Always remember this...never take on more than you can maintain, in other words, don't drastically raise your energies for one day and not follow through afterwards, as raising your energies to a very high level one time and not maintaining this can cause them to drop and then you have problems. Say for example...one meditates 2 hours one day, but then on subsequent days, only for 10-15 minutes as time will permit. This can cause a drop in energies. Just make sure you are able to maintain the energies.

THE MEDITATION:

This is the Sun/Moon, alternate nostril breathing method, but connecting the energies of the King and Queen.

1. Begin by focusing on your solar 666 chakra. Close your left nostril with your thumb, inhale through your right nostril, drawing energy up from your 666 chakra into your 6th chakra and pineal gland, then close off the right nostril with your thumb.

2. Without holding, exhale through your left nostril, slowly and evenly exhaling the energy back down into your 666 chakra. At the end of the exhale, hold for a count that is comfortable, say a count of 6 or 10, but make sure to keep the number of the count consistent throughout the meditation.

3. Keeping your right nostril closed, inhale through your left nostril back up into your 6th/pineal gland without holding, then switch and close your left nostril and exhale through your right nostril slowly and evenly exhaling energy down into your 666 chakra. At the end of the exhale, hold.

5. And then inhale through your right nostril again, close the right with your thumb exhale through the left and then hold at the bottom, this completes one round. Do this six times.

Summary:

A. Close off your left nostril with your thumb, inhale through right nostril to your 6th/pineal- do not hold at the top

B. Switch your thumb, closing off your right nostril, exhale through your left nostril to your 666 chakra, hold at the end of the exhale

C. Keeping your right nostril closed, inhale energy from the left nostril from the 666 to the 6th/pineal chakra again, do not hold.

D. Close off your left nostril and exhale through your right nostril back down into your 666 chakra and then at the end of the exhale, hold.

E. keeping your left nostril closed, inhale through your right back to the top, do not hold.

F. switch and close off your right nostril and exhale energy back down into your 666 chakra and then hold.

G. Keeping your right nostril closed, inhale through your left nostril energy back into the 6th again.

Do six rounds of the above.

Part 2

After completing the above, focus on your 666 chakra and vibrate RAUM 108 times. Use your Satanic rosary or beads or anything where you can keep count, as using your fingers is not only distracting, but you can easily lose count.

Upon completing this, remain still for a couple of minutes and focus on the energy.

Part 3

Now, we will revise the Sun/Moon alternate nostril breathing, holding on the inhale at the top:

- A. Close off your left nostril with your thumb, inhale through right nostril to your 6th/pineal- hold at the top for as long as you held on the exhale in the previous exercise.
- B. Switch your thumb, closing off your right nostril, exhale through your left nostril to your 666 chakra, do not hold at the end of the exhale.
- C. Keeping your right nostril closed, immediately inhale energy from the left nostril from the 666 to the 6th/pineal chakra again, then hold.
- D. Close off your left nostril and exhale through your right nostril back down into your 666 chakra do not hold.
- E. Keeping your left nostril closed, inhale through your right back to the top, then hold.
- F. Switch and close off your right nostril and exhale energy back down into your 666 chakra and do not hold.
- G. Keeping your right nostril closed, inhale through your left nostril energy back into the 6th again, and hold.

Part 4

After completing the above, focus on your pineal gland/6th chakra and vibrate GAUM 108 times.

Upon completing this, remain still for a couple of minutes and focus on the energy.

Part 5

Now, perform the following breathing exercise 6 times:

1. Inhale through both nostrils for a count of 2 from your 666 chakra into your 6th chakra and pineal gland
2. Hold for a count of 4
3. Exhale for a count of 6, back down into your 666 chakra
4. Hold for a count of 4

Repeat step one.

The above constitutes one round. Perform this 6 times.

Part 6

Do NOT hold at the bottom.

1. Inhale for a count of 6 from your 666 chakra into your 6th/pineal gland
2. Hold for a count of 6
3. Exhale for a count of 4 back down into your 666 chakra

Repeat step one.

The above constitutes one round. Perform this 6 times.

Part 7

To finish the meditation and balance your chakras:

Vibrate LAUM into your base chakra 7 times

Vibrate VAUM into your sacral chakra 7 times

Vibrate RAUM into your 666/solar chakra 7 times

Vibrate YAUM into your chest chakra 7 times

Vibrate HAUM into your throat chakra 7 times

Vibrate THAUM into your 6th chakra 7 times

Vibrate MAUM into your crown chakra 7 times

Vibrate AUM into your aura chakra 7 times

Remain still for 15 or more minutes and meditate on the energy. You can listen to music while you do this if you wish, but it should be soft music, as this meditation will sensitize you to sound, among many other things, opening you psychically and much more.

In closing, let other members know here if you wish, of your experiences from this meditation.

Materialism

Materialism

The big conflict is the thinking around materialism either its all that there is or an immoral distraction.

The enemy programs that pretend to be religion tell us materialism must be overcome and having less is better. Be not like the rich man and such. This is simply done to ingrain a poverty consciousness in the psyche of the mass. Which softens them up to be exploited and not protest or revolt in a society in which they have next to nothing and live like abused animals. When their masters live in palaces of marble and dine off plates of gold. The unconscious programming sets this up.

This also lays the foundation for convincing them that spirit is separate from the material. The material world is evil and so is the flesh, that must be overcome. So upon physical death one can achieve salvation in the pie in the sky. In return for absolute obedience to the power system that's whole authority rests upon the ruling ideology paraded as religion. The ultimate carrot and stick.

This allows them to remove true spiritual knowledge by destruction of the cultural centers and leaders and then implementing their program which is always a counterfeit and corruption of the authentic culture they wish to attack and remove. This is built upon changing the meaning behind the original symbolism into a literal meaning built upon the psychological template of control they wish to install.

They know the effect this has upon the conscious of the victims. As time goes by living in this society people will exist on the lower octave of consciousness. Such beings are easy to control and lock into the two legged factory farm the enemy wants to create. This is done by shifting the dynamics of this template as time moves forward into new surface modalities. But unconsciously the same template animates it.

As a result materialistic ideologies will arise, atheism will become the norm and naturally the next step is materialism becomes its own ideology. The spirit is nonsense the physical is all that exists. This is the stepping point to Communism. Where all traces of the past are gone. Man is just a literal Goy. An animal

of burden without a soul. The Communist [or whatever they are calling it today] state becomes God. And the Jews control this state at the top. Just look at N.Korea for an example of this impulse for religion being shifted into upholding the atheist slave state. The world devoured by Yahweh.

More on this:

<http://groups.yahoo.com/group/JoSNewsletter/message/170>

So let us leave behind the terms of thinking of a spiritually hollow and psychologically confused society.

The reality behind all creation is everything is made up of light and sound. That manifest at different octaves. All matter is spiritual energy that vibrates on different frequencies of sound and light. There is no separation of spirit and matter. Only waves of sound and light that form into different consciousnesses. At different levels.

The problem is our society due to the effects of the enemy has lost truth and puts the cart before the horse in life. They work and work in a slave society for a crumb off the Jew table. But they live deluded to the truth they are made of spiritual light and this light must be nourished and tended to daily just as eating which the body uses to obtain the same on a lower octave.

When this is done we start to move up the metaphysical ladder to higher octaves and sub-octaves of our own personal Logos, thus light/consciousness. With this we can build a better world and more abundant life for ourselves. And be around to really enjoy it. We can all manifest the highest quality life.

At this point this intrinsic impulse towards higher meta-development is being sublimated into the hamster wheel society to slave and slave in a Jewtrix system. Along with the condition of man's psyche already being subject to numerous pathological [karmic] suffering states due to its lower octave state. This generates the conditions for negative excesses and attitudes that are normal today. And allows the Jews to control the results.

The people the Catholic program dare not ever call by their true name.... The "Shining Ones." Stated that the danger to mans soul is not living in the truth he is a being of light. But losing this and sinking to the lowest octave of consciousness where all negative influences will torment them and they will perish by the forces of time.

They stated the soul was locked into a lower octave [fallen] and by purification of the soul it ascends to the higher octaves of light transformation till the Perfection process is finished and the being is made whole. Into Shining Ones.

Which is the meaning of salvation to be healed/made perfected by the Magnum Opus. This is why the Gods of these schools where healing Gods. The Healing they gave was perfection of light and its truth. As they knew the cause of old age, suffering and death was the unperfected state. [They listed aging as a sickness].

The Magnum Opus is changing your tune and getting the lead out.

This is the core meaning of Yoga is Yagya-Austerites. Austerity was the performanice of tapa's or exercises the generate inner fire that purify the soul and transform it to higher levels of light. Yagya where the fire rituals that such was done with. The outer ritual is a symbol of the inner ritual. This is penance for "sins" sin was another term for the dross that had to be purified out to achieve the perfected octave of light. The ancients mention it as a literal impurity. The Eastern texts state the purpose of Yoga is to purify the body by inner spiritual fire [tapa] to the Kumara state.

Its obvious these terms and concepts have by corrupted by the enemy. Which returns to first part of this article. The enemy changes the concepts behind the terms to destroy them. And damn humanity.

The Cathar people where highly spriitually advanced beings and known for their wealthy society full of art, beauty, true knowledge and honor. They worshipped the light within and without. And our true God Satan. As Lucibel or Lucifer in Latin. Among other titles. They where keepers of the Grail mysteries [The Magnum Opus]:

<http://groups.yahoo.com/group/JoSNewsletter/message/333>

<http://groups.yahoo.com/group/JoSNewsletter/message/331>

<http://groups.yahoo.com/group/JoSNewsletter/message/210>

The Catholic church spent three decades of warfare trying to exterminate these people. Millions were killed and when the fires were out and the blood dried [they fought so well and bravely it took a Papal army of over 300,000 troops decades to take an area smaller than Texas]. They heaped lies upon lie over their graves. Pretending they were just heretical Christians to Rome. This was needed because the Church had to hide the fact there were Pagan regions and cultures still in existence in Europe in the 13th century. And understanding the charges the Cathar's brought against Rome. Exposes the entire truth. That Catholic Rome's ideology is nothing but a Jewish made corrupted, counterfeit of the original religion of the people called "Pagans" today. Lest the church dare to actually name them and exposes themselves once and for all.

The "Cathar's" stated this garbage Jewish counterfeit program from Rome. Would damn humanity by removing the true knowledge of salvation from mankind and enslave them into the lowest state of consciousness. Turning our world into a tomb world. They recognized the Jewish Yahweh as a monster of the most depraved evil. As well as its people the Jews and their Judized Goyium.

Many Cathar's chose to die by burning on the execution dock of Rome rather than renounce truth. They threw themselves into the flames refusing to bow to the evil of Judea. They did not want to be part of Yahweh's tomb world.

Letter from Chinese Laborer Pleading for Help

Here is another appalling and most sickening account of the atrocious abuses of Gentiles from Jewish owned and operated slave labor in China. Most of these corporations are in the USA and in Europe, and make enormous profits off of Gentile slave labor. The Western Jews work on collusion with the Chinese and other Jews of the Far East to viciously abuse and exploit so-called 'goyim.' I read where some white European Jews visited China and upon entering a synagogue, the Chinese Jews stated 'You do not look like Jews' and the white European Jews replied 'You do not look like Jews either.' The Jew is a race within all other races. This is what gives them their power.

QUOTES FROM THE JEWISH TALMUD:

Nidrasch Talpioth, p. 225-L: "Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night."

Simeon Haddarsen, fol. 56-D: "When the Messiah comes every Jew will have 2,800 slaves."

Seph. Jp., 92, 1: "God has given the Jews power over the possessions and blood of all nations."

Hilkoth Akum X1: "Show no mercy to the Goyim."

Choschen Hamm 388, 15: "If it can be proven that someone has given the money of Israelites to the Goyim, a way must be found after prudent consideration to wipe him off the face of the earth."

Letter from Chinese Laborer Pleading for Help Found in Halloween Decorations

By Jessica Ferri

This letter was found in Halloween decorations purchased from Kmart. Julie Keith was unpacking some of last year's Halloween decorations when she stumbled upon an upsetting letter wedged into the packaging.

Tucked in between two novelty headstones that she had purchased at Kmart, she found what appeared to be a letter from the Chinese laborer, who had made the decoration, pleading for help.

Samsung in hot seat over abusing Chinese workers

The letter reads: "Sir, if you occasionally buy this product, please kindly resend this letter to the World Human Right Organization. Thousands people here who are under the persucution of the Chinese Communist Party Government will thank and remember you forever."

"I was so frustrated that this letter had been sitting in storage for over a year, that this person had written this plea for help and nothing had come of it." Julie Keith told Yahoo! Shine. "Then I was shocked. This person had probably risked their life to get this letter in this package."

The letter describes the conditions at the factory: "People who work here have to work 15 hours a day without Saturday, Sunday break and any holidays. Otherwise, they will suffer torturement, beat and rude remark. Nearly no payment (10 yuan/1 month)." That translates to about \$1.61 a month.

The letter was found inside this packaging. Keith, a mom who works at the Goodwill in Portland, Oregon, did some research into the letter. "I looked up this labor camp on the internet. Some horrific images popped up, and there were also testimonials about people who had lived through this camp. It was just awful."

Horrified, Keith took to Facebook. She posted an image of the letter to ask friends for advice. One responded with a contact at Amnesty International. Keith made several attempts to alert them about the letter, but the organization never responded.

With no response from various human rights organizations, Keith took her story to The Oregonian. "The reporter, Rachel Stark, got through to Human Rights Watch, but I had no luck."

This is not the first time a letter like this has turned up. Just this week, another plea was found written in Chinese on a toilet seat and posted on Reddit. Commenters on the website have questioned the letters' authenticity.

Though the letter lists the address of the specific camp, officials at Human Rights Watch were unable to verify the authenticity of the letter. However, Sophie Richardson, China director at Human Rights Watch, told The Oregonian that the description was consistent with their research. "I think it is fair to say the conditions described in the letter certainly conform to what we know about conditions in re-education through labor camps."

The concern over the conditions laborers must endure in China and other countries first came to the public eye in the 1980s with the use of sweatshops to make Nike sneakers. Since then, according to an article recently published in The New York Times, Nike "has convened public meetings of labor, human rights, environmental and business leaders to discuss how to improve overseas factories."

Tech companies, like Apple and Hewlett Packard, are being made to be accountable for their labor practices. After receiving a great deal of criticism, Apple is now making public statements that they are aware of the harsh conditions in China and are taking steps to improve them.

As for Julie Keith, she had a general idea about the conditions in Chinese labor camps, but this letter has been a dramatic eye-opener into the stark reality of the issue. "I was aware of labor camps. I knew they had factories but I had no idea of the gravity of the situation. I didn't realize how bad it could be for people."

Finding the letter has made Keith more aware of the origin of many products sold in the United States. "As I was doing my Christmas shopping this year, I checked every label. It's virtually impossible to avoid

purchasing things made in China as over 90 percent of our goods are made there. But if I saw 'made in China,' this year I asked myself, 'do I really need this?'"

In addition to the above, the jews also make a tremendous profit from selling the organs and body parts of political prisoners in China who have been tortured to death by the jewish communist system there. The jew never misses anything when it comes to making a profit.

Also, the doors in these factories are bolted shut. Some weeks back, in Bangladesh, many workers burned to death.

'112 people were killed in a textile factory fire in Bangladesh. The Nov. 24 incident was apparently sparked by an electrical short circuit that eventually sent flames racing through the nine-story building where products sold by the American discounter Wal-Mart, Dutch fashion chain C&A, and Hong Kong clothing distributor Li & Fung were made. The event was made all the more horrific because workers were trapped in the inferno as stairwells were blocked by rubbish and other materials -- and there were no emergency exits.

The Bangladesh fire touched a nerve around the world, but such incidents are more routine than is commonly known. Although major retailers such as Wal-Mart Stores Inc. (NYSE:WMT) and apparel makers such as Nike Inc. (NYSE:NKE) have increasingly taken pains to make sure that the factories of their direct suppliers meet at least minimal safety standards, these suppliers often subcontract to second- and third-tier manufacturers whose practices are not closely overseen or regulated by the multinationals. In fact, the large companies that these lower-rung outfits ultimately supply frequently don't even know them.

As a result, accidents and fires at these relatively unpoliced plants are endemic. For example, a garment-factory fire this month in the southern Chinese city of Shantou claimed 14 lives, although government officials claimed that a worker disgruntled over wages started the fire. In October, the Chinese State

Administration of Work Safety reported that 45,409 workers died in more than 210,000 workplace accidents in all types of factories during the first nine months of this year. In September, as many as 262 garment workers perished in a textile-factory blaze whose cause was listed as an electrical short circuit in Karachi, Pakistan. And, in June, another nine garment workers were injured in a fire in Lahore, Pakistan.

Even when calamity spares textile workers, the conditions they toil under can be equally desperate: In many cases, apparel makers in developing countries offer wages of \$100 per month at the high end, although that tiny amount is often reduced by factory owners who underpay without explanation or by claiming that the employee did not put in the hours that he or she actually worked. For this kind of pay, people of all ages -- mostly women -- may be asked to work in sweatshops that are distinguished by flammable material from floor to ceiling, locked doors, no fire extinguishers, and physically abusive bosses.'

*****NOTE: 'although that tiny amount is often reduced by factory owners who underpay without explanation or by claiming that the employee did not put in the hours that he or she actually worked.'

*Many of us know just how all too common this jewish cheating of hard working employees is in the USA.

Through the programs of xianity and islam, Gentile energies go into feeding the jewish agenda psychically and also through indoctrination, in the material world.

Gentiles fight jewish wars for them. Gentiles are slaughtered and killed so the jews can thrive, while the jews sit back and watch with glee.

Gentiles pay trillions upon trillions of dollars in free grant money to israel, reparations for that phony 'holoco\$t, kosher taxes and much more.

While most of us have to budget, make concessions and sacrifices regarding what we can and cannot have, go without and some even work 2-3 jobs just to make ends meet, the jew lives in opulence and

profits tremendously. You work, save, scrimp and deny yourselves so the jew can live exceptionally well and thrive.

As it reads in the bible regarding the jews:

'Thou Shalt Prosper'

The video below [which I highly recommend everyone sees] is nothing new and blatantly exposes the jews and how they use occult power, the power of suggestion and the subliminal to make the subconscious connection to manifest their workings in reality. The shootings were for the purpose of instituting gun control.

<http://www.youtube.com/watch?v=c8nTZKpmtlQ>

The USA is the only country they have not been forcibly expelled from in history and USA is Israel's bitch; always supporting israel, providing troops to be slaughtered and is a host nation, which they are now at their death grip to work to turn USA to communism here. To accomplish their agenda, they have to enact gun control.

Their use of occult powers has its roots in their gematria. The 911 was another one...very blatant. A co-worker, some years ago, showed me how a \$20.00 bill could be folded a certain way so that on the rear of it, the twin towers going up in smoke would appear. Look on the internet for this, I don't have the time to search out the websites that have this. All of a sudden, after the 911 incident, the older version of the \$20.00 bills where you could fold it that way, was taken out of circulation. They fed the public the bullshit story that 'they were too easy to counterfeit.' Well, they disappeared real fast, as too many people knew the deal

on how to fold them. The 20 is the most common currency used and circulated in the USA.

Others include presidential assassinations. I did some research on this a few years back. Note about Lincoln and the names, dates, and the numbers and how they all come together in a very creepy way, indicating the use of their version of witchcraft. 911 is another blatant one- the date, the flights, the numbers, such as 'New York City' 11 letters; just do your own research on this.

Then...we have the fucking bible. Nothing but a certain number of books, numbers of verses and so forth. It is a jewish book of witchcraft. In the meantime, they have disarmed Gentiles regarding witchcraft and spiritual knowledge. People who believe in that biblical crap and worse, those who slavishly worship that jew filth are under their psychic power and control.

They are over-confident and yes, they definitely plan things, as they know the power of their workings and this is another reason for their vast and

mind-blowing material wealth. With certain types of magick, a connection has to be made, for it to work, and to get it going. Xian psychic energy provides the means for them to feed off of and also with that foul jewsus messiah of theirs. This creates the necessary mass mind belief and connection so that their messiah manifests and then as our Anti-christ stated 'will be the funeral wreath of humanity.'

All of our Pagan priests and spiritual people were mass murdered with the inquisition and other attacks. The biggest fear for the kikes is Satan.

Belief and acceptance of xianity creates a very important opening on the soul for the enemy; the jews can then manipulate the xian like a zombie, even though he/she is not consciously aware of it. As I mentioned before,

IMO, the epic of the Trojan War is an allegory and statement on the jews, as their age-old technique of destroying Gentiles has always been from the inside, where they not only physically infiltrate, but also their bible, their media, their doctrines and other lethal SHIT. It is intermingled in nearly everything. This is how they always have an inside connection so their magickal workings succeed.

Yule And Santa

Yule And Santa

The 25th was the Pagan solstice was also celebrated for days and days. It was the birth of the SUN as it was the point where the sun stopped moving for any degrees on its lowest point in the south for three

days. Would start to move one degree back on its journey to the highest point in the North. Hence its birth on the 25.

The Yule tree is a Pagan symbol to the point its openly forbidden in the Xian bible. That is why when it was reintroduced back into European culture in Germany in the 16th century it caused such an uproar of protest from xians as a PAGAN thing for decades and still does to this day.

Its a symbol of the World Tree the human soul with the trunk being the spine and the branches the nadis of the soul. The lights on it and star at the top represent the illuminated and perfected soul. The star the symbol of the risen power.etc The World Tree is the symbol at the heart of all Satanic/Pagan culture along with the Serpent.etc

Santa Claus comes from Odin the church tried to Jew-wash this with Xian bullshit. Originally Wodan would ride His Horse Sleipnir throught the sky and come down the chimey on Yuletide eve. With presents to be put in stocking of good children. Who would leave boots full of hay for Odin's horse Sleipnir. And yes they would have the Yuletide tree in their homes as well.

Joy and Happiness & Cleaning the Soul

▣ Tue Jul 18, 2017 6:30 am

High Priest Hooded Cobra 666

Satanism is about Joy and only Joy. We have named ourselves "Joy of Satan" for a reason, because Satan is about joy, happiness, and this is also metaphysical and not material fleeting happiness as many would like to claim.

The point of life as you can see is that you have to choose where you focus on life. Everyone has their different experience to life, and in accordance with the cleanliness, power and elevation of one's soul, this can scale accordingly.

The world is a beautiful place, and this material world is also a beautiful place. However many souls due to lack of spiritual knowledge and wisdom are stuck on a lower and inferior level which is filled with brutality, un-appreciation- a living "Hell" as some idiot would say. Why is this the case? Because there is no spiritual knowledge. This is where the "Fall" of everything begins and when the dark forces actually gain leverage to destroy humanity and crush the human spirit.

There are people who are rich, and people who are poor, people who experience a better side to life, and then others who see the worst. Everyone has their own experience of up's down's and so forth. Spirituality is the ability to weed out ignorance first and foremost.

A person who 'enjoys' life like an animal without any understanding of anything, they are equally an animal. They haven't understood the true meaning of joy, which is actually to be a conscious being and appreciate your existence. They are living menially and as a robot. In the same way, the sufferer who always dwells on their suffering without trying to understand it or surpass it towards a higher understanding is equally an animal, and even worse than the first person.

What both the parties lack is WISDOM and a sense of RESPONSIBILITY. Now we are doing what we are doing not because of tears, sadness, and because we are supposed to be 'sad' about the world (we of course can experience this) but because we have to move past this state. We are RESPONSIBLE. The people who have spiritual knowledge become self-responsible and this extends outwards. We are choosing responsibility and knowledge over blissful or suffering ignorance, for both lead nowhere in the end.

All the enemy systems are focused on depression, sadness, guilt, feeling like you must die, focusing and dwelling on your death, even the death of the world as a positive thing. This is deliberate and the demented brains of destroyed souls and even more corrupted forces created these for a reason. This extended and created a world in the image of what people had in their minds.

Why did this happen? Because knowledge was forcibly removed. The enemy, the christians, all of these defiled creatures, to add result to injury, they also blame humanity for it on top of it all. While it's said openly even in their own teachings that it was them that caused this fall deliberately, because we were a different 'species' than them.

Spiritually wise I am opposed to the jews because there hasn't been a similar crime happening in the known history of mankind until now. Because after they stole a universal system that belong to everyone, they made it race specific, excluded all other human beings from their ability to evolve, and on top of it, plotted to kill all other people in the planet. Spiritually wise if one goes from there, they will see these crimes are abominations and against the will of any 'creator' or 'nature', the 'universe' or any rule of evolution. If there was such an omnipotent being, it would have smitten them already. But something like that with the sentinence as we understand it, does not exist. This is known to the whole universe.

There are however numerous beings which form a mighty power close to omnipotence and these are our Gods. And for the above the jews will be punished.

These are abominable spiritual crimes against life. After the above is said and done, they also said it was the fault of the victims that they got destroyed. This is sad, but the response should not be sadness, but rather responsibility. Sadness and tears will not solve much of this problem, as they are only human expressions of understandable grief. Humanity needs *real* redemption instead.

Happiness for a spiritual person has level. When one goes to buy a lamp to light the house of their soul, they are happy of course and overjoyed. However when this lamp goes open and they see, they may see a lot of dirt. A few people at this point shut the lamp or don't want to see what's in that room. This causes them endless grief or delusions. Because this room right here is what they will have eternally with them, whether they like it or not.

The Spiritual Satanist opens this lamp, and of course, there can be a sense of ugliness or even terror at what they see. This is because it's in the soul to know there are higher states. However one must not despair and waste time, but start cleaning. Section after section their soul cleans like a giant palace, and then they dwell in it happily. Then happiness becomes a consistent state, a cause in itself, which is permanent.

If you're sad or if you understand what is due there, you need to fight. You will want to, more accurately. Those who want to just cry over the 'fall of man' might as well join christianity and give negative energy and tears to the world all their limited existence, only to dig deeper this hole humanity has feel in. The real Satanist is a banisher of this gloom, which the enemy perverted into that Satan is the kingdom of the 'flesh' and through this they criminalized joy. He goes with his candle, in silence and wisdom and lights up the darkness so there can be sight.

Indeed fighting which shows responsibility, is far better than any 'sadness'. One has understood nothing and hasn't lit the lamp properly or doesn't want to see, if they don't see the need to clean their own house so to speak.

He who fights, can't be 'sad' in the typical sense and even if that is their 'normal' state, it will flee from them. He does something about his 'sadness' or his sense of justice, therefore it flees. From the consistent battle, it departs forever. This creates a sense of inner cleanliness and euphoria, this is cathartic.

Crying and having woe's on the human condition while doing nothing is hypocritical, and deadly.

One can also fight joyously and be twice as effective. This is a path of joy. Our seeking and longing is to promote joy and awareness, spirituality and things of such nature, not gloom. There is enough of this in this world already. People have to regain their rights to joy and happiness by re-developing their ability to experience spiritually what existence gave us freely.

Let's not look at the Joy of Satan only as a name, but a meaning. This is Satan expressing himself and his goals about the world, which are joy and spiritual awareness. These were his goals even in the stories and literature of his own enemies, for which humanity and the Gods were 'cursed'. This can create a paradise, not only in the material universe, but in the eternal spiritual world. This is the objective of spiritual Satanism, for all those who wish to make this happen, but also for the world.

The joy of the self is guaranteed if one follows Satan's decrees, advances, and grows in power, wisdom and awareness. This guarantees a happy soul, and fills one with Satan's Joy forever. As Nietzsche said one must shake away the spirit of 'gravity' and gloom.

IMPORTANT INFORMATION ABOUT 2012 - AAAAHHHHHHHHHGGHH!!!!!!!!!!!!

Every single week, sometimes even several times a week, people in the groups here go on and on about the 2012 CRAP. Satan himself told me it certainly won't be the end of the world, just another YK 2000. In addition, 'Maya' in Sanskrit means 'illusion.' Sanskrit is the oldest of known languages and is very spiritual. What this translates into it 'The END of ILLUSION' i.e., The END of LIES.

One of the most hilarious was the Christian preacher/pastor who just KNEW the end of the world would occur on some certain date. This was some 10-20 years ago and on the news. Of course, he also knew he would DEFINITELY be one of the chosen amongst the 144,000 [STOLEN and corrupted from the 144,000 nadis of the human soul] who would be saved! He KNEW the very exact date this rapture would occur. He revealed this most guarded secret to his congregation. They all quit their jobs, sold their homes, and every piece of property they owned and of course, ALL of their material possessions and were left with only the clothes on their backs. They all climbed up to the top of this large hill where the nazarene and ilk was supposed to swoop down and SAVE THEM!! Well, they waited, and waited and waited.....

After several days of waiting, some lost faith and left. The preacher, then getting a bit nervous said he was 'two weeks off.' Two weeks later, some of the more vulnerable again showed up and they waited, and waited and waited.....

Now, I have posted this before and I am reposting it again. For those of you who are impressionable concerning the predictions that the world will end, please read the following article, the hype regarding the supposed 'end of the world' is nothing new:

A Brief History of the Apocalypse

All Yoga is of Satan

The question was what is yoga and this is what some Catholic prayer warriors said in a Catholic forum. Don't do it. It's not safe for Christians to do. It's dangerous. If you want something to stretch, try Pilates, but don't do yoga.

Reply:

Many other Christian sects say the same thing. They know all of Yoga is of Satan. All of yoga works toward the same end goal of raising the kundalini SERPENT [Satan]. When you read deeper into the doctrines of advanced yoga, even though these have been corrupted, there are plenty of 'Satan' anagrams, such as 'Satnam'. Another reason is because nearly everything in that foul bible of lies of theirs was stolen and corrupted from the Far East. This knowledge was shut up like a trap years ago, but is now coming out in the open.

Christian 'Miracles'

Question:

Hard Question - If Christian miracles like when Mary walked on the church a while back and other miracles of Christianity happened then why are people telling me there's no heaven or Christian god because there has to be some explanation for these miracles???

Reply:

Some people are confused regarding so-called 'miracles' they have either heard about or in rare cases, have seen; of the enemy. I explain this below. There is nothing SPIRITUAL about the enemy or their works. Everything of the enemy is false; this is an artificial spirituality. For those who are new- 'Christian' means 'Christian'

This isn't a 'hard question' for me. I can see through the enemy's bullshit. The enemy 'god' is a collective whole of human hating and human exploiting aliens. So, just what is so spiritual about that filthy stinking alien bitch 'walking the church'? How does this help or advance humanity? What is the spiritual significance of this crap? Who cares?

My entire point here is YES, I am well aware that the program of Christianity has had its so-called 'miracles' and some prayers answered, BUT- there is a huge difference between the 100% material and SPIRITUALLY INSIGNIFICANT shows of the enemy and the TRUE SPIRITUAL AWARENESS, INNER HEALING AND UNDERSTANDING AND CONTROL OF OUR OWN DESTINY THAT WE ACHIEVE THROUGH SATAN.

The enemy grants a miracle or answered prayer every so often for show. The unenlightened then go on to praise and exalt this nefarious collective of aliens with misplaced faith, etc.

The enemy can be plainly seen in their works in that there is **NOTHING SPIRITUAL OR SIGNIFICANT TO ADVANCE ONE'S SOUL**. One is given material favors that are temporary [in this life only] and still remains an unenlightened **SLAVE**.

In contrast, Satan is very spiritual and cares about our spiritual well-being. Through Satan, we heal ourselves from the inside - out. Through Satan, our spiritual eyes are opened and we can spot potential serious errors in our lives before they occur. We can also see our own errors and how they impact our lives and the lives of others and through this, we are healed. Drug and alcohol and emotional and all sorts of other addictions are healed through Satan at the soul. Through Satanic power meditations, the addictions eventually go away and one is free.

While the enemy may take away [very few and far in-between- just for a show] someone's drug addiction, the person still remains a slave, hits a dead end where no more spiritual advancement occurs, and remains unknowing with no knowledge of how this was achieved.

Satan gives us the knowledge we need to empower, to heal and to advance spiritually. We know and we understand **HOW** these feats are accomplished. We are then motivated all the more to advance our souls in many more ways than just one. Through empowering our souls the way our True Creator God Satan intended for us to do so, we can both understand and accomplish our own miracles without being a perpetual Christian slave to an alien asshole with an ugly agenda. Satan gives this knowledge to all of his dedicated ones. In contrast the enemy picks out only a select few and then there is a dead end, other than that few go on to zealously proselytize and promote the enemy agenda to the public.

Satan shows us the way to our own spiritual freedom; our liberation and our empowerment. Satan is spiritual and works with the soul, while the enemy works to deceive and to enslave. With the enemy, the very few who are healed just for show, never go on to understand or to know how to heal themselves. **NONE OF THE ENEMY'S WORKS DO ANYTHING FOR THE VICTIM SPIRITUALLY.**

Does Satan Ever Leave His Disciples?

Does Satan ever leave his disciples? Sometimes I feel like he has left me.

Be strong and keep up on your meditations and try to do kundalini and hatha yoga every day. Satan and his Demons are and have been extremely busy. There are times I don't hear from them for days or more. I understand because I know they are busy. There is a lot at stake here and what is going on in this world right now.

The Eve of Beltane will more than likely be exceptionally busy for the Powers of Hell this year. Try to work on empowering yourself and join in the fight to destroy our enemies. Christianity is falling fast. We need more and more people to work relentlessly to completely destroy this hideous and most odious monster.
Hell's Army E-Group

There have been many times I have not heard from Satan or any Demons for days, but they are responsible and always on top of things. There was a near extremely serious and potentially disastrous situation, which would have been catastrophic for a loved one. I called upon Satan urgently and again, experienced another one of his miracles. Nothing happened to my shock and amazement. The loved one was shocked as well, and will always remember this, and knows Satan is real. This was very personal, but I can't say enough of how thankful I was to Satan [again and hundreds of times over], and how Satan handled this situation, which was nothing short of a total miracle. I have experienced many of his miracles.

Satan doesn't leave us.

ET's

IN REPLY:

What are the names of the grimoires you are referring to? The Jewish written grimoires are chock full of insulting images and depictions of Satan and his Demons [Goetia, which when traced back to its root origins 'Goy']. Any grimoires that are older than the ones corrupted by the jews are instructions for opening and empowering the soul, such as the 'Necronomicon.' The misguided and unenlightened foolishly believe the original texts to be for summoning, making contact, or even commanding the Demons/Gods. They are not.

The number '72' of the Goetia has to do with the feminine half of the 144,000 nadis of the human soul, NOT some sorcerer's 'recordings' as you state below:
The fact that they are portrayed as "72 Goetic" is simply a sorcerers recorded and ordered experiences, to which is only the tip of the iceberg for knowing the gods.

As for E.T.s, Satan himself told me. This does not come from theory, but my own personal experiences, and also the personal experiences of others.

As for your statement:

Now, of course, the latest rave is ET's... but that is simply a tactic by the enemy to distance everyone from the truth, as the ET are the gods taking an even more modern form. ET's aren't far off in outer space, but closer to home than one thinks.

Tactic of the enemy? This is the same as 'Safe Satanism' where Satan and his Demons are defined as spooks and spirits, not REAL beings. Also, it is a proven scientific fact that there are over 100 BILLION GALAXIES OUT THERE- NOT SOLAR SYSTEMS, BUT GALAXIES. Now, any thinking person would know that the earth is not the only planet with 'intelligent life.' There is both a microcosm and macrocosm= Infinity. Just because humanity has limited senses [the spiritual senses have been cut off and strongly suppressed], this does not mean that there aren't dimensions and experiences that transcend what most can understand and access. Humanity, due to centuries of being cut off from and deprived of spirituality, has a very limited understanding of higher dimensions. You can't base everything in the vast universe upon your own limited understanding and experiences, you have to think outside of this. 'There is no place in the universe that knows not my presence' --Satan, from the Al Jilwah

'For example, in 1999 the Hubble Space Telescope estimated that there were 125 billion galaxies in the universe, and recently with the new camera HST has observed 3,000 visible galaxies, which is twice as much as they observed before with the old camera. We're emphasizing "visible" because observations with radio telescopes, infrared cameras, x-ray cameras, etc. would detect other galaxies that are not detected by Hubble. As observations keep on going and

astronomers explore more of our universe, the number of galaxies detected will increase.'

NASA's ' Ask an Astrophysicist'

http://imagine.gsfc.nasa.gov/docs/ask_astro/answers/021127a.html

The earth is not flat and the planets revolve around the sun, not the earth. The earth is not the only planet that holds what we know as 'intelligent life.'

Fate and the Soul

Knowledge regarding the soul has been vehemently suppressed for centuries. Ignorance is required in order to be victims/slaves. What is within the soul determines our fate and YES, much of life IS fated. This can readily be seen in astrology charts when one is accomplished at reading them. Nearly every event that occurs within our life is fated. This is within our souls. Just as nearly everything here begins with an idea first- your house, your PC, your car, buildings, etc., the soul is what determines the quality of one's life and the events that occur therein.

Before any occurrence, such as an oncoming illness, this shows up in the aura. For example, one about to become ill, will have a grayish tinge to his/her aura for anywhere from 1-4 days, depending upon the severity. The same goes for accidents and other unfortunate events- they can be seen in the aura several days before they occur. This does not only apply to negatives, but also with good things, as they appear in the aura as well, before they happen.

Many psychics claim there is no 'time' on the astral. This is not true at all. They are seeing the past, present and future with their own soul and within the souls of others. All of this has to do with past lives.

Events are recorded within the chakras and stored there as what some term as 'seeds.' This is because they have not yet manifested. I wrote of this before- many who have problems in their love lives, made heart-felt commitments in past lives, such as being with the lover/partner in the past 'forever.' When that lover is gone, and the person has entered a new life, the commitment, which was impressed upon the soul, still remains and affects the current love life, hampering and/or ruining it. In some cases, both lovers will meet in a future lifetime, but the majority of the time, this results in hard luck for the affections. People who have this are then often born with Saturn in Libra, and/or have other astrological nasties that work to wreak havoc on the love life.

Another theme is punishing one's self and self-hatred, which is totally exploited by the Christian program, which works relentlessly to keep everyone damned. The results from this are accidents and other bad events. Going on, our souls

connect with other souls who are close to us. For example, sharing the same beliefs as another and being in close contact will establish a connection to both peoples' throat chakras. Unless the contact [seen astrally as a cord] is broken and make sure it will no longer connect, this is often dragged into a future lifetime, where both parties meet again. Strong emotions also factor in for better or worse. When strong emotions are released, this also in many cases, establishes a connection.

These seeds are dormant and it can be more than one lifetime before they blossom into actual events. There are things the average person isn't even aware of or why they do certain things. This is within the soul. When the conditions are right, the seeds blossom and then fated events occur. This is also a part of how those near death have had experiences of their entire lives passing before them. The entire life is recorded within the subconscious mind and the soul. One of the major goals of power meditation [kundalini meditation and yoga] are to BURN these seeds before they have a chance to manifest; to destroy them so one is finally free. This can also be seen in the astrology chart. This is gradual and I speak from experience here, but when you know your own chart and are very competent in making predictions- this includes reading solar and lunar returns and what you know and see in the chart does not occur, this is a sign you are burning the seeds of so-called 'karma.'

For example, I had a horrible month on a lunar return chart. One can predict a horrible month when Saturn makes a hard aspect [the closer and tighter the aspect, the worse it is] to the ruler of the lunar return chart. Mine was exact. Well, with daily meditation, hatha, and kundalini yoga exercises, nothing bad happened and the month was quite pleasant. I was shocked, but now I understand. I have seen more of this as well.

When our life energies are higher, things in our lives go much better. Kundalini meditation amplifies the energies, and must be done consistently to fix them at a higher level. When one's energies are low, this is the time problems manifest in the life, anywhere from illness to catastrophic bad luck in some cases.

Hatha and Kundalini yoga along with breathing exercises [breathing exercises fan the flames of the serpent] keep one's soul strong and protected. As I have mentioned again and again, when one's energies are amplified, one must think positive thoughts and dwell on positive things, as thoughts will tend to become reality much quicker, in this lifetime. Those with weaker/average souls, some negative thoughts, especially repeated ones remain upon the soul through lifetimes and then, manifest into reality.

Satan shows us how we can become free. Yes, it is hard work, but it pays off in your freedom and in being able to be your own god and control and direct your own fate.

Gods & Animal Forms

IN REPLY:

The animal forms are symbols, which represent the Power of the Gods. The Peacock is sacred to Satan and represents the multi-colored stage of the Magnum Opus following the Nigredo. The peacock also symbolizes the rainbow colors of the third eye when this chakra is fully empowered and activated.

Anubis is symbolized by the jackal, but this does not mean that Anubis IS a jackal. I met him and I have worked with him. He is very humanoid.

Point being, if someone has strong expectations of how the Gods or a certain God should manifest astrally, this will influence how he/she appears to that person to a greater or lesser extent; no different from astral communications. If someone strongly and subconsciously associates a certain God with his/her animal form, they may very well see them as such, but this is not the accurate appearance of the God.

As for myself, when I was new, I thought Satan would manifest as a being with red eyes and horns and would send a shiver down my spine, but I was open and didn't really know. I was very surprised to see he was tall, broad-shouldered, blonde, and wearing a long white robe.

As for the Jewish concocted and defiled grimoires, the insulting images of our Gods are to instill a very ugly and offensive image in the minds of those who read this trash, in attempts to again- use fear to deter one from establishing a relationship with the God/s. Suggestions are very powerful, especially when one is young.

Hideous and insulting images ARE of the enemy. The animal symbols for the Egyptian Gods are not.

Goetia & the Soul

All of the true spiritual has many faces, such as the physical planets out there, each has an astral influence upon our lives though our chakras; the astrology chart is a map of the soul.

Satan and his Demons are also physical beings, but each in addition, has astral influences, symbols, and messages. I have written about this before- Satan [in addition to his being a real MALE being] represents what is known as the 'Shakti' in Sanskrit; also 'Devi,' which is where the term 'Devil' comes from. This is the female aspect of the soul. This is the side that has been cut off in human beings and that which the enemy works relentlessly to suppress and destroy.

The 'angelic' side of this, like the Enochian tablets for opening the watchtowers, has been corrupted. The term 'angel' is an allegory, but one must be cautious here, as these are nefarious and truly evil beings that hate humanity. There is a very powerful riddle to the Goetia, of which is the 'Lesser Key of Solomon' which as most people here are aware of- this has been really corrupted and infused with false information to where its true meaning has been obliterated with Jewish filth.

The REAL 'Temple of Solomon' is NOT that Jewish concocted biblical filth. '666' is the Kabbalistic square of the Sun. The true meaning of the "Temple of Solomon" is the TEMPLE OF THE SUN. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen by the Jews and made into a fictitious character, as with the fictitious Nazarene and nearly everything in the Judeo/Christian Bible.

The true meaning of the "Temple of the Sun" is spiritual. This symbolizes the perfected soul, where the rays from the heart chakra, which is the center of the soul and circulates spiritual energy, radiates into 8 separate rays. The shining soul is symbolized by the sun. 8 is the number of Astaroth. This is also "The New Jerusalem." The name of "Jerusalem" has also been stolen and corrupted into a city in Israel. "Jerusalem" IS A CONCEPT!

The word 'Solomon' also represents the seven major chakras. The seven letters with the three O's of which symbolize the feminine chakras. O's are feminine, while I's are masculine in the Sigils. The so-called 'dark' half; along with the traditional association of Satanism with 'darkness' also represents the feminine aspect of the soul- the YIN in the yang. Of course, all of this has been hideously twisted and corrupted by the enemy.

All of this, including the Enochian tablets has to do with achieving the Magnum Opus of spiritual and physical perfection and immortality. From my own research,

angelic filth has no place in this. Satan himself told me how all of this is corrupted to where it doesn't even do any good to try to decipher it from the resources available. These are all codes. As for the Enochian, the letters have been corrupted from the originals and the angelic filth has been inserted into the Key of Solomon.

The TRUE Key of Solomon is supposed to be, as were nearly all of the original grimoires- a code for opening and empowering the soul. As we can see, Jews confiscated the originals, removed the spiritual truths, and replaced it with their worthless and meaningless crap, just like their fucking masterpiece- the bible.

I still have much research to do. The problem has been limited time for me. I don't have all of the answers as of yet, obviously, but in time...

Greys and Christianity

I have done research over the years and many artists of the Middle Ages painted hidden codes and messages in their works. Also, there are some hidden messages in the bible that were imbedded for future generations, that keep pointing out that the bible is a lie and the work of the true evil.

The book 'The Gods of Eden' by William Bramley, according to his theory, reptilians and enemy aliens were physically present here during the Middle Ages. This is also confirmed in several paintings of the period. Bramley's theory tied both the first wave of the bubonic plague in 1348 to these enemy aliens, which wiped out 3/4 of all of Europe.

Satan revealed to me that the Catholic Church [the original and first Christian Church] made a deal with the greys- wealth and power in exchange for souls, of which they use the energy for their own purposes. The Catholic Church began with the inquisition.

If you look to the hand position of the woman in the painting, her right hand is in a mudra- this is NOT Christian. It is of yoga and all of yoga is of Satan.

Go here for an interesting collection of ancient art, which depicts aliens:
http://www.alien-ufo-pictures.com/ancient_alien5.html

There is also one of those old grimoires that have very blatant drawings of greys inside. I believe this can be found on the Twilit Grotto website.

Guardian Demons

IN REPLY

It all depends upon who your Guardian Demon is. I have had more than one. Satan, himself has also been a Guardian to me. For years, he worked with me one on one. Now, he is and has been incredibly busy. Lilith came to me over a year ago and told me because Satan is now so busy [many extremely important and influential people call upon him for guidance], she will be working with me, which she has.

There have also been times when I had serious issues and called upon Satan. He always got back with me within some 24 hours. It is also true that when our Demons are busy, lesser Demons can take over at times. This does not mean that these higher beings cannot be in two places or more at one time on the astral. What this does mean, is happily, Satanism is growing to where many are calling upon the Powers of Hell to where it is way beyond two and three at a time.

I always try to handle whatever I can and only call upon the Powers of Hell when it is something I cannot handle. I work for Satan. In addition to his being my God, he is also my Boss. Satan and his Demons are very responsible and on top of things.

'HA' Satan

Heaven, Hell, the Middle World, these are concepts stolen from Chinese Taoism. Heaven = the crown chakra. Ever hear the term 'seventh heaven'? Hell, the hot fiery place of the serpent in the base 'lower' chakra is 'hell.'

As for the term 'Ha Satan' this was stolen and corrupted again, from yoga. 'HA'tha yoga and it has to do with the ida and pingala nadis.

Now, there is a place where the enemy keeps souls who die devoted Christians, which are 'judged' and not wanted. Certain individuals who have strong ties to Christianity have related of near death experiences, seeing this ugliness. This is NOT of Satan. Putting this in layman's terms 'God' and the 'Devil' are backwards. I note people who tie in with angels and even with some- who dabble with greys, have been shown this ugly place. It is of the enemy and is used to frighten people into accepting and believing enemy Christian filth.

Again, when serpentine energy is activated strong enough, one can see this and just how evil everything connected with that filthy bible and related truly is. When one reaches a certain, the enemy becomes powerless to deceive. Ignorance and unknowing are essential for enemy programs to succeed, also for any human to empower themselves and fight back. This is why all spiritual knowledge was systematically removed from the populace.

Another thing I forgot to add is this- through experience, anyone who uses the powers of their mind and soul [witchcraft] knows the energies used to make this work have to be compatible, so to speak with whatever working one is doing. The enemy greys who use 'the one' know this and the Christians who's souls wind up there, there is total conformity. This energy is malleable and conforming to whatever they want to use it for, with the exception of energy from war, which is violent and used for their 'black magick' purposes. This is another reason Christianity, Islam and those foul Jews are behind nearly every single war.

Imprinting on the Soul, Mantras and so-called 'Karma'

All so-called 'karma' is due to ignorance- unknowing. These new age people, along with their cohorts are nothing more than the blind leading the blind. They are so WAY-OFF in regards to their understanding of so-called 'karma' of which they apply present life problems to not conforming to some or other bullshit in the past lives, which is totally wrong.

All cause and effect has to do with a lack of knowledge. Knowledge and the application of that knowledge destroys 'karma.' For example- some of these so-called 'gurus' and 'masters' who use spiritual knowledge for only personal gain and to fill their pockets claim to have these closely guarded secrets of which they will not divulge, yaddada yaddada... I read about certain ultra-powerful black magick mantras, and I know them and how they work. Satan gave me this knowledge, of which I will be making public when he says it is ok. This is in coming.

Point being, these so-called 'masters' state how 'deadly dangerous' using these mantras and words of power are to those who use them, BUT, of course, none will explain WHY. It all boils down into having the knowledge and nothing more. When you are vibrating something like that, you are saturating your soul with the energy, which is like a poison [especially with these mantras, given their power]. Now, Runes work a bit differently, and cleaning one's aura afterwards will work, but with the mantras that I am writing about in the above, cleaning the aura will have no effect. The energy will stay on the soul to wreak havoc.

As for these 'masters' and 'gurus,' none seem to have any solutions, only a bunch of double-talk, no different from a Christian preacher. This is where knowledge comes in. In order to use a black magick mantra effectively, one must have an antidote, which is equally or more powerful to neutralize and cancel out the effects of the black magick mantra upon the self and also KNOW how to use this. As I said, I will be making all of this all public as soon as Satan gives me the ok.

Now, with the above, we can see how some charlatans will use this crap to state that 'three-fold' lie; the 'ten-fold' and all sorts of other lies to claim one should not resort to fighting back with black magick- same old shit- turn the other cheek, walk the extra mile, let injustice get out of hand, pass the buck... all of the same old Christian filth in different forms. In truth, all it boils down to is KNOWLEDGE - NOT CONFORMING TO THIS OR THAT AGENDA.

Now, Satan is and has been showing me ways to cancel bad energy upon the soul. I was working on a section for this on the JoS website. Again, the most powerful is vibration. Each of the planets in our charts corresponds to a certain chakra. The chart shows us on paper which of our chakras is damaged, debilitated, or weak. Each of the chakras rules certain areas of our life, and when they are not functioning properly, those areas of our lives are not functioning properly. Through vibration, we can empower the weakened chakras, and change this.

I know this is getting to be long here, but this is what I have been working on- [It has been completed; [click here](#)].

Sadly, because of the massive destruction of spiritual knowledge, the true way to use these has been destroyed and corrupted. Given several different sources, each presented a lame explanation of these powerful squares on how to correctly use them. Western occultism corrupted by Jewish filth instructs taking the numbers and converting them [according to the Hebrew version of numerology] into their versions of 'sigils.'

Other sources from books on mantras [from Far Eastern authors] instruct to 'draw the planetary square on a piece of paper and carry it with you.' Other sources pretty much echo these two examples. It is glaringly obvious that is not the correct way to use these.

On 11/28/10, Demons gave me the real formula for using these powerful squares. First, they are called 'Kabalistic Squares.' Now, most of you know the TRUE Kabbalah is for making use of the chanting of sound and vibration to invoke certain energies and/or to produce certain desired results in the material world. So, both of the above from popular sources is obviously bullshit explanations at trying to replace the loss of true spiritual knowledge.

In studying from Eastern sources, I have found that these squares are included in books that have mantras, BUT there are no real instructions on how to effectively use them. It is a given that certain mantras [words of power] are to be recited a certain number of times for a certain number of days and so forth. Point being, this is what a Kabalistic/Magickal Square reveals.

The Kabalistic/Magickal Square reveals a certain sequence for the recitation of a specific mantra.

*While there are some texts and doctrines that claim the third chakra is ruled by the planet Mars, we disagree. The reason being is that the root [Bija] mantra/vibration for the third chakra has always been 'RAM,' which is a variation of 'RA' as in AMON RA, the Egyptian God of the Sun. The word 'God' is also a term for the chakras.

'Jehova' Harvests Human Souls

From years of study, what I can see is several factors involved. For one, way back when, this mind hive of greys [collectively known as 'Jehova'], worked for the Gods, not just the Nordics, but other races such as reptilians. They were created to be servants, like robots on a higher level, who have self-awareness. The greys have used genetic engineering to where they can no longer reproduce naturally [through sexual intercourse] and they have also tampered with the emotion part of their brains to where they lack most emotions, but still have some, such as hatred, jealousy and resentment. They also feel a very strong bond to each other.

With the creation of humans through genetic engineering, the greys became resentful of humanity, which formed a bond with some of the Gods.

The earth is located in a corner of the Milky Way Galaxy and is out of the way in contrast to most other planets inhabited by intelligent beings. The greys and other E.T.s are far adept at what we call 'witchcraft' spellworking, and workings of the mind. Their mouths have atrophied, as they do not use them, they communicate telepathically.

Humanity has been disarmed of this power, and prevented from achieving the 'godhead,' which is everyone's birthright. This is so we can be exploited for our energy. This is no different from how cattle are used at a slaughterhouse. Because we cannot 'see,' we do not know. We cannot fight back spiritually as a whole. Christianity, Islam, and the root of Judaism have been the tools to destroy humanity and keep the earth as a cattle pen.

Wars are incited [nearly all of them either through Christianity/Islam directly or through communism, which is the same thing, with the Jews behind it. The ugly violent energy of war is used by the enemy and directed to fight their battles out there. Energy is also stored in what they call 'The One.'

When one dies, one gives off energy. This energy is then taken and used by the enemy. The earth has been under attack for centuries and is nothing more than a host for this parasitical scum. The Vatican made a deal with them centuries ago-wealth and power in exchange for souls. Spiritual knowledge was destroyed and

corrupted; removed through force from the populace. People who had active kundalini, psychic power, etc, were brutally tortured and mass murdered by the inquisition. This also extended to generations, as this serpentine energy is passed to the children from the parents. Children who had grandparents who were 'heretics' were murdered to ensure very little if any spiritual power remained. Entire villages were wiped out. Humanity had no way of fighting back or defending ourselves against this alien parasitical scum.

It is my belief that Christianity came with the inquisition [especially in Europe], and is not anywhere near 2,000 years old. History has been rewritten with lies. I also believe that there was direct alien interference right here on this earth, during the Middle Ages, which got the whole thing started, as this deal with what we now call the Vatican, was more than likely physical in contact.

I also read in 'Extraterrestrials among us' by Ted Andrews that the greys have made physical contact with some government leaders throughout history. They sat down and communicated telepathically. The leaders saw their power first hand and knew there was nothing they could do against the greys. It was frightening.

Only through power meditation, raising the serpent, awareness, knowledge, and above all- THROUGH SATAN, can they be defeated. When one is unknowing like a small child, they are powerless and can be manipulated, and that is the enemy's goal and what they have been doing to us for centuries. They look down on us like we are lower than cattle and use us accordingly for their own purposes, like humans use farm animals.

Jewish Filth

This was taken from a reply to a post I made regarding Jewish blasphemy against our Gods. As for the mention of the website, I do not advertise for Jewish sick, perverted FILTH against our Gentile Gods.

I approved this post to educate people in regards to what the filthy Jews have done to our religion over the years. Normally, I delete this sort of sick garbage, as all it does is advertise.

The website below is a blatant example of Jewish filth. Just take a look to all of the Hebrew references in there. This was very typical of what the internet was mainly comprised of in regards to Satanism back in 2000-2002. This is why I put up the JoS website.

The Jews have had nearly everything under their control in regards to the media-mainstream bookstores, schools, mainstream publishing companies, agents, television and everything else.

When I was new to Satanism, after reading Anton LaVey's writings, there was a dead end. There was nothing additional that was in any way positive concerning Satanism in any bookstore or anywhere else that I searched, except for some information on the internet, of which I printed out and read in full.

The books in reference to Satanism that were readily available were horrific to say the least. My initial experiences with Satanism and Demons were totally the opposite of all the sick filth and lies pushed upon the public. Satanism from the start was very positive in my life. Demons were with me on a daily basis. I didn't meet Satan face to face until around a year later.

I remember getting help on a regular basis without my even asking. One time I will never forget, I was hungry and broke and was out walking. I passed by a restaurant and there was a wad of money stuck to the sidewalk. This was enough for me to get a good meal. Satan blessed me with this and so much more. I also noted after performing Satanic rituals, I felt a most beautiful feeling.

We need to fight against this sort of thing. It is Jews. I have seen this time and again and the mainstream bookstores are full of this sick perverted trash, as is the Jewish controlled media. Every sick website blaspheming Satan and his Demons and full of sick filth ALWAYS contains loads of Jewish references, symbols and Jewish invented blasphemy against our Beloved Gods. Jews are naturally drawn to this sort of thing, as it is in their blood and racial memory. This is an education for new people and those who would question the JoS stance on the Jews.

Kundalini Symptoms

There are various symptoms of activated kundalini. Much of this is individual and also depends upon the stage one is at and just how close one is to raising one's kundalini all the way.

Kundalini is hot. If you are close to raising it all of the way, symptoms can include:

Feeling like your aura is on fire

Waking up feeling this way at night when asleep, feet feeling like they are on fire

Feeling hot all over

The energy buzz after doing yoga or feeling it when sitting still can now be felt when you are active, up and around. It is now either a constant or you feel it a majority of the time, active or not

Insomnia- once kundalini has risen all of the way, in extreme cases, one can go without sleep for months

- Bouts of extreme energy
- Feeling edgy at times
- A pulling sensation in the spine or at the base chakra
- A hot and/or throbbing sensation at the base chakra
- The spine becomes very hot
- A feeling of knowing things before they happen
- Intuition and other psychic abilities are amplified
- Aura/skin tingling; a burning sensation
- Vibrating inside from the energy
- Extreme physical sensitivity to sounds and other things in the environment
- Feelings of intense bliss and ecstasy

Symptoms that kundalini has been activated:

Experiencing the 'crawlies,' sensations like ants crawling

- Feelings of wanting to do inverted yoga positions, like the headstand
- Itching
- Detachment [now, this is not indifference like many books out there will try to tell you, but this is a feeling of inner calm and peace, where upsetting things in the environment do not cause physical reactions, such as nervous knots in the stomach, etc.]
- Intensified or diminished sexual desires [these do not usually last]
- Problems in concentrating [for people who normally can]
- Being scatterbrained, feeling spacey [this does not last]

More About Spiritual Allegories

I have written repeatedly in the e-groups- much of these stories are spiritual allegories that have to do with the Magnum Opus.

It is my understanding that ET families who were advanced way beyond human capabilities came to this planet thousands of years ago. Humanity were created as slaves and through genetic engineering and modification, advanced and eventually interbred with some of the Gods. This resulted in an ET war- those for humanity and those wishing to use us for psychic feeding and/or destroy us.

When I was new, yes, I read all of Sitchin's books, as these gave me an education of the Ancient Gods, some relevant ancient history, and other things related that tie into the history of Satanism. Much of his material is flawed, but there are certain things that are of value.

Everything in the Judeo/Christian bible has been stolen and corrupted from Pagan religions preceding it from hundreds to thousands of years, mainly from the Far East. This jewhova character is no different. Though this character represents a conglomerate of enemy aliens, that idiot hovering about behind a cloud is an allegory, not a real entity, and certainly not a 'supreme' entity which many double-digit IQ buzzard brained fools believe in.

The biblical history is also an total invented hoax on humanity. As for 'the one' this is a mass of the souls the greys use for their own purposes- a huge energy source. They feed off of this like any parasite feeds from a host. It is their power.

Also, from what I know, there is a huge flood of energy with bringing up the serpent kundalini, which is a working that ties into the Magnum Opus. The flood they write of [which has been corrupted] is a spiritual allegory. I am also well aware that there was reportedly some sort of flood in the Middle East several thousand years ago, but the information concerning this is conflicting and negligible and does not support any of the corrupted and fabricated accounts of 'history' in the bible [which are written in there like everything else to fit any day and age and time, as the Jews who invented this shit are full aware of history repeating itself].

I have read thousands of books cover to cover and the one thing is to sift through what is valuable and leave the worthless. One has to read between the lines. You can't take any book and believe everything, or with some- anything that is written therein.

As for the Lost Book of Enki, this was deciphered from ancient tablets, and yes, the work is based upon facts. The one known as 'Satan' is our True Creator God. As for knowledge and what is fact and what is fiction, when you work on

meditation and begin to activate and raise the Serpent of Satan, you will see and understand for yourself.

Nearly all of the legends of the Gods are spiritual allegories. There is hidden meaning that only those who have activated their serpents can see through. Scholars and others read these as literal and are way off. I mentioned this before- the Egyptian God Akhenaton is obviously a hermaphrodite [male & female]. There are all kinds of carvings and images in the temples and in other places of this entity. The true message here is the merging of the soul - the male and female aspects of the brain into one; in other words, both the right and left hemispheres work together equally and are empowered. This is what the serpent does when it rises, it unites both the right and left hemispheres of the brain. Also, the serpent images are seen everywhere in Egypt- another allegory.

As for most of humanity, both hemispheres do not work in unison and many areas of the brain are dormant. The serpentine energy, when it ascends to the crown chakra in the brain, changes this. I have read several books where scholars write numerous pages on Akhenaton, attempting to explain his 'genetic' disorder of the pituitary gland in the brain which causes his 'deformity' of having both male and female characteristics.

Now, the same goes with the writings of the Yezidis. First, if one has enough education, one will know these people have been heavily persecuted, almost to the point of extinction for their beliefs. So- it is obvious they are going to try to modify their doctrines a bit, to hide the real knowledge. Another thing is those who reach a higher level of spiritual understanding know- hidden knowledge opens itself to new understanding when one reaches this level. You have to have a higher level of spirituality to understand the hidden knowledge and symbols. What I mean by the above, is never read anything spiritual at face value. You have to read between the lines and you also have to have the spiritual experiences to know what is meant.

True spirituality has been so viciously attacked, many are fearful for their lives to reveal truth. When I speak of 'spiritual experiences,' I mean within yourself- NOT astral communications. For example- serpent energy, what it does, its affects, stages and phases one may go through in activating it and in its ascension. This is what most of the writings are about. Also, the so-called 'siddhis' when they manifest. Siddhis are the psychic abilities, such as being able to heal one's self and others, telepathy, telekinesis, premonition, etc. These powers are greatly feared by the enemy and have been vehemently suppressed for centuries. In most books on yoga, there is a plethora of misinformation and outright lies, but until one has actually gone the path and has had the experiences, especially in activating the serpent, which is the end goal, one cannot see these and most believe them. They are deterrents that upon taking this incorrect information at face value- succeeds in driving most people away.

As for the Judeo/Christian bible, when one has enough walls knocked down in the mind, one can see how many hidden messages all throughout the entire damned book repeatedly warn the reader [who must be on a higher spiritual level- the serpent activated] that bible is a work of evil and is a book of lies, and that Satan is God. With enough empowerment and knowledge, this can readily be seen.

Raising the Serpent of Satan

Awakening chakras is different from raising the kundalini serpent. Awakening chakras is a preparation, and helps to clear, activate and open them for the safe ascension of the Serpent of Satan.

Through consistent yoga and meditations, kundalini rises little by little and then retreats back to the base chakra. This is before the serpent rises as a whole to the crown chakra, which is a major event and changes one's life forever in a positive way.

The point of this sermon is concerning personal hang-ups which interfere and block the safe ascension of the serpent. Unfortunately, sex is a huge one for most of the populace. The Christian and Islam programs, which work relentlessly and very forcefully to remove spirituality and all spiritual knowledge know sex is a major factor in raising the serpent.

When one has any shame, fears, repression, guilt, or other negative attitudes towards sex, the second chakra which is ruled by sex is blocked and the serpent cannot ascend. I was recently reading where some guru dependent individuals who have fallen for the Christianized filth that has infested much of Eastern teachings, have had some very ugly experiences when the serpent energy manifested in their second chakra. These individuals were very sexually repressed and had a plethora of hang-ups.

The underlying theme in all True Satanism is FREEDOM. FREE YOUR MIND, ACCEPT YOURSELF FOR WHO YOU ARE- BE YOURSELF!! Always being sorry, repenting, personal shame, and other related crap is NOT a part of Satanism!!

In facilitating the rising of the serpent, the less hang-ups you have, the better. Hang-ups are stored in the chakras and act as major obstacles and blocks to the serpent energy. The Christian churches and Islam know all too well, and work to create as many hang-ups and psychological problems, self-loathing, low self-

esteem, repression of sexuality, and emotions and every other ugly anti-life and anti-spiritual thing they can to PREVENT humanity from evolving spiritually to a higher level and seeing the truth.

When problems begin and are repressed, chakras and the soul as a whole become ill. This also manifests in the body and in life experiences. Things bleed over and get ugly all around. This is another major reason Christians prey upon our youth. They work to ruin them when they are young and vulnerable, when their minds are fragile and receptive to suggestions, implanted thoughts and are easily programmed.

The teachings of the Far East where True Satanism originated have been severely corrupted. There are no dietary laws, no sexual restrictions, no certain ways one is supposed to live or any certain things one is supposed to observe. Consistent workings- hatha and kundalini yoga and other forms of meditation [putting in and devoting your time and working consistently on your soul is the true meaning of 'sacrifice'] WILL work from the inside out. The meditations and yoga produce changes on their own. Live your life as you will. Eat as you will, have sex as you will and above all remember- SEXUAL ABSTINENCE IS NOT HEALTHY!!

Whether you are alone or with a partner/s, this must be relieved. If anyone here has any doubts on this- look at the average Catholic priest for a prime example of the results of celibacy.

I am posting this article here again. You can only be free when your mind is free:

FREE THOUGHT

Everyone knows free thought is the ability to think for one's self, but how many people actually apply this? Only when you can completely free your mind, will you be able to come into your own and know yourself. How to think, what to think, what to believe, what our likes, our dislikes, our concepts of right, wrong, good and evil are, are constantly being programmed by the media, peer pressure and those in power. Those in power can refer to the government, parents, family, educational institutions and textbooks, the system, the medical association and so forth. Many live their lives by the values of others and as a result, they never come to know themselves. People are TOLD what to think and believe.

The television is a good example. Canned laughter implies something is supposed to be funny and it's OK to laugh. Background music lets the viewer know when he/she should get scared or anticipate something. Emotional scenes lead some people to tears. Life is much like this. One is supposed to obtain some form of approval for any and every thought and/or action.

Take a look at the Christian church. Everyone is repeatedly told this nefarious enemy of humanity is something "good." In spite of the continuous and blatantly

obvious signs to the contrary, most people actually believe this to be true. The Christian bible is called the "good book."

This "good book" is full of mass murder, slaughter, torture, gang rape, prostitution, cannibalism, infanticide, mutilation, blood sacrifice, curses, feces, hatred, and every ugly thing know to humanity. It has incited war, slavery, bloodshed and destroyed the lives and mental health of billions.

When we come to Satan, he opens the door to our spiritual cages and gives us a hand in getting out. The rest is up to us. He is always there for guidance and support, but above all, he wants us to be free. Satan, who is the True God, is the liberator of humanity.

Ask yourself; what do I think? How do I feel? NOT how *SHOULD* I think, or what would someone else think, or what does everyone else think. We are all individuals. We all have different preferences and tastes. Just because someone else likes or dislikes something, that doesn't mean you as an individual should feel the same way. Whenever presented with a dilemma or something new, ask yourself the above questions. Satanism is free thought in the extreme, yet, so few are able to actually think for themselves.

Now, of course, those in power are dead against free thought. Sheep are easily controlled. Personality tests are given to determine those who are a threat (think for themselves and don't conform). Though unaware, how we should think is drummed into our heads from the time we are born. Very few people really know themselves, in spite of living with themselves 24/7. This is really sad.

It's not all that hard. Just remember to always and frequently ask yourself to start out with; do I think this is right or wrong for me? How do *I* feel about this? What is *my* opinion? There are no right or wrong answers here. Just get to know yourself. This may take time, but in the end, you will experience the bliss of being free.

Start completely deprogramming your mind today. All of us are programmed to greater or lesser degrees and most are not even aware of it.

Follow up to Sermon 3/15/10 [above]

True Satanism is all about raising the serpent. Demons work with us one on one to accomplish this goal. In ancient times, during the time known as 'The Golden Age' before the coming of Christianity and its ugly jewish root and filthy Islam, the original priesthood was of the serpent- those who had advanced to where they had their kundalini fully ascended. The purpose of the true priesthood was to teach and guide others to accomplishing this goal.

There are many books and much information regarding 'Kundalini Awakening' out there. Again, I repeat- nearly all of these have incorrect and corrupted information in them. Lilith has been working with me and guiding me to the truth. There are no restrictions. Authors who get these books published are on the wrong path. They advocate all kinds of abstinences. Abstinence is NOT the way to go. Neither is any form or sort of repression. Those who have advocated celibacy or continuous retention of semen [for men] and claim longevity and/or immortality from doing this- I have seen 'born--died.' Many are dead and NONE lived to be any extraordinary age. This is extremely unhealthy, both physically and psychologically.

The serpent REQUIRES sexual energy. This is the reason the Christian churches work overtime attacking sexual pleasure and work to repress sexual urges and intercourse. When one has awakened the serpent, orgasms are drastically intensified and there is a full body orgasm which extends to the aura. Orgasm opens the chakras and releases energy, thus facilitating the ascension of the serpent.

I wrote of this before and again- the true way and safest way to achieve ascension of the serpent is to free your mind. Repressed hatred, anger and any other emotions will only create problems and block your chakras, either keeping the serpent down, or causing major problems when the serpent does ascend past the base chakra.

Everything in the enemy programs of Christianity, Islam, etc., work to see to it that humanity never evolves spiritually or achieves spiritual liberation, physical and spiritual immortality. Their entire doctrines are structured to prevent humanity from becoming free and evolving to a higher level through the raising of the serpent.

Constant repentance, always having to 'be sorry' gives the victim low self-esteem, self-loathing, and worse. This acts to create psychological blocks and hang-ups. When the serpent begins to ascend to the higher chakras, trying to control this energy will only result in serious problems, as this energy acts to free the mind and the soul, while at the same time, expand consciousness. The symbol of the serpent cobra with the hood represents the expanded consciousness. When there are hang-ups and repressions, these act as a combat zone in the chakras and are major blocks. This is why some people, namely new age people have 'kundalini madness' or other very serious psychological problems when they advance to a certain point.

In fact, most of the doctrines in kundalini yoga books are designed to see to it that people DO have problems. This is a result of centuries of corrupted information.

When you reach a certain level and have the direct experience, you can see through all of the bullshit, for what it is. If you have anger or hatred towards anyone, certain people, places, things, etc., then that is the way it is. Trying to repress this or change it when working on the serpent will result in disaster.

I can tell you the exercises on the JoS website for ascending the serpent-kundalini and hatha yoga, these work to heal any problems from the inside out, like obsessions, addictions and other things. If you hate something or someone, acknowledge this and so be it. There is a reason for hatred. Hatred is a normal HEALTHY emotion! ACCEPT IT! The entire underlying message in Satanism is to be free. When the serpentine energy starts flowing through the higher chakras, one needs to just let go. Don't try to control it. Just accept who you are and how you feel.

The serpent can also activate and amplify certain unwanted thoughts. Again, just let go. Focus on something else. Don't try to suppress or control it. Don't feel guilty about anything.

Kundalini and hatha yoga, when done consistently and for any length of time will result in detachment. What I mean by this is your emotions, whatever they are will no longer control you, as with in certain people. There will be inner contentment, peace, and happiness. You will feel on an even keel so to speak. When others are coming unglued in stressful situations, you will be able to keep a calm head, and think clearly. There is a peaceful inner bliss that becomes constant.

'I teach and guide those who follow my instruction. If anyone obey me and conform to my commandments, he shall have joy, delight, and comfort.'

-- Satan

Kundalini and hatha yoga exercises heal from the inside out, especially many psychological problems. The serpent is extremely powerful. The complete raising of the serpentine energy is a commencement to higher powers. This is where the so-called 'siddhis' come into play. Unlike the instructions in most books on yoga out there, one should strive to perfect the siddhis. For example, when one works consistently on telekinesis [moving objects using the powers of the mind], with activation and eventual ascension of the serpent, this will become much easier and should be practiced if this is one's goal, as this will strengthen and fully open the dormant areas of the brain which make this feat possible.

In closing, I want to mention kundalini is exceptionally powerful. It is the life force. This is analogous from living off of a 20 watt light bulb and then all of a sudden jumping to 200 watts. One must be able to handle this both psychologically and physically. If you are able to, physical fitness is very important in that your body is strong enough. Flexibility is another. The spine must be flexible. This is the basis

of hatha and kundalini yoga, while these exercises work directly upon arousing the serpent.

Some people complain of energy pooling in the legs. This is very bad and can be dangerous. To correct this, the legs, hips, and spine should be stretched daily. The key word for all aspects of raising the serpent is 'FREE.'

For people who have trouble doing a full hatha yoga routine, the 'Sun Salutation' set of yogic exercises is excellent:

The above can also be a compliment to any kundalini/hatha yoga program and can act as an excellent warm up after getting out of bed. These are easy and greatly help in improving flexibility, which is necessary for the serpent to ascend safely. One can begin with 2 rounds and work up to 12.

Sermon 1/08/10: Regarding Black Magick

In Satanism, it is important to be able to be adept at both black and white magick. One should always be able to defend one's self. Summoning Demons and asking Satan for help is not a solution. We should use our own energies or the energies around us for our own purposes, not ask for energy from the Powers of Hell. Satan and his Demons are here to give us the knowledge we need to empower ourselves. They are our teachers.

The real purpose of black magick is for rendering justice; punishing those who have wronged you. Black magick is very different from white magick. With black magick, negative energy is generated and directed towards the hated one. Black magick can backfire or rebound. This doesn't mean that it will, but there are a few things to be aware of, to take care this does not happen. White magick is much easier than black magick. Black magick takes skill and more. Black magick is causing harm to a hated one. This can manifest as illness, bad luck, accidents, and even death. For most new people and those with little or no experience in working with the powers of the mind and soul, one should be proficient in white magick before seriously attempting black magick. With anything, it is advisable to start out small and gradually work your way to bigger things.

There are a few points to bear in mind and to always remember:

If your hated one's soul/aura is much stronger than yours is, your magick can backfire.

This is analogous to throwing a punch at someone who is obviously bigger and stronger than you are. Each of us comes into this world with different strengths of

the soul from our past lives. This is no different from how some people are naturally physically stronger than others; they are born that way. BUT, when one meditates, does yoga and works on one's soul and mind, like working out in the gym, one who works on one's self can far surpass a natural, if the one with the natural abilities does nothing with them, and/or nothing to further develop or maintain them.

In the case where justice is strongly needed and the hated one's soul/aura is much stronger, one can program one's aura to deflect any negative energy from the hated one. This works well in situations where there is ongoing abuse. This must be done daily and frequently affirmed, for example: visualize a white light [white deflects and repels] engulfing your entire being and program it- "My soul and aura are constantly and continuously deflecting and repelling [name of hated one]'s energy and sending it right back to him/her to destroy him/her." If you are new or weak in your soul, you must do this very often and it can take months in some cases, depending upon how strong the hated one is. In the meantime, you need to work on your own powers every day.

There are ways to determine if another's soul is stronger than your own. For one, your attempts at cursing them will not work. Being aware of certain things like an inability to really concentrate the negative energy on them. Each of us is individual. This takes knowledge of one's self along with experience, but interfering thoughts such as repeatedly seeing a room or place where you may have experienced unhappiness as a child. When trying to concentrate or visualize - this goes for both white and black magick; ANY magick or working, and when these certain thoughts or scenes keep cropping up, there is strong interference with manifesting the working. With black magick, be aware. Back off and devise something else, or work on yourself to strengthen your own powers.

Rituals are not needed. If one wishes to do a ritual, again, this is individual. When one is spiritually strong and powerful, all one needs to do is to hate the offending one and/or willfully direct negative energy towards him/her and state the proper affirmations which should again- be in the present tense, short phrased and dirty, grey, black [black absorbs] or other ugly energy should be focused surrounding the hated one.

Most workings are not a one-time deal, like a one time ritual, but must be repeated over and over. There is often a lag time involved. The lag time is indicative of the opposing energies, from the strength of the soul of the hated one to the other surrounding factors. This can be anywhere from a few hours to days or even a week or more. If nothing happens after a few weeks, your own energies were too weak, and the working must be repeated.

Black magick also is in many cases assisted by the planetary energies. A waning Moon; Moon signs, certain planets dominating the hour or day, and so forth. When the hated one's soul is much stronger, there are some ways to get around

this. Hard Saturn transits facilitate black magick. Even the strongest of souls will weaken under a bad Saturn transit to the personal planets, first house, and other key points.

In closing, always remember, the stronger your soul, the more effective your workings, both white and black. One should work on one's soul every day. Meditation, serpent yoga and training in visualization, concentration and working with energies. Again, thoroughly cleaning your aura after any serious working is important. Satanic words of power, mantras, and runes can be vibrated, which will also assist in the cleaning and ridding of any negative energies.

As Beelzebub stated, Satanists should not curse other Satanists. Along with maintaining Satanic unity, which is what Satan wants, some brothers and sisters are directly under the protection of the Powers of Hell. When you have direct protection from the Powers of Hell, nothing can touch you. Curses will definitely rebound upon the one who is throwing them and worse. Anyone having any serious problems with another Satanist, is best to go to Satan about him/her.

Regarding Science

With more intensive study, it is glaringly apparent that the reason Christianity has so vehemently attacked and repressed physical science is because advanced physical science leads to spiritual truths. At an advanced point, both meet. As I have already written on the JoS website and in numerous sermons, everything of the occult [spiritual] can be scientifically explained. Both physical science and spirituality complement each other and are twins. If one advances far enough in either, each eventually explains the other. They are in agreement. Unfortunately, Christianity and its ilk have held humanity back seriously and dangerously in both.

Seeing Negative Alien Entities

Question:

For some reason, recently, after starting power meditations, I have been seeing alien images when I close my eyes and it is very hard to meditate, and it is very frightening. I try very hard to ignore it by listening to soothing/calm music but after a short while it finds its way back and I feel like I am going crazy sometimes. Please HELP!

Reply:

Many of us have experienced the same. Just like their zombie Christian assholes who relentlessly push their filth and won't take NO for an answer, enemy ET's do the same. When this vermin invaded my meditations, I just tuned it out. I tune

them out and they go away. The enemy thrives on attention. Give them nothing and above all, don't stop meditating or slacken in your meditations. If you do, they are accomplishing their goal. I also am aware they try to stop us or hinder us from regular meditation. Know this and strengthen your resolve.

Remember, when you give something like that your attention, or worse, an emotional response, it gives them power. They thrive on this sort of thing.

Regarding Living Blood Sacrifice

Question:

I seek your guidance and help. I am ready to make a commitment. I'm sick of the lies and fear society is trying to inflict upon me. All I ask for is the truth. I don't believe Lord Satan or his Demons are evil at all, but I must ask this- Is it true that you guys do blood rituals on infants? Or is that nothing but lies as well?

Answer:

NO!!!! That is abominable!! Both animals and children are sacred in Satanism. True Satanism is raising one's kundalini serpent and using one's OWN ENERGY for rituals- NOT magical parasitism. The Jews and the Christian Church is responsible for occult crimes through their outrageous lies as to what Satanism is all about in their relentless attempts to destroy spiritual knowledge. The Nazarene is a real blood sacrifice. Satan does not promote or get into these sorts of things. All of that filth is Judeo/Christian. We use our own powers and at times, the powers from the earth beneath us- NOT living beings.

2000 Years of Jewish Ritual Murder [No different from the Old Testament of the 'Holy Bible'] :

2000 Years of Jewish Ritual Murder

The Jews work very hard to keep Satanists/Pagans from being heard when speaking of the Jewish crimes against humanity. The most you'll usually find regarding the truth about the Jewish ritual murders are from Christians. In the Talmud and the Protocols of the Elders of Zion, the Jews have replaced the term Gentile (Pagan/Satanist, who's God is Satan) with "Christian" and "Christ." As High Priestess Maxine wrote in a sermon about how the Jews deceive, "Christian" is a code word for Pagan/Satanist. With this being said, the Jews are not blaspheming their beloved messiah Jesus of Nazareth (Ben Yahashua), but Satan who is the true God of the Gentiles. There are millions of other cases of Jewish ritual murder, but here is a comprehensive list that covers from the years before the common era to 1932. Satan demands that Gentiles see the Jews for

the sick murdering pedophile, lying bastards that they really are. Those who read this and still don't have a problem with the Jewish race, have a death wish.

"Human sacrifices are to-day still practised by the Jews of Eastern Europe.... as is set forth at length by the late Sir Richard Burton in the MS which the wealthy Jews of England have compassed heaven and earth to suppress, and evidenced by the ever-recurring Pogroms against which so senseless an outcry is made by those who live among those degenerate Jews who are at least not cannibals." - Aleister Crowley

THE COMPILATION OF JEWISH RITUAL MURDERS FROM BCE UNTIL 1932

The earliest of historians, Herodotus, informs us about the Hebrew cult of human sacrifice. He writes: "The Hebrews sacrificed humans to their God Moloch." (Herodotus, Vol. II, p. 45)

The ritual murders that have been passed down through writings since before the current era until today are:

169 B.C. -- "King Antiochus Epiphanes of Syria, during the plundering of the Temple of Jerusalem, found a Greek lying on a bed in a secret chamber. He begged the King to rescue him. When he began to beg, the attendants told him that a secret law commanded the Jews to sacrifice human beings at a certain time annually. They therefore searched for a stranger which they could get in their power. They fattened him, led him into the woods, sacrificed him, ate some of his flesh, drank some of his blood, and threw the remains of his body into a ditch." (Josephus, Jewish historian, Contra Apionem)

418 A.D. -- Baronius reports the crucifixion of a boy by the Jews at Imm, between Aleppo and Antioch.

419 A.D. -- In the Syrian district of Imnestar, between Chalcis and Antioch, the Jews tied a boy to a cross on a holiday and flogged him to death. (Socrat)

425 A.D. -- Baronius reports the crucifixion of a boy.

614 A.D. -- After the conquest of Jerusalem, the Jews purchased, for a small amount of money, 90,000 prisoners from the Persian King Chosros II and murdered them all in the most disgusting ways. (Cluverius, Epitome his. p. 386)

1071 A.D. -- Several Jews from Blois crucified a child during the Easter celebration, put his body into a sack and threw it into the Loire. Count Theobald had the guilty ones burned alive. (Robert of Mons, Mon. Germ. hist. Script VI 520)

1144 A.D. -- In Norwich, during Passover, 12-year-old St. William was tied by the local Jews, hanged from a cross, and his blood drained from a wound in his side. The Jews hid the corpse in the nearby woods. They were surprised by a local citizen, Eilverdus, who was bribed with money to keep quiet. Despite this the crime still became notorious. (Acta sancta, III March, Vol., p. 590)

1160 A.D. -- The Jews of Gloucester crucified a child (Mons Germ. hist. Script 520)

1179 A.D. -- In Pontoise, on March 25th before Passover, the Jews butchered and drained St. Richard's body of blood. Due to this, the Jews were expelled from France. (Rob. of Turn., Rig.u.Guilliel. Amor.)

1181 A.D. -- In London, around Easter, near the church of St. Edmund, the Jews murdered a child by the name of Roertus. (Acta sanct, III March Vol., 591)

The murder was carried out in the cellar of the Jewish Butcher, Moritz Levi, after the victim had been lured there by a young Jewess. On the day of the murder, a large number of foreign Jews were in Konitz who departed the next day without any plausible reason being given for their visit. Among them were the butchers Haller from Tuchel, Hamburger from Schlochau, Eisenstedt from Prechlau and Rosenbaum from Ezersk. The Konitz butcher Heimann disappeared shortly after the murder.

1911 A.D. -- The 13-year-old schoolboy, Andrei Youshchinsky was murdered in Kiev on March 12th. After eight days, his corpse was found in a brickyard completely slashed to pieces and bloodless. Suspicion fell on the Jewish manager of the brickyard, Mendel Beiliss. The case did not come to trial until two and a half years later (Sept. 29th to Oct. 28th, 1913). In the intervening period numerous attempts were made to lead the investigating officers on to the wrong track. Meanwhile a large number of incriminating witnesses suffered sudden and unnatural deaths; false accusations and confessions followed one after another due to huge money bribes. Behind the accused lurking in the shadows, was the figure of Faivel Schneerson of the Lubavitchers, leader of the 'Zadiks' ('Saints') of the Chassidim sect, who was the spiritual director of the murder. The trial ended with the release of Beiliss, but at the same time the court established that the murder had taken place inside the Jewish brickyard, which was the religious center of the Kiev Jews, for the purpose of obtaining blood. Almost all the prosecutors, witnesses, and authorities who had spoken out against Judaism, later fell victim to the Bolshevik Terror. (Ausführliche Darstellungen des Prozeßes enthalten 'Hammer' Nr. 271, 273, 274, 275; Oktober bis Dezember 1913)

1926 A.D. -- The bodily remains of the children Hans and Erika Fehse were found in a parcel on the public square in Breslau. The children had been butchered. The corpses were bloodless. The genitals were missing. The Jewish butcher was believed the culprit. He disappeared without a trace.

1928 A.D. -- The college sophomore Helmut Daube was butchered on the night of the 22nd-23rd of March, 1928. In the morning, the blood-drained corpse lay in front of his parents home. (cf. 'Der Sturmer')

1929 A.D. -- The murder at Manau. The boy Karl Kessler was found butchered and bloodless on March 17th, 1929, several days before Passover. (cf. 'Der Sturmer')

1932 A.D.-- Martha Kaspar was butchered and dismembered at Paderhorn on March 18th, 1932. The pieces of the corpse were drained of blood. The Jew, Moritz Meyer, was convicted and received 15 years in prison. (cf. 'Der Sturmer')

"These are 131 ritual murders which are known and have been passed down to posterity in writing. [LSN: There are actually some others, particularly in the ancient period, which are not listed here.] How many have occurred and nobody today knows about them! How many thousands, yes, perhaps HUNDREDS of THOUSANDS have remained undiscovered! To torture young, innocent human beings, to kill and drink their blood, this is the greatest and most terrible aspect of all the crimes which International Jewry has taken upon itself!"

This information came from a source that had a Christian bias to it, but the fact that the majority of the earth's population haven't figured out yet is that Jewish and the sister title "Christian" are none but the same. "Christian" is actually a title that Jews give to the dupes who have fallen under the spell of that Jewish "religion" called Christianity.

Jehova, the Bible, and Human Blood Sacrifice

Human Sacrifice in the Bible

Deuteronomy 12:27

And thou shalt offer thy burnt offerings, the flesh and the blood, upon the altar of the LORD thy God: and the blood of thy sacrifices shall be poured out upon the altar of the LORD thy God, and thou shalt eat the flesh.

The Judeo/Christian bible is chock full of blood sacrifice- HUMAN blood sacrifice. Most Christians rely on what their preacher has to say and/or are too lazy or mentally challenged to read and study for themselves. How many people bother to REALLY THINK?? In addition to the blatant human blood sacrifices for jehova, bloodbath after bloodbath took place under the direction and orders of this bloodthirsty entity in the form of numerous wars and other acts of inhumanity. Gentile Holy texts and sacred writings have been replaced with this Jewish invented and written filth. There is nothing spiritual about it, just murder after murder, no different from the Jewish controlled Hollywood and its emphasis on violence, bloodshed, and murder to no end.

Exodus 22:29 "Thou shalt not delay to offer the first of thy ripe fruits, and of thy liquors: the firstborn of thy sons shalt thou give unto me."

Ezekiel 20:25-26 "Wherefore I gave them also statutes that were not good and judgments whereby they should not live; "

20:26 "And I polluted them in their own gifts in that they caused to pass through the fire all that openeth the womb that I might make them desolate, to the end that they might know that I am the Lord."

II Samuel 21 is another example of blood sacrifice to appease Jehova.

21:6 Let seven men of his sons be delivered unto us, and we will hang them up unto the Lord in Gib'e-ah of Saul, whom the Lord did choose.

21:9 And he delivered them into the hands of the Gib'e-on-ites, and they hanged them in the hill before the Lord: and they fell all seven together, and were put to death in the days of harvest, in the first days, in the beginning of barley harvest.

21:10 And Riz'pah the daughter of A-i'ah took sackcloth, and spread it for her upon the rock, from the beginning of harvest until water dropped upon them out of heaven, and suffered neither the birds of the air to rest on them by day, nor the beasts of the field by night.

When seven men are murdered in cold blood in order to appease Jehova in hopes that he will end a famine, it can only be called human blood sacrifice.

More Blood Sacrifice:

Numbers 31:25 And the Lord spake unto Moses, saying,

31:26 Take the sum of the prey that was taken, both of man and of beast, thou, and Eleazar the priest, and the chief fathers of the congregation:

31:27 And divide the prey into two parts; between them that took the war upon them, who went out to battle, and between all the congregation:

31:28 And levy a tribute unto the LORD of the men of war which went out to battle: one soul of five hundred, both of the persons, and of the beeves, and of the asses, and of the sheep:

31:29 Take it of their half, and give it unto Eleazar the priest, for an heave offering of the LORD.

31:30 And of the children of Israel's half, thou shalt take one portion of fifty, of the persons, of the beeves, of the asses, and of the flocks, of all manner of beasts, and give them unto the Levites, which keep the charge of the tabernacle of the LORD.

31:31 And Moses and Eleazar the priest did as the LORD commanded Moses.

31:32 And the booty, being the rest of the prey which the men of war had caught, was six hundred thousand and seventy thousand and five thousand sheep,

31:33 And threescore and twelve thousand beeves,

31:34 And threescore and one thousand asses,

31:35 And thirty and two thousand persons in all, of women that had not known man by lying with him.

31:36 And the half, which was the portion of them that went out to war, was in number three hundred thousand and seven and thirty thousand and five hundred sheep:

31:37 And the LORD'S tribute of the sheep was six hundred and threescore and fifteen.

31:38 And the beeves were thirty and six thousand; of which the LORD'S tribute was threescore and twelve.

31:39 And the asses were thirty thousand and five hundred; of which the LORD'S tribute was threescore and one.

31:40 And the persons were sixteen thousand; of which the LORD'S tribute was thirty and two persons.

This excerpt was taken from "The Handbook of Jewish Knowledge" by Nathan Ausubel ©1964; pages 302-303

"Jephthah, one of the ruler judges following the conquest of Canaan, had sacrificed his only daughter to the God of Israel in a celebration of a military victory against the Ammonites; Samuel "the seer" had hacked in a sacrificial manner the body of Agag before God; David, the sensitive poet king had handed the seven sons of Saul to the Gibeonites "to hang them up unto God."

An example of this can be seen below, how the verse was changed in Judges 11:39.

In the others, the human has been replaced with a "lamb."

Judges 11:34

And Jephthah came to Mizpeh unto his house, and, behold, his daughter came out to meet him with timbrels and with dances: and she was his only child; beside her he had neither son nor daughter.

11:35

And it came to pass, when he saw her, that he rent his clothes, and said, Alas, my daughter! thou hast brought me very low, and thou art one of them that trouble me: for I have opened my mouth unto the LORD, and I cannot go back.

11:36

And she said unto him, My father, if thou hast opened thy mouth unto the LORD, do to me according to that which hath proceeded out of thy mouth; forasmuch as the LORD hath taken vengeance for thee of thine enemies, even of the children of Ammon.

11:37

And she said unto her father, Let this thing be done for me: let me alone two months, that I may go up and down upon the mountains, and bewail my virginity, I and my fellows.

11:38

And he said, Go. And he sent her away for two months: and she went with her companions, and bewailed her virginity upon the mountains.

11:39

And it came to pass at the end of two months, that she returned unto her father, who did with her according to his vow which he had vowed: and she knew no man. And it was a custom in Israel,

11:40

That the daughters of Israel went yearly to lament the daughter of Jephthah the Gileadite four days in a year.

Just how obvious can this get? In Judges 11:35; Jephthah "rents" his clothes. For those of you who are unfamiliar with this term, it is a hebrew and also ancient custom to rent (tear/rip) one's clothes upon the death of a loved one.

"for I have opened my mouth unto the LORD, and I cannot go back." He has made a promise to sacrifice his only daughter to jehova. It is also glaringly apparent jehova demanded this act in exchange for his victory over his enemies and "the children of Ammon" as he stated "I cannot go back."

In Judges 11:37; His daughter states "Let this thing be done for me: let me alone two months, that I may go up and down upon the mountains, and bewail my virginity" "This thing be done for me" and "bewail my virginity" Here it is obvious jehova demanded the sacrifice of a virgin.

Judges 11:39; When she returned to her father "who did with her according to his vow which he had vowed: and she knew no man." and Judges 11:40; "the daughters of Israel went yearly to lament the daughter of Jephthah" This is so obvious, he sacrificed his only virgin daughter to jehova who DEMANDED this act in exchange for his securing a victory for Jephthah.

CANNIBALISM:

Deuteronomy 28:53

And thou shalt eat the fruit of thine own body, the flesh of thy sons and of thy daughters, which the LORD thy God hath given thee, in the siege, and in the straitness, wherewith thine enemies shall distress thee:

28:54

So that the man that is tender among you, and very delicate, his eye shall be evil toward his brother, and toward the wife of his bosom, and toward the remnant of his children which he shall leave:

28:55

So that he will not give to any of them of the flesh of his children whom he shall eat: because he hath nothing left him in the siege, and in the straitness, wherewith thine enemies shall distress thee in all thy gates.

28:56

The tender and delicate woman among you, which would not adventure to set the sole of her foot upon the ground for delicateness and tenderness, her eye shall be evil toward the husband of her bosom, and toward her son, and toward her daughter,

28:57

And toward her young one that cometh out from between her feet, and toward her children which she shall bear: for she shall eat them for want of all things secretly in the siege and straitness, wherewith thine enemy shall distress thee in thy gates.

28:58

If thou wilt not observe to do all the words of this law that are written in this book, that thou mayest fear this glorious and fearful name, THE LORD THY GOD;

HUMAN BLOOD WAS NOT ENOUGH, JEHOVA GAVE CLEAR INSTRUCTIONS FOR THE RITUAL SLAUGHTER OF ANIMALS AS WELL:

Exodus 20:24

An altar of earth thou shalt make unto me, and shalt sacrifice thereon thy burnt offerings, and thy peace offerings, thy sheep, and thine oxen: in all places where I record my name I will come unto thee, and I will bless thee.

Exodus 24:4

And Moses wrote all the words of the LORD, and rose up early in the morning, and builded an altar under the hill, and twelve pillars, according to the twelve tribes of Israel.

24:5

And he sent young men of the children of Israel, which offered burnt offerings, and sacrificed peace offerings of oxen unto the LORD.

24:6

And Moses took half of the blood, and put it in basons; and half of the blood he sprinkled on the altar.

24:7

And he took the book of the covenant, and read in the audience of the people: and they said, All that the LORD hath said will we do, and be obedient.

24:8

And Moses took the blood, and sprinkled it on the people, and said, Behold the blood of the covenant, which the LORD hath made with you concerning all these words.

More instructions from Jehova for blood sacrifice:

Exodus 23:18

Thou shalt not offer the blood of my sacrifice with leavened bread; neither shall the fat of my sacrifice remain until the morning.

Exodus 29:10 And thou shalt cause a bullock to be brought before the tabernacle of the congregation: and Aaron and his sons shall put their hands upon the head of the bullock.

29:11

And thou shalt kill the bullock before the LORD, by the door of the tabernacle of the congregation.

29:12

And thou shalt take of the blood of the bullock, and put it upon the horns of the altar with thy finger, and pour all the blood beside the bottom of the altar.

29:13

And thou shalt take all the fat that covereth the inwards, and the caul that is above the liver, and the two kidneys, and the fat that is upon them, and burn them upon the altar.

29:14

But the flesh of the bullock, and his skin, and his dung, shalt thou burn with fire without the camp: it is a sin offering.

29:15

Thou shalt also take one ram; and Aaron and his sons shall put their hands upon the head of the ram.

29:16

And thou shalt slay the ram, and thou shalt take his blood, and sprinkle it round about upon the altar.

29:17

And thou shalt cut the ram in pieces, and wash the inwards of him, and his legs, and put them unto his pieces, and unto his head.

29:18

And thou shalt burn the whole ram upon the altar: it is a burnt offering unto the LORD: it is a sweet savour, an offering made by fire unto the LORD.

29:19

And thou shalt take the other ram; and Aaron and his sons shall put their hands upon the head of the ram.

29:20

Then shalt thou kill the ram, and take of his blood, and put it upon the tip of the right ear of Aaron, and upon the tip of the right ear of his sons, and upon the thumb of their right hand, and upon the great toe of their right foot, and sprinkle the blood upon the altar round about.

29:21

And thou shalt take of the blood that is upon the altar, and of the anointing oil, and sprinkle it upon Aaron, and upon his garments, and upon his sons, and upon the garments of his sons with him: and he shall be hallowed, and his garments, and his sons, and his sons' garments with him.

29:22

Also thou shalt take of the ram the fat and the rump, and the fat that covereth the inwards, and the caul above the liver, and the two kidneys, and the fat that is upon them, and the right shoulder; for it is a ram of consecration:

29:23

And one loaf of bread, and one cake of oiled bread, and one wafer out of the basket of the unleavened bread that is before the LORD:

29:24

And thou shalt put all in the hands of Aaron, and in the hands of his sons; and shalt wave them for a wave offering before the LORD.

29:25

And thou shalt receive them of their hands, and burn them upon the altar for a burnt offering, for a sweet savour before the LORD: it is an offering made by fire unto the LORD.

29:26

And thou shalt take the breast of the ram of Aaron's consecration, and wave it for a wave offering before the LORD: and it shall be thy part.

29:27

And thou shalt sanctify the breast of the wave offering, and the shoulder of the heave offering, which is waved, and which is heaved up, of the ram of the consecration, even of that which is for Aaron, and of that which is for his sons:

29:28

And it shall be Aaron's and his sons' by a statute for ever from the children of Israel: for it is an heave offering: and it shall be an heave offering from the children of Israel of the sacrifice of their peace offerings, even their heave offering unto the LORD.

29:29

And the holy garments of Aaron shall be his sons' after him, to be anointed therein, and to be consecrated in them.

29:30

And that son that is priest in his stead shall put them on seven days, when he cometh into the tabernacle of the congregation to minister in the holy place.

29:31

And thou shalt take the ram of the consecration, and seethe his flesh in the holy place.

Leviticus Chapter 1

1:1

And the LORD called unto Moses, and spake unto him out of the tabernacle of the congregation, saying,

1:2

Speak unto the children of Israel, and say unto them, If any man of you bring an offering unto the LORD, ye shall bring your offering of the cattle, even of the herd, and of the flock.

1:3

If his offering be a burnt sacrifice of the herd, let him offer a male without blemish: he shall offer it of his own voluntary will at the door of the tabernacle of the congregation before the LORD.

1:4

And he shall put his hand upon the head of the burnt offering; and it shall be accepted for him to make atonement for him.

1:5

And he shall kill the bullock before the LORD: and the priests, Aaron's sons, shall bring the blood, and sprinkle the blood round about upon the altar that is by the door of the tabernacle of the congregation.

1:6

And he shall flay the burnt offering, and cut it into his pieces.

1:7

And the sons of Aaron the priest shall put fire upon the altar, and lay the wood in order upon the fire:

1:8

And the priests, Aaron's sons, shall lay the parts, the head, and the fat, in order upon the wood that is on the fire which is upon the altar:

1:9

But his inwards and his legs shall he wash in water: and the priest shall burn all on the altar, to be a burnt sacrifice, an offering made by fire, of "a sweet savour unto the LORD".

1:10

And if his offering be of the flocks, namely, of the sheep, or of the goats, for a burnt sacrifice; he shall bring it a male without blemish.

1:11

And he shall kill it on the side of the altar northward before the LORD: and the priests, Aaron's sons, shall sprinkle his blood round about upon the altar.

1:12

And he shall cut it into his pieces, with his head and his fat: and the priest shall lay them in order on the wood that is on the fire which is upon the altar:

1:13

But he shall wash the inwards and the legs with water: and the priest shall bring it all, and burn it upon the altar: it is a burnt sacrifice, an offering made by fire, of a sweet savour unto the LORD.

1:14

And if the burnt sacrifice for his offering to the LORD be of fowls, then he shall bring his offering of turtledoves, or of young pigeons.

1:15

And the priest shall bring it unto the altar, and wring off his head, and burn it on the altar; and the blood thereof shall be wrung out at the side of the altar:

1:16

And he shall pluck away his crop with his feathers, and cast it beside the altar on the east part, by the place of the ashes:

1:17

And he shall cleave it with the wings thereof, but shall not divide it asunder: and the priest shall burn it upon the altar, upon the wood that is upon the fire: it is a burnt sacrifice, an offering made by fire, of a sweet savour unto the LORD.

Leviticus Chapter 7

7:1

Likewise this is the law of the trespass offering: it is most holy.

7:2

In the place where they kill the burnt offering shall they kill the trespass offering: and the blood thereof shall he sprinkle round about upon the altar.

7:3

And he shall offer of it all the fat thereof; the rump, and the fat that covereth the inwards,

7:4

And the two kidneys, and the fat that is on them, which is by the flanks, and the caul that is above the liver, with the kidneys, it shall he take away:

7:5

And the priest shall burn them upon the altar for an offering made by fire unto the LORD: it is a trespass offering.

Leviticus 7:14

And of it he shall offer one out of the whole oblation for an heave offering unto the LORD, and it shall be the priest's that sprinkleth the blood of the peace offerings.

THE "LORD" NEEDS EVERY DROP OF THAT BLOOD FROM THE BLOOD SACRIFICE:

Leviticus 7:27

Whatsoever soul it be that eateth any manner of blood, even that soul shall be cut off from his people.

Here, more blood sacrifice is needed to remove the curse of leprosy jehova has inflicted:

Leviticus 14:34

When ye be come into the land of Canaan, which I give to you for a possession, and I put the plague of leprosy in a house of the land of your possession;

14:49

And he shall take to cleanse the house two birds, and cedar wood, and scarlet, and hyssop:

14:50

And he shall kill the one of the birds in an earthen vessel over running water:

14:51

And he shall take the cedar wood, and the hyssop, and the scarlet, and the living bird, and dip them in the blood of the slain bird, and in the running water, and sprinkle the house seven times:

14:52

And he shall cleanse the house with the blood of the bird, and with the running water, and with the living bird, and with the cedar wood, and with the hyssop, and with the scarlet:

14:53

But he shall let go the living bird out of the city into the open fields, and make an atonement for the house: and it shall be clean.

14:54

This is the law for all manner of plague of leprosy, and scall,

14:55

And for the leprosy of a garment, and of a house,

14:56

And for a rising, and for a scab, and for a bright spot:

14:57

To teach when it is unclean, and when it is clean: this is the law of leprosy.

Judges 3:27- 31

This goes on and on and on. Repeats of endless mass murder and bloodshed.

The word "BLOOD" is used over and over again. You would think this would all be so obvious.

We all must bear in mind, the nazarene was the ultimate human sacrifice; also "eat his body and drink his blood" is repeatedly recited during nearly every Christian mass/service around the world.

The following article reveals bloodbath after bloodbath, and genocide of Gentiles at the hands of the Jews:

Jehova: 'A Murderer and a Liar from the Beginning'

**The Subliminal Message of the Judeo/Christian Bible:
Jewish Supremacy over Gentiles**

There is a secret Jewish "priesthood" that goes back thousands of years. This "priesthood" controlled and always had a much higher level of knowledge way beyond anything the majority knew. They allowed the populace to work as in building the cathedrals and when new societies were established, this society of mages would hijack the positions of religious and political power and ensure that any advanced knowledge in circulation was removed from the public domain and into their secret schools and organizations. The ruling hierarchy of the Vatican are nothing more than organized criminals who have caused humanity untold destruction, misery, suffering, and grief. The Catholic Church and Christian religion are staffed with at the higher levels, and tools of the Jews who are their

masters. The Jews are the ones who control the Christian Churches, especially the Catholic Vatican from which all other Christian sects evolved.

At the upper levels, they know the true power of the sun, magnetism, the mind, the effects of planets on human behavior, how to manipulate time, energy, they have used their secret organizations to create institutions in the public arena such as religions and political parties to remove occult knowledge and keep it out of circulation. The Inquisition was a prime example, for even to speak of anything occult or esoteric was to sign one's own death warrant.

In order to maximize power for their agenda, Christian churches were built upon Ley Lines. Ley Lines are areas within the earth that have increased geomagnetic energy. The human body is composed of and runs on bioelectricity. Our thoughts are made up of electrical impulses. Through meditation and working with our own energy centers, we can hone our thoughts to have a stronger electrical output and to affect our environment. When one who is knowledgeable uses earth energy in addition to this directed thought energy, this greatly amplifies the power behind the thoughts and direction of the energy through the will. Pagan temples were destroyed and Christian churches were erected in their place. Special rituals were also conducted at these energy crossings within the earth grid. Human/animal sacrifices and such produced extreme fear in the victim. This directed fear energy- what they use to control was pumped into these vortexes of earth energy. What happens is this energy, magnified thousands of times creates a vibrational state within the earth field in which we all live. From what I understand, it encircles the earth like a spider web. This is the reason why Christianity has such a powerful hold on many. Fear is the four-letter word that controls the world and it is very effective.

In addition, the lying preaching, chock full of emotion and the doctrines that were repeated endlessly inside of these structures had all the power they needed to do their job. Along with using the energy of the ignorant congregation, a constant and powerful supply of energy was and has been available to be directed and manipulated by enemy adepts for the damnation of the people. Ancient works of art through the Renaissance are proof of the control the Christian church had upon the people in every aspect of their lives. There are very few paintings, sculptures and other works of art that do not depict the nazarene or the virgin bitch and company. This also goes for music during the time period. To create any number of non-Christian works was to subject one's self to be condemned as a heretic. The prayer energy alone that has gone into this foul institution is beyond the imagination. One person alone who fixates upon a thought or idea generates thought energy; think what millions can do.

Unfortunately, given the greed, this has not been enough for the nefarious aliens and their human slaves who run this ring of destruction. There had to be war. The human energy output is most powerful in times of great fear, when facing death or when dying. The more violent, the better. Anyone who is familiar with

the old testament of the Bible should be well aware of the endless wars promoted by the so called "Jehova" WHICH IS JEWISH DOMINATION OVER, AND MASS MURDER, TORTURE, AND GENOCIDE OF GENTILES. THIS SICK PERVERTED FILTH IS FORCIBLY DRUMMED INTO THE MINDS OF GENTILES FROM DAY ONE, CREATING A POWERFUL SUBLIMINAL THOUGHTFORM, WHICH HAS MANIFESTED INTO REALITY.

Rabbi Yaacov Perrin says, "One million Arabs are not worth a Jewish fingernail." (NY Daily News, Feb. 28, 1994, p.6).

MASS MURDER OF GENTILES:

Exodus 15:3

The LORD is a man of war: the LORD is his name.

Exodus 17:13

And Joshua discomfited Amalek and his people with the edge of the sword.

17:14

And the LORD said unto Moses, Write this for a memorial in a book, and rehearse it in the ears of Joshua: for I will utterly put out the remembrance of Amalek from under heaven.

17:15

And Moses built an altar, and called the name of it Jehovahnissi:

17:16

For he said, Because the LORD hath sworn that the LORD will have war with Amalek from generation to generation.

"JEHOVA COMMITS MORE MURDER:

Exodus 23:27

I will send my fear before thee, and will destroy all the people to whom thou shalt come, and I will make all thine enemies turn their backs unto thee.

Rabbi Yitzhak Ginsburg declared, "We have to recognize that Jewish blood and the blood of a goy are not the same thing." (NY Times, June 6, 1989, p.5).

("goy" or "goyim" - plural, are Jewish derogatory words for "Gentile/s" the root "goeti" is the root word of "Devil." Satan is the God of the Gentiles and our True Creator God. "Satan" means "enemy" in Hebrew.

"JEHOVA" ORDERS THE MASS MURDER OF THOUSANDS OF GENTILES:

Exodus 32:27

And he said unto them, Thus saith the LORD God of Israel, Put every man his sword by his side, and go in and out from gate to gate throughout the camp, and slay every man his brother, and every man his companion, and every man his neighbour.

32:28

And the children of Levi did according to the word of Moses: and there fell of the people that day about three thousand men.

"JEHOVA" ORDERS HIS PEOPLE TO COMMIT MORE MURDER OF GENTILES:

Leviticus 26:7

And ye shall chase your enemies, and they shall fall before you by the sword.

26:8

And five of you shall chase an hundred, and an hundred of you shall put ten thousand to flight: and your enemies shall fall before you by the sword.

Univ. of Jerusalem Prof. Ehud Sprinzak described Kahane and Goldstein's philosophy: "They believe it's God's will that they commit violence against 'goyim,' a Hebrew term for non-Jews." (NY Daily News, Feb. 26, 1994, p. 5).

MORE MASS MURDER OF THE GENTILE CANAANITES:"

Numbers 21:3

And the LORD hearkened to the voice of Israel, and delivered up the Canaanites; and they utterly destroyed them and their cities: and he called the name of the place Hormah.

HERE IS CANNIBALISM- EATING DEAD GENTILES:

Numbers 23-24:

Behold, the people shall rise up as a great lion, and lift up himself as a young lion: he shall not lie down until he eat of the prey, and drink the blood of the slain.

QUOTE FROM THE JEWISH TALMUD: Sanhedrin 59a: "Murdering Goyim is like killing a wild animal."

GENOCIDE OF THE GENTILE MIDIANITES:

Numbers 25:16

And the LORD spake unto Moses, saying,

25:17

Vex the Midianites, and smite them:

Numbers 31:7

And they warred against the Midianites, as the LORD commanded Moses; and they slew all the males.

QUOTE FROM THE JEWISH TALMUD:

18. Tosefta. Aboda Zara B, 5: "If a goy kills a goy or a Jew, he is responsible; but if a Jew kills a goy, he is NOT responsible."

Numbers 31:8

And they slew the kings of Midian, beside the rest of them that were slain; namely, Evi, and Rekem, and Zur, and Hur, and Reba, five kings of Midian: Balaam also the son of Beor they slew with the sword.

QUOTES FROM THE JEWISH TALMUD: Yebhamoth 11b: "Sexual intercourse with a little girl is permitted if she is three years of age."

Nidrasch Talpioth, p. 225-L: "Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night."

MAKING SLAVES OF THE GENTILE WOMEN AND CHILDREN:

Numbers 31:9

And the children of Israel took all the women of Midian captives, and their little ones, and took the spoil of all their cattle, and all their flocks, and all their goods.

31:10

And they burnt all their cities wherein they dwelt, and all their goodly castles, with fire.

31:11

And they took all the spoil, and all the prey, both of men and of beasts.

QUOTE FROM THE JEWISH TALMUD:

Schulchan Aruch, Choszen Hamiszpat 348: "All property of other nations belongs to the Jewish nation, which, consequently, is entitled to seize upon it without any scruples."

MORE MASS MURDER AND GENOCIDE OF GENTILES. THE TAKING OF ALL GENTILE PROPERTY IS A BLATANT EXAMPLE OF WHAT WAS DONE TO MODERN DAY PALESTINE (DESCENDED FROM THE PHILISTINES) BY THE BANDIT STATE OF ISRAEL:

Deuteronomy 2:20

(That also was accounted a land of giants: giants dwelt therein in old time; and the Ammonites call them Zamzummims;

2:21

A people great, and many, and tall, as the Anakims; but the LORD destroyed them before them; and they succeeded them, and dwelt in their stead:

2:22

As he did to the children of Esau, which dwelt in Seir, when he destroyed the Horims from before them; and they succeeded them, and dwelt in their stead even unto this day:

2:23

And the Avims which dwelt in Hazerim, even unto Azzah, the Caphtorims, which came forth out of Caphtor, destroyed them, and dwelt in their stead.)

QUOTE FROM THE JEWISH TALMUD: Hilkkoth Akum X1: "Show no mercy to the Goyim."

Deuteronomy 2:30

But Sihon king of Heshbon would not let us pass by him: for the LORD thy God hardened his spirit, and made his heart obstinate, that he might deliver him into thy hand, as appeareth this day.

2:31

And the LORD said unto me, Behold, I have begun to give Sihon and his land before thee: begin to possess, that thou mayest inherit his land.

2:32

Then Sihon came out against us, he and all his people, to fight at Jahaz.

2:33

And the LORD our God delivered him before us; and we smote him, and his sons, and all his people.

2:34

And we took all his cities at that time, and utterly destroyed the men, and the women, and the little ones, of every city, we left none to remain:

QUOTE FROM THE JEWISH TALMUD:

Seph. Jp., 92, 1: "God has given the Jews power over the possessions and blood of all nations."

Deuteronomy 2:35

Only the cattle we took for a prey unto ourselves, and the spoil of the cities which we took.

QUOTE FROM THE JEWISH TALMUD:

Sanhedrin 57a. "When a Jew murders a Gentile ("Cuthean"), there will be no death penalty. What a Jew steals from a Gentile he may keep."

Baba Kamma 37b. Gentiles are outside the protection of the law and God has "exposed their money to Israel."

Deuteronomy 2:36

From Aroer, which is by the brink of the river of Arnon, and from the city that is by the river, even unto Gilead, there was not one city too strong for us: the LORD our God delivered all unto us:

Deuteronomy 2:37

Only unto the land of the children of Ammon thou camest not, nor unto any place of the river Jabbok, nor unto the cities in the mountains, nor unto whatsoever the LORD our God forbad us.

THE HITTITES, THE GIRGASHITES, THE AMORITES, THE CANAANITES, THE PERIZZITES, THE HIVITES, AND THE JESUBITES ARE ALL GENTILE NATIONS.

Deuteronomy 7:1

When the LORD thy God shall bring thee into the land whither thou goest to possess it, and hath cast out many nations before thee, the Hittites, and the Girgashites, and the Amorites, and the Canaanites, and the Perizzites, and the Hivites, and the Jebusites, seven nations greater and mightier than thou;

7:2

And when the LORD thy God shall deliver them before thee; thou shalt smite them, and utterly destroy them; thou shalt make no covenant with them, nor shew mercy unto them:

7:3

Neither shalt thou make marriages with them; thy daughter thou shalt not give unto his son, nor his daughter shalt thou take unto thy son.

7:4

For they will turn away thy son from following me, that they may serve other gods: so will the anger of the LORD be kindled against you, and destroy thee suddenly.

HERE IS WHERE THE JEWS ARE BLATANT ABOUT DESTROYING THE GENTILE GODS:

Deuteronomy 7:5

But thus shall ye deal with them; ye shall destroy their altars, and break down their images, and cut down their groves, and burn their graven images with fire.

7:6

For thou art an holy people unto the LORD thy God: the LORD thy God hath chosen thee to be a special people unto himself, above all people that are upon the face of the earth.

Deuteronomy 7:21

Thou shalt not be affrighted at them: for the LORD thy God is among you, a mighty God and terrible.

7:22

And the LORD thy God will put out those nations before thee by little and little: thou mayest not consume them at once, lest the beasts of the field increase upon thee.

Deuteronomy 7:23

But the LORD thy God shall deliver them unto thee, and shall destroy them with a mighty destruction, until they be destroyed.

7:24

And he shall deliver their kings into thine hand, and thou shalt destroy their name from under heaven: there shall no man be able to stand before thee, until thou have destroyed them.

THE GENTILES HAVE BEEN INDOCTRINATED WITH JEWISH LIES. WE HAVE BEEN DISCONNECTED FROM OUR GODS AND OUR CULTURE.

THESE HAVE BEEN REPLACED WITH FICTITIOUS JEWISH CHARACTERS FOR GENTILES TO SLAVISHLY WORSHIP, WHICH CREATES A POWERFUL SUBLIMINAL CONNECTION. THIS SORT OF THING IS RESPONSIBLE FOR HOW GENTILES ARE ALWAYS FIGHTING WARS FOR THE JEWS AND NOT EVEN THINKING OF WHAT THEY ARE REALLY DOING. WHAT IS HAPPENING IN IRAQ IS A PERFECT EXAMPLE.

Deuteronomy 7:25

The graven images of their gods shall ye burn with fire: thou shalt not desire the silver or gold that is on them, nor take it unto thee, lest thou be snared therein: for it is an abomination to the LORD thy God.

7:26

Neither shalt thou bring an abomination into thine house, lest thou be a cursed thing like it: but thou shalt utterly detest it, and thou shalt utterly abhor it; for it is a cursed thing.

Deuteronomy 12:27

And thou shalt offer thy burnt offerings, the flesh and the blood, upon the altar of the LORD thy God: and the blood of thy sacrifices shall be poured out upon the altar of the LORD thy God, and thou shalt eat the flesh.

12:28

Observe and hear all these words which I command thee, that it may go well with thee, and with thy children after thee for ever, when thou doest that which is good and right in the sight of the LORD thy God.

12:29

When the LORD thy God shall cut off the nations from before thee, whither thou goest to possess them, and thou succeedest them, and dwellest in their land;

12:30

Take heed to thyself that thou be not snared by following them, after that they be destroyed from before thee; and that thou enquire not after their gods, saying, How did these nations serve their gods? even so will I do likewise.

Human energy is not enough, there had to be animal blood sacrifices as well:

Exodus 20:24

An altar of earth thou shalt make unto me, and shalt sacrifice thereon thy burnt offerings, and thy peace offerings, thy sheep, and thine oxen: in all places where I record my name I will come unto thee, and I will bless thee.

Exodus 24:4

And Moses wrote all the words of the LORD, and rose up early in the morning, and builded an altar under the hill, and twelve pillars, according to the twelve tribes of Israel.

24:5

And he sent young men of the children of Israel, which offered burnt offerings, and sacrificed peace offerings of oxen unto the LORD.

24:6

And Moses took half of the blood, and put it in basons; and half of the blood he sprinkled on the altar.

24:7

And he took the book of the covenant, and read in the audience of the people: and they said, All that the LORD hath said will we do, and be obedient.

24:8

And Moses took the blood, and sprinkled it on the people, and said, Behold the blood of the covenant, which the LORD hath made with you concerning all these words.

More instructions from jehova for blood sacrifice:

Exodus 23:18

Thou shalt not offer the blood of my sacrifice with leavened bread; neither shall the fat of my sacrifice remain until the morning.

Exodus 29:10 And thou shalt cause a bullock to be brought before the tabernacle of the congregation: and Aaron and his sons shall put their hands upon the head of the bullock.

29:11

And thou shalt kill the bullock before the LORD, by the door of the tabernacle of the congregation.

29:12

And thou shalt take of the blood of the bullock, and put it upon the horns of the altar with thy finger, and pour all the blood beside the bottom of the altar.

29:13

And thou shalt take all the fat that covereth the inwards, and the caul that is above the liver, and the two kidneys, and the fat that is upon them, and burn them upon the altar.

29:14

But the flesh of the bullock, and his skin, and his dung, shalt thou burn with fire without the camp: it is a sin offering.

29:15

Thou shalt also take one ram; and Aaron and his sons shall put their hands upon the head of the ram.

29:16

And thou shalt slay the ram, and thou shalt take his blood, and sprinkle it round about upon the altar.

29:17

And thou shalt cut the ram in pieces, and wash the inwards of him, and his legs, and put them unto his pieces, and unto his head.

29:18

And thou shalt burn the whole ram upon the altar: it is a burnt offering unto the LORD: it is a sweet savour, an offering made by fire unto the LORD.

29:19

And thou shalt take the other ram; and Aaron and his sons shall put their hands upon the head of the ram.

29:20

Then shalt thou kill the ram, and take of his blood, and put it upon the tip of the right ear of Aaron, and upon the tip of the right ear of his sons, and upon the thumb of their right hand, and upon the great toe of their right foot, and sprinkle the blood upon the altar round about.

29:21

And thou shalt take of the blood that is upon the altar, and of the anointing oil, and sprinkle it upon Aaron, and upon his garments, and upon his sons, and upon the garments of his sons with him: and he shall be hallowed, and his garments, and his sons, and his sons' garments with him.

29:22

Also thou shalt take of the ram the fat and the rump, and the fat that covereth the inwards, and the caul above the liver, and the two kidneys, and the fat that is upon them, and the right shoulder; for it is a ram of consecration:

29:23

And one loaf of bread, and one cake of oiled bread, and one wafer out of the basket of the unleavened bread that is before the LORD:

29:24

And thou shalt put all in the hands of Aaron, and in the hands of his sons; and shalt wave them for a wave offering before the LORD.

29:25

And thou shalt receive them of their hands, and burn them upon the altar for a burnt offering, for a sweet savour before the LORD: it is an offering made by fire unto the LORD.

29:26

And thou shalt take the breast of the ram of Aaron's consecration, and wave it for a wave offering before the LORD: and it shall be thy part.

29:27

And thou shalt sanctify the breast of the wave offering, and the shoulder of the heave offering, which is waved, and which is heaved up, of the ram of the consecration, even of that which is for Aaron, and of that which is for his sons:

29:28

And it shall be Aaron's and his sons' by a statute for ever from the children of Israel: for it is an heave offering: and it shall be an heave offering from the children of Israel of the sacrifice of their peace offerings, even their heave offering unto the LORD.

29:29

And the holy garments of Aaron shall be his sons' after him, to be anointed therein, and to be consecrated in them.

29:30

And that son that is priest in his stead shall put them on seven days, when he cometh into the tabernacle of the congregation to minister in the holy place.

29:31

And thou shalt take the ram of the consecration, and seethe his flesh in the holy place.

Leviticus Chapter 1

1:1

And the LORD called unto Moses, and spake unto him out of the tabernacle of the congregation, saying,

1:2

Speak unto the children of Israel, and say unto them, If any man of you bring an offering unto the LORD, ye shall bring your offering of the cattle, even of the herd, and of the flock.

1:3

If his offering be a burnt sacrifice of the herd, let him offer a male without blemish: he shall offer it of his own voluntary will at the door of the tabernacle of the congregation before the LORD.

1:4

And he shall put his hand upon the head of the burnt offering; and it shall be accepted for him to make atonement for him.

1:5

And he shall kill the bullock before the LORD: and the priests, Aaron's sons, shall bring the blood, and sprinkle the blood round about upon the altar that is by the door of the tabernacle of the congregation.

1:6

And he shall flay the burnt offering, and cut it into his pieces.

1:7

And the sons of Aaron the priest shall put fire upon the altar, and lay the wood in order upon the fire:

1:8

And the priests, Aaron's sons, shall lay the parts, the head, and the fat, in order upon the wood that is on the fire which is upon the altar:

1:9

But his inwards and his legs shall he wash in water: and the priest shall burn all on the altar, to be a burnt sacrifice, an offering made by fire, of "a sweet savour unto the LORD".

1:10

And if his offering be of the flocks, namely, of the sheep, or of the goats, for a burnt sacrifice; he shall bring it a male without blemish.

1:11

And he shall kill it on the side of the altar northward before the LORD: and the priests, Aaron's sons, shall sprinkle his blood round about upon the altar.

1:12

And he shall cut it into his pieces, with his head and his fat: and the priest shall lay them in order on the wood that is on the fire which is upon the altar:

1:13

But he shall wash the inwards and the legs with water: and the priest shall bring it all, and burn it upon the altar: it is a burnt sacrifice, an offering made by fire, of a sweet savour unto the LORD.

1:14

And if the burnt sacrifice for his offering to the LORD be of fowls, then he shall bring his offering of turtledoves, or of young pigeons.

1:15

And the priest shall bring it unto the altar, and wring off his head, and burn it on the altar; and the blood thereof shall be wrung out at the side of the altar:

1:16

And he shall pluck away his crop with his feathers, and cast it beside the altar on the east part, by the place of the ashes:

1:17

And he shall cleave it with the wings thereof, but shall not divide it asunder: and the priest shall burn it upon the altar, upon the wood that is upon the fire: it is a burnt sacrifice, an offering made by fire, of a sweet savour unto the LORD.

Leviticus Chapter 7

7:1

Likewise this is the law of the trespass offering: it is most holy.

7:2

In the place where they kill the burnt offering shall they kill the trespass offering: and the blood thereof shall he sprinkle round about upon the altar.

7:3

And he shall offer of it all the fat thereof; the rump, and the fat that covereth the inwards,

7:4

And the two kidneys, and the fat that is on them, which is by the flanks, and the caul that is above the liver, with the kidneys, it shall he take away:

7:5

And the priest shall burn them upon the altar for an offering made by fire unto the LORD: it is a trespass offering.

Leviticus 7:14

And of it he shall offer one out of the whole oblation for an heave offering unto the LORD, and it shall be the priest's that sprinkleth the blood of the peace offerings.

THE "LORD" NEEDS EVERY DROP OF THAT BLOOD FROM THE BLOOD SACRIFICE:

Leviticus 7:27

Whatsoever soul it be that eateth any manner of blood, even that soul shall be cut off from his people.

Here, more blood sacrifice is needed to remove the curse of leprosy jehova has inflicted:

Leviticus 14:34

When ye be come into the land of Canaan, which I give to you for a possession, and I put the plague of leprosy in a house of the land of your possession;

14:49

And he shall take to cleanse the house two birds, and cedar wood, and scarlet, and hyssop:

14:50

And he shall kill the one of the birds in an earthen vessel over running water:

14:51

And he shall take the cedar wood, and the hyssop, and the scarlet, and the living bird, and dip them in the blood of the slain bird, and in the running water, and sprinkle the house seven times:

14:52

And he shall cleanse the house with the blood of the bird, and with the running water, and with the living bird, and with the cedar wood, and with the hyssop, and with the scarlet:

14:53

But he shall let go the living bird out of the city into the open fields, and make an atonement for the house: and it shall be clean.

14:54

This is the law for all manner of plague of leprosy, and scall,

14:55

And for the leprosy of a garment, and of a house,

14:56

And for a rising, and for a scab, and for a bright spot:

14:57

To teach when it is unclean, and when it is clean: this is the law of leprosy.

***SATAN NEVER MURDERED ANYONE!**

Satanic Meditation

Empowering ourselves spiritually and advancing our souls is the foundation and purpose of Satanism. In order for spiritual energy to flow, one must be free. Hatha Yoga works through a series of stretches to loosen the body and add flexibility to the spine where Satan's Serpent can ascend. The key is to be free.

When one begins a mediation program, spiritual energy begins to flow. What this does, is it works to remove past hang-ups, scarring experiences, psychological problems and such from the chakras and the 144,000 nadis in the soul. These problems can extend to many past lives. One's memories and life experiences [this includes past lifetimes] are stored in the chakras, each experience/event residing within the corresponding chakra that rules over it.

As I mentioned before in my latest sermon, the first chakra the serpent spiritual energy ascends into after leaving the base is the sexual chakra, aka the second chakra; the sacral chakra. By creating limitation, hang-ups, guilt and an over-all negative attitude towards sexuality, this ensures the spiritual energy is kept in the base chakra and will not circulate, keeping the victim bound.

Meditation can bring anger, unusual feelings, emotions, visions, experiences, emotional and psychological problems, hang-ups, etc., into direct consciousness so one can acknowledge and deal with these. It is a cleansing. One must be accepting of one's self and acknowledge one's feelings, thoughts, and attitudes towards things without suppressing or condemning one's self. Just mentally let go and be free. The more one tries to suppress something, the more that something, whatever it may be, will work to torment one psychologically and eventually erupt itself.

As I have written repeatedly- there are no special diets, ways of living, or lifestyles required to advance in yoga and reap the major benefits of the kundalini exercises. All you need to do is to be yourself and to accept yourself. Sexual orgasm is essential to advancing spiritually and to raising the Serpent.

"I lead to the straight path without a book"

-Satan The Al Jilwah

Many people of late are coming to Satan directly from leaving Christianity, as they now realize they have been lied to and deceived. This can be quite a shock in many areas. I had a 15 year buffer as I was an atheist for that time before coming to Satanism. Through atheism, I got rid of some hang-ups a Christian upbringing put on me. When one gets rid of hang-ups, one's mind is free. One can think for one's self. One sees things through one's own eyes, not how others WANT one to see. This is a part of enlightenment and spiritual liberation. Satan is the liberator of humanity.

For new people coming to Satan directly from leaving Christianity, one cannot apply Christian principles to Satan. You have to get to where you can think and understand outside of the way most people have been indoctrinated and programmed to think. This is especially true with what one has been taught as 'right' and 'wrong.' As in the above quote, Satan leads one to the straight path without a book. This is in healing of one's soul and feeling one from within. Your higher mind knows what is 'right' and good for you. Because of the nefarious programs of Christianity, Islam and related filth, humanity as a whole has been cut off from our higher minds.

When Satan's Serpent begins to flow from within us, our souls begin to work in harmony with our lives for our betterment, instead of at odds. To really understand Satanism, one must be free, free in mind, free in spirit, and no longer bound by what and how we have been indoctrinated to think/believe. The freer we are as a whole- physically, and spiritually, the more the serpentine energy can flow and enlighten and empower us further.

Satanism and Animals

When one's soul is open enough, one can see that animals are very aware, very sensitive, they have emotions as we do, they feel pain as we do- both emotional and physical pain. Animals can get lonely, depressed, afraid, and angry, just as we humans do. Animals need companionship and love. Even a tiny pet hamster has awareness and feelings.

Animals have souls. Animal souls have chakras and nadis, same as we humans do.

Animal Chakras

http://www.thehealingpowerofflight.com/Animal_Chakra_Charts.html

[The above link is only to show an accurate illustration of animal chakras, and nothing more]

Animals are very special and sacred to many Demons. Cats are sacred to Hagenti aka Egyptian Goddess Bastet. Lilith has shown me some of her pet cats. They are very unusual and very beautiful. Dogs are sacred to Anubis. Owls are sacred to Lilith. Snakes, peacocks, goats, and ravens are sacred to Satan.

Animals that are for food, such as poultry, pigs, and cattle, should be raised and treated humanely, and given a quick and painless death.

Animals should always be treated with care, respect, and consideration.

Animals are sacred in Satanism.

It is my understanding that domesticated animals such as dogs, cats, horses, chickens, goats, donkeys, etc., were brought to us from their planet. Demons, thousands of years ago, educated human beings on agriculture, the sciences and much, much more. They brought civilization to humanity.

Cats were very sacred in Ancient Egypt. Many were mummified, same as human beings in their burial. Animals were given to us as a gift, along with certain agricultural crops and much more. Sadly, the enemy has worked relentlessly to viciously abuse these gifts, destroy nature, the earth, and pollute this planet to where it is becoming unlivable. Humanity as a whole is on such a low level of spirituality, many are oblivious to it all.

Satanism and Sanskrit

Sanskrit is older and more than likely, the oldest of languages. I learned Satanism on the job for the past ten years, through intense study and experiences. Sumerian and Egyptian spiritual knowledge were derived from the Far East, where it originated. I have found many of our Demons' names in Sanskrit, along with their variations and much more. Nearly everything of western occultism, which has been corrupted, can be traced to its origins in the Far East, where it is much closer to the original. Christianity and its ilk has corrupted a lot of the Far Eastern doctrines and such, but to a much lesser extent than what has been done with western occultism, which has been catastrophic.

I also am aware through my own studies that the claims of civilization beginning in the Fertile Crescent of Mesopotamia in the Middle East [that lying bible] is used to PURPOSELY MISLEAD everyone from researching the TRUE origins of humanity in the Far East. [Where Christianity stole everything from and purposely corrupted it].

Sexual Freedom

The Jewish bulwark and root of power is in the programs of Christianity and Islam. The Jews [orthodox] know this at the upper levels. The Jews have had a fixation on, and have worked relentlessly throughout their history to attack, degrade, and defile sexuality. The Ancient Pagan [Gentile] religions never had a problem with sexuality. They pretty much left it alone.

Their latest attacks [past 40 years] have been used via their control of the media. The key goal is to create within humanity, as many sexual hang-ups as they can, with the ultimate goal of a huge backlash where all freedoms are lost and Christianity/communism emerges as all-powerful- this being the funeral wreath of

humanity. By pushing sexuality [on the one side of it, their programs which masquerade and imposter as 'spirituality' such as Christianity, are obsessed with everyone's sex lives and controlling sex at every turn; on the other side, the political aspects of their crap- Jewish communism, again, is obsessed at sexually oppressing the populace which they control]. See 'Christianity and communism- Jewish twins' following this article, directly below. BOTH have an agenda against free sexuality and work to control sexuality- [for the reasons why- see the article below this statement].

The Third Reich discreetly promoted sexual freedoms, in their focus on a return to Ancient Pagan ways, while also promoting a healthy family focused environment. Hitler had brothels [houses of prostitution] for his SS officers, unwed mothers were honored, along with a return to the ancient Pagan ways. Who bitched the loudest against this?? The fucking Jews!

One CANNOT oppress the sex drive or deny it. Ancient Pagan religions had no problem with it. The Jews have not obtained their power and hung onto it for centuries by being stupid. Gentiles have underestimated them, now we are paying the price. EVERYONE MUST KNOW AND ALWAYS KEEP IN MIND THAT THE JEWS PLAY BOTH SIDES- SIDES THAT SEEMINGLY OPPOSE EACH OTHER.

Push what most regard as 'free sexuality' too far, as what the Jews are doing today [this is not TRUE sexual freedom, it is only dirtying and defiling sex] and with natural law, there will be a backlash, which is their ultimate goal. They control BOTH sides. They are hoping for a backlash of their programs of Christianity and its stepping off point of communism. They make a relentless effort to push pornography and all sorts of other adult entertainment on underage children, using the media, and even in some cases in the schools, doing this all insidiously [little by little- two steps forward and one step back]. This is in an attempt to provoke a strong reaction against adult entertainment and sexual freedoms- sending everyone back to square one with Christian 'morals' and a backlash of Christian control. The same is being done with homosexuality, where it should be left alone. One's sex life is one's own personal, private business. The Jews keep pushing this to provoke a violent reaction.

For more on this, visit the GBLT website
<http://gblt.webs.com/index.htm>

This is no different from how they run the court/legal systems and government. Their agenda is to let crime get so out of hand, people will be begging for ultra-strict laws where all freedoms will be lost. The psychology here is people will be more than grateful to give up their civil liberties and rights just to get the crime under control. Jews are masters of deception and know psychiatry and human psychology. They are adepts at confusing their enemies, and getting them to fall into their traps. They have manipulated the Gentiles for centuries- into fighting

their wars and working for our own damnation [blatant in their programs of Christianity and Islam].

The same is with the 'morality' issue. The unknowing populace again falls victim to the program of Christianity, only this time- fundamental Christianity with total control, ideally from a one all-powerful church center, like the catholic church- THE KGB OF THE MIDDLE AGES. This is what the Jesuits are working for. These criminals work the 'spiritual' side, while the others work the political side. ALL RUN BY JEWS.

Why Christianity Attacks Sexuality

The Christian Church has done everything in its power to suppress and control sexuality. Sexual energy is the creative life force that liberates the kundalini, and is a direct threat to their agenda for enslaving humanity.

There is nothing spiritual about Christianity. Christianity is a tool to remove all spiritual knowledge and spirituality. This has been effectively accomplished by attacking the second chakra, which is the sexual chakra, thus keeping the kundalini serpent bound in the base. In order for the kundalini energy to ascend, and ascend safely, all of the chakras must be free and open. Psychological hang-ups manifest themselves in the chakras, which are the key components of the soul, and create blocks that prevent the ascension and circulation of spiritual energy, both in the 7 main chakras and in the 144,000 nadis.

Christianity, Islam, and other related programs to destroy spirituality vehemently attack sexuality in any way they can, whether it is heterosexuality, homosexuality, etc. They work to instill sexual inhibitions, guilt, shame, and turn something beautiful and spiritually empowering into something ugly. Few if any Christians or Muslims are even aware of what spirituality really is. All of these nefarious programs have replaced spiritual concepts with imposter Jewish characters, Jewish places, and other fictitious Jewish archetypes, such as Jesus, the Nazarene. Jesus has been used as a diversion and distraction, keeping followers from accessing true spirituality and working on their souls. Truth be known, we save our own souls. "Jesus" is a fictitious Jewish character that is nothing more than an imposter to a CONCEPT.

Kundalini liberates the soul and also opens up the psyche. The Christian Church has also done everything in its power to keep us from communicating with beings such as Satan and his Demons, and deliberately cut us all off from any knowledge and power. This keeps us all in the dark, and has cut us off from our True Creator God.

"WE SHALL DESTROY GOD"

– Quote from the Protocols of the Learned Elders of Zion

The sexual suppression creates an imbalance in the base and second chakras which bleeds over into the emotional level (chakra) this extends to the next chakra and from here, we have a further imbalance, creating fear and guilt, and other emotional and psychological disorders. Because of the cut-off, there is no outlet and humanity degenerates spiritually from generation to generation. Each generation has been indoctrinated and conditioned to view sexuality in the Judeo/Christian/Muslim way. Those of us who are completely free from this influence are few. Sexuality= Life, liberation, and spiritual advancement. The Church knows this and has denied the general population this knowledge for centuries.

Now, when I mention "the Church" I am referring to those on top, not the average pedophile priest or minister. The Catholic priesthood is a prime example of the level of indoctrination, ignorance, and stupidity all the way down the line with blind obedience. The child raping and molestations are chief illustrations of what occurs when one consciously suppresses the powerful sex drive, which is the life force, itself.

Because of the suppression of this knowledge, humanity is operating at 1/5th-1/10th of the total potential. The energy centers remain closed and dormant, cutting the world off from other dimensions, blocking spiritual, mental, emotional and physical potential, in order to keep power in the hands of a "chosen" few.

All of this is the use of black magick at the top levels that has been handed down through the centuries. The new age movement teaches helplessness, and strongly discourages any forms of black magick to ensure this power only remains in the hands of a few. Justice and righteousness are strongly discouraged and attacked. People are being indoctrinated to be victims and slaves. Fear is used incessantly, no different from Jewish communism, which is where Christianity eventually leads.

The new agers who dabble in magick are also imbalanced. The Ancient Egyptians knew that to be adept, one must be versed in both the white and black aspects of magick. Black magick is suppressed and controlled by the few in power at the top who make liberal use of it. The average person is not only ignorant to this fact, but helpless against it.

The denigration and exclusion of women in RHP religions is also for a specific purpose. As Thoth stated, everything comes in two's for balance and harmony. Two is the creative force. The female energy within us all is the subconscious and the psyche. The female aspect connects us to the higher dimensions of the mind in balance to the male logical side of the brain. The two ideally, should work together in harmony. The kundalini energy is of the female part of the soul. By attacking and denigrating women, this further suppresses this energy subliminally.

Destroying this female energy is fundamental to the enemy agenda. Once this feminine energy is completely subdued, the intuition and higher consciousness are switched off and become dominated by the lower consciousness. The chakras below the heart, which is the switch off point and connector of the seven chakras, remain disconnected and a serious imbalance results. The Church and its controlling cohorts are well aware of the imbalance that occurs when this female energy is cut off. The chakras all work together.

What then occurs is a total loss of a much needed sense, also known as "the sixth sense." Humanity is spiritually blind and through this, have become total victims. This is the goal of the Christian Church, to prepare Gentiles to be ignorant and unquestioning slaves who are unable to fight back at the hands of Jewish masters [the communist state]. For example, when an adept Jew throws a curse, the Gentile victim who has been indoctrinated with the lies of Christianity is helpless and succumbs to it. He/She can't even see it coming, and doesn't even know. This way, the Jews become "God."

Quote from the Jewish Talmud:

Simeon Haddarsen, fol. 56-D: "When the Messiah comes every Jew will have 2800 slaves."

Sleep Paralysis

I just banned some idiot this morning who indirectly attempted to push Christian filth in the main JoS group, using fear tactics. This had to do with 'Sleep Paralysis.'

Some people experience sleep paralysis. From what I know about this, there is a certain chemical in the brain that is excreted during sleep that keeps one from getting up and around, as a sleepwalker does. Sleepwalking is very dangerous, as injury and even death can occur. If the brain did not excrete this chemical, one would go walking in one's dreams, thus placing one's self in danger.

NOW, I am soooooo fed up with Christian ASSHOLES who use ANYTHING they can to push their agenda of lies, most often using fear to coerce vulnerable ones into accepting their malignant bullshit. It is very sad and unfortunate that many people have subconscious fears in regards to Satan and his Demons. Unfortunately, unconscious fears and repressed emotions surface when one awakens in the middle of the night, whatever they may be.

Most of this crap comes from western occultism [most of which is corrupted teachings and doctrines with an emphasis on Jewish filth]. Few people really know what Satanism really is. I can tell you 100%, SATANISM IS NOT ABOUT SPOOKS, GHOULS, DARKNESS, 'EVIL,' POSSESSION, AND ASSOCIATED

GARBAGE THAT THE ENEMY WANTS TO FILL YOUR HEAD WITH IN ORDER TO FRIGHTEN YOU AWAY!

Satanism is not an easy road, but those of us who persist with study, meditation, and working on ourselves spiritually are rewarded with being able to SEE the truth for ourselves, and much more. Satanism is NOT what Christianity claims it to be, Satanism is not what western occultism claims it to be or lowest of the low vile Islam or worst of all- what the Jewish supremacists who proclaim themselves as 'God' DICTATE to us Gentiles, which in truth is the root of all these lies. Jews are the masters of lies.

Sleep paralysis has nothing to do with Demons. It is a fact that many people do hallucinate between dreaming and waking, as the brain is not fully awake. Please do some coherent scientific learning about this disorder before accusing Demons of such things, and worst of all- believing lying Christian double-digit IQ assholes who will resort to ANYTHING [mass murder and genocide, hideous torture methods, war, beatings, violent coercing with threats, and worse], to get you to accept their sick anti-life agenda of lies, leading you to REAL damnation.

Spiritual Allegories

Arguing over which God is which in specific pantheons and such is not important. What IS important is knowing that the legends of the Gods in nearly all of the Pagan pantheons are powerful spiritual allegories. As for the term 'Devil,' this is an aspect of 'Devi,' which is Sanskrit. 'Devil' is NOT an offensive term. Christianity, Islam and of course, Judaism have corrupted this, like everything else spiritual in a direct attack upon spirituality; to remove and erase spirituality, which is their sole purpose.

'Devi is synonymous with Shakti, the female aspect of the divine.'
-Wikipedia article on 'Devi'
<http://en.wikipedia.org/wiki/Devi>

Now, this is not 'female' in terms of sex, but the 'female' part of the brain. The female aspect of the soul, which is and always has been symbolized by the serpent. The serpent is and always has been of Satan. The serpent is the kundalini energy within us, when risen, stimulates both the male and female sides of the brain and soul, so we use 100% of our brains and not just the 5-10% society is now using as a whole.

'Shiva' and 'Shakti' are the male and female aspects of the soul. As I have written over and over, the hermaphrodite, such as Egyptian Akhenaton is another

ALLEGORY for the merging of the male and female aspects of the soul, so both the right and left hemispheres of the brain function and work together, instead of separately. When both hemispheres unite and work together through the ascension of the kundalini serpent, one reaches the godhead in using 100% of the brain.

Strength in Satan

Christianity is in its death grip. It was built upon a foundation of lies, mass murder, destruction of lives and civilizations, torture, and nothing but ugliness. Of course, from time to time there will be eruptions from certain deluded ignorant assholes that get a real thrill that they can get some badly needed personal attention for a few days, something they probably never have had in their entire lives.

We must never become complacent, we must continue to fight until Christianity, and all of its cohorts are completely and thoroughly destroyed. In the fall of 2001, a few months following my dedication to Satan, I performed another ritual. I dedicated everything of myself to Satan in working to destroy his enemies. I asked him that I might be the one to drive the final nails into the coffin of Christianity, and completely destroy it. He has guided me and shown me the truth.

I have been with Satan for over 10 years now. Never in my experience have I known such a truly wonderful being. I honor him and love him more and more each day. This has been a difficult road, but Satan is responsible. In my times of trouble, he has ALWAYS been there for me and has always helped me. This is why I am still here. He has saved my life more than once- literally. I have experienced many of his miracles, many that have deeply touched me. He has rewarded me in many different ways, personally. I am thankful beyond words to him.

When I was an atheist, there was no such thing as hope. Life was meaningless and anything could happen, which one was powerless to prevent, change, or stop. Satan has shown me my own power, and how to master my own destiny, as he has done with many brothers and sisters here. When we are new to meditation, getting our life force under our control can be difficult. It takes time and effort, but is well worth this when we succeed. This is the message of the ancient alchemists' paintings of chaos. When the chaos subsides, there is endless happiness and bliss, along with our own powers.

Satan told me there will be many more attacks. This is war. One must be strong and stand for the truth. Satan gives us a strength unlike anything else. It has been an honor for me to serve him and I shall continue to do so for the rest of my

life. As for slander and lies, no one in the entire history of the world has endured more slander, attacks, and grave injustices than our beloved Father Satan. Some time ago, I was talking with Satan concerning all of the slander and lies on the internet about me and the JoS. Satan has always been very understanding and helpful. This time he told me he didn't even want to hear about it, and that I should just [be strong] - not his exact words, but like they say in athletics- just suck it up, in other words, deal with it and don't complain. He went on and said the slander against me is absolutely nothing, compared to the horrendous slander and lies heaped upon him for centuries. He also added that because of Jewish indoctrination slander - lies about who Satan is and what he is all about, he told me if I knew of some of the acts that were committed in his name, I would vomit right where I was sitting.

We must continue to fight on, each in our own ways. Ministry is here to take the heat. For those of you who have important positions to protect, there are other ways you can work to destroy the enemy; all you need do is ask Satan and his Demons for guidance. You will get answers. It is obvious the enemy is greatly disturbed that spiritual warriors for Satan have been confronting them in their groups and making our presence known. Through this, many who were once deluded are now dedicating to Satan. Not only have we been destroying the enemy through ritual and other workings, but we have been wearing them down through attrition.

In the end, it has been said that the spell will be broken and the truth will be revealed. Many will want to join on at the last minute, but it will be too late for them.

Supernatural Feats

People who can do extreme supernatural feats are extremely rare. In addition, they work for years and years and in many cases, lifetimes to get to that level. Most meditate in monasteries in the Far East and spend their entire lives working on their souls in raising kundalini and such. These people spend hours and hours every day working on their spiritual potential. As for the man in the article, he spent his life living in a cave and meditation was all he did. With Satan, one does not have to go to these extremes to achieve the same abilities. One can also live a full and productive life in the outer world, while working on one's soul/meditating.

On the other hand, we Satanists evolve spiritually, quite fast. Most Satanists honor the Satanic adage that 'Silence is Golden.' In addition, many Satanists are multi-gifted. I have seen and experienced plenty, but I don't make it a habit of revealing everything publicly. There are certain things that are best left unsaid, for right now anyway.

Also, the knowledge we are given from Satan is superior and advanced over what most of these people have gotten. Many of our people are adept at the siddhis, but keep this quiet, and they don't have to spend 10-12 hours every day, or years and years at working at them.

This isn't to say one should not put in the time and effort into meditation every day, it is how it is done and the knowledge one has, which is on the JoS website.

As for having contact with our Gods and Goddesses, most people in the JoS have this ability and have done so. It all depends upon where you are at in this life spiritually, how far you have evolved in all of your previous life-times. Some people have to work harder than others, but eventually, everyone who sincerely puts in the time and the effort will get there.

'Testimonies' from Ex-Satanists?

Question:

Sis, some Ex-Traditional Satanists gave negative/bad testimonials regarding to Father Satan. I think their testimonials should be taken seriously, because Traditional Satanists worship Father Satan too; same with us Spiritual Satanists. I was just wondering why Father Satan has done bad things to Spiritual Satanists??? Sis, tell me what do you think. Any explanation regarding their bad testimonials?

Thx b4 HP Maxine... Hail Father Satan..

Reply:

Link number one [I refuse to advertise this sick filth]. Satanism is not about blood sacrifices. This sort of shit is of the enemy. When people begin doing these sorts of things, they invite the enemy. Satanism is about raising the kundalini serpent and using one's own energies. The first article goes on and it is apparent this young man has attracted angels. The enemy is notorious for trying to get Satan's people to commit suicide, and other things. Then, they blame it all on Satan. The paragraph near the end says it all- angels were speaking to him and this guy also, was not strong in Satan, as he began praying to jewsus. It worked in the enemy's favor. They set a trap for him in making him miserable and trying to get him to kill himself and then, because of his lack of faith in Satan, he walked right into that trap and is now working for the enemy.

The person in the second article, it is obvious he is a sick man, and was sick from an early age on. Demons do NOT demand 'blood sacrifices.' Satan and his Demons reveal to us how we can use our own energies and are not parasites like the enemy. This man is VERY UNBALANCED, no different from that 'Emily Rose' which I could see in her astrology chart, she wasn't playing with a full deck

to put it mildly. People like this who are vulnerable are open to the enemy. Torturing and sacrificing cats??? I happen to know cats are very sacred not only to several Demons personally, but to Satan, himself. Satan and his Demons want animals to be treated with care and respect. I know this 100%. This also comes with opening the soul. This nutcase was heavily involved with the enemy, whom he was fooled into believing were 'Demons.' The enemy has no feelings or emotions or respect for living beings and could care less about the sufferings of innocent animals.

The last one is a repeat of Dante's 'Inferno.' It is obvious the entity in the white robe is an enemy Nordic [an angel].

Now, this sort of thing pisses me off to no end. The above is blatant examples of the enemy's work, only to be blamed on Satan, like everything else they are and do.

Tactics of the enemy are:

1. Working to make people who have come to Satan miserable. [This is more difficult for them when your soul is stronger through power meditation]. They seek out the weak and the vulnerable. Just as the enemy's people [Christians, Muslims and Jews] PUSH themselves either directly or in many cases as with the Jews- indirectly, the enemy ETs do the same from the astral.

2. The enemy often tries to get Satan's children to commit suicide. So, what good are you to ANYONE if you are dead?? Satan SAVED my life more than once. Four years ago, FOR ONE, someone hooked up a bomb [just oozing with Christian love] underneath my car. There have been other times when Satan himself stepped in and saved my life. He has always been there for me. He has NEVER let me down. I am not saying this is an easy road. It is not, but the Powers of Hell have always been with me and have always protected and looked out for me.

3. The enemy works to create doubt and confusion, especially regarding Satan. Knowledge here is the key. Fortunately, the USA [thanks to Satanist Benjamin Franklin] has Public Libraries, though censored; there is still much information freely available, where anyone with a desire to educate him/herself is able to freely. In many other countries of the world, Public Libraries do not exist. This is especially true of communist countries, where the populace is indoctrinated with Jewish filth and any other knowledge is kept out.

4. When one is new to power meditation, one is in many ways vulnerable. Inconsistency can cause depression as the soul is one day on the up with the life energy and the next, one experiences a drop, which causes depression, much like one working out in the gym and the next day, experiencing muscle soreness, though this is a bit different. Once one's soul becomes stronger and the energies

balance themselves, this goes away, but the enemy works to use this against those who are new to Satanism.

5. The Powers of Hell are fighting a major war. This takes a lot of energy. The enemy, though they try to convince many that they have unlimited powers, this is a LIE. This war is taking much energy on both sides. Satan and the Powers of Hell do not waste their time on people [like the above] who are mentally unbalanced, those who are so stoned out of their minds on drugs that it is nearly impossible to get through, people who have a deep subconscious devotion to the nazarene or who regardless of anything else, will always look to the nazarene and company when in a crisis. People who fall into the ways of the enemy, such as performing blood sacrifices and other acts of parasitical magick only open themselves to the influence of the enemy. This is NOT of Satan. Satan shows us how to raise our inner serpent, so we can use our own powers. The enemy is of Jewish ritual murder and other heinous related acts. Then, they blame it all on Satan, as they do with everything.

Satan gives us self-esteem.

Satan is the liberator of humanity.

Satan gives us knowledge.

Satan is NOT the one who wrote a huge book of lies, with endless contradictions, of which there is NOTHING spiritual. Yet, these bible-thumping assholes are forever LYING in stating that Jewish filth is 'spiritual.' There is nothing 'spiritual' about it.

Satan was NOT the one who committed murder after murder, or who ORDERED mass murder and genocide, like YHVH:

'A Murderer and a Liar from the Beginning' [See Page 45 - Jehova, the Bible, and Human Blood Sacrifice]
Endless Murder, Torture and Genocide committed by 'Yaweh' [See Page 45 - Jehova, the Bible, and Human Blood Sacrifice]

Satan wasn't the one who mass murdered millions in the Inquisition. The Inquisition is a blatant example of 'Christian love' and just how far they will go to get you to 'accept christ.'

Satan DOES NOT obsess over your sex life, nor does he try to make you into something you are not. Satan works spiritually, through power meditation, so we heal ourselves from the inside out. It is glaringly obvious where Christians are at, given their history of genocide, bloodshed, and disrespect for worthwhile, beneficial, and productive life.

Don't let the enemy confuse you. Knowledge defeats the enemy. The more you know and the stronger you are in Satan, the enemy cannot touch you. KNOW the tactics of the enemy, and be on to them.

The Music Industry Exposed

First off, the 'Illuminati' are not true Satanists. This is another Jewish invented [Catholic Jesuit/Jew 'Adam Weishaupt' founder] program, pretending to be 'Satanists' before the public and to add fuel to the Christian accusations against Satanists.

The Jews either will work to gain control of any prominent Gentile organization, usually through infiltration, OR destroy it. This is what happened to Freemasonry, which was originally Luciferian and Gentile.

Here is an excerpt from the book "Rule by Secrecy" by Jim Marrs, © 2000, pages 58 - 59:

This secretive banking dynasty was begun by Mayer Amschel Bauer, a German Jew born on February 23, 1744, in Frankfurt
Young Mayer studied to become a Rabbi. He was particularly schooled in Hashkalah, a blending of religion, Hebrew law, and reason. The death of his parents forced Mayer to leave rabbinical school and become an apprentice at a banking house.

Quickly learning the trade, he became court financial agent to William IX, royal administrator of the Hesse-Kassel region, and a prominent Freemason. He ingratiated himself to William, who was only one year older than himself, by joining his interest in Freemasonry and antiquities. Mayer would search out ancient coins and sell them to his benefactor at greatly reduced prices. Considering his rabbinical training, coupled with his serious searches for antiquities, he surely developed a deep understanding of the ancient mysteries particularly those of the Jewish Cabala. It was during this same period that the metaphysics of the Cabala began to fuse with the traditions of Freemasonry."

New World Order

The Jews work relentlessly to create confusion and dissension amongst Gentiles. As for the music and film industry, both are dominated by Jews. Yes, most musicians and many actors/actresses are heavily into drugs and alcohol. This sort of thing is PUSHED. A prime example is the 70's band 'Black Sabbath.'

Ozzy Osbourne's recent autobiography for one is very revealing. The 70's band 'Black Sabbath' consisted of four young musicians from England, from poor, impoverished, Gentile working class backgrounds. The Jewish agents saw them coming, and ripped them off heavily, all the while pushing drugs and getting them dependent on hard drugs to where they were so drunk and stoned out of their minds, and of course, Jews 'handled' their money. When they wised up a bit and hired a lawyer [unfortunately another Jew], then the lawyer and the agents worked in collusion [Jew to brother Jew] to further rip them off and drug them, until the band no longer existed. Half-Jewish Sharon Arden [formerly Levy] took control of his career [from her father alias "Jack Arden"- real name 'Harry Levy'] and eventually married him. After this control, his career flourished.

This is very typical and prevalent in the music and film industries where there is loads of money. Many bands get totally ripped off, drugs are pushed relentlessly and constantly, along with liquor and 24/7 'partying.' Christians then dump the blame on Satan, as usual.

When one is heavily under the influence 24/7, one becomes a blatant target and a victim. The Jews who manage these bands and their Jewish brethren who assist them and have all sorts of connections, work to keep these bands with a constant and unending supply of heavy drugs, which they definitely charge for accordingly. The Jews then take most of the money and run things the way they see fit- again, through vicious exploitation.

As for the 'Rain Man' this, like many other things, seems to be a fad. Also, with the Christian hyping of this 'New World Order,' the 'Illuminati' and their other crap of which they are actually facilitating, this is all over the internet and finds its way into the music industry and lyrics. This is JEWISH IMPOSTER Satanism, NOT True Satanism. It is so obvious how they attack true Satanism, as they have for centuries.

The Jews are masters of deception and lies. They gain control through confusion. Young Jews are taught how to argue in their Yeshiva schools.

A prime example, again, Hollywood, how they work to confuse those who are unknowing- most of the Gentile population, with their movies. Most people here are well aware of Jewish communism, how they invented it; it is the main theme of the Judeo/Christian bible and all of their 'holy writings'- their program for systematically removing spiritual/occult knowledge and power from the Gentiles so they, themselves can become 'God' and have a Gentile slave state.

One blatant example here, that they use to confuse is the HBO movie 'Stalin' [1992] with Robert Duvall and Julia Ormond.
<http://www.imdb.com/title/tt0105462/>

Throughout the movie, the character 'Stalin' is made out to be against the Jews, and hating of the Jews. In real life, this is hardly the case. Stalin's real birth name

was József Dugasvilli. 'Dugasvilli' in Georgian, means 'SON OF A JEW.' Stalin's second wife 'Nadezhda Alliluyev' was also Jewish. His children were Jewish. His eldest son, named 'Yakov' is Jewish for 'Jacob.'

Lavrenty Beria was another Jew who worked directly under Stalin. In the movie, they also portrayed him to be anti-Jewish. Most people- the general populace is unaware and does not read enough to know the facts beneath all of the lies that are thrown at the public.

More examples include 'The Inner Circle' [1991]

<http://www.imdb.com/title/tt0103838/>

another movie that takes place in the former USSR under Stalin, where blatant persecution of the Jews is the main theme. It even goes so far as to show a Jewish character getting busted by the KGB for secretly collaborating with the Nazis. What a joke! Then, the movie goes on with more Jews in their best roles as professional victims.

'Moscow on the Hudson' [1984]

<http://www.imdb.com/title/tt0087747/>

was another one, though only a very short, but blatant part of the movie, they show Jews again, with their placards of Stars of David [stolen and corrupted from the East Indian 'Star of Vishnu'], protesting the Soviet communist government. They always scream the loudest. This, as all of the above are just for show and to confuse the daylights out of Gentiles.

The Jews, being inventors and promoters of communism, work to try to convince an ignorant public that they are against communism. This is playing both sides of which they are highly skilled at.

The Catholic Church is another blatant example- the KGB of the Middle Ages. The Jews again, like with the above, work relentlessly to try to convince the Gentile populace, that they are against Christianity, and that they are 'persecuted' by Christians and Christianity. THIS IS A TOTAL CROCK OF SHIT!

Really now, HOW can any true Christian be persecuting of Jews? Every single page of that foul bible has either the words 'Jew/s' and/or 'Israel' written on it, the **Nazarene is Jewish from birth to death**, his mother and so-called 'earthly father' were BOTH Jewish and OBSERVANT OF JEWISH LAWS. His 12 disciples were Jewish. [See page 89] The nasty list goes on and on and on....

All of their crap is just for show and to confuse and delude the Gentiles. REAL Satanism, as many here are aware is HEAVILY persecuted, suppressed, and automatically banned- LEGALLY in many areas of the world and even in those where the constitution states 'religious freedoms.'

One can see the truth for one's self. Where in the world is there even just ONE open and public Satanic Church? Anything against the Jews is 'evil' and they attack it and use their spiritual slaves, such as Christians to attack it as well.

Everything the Jews do, they twist and pervert and blame it upon Satan, the Gentiles, and any groups that are against them. They infiltrate, imposter and take control.

Wake up people!

The Nadis of the Soul

There are three main nadis. Altogether, there are some 144,000. This is where those Jehova's witnesses get their corrupted crap about the '144,000 being saved.' What a joke! In addition, this is where the Jewish bible writers invented those three rivers in the 'Garden of Eden.' I know those exist in the Middle East, but my point here is to reveal the fraud. This was also stolen from the Far East, as there were three rivers in India that the ancient Hindus compared to these nadis.

Anyways, there is the ida [female/moon], the pingala [male/sun] and the middle sushumna. This is the true meaning of the Devil's Pitchfork. This symbol can be seen in many ancient artworks of Hindu Gods, predating Christianity from hundreds to thousands of years.

Satanic Symbols

Because the human soul is imbalanced, throughout the day, either the ida or the pingala is active. This can be known which of the two nadis is currently active by which of your two nostrils is more open. If the right nostril is more open, then ida is more active at that time; the left and pingala is more active.

The ida rules over the female side of the brain and soul. This is the intuitive side. When pingala is active, one is more physical and intellectual at that time. Both

alternate throughout the day and night. The goal of kundalini [serpent] yoga is to stop this back and forth and through meditation and kundalini exercises, open the sushumna [the middle nadi which does not snake back and forth, but ascends from the base chakra straight to the crown.

Over time, through kundalini practice, the sushumna is permanently opened so the serpent can safely ascend. When the sushumna becomes active, the ida and pingala no longer function separately, but merge at the 6th chakra and from there, both sides of the brain then function together as a unit, instead of disjointed and separate. If I remember correctly, the exact details of this, something occurs within the corpus colossum. A huge wall is knocked down.

Little by little and with some leaps, kundalini exercises open the mind. When the sushumna begins to function completely, the serpent will ascend and the mind will be wide open. The sushumna must be open for the serpent to safely ascend.

Gopi Krishna [extensive author on kundalini] did not have his sushumna open. I haven't read too much of his writings, but I do know his serpent ascended through either his ida or pingala and he went through a most horrific time until his body and soul finally adjusted.

The sushumna is very tiny in its width, like that of a hair.

True Nazism is of Satan

To the Christians- the Jews claim that Adolf Hitler was a Satanist. To the atheists, Pagans, and others who are not Christian, they claim he was Christian. In truth, Adolf Hitler was a Satanist. There are also endless claims and supposed quotes the Jews put up supporting whatever lies they are trying to promote about him or any other of their enemies. This is no different from how they slander Satan and our Demon Gods. Make an enemy of the Jewish people who are the masters of lies, and all one gets for this is endless slander and lies.

Look to the facts:

Nazi Germany used the Runes and many different occult symbols. Definitely NOT Christian.

Their rallies almost always included the Pagan bonfires, along with other Pagan symbols.

The Hitler Youth were forbidden to participate in ANY Christian ceremonies. The same was with the SS, where SS officers replaced Christian clergy for performing baptisms, weddings and other ceremonies.

Many Christian priests, ministers, and leaders were sent to concentration camps. With Jehova's Witnesses, this was automatic- women included.

Reichsführer Heinrich Himmler, who was also a Satanist and had a coven of 12 SS Officers, worked diligently with Adolf Hitler to destroy Christianity. Christian symbols, characters [which are all Jewish], and rituals, were replaced with original Pagan rites.

"So too, had the form for two principle ceremonies adapted from pagan rites to replace Christian festivals – those of the summer and winter solstices. An English visitor attended a summer solstice festival in 1936: a circle of Hitler Youths chanted consciously pagan litanies in preparation for the moment at midday when the sun reached its zenith. As it hung overhead there was silence, 'then a paeon of praise rang out for the Aryan God.'" ¹
[The Aryan God is Satan].

" 'The source of all life is Got.' The word was given only one 't' in the transcription, allegedly the old German spelling, but it was chiefly useful, to distinguish the SS God from the conventional Christian God." ²

"Himmler was fascinated by the Far East and its religions. "He hated Christianity and carried a pocket book in which he had collected homilies from the Hindu Bhagavadgita." ³

Most importantly, Adolf Hitler's stand against the Jews. OBVIOUSLY, this is NOT CHRISTIAN, by any stretch of the imagination. The following bible scriptures are proof of how truly Christian it is to 'bless Israel' and the Jewish people:

THE JEWS ARE BY BLOOD, THE CHOSEN OF YAWEH/JEHOVA, THEY ARE NOT OF SATAN IN ANY WAY:

Genesis 12:1-3

- 1 The Lord and said to Abram, "Leave your country, your people and your father's household and go to the land I will show you.
- 2 "I will make you into a great nation and I will bless you; I will make your name great, and you will be a blessing.
- 3 I will bless those who bless you, and whoever curses you I will curse; and all peoples on earth will be blessed through you."

Psalms 122

- 1 I was glad when they said unto me, Let us go into the house of the LORD.
- 2 Our feet shall stand within thy gates, O Jerusalem.
- 3 Jerusalem is builded as a city that is compact together:
- 4 Whither the tribes go up, the tribes of the LORD, unto the testimony of Israel, to give thanks unto the name of the LORD.
- 5 For there are set thrones of judgment, the thrones of the house of David.
- 6 Pray for the peace of Jerusalem: they shall prosper that love thee.

Psalms 129

- 1 Many a time have they afflicted me from my youth, may Israel now say:
- 2 Many a time have they afflicted me from my youth: yet they have not prevailed against me.
- 3 The plowers plowed upon my back: they made long their furrows.
- 4 The LORD is righteous: he hath cut asunder the cords of the wicked.
- 5 Let them all be confounded and turned back that hate Zion.
- 6 Let them be as the grass upon the housetops, which withereth afore it groweth up:
- 7 Wherewith the mower filleth not his hand; nor he that bindeth sheaves his bosom.
- 8 Neither do they which go by say, The blessing of the LORD be upon you: we bless you in the name of the LORD.

Psalms 102

- 12 But thou, O LORD, shall endure for ever; and thy remembrance unto all generations.
- 13 Thou shalt arise, and have mercy upon Zion: for the time to favour her, yea, the set time, is come.
- 14 For thy servants take pleasure in her stones, and favour the dust thereof.
- 15 So the heathen shall fear the name of the LORD, and all the kings of the earth thy glory.

16 When the LORD shall build up Zion, he shall appear in his glory.

In addition to the above, I keep writing this over and over and over and over.... ad nauseum- NEARLY EVERY SINGLE PAGE OF THAT FILTHY BIBLE HAS THE WORD, EITHER JEW, JEWS, ISRAEL, JEWISH PLASTERED ALL OVER THE PLACE.

JESUS WAS A JEW

Wicca is Nothing More Than Christianized Witchcraft

Lately, there have been some posts in some of the JoS e-groups regarding Wicca. Wicca is nothing more than Christianized witchcraft. The three-fold crap, warnings against the use of black magick [in other words, be a victim and keep ignoring injustice, pass the buck, and indirectly promote it] and other Christian infested crap along with the gradual removal of any real spiritual knowledge.

Some time ago, I saw in a bookstore, a fancy book titled 'Book of Hours.' This is so typical of what I am saying here. This 'Book of Hours' had meaningless prayers and sayings in it for every hour of the day. This is soooo typical. The author obviously had no knowledge of what a true book of hours really is and how to use it. True books of hours are meant to do workings, or work on specific meditations or chakras depending upon which planet is ruling the hour at the time. Chronos is a modern computerized book of hours we can download and print out on-line.

Then, there is the Wiccan 'Book of Days.' Certain days of the year are scientifically aligned with the Sun and other stars, giving these dates more power than other days in the year. Again, the Wiccan books of days plenty of prayers, similar to what one would recite in an Christian church, or information is given concerning the waxing and waning of the 'goddess.' Spiritual knowledge is replaced with meaningless crap.

Beginning or performing a working on a certain day can make all of the difference in the power the working has. This also includes whether a specific working is performed during certain hours, aligning with the planets and/or during daylight or evening hours.

Working on amplifying a specific chakra should be done on the day and hour ruled by the planet that rules that chakra. There are spiritual workings that are best begun during certain seasons for optimal results.

Another thing I want to add before ending this sermon is Islam. In my opinion, there isn't anything more rotten than the religion of Islam. Again, there are major corruptions of spiritual knowledge, as in Christianity, in Islam. These corruptions are an abomination and extreme blasphemy against true spirituality. In areas where Islam is the majority, a 'muezzin' goes up to a tower and shouts out that it is time for 'prayer.' This is mandatory five times a day. Now-a-days as things are getting more modern, few places have the muezzin and now have a pre-recorded message that blasts out over a loudspeaker, ordering everyone to 'prayers.'

Within a matter of minutes, everyone drops whatever they are doing, facing east-all foreheads to the ground, all asses sticking up, and recites the affirmation 'There is no god but Allah.'

Now, facing east scientifically aligns the soul with the turning of the earth, giving certain workings more power. The repeated affirmations, not only once, but five times a day, over a period of more than a thousand years give rise to a powerful thoughtform, not to mention actual hypnotizing and brainwashing this 'Allah' shit into the minds of adherents to this foul program. Thus, it takes on a life of its own. It remains due to the fact that those under its spell keep it alive in more ways than one.

Now, if those people actually did breathing exercises, kundalini exercises and a bit of yoga, five times a day, where would they be? I can tell you one thing, they wouldn't be living like they are right now, many live lower than an animal. They would be able to heal themselves and others and actually be able to experience real happiness, and to take control of their own lives and destinies, instead of being a slave to a Jewish invented rotten asshole.

The five times a day rule was obviously stolen and corrupted. Those who wish to advance in powers and meditations, ideally if time permits, before breakfast, do yoga and/or breathing exercises, or vibrate [mantra] words of power for specific goals. Noon is another time for the above, mid-afternoon, before dinner and before going to sleep.

My point is, spreading your meditations and empowering exercises out, throughout the day, greatly amplifies their power. Once kundalini has risen permanently, many of the exercises can be dropped, and there is a different way of working on your powers after that.

Jesus: The Jewish Archetype

There are a small number of deluded Gentile fools who try to claim the Nazarene was a Gentile. The following biblical scriptures prove beyond any doubt the Jewishness of the Nazarene, and his relation to the Gentiles. As for the Jewishness of his teachings, see "Christianity and Communism: Jewish Twins" page 95.

The Nazarene is a fictitious JEWISH INVENTED ARCHETYPE for Gentiles to slavishly worship. This character is based upon some 18+ crucified Pagan Gods STOLEN and CORRUPTED from GENTILE pantheons! For more information proving the nazarene character is fictitious, click on the links provided at the bottom of this webpage. The Jews themselves know the nazarene is a lie!

- Matthew 1: 1 The book of the generation of Jesus Christ, the son of David, the son of Abraham.
Who was Abraham?
- Genesis 14:13 And there came one that had escaped, and told Abram the Hebrew; for he dwelt in the plain of Mamre the Amorite, brother of Eshcol, and brother of Aner: and these were confederate with Abram.
- Genesis 17:10 This is my covenant, which ye shall keep, between me and you and thy seed after thee; Every man child among you shall be circumcised.

Circumcision was not a popular practice among the Gentiles:

Male Circumcision in the Renaissance:

*Europeans, with the exception of the Jews, did not practice male circumcision ¹
In 1753 in London, there was a proposal for Jewish emancipation. It was furiously opposed by the pamphleteers of the time, who spread the fear that Jewish emancipation meant universal circumcision.*

Men were urged to protect:

"The best of your property" and guard their threatened foreskins. ...a striking indication of how central to their sexual identity men considered their foreskins at that time. ²

Until well into the Nineteenth Century, the same sentiments prevailed. Richard Burton observed that "Christendom practically holds circumcision in horror". This attitude is reflected in the ninth edition of the Encyclopaedia Britannica (1876) which discusses the practice as a religious rite among Jews, Moslems, the ancient Egyptians and tribal peoples in various parts of the world. The author of the entry rejected sanitary explanations of the procedure in favour of a religious one: "like other body mutilations ... [it is] of the nature of a representative sacrifice". ³

- Matthew 1: 2 Abraham begat Isaac; and Isaac begat Jacob; and Jacob begat Judas and his brethren;
- Hebrews 7: 14 For it is evident that our Lord sprang out of Juda; of which tribe Moses spake nothing concerning priesthood.

- Matthew 2: 1 Now when Jesus was born in Bethlehem of Judaea in the days of Herod the king, behold, there came wise men from the east to Jerusalem,
- 2 Saying, Where is he that is born King of the Jews? for we have seen his star in the east, and are come to worship him.

According to rabbinical law and in the tradition of male Jews, the Nazarene was circumcised and named on the eighth day in the temple (Jewish term for synagogue) by a rabbi:

- Luke 2: 21 And when eight days were accomplished for the circumcising of the child, his name was called JESUS, which was so named of the angel before he was conceived in the womb.

Jesus' mother Mary was also very observant of orthodox Jewish law where a woman is unclean following her menstrual period, or childbirth:

- Leviticus 12: 1 And the LORD spake unto Moses, saying,
- 2 Speak unto the children of Israel, saying, If a woman have conceived seed, and born a man child: then she shall be unclean seven days; according to the days of the separation for her infirmity shall she be unclean.
- 3 And in the eighth day the flesh of his foreskin shall be circumcised.
- 4 And she shall then continue in the blood of her purifying three and thirty days; she shall touch no hallowed thing, nor come into the sanctuary, until the days of her purifying be fulfilled.

Modern orthodox Jews still follow these laws.

The following scriptures are rather blatant regarding the Jewish identity of the Nazarene and his relation to non-Jews (Gentiles):

- Luke 2: 25 And, behold, there was a man in Jerusalem, whose name was Simeon; and the same man was just and devout, waiting for the consolation of Israel: and the Holy Ghost was upon him.
- 26 And it was revealed unto him by the Holy Ghost, that he should not see death, before he had seen the Lord's Christ.
- 27 And he came by the Spirit into the temple: and when the parents brought in the child Jesus, to do for him after the custom of the law,
- 28 Then took he him up in his arms, and blessed God, and said,
- 29 Lord, now lettest thou thy servant depart in peace, according to thy word:
- 30 For mine eyes have seen thy salvation,
- 31 Which thou hast prepared before the face of all people;
- 32 A light to lighten the Gentiles, and the glory of thy people Israel.

Note in the above verse 32, the distinction between Gentiles and "Israel."

Both of the Nazarene's parents were observant Jews who made the yearly pilgrimage for the Feast of the Passover:

- Luke 2: 41 Now his parents went to Jerusalem every year at the feast of the passover.

The Nazarene was very clear in his attitudes towards the Gentiles and the distinction between Jew and Gentile:

- Matthew 20: 25 But Jesus called them unto him, and said, Ye know that the princes of the Gentiles exercise dominion over them, and they that are great exercise authority upon them.

But it shall not be so among you: but whosoever will be great among you, let him be your minister;

He was called "Rabbi" and by his own people (Jews):

- John 20:16 Jesus saith unto her, Mary. She turned herself, and saith unto him, Rabboni; which is to say, Master.
- John 3: 1 There was a man of the Pharisees, named Nicodemus, a ruler of the Jews:
 - 2 The same came to Jesus by night, and said unto him, Rabbi, we know that thou art a teacher come from God: for no man can do these miracles that thou doest, except God be with him.
 - John 6: 24 When the people therefore saw that Jesus was not there, neither his disciples, they also took shipping, and came to Capernaum, seeking for Jesus.
 - 25 And when they had found him on the other side of the sea, they said unto him, Rabbi, when camest thou hither?
 - John 1: 37 And the two disciples heard him speak, and they followed Jesus.
 - 38 Then Jesus turned, and saw them following, and saith unto them, What seek ye? They said unto him, Rabbi, (which is to say, being interpreted, Master,) where dwellest thou?

And a "Jew" by the Gentiles:

- John 4: 9 Then saith the woman of Samaria unto him, How is it that thou, being a Jew, askest drink of me, which am a woman of Samaria? for the Jews have no dealings with the Samaritans. He upheld Jewish Law:
- Matthew 5: 17 Think not that I am come to destroy the law, or the prophets: I am not come to destroy, but to fulfil.
- 18 For verily I say unto you, Till heaven and earth pass, one jot or one tittle shall in no wise pass from the law, till all be fulfilled.

He regularly attended and taught in the Jewish synagogue and observed the Jewish Sabbath. The Jews loved and glorified him:

- Luke 4: 14 And Jesus returned in the power of the Spirit into Galilee: and there went out a fame of him through all the region round about.
- 15 And he taught in their synagogues, being glorified of all.
- 16 And he came to Nazareth, where he had been brought up: and, as his custom was, he went into the synagogue on the sabbath day, and stood up for to read.

- Luke 21: 37 And in the day time he was teaching in the temple; and at night he went out, and abode in the mount that is called the mount of Olives.
- 38 And all the people came early in the morning to him in the temple, for to hear him.

Only Jews were allowed in the temple. Gentiles were and are to this day considered "unclean" by both conservative and orthodox Jews:

- Acts 21: 25 As touching the Gentiles which believe, we have written and concluded that they observe no such thing, save only that they keep themselves from things offered to idols, and from blood, and from strangled, and from fornication.
- 26 Then Paul took the men, and the next day purifying himself with them entered into the temple, to signify the accomplishment of the days of purification, until that an offering should be offered for every one of them.
- 27 And when the seven days were almost ended, the Jews which were of Asia, when they saw him in the temple, stirred up all the people, and laid hands on him,
- 28 Crying out, Men of Israel, help: This is the man, that teacheth all men every where against the people, and the law, and this place: and further brought Greeks also into the temple, and hath polluted this holy place

Note the above scriptures do not pertain to the Nazarene, but to "Paul." The Nazarene was long gone at this time according to scripture. Though Paul was a Jew, his mission was to the Gentiles.

Like his parents, he observed the Passover:

- John 2: 13 And the Jews' passover was at hand, and Jesus went up to Jerusalem.
 - John 7: 2 Now the Jew's feast of tabernacles was at hand.
 - 10 But when his brethren were gone up, then went he also up unto the feast, not openly, but as it were in secret.
 - 11 Then the Jews sought him at the feast, and said, Where is he?
 - John 7: 14 Now about the midst of the feast Jesus went up into the temple, and taught.
 - Luke 22: 14 And when the hour was come, he sat down, and the twelve apostles with him.
 - 15 And he said unto them, With desire I have desired to eat this passover with you before I suffer:
- He also observed Hanukkah:
- John 10: 22 And it was at Jerusalem the feast of the dedication, and it was winter.
 - 23 And Jesus walked in the temple in Solomon's porch.

He quoted the Hebrew scriptures:

- Matthew 4: 1 Then was Jesus led up of the Spirit into the wilderness to be tempted of the devil.

- 2 And when he had fasted forty days and forty nights, he was afterward an hungred.
- 3 And when the tempter came to him, he said, If thou be the Son of God, command that these stones be made bread.
- 4 But he answered and said, It is written, Man shall not live by bread alone, but by every word that proceedeth out of the mouth of God.
- 5 Then the devil taketh him up into the holy city, and setteth him on a pinnacle of the temple,
- 6 And saith unto him, If thou be the Son of God, cast thyself down: for it is written, He shall give his angels charge concerning thee: and in their hands they shall bear thee up, lest at any time thou dash thy foot against a stone.
- 7 Jesus said unto him, It is written again, Thou shalt not tempt the Lord thy God.
- 8 Again, the devil taketh him up into an exceeding high mountain, and sheweth him all the kingdoms of the world, and the glory of them;
- 9 And saith unto him, All these things will I give thee, if thou wilt fall down and worship me.
- 10 Then saith Jesus unto him, Get thee hence, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve.
- 11 Then the devil leaveth him, and, behold, angels came and ministered unto him.
- Deuteronomy 8: 3 And he humbled thee, and suffered thee to hunger, and fed thee with manna, which thou knewest not, neither did thy fathers know; that he might make thee know that man doth not live by bread only, but by every word that proceedeth out of the mouth of the LORD doth man live.
- Deuteronomy 6: 16 Ye shall not tempt the LORD your God, as ye tempted him in Massah.
- Deuteronomy 6: 13 Thou shalt fear the LORD thy God, and serve him, and shalt swear by his name.

Note in the above scenario, though fictitious, Satan approached the Nazarene not as an equal, but as superior. An equal does not worship an equal.

He readily admitted to his Jewish identity:

- Mark 15: 2 And Pilate asked him, Art thou the King of the Jews? And he answering said unto them, Thou sayest it.

Many deluded Gentiles claim the Nazarene was murdered by the Jews, thus he must be a Gentile. This is utter nonsense as the scriptures prove otherwise. The Jews only punish their own for breaking Jewish law, as only one born of a Jewish mother can be a Jew and held accountable to Jewish law:

- Matthew 26: 64 Jesus saith unto him, Thou hast said: nevertheless I say unto you, Hereafter shall ye see the Son of man sitting on the right hand of power, and coming in the clouds of heaven.

- 65 Then the high priest rent his clothes, saying, He hath spoken blasphemy; what further need have we of witnesses? behold, now ye have heard his blasphemy.
- 66 What think ye? They answered and said, He is guilty of death.
- John 19: 7 The Jews answered him, We have a law, and by our law he ought to die, because he made himself the Son of God.
- John 18: 31 Then said Pilate unto them, Take ye him, and judge him according to your law. The Jews therefore said unto him, It is not lawful for us to put any man to death:
- John 18: 35 Pilate answered, Am I a Jew? Thine own nation and the chief priests have delivered thee unto me: what hast thou done?

He was buried as a Jew:

- John 19: 40 Then took they the body of Jesus, and wound it in linen clothes with the spices, as the manner of the Jews is to bury.

The Bible; King James Version.

The problem is most people believe what they are told. In order to expose Christianity, one must delve deeply into "forbidden knowledge." When one begins intense research into the "occult" occasionally one will meet with frightening experiences. This is because of the mind/spiritual power that has been put into protecting this knowledge for centuries, and keeping it forbidden. Orthodox Jews at the higher levels, and their Gentile lackeys, such as the ultra-corrupt Vatican of the Catholic Church (which is and always has been their tool to control the Gentiles), have known about and used this power for centuries. One must continue on relentlessly and there comes a point where the real truth will be accessed and the powers the enemy has used are no longer effective.

*Just to clarify, this has not been my own experience. I have studied freely under the direct protection of Satan.

I also want to add, in light of new knowledge, I have much revising to do. To sum it up, CONCEPTS, most of which relate to the Magnum Opus of Spiritual Alchemy, have been stolen, corrupted, and made into characters and places in order to remove spiritual knowledge and keep it in the hands of a "Chosen" few, so they can exploit the world.

Christianity and Communism: Jewish Twins

The following excerpt was taken from "Nature's Eternal Religion" by Ben Klassen

NOTE*

ALTHOUGH THIS ARTICLE WAS WRITTEN FOR A WHITE AUDIENCE, JEWISH COMMUNISM AFFECTS ALL GENTILES [NON-JEWS] REGARDLESS OF RACE, AND THIS IS DEFINITELY WORTH A READ.

Christianity is a preparation for communism, its doctrines are identical with communist philosophy, and there is nothing spiritual about it. All occult knowledge and power that would enable Gentiles to fight back through spiritual warfare [what the Jews have been using against us for centuries] has been systematically removed. After being forcibly removed with the Inquisition, this power has been in the hands of the top Jewish rabbis to throw curses, create unimaginable wealth and power, and to use at will against Gentiles. In other words, as the "YHVH" aka "Jehova" is in truth the Jewish people, they become "God."

Communism is another Jewish brotherhood scam that fools Gentiles into thinking it is for equality, peace, and better living. Nothing could be further from the truth. It is a Jewish program of genocide, mass-murder, and slavery for Gentiles, regardless of color.

Quote from the Jewish Talmud: Nidrasch Talpioth, p. 225-L:

"Jehovah created the non-Jew in human form so that the Jew would not have to be served by beasts. The non-Jew is consequently an animal in human form, and condemned to serve the Jew day and night."

Christianity and Communism: Jewish Twins from "Nature's Eternal Religion" by Ben Klassen

To hear the Kosher Conservatives tell it, a fierce, intensive battle is raging today between the evil forces of communism and the sacred forces of Christianity. We are led to believe that it is an all out battle between good and evil. We are told that these two forces are the very essence of two poles of opposition — in complete and diametrical conflict. It is a sham battle. The fact is they are both degenerate products of the collective Jewish mind, designed to do one and the same thing — to destroy the White Race. If we take a closer look at these two evil forces that have bedeviled and tormented the minds of the White Race for all these years, we find that they are not on opposite sides at all. We find that they

are both on the side of international Jewry, doing the job they were designed to do, namely: confuse and confound the White Man's intelligence so that he himself will help the Jew in destroying the White Race.

In comparing the two we find that they are strikingly similar, and not opposites. In fact, there are so many similarities in the two programs and in the philosophy of these two creeds that the hand of the same author can easily be detected. That author is the International Jewish network. They and they alone wrote both the creed of Christianity and the creed of communism. Both communism and Christianity preach against materialism. Communism designates those productive and creative forces of our society to which we owe in such large part the benefits of a productive White civilization, as "bourgeois." It then lashes out with unparalleled fury at the bourgeois and tells us over and over again that they must be destroyed. Instead of giving credit where credit is due, it slanders and vilifies these constructive and productive elements, namely the bourgeois or the capitalists, as the ultimate in evil. Christianity tells us basically the same thing. It tells us that it will be more difficult for a camel to pass through the eye of a needle than for a rich man to get to heaven. It tells us that we should "sell all thou hast and give it to the poor," an insidious piece of advice that, if followed, would make us all a pack of roving bums and beggars. It would most surely cause the breakdown of our society. Christianity further tells us "lay not up treasures on earth, but lay up treasures in heaven." Throughout, the implication is clear. Don't accumulate unto yourself any of the good things in life. If, through hard work, you've already managed to accumulate some wealth, get rid of it, give it away, give it to the poor, above all, give it to the Church, they'll take it, with relish. The net result of this fantastically bad advice, of course, is that it will more easily pass into the hands of the Jews, who do not subscribe to such foolishness. They hope to make fools of us, knowing very well the old saying "A fool and his money are soon parted," is only too true.

The other side of the coin is that the leaders of both Christianity and communism themselves are fantastically materialistic. When we look at the Catholic Church on down through the ages, we find that whereas they were extracting the last mite from the poor widow, the church itself was gathering up and hoarding gold, silver and precious gems in unbelievable quantities. Not only was it taking in and gathering all the gold, silver and precious stones that it could, but it acquired huge amounts of real estate, and the Catholic Church today is undoubtedly the most fantastically wealthy institution on the face of the earth. Even through the Dark Ages when poverty was widespread, mostly because of Christianity itself, we find these huge and fabulously rich cathedrals, built in the midst of poverty, with gold encrusted altars and apses and vaults and columns and walls. The leadership of the Church caused to be built huge and great Basilicas, Cathedrals, Abbeys, Baptisteries, Mausoleums, Convents, and Churches. Practically all of these were so lavish and so huge in comparison with the meager surroundings of the times, that they flamboyantly stood out as the main repository of all the material wealth — gold, silver and architectural lavishness — of both their era

and their geographical location. The church never has bothered to explain why it was so necessary to have such lavish wealth on display to the worshipping faithful, who were told time and again that it was evil to "lay up treasures." Unto this day, churches are built to be flamboyant, garish and bizarre. Money seems to be no object.

The Vatican, that citadel of "spiritual" leadership, which also preaches, "lay not up treasures on earth," does not practice what it preaches. On the contrary, what it practices is indeed the height of hypocrisy, and the antithesis of spirituality. It goes all out for laying up treasures on earth. It has amassed unto itself a portfolio of 5.6 billion dollars in stocks alone, not to mention all of its real estate, art treasures and other valuables. It enjoys an annual income of 1.5 billion dollars, much of it undoubtedly collected from the "widow's last mite," as well as its vast holdings. Next Back Home The United States religious establishment as a whole is valued at 102 billion dollars. In 1969, of the 17.6 billion dollars United States individuals contributed to charity, 45 percent, or 7.9 billion dollars was earmarked for religious purposes. Pretty materialistic for a religion that "shuns" earthly treasures and preaches "my kingdom is not of this world."

Likewise, the communist bosses in Russia, practically all of which are Jews, have accumulated unto themselves all the riches of the countryside. While the communist slave laborer is toiling away twelve hours a day and then comes home to a dingy, dirty, filthy, crowded little apartment shared with other families, his Jewish bosses have opulent palaces spread all over the countryside. They drive the best of cars, chauffeur driven, of course, and eat the best of foods. Not only that, but they have the best of planes at their disposal to fly wherever they see fit to govern their slave laborers. These Jewish communist bosses usually also have at their disposal imported clothes and tailors and a galaxy of servants. When they need a rest from running their slave empire, they have private villas on the Black Sea or other choice vacation spots at their beck and call. And so it goes in the Proletarian Worker's Paradise.

Let us pass on to the next similarity. Both communism and Christianity make extensive use of the weapons of terror, both psychological and real. Undoubtedly the most ghoulish and vicious concept ever contrived by the depraved and collective mind of Jewry is the concept of hell. Can you think of anything more horrible than placing millions of people in confinement in a superheated torture chamber and then burning them forever and ever without even the mitigating mercy of allowing them to die? With this piece of "Good News," and "Joyful Tidings," Christianity set out to conquer the minds of its superstitious and unreasoning victims. The fact that such a torture chamber was non-existent did not at all detract from the fact that it was a real threat to those who were made to believe that it was real. To a child, for instance, if you tell him that the Boogieman is going to get him, and he innocently believes you, then the threat is just as real as if a Boogieman actually existed. And so it is with hell. To those that have become convinced that it exists, this horrible threat is just as real as if it did exist.

However, Christianity did not stop with using psychological terror alone. Those who deviated from the official church line were declared as heretics and forthwith burned at the stake. The idea of using fire in one form or another as a means of torturing their opponents seems to have obsessed these "loving" Christians' minds. According to van Braght's famous Martyr's Mirror, some 33,000 Christians were put to death by other so-called Christians by means of burning at the stake, a grizzly type of revenge.

Among my ancestors alone (who were of the Mennonite faith) some 2,000 martyrs were burned at the stake by these ever-loving Christians. One outstanding feature about this burning at the stake business was that they were always White people who were being burned. Never have I ever heard of a Jew being burned at the stake for not believing precisely along specified lines of Judaism, even though they did not believe in Christ at all. Burning at the stake wasn't the only means of torture and death used by these love-dispensing Christians who were so eager to spread their message of love.

During the Inquisition, and other times, all the beastly refinements of torture that the depraved human mind could devise were used to extort confessions and whip the unbelievers or heretics into line. The thumb-screw, water-dip, the iron corset, drawn and quartered, gouging out one's eyes with hot irons, and the rack (slowly tearing limb from body by means of stretching) were but some of the devices used by these ever-loving Christians to spread their gospel of Love. When the communists came along and used physical torture as one of their instruments of conquest, they had very little left to invent but what the Christians had already utilized before them. And this is as can be expected, since it was Jewish fiendishness that designed the means of torture for both. Nor did the Church hesitate to use wholesale warfare to batter down whole nations that did not submit to their religious dictation. In fact during the 16th, 17th and 18th century the main causes of war were religious dissensions in which one religious group sought to force their beliefs on their opposites by wholesale warfare and slaughter. The communist record of using wholesale terror, both psychological and physical, is so recent, so widespread and so well known that we need hardly review it here.

In Russia alone the Jewish communist regime used terror on a scale unknown before in the annals of history. In order to exterminate the best of the White Race in Russia, namely the White Russians, the Jews slaughtered some 20,000,000. The terror, the killings, the murders that are going on in Russia today defy the imagination of the average White Man's mind. In any case, both communism and Christianity are using, and have used, terror extensively, both psychological and physical, to subjugate their victims. Whereas the Christians excelled in psychological terror, the communists excel in physical terror. But in both cases the Jews were experts in using whatever type of terror best accomplished their ends. Both communism and Christianity have a book that presumably lays down the creed of their movement. Christianity has the Jewish bible which was written

by Jews, mostly about Jews, for the purpose of uniting the Jewish race and for destroying the White Race.

The communist bible is Karl Marx's Das Kapital and the Communist Manifesto, written by Karl Marx in conjunction with Friedrich Engels, both of whom were Jews. Both of these Jewish creeds, communism and Christianity, are highly destructive, and when followed, tear down the fabric of the society that has fallen victim to them. Christianity teaches the evilness of man, that he is a no-good, unworthy sinner, that he is born in sin and that his every instinct is evil. Communism preaches that the productive, creative element of our society, namely the "bourgeois" as they call them, is rotten and evil, and must be destroyed. It can be safely said that any sound, healthy society that turned either to complete Christianity and practiced all of its principles, or any society that practiced pure communism, would soon destroy itself. Again we want to vigorously point out that contrary to what these Kosher Conservatives are always telling us, communism is by no means the same as socialism or collectivism. The latter are basic constructive elements of any healthy society, but communism is an undisguised Jewish slave-labor camp.

Since I have gone into this matter in considerable detail in another chapter, we will not take further space to review this idea here. Both communism and Christianity preach the equality of man. Christianity preaches that we are all equal in the eyes of the Lord, whereas the communists preach that we all must become equal in the communist society. The latter argue that the only reason we are not equal is entirely due to environment, and this little quirk of Nature they are going to correct. By the time they get through processing us all in an equal environment, they assure us they will have leveled us all down to where we are all equal.

This will only be too true, for the White Race will be leveled down to where they are all equal to a horde of miserable slaves, whereas every Jew, on the other hand, will be a king. Not only do both communism and Christianity preach the equality of the individual, but they also preach the equality of races, another vicious lie thrown in the face of Nature. Both creeds have a very tricky dogma that is rather nebulous and confusing, not to say contradictory, in itself. They both, therefore, have set up a hierarchy that interprets what the correct dogma of the day is and everyone is to toe the line or suffer the consequences of an entrenched power structure. Christianity and communism both have had their schisms. In the case of Christianity, the followers that differed were called heretics and in the case of communism, those that stray from the official line are called deviationists. In the case of Christianity, the Great Schism, of course, was during the Reformation when the Protestant segment developed and broke away from the Catholic Church. It then proceeded to split and splinter in a thousand different directions from there on out, all to the detriment and destruction of the White Race. The first great split, of course, was when the Byzantine Empire split from the Roman or Western half.

Among the communists there were a number of schisms such as the Mensheviks and the Bolsheviks, and a number of other schisms, before the communists ever came to power. After they did come to power, there were the Stalinist communists and the Trotskyite communists, the latter being vigorously pursued and purged from the ranks. Now we presumably have the Mao wing of the communist party and for a while we had the Tito deviationists, and so on. In any case, the main idea in Christianity and communism is the same: On top of a confusing and impossible dogma sits a tight powerful hierarchy which dictates and interprets what the line of its followers must be, and terror, death and reprisal are the consequences to those who dare to think for themselves. It is not at all surprising that the archenemy of both these Jewish creeds is Adolf Hitler, because he dared to come out with a healthy, natural social structure that embodied those principles that were in harmony with the natural laws, and with the healthy instincts for the preservation of the White Race. We, therefore, find the Jewish press, the communist press, and Christianity, all in chorus, denouncing Adolf Hitler, and telling us what a terrible, terrible man he was. All perpetrate and repeat over and over again the same Jewish lies about Hitler that the Jews themselves have dreamed up and supplied to their toadying stooges. The similarities between these creeds go on and on. Both preach the destruction of the present society. They especially zero in on the destruction and downgrading of the more creative and productive elements of society as a whole. Both denounce and vilify the better elements of established society and rejoice at human failures and weaknesses, thereby claiming to prove the correctness of their communist-Christian theory.

The Jews, who are the perpetrators of communism, envision the United Nations headquarters to finally rest in Israel and in particular, in Jerusalem. Christianity too, continuously keeps talking about Zion, the New Jerusalem, and looks to Jerusalem as the Holy Land, its origin and spiritual headquarters. Both of these Jewish creeds consistently follow policies which are disastrous to the welfare of the White Race. I have already gone into considerably detail about the catastrophic effects of Christianity on the great White Roman civilization. I have also pointed out previously that the Jews in communist Russia killed off 20,000,000 of the best White Russians. However, the programs and policies of both these creeds extend much further than these two major catastrophes of history and to point out how disastrous the effects of both Christianity and communism have been upon the fortunes of the White Race would require a whole volume in itself. I believe we have scattered throughout this book a mass of such examples that it is hardly necessary to again repeat them here. Another similarity that manifests itself in both of these Jewish creeds is that both have an incurable ability to put forth a profuseness of verbiage that is extremely vague and beclouded with confusion. Not only is the verbiage profuse, but incredibly lacking in substance. This is an old Jewish trick to confuse and confound the minds of their opposition, the latter being deceived into thinking that all this vast

collection of words must have some higher meaning beyond their comprehension.

To further destroy and beat back the opposition, both creeds have developed to a high state the art of hurling vicious trigger words and hate words at their opponents. The Christians developed such hate-trigger words as atheist, heathen, heretic, apostate, blasphemy, pagan, sinner and anti-Christ. The communists have developed a whole stable of similar trigger words, and some of these are Fascist, Nazi, racist, bigot, prejudice, and anti-Semitic. Without anyone really stopping to analyze what each of these words mean and why they should be considered as bad, these words have been developed to a high state of implied evil so that by just merely calling these names, you need not really debate the issues, but mercilessly strike down your opponents without resorting to any debate or reasoning whatsoever. If the similarities between Christianity and communism seem rather striking, there is a very good reason for their parallel ideology. That reason is, of course, they were both concocted by the Jewish power structure for the common objective of destroying the White Race. Unfortunately, up to this point, both their ideologies have been devastatingly effective. It is partially the purpose of this book and the Creativity Movement to confront this devastating attack on the mind of the White Race and expose these twin Jewish ideologies for what they are. Furthermore, I am firmly convinced, and it is my measured conclusion, that the Jews could never have foisted modern communism on a long suffering humanity, had they not First softened up, unhinged and confused the intellect of the White Race with the fallacious snares of Christianity. It is therefore the further objective of Creativity to help straighten out the befuddled thinking of the White Race to where they then can, and will, expunge both of these twin Jewish scourges from the face of this planet.

Jews Owned and Operated the African Slave Trade

With the internet [www = 666], the Jews cannot contain their lies anymore, as the truth is coming out. Some Jews themselves are now admitting publicly that the 'holocaust' is a total lie - [Click Here](#).

Of course, they will try to wheedle their way out of this, like everything else; some billions upon billions of dollars later, and also the so-called 'war criminals' who were unjustly murdered for nothing but a bunch of bullshit lies; also the Jews to extort incredible amounts of money and rob the Palestinians of their land and homes [while the homeless Palestinians have been relegated to being brutalized in camps], based upon more lies in that filthy bible of theirs, which is nothing more than a fictitious history and subliminal tool to give them ultimate wealth and power. 'Thou shalt prosper.' **MAYBE IT IS HIGH TIME THE JEWISH PEOPLE SHOULD START PAYING 'REPARATIONS' WHICH OF COURSE IS ONLY POCKET CHANGE TO MOST OF THEM.**

Another one I want to bring up again and this is definitely worth a read. **OF COURSE WE ARE TOTALLY AGAINST ISLAM**, as this is another Jewish program and those who unknowingly are devoted to this lie are under the psychic control of the Jews, no different from the Christians. But, the following article is well worth reading, especially for African Americans here. The Jews are the ones who should be paying reparations, of which they can very well afford:

**Who Brought the Slaves to America?
By Walter White Jr., 1968**

From:

http://www.radioislam.org/islam/english/toread/who_brought_slaves_to_america.htm

The story of the slaves in America begins with Christopher Columbus. His voyage to America was not financed by Queen Isabella, but by Luis de Santangelo, who advanced the sum of 17,000 ducats (about 5,000 pounds-today equal to 50,000 pounds) to finance the voyage, which began on August 3, 1492.

Columbus was accompanied by five 'maranos' (Jews who had foresworn their religion and supposedly became Catholics), Luis de Torres, interpreter, Marco, the surgeon, Bemal, the physician, Alonzo de la Calle and Gabriel Sanchez (1).

Gabriel Sanchez, abetted by the other four Jews, sold Columbus on the idea of capturing 500 Indians and selling them as slaves in Seville, Spain, which was done. Columbus did not receive any of the money from the sale of the slaves, but he became the victim of a conspiracy fostered by Bemal, the ship's doctor. He, Columbus, suffered injustice and imprisonment as his reward. Betrayed by the five maranos (Jews) whom he had trusted and helped. This, ironically, was the beginning of slavery in the Americas (2).

The Jews were expelled from Spain on August 2, 1492, and from Portugal in 1497. Many of these Jews emigrated to Holland, where they set up the Dutch West Indies Company to exploit the new world.

In 1654, the first Jew, Jacob Barsimson, emigrated from Holland to New Amsterdam (New York) and in the next decade many more followed him, settling along the East Coast, principally in New Amsterdam and Newport, Rhode Island. They were prevented by ordinances issued by Governor Peter Stuyvesant from engaging in the domestic economy, so they quickly discovered that the territory inhabited by the Indians would be a fertile field. There were no laws preventing the Jews from trading with the Indians.

The first Jew to begin trading with the Indians was Hayman Levy, who imported cheap glass beads, textiles, earrings, armbands and other cheap adornments from Holland which were traded for valuable fur pelts. Hayman Levy was soon joined by Jews Nicholas Lowe and Joseph Simon. Lowe conceived the idea of trading rum and whiskey to the Indians and set up a distillery in Newport, where these two liquors were produced. Within a short time there were 22 distilleries in Newport, all of them owned by Jews, manufacturing and distributing 'firewater.' The story of the debauching of the Indians with its resultant massacres of the early settlers, is a dramatic story in itself.

It is essential to comprehend the seaport of Newport. It is important in order to recognize the Jewish share in the Slave commerce. There was a period when it was commonly referred to as 'The Jewish Newport-World center of Slave

Commerce.' All together, at this time, there were in North America six Jewish communities: Newport, Charleston, New York, Philadelphia, Richmond, and Savannah. There were also many other Jews, scattered over the entire East Coast. Although New York held first place in the settlers of Jews in North America, Newport held second place.

New York was also the main source of Kosher meat, supplying the North American settlements, then the West Indies and also South America. Now Newport took over! Newport also became the great trade harbour of the East Coast of North America. There, vessels from other ports met, to exchange commodities. Newport, as previously mentioned, represented the foremost place in the commerce of rum, whiskey, and liquor dealings. And to conclude, it finally became the Main Center of Slave dealings. It was from this port that the ships left on their way across the ocean, to gather their black human cargo and then derive great sums of money in exchange for them.

An authentic, contemporary report, based on authority, indicates that of 128 Slave ships, for instance, unloaded in Charleston, within one year, their "Cargo," 120 of these were undersigned by Jews from Newport and Charleston by their own name. About the rest of them, one can surmise, although they were entered as Boston (1), Norfolk (2), and Baltimore (4), their real owners were similarly the Jewish slave dealers from Newport and Charleston.

One is able to assess the Jewish share in the entire dealings of the Newport, if one considers the undertaking of a lone Jew, the Portuguese, Aaron Lopez, who plays an important part in the over-all story of the Jews and Slavery.

Aaron Lopez

Concerning the entire commerce of the Colonies, and the later State of Rhode Island, (which included Newport) bills of lading, concessions, receipts, and port clearances carried the signature name of the Jew Aaron Lopez (3). This all took place during the years 1726 to 1774. He had therefore more than 50% of all dealings under his personal control for almost fifty years. Aside from that there were other ships which he owned, but sailed under other names.

In the year 1749, the first Masonic Lodge was established. Ninety percent of the members of this first lodge, fourteen all told, were Jews. And one knows that only so-called "prominent" individuals were accepted. Twenty years later, the second Masonic Lodge, "King David," was established. It is a fact that all of these members were Jews.

In the meantime, the Jewish influence in Newport had reached such proportions that President George Washington decided to pay them a visit. Upon his appearance, both of the Masonic Lodges sent an emissary - a Jew named Moses Seixas (4) - to approach the President with a petition, in which the Jews of

Newport stated: "If you will permit the children of Abraham to approach you with a request, to tell you that we honor you, and feel an alliance..... and then: "Until the present time the valuable rights of a free citizen have been withheld. However, now we see a new government coming into being based on the Majesty of the people, a government, not sanctioning any bigotry nor persecution of the Jew, rather, to concede the freedom of thought, which each shares, whatever Nation or Language, as a part of the great Government machine."

It is necessary at this point to consider the disclosures as to who in reality obtained this legendary freedom in America at the founding of the Union. To be sure, the province became independent and severed from the English Jurisdiction. However, we can see from the petition (5) which Moses Seixas offered President Washington in the name of the Jews of Newport, that it was not in reality this type of freedom which they had in mind. They were merely concerned about themselves, and their "own civil rights," which had been withheld. Therefore, following the Revolutionary War, the Jews were accorded equal rights, and freed of all restrictions! And the Negroes? The Revolutionary War notwithstanding, they remained Slaves! In the year 1750, one sixth of the population in New York was Negroid, and proportionately in the Southern parts of the Country, they outnumbered the others, but the proclamation of Freedom did not touch them. More of this later.

Let us scrutinize at close range this dismal handwork of the Jews which gave them influence and power, so we may comprehend the Slave Trade; for there has been so much written since that time by the zealous Jewish writers, that at the present, long since removed, it might appear natural, for the time element has a tendency to make things nebulous.

Let us follow the journey of one ship, owned by a slave dealer, Aaron Lopez, which had made many trips to the African coast.

For instance, in the month of May, 1752, the ship "Abigail" was equipped with about 9,000 gallons of rum, a great supply of iron foot and hand restraints, pistols, powder, sabres, and a lot of worthless tin ornaments, and under the command of the Jewish Captain Freedman, sailed off for Africa. There were but two Mates and six sailors comprising the crew. Three and one half months later they landed on the African Coast. Meantime, there had been constructed an African Agency, by the Jewish slave dealers, who had corralled them, and prepared them for sale. This organization reaching deep into Africa, had many ramifications, including the heads of groups, villages, etc. This method to win over these leaders for the Jewish slave trade, was similar to' that which the Jews had employed with the Indians.

At first, they presented them with rum, and soon found themselves in an alcoholic delirium. When the gold dust, and ivory supply was exhausted, they were induced to sell their descendants. At first their wives, and then their youths. Then

they began warfare among each other, plotted and developed mostly by the Jews, and if they captured prisoners, these, too, were exchanged for rum, ammunitions and weapons to the Jews', using them for further campaigns to capture more Negroes. The captured Blacks were linked two by two and driven through the medieval forests to the coast. These painful treks required weeks, and some of them frequently became ill, and felled by exhaustion, and many unable to rise even though the bull whip was applied as an encourager. They were left to die and were devoured by wild beasts. It was not unusual to see the bones of the dead laying in the tropical sun, a sad and gruesome reminder to those who would later on tread this path.

It has been calculated that for each Negro who withstood the rigors of this wandering, there still had to be the long voyage across the ocean, before they reached American soil, nine out of ten died! And when one considers that there was a yearly exodus of ONE MILLION black slaves, then, and only then, can one assess the tremendous and extensive exodus of the African people. At present Africa is thinly populated, not alone due to the 1,000,000 literally dragged out of huts, but due to the five to nine million who never reached their destination. Once they reached the coast, the black slaves were driven together, and restraints were applied to hold them until the next transport ship docked. The agents—many of them Jews—who represented the Chief, then began the deal with the Captain. Each Negro was personally presented to him. But the captains had learned to become suspicious. The Black one must move his fingers, arms, legs, and the entire body to insure that there were not any fractures. Even the teeth were examined. If a tooth was lacking, it lowered the price. Most of the Jew agents knew how to treat sick Negroes with chemicals in order to sell them as sound. Each Negro was valued at about 100 gallons of rum, 100 pounds of gun powder, or in cash between 18 to 20 dollars. The notations of a captain inform us that on September 5, 1763, one Negro brought as much as 200 gallons of rum, due to the bidding among the agents, raising the price.

Women under 25 years, pregnant or not, resulted in the same measure, if they were well and comely. Any over 25 years lost 25%.

And here it should be stated that those Negroes, purchased free at the African Coast for 20 to 40 dollars, were then resold by the same slave dealers in America for two thousand dollars.

This gives one an idea how the Jews managed to acquire tremendous fortunes. Following the bargaining, Captain Freedman paid the bill, either in merchandise or cash. He also recalled some advice which his Jewish employers gave him as he left Newport for Africa: "Pour as much water into the rum as you possibly can." In this manner the Negro chiefs were cheated two times by the Newport Jews!

The next step was to shave the hair from the head of the acquired slaves. Then they were bound and branded with a hot iron, either on the back, or the hip, identifying them with their owners. Now the Negro slave was indeed the property of the Jewish purchaser. If he fled he could be identified. Following this procedure, there was a farewell celebration. There were instances when entire families were brought out of the interior, to the coast, and then separated through the buyer—the father going with one ship, the sons and daughters into another. These "farewell" celebrations were usually packed with emotion, tears, drama and sadness. There was little joy, if ever.

The following day the transport began from land to ship. It was managed by taking four to six Negroes at one time in rowboats to the ship. Of course the slave dealers were aware of how the Negro loved his homeland above all else, and could only be induced by great force to leave it. So, some of the Negroes would leap into the water. But here the overseers were prepared with sharp dogs and retrieved the fleeing men. Other Negroes preferred drowning. What came aboard alive was immediately undressed. Here was another opportunity to jump overboard and reach land and freedom. But the slave dealers were pitiless and ruthless; they were merely concerned to get their Black cargo to America with the least loss. Therefore, an escapee, recaptured, had both of his legs cut off before the eyes of the remaining Negroes in order to restore "Order."

On board the ship the Negroes were separated into three groups. The men were placed in one part of the ship. The women into another, whereby the lusty Captain arranged it so that the youngest, mostly comely Negro women were accessible to him.

The children remained on deck, covered with a cloth in bad weather. In this fashion the slave ship proceeded on its journey to America. In the main, the ships were too small, and not at all suitable to transport people. They were barely equipped to transport animals, which the Negroes were likened to. In one space, one meter high (39 inches) these unfortunate creatures were placed into a horizontal position, pressed close together. Mostly they were chained together. In this position they had to remain for three months, until the end of the voyage. Rarely was there a captain who sympathized with them or evidenced any feelings whatever for these pitiable creatures. Occasionally they would be taken in groups to the deck for fresh air, shackled in irons.

Somehow, these Negroes were expendable and endured much. On occasion, one of them became insane, killing the other one pressed closely to him. They also had their fingernails closely cut so they could not tear at each other's flesh. The most horrible battles came about among the men, to acquire a centimeter or two for a comfortable position. It was then that the slave overseer stepped in with his bullwhip. The unimaginable, horrible, human excrement in which these slaves had to endure these trips is impossible to describe.

In the women's quarters the same conditions prevailed. Women gave birth to children lying pressed closely together. The younger Negro women were constantly raped by the captain and the crew resulting, thereby, a new type of Mulatto as they came to America.

In Virginia, or in any of the other Southern port cities, the slaves were transferred to the land and immediately sold. A regular auction would take place, following the method of purchase in Africa. The highest bidder obtained the "Ware." In many cases—due to the indescribable filth—some of the Blacks became ill during the sea voyage from Africa to America. They became unemployable. In such cases the captain accepted any price. It was rare to dispose of them for no one wanted to purchase a sick Negro. Therefore, it is not surprising that the Jewish, unethical doctor senses a new form of revenue. They purchased the sick Negro for a small sum, then treated him, and sold him for a large sum. On occasion, the captain would be left with a few Negroes for whom he did not find a buyer. In that case he returned to Newport and sold them to the Jews for cheap domestic help. In other cases, the Jew owner of the ships took them over. This is why the city of Newport and its surroundings had 4,697 black slaves in the year 1756.

Slavery did not extend to the North. Moreover, in many of the North American Colonies, slavery was strictly forbidden. Georgia came under discussion; likewise also Philadelphia. And again it was the Jews who managed a loophole, which had given them freedom following the Revolutionary War, so, they schemed to make slave trading legal.

One had but to read the names of those persons living in Philadelphia who were requesting the elimination of existing laws regarding the slavery dealing. They were: the Jews Sandiford, Lay, Woolman, Solomon, and Benezet. That explained it all! But let us turn back to the slave ship "Abigail." Its captain—and we are reading from his ship's books—did a profitable business. He sold all of his Negroes in Virginia, invested some of the money in tobacco, rice, sugar, and cotton, and went on to Newport where he deposited his wares.

We learn from Captain Freedman's books that the "Abigail" was a small ship and could only accommodate 56 people. He managed, however, to clear from one trip 6,621 dollars, which he in turn delivered to the owner of the ship: one Aaron Lopez.

The staggering amounts of money acquired by the Jew ship owners and slavery dealers is better illustrated when we emphasize the many years in which this sale and purchase of human flesh was practiced. Prior to 1661, all of the Colonies had laws prohibiting slavery. It was in that year that the Jews had become powerful enough to bring about the repeal of these laws, and slavery began in earnest.

The Jews had discovered that the Colonists needed additional manpower to help them clear their fields for planting, helping in the construction of dwellings, and in general to help with harvesting their crops. This was particularly true of the Southern states which we have referred to earlier. The Southerners had vast tracts of rich soil suitable for rice, cotton, tobacco and cane sugar. At first, impoverished Europeans were recruited. English prison doors were opened and finally prisoners of war from England and Holland were brought to the Colonies, made to work until they had paid the cost of transporting them by ship and then set free.

It doesn't take a Jew long to discover what his brothers are doing, so a group of Jews settled in Charleston, South Carolina, where they set up distilleries for making rum and whiskey. They, too, learned that they could trade with the natives on the West Coast of Africa for ivory, and several ships were purchased and sent to Africa, trading the usual glass beads and other cheap ornaments for ivory, which, however, took up but little space on board ship. It occurred to these Jew traders that they could supply the plantations in the South with 'Black ivory', needed under swampy and malarial conditions which European labor could not tolerate without sickness, and which would not only fill the holds of their ships, but bring enormous profits. (This same group had earlier tried selling Indians as slaves but they found them completely unsatisfactory, as the Indians would not tolerate this type of work.) Thus, another segment of the slave trading had become active and profitable out of Charleston, South Carolina. Several shiploads of Black slaves were sent by the Dutch West Indies Company to Manhattan.

During this time there were a number of plantation owners established in the West Indies and two Jews, Eyrger and SayUer, with strong Rothschild connections in Spain, formed an agency called ASIENTO, which later operated in Holland and England. It was through these connections that Jews in Holland and England exerted influence and both of these connections cooperated in helping the Jews provide Black Slaves for the Colonists.

With the yearly capture and transport of one million Black slaves it is not difficult to figure that from 1661 to 1774 (one hundred thirteen years) approximately one hundred ten million slaves had been removed from their native land. About ten percent, or ELEVEN MILLION, Black slaves reached the Colonies alive.

We have talked about the small ship "Abigail" which could accommodate only 56 people and yet the profits per trip were enormous, with little or no investment. There were many other ships but we will concentrate here on only a few, such as the "La Fortuna," "Hannah," "Sally" or the "Venue" which made very great profits. The "La Fortuna," by the way, transported approximately 217 slaves on each trip. The owner cleared not less than \$41,438.00 from such a trip. These were dollars which the slave dealers 'could keep'. And these were dollars of value which would buy a great deal in return.

When one considers that the Jews of Newport owned about 300 slave-transporting ships, active without interruption, docking at Newport-Africa, Charleston, (or Virginia), one can approximate the tremendous earnings which made their way to Jewish ship owners. Indeed, the Jews admit, that of the 600 ships, leaving Newport harbor into all the world, "at least half of them" went their way to Africa, and we know what these ships going to Africa "were seeking."

The fact that Aaron Lopez had control of over more than half of the combined deals in the Colonies of Rhode Island, with Newport, is well-known. The well-known Rabbi Morris A. Gutstein, in his book, *The Story of the Jews in Newport*, attempts to remove these facts, maintaining that there is not any evidence that the Jews were connected with the Slave Trade. It is therefore imperative to prove that the Jew was indeed connected with the slave trading. Especially so since this rabbi insists they had made great contributions, and how very "blessed" their residence became for the city of Newport. Surely Morris A. Gutstein will grant us permission to present the facts which he was unable to find.

Turning to one report of the Chamber of Commerce of the "Rhode Island Colony" in the year 1764, we find, for instance, that in the year 1723 "a few merchants in Newport" devised the idea to send their Newport rum to the coast of Africa. It developed into such a great export that in the matter of a few years "several thousand (hogsheads)" of rum went that way. To which purpose did this rum serve?

The Carnegie Institute in Washington, D.C., presents and makes public authentic documents entitled "Documents Illustrative of the History of the Slave Trade in America". We wish to present a few facts from this particular collection of original documents and scrutinize them at closer range, and not at all to prove the heretofore Rabbi Morris A. Gutstein in error. In this collection of the first American institute of learning, we evaluate the capital "Rhode Island" which contributed the main share of the public documentation regarding the Slave trading. Here we find documented the recipients of the numerous shipping letters, also letters to the Slave dealers, and correspondence to the ship's captains, who were about 15% Jews, living in Newport. Among these we find, for instance, the Jew Isaac Elizar. He wrote a letter to Captain Christopher Champlin on February 6, 1763, saying he would like to be an agent for a load of slaves. Then follows the Jew Abraham Pereira Mendez, and one of the main slave dealers, Jacob Rod Rivera—the father-in-law of Aaron Lopez. And then there is Aaron Lopez, himself, and many, many more other Jews. Although we have considered Aaron Lopez several times, the size of this documented treatise limits us, and we cannot describe all of the writers concerned in the Slavery Dealing correspondence, their names and the special dates—rather, we wish to study the documentation of the 'Carnegie Institute' itself—keeping Aaron Lopez in mind. We wish to see what in the main this Jew was pursuing and what his business was. This is due to the fact that Rabbi Morris A. Gutstein presents him as a "lofty

and fine civilian of Newport" who was so generous and even "made contributions to welfare."

In a great number of published original unprejudiced writings in the Carnegie Institute, we find that Aaron Lopez pursued a tremendous commerce in rum with the African coast in exchange for slaves. These irrefutable facts are as follows:

- June 22, 1764, a letter by Captain William Stead to Aaron Lopez.
- July 22, 1765, a letter by Aaron Lopez to Captain Nathaniel Briggs.
- July 22, 1765, a letter to Captain Abraham All.
- February 4, 1766, a letter to Captain William Stead by Aaron Lopez.
- March 7, 1766, a letter by Captain William Stead to Aaron Lopez.
- February 20, 1766, a letter by Aaron Lopez to Captain William Stead.
- October 8, 1766, a letter by Captain William Stead to Aaron Lopez.
- February 9, 1767, a letter by Captain William Stead to Aaron Lopez.

Aside from that, there are similar statements out of letters by Aaron Lopez in the original, which he directed to the Captains Henry Cruger, David Mill, Henry White, Thomas Dolbeare, and William Moore. Indeed, one letter by Captain William Moore to Aaron Lopez & Company, is particularly revealing, and of special mention at this point. We wish to remark on the main contents of this letter in which Captain Moore writes: "I wish to advise you that your ship 'Ann' docked here night before last with 112 slaves, consisting of 35 men, 16 large youths, 21 small boys, 29 women, 2 grown girls, 9 small girls, and I assure you this is such a one rumcargo (rum in exchange for slaves) which I have not yet encountered, among the entire group there may be five to which one could take exception."

The date of the above letter was November 27, 1773. We have not yet concluded, because of lack of space, the excerpts and grateful compilations made available by the "Carnegie Institute."

On November 29, 1767, the Jew Abraham Pereira Mendez—who had been cheated by one of his kind—from Charleston, where he had journeyed to better control his Black cargo, wrote Aaron Lopez at Newport:

"These Negroes, which Captain Abraham All delivered to me, were in such poor condition due to the poor transportation, that I was forced to sell 8 boys and girls for a mere 27 (pounds), 2 other for 45 (pounds) and two women each for 35 (pounds)." (No doubt, English money)

Abraham Pereira Mendez was very angry and accused Aaron Lopez of "cheating" him. This letter delineates to us that this generous and fine citizen of Newport was insatiable in his greed for money. This is what caused the Rabbi Morris A. Gutstein to present this nobleman, Aaron Lopez, to pursue his objectionable methods. Negroes presented to him but a commodity.

In all of the letters which the "Carnegie Institute" published, it stresses the lack of human sympathy for the poor Negro slaves. This lack of feeling and compassion for the abused and pitiful Blacks at the hands of their Jewish dealers, can be read out of the diary of a captain who manned a ship owned by Aaron Lopez. The entrees concern a trip from the African Coast to Charleston. Moreover, they are authentic documents, published by the "Carnegie Institute" in Washington, D.C., calling attention to an organization which had heretofore known little or nothing about; neither had they encountered further publicity in books or newspapers. Therefore, it is not to be wondered at that the facts of the leading share of American Jews in the slave trade could be pointed out as a monopoly, and unknown to the non-Jewish Americans, including the great masses of people all over the world. Others, however, acquainted with the facts, had good reason to remain painfully quiet.

The captain of another ship, the "Othello" among other things, makes the following entries in his diary:

- February 6th: One man drowned in the process of loading.
- March 18th: Two women went overboard because they had not been locked up.
- April 6th: One man dead with Flux. (No doubt an illness.)
- April 13th: One woman dead with Flux.
- May 7th: One man dead with Flux.
- June 16th: One man dead by Kap Henry.
- June 21st: One man dead by James Fluss.
- July 5th: One woman dead with fever.
- July 6th: One girl, sick for two months, died.

This vessel was on its way for five months. What terrible and unspeakable suffering was the lot of these millions of Blacks, who were torn with brutal force from their friendly African huts, jammed together, like animals below deck, and then sold with less concern than selling a head of cattle. Small wonder that ten of them died, being purchased for just a few dollars, and then sold for the sum of \$2,000.00.

Some Negroes managed, through insurrection, to gain control of one or another ship and turned it around, with full sails, toward their African home. The crew of one slave ship, "Three Friends" for instance, tortured their Black cargo in such a manner that the Negroes reciprocated in a bloody rebellion. They killed the captain and the entire crew and threw the dead overboard. They then sailed back to Africa where they had barely escaped their hard-won freedom.

A similar fate struck the slave ship "Amistad". Among the slaves was the son of an enemy tribal chief. Once the ship was under way, he schemed with his compatriots to attack the ship's crew. Following a bloody battle, they managed to capture the captain. The Negro prince forced him to turn back to Africa, then in the evening, under cover of darkness, he changed his course, zigzagged for months until he came close to the American coast, and encountered a

government ship. This took place in the year 1839 when slave trading was already forbidden and illegal.

The Negro slaves were freed and the captain punished. These sea voyages were not without danger when they had Black cargo, which accounts for the fact that the Jews most always engaged non-Jewish captains.

The slave dealers preferred to remain in their offices and counted the fat winnings following each journey, such as Aaron Lopez, who left his heirs one of the largest fortunes in the New England era.

When reviewing the documented facts contained herein, it is important that one always remembers that it was a lucky captain who did not lose more than 9 out of 19 slaves on the return trip.

It is equally important to remember that these poor Black creatures had to lie in human excrement for the entire trip. Think of it! No wonder sickness and disease took such a high toll. Remember the figures: approximately one hundred ten million Black people were captured and removed from their homeland in Africa. Only ELEVEN MILLION of these Black slaves reached the Colonies alive.

And the Jews still talk about the Germans and Hitler and how six million Jews were exterminated during World War II. This is the greatest LIE ever perpetrated upon the people of the world—whereas the story of the poor Black slaves is documented. Documented with TRUTH. The evidence is still available for the people of the world to see.

The "Carnegie Institute of Technology" is located in Pittsburgh, Pennsylvania.

As this document is distributed, eventually reaching the hands of the Jew, the evidence will probably be removed and destroyed until finally all documentation is removed which is damaging to the Jew. The Jews have been engaged in this practice for centuries. Truth, however—truth which bears fact cannot remain covered or hidden forever—and more truths are being disclosed by those of us who intend to free America of these sons of the devil—the Jews.

The published documentation contained herein was obtained from the Carnegie Institute of Learning, presently known as "The Carnegie Institute of Technology."

The following is a partial of the slave ships owned by Jews:

- 'Abigail' by Aaron Lopez.
- Moses Levy and Jacob Franks.
- 'Crown' by Isaac Levy and Nathan Simpson.
- 'Nassau' by Moses Levy.
- 'Four Sisters' by Moses Levy.

- 'Anne & Eliza' by Justus Bosch and John Abrams.
 - 'Prudent Betty' by Henry Cruger and Jacob Phoenix.
 - 'Hester' by Mordecai and David Gomez.
 - 'Elizabeth' by David and Mordecai Gomez.
 - 'Antigua' by Nathan Marston and Abram Lyell.
 - 'Betsy' by Wm. DeWoolf.
 - 'PoUy' by James DeWoolf.
 - 'White Horse' by Jan de Sweevts.
 - 'Expedition' by John and Jacob Rosevelt.
 - 'Charlotte' by Moses and Sam Levy and Jacob Franks.
 - 'Caracoa' by Moses and Sam Levy.
- Slave-runners, also owned by Jews were the 'La Fortuna', the 'Hannah', the 'Sally', and the 'Venue'.

Some of the Jews of Newport and Charleston who were engaged in the distillery or slavery trade, or both, were: Isaac Gomez, Hayman Levy, Jacob Malhado, Naphtaly Myers, David Hart, Joseph Jacobs, Moses Ben Franks, Moses Gomez, Isaac Dias, Benjamin Levy, David Jeshuvum, Jacob Pinto, Jacob Turk, Daniel Gomez, James Lucana, Jan de Sweevts, Felix (cha-cha) de Souza (known as the 'Prince of Slavers' and second only to Aaron Lopez), Simeon Potter, Isaac Elizer, Jacob Rod, Jacol) Itodrigues Rivera, Haym Isaac Carregal, Abraham Touro, Moses Hays, Moses Lopez, Judah Touro, Abrtham Mendes and Abraham All.

Of some 600 ships leaving the port of Newport, more than 300 were engaged in the slave trade. A typical cargo of one ship, 'La Fortuna', was 217 slaves which cost about \$4,300 and sold for \$41,438.00.

Only about 10% of the slave ship captains were Jews, not wanting to subject themselves to the rigors of the 6-month journey. They preferred to stay at home and continue their distillery operations which continued to supply rum and whiskey to the Indians for many years at a very great profit.

We cannot undertake even this brief history of the modern Jew without taking note of a phenomenon which has confounded Gentile societies for twenty centuries. This is the ability of the Jewish people to collectively retain their identity despite centuries of exposure to Christian civilization. To any student of Judaism, or to the Jews themselves, this phenomenon is partly explained by the fact that Judaism is neither mainly a religion, nor mainly a racial matter, nor yet is it simply a matter of nationality. Rather it is all three, it is a kind of trinity. Judaism is best described as a nationality built on the twin pillars of race and religion. All this is closely related to another aspect of Judaism, namely the persecution myth. Since first appearing in history, we find the Jews propagating the idea that they are an abused and persecuted people, and this idea is, and has always been, central in Jewish thinking. The myth of persecution is the adhesive and cement of Judaism: without it Jews would have long since ceased to exist, their racial-religious nationality notwithstanding.

It is a fact that the Jewish people have suffered numerous hardships in the course of their history, but this is true of other peoples too. The chief difference is that the Jews have kept score. We Must repeat—they have kept score—they have made a tradition of persecution.

A casual slaughter of thousands of Christians is remembered by no one in 50 years, but a disability visited upon a few Jews is preserved forever in Jewish histories. And they tell their woes not only to themselves, but to a sympathetic world as well.

3. Aaron Lopez and his family arrived in Newport around 1750 from New York via Lisbon, Portugal. Lopez arrived in the new world as a member of a "Marrano" family with the Christian name of "Don Duarte Lopez." Lopez immediately dropped his Christian name and took the Hebrew name of Aaron and submitted to ritual circumcision. Within twenty years, Lopez owned or had interests in over 80 sailing vessels. Lopez was also one of the original founders and contributors of Touro Synagogue and by the end of his life was recognized as one of the "Merchant Princes" of early America. His merchant trading interests included rum, molasses, dry goods, and African slaves.

4. Moses Levy and the Moses Seixas families both lived in one of Newport's large colonial mansions at 29 Touro Street. Seixas was a founding member of the nation's oldest Jewish Masonic Lodge (King David in Newport) and Grand Master of the Masonic Order of Rhode Island. Seixas was well known as the Cashier of the Bank of Rhode Island. President (Parnas) of Touro Synagogue at the time of the George Washington visit and letter to the congregation, Seixas also performed the Covenant of Circumcision (B'rith Milah). Prominent merchant and trader Moses Levy of New York and Newport was one of several Ashkenazi Jewish families in Newport at that time. Levy owned the Touro Street Mansion and willed the property to Moses Seixas in 1792.

Deprived as we hitherto have been of the invaluable rights of free citizens, we now-with a deep sense of gratitude to the Almighty Disposer of all events — behold a government erected by the majesty of the people—a government which to bigotry gives no sanction, to persecution no assistance, but generously affording to all liberty of conscience and immunities of citizenship, deeming every one of whatever nation, tongue, or language, equal parts of the great governmental machine.

This so ample and extensive Federal Union, whose base is philanthropy, mutual confidence and public virtue, we cannot but acknowledge to be the work of the great God, who rules in the armies of the heavens and among the inhabitants of the earth, doing whatever seemeth to Him good.

For all the blessings of civil and religious liberty which we enjoy under an equal and benign administration, we desire to send up our thanks to the Ancient of days, the great Preserver of men, beseeching Him that the angels who conducted our forefathers through the wilderness into the promised land may graciously conduct you through all the difficulties and dangers of this mortal life; and when, like Joshua, full of days and full of honors, you are gathered to your

fathers, may you be admitted into the heavenly paradise to partake of the water of life and the tree of immortality.

Azazel's Astrology for Satanists

About Astrology

Astrology, when interpreted accurately, is the most detailed and advanced method of divination and is essential to timing rituals and working magick. Nearly all of the ancient megalithic structures were designed to observe the stars and their movements. The four cardinal points used in ritual are based upon the points of the Zodiac, as are the elements. One's astrology chart is a map of his/her soul.

The Gods referred to the planetary tables as the "tablets of destiny/fate." One interpretation of the number 666 is $6 \times 6 \times 6 = 216$. 2,160 years is how long it takes the synetic vernal point to travel through a house of the zodiac. This is the time of an astrological age. "666, is the number of a man" Aquarius, the water bearer. This will be the Age of Aquarius, the age of fire, the Age of Satan.

Astrology is a very detailed and advanced subject, but is well worth the time and study. Most of those who call themselves "astrologers" never advance beyond the elementary level. Most of the mainstream astrology books available are elementary and this makes astrology look bad in the eyes of the public. Many of the books available only tell you about the various *methods* of interpretation, they are unable to interpret the information, so they are useless. When an author writes about "growth", this is a cover-up for "I don't know." A competent astrologer will reveal events in the life.

Important points:

- Learn the 12 signs of the zodiac
- Learn the symbols

Be careful what you believe when learning astrology, if something doesn't apply to you, more than likely it won't apply to anyone else.

I have been honest in all my interpretations. Astrology is different from other forms of divination. Astrology goes deep and reveals many things, some which may be unpleasant to say the least. Astrology is brutally truthful and will more than likely change the way you look at life, as it has done for me. I have studied and practiced astrology for over 35 years. Much of what I have learned has been through suffering.

As for fate vs. free will, I have found knowing about something before it happens, can sometimes give us an edge in preventing it. If you see bad times coming, working to alter the negative energies with consistent applied power meditation, and keeping your energies high will often sublimate the negative planetary

influences. Knowing the effects of the planets is a tremendous help in understanding what is occurring in your own life and in the lives of others.

For example:

- Know why bad times and unfortunate circumstances are occurring, and when they will be over with.
- Know when a love relationship is significant.
- Know ahead of time regarding major life changes and how they will affect you.
- Know the influences of the planets so you can make informed choices.

WHAT ASTROLOGY CAN DO FOR YOU

- Know ahead of time the way the energies in your future will turn. Knowing this will give much insight into the actions you take at any given time. Obviously, you don't want to go out and do anything illegal when Saturn will be transiting your 12th house [possible jail time - I am not advocating anything illegal here; I am just citing an example].
- Use the timing of the universe to assist in your magick. This will work in your favor. For revenge rituals, when Saturn transits the first house of the offending one or when it is retrograding over his/her personal planets[both of these are the worst time in anyone's life], life will already be hard, use this energy to make it worse or to direct it.
- Do You want to know what pleases your lover sexually? The placement of Venus reveals a lot about the love/sexual preferences.
- Do you want to know someone better than they know themselves? Look at their birth date or better yet, his/her astrology chart. Through astrology, we can understand what is going on in our lives and have a better understanding of significant others and ourselves. Astrology explains why people do the things they do.
- Astrology will give you knowledge and power over others. You can find out if people are lying to you, cheating on you, in love with you, hate you and much more.

The down side is knowing about unpleasantness before it happens. Sometimes we see tragedy in other's charts or in our own. People who can't have children, disastrous marriages, unrequited love, and even death.

When you really learn to read the planets, it opens another dimension. Sometimes, things don't always manifest the way we read into them. It is important and *ethical* that you do not reveal anything tragic to others you read for. Satan is ethical and Demons teach us ethics. There is always the possibility it may not happen the way we expect it to. If I see disaster, I tell the person I am reading for to be careful at that certain time.

ASTROLOGY INDEX: SIGNS, PLANETS, ASPECTS AND PLACEMENTS

How to Read an Astrology Chart

Remember, the interpretations for each aspect, house placement and sign a planet is in is taken alone. You must take the placements of the other planets, signs, and house positions into consideration, along with the shape of the chart, and blend in everything. When certain placements and aspects confirm each other in that there are other supporting aspects that emphasize the same personality traits or life circumstances, then an accurate prediction can be made with interpreting the chart. Most charts have supporting placements and aspects, emphasizing certain traits or events in specific areas of the life.

Important Points:

Planets within 5 degrees or less of an angle [Ascendant, Descendant, Midheaven, or IC] or in the angular houses; 1st, 4th, 7th or 10th house are more powerful in their influence. This also includes aspects.

Planets in cadent houses 3rd, 6th, 9th, 12th are weaker.

Planets in their ruling signs are stronger.

Intercepted signs and planets are weaker.

Planets in their exalted signs are stronger; in signs of their detriment or fall, they are weaker. *See link to “noted placements”, below.

Jupiter aspecting a planet strengthens and amplifies its placement and traits, Saturn and Neptune weaken it.

The Chart Ruler is the Most Important Planet:

The most important factor in the astrology chart is the chart ruler and co-ruler/s if any. The planet/s ruling the ascending sign/s and planets, if any in the 1st house [co-rulers]. There can be more than one ascending sign, in the case of an intercepted sign in the first house. The planet/s that rule the intercepted sign are co-ruler/s. In a natal chart, the ruler represents owner of the chart. With predictive charts, the ruler of the chart represents the person/entity for which chart is cast.

What Sign is the Ruling Planet In?

Unless there is a stellium, or more than two planets in another sign, the personality will be influenced most by the sign the ruler is in. If there is more than one ruler, this will add another aspect to the personality, and the reader must

blend the two. With three or more chart rulers, the individual is complex, with different aspects of the personality and reactions at different times. If the signs are very different from each other, i.e., Aries and Pisces, the individual can be outgoing some of the time and introverted at other times.

The sign the ruler is in is more important than the Sun or Moon sign.

In what house is the ruler/s posited?

Whatever affairs are ruled by this house, they will assume importance in the life. For example, the chart ruler in the 12th will give psychic ability, the need for solitude, and a shy disposition, unless other factors such as planets in Aries and other outgoing signs contradict this.

What Degree is the Ruler/s conjunct?

If the ruler/s is placed on a degree of significance, such as conjunct a fixed star or on a critical or noted degree, this will affect the life for better or for worse.

Is the Ruler Intercepted or Retrograde?

If the ruler is intercepted or retrograde, the latter half of the life will be better than the early years. A retrograde ruler indicates a so-called "late bloomer", especially if more than two planets are retrograde. Many planets, even if the ruler/s is direct, when retrograde indicate the above as well.

What other planets aspect the chart ruler?

Where are the Tightest Aspects?

The tighter the aspect, the more pronounced its influence is in the personality and the events in the life. Tight aspects, especially if exact, set off events when contacted by other planets through transits or progressions. Look to the house placements for the type of event and the natures of the planets involved.

Is the Ruler or Other Personal Planets Conjunct any Fixed Stars or Moon's Nodes?

Planets that are conjunct fixed stars will be influenced by the nature of the fixed star. The south node is of fate, for better or for worse. The north node is often indicates special abilities or talents. Always look to the signs and house placements.

Stelliums:

A stellium is a grouping of three or more planets in a certain sign, all connected by conjunction. In a natal chart, the sign will be dominant in the personality, and if the entire stellium is within one house, the affairs of that house will be emphasized in the life. When the stellium is transited by other planets, major life events will occur, as to the nature of the transiting planets, and the stellium. The areas of life

represented by the house that contains the stellium will assume importance in the person's life.

Tight Aspects:

Aspects that have an orb of two degrees or less intensify the influence of the aspect. Exact aspects, especially if more than two planets tie in, are indicative of a life event that is fated.

The Moon's Nodes: Planets conjunct the Moon's nodes are of special importance. The Moon's nodes are of fate. Planets conjunct the north node are often benefitted, but not always. The south node is strongly of fate and when conjunct a planet, especially if tight, this is very fated for the affairs ruled by the house with the sign ruled by the planet.

What Houses are the Moon's Nodes in? Do the Moon's nodes line up with any other degrees in the chart?

Again, this is fated, especially if they line up with two or more planets, angles, or the degrees of certain house cusps. The year a fated event takes place can be seen in one's solar return.

Planetary Configurations:

T-Squares, Grand Trines, Yods, and Stelliums all factor into correctly interpreting a chart.

Overemphasis on or a lack of an element, quality, or aspect, along with unaspected planets, if any are also very important for chart interpretation.

Hemisphere Emphasis:

The majority of the planets on the eastern half [the directions are backwards on an astrology chart] MC [Midheaven] to IC, this person is usually free to make their own way in life and they dislike any interference from others. They are independent, self-starters who rely upon themselves.

With the majority on the western half [IC to MC] there is a strong need for others. Others have a say regarding one's life, and in extreme cases, others can control the person's life. In rare cases, there can be dependence on others for survival, as in cases of physical handicaps.

With the majority in the northern [bottom half of the chart; the ascendant through the descendant], personal privacy is important here. This person needs time alone, along with a sense of security.

People who have the majority of their planets in the south [top half of the chart] are usually outgoing people, who are social. These people don't mind being the center of attention, or before the public. Most are extroverted and enjoy leadership roles.

Planets on significant degrees have a strong influence in the chart and the affairs they rule and/or the affairs of the houses ruled by the signs they rule will be influenced for better or for worse according to the nature of the degree. This also includes house cusps on noted degrees. For example, Mars placed on a bad degree is bad for the affairs ruled by the house with Aries on the cusp, and can also be unfortunate for the house Mars is posited in. Fortunate degrees should be noted to find where one's efforts will pay off, and where natural gifts, talents, and abilities are.

Placement of and aspects to Saturn

Saturn is where we get our ass kicked in life. Aspects from Saturn to the other planets, and the house and sign Saturn is in reveal where we will experience problems, limitations, losses, and denials in life.

Important and Sensitive Points:

The Vertex and anti-Vertex: these are important points of fate like the Moon's nodes. Often loved ones or others for good or ill will have an important planet conjunct the Vertex or anti-vertex. At the first meeting/beginning of a relationship, many times the other person's progressed planet/s will cojoin this point.

The East Point and West Point

When a planet is conjunct one of these points its influence is emphasized in the chart, and the affairs ruled by the house with the sign on the cusp ruled by the planet assume more importance in the life.

The Prenatal Eclipse

This is much like the vertexes, and Moon's nodes in the way of fated relationships, and events in the life.

Planetary Midpoints

Planetary Midpoints are important when there is a planet conjoining them or coming into conjunction by transit or progression.

The Planets: Signs, Houses and Aspects

The Sun: Signs, Houses and Aspects

*Remember, the interpretations below are for the Sun in the signs and houses all by itself. You must take other planets, signs, and house placements into consideration when reading a chart.

The Sun in the Signs

Aries

Outgoing, self-starting, hotheaded, selfish, pioneering, leadership abilities, pushy, bossy, quick to anger, but the anger doesn't last unless there is a strong Scorpio emphasis in the chart. 'Me first' attitude, impatient, competitive, bold, fearless, loud mouthed, and energetic. Aries all by itself is notorious for beginning projects, but not finishing them. The more emphasis on Aries in the chart, the more self-centered the individual will be. Aries people love to talk about themselves, their lives and often disregard the needs of others. They put themselves and their own interests first.

Taurus

Sensuous, stubborn, slow, indulgent, artistic, persevering, fond of good food and material comforts, sensuous, possessive, jealous, good money managers, can be greedy and materialistic, can have an obsession with money. Taurus is one who sticks to plans. If you tell a Taurus or one who has a strong Taurus emphasis in their chart you are going to do something, then follow through on it. They hate to have their plans altered, especially if there is an emphasis on fixed signs in the chart. Taurus is one who dislikes changes, unless there are many mutable signs in the chart to offset this tendency. Though traditional astrology texts claim Taurus is 'slow to anger,' I have found Taurus people can have a tendency to angry outbursts frequently.

Gemini

Changeable, dual nature, spontaneous, intellectual, verbal, fond of learning, reading, active mind, diverse interests, scattered, easily bored, jack-of-all-trades, can do many tasks at once, flexible, adaptable. Geminis have very active minds. They tend to fidget with their hands and have a lot of nervous energy. Geminis can change their mind, alternating between two entirely different points of view at different times, often not knowing themselves which stance they take on certain issues. They can say one thing one time, then say the completely opposite another time. When one is subordinate to a Gemini boss or individual in authority, one often finds one must go with the flow so to speak, as Gemini can change on a daily basis, even going as far as bending or reversing rules, methods of work application and related on a whim. The word 'vacillating'

definitely applies to Gemini. This is especially emphasized when one also has an emphasis on mutable signs in one's chart.

Cancer

Moody, family/home loving, protective, childish, nurturing, clingy, lives in the past, great cooks, food is love to these people, chronic worriers, the women nag, Cancers hate criticism and ridicule, especially when it is in front of others. They make good parents and try to mother others. They hold grudges and never forget an offense. Many Cancer people have a fascination with the past or a certain era or time period of the past. Most Cancers have excellent memories, since this sign rules the past. They tend to take things personally. Many come across as hard and tough, but deep inside they are the most sensitive souls. They are natural born empaths, along with Pisces. They can feel another's pain. Cancers often take abuse from others or attract abusive relationships. This is so because of their opposite- Capricorn, which is ruled by Saturn. This is especially true when Cancer is on the ascendant. They are naturally intuitive and absorb the emotions and feelings of others and their environment. Security, along with a loving home and family are very important to a Cancer's emotional well-being. Cancer is the mother sign of the zodiac and these people are excellent at taking care of others, tending to those who are ill and in need of personal attention.

Leo

Proud, leadership ability, stubborn, inner strength, arrogant, dramatic, loving, hates to fail, loves to brag, loves to be center of attention, show off, generous, creative, fun loving. Flattery will get you everywhere with this sign. Step on their pride and that is unforgivable. Leos need to have fun and recreation. They are natural born actors and have a dramatic flair. Leos have strong wills and their sense of pride can make them fiercely competitive. When their pride is at stake, they will fight to the death. They must be able to express themselves freely for their own emotional and psychological health and well-being. Leos are natural born leaders.

Virgo

Clean, neat, orderly, hard working, hygienic, critical, can be cruel, a perfectionist, detail oriented, health conscious, gossipy, concise, analytical, excellent at getting things organized and done, work is very important, nit picky. Virgo can be one who asks endless questions, especially personal questions. Virgos are naturally critical of others, especially once they get to know you. Work is their life. They are the ones who can be depended upon to get a job done. They have an attention to detail- details most other people often miss. Their attention to detail can make them miss the larger issues. This is a modest and unassuming sign all by itself. They are not inclined to brag unless there is a strong Aries or Leo emphasis in the chart. Being an earth sign, they are practical. They are prudent

with their money and not inclined to spend foolishly or without thought, or to waste anything unnecessarily. They are concerned with their health and many take care as to what they eat, drink, and put into their bodies. Some can become hypochondriacs and over concerned with germs.

Libra

Libras need others. They have a strong sense of fairness and justice. They are artistic, peace loving, well-mannered, good mediators, and will take abuse to keep the peace. They often have a difficult time maintaining their own individuality. Libras abhor bad manners and coarse, crude behavior. They function at their best when they have the support of a partner/lover. They work best with others as part of a team instead of alone. They are as a rule, well mannered, refined, and tactful, unless there is a strong Mars and/or Aries emphasis in the chart. Relationships of all kinds are important to these people. They hate to be alone. The more emphasis on Libra in one's chart, the more there is a strong need for significant relationships in the life.

Scorpio

Strong willed, secretive, strongly sexual, intense emotions, insightful, revengeful, possessive, jealous, detests weakness in others, violent anger, they make very dangerous enemies, natural occult abilities, sadistic. Scorpio is the sign of the natural mage, the gifted, and the adept especially at black magick. Scorpions are exceptionally strong willed, but their intense emotions can be their undoing. Scorpions feel deeply and are rarely neutral on any important subject. They have a very strong sense of justice, never forgetting a kindness but never forgetting an offense against them either. They are ones who are adept at revenge. Unlike Aries, Scorpio's anger is lasting and is like an overturned wasp's nest and can be violent and deadly. One with a strong Scorpio emphasis often has piercing eyes. This is especially true when Scorpio is on the ascendant. Scorpions have a very difficult time detaching. They try to hold on to those who are important to them and also they desire to control them. Scorpio is a controlling and dominating sign. Scorpions have their secrets and are intensely private. They are not one to reveal their personal life to others, even those who are close to them.

Sagittarius

Happy go lucky, rarely learns from mistakes, loves to gamble, loves travel, tactless, irresponsible, loves education, horses, the outdoors; overconfident, better at starting things, than completing them, impractical. Sagittarius is the sign of good luck, as it is ruled by the benefic planet Jupiter. Luck often comes to Sagittarius and this sign has more of its share of millionaires. When Sagittarius is emphasized in the chart, often these people rise to the top in their chosen profession. A predominance of college professors, judges and those who have careers in high places and in the travel industry have an emphasis on Sagittarius

in their charts. They are very fond of the truth and can be blunt and tactless when stating their minds in front of others. They need their freedom. Sagittarius all by itself cannot tolerate possessiveness on the part of others. They are life long students who enjoy learning either formally or on their own. They love travel and have an interest in foreign cultures and peoples. When Sagittarius is strong in the chart, most often the individual will be well traveled.

Capricorn

Old when young, young when old, lacks self-confidence, serious, patient, has much endurance, conservative, cautious, needs to plan activities, needs life to be ordered and defined, prefers to work behind the scenes, shy, sensitive, money is god, materialistic, never gives up. Capricorns have a tremendous sense of endurance. They are the ones who outlast everyone else. They are natural born pessimists, especially in their younger years, looking on the negative side of everything and they can be intensely negative at times. They are reliable and practical. They can also be cold hearted and ruthless. They have a serious nature and are hard working. They are normally conservative with their money and their time. Like Taurus, they prefer to plan things ahead and to stick to their plans. Capricorns are responsible and career oriented. They are ambitious and enjoy being in positions of authority and power, but not inclined to show off or be in the lime light. Capricorns are shy by nature.

Aquarius

Friends are important to Aquarians. They are freedom loving, they like to shock others. They are unique and original, hate possessiveness, work better in a group than individually, and are determined, impartial, rebellious, and stubborn. They look to the future, are natural born inventors, and humanitarians. Equality and fairness are important to these people. Aquarius people are interested in the new, the modern, and the future. They are cool headed and not ones to become overly emotional. They are ones who will stand up and fight for the rights of others and social issues. They are innovators and have little interest or patience with the past and outmoded ways of doing things. These people desire for and create changes when it comes to traditions. They are concerned with humanitarian issues and causes, striving to make the world a better place. In order for Aquarians to be happy, they must have friends. Like Libras, they do not like to be alone and work best as part of a team. Emotionally, they are detached. They are very fond of new ideas and progressive ways of doing things. They are fascinated by and look toward the future.

Pisces

Idealistic, dreamers, masochistic, self-sacrificing, creative, artistic, intuitive, weak, kind, gullible, romantic, self-pitying, extremely sensitive, compassionate, sympathetic, takes on other people's troubles, puts up with abuse from others.

Pisces is the weak sign of the zodiac. When there is a strong emphasis on the sign of Pisces, the individual is often of a weak nature. They are naturally psychic and intuitive and very inclined to daydream and fantasize. When Pisces is very strong in the chart, one can have a masochistic nature. They are natural born empaths, and like the sign of Cancer, they can feel another's pain and suffering. They are extremely sympathetic and compassionate and will readily make concessions and/or self-sacrifices for another. They have a tendency towards shyness and are peace loving. They are one of the easiest signs to get along with in a relationship.

The Sun in the Houses

First house

Gives health, good for recuperative ability, vitality, energetic, gives strength, optimism, strong will, helps offset bad placements in the chart. The Sun in the first is a fortunate placement. This placement gives the ability for leadership. These people are proud and individualistic. Look to the sign the Sun is in for more information as to character traits, as the Sun in the first is a co-ruler.

Second house

Helps with finances, likes to spend money on recreation, athletics, entertainment, and fun. Material items are an expression of the self. The self-esteem is directly connected to one's material and financial status. There is a strong need for financial independence, and self-sufficiency.

Brothers, sisters, and neighbors are emphasized in the life. Communications of all kinds are focused upon with the Sun in the third house. These people often educate themselves informally through book learning and other related ways outside of attending a school setting. Their self-esteem is connected with their ability to communicate effectively, and they take pride in what they know. They are life-long students and ask many questions.

Fourth house

Home and family are important. The mother may have been dominant or might have taken the role of the father in raising the child. There is pride in family, and the family and family background is often connected to the self-esteem. Prosperity and security come later in life, especially if the chart ruler or more than three planets are retrograde. Here one wants to dominate the family and takes a leadership role in the home. Early clashes with the parents in some cases were likely. A secure comfortable home is very important to these people. There is

often a fondness for tradition and the past. There can be a strong interest in real estate, land, the earth, ecology and the environment.

Fifth house

Creative, athletic ability, risk taker, competitive, pleasure loving, fond of children and animals. One with a fifth house Sun must be able to express him/herself freely. These people have a strong need for fun and pleasure. They are romantic and dramatic by nature. This placement loves show and being in the limelight. They love to be noticed. Careers in theatre, the arts, dancing, recreation and working with children are favored by the Sun in the fifth house.

Sixth house

The sun in the sixth is a poor placement for health. Work and service are important here, these people can be workaholics, and they are excellent workers. They will put 100% into their jobs. This is not a good placement for one's vitality. The health is often fragile and recuperation following an illness can be lengthy. There is much personal pride in one's work and the self-esteem is directly connected to the work and doing a satisfactory job. People with this placement need to be appreciated and noticed for the work they do.

Seventh house

The marriage partner may be dominant, compares success to that of others, success may come from opportunities and/or assistance provided by others, a strong need for others and a marriage partner. These people do not like to be alone. They take pride in their relationships and their self-esteem is connected to the marriage partner. They are at their best when they have the love and support of a significant other. These people often have a strong influence on the lives of others.

Eighth house

Strong willed. Power is important to these people, interest in self-improvement and application of the will, good for bankers and those who handle the money of others. Many of those in powerful positions have an eight house Sun. There is sometimes in the case of famous people, more recognition after their death. They desire a deep soul to soul relationship with a lover/marriage partner. They have the power to transform themselves and others.

Ninth house

Love of travel, interest in spiritualism, higher education, likes to impose these views on others, these people will travel far from home, other cultures can shape belief system, and there is a love of sports. Self-esteem here is often connected to one's level of education, especially formal education. These people often go for advanced college degrees and educational honors. They are often authorities

on certain subjects and areas of knowledge. They take much pride in their level of formal education, their travels, and what they know.

Tenth house

Powerful or dominating parent, success, power oriented, authoritative, strong will to succeed, ambitious, personal reputation is important, families can be of prominent social standing, wants to set a good example for others, the Sun in the tenth often gives a high position and/or emphasis on the career in the life. Self-esteem is connected to one's social status and the career. Honor and recognition, both socially and in one's career are important to these people. The father was more than likely dominant, important and a powerful lasting influence in the life. These people enjoy being before the public.

Eleventh house

Friendships are important, powerful friends, enjoys leadership with group activities, and help can come from friends. They like to belong to fraternities, groups, and organizations. The social life is important. These people are at their best when working as part of a team. Friendships can last a lifetime. These people usually have many friends and spend most of their time with others. They dislike being alone. They have humanitarian natures and a strong sense of brotherhood and fairness. Often there can be friendships with those who have a strong Leo emphasis, or with those who are in positions of authority.

Twelfth house

There is much psychic ability. These people need some time alone. They are usually shy, and can be lonely souls, as the Sun in the twelfth can indicate loneliness and estrangement from normal human contacts. There is an interest in the occult and in spirituality. They prefer behind the scenes activity. This placement like that if the Sun in the sixth is not favorable for the health. The health is often fragile and attention to diet, hygiene, and exercise is needed. Vitality can be low, especially if there are Sun/Saturn or Mars/Neptune aspects.

Aspects of the Sun

Sun/Moon

The stronger the Moon is in light, the more beneficial its influence in one's chart.

Sun conjunct Moon [New Moon]

This strengthens the house where it is found and gives the affairs ruled by the house special emphasis in the person's life. There is a very strong emphasis on the sign the conjunction is in; unless both luminaries are in adjacent signs. There is a tendency to be very concentrated, putting all of one's energy into something, to the exclusion of all else, with a strong focus in the life related to the house placement.

Sun trine/sextile Moon

Those born during a waxing Moon, if there are few or no planets retrograde, will tend to experience things early in the life, such as love relationships, unless other placements and aspects in the chart contradict this. This is a harmonious aspect for emotional expression. For those born during a waning Moon, and especially if the chart ruler/s and/or more than three planets are retrograde, success will come later in the life. The person is a late bloomer.

Sun square Moon [Quarter Moon]

Family life may have been unsettled, when growing up and parents may have not gotten along. The same applies for the above 'Sun trine/sextile Moon' in the way of life's experiences in regards to a waxing or waning Moon.

Sun opposition Moon [Full Moon]

Here, the individual can swing between opposites. Simplistic and subjective thinking such as seeing things in black and white, good or bad, right or wrong, etc. Relationships are important to this individual and he/she is best when involved with others and not alone.

Sun/Mercury

This aspect gives much mental energy. If combust 1/2 degree to 4 degrees, this can give a person a tendency to jump the gun where thinking is concerned and to be ahead of themselves. The combust conjunction also can give a mental and/or intellectual blind spot in some way. There can be nervousness and a tendency to be high-strung. There can also be problems with the nervous system in some way. Sun/Mercury gives intellect.

Sun/Venus

This is the aspect of the narcissist, as it gives vanity. These people are concerned about their appearance and are the ones who rarely venture out if their hair, clothing and for women makeup are not in place. Much pride is taken in the appearance. Also gives artistic talent.

Sun/Mars

This gives health and energy. With the conjunction, this is strongest. The house with the conjunction will experience much activity. [Look to the affairs ruled by the house]. A strong competitive nature and a desire to achieve are often present. All Sun/Mars aspects help with the energy, vitality, and recuperative abilities. There can be a tendency to headaches and fevers. This aspect also gives aggression and self-assertiveness and is very helpful in offsetting planetary placements and aspects, which encourage shyness. The houses with Leo and Aries on the cusps will be emphasized in the life as areas of much focused activity.

Sun/Jupiter

This is an aspect of over confidence, even with the soft trine and sextile. With the hard aspects, one will make themselves at home in another's place of residence, taking over. They often act like they own everything, whether it belongs to them or not. They can be very arrogant and imposing. This also gives energy and health, but lesser than Sun/Mars. In charts where there is a tendency towards low self-esteem, shyness, and such, this aspect can be of some help, but most often, there can be a split in the behavior, swinging from overconfidence and arrogance to feelings of inferiority.

Sun/Saturn

Low self-esteem, low energy/vitality, problems with and/or estrangement from the father in childhood. There are often problems with men for both sexes, but especially for women. Reserved in self-expression, can make a person awkward or over serious. For women, the husband/partner can be more like a father figure, dominating or restricting. When transiting Saturn makes its first hard aspect to the Sun in a young girl's life, often around the age of 13-14, she may develop an outright hostility towards her father. This often lasts through the life. Look to the houses where the hard aspects are taking place and where the Sun is placed to see where the individual feels lacking in self-worth. With the hard aspects [the opposition, conjunction, square and inconjunct], marriage usually comes late in life. The trine and sextile aspects often give longevity and are more toned down in their affects as to the above, adding seriousness and discipline to the personality.

Sun/Uranus

Independence is very important to these people and they hate being told what to do. Here we have the natural born rebel. They dislike conformity, routine and have somewhat of a high-strung nervous temperament. Most people with this aspect are very original and unpredictable. There can be a natural talent for working with electronics. These people are very willful.

Sun/Neptune

This aspect brings confusion about the self, and self-deception. These people are often confused as to their abilities and personal self. These people sometimes feel over confident, other times they doubt their abilities. Growing up, there was often much confusion in the home, especially with the hard aspects. One or both parents may have been inconsistent in the areas of setting rules, administering discipline and such. This aspect [especially with the hard aspects- the conjunction, square, opposition and inconjunct] indicates a father who was addicted to alcohol and/or drugs. Sun/Neptune hard aspects are often present in the charts of those who have a weak father. Many, again with the hard aspects, were victimized by their father in some way, even if the father did not intend this.

Bad advice from the father when growing up and often a general bad example is common with the hard aspects. The soft aspects such as the sextile and trine give strongly developed intuition and psychic abilities. The soft aspects can also bestow creative talent in the arts, in acting and with dancing.

Sun/Pluto

With Pluto, the Sun being a parent planet, representing the father [the Moon represents the mother] with the hard aspects, the father may be controlling, dominating and possessive. In some cases, the father dies early. The father is often of considerable influence and importance in the life, either through loss, or an abnormally close relationship or through his attempts to dominate and control. The father is often seen as powerful and imposing. This is true with even the soft aspects.

Sun conjunct the north node [born during an eclipse]

This bestows special abilities and gifts, usually of an occult nature. This is not good for the eyesight though.

This is the most important house in a natal chart.

THE SECOND HOUSE:

Succedent

House of Substance

The eighth house is also the house of extreme power. If one's marriage ruler is placed in the eighth [ruler of the 7th in the 8th], the partner may be exceptionally important and powerful. House of Endings

The 12th house is the house of sorrow. In a positive sense, it is the house of psychic ability. It rules and represents the psyche, the unconscious, secret enemies, self-undoing, secrets, and skeletons in the closet. The twelfth is the house of confinement, illness, seclusion, institutions, hospitals, large animals, one's innermost secrets and emotions. It rules imprisonment, and prisons. The twelfth is the house of secrets.

Planets in the 12th, the affairs of the houses they rule are subject to misfortune. Victimization, resentment, loss, disappointment, and misfortune can occur regarding the affairs of the houses that have their rulers placed in the twelfth house. The 12th is a powerhouse of psychic ability and energy, when properly sublimated.

Mercury: Its Signs, Houses and Aspects

Mercury in the Signs

Mercury in Aries

These people often have powerful voices, and can be loud mouthed. They are outspoken, and have a tendency to say the wrong thing at the wrong time. Even when they are not angry, their tone of voice often sounds as if they are. They enjoy argument and are intellectually competitive. They can have an irritable nature, along with a hot temper. Impatient by nature, they tend towards being impulsive and not thinking before acting or making decisions. They prefer to make a decision and to get it over with. The mind is very active, and these people can have trouble concentrating or settling it down. The mind with Mercury in Aries often races and jumps from one thought to another, even thinking several different things at once, unless there is a strong aspect from Pluto, which can counter this. They have creative ability in the way of being original. They are verbally assertive and will often say what they think and feel regardless of the consequences. Mercury in Aries also bestows agility, manual speed and dexterity and athleticism. They dislike long, winded lectures and ways of learning. They want to get straight to the point, taking the fastest way there.

Mercury in Taurus

These people like to take their time before making important decisions. They prefer to be thorough and know all of the facts, as they like to stick to their plans and follow through on their decisions. They are practical and slow to form opinions. Mercury in Taurus gives strong powers of concentration. Taurus, a fixed sign gives focus. Once these people form an opinion, they will rarely change it. Unlike Mercury in Aries, they tend to speak deliberately, not on a whim. They do not waste their words. They are doers, rather than thinkers, preferring action rather than talk, and can have a gift for business and finances. They are also intellectually and mentally determined and focused.

Mercury in Gemini

Mercury is at home in Gemini. Here, the mind is quick, receptive, and curious about nearly everything. These people are gifted with all forms of communications. They love to talk, write, use the computer, read, and use their minds. They tend to know a little about everything. They have a tendency towards indecision and can change their minds repeatedly, as Gemini is of a dual nature. In some cases, they can have trouble finishing what they start, as they tend to get bored easily and can jump from one project to another, leaving a trail of unfinished business. Their minds are quick and agile. There is also a tendency towards being easily distracted and an inability to get the mind to focus and settle down. They are excellent conversationalists and nearly always have something

to say. They enjoy playing games that require using the intellect. This placement also gives mental and manual dexterity.

Mercury in Cancer

These people usually have excellent memories, and enjoy talking about their families and loved ones. People with differing opinions can be threatening to these people, who take their beliefs and opinions personally. Differences of opinion are often taken as personal criticism and/or attacks. They tend to take everything personally. Their emotions are strongly identified with their thinking. This placement gives strong intuition and an ability to feel what others are thinking and experiencing emotionally. Normally, they are conservative in their opinions and beliefs, which make them feel more secure. They can be subjective and biased in their thinking.

Mercury in Leo

These people take pride in what they know. They are usually the ones to give others advice, whether or not the others ask for it. They see their own opinions as the only ones that matter, and whether others might agree never enters their minds. They are strong willed and focused. This placement gives much intellectual pride and self-confidence, and makes one delight in being an authority with their chosen area of knowledge or subject/s. Because Leo enjoys being the center of attention, Mercury in Leo can give a gift for speaking before crowds and for lecturing. It can be difficult for these people to see, let alone acknowledge other people's point of view. Their own point of view and beliefs are often all that matter to them. They love to brag about their latest accomplishments, and have a gift for leadership.

Mercury in Virgo

People with Mercury in Virgo are organized and systematic. They are critical, analytical and often see the smaller details that other people overlook. They keep things to themselves out of shyness, but complain later on, when they should have said something earlier. They can have trouble speaking up for themselves, and stating what is on their mind, preferring to keep their thoughts to themselves. They have mathematical ability and are talented writers. Mercury is also in its home sign in Virgo. Unlike Mercury in Gemini, these people have more focus and mental endurance and tend to complete their projects instead of leaving things undone. They are good workers and apply their minds to their work and towards improving things regarding the work. They are perfectionists by nature. Mercury in Virgo also gives manual dexterity, along with an active and agile mind. They can tend to be overly critical of themselves and of others.

Mercury in Libra

These people are generally tactful in their speech. They are well mannered and

as a rule, dislike arguments. They can be influenced by others' opinions. They are methodical and prefer to look at all sides and aspects to a situation before making a decision. Because of this, they can tend towards indecisiveness at times. They are objective and unbiased in their judgments as they value justice and fairness. Coarse, crude, loud, and foul speech is a turn-off to them. They are refined and value good manners, not only in themselves, but in others as well. They are not ones to raise their voice, as they tend to be calm and collected in expressing themselves. They can tend to daydream about romance and relationships; this is often on their mind.

Mercury in Scorpio

Mercury in Scorpio gives the gift of concentration and a natural ability in working magick- focusing the desires and will. These people have the gift of being able to visualize. Meditation can come easier for them. They have sharp penetrating minds and are secretive and cynical by nature. They are naturally intuitive and are excellent at research and detective work. They are not satisfied with superficial knowledge, but like to probe the depths of things, discovering and knowing the secrets of others. Once they make up their minds about something, no one else can persuade them otherwise. They are emotionally attached to their beliefs and ideas. They are the intellectual non-conformists. Their beliefs are often unorthodox and unique to themselves, and no rational arguments based upon logic will change their minds. They say either what they think and feel or remain silent. They like to get to the point in their communications, and often for this, they lack tact. Their minds can be fixated on thoughts of sex at times.

Mercury in Sagittarius

These people are usually very curious and interested in everything. They are life-long students who enjoy and value learning, many times informal learning. They are optimistic by nature, unless there are strong aspects to Saturn or a Capricorn emphasis in the chart. Because Sagittarius is the sign of foreign peoples, lands and travel, these people often have a gift for learning other languages. They love to talk and communicate, especially when they are able to share what they know. Forethought is very important to them. While they value tradition, they do not like being indoctrinated with dogma. They are very frank, honest, to the point, and direct in their speech. This placement is good for teaching, speaking, writing and all forms of communications and any work within institutions of higher learning such as universities.

Mercury in Capricorn

Like Mercury in Scorpio, those with Mercury in Capricorn have the ability to focus their minds for extended periods of time. They are patient and persevering. They can tend towards pessimism and are not idealists, but realists. They look for the practical, the tried and true. They are observing of their surroundings and little

escapes their notice. Mercury in Capricorn is not gullible. This placement can be a big help for those who have a prominent Pisces or Neptune in their charts, as Mercury in Capricorn keeps one down to earth and less likely to be taken in by scams or deluded in some way. They are ones who think before they speak, and are not very talkative by nature. They can be shy and prefer only to converse with those whom they are close to. They like to apply any knowledge they have in a practical sense. Knowledge for the sake of knowledge is usually not of value to them. Knowledge is only important if it can be applied in some practical way. They can lack confidence in their knowledge and intellect, believing they do not know as much as others.

Mercury in Aquarius

These people look to the new, the future, and the original in their thinking. They are rebellious by nature and look to change existing conditions and make new reforms. They are bored with tradition, especially if it conflicts with proven facts, and are inventors and innovators by nature. Their minds are active and can race between one thought and the next. Often, these people have a talent for working with and understanding electronics, computers, and also the fields of science and mathematics. They are often interested in bettering humanity and also in the occult/spiritual and astrology. They are gifted by being unique and have much originality and creative ability.

Mercury in Pisces

These people have powerful imaginations with a strong tendency to daydream. Because they have vivid thoughts, they have a gift for visualization. They are also very intuitive by nature. They often base their thoughts, ideas, and opinions upon their gut feelings and intuition. Because Pisces is a dualistic sign like Gemini, these people can have a lot of trouble in making up their minds, even more so than those with Mercury in Gemini. Pisces is a weak sign. These people are often easily influenced by those with stronger beliefs and convictions, and can alternate between points of view and find it difficult to take a firm stance as to what they really believe in. Like Mercury in Capricorn, Mercury in Pisces can be shy in communicating with others and/or speaking before large numbers of people. They are highly creative, having wonderful imaginations, and have a talent for the arts, such as music, dancing, poetry, painting, and theatre. They must guard against letting their powerful imaginations get out of control, as well as falling into drug/alcohol addictions, because Pisces is a weak sign, in rare cases there can be a loss of contact with reality.

Third House

Mercury is at home in the third house. Often, these people are above average in intelligence. They are very talkative and have an interest in communications of all sorts. There can be a sibling with a Gemini/Virgo and/or Mercury emphasis in their chart. They often use the phone a lot, as well as spend much time writing. These people are often ones that are on the go and can be restless. There is a talent here for communications of all kinds. They are gifted speakers, writers, and teachers.

Fourth House

Often, the mother has a strong Gemini/Virgo and/or Mercury emphasis in her chart. Education and learning can be a major focus in the home, especially when growing up. The parents may be well educated, and the home may even have a library or other educational resources within. In some cases, there can be frequent changes of residence, even living in a recreational vehicle and/or living nomadically, as Mercury has to do with movement. Much communication often takes place within the home. These people may even work out of their homes, having their own office in part of their house.

Fifth House

These people often have intellectual children or a child with a strong Gemini/Mercury or Virgo emphasis in their chart. The children are often above average in intelligence. These people are excellent scriptwriters, they have a

talent in theatre, and they enjoy puzzles and intellectual games for recreation. This is an excellent placement for schoolteachers, as the fifth house rules children and Mercury rules all forms of communications and gives a gift for teaching.

Sixth House

This placement may indicate that continual study and learning is necessary for one's job, such as a medical doctor who must constantly keep up on new information to stay current. They are perfectionists, and can have a tendency to overwork. As with Mercury in the third house, Mercury is at home in the sixth. These people make excellent workers and employees. They value their work and have an eye for details that others often overlook. Communications of all kinds are often emphasized in the work these people do. If Virgo is rising, the person can be a neurotic neat freak. In some cases, there can be nervous disorders, problems with speech and/or hearing/eyesight. Look to see if there are any tight aspects between Mercury and the chart ruler for the possibility of this. They value cleanliness, attention to one's health, hygiene, and organization. They are strong on duty.

Seventh House

There can be marriage to a younger or intellectual partner. The partner can have strong a Gemini/Virgo or Mercury emphasis in his/her chart. Open and free communication in love relationships is very important to these people. People with a seventh house Mercury are usually at their best with a supportive partner with whom they can communicate. They value intelligence in a marriage partner, as well as a good education. Intellectual types turn them on.

Eighth House

These people usually have strong, focused minds. They have a talent for and an ability to communicate with the dead, as well as abilities in all other areas of spirituality and the occult. They tend to be secretive and enjoy doing investigative work. When death comes, it may be from respiratory disorders, or disorders of the nervous system. These people hold grudges and secretly plot their revenge. Telepathy may come natural to many with this placement. They like to uncover the secrets and motives of others, but reveal little of their own thoughts and motivations, as they are secretive by nature. People with this placement are naturals when it comes to black magick and all forms of other spiritual applications of the mind and soul. Sexual gratification often comes from also engaging the minds of these people, as well as the physical act itself. They can tend to think about sex quite a bit. People with an eighth house Mercury miss very little. They are aware of and watch what goes on around them. They are fascinated with the spirituality, hidden mysteries, and the occult.

Ninth House

Many teachers, college professors, philosophers, and publishers have this placement. They love travel and are fascinated with foreign peoples and cultures. They may speak or write regarding religion. They are attracted to study and travel and are life long students who enjoy learning about the world. They are excellent at teaching and inspiring others. Ninth house Mercury people are easily bored and dislike routine or remaining in one place for too long. They have a wide variety of interests unless the chart shape is in a bundle configuration.

Tenth House

These people often work as journalists, writers, in the media, and in areas that require extensive communication. The father may be intellectual or have a strong Gemini/Mercury, Virgo emphasis in his chart. They plan their careers and require the necessary education for them. Those who have Mercury in the tenth house often communicate frequently with people in positions of power, with writers, and others who work in communications. Other career possibilities include publishers [along with the ninth house], printers, speakers, salespeople, those who work with computers [especially in regards to communications], telecommunications, and transportation. These people are often seen as and are remembered for being intellectuals.

Eleventh House

The friends of the people who have this placement can often be younger, intellectual, and/or have a strong Gemini/Virgo or Mercury emphasis in their charts. These people enjoy belonging to groups where there is a strong focus on communications and education. They enjoy learning. They seek out intelligent friends with whom they can openly communicate on just about any subject. Friends often share similar interests of an intellectual nature. In some cases, a brother or sister may be their best friend.

Twelfth House

These people have a superior ability to communicate with Demons, spirits and other entities. The astral vision is often well developed and they are able to see spiritual entities as well. This placement favors mediums. The decisions these people make are often based upon feelings and intuition, rather than logical reason. With mercury in the twelfth, there is a tendency to reveal secrets, either deliberately or accidentally. In some cases, there can be neuroticism, mental illness, and learning disability, reading problems or other mental blocks, especially if Mercury is retrograde. These people are natural worriers, and can have a difficult time concentrating and focusing on one single thing, as they often have many different thoughts running through their active minds. They have an above average ability for detailed work, as well as planning and organization.

There can be misfortune or problems with the houses that have Gemini and Virgo on the cusps.

Mercury in Aspect:

Mercury/Venus

There is a strong talent for writing poetry, composing lyrics, pleasing verbal expression, and personal charm. Most people born with this placement have artistic ability and a sense of beauty. Ugliness and anything seriously unpleasant can have a very negative and deep lasting effect upon them, quite similar to those who have Mercury/Neptune and Venus/Neptune aspects. This aspect is good for singers, and gives a naturally pleasing voice. Many composers and songwriters have this aspect. They have the ability to communicate things that are unpleasant in a positive manner and are excellent mediators. This aspect makes one social.

Mercury/Mars

This person has a mouth. They are frequently sarcastic, along with a sharp intellect and wit. The humor is often dark, sarcastic and to the point. They are excellent at argument and debate. Very outspoken, they are never at a loss for words and often instigate arguments with others. People with this aspect, especially the conjunction, square, and opposition, have a gift for honing in on the weaknesses of others and when provoked, they use this in verbal confrontations, regardless of whom they might offend. They are straight to the point, blunt and often tactless in their communications. This is an excellent aspect for reporters, journalists and others, as it gives verbal aggression.

Mercury/Jupiter

These people often acquire good educations, and are life long students. They are talkative and intellectual, enjoy travel, and have a sense of humor. This aspect inclines one to exaggerate things, and those with this aspect often have big ideas. These people may study many different subjects at the same time, as they have a very wide variety of interests [unless the chart shape is in a bundle configuration]. People with Mercury/Jupiter aspects, especially the hard aspects are quite talkative. They are often know-it-alls and believe they are in the right regardless of the situation. This aspect gives speaking ability, along with a gift for inspiring others through their communications. Hard aspects often bring extensive travel in the life.

Mercury/Saturn

This placement gives a tendency to pessimism, depression, and worry. Often the person's education was not finished or not sufficient in some way. These people are hard working and thorough in regards to study and learning. They are

skeptics by nature and often can only see the negative side of life. In some cases, there can be problems with hearing, vision, and communications, but one must look to other factors in the chart to verify this. They are worriers by nature, and can tend to have anxiety concerning the future. There are often problems in regards to the affairs of the houses ruled by Gemini and Virgo and also the house containing Mercury.

Mercury/Uranus

I have seen this aspect in the charts of geniuses, meaning the IQ is above 180 [extraordinary intelligence], which is like one in a million. In one case, the Mercury/Uranus aspect [exact square], lined up on the same degree with the ascendant/descendant axis, and with the other, the aspect was exact and lined up with the chart ruler on the same degree. Uranus is the higher octave of Mercury. There is a natural ability for the sciences, with mathematics and all advanced areas of study. The ideas are original and often way ahead of their time. This aspect nearly always gives superior intelligence along with a rebellious nature. The new and unusual fascinate these people. They tend to get bored easily and can be of a high-strung temperament.

Mercury/Neptune

These people make excellent liars, and in rare cases, if Neptune is prominent and other factors in the chart support this, there can be an inability to separate truth from lies, with a tendency to pathological lying [though this is not too common]. Sometimes secrets are accidentally revealed. The mind is disorganized; one is scatterbrained, and prone to frequent daydreaming without focus. Mercury Neptune aspects make it difficult for one to focus and concentrate. There can be tendencies to dishonesty, and this aspect is often seen in the charts of thieves. These people can be elusive and deceptive, especially if Neptune is prominent. Mercury/Neptune aspects give psychic ability and a talent for telepathic communications. These people have a need and a love for music. They need to listen to music that they enjoy to balance their psyche and to calm their nerves.

Mercury/Pluto

These people enjoy snooping into other people's business, as they are nosy by nature. This aspect bestows the ability to concentrate, and is excellent for the workings of magick. These people have very powerful and penetrating minds. They have a talent for investigating things and enjoy solving mysteries and other enigmas. They are naturally strong willed and many have an ability to dominate others, just through their thoughts and feelings, especially if Mercury and Pluto are in hard aspect to each other with a tight orb. This is one of the best aspects for mages/sorcerers.

Venus: Signs, House Positions and Aspects

The planet Venus reveals much about the sex/love preferences

Venus in the Signs

Aries

These people enjoy the chase. If the object of their affections comes to them too easily, they often lose interest. They desire outgoing athletic partners who can keep up with them, and who will actively share in their interests. Once they know they have completely conquered a lover, they lose interest, as they begin to take him/her for granted. Love is a contest with these people. They want you to make the first move, but don't do this. Let them make the first move, of which they will if they have any serious interest in you. They have a need for upsets in love, especially if Venus is in hard aspect to Mars. When things run smooth, they lose interest, so they start arguments and can do other things to shake up the relationship. They enjoy seeing their partners get jealous, but they themselves cannot handle jealousy. They can seriously overreact.

Those with Venus in Aries are selfish lovers. They are often concerned only with their own pleasure. Putting your arm around their neck, messing up their hair, kissing them on the ears and neck, running your finger across their lips; these moves turn them on. Some Venus in Aries women like their men with razor stubble, rubbing against their faces when kissing them. Some enjoy rough sex. Give it right back to them. Stand up to them. They lose interest when they know they can dominate you. Change yourself every so often to keep his/her interest, as they get bored easily. Venus in Aries people do not get on well with water signs who are sensitive, emotionally needy and must have security in their relationships. Venus in Aries can be very abrasive, unless there are a lot of planets in Pisces, Cancer, or other water signs.

Taurus

Venus in Taurus people need to be touched. Wear soft sensual fabrics such as silk, satin, angora, velvet; as this will turn them on. They can have sex in the same position, at the same time every day, variety is not essential here, unless Uranus aspects Venus in the chart. They can get real jealous and possessive. Taurus is a jealous sign; they need security in a relationship. Feed them a full home cooked meal with the food they loved as a child; the food of their own country. Good food is essential to their wellbeing. Watch a video and have all night sex. Your sexual pleasure is very important to them. Fake it if you have to.

Kissing them on the neck and shoulders is a turn on. They also love to cuddle. Make them feel as secure, comfortable, and luxurious as you possibly can. Never hurt them or they will stay away forever. Commitment is important to them. They

Here we have the person who can carry on two or more affairs at the same time and love each person for their own unique individuality. Venus in Gemini is the most inclined to cheat.

Venus in Gemini men love intellectual and intelligent women with whom they can communicate on nearly everything. These people like to brag to others about their sex lives [usually a close friend]; they enjoy talking about love. They can often lose interest as the years go on, as they get bored easily. They like to remain friends with their lovers even long after the relationship is over.

They enjoy kissing. Keep kissing them deeply while you're having sex. They get jealous, but they don't understand or tolerate jealous feelings in others. When they turn off sexually, the relationship is over with. They can be superficial in love, as their feelings don't run too deep, [Gemini is intellectual and an air sign], unless there are many water signs in their charts to offset this. Hold their hands, keep them guessing, indulge them in gossip; they love it. They like to experiment and appreciate variety in sex.

Cancer

Don't tease or ridicule Venus in Cancer people personally. These people are super sensitive. The men love their women to wear feminine clothes. They want a lover/partner who makes them feel secure and at home. Never forget their birthdays, anniversaries or other important personal days. They are basically insecure and afraid of rejection. Most men with Venus in Cancer are attracted to women with large breasts. Most of the women enjoy their breasts gently kissed, and fondled.

Always be on friendly terms with their families. Even if they criticize their family members, make sure you don't join in on it. It's ok for Venus in Cancer people to complain about their families, but not for outsiders. It is best to say nothing. These people enjoy deep soul kissing. Never talk about former lovers, as this makes them feel insecure. They need to be frequently told they are loved. Hold their hands, cuddle them, and touch them regularly. The men like their women with a maternal, nurturing quality. Career driven, strong independent women turn them off. Like with Venus in Taurus, feed them a full home cooked meal with the food they loved as a child; the food of their own country. Good food is love to these people.

Leo

Flattery will get you everywhere with these people, but make sure it is sincere, as they can detect phoniness. Laugh at their jokes, and compliment them, but again...be sincere. They must always have your full attention. They cannot tolerate being second in your life or your putting the needs of others [even family] before them. Let them know how much you love them and enjoy them, even if they don't seem real interested in you. Never be cheap or stingy when giving them gifts. They enjoy massages. Dote on them and love them. Venus in Leo people are romantic. Always be at your best in the way of proper dress, good manners, and actions when you are with other people, as Venus in Leo people need to take pride in their partners. Never do anything disgraceful or anything that would make them look bad.

Virgo

Always be clean! Always be freshly bathed before you have sex with these people. Brush your teeth, and make sure to use decent mouthwash! Smell freshly clean, and by this, don't use tons of perfume or cologne. Just don't ever smell bad or lack hygiene, which is a total turn off to them. Venus in Virgo people usually single one person out and will concentrate on that one person whether they are available or not. These people normally don't date just for fun, but only if sincerely interested.

Some have unusual fetishes and are attracted to lovers with poor health or physical problems. Their fantasies have intricate details. Sex is seen as essential for physical health. They are very selective in regards to whom they give their love. Emotional security is important for their relationships. They are not are not very romantic. They show love in the way of doing things for you, taking care of your needs and in other practical ways. It is important to have good manners.

Libra

Always be very well mannered. Don't use bad language, don't be overly loud, don't interrupt, or be crude in any way. Always be refined. These people hate to be alone and relationships are of extreme importance to them. Their lives are incomplete without a lover. They are very considerate lovers, putting their lovers' needs above their own and they usually treat their partners very well. Never leave them out of any activity or any thing else, they need to be a part and to do everything together. Leaving them out only will make them feel unwanted and rejected.

A lover/ partner can be physically unattractive, but he/she will be beautiful to the person with Venus in Libra. The men like their women to act like a perfect lady. The strong independent type of woman who is completely self-sufficient is a turn

off to them. Both sexes take pride in their personal appearance and will go to great lengths to look good.

Both sexes enjoy having their buttocks caressed. Venus in Libra is romantic in the extreme. A lover's sexual pleasure is of the utmost importance to them. They are overly concerned whether you have a good orgasm and enjoy sex with them.

Scorpio

These people can have some pretty nasty fetishes. They are strongly sexual, possessive and jealous. They enjoy having sex in the nude. They can go for a long time between affairs, as they take love very seriously and it is all or nothing with them. They can be loners. Never talk about their sex life, their secrets, or their personal lives to others; this will really turn them off. They are secretive by nature and any betrayal of trust is unforgivable. Loyalty is of exceptional importance to them and they mate for life. Their feelings run deep, they desire the perfect soul mate; a soul to soul deep, intense love relationship, especially if the chart has other water signs to back this up. They can become obsessed with a lover.

Both sexes enjoy oral sex. The genitals are the erogenous zones and special attention to these will get you everywhere with one who has Venus in Scorpio. Become an adept at oral sex and you can be sure to own them. Take the Scorpio man into the shower and give him a soap job. They love the water and sexual massage.

These people can become violent and vindictive if a relationship is broken off, so use caution in this area. Don't ever joke with or toy with their jealous natures, as they can become explosive and violent. Venus in Scorpio is obsessive, especially in love. Their jealousy can be very dangerous, even deadly. They may successfully hide their jealousy, especially with a twelfth house Mars or Mars retrograde, but it is always there. If there is a predominance of water signs, Pluto/Venus aspects or a strong Scorpio emphasis in the chart, no amount of love is enough love for these people. Like the saying goes..."If you could get any closer...you'd be in back of me." "I love you to death."

Sagittarius

Sex out of doors can be a thrilling experience and a turn on for them. Their personal freedom is important to them. They dislike possessiveness and displays of jealousy. They are brutally honest, and do not like lies or any phoniness. They will respect you for your honesty. They take romance lightly and love to flirt. Kiss and massage the inner areas of their thighs, near the genitals. They get bored easily and are often the first to try a new position or method of sexual intercourse. The men often have a fetish for legs and buttocks. They like their

women to wear stockings and high heels during sex. They like to have their loved ones think and believe the same as they do and will try to convert you.

Capricorn

Don't show physical affection in public, they don't like it. Never grab them in front of business associates or social acquaintances, but in private, don't keep your hands off of them. Personal power and status turn them on big time. They may try to buy you in some way. These people are cautious, practical and traditional in their love relationships. They are not very quick to make a commitment.

They may appear to be uninterested, but chances are that they are really very shy. Capricorn is the sign of endurance and most of the men have tremendous staying power. Venus in Capricorn is persistent and when they are interested in you, they will never give up pursuing you until they have won you over. Security is very important to them in their relationships. Some can tend towards being dominant and sadistic and to certain perversions where sex is concerned. Any woman who teases a Venus in Capricorn man is likely to get raped.

Aquarius

These people are not especially passionate, as Aquarius is an intellectual air sign. They prefer to be cool. They get bored easily so try to be spontaneous. They like spur of the moment romance and the unexpected. Sex in public places where there is risk of being caught appeals to many of these people. They enjoy pairing up with someone from an entirely different background/status/religion, etc., as long as this person is entirely different, individual, and original. Venus in Aquarius could care less what others think. They enjoy shocking others.

Never try to dominate or control these people, as they need lots of space and personal freedom in a love relationship. Be a friend to them as well as a lover. The women are independent, value individuality and refuse to be dominated by men. Both sexes value intelligence, independence, and nonconformity in their partners. Venus in Aquarius can be cold in their love relationships.

They desire the perfect soul mate. In many cases, this placement can bring extraordinary creativity, musical and artistic talent.

Aspects to Venus

Venus/Mars

These people often have intense emotions and a passionate nature. They are 'all or nothing' in their attitudes, and either love something or hate it, with no in-between. They can be very demanding in their love lives, insisting that their lover give them plenty of attention. This aspect, unless it is trine or sextile does not make for a smooth love relationship. If there were bad relations with the parent of the opposite sex when these people were growing up, this can affect the partners one attracts for worse. In some cases, especially with the hard aspects, there can be physical violence in one's relationships. If other factors in the chart support these tendencies, one can have crude behavior, especially with the hard aspects.

Venus/Jupiter

A Venus/Jupiter conjunction brings fortune to the affairs ruled by whatever house it is found. These people are charming, well liked, self indulgent, loving, sociable, and optimistic by nature. This is a good aspect to have, as others will be of help in the life. This aspect does not make for much self-discipline, as it tends to

laziness and a love of luxury and comfort. People with strong Venus/Jupiter aspects can be overweight because of too much eating. They are usually very loving people.

Venus/Saturn

These people have inhibited emotions, which they usually keep in check. They can appear to be very aloof, cold, and reserved. In many cases, one or both parents were hard and/or unloving. There is often shyness, along with misfortune in love and sometimes poverty. People with Venus in aspect to Saturn will often remain in a bad relationship out of duty. They can feel they are unworthy of love and happiness. They may find it difficult to lighten up and have fun, especially if Saturn is in Leo.

Venus/Uranus

These people are independent and need freedom in their love relationships. They are attracted to the unusual in their choice of partners and also enjoy experimenting sexually. Relationships can begin and end very suddenly and without warning. This aspect does not make for smooth or stable relationships. They are often attracted to those who are different, original, and unique.

Venus/Neptune

This is the creative aspect par excellence, and is often found in the charts of composers, musicians, artists of all kinds and those who have exceptional creative talents. These people are extremely sensitive with very rich imaginations and are idealists by nature. They long for the perfect lover and are highly romantic. Anything extremely unpleasant or ugly can affect them deeply and leave a lasting negative impression. They are perfectionists in their love lives, seeing their lover as perfect, and this often causes them disappointment when the lover does not live up to their expectations. They are prone to fantasy, which usually revolves around romance. They are compassionate and can be self-sacrificing. In some cases, one with this placement can fall in love with someone who is not available or unobtainable, such as a film star, or famous musician.

Venus/Pluto

This aspect can bring trouble. The nature is often obsessive, and the emotions are very powerful, intense and with the hard aspects in tight orb, can even be out of control. These people can never get enough love. When they fall in love, they often lose control of their emotions. This is the aspect of 'fatal attractions.' If the love is unrequited, an unhealthy obsession can develop. In some cases, intense love can turn into intense hatred. These people are jealous, possessive, and controlling. They can be stifling and should never get involved with freedom loving signs. They desire total possession of their beloved. When this aspect is activated by a transit or through progression or worse, with one's Venus making

an aspect by progression to the Pluto of the one who has this aspect, fatal attractions often occur.

Mars in Aries can offset low self-esteem aspects and shyness in a chart. This placement also gives health, much energy, and strong vitality, but is common with having headaches. If there are other Aries planets in the chart and/or an emphasis on fire signs, there can be much self-centeredness and a lack of awareness regarding the needs of others. As with Mars in the second house [the second house is ruled naturally by Taurus], the energies are focused on acquiring material possessions and wealth. Mars in Taurus can give artistic talent along with fine tastes if there are other placements and aspects within the chart that support this. The nature is persistent and stubborn. Mars in Taurus gives a strong physical constitution and the ability to recuperate. The mind is active and there is a fondness for word puzzles and similar games that engage the mind. Mars in Gemini is good at argument. These people can be prone to indecision and often change their minds and stances on different topics, especially if there is an emphasis on mutable signs in the chart. The energies are focused into communications and intellectual activities. placement gives dexterity and physical coordination, especially if other placements in the chart support this.

In Cancer

tendencies of Mars are neutralized, especially if there is a strong emphasis on earth and water signs in the chart, these people can have a difficult time with being direct. They may hint at what they want and act out in certain ways that need to be interpreted and read by those who know them. They can hold their anger inside rather than inviting an open confrontation. Like Mars in Gemini, they can be prone to indecision and can change their minds often, along with their points of view and stances on things. They can be reclusive and withdrawn, unless there are other planetary factors to offset this. In extreme cases, there can be celibacy and a denial of physical pleasure. The sensitivity is very pronounced. These people can be prone to being used and dominated by others. They are compassionate and empathetic towards the sufferings of others. Saturn: Its Signs, Houses, and Aspects

Saturn is the misfortune in our charts and where we experience loss, misery and problems in life.

Saturn in the Signs

Aries

People with Saturn in Aries have trouble asserting themselves and can have a pessimistic, timid nature. Many times, they tend to hold their anger inside. They can be overly cautious and afraid to take any chances. Other planets in Aries [especially if not in conjunction with the Saturn], a strongly placed Mars and Jupiter can offset these tendencies. This placement can give a lack of confidence and low self-esteem. Unless other factors in the chart contradict this, Saturn in Aries can sap one's vitality and energy. Quite often, the first half of the life is more difficult than the later years.

Taurus

Most often, there are issues in the life revolving around material possessions and money; more so than with the average person. Poverty can affect these people deeply and leave lasting scars, to where even if they secure a comfortable income later in life, they may still be very greedy, cheap, and hoarding in regards to money. Those who grew up in poverty may always feel inferior to others who have more means financially. There can be an obsession with money and wealth. Most people with this placement must work very hard to obtain any financial security in life. In rare cases, especially if Neptune is prominent, there can be a total renunciation of anything material. To the other extreme, there are children of extreme wealth who have this placement and are the ones who were more than likely bought by their parents in the way of being indulged with money and material possessions, but shown little if any personal attention and love. There can be marked selfish tendencies and an unwillingness to share anything with others.

Gemini

People with this placement often feel inferior to others intellectually, and they often fear being thought of as stupid. In some cases, they can be on the slow side where intelligence is concerned, and/or there can be a lack of education. Problems in communicating are also common with Saturn in Gemini. There can be learning disabilities, dyslexia, problems with speaking, writing and in rare cases, afflictions involving the physical senses such as speech impediments, and defective hearing and/or eyesight, or with one's hands. There can also be problems with siblings.

Cancer

The home life with those who have Saturn in Cancer is often very unsettled. Many people with this placement move residence frequently throughout their lives. There can be excessive responsibilities and demands regarding the family. These can range in anything from heavy financial burdens to caring for family members who are unable to care for themselves. Major issues in the life revolve around the home and family. Security and stability can be very elusive, with fate always creating circumstances where upsetting changes occur that prevent any permanence in establishing a happy, secure and settled home life.

Leo

These people can be overly serious. They are often workaholics who have very little fun in life. "All work and no play." They can have unreasonably high expectations of both themselves and of others. Quite often, there are problems involving children. In some cases, people with this placement do not have any children. Saturn in Leo can be too overbearing, strict and even abusive as a parent. There can also be other problems involving children such as being a non-custodial parent, or having heavy responsibilities regarding children. The sense of humor is often lacking, unless there are other factors in the chart that offset this. These people are often overly responsible, and in some cases, can feel they are unlovable.

Virgo

Many people with Saturn in Virgo have life long health problems. Frail health is common in childhood and can result in low self-esteem. Health problems are often chronic, can be severe and in some cases, even disabling. They can be overly critical of both themselves and of others. There are often problems involving work, such as periods of unemployment, working beneath one's abilities or other issues.

Libra

This placement produces more single/unmarried people than any other. There is nearly always hard luck involving the love life. Saturn often brings the wrong partners; those who are abusive and downright rotten into these people's lives. In some cases, if there is a true and deep love, circumstances can intervene and destroy this through death, forced separation or other drastic interference. Some people with this placement may have a physical problem or handicap that prevents them from forming any love relationships. Family responsibilities can prevent one with Saturn in Libra from entering into a marriage relationship, and/or overly domineering parents can also interfere, preventing any love in the life. The first love relationship is often the worst. There may be unrequited love and heartbreak.

Scorpio

There are often major issues in one way or another that involve debts, taxes, and finances. These people may resist changes and as a result, try to hold onto and control everything and everyone in their life in order to create a sense of security. In some cases, there can be prudishness, sexual inhibitions, and sexual rigidity with this placement. There can be problems with overdoing things and/or with compulsive behavior.

Sagittarius

Issues in the life can revolve around dogma or religious beliefs. In some cases, Saturn in Sagittarius is fed up with dogma to the point of rejecting anything spiritual and will only believe something given material proof. Parents, family and others can be unsupportive and even hostile with those who have this placement in regards to spiritual beliefs. Saturn in Sagittarius is often seen in the charts of college professors and those who work at universities and other places of education. People who have this placement often travel, but problems can be encountered in foreign lands. These people are better off in developing their own sense of morals and spiritual beliefs, rather than trying to make sense of the dogma of others. Personal freedom is very important to them and they do not like to feel controlled or tied down to anything.

Capricorn

Professional success often comes after much hard work and personal effort. These people can be workaholics, and some may even feel more comfortable at work than at home. They excel in planning and organization. Preferring to remain in the background, they are reserved and cautious, sticking to the tried and true. This placement gives plenty of endurance. Security is important to them and they have a practical nature. They are dependable, reliable, and responsible as a rule. They care about their personal reputations and the impressions they make upon others. This placement gives a talent for business.

Aquarius

These people, especially as they get older in life may become loners by choice. The emotional nature with this placement can be cool, detached, and controlled, unless there is a strong Scorpio emphasis in the chart. In some cases, there can be heavy responsibilities involving groups and organizations. In the early years, friends may have let these people down and later in life; they feel they work best when they work alone. Issues in the life can revolve around personal liberties and freedom. People with this placement can let their friends down or just not be there for them.

Pisces

These people can have a self-destructive tendency. They often put the needs of

others before their own. They also do the work of others for them, especially when others are not doing their jobs; taking all kinds of abuse. There can be problems with the feet. This placement gives a strong tendency towards perfectionism and self-criticism.

Saturn in the houses

1st house

Saturn in the first house often gives a serious nature to the personality, along with a shy disposition, unless other factors in the chart offset this. There can be problems with the physical self in some way. These people are hard working and they take responsibility very seriously. During childhood, there was often hardship and many with this placement were forced to grow up too quickly. The affairs of the house with Capricorn on the cusp will more than likely be a strong focus in the life. Saturn in the first house gives a strong sense of endurance and self-discipline.

2nd house

Issues in the life revolve around money, material possessions, and finances. Most often, any financial security in the life will result from very hard work, but this placement is also prominent in the charts of quite a few millionaires. These people take money very seriously. They are offended by any cheap gifts and place the value of the gift above anything else. As with Saturn in Taurus, poverty affects them deeply and leaves lasting scars. Money is connected to the sense of self-esteem.

3rd house

This can make for serious problems involving a sibling. In some cases, a sibling is favored by parents and other family members, leaving these people to feel unloved. In extreme cases, the sibling can be abusive and take advantage of people who have Saturn in the third house. This is a very serious problem and can be ongoing until death, unless the person with the third house Saturn is strong enough to break away. He/she may feel that they are being helpful to the sibling, but the sibling usually refuses to help him/herself and consequently, brutally uses and takes advantage of the third house Saturn person. People with this placement may have a sibling with a strong Capricorn and/or Saturn emphasis in his/her chart. There can also be problems in learning and involving the thinking process. In some cases, there are learning disabilities, a lack of intelligence, or other problems such as defective speech, hearing, and manual dexterity. People with this placement may feel intellectually inferior to others and fear being thought of as stupid.

4th house

This placement makes for a most unhappy childhood. The mother can be distant, emotionally unavailable, and even abusive and cold. In some cases, the mother is altogether absent from the child's life. Most often, those with a fourth house Saturn feel unloved; their emotional needs were not met as children. In some cases, there can be major responsibilities involving the family that prevent those with this placement from having lives of their own. Issues in the life revolve around unpleasant past experiences such as emotional trauma, abuse, emotional deprivation, and severe family problems. Saturn in the fourth house is often seen in the charts of orphans.

5th house

Many of those with Saturn in the fifth house are childless. This placement gives a large percentage of people who are infertile and unable to have children. If there are children, there can be problems such as handicap or other issues that require major responsibilities. Most often, there is misfortune in some way involving children.

6th house

These people can be workaholics. Work may be a major factor in their lives and in many cases; they work at jobs beneath their abilities. There can be chronic health problems, and periods of unemployment. The line of work can be oppressive, demanding, and all consuming, leaving the one with this placement little time for anything else. I have seen Saturn in the sixth house with people who are forced to work long hard hours at a family business. If work is not the main focus, then there are often serious health problems in the life.

7th house

Saturn in the seventh house often brings an age difference with the marriage partner. In some cases, the marriage partner is more of a parental attitude than that of a spouse and the love aspects of the relationship are lacking and cold. This placement brings delays and sometimes like Saturn in Libra, even denial of a marriage/partnership, and makes for unhappiness in this area of life. The marriage partner may be abusive, cheap, cold, and emotionally unsupportive. In addition, being the seventh is the house of others [platonic] in the life; people who have this placement are often treated badly, and take much abuse. In some cases, the marriage partner may have a strong Capricorn and/or Saturn emphasis in his/her chart.

8th house

Many with this placement have life long poverty and the poverty can be extreme. In some cases, there is life long debts that prevent these people from ever owning anything or from obtaining any financial security. Those with this

placement should stay out of debt as much as possible. These people do not like to owe anyone else anything in the way of doing things. They would rather do the near impossible for themselves, than ever ask for help. People with this placement do not like being dependent upon anyone; they must feel self-sufficient. Saturn in the eight can give a long life, with one dying from natural causes. In some cases, there can be sexual hang-ups or other problems involving sex. There can be long periods without any sex, followed by times of extreme sexual indulgences. They often crave a deep soul-to-soul union with a lover, but fate prevents this.

9th house

The education may be lacking in some way, or may be incomplete. There can be misfortunes involving travel, problems coming from people who are of different cultural and/or racial backgrounds, and problems involving spiritual beliefs and education. Those with this position can be dogmatic and narrow-minded. They are usually cautious and do not readily take chances, unless there are other factors in the chart that contradict this. Through hard work, there can be advancements through universities and other places of higher learning.

10th house

The father can be extremely strict and even abusive. Hard work and perseverance can lead to positions of status and leadership. In some cases, the reputation may suffer. This placement gives a talent for management, authority, and good business sense. These people are natural leaders. Saturn in the tenth gives a strong will and responsible nature.

11th house

People with this placement can be let down in regards to friends, and/or they may have very few close friends. In many cases, there are heavy responsibilities involving groups and organizations. Personal goals may be restricted in one way or another. Friendships are often established with those who are much more mature and in some cases, in positions of authority and power. Friends and/or groups can make heavy demands upon those who have this placement.

12th house

People with Saturn in the twelfth house are prone to depression. Many often believe that their secrets are much worse than the secrets of others. There can be feelings of emotional isolation and loneliness. Hospitals, institutions, and other places of confinement can be a major focus in the life, often through one's employment. There can be irrational fears and an overactive imagination. The affairs of the house with Capricorn on the cusp are often unfortunate in some way.

Aspects to Saturn

Saturn/Uranus

The tighter this aspect in orb, the more those who have it are forced in their lives to conform. In many cases, while growing up, the parents were very strict and allowed little if any individuality, or freedom of expression. These people learn that they are accepted by others through adhering to accepted standards of behavior. They are usually in control of themselves.

Saturn/Neptune

Those with this aspect often feel sorry for themselves, especially in childhood. In some cases, those with this placement neglect the importance of money and in extreme cases, renounce all materialism; with both instances, leaving them in poverty. In other words, money and material wealth are not taken as seriously as they should be. The imagination is well developed and can be morbid. Often, the worst is both feared and expected regarding the future and pending problems. In some cases, as with Neptune/Sun aspects, if there are other factors in the chart supporting this, the father may victimize the Saturn/Neptune child in some way or another, even unintentionally.

Saturn/Pluto

Here is the aspect of the cynical person. These people can be hard and learn throughout their lives that they can trust very few if any other people. Often they have come up the hard way and have learned to survive. This aspect gives a strong will, along with a cold and even ruthless emotional nature. There can be serious confrontations with those in positions of authority and power. These people can feel persecuted and react violently in some way.

Uranus: Signs, Houses and Aspects

Uranus

Uranus is a generational planet. The slower moving planets, Uranus, Neptune, and Pluto, when in the signs are generational in that they influence entire generations of people, rather than being more personal and individual. Their personal influences are in the houses they occupy, not as much in the signs, unless Uranus is the chart ruler or co-ruler and/or is conjunct an angle, and is interpreted a bit differently.

Uranus in the Signs

Aries

The Uranus in Aries generation brings new knowledge regarding science, industry, technology, the military, and advancements in research; is pioneering in the sciences and the technologies, and works to make improvements and introduce new ways of doing things in these areas. Alexander Graham Bell and Thomas Alva Edison were both born with Uranus in Aries. Uranus in Aries people also bring about changes in the military, in combat techniques and with weapons. This generation, as a whole, often makes a break from the past in some way. Uranus in Aries unleashes free aggression. I have noted that many of those of the generations born with this placement are often involved in a major war. Those born in the years 1573-1600; the Thirty Years War broke out in 1618, when those born with Uranus in Aries became adults. Many of those who were born 1759 -1767; their lives were directly affected by the US Revolutionary War in the States, and the French Revolution [1789-1799] in Europe. Those born in the years 1843-1850 were affected by the US Civil War [1861-1865], and those born 1927-1934 were directly affected by World War II.

Taurus

What I have noted from this placement is that the generations that have Uranus in Taurus grew up in the aftermath of major economic upheavals, such as World War II, and after the Declaration of Independence. Many families moved to the new USA, and this changed their finances and also their roots [Taurus], following the establishment of the new country. Again, for those born when Uranus was again in Taurus 1850 – 1858, the US Civil War created economic upheaval and this generation born right before that time grew up in the aftermath. When the generation with Uranus in Taurus reaches adulthood, they work to make changes in regards to finances that often replace the established ways of running the economy. When Uranus is in Taurus, there are often issues in regards to property and land. Uranus was in Taurus 1600 – 1607 and this generation made many advances in establishing colonies in the 'New World.' Uranus is the planet of upheavals and changes and when this planet transits Taurus, there are

changes regarding property, land, and finances. The generations that have this placement, often become involved in these issues. People with Uranus in Taurus value financial independence.

This generation often changes the established ways of thinking and communicating. This generation values free thought. With new colonies being established in the Americas in the early 17th century, this changed communications, making for a longer distance. New information and ideas also came from the Americas during this period. Those born 1858 -1866 were the first to have access to the newly invented phonograph and telephone, as adults. There is originality in the ways of thinking and with ideas. The 1941 -1948 generation manifested in the hippie movement along with other groups who were in opposition with the established ways of thinking.

Cancer

This generation, many of which were hippies, lived in communes. Uranus in Cancer brings untraditional ideas regarding the family and home life. These people often break from and resent parental authority and authority in general. The influence of Uranus in Cancer can also bring breaks and separation within families. Many people moved to the Americas from all parts of the world, leaving their families behind in other countries.

This generation values freedom regarding love and sex; also the freedom to have children without having to be married. Uranus in Leo changes the traditional ideas and morals. New genres and changes regarding theatre, the arts, and creativity manifest.

There is often more awareness involving the health of the community, dietary habits, and new methods of exercise and healthy living. New remedies and cures are often discovered by members of this generation. Those born 1961-1968 brought in the health club industry and an awareness of the need for physical exercise with attention to diet and health.

The All Important Chart Ruler

The All Important Chart Ruler

The chart ruler is the ruler of the sign on the ascendant. In cases where there is a sign intercepted in the first house, or a sign such as Scorpio, which is ruled by both Pluto [its main ruler] and co-ruler Mars, and any planets in the first house, these are co-rulers. The main and foremost chart ruler is the planet that is the primary ruler of the sign on the ascendant and this planet represents you. The chart ruler is the most important planet and is secondary to none.

Conjunctions of the Chart Ruler/s to other planets and heir influences:

Chart Ruler/s in conjunction with the Sun

This aspect gives good health, physical strength, energy, and vitality. This is usually a fortunate placement, tending toward a long life and physical strength even in old age. The recuperative powers are very strong. Depending on the sign, this placement gives an optimistic disposition and offsets aspects of low self-esteem. The chart ruler in conjunction to the Sun helps to offset negative aspects. This placement also gives a sense of charisma and makes one well liked by others. The affairs of the house with Leo on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with the Moon

The nature here is family oriented, sensitive, and emotional. These people often are fond of food and good cooks. They can have a nurturing aspect to the personalities and are caring and protective towards others. There is often pronounced psychic ability, with a tendency to absorb the feelings, emotions, and general tone of the environment around them. These people are moody and are often fond of places near water. They are maternal. Home and family are very important to them. Often there is a tendency for changes in the area of having different identities, aliases, and in going through phases in their lives. In some cases, they may change color of their hair and their style of dress quite often. The affairs of the house with Cancer on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Mercury

These people are often intellectual, talkative and have good dexterity and physical coordination. They have active minds and can get bored easily. They are often fidgety and restless. This placement often gives a talent for athletics. The affairs of the house with Gemini on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Venus

This aspect usually makes one attractive, charming, gives beauty, artistic talent and a sense of good taste. These people have charisma, along with a pleasing personality and unless Mars is strong in the chart, they are usually refined and well mannered, with a strong dislike of coarseness or crude behavior from others. They dislike confrontations and prefer a harmonious and peaceful environment and relations with others. The affairs of the houses with Taurus and Libra on the cusps are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Mars

This aspect makes for an outgoing, hot headed, energetic, and combative nature. It is good for health, energy, and vitality, but can make one rude, crude, coarse, and ill mannered. These people are generally impatient and like to get straight to the point. Details bore them. Mars in conjunction with the ruler gives competitiveness, athletic and martial ability, along with a fearless pioneering spirit. People with this placement are often born leaders. Many military leaders such as officers, generals and those who have important and lifelong careers in the military have this conjunction. The affairs of the house with Aries on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Jupiter

Jupiter gives protection throughout the life. This aspect gives self-confidence, a cheerful nature, and optimism, and can offset negative factors such as low self-esteem in a chart. In some cases, they are life long students and many benefits can come from involvement with universities and other places of education. They can be overindulgent and fond of travel. This gives the personality a pleasant disposition and they are generally well liked by others. There is also a tendency to be large in some way, either large boned, tall or heavy. The affairs of the house with Sagittarius on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Saturn

The tighter the conjunction, the more malefic the influence can be. There is often an inhibited personality, along with pessimism, in some cases hard luck, and an overly serious nature. Other aspects need to be taken into consideration. The affairs of the house with Capricorn on the cusp are likely to be of importance and focus in the life.

One tragic example I noted was a child named Lisa. Her mother put her up for adoption in infancy. She was adopted by attorney Joel Steinberg and his wife through shady means. Lisa endured six horrific years of extreme abuse at the hands of this couple, which ended when Joel Steinberg beat her to death. Her chart ruler, the Moon was in near exact conjunction with Saturn in Libra in her fourth house of home and

family. Saturn in Libra is exalted and much more powerful in its influence in that sign, intensifying its malefic nature. She never even had a chance.

Chart Ruler/s in conjunction with Uranus

These people are often rebellious, freedom loving, original, unusual, and can even be eccentric. This aspect can give genius, a talent for electronics, invention, and an aptitude for mathematics. Nervous outbursts are common, along with a high-strung nature. People with this placement are likely to be very unusual and/or exceptional in some way. The affairs of the house with Aquarius on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Neptune

Neptune can have a malefic when conjunct a ruling planet. It is often found in charts of the mentally ill, those who are drug and/or alcohol addicted, those who are aberrant, weak willed, abnormally sensitive, and unreliable. These people are often impressionable and open to being deceived and taken advantage of by others. It is not good for the mental health. [Only with the conjunction does the aforementioned apply] On the upside, the chart ruler conjunct Neptune is found in the charts of many famous composers and musicians. Neptune is the higher octave of Venus in the ability to create beauty. Poets, artists, and dancers often have this conjunction. The affairs of the house with Pisces on the cusp are likely to be of importance and focus in the life.

Chart Ruler/s in conjunction with Pluto

Conjunctions with Pluto give intensity. There is ability and aptitude for magickal practice, intense concentration, and focus of the mind. This aspect gives a strong will, inner strength, and a do or die attitude. Death before dishonor characterizes these people; it is "all or nothing." This aspect is frequently seen in the charts of those who are born sorcerers. These people tend to transform those that they come into contact and interact with.

Retrograde Planets

Four or more planets that are retrograde in one's natal astrology chart indicate that the later half of one's life will be more eventful, and if success is to come, it will occur later in the life. The house/s ruled by the retrograde planets indicates affairs that will occur later in life. For example, the marriage house; marriage or love can occur after 30 years of age or later. In addition, many retrograde planets can make one introverted and shy. People who have four or more of their planets retrograde are known as "late bloomers."

If the main chart ruler is retrograde, then the above applies, as the chart ruler has the most emphasis and importance in determining one's fate. If the co-ruler/s is retrograde, and the main chart ruler is not, this will still affect the life, but not as much as when the main ruler is retrograde. The "main ruler" is the planet that rules the ascendant.

- The Sun and Moon are never retrograde.
- People who have Mercury Retrograde can sometimes be a bit slower in learning or understanding, than those who are born with this planet direct. These people can get lost in details and have trouble seeing the entire point, but can be excellent in research or in working with details. The mind can be very active and the thoughts run deep. Ideas and thoughts may repeat themselves until one feels a sort of mental burnout. Mercury retrograde people perceive information and communications a bit differently. Ironically, those born with a Mercury retrograde function much better when transiting Mercury is retrograde. Mercury retrograde usually indicates problems concerning one or more of the areas of life ruled by Mercury: speaking, writing, learning, the senses: sight, and hearing, the brain, perceiving information and verbal expression. In some cases, those who have retrograde Mercury can be reserved, shy, and quiet. In addition, one or more of the areas ruled by the house in which Mercury retrograde is posited, along with the houses with Gemini and Virgo on the cusps can sometimes experience delays or other problems.
- With Venus retrograde, love often comes later in life. These people can be very shy when it comes to love relationships, and have trouble expressing their affections. In some cases, there can be physical problems or other circumstances that prevent one from pursuing a love relationship. These people can also feel unworthy of love for some reason. Any financial security often

comes later in life. With Venus retrograde, one's love relationships can be very unconventional. In addition, one or more of the areas ruled by the house in which Venus retrograde is posited, along with the houses with Libra and Taurus on the cusps can experience delays or other problems.

- Mars retrograde holds one's anger inside. Most often, one was severely punished in childhood for expressing any anger. These people dislike and avoid open confrontations. They can seethe and boil inside with rage, but usually, they will not openly express it. Those who are in a close relationship with Mars retrograde people often have to learn how to "read them" as the Mars retrograde person hides his/her anger. Mars retrograde people do not know how to express anger in an acceptable way. If they are pushed to a certain point, to where they can no longer hold their anger in, they often overreact and can be explosive. Given Mars rules the sex drive, in some cases, men who have Mars retrograde can suffer from sexual impotence. In determining this, one must look to other indications in the chart. Mars direct, posited in the 12th house can have the same significance as Mars retrograde. If Mars retrograde is in Pisces, Libra, or in hard aspect to Saturn, the effects of expressing one's self are even more restricted. I have seen a case where Mars was both retrograde and posited in the 12th house. The one with this had serious psychological and sex problems, but there were also other supporting aspects for this in his chart. In addition, one or more of the areas ruled by the house in which Mars retrograde is posited, along with the houses with Aries and Scorpio on the cusps can experience delays or other problems.
- With the outer planets, one must look to the entire chart and the position of the retrograde planet in the chart in order to determine the strength of its influence. When the personal planets are retrograde, the influence is much greater than with the outer planets, unless they are prominently placed in the chart. Prominently placed means on an angle [conjunct the ascendant, descendant, midheaven, or IC], the chart ruler, or co-ruler, or in close aspect to the ruler/co-ruler.
- Jupiter retrograde gives one a sense of inner fulfillment, peace, and contentment. When retrograde, Jupiter turns inwards. Taken all by itself, Jupiter retrograde is not as much concerned with the material aspects of life. These people [unless there are other contradictory influences in the chart], are more concerned with spiritual comfort and peace of mind and soul. They often seek out spiritual knowledge on their own and have their own beliefs, instead of being indoctrinated by others. They can think for themselves, and they often look for their spiritual answers from

within, rather than accepting religious dogma. In addition, one or more of the areas ruled by the house in which Jupiter retrograde is posited, along with the houses with Sagittarius and Pisces on the cusps can sometimes experience delays or other problems.

- Saturn retrograde people often do not have a sense of limitations, as do those born with Saturn direct. He/she can take on too much work, take on too many responsibilities, and do too much for others. These people often have their own set of values. Discipline, demands, and severity are turned inwards upon the self. People with Saturn retrograde are often very self-critical and hard on themselves. They can make very high demands on themselves for personal achievement. These people may appear to be easy going when taking orders from others or when given extra work or responsibilities, but on the inside, this is a different story. Retrograde Saturn often resents too many demands and can react against these with indirect ways. Taken alone, retrograde Saturn does not desire fame or publicity: success here is more personal. These people often have trouble in being authoritative with others should the need be. They have a difficult time saying "no." Saturn retrograde is often hard on one's self-esteem, but be sure to look to other placements in a chart regarding this tendency. In addition, one or more of the areas ruled by the house in which Saturn retrograde is posited, along with the houses with Capricorn and Aquarius on the cusps can experience delays or other problems.
- Uranus retrograde indicates the need for freedom and rebellion is very pronounced. When retrograde, Uranus gives a strong sense of intuition, especially if there are other placements in one's chart supporting this. Outwardly, people with Uranus retrograde may seem to conform, but they are very original and unconventional on a personal level. These people are often high-strung. They will hold stress inside until suddenly; they explode and overreact, going to emotional extremes. There is a strong tendency to exaggerate things. Uranus retrograde influences one to look for guidance from within, rather than seeking answers outside of one's self, but seeks to reform and overthrow what is already established in the outer world. These people can feel alienated from others and quite often, they do not fit in with society. In childhood, Uranus retrograde people frequently felt stifled in expressing their individuality, and as they mature, they have a tendency to take things to extremes. In addition, one or more of the areas ruled by the house in which Uranus retrograde is posited, along with the house that has Aquarius on the cusp can sometimes experience delays or other problems.

- Retrograde Neptune gives a very rich imagination and fantasy life. There can be much inner confusion. The psychic and intuitive abilities are usually very well developed. These people can have escapist tendencies, with a strong susceptibility to abusing drugs and alcohol. When retrograde, Neptune gives extreme sensitivity, along with a sense of idealism. With retrograde planets, the energies of the planet are turned inwards. These people may oftentimes live in their own fantasy world, and withdrawal from outer life. The house that contains Neptune, along with the house where Pisces is on cusp can experience delays or other problems. Retrograde Neptune can manifest as a pronounced Neptune. As with the other outer retrograde planets, one must look to the position in the chart to determine the strength of the retrograde influence.
- Retrograde Pluto gives a pronounced inner intensity, along with a sense of aloofness. These people are usually very secretive, and very few if any get to know them on a personal level. There can be cases of extreme repression and emotional extremes, along with compulsions and feelings of isolation. This is the "either "or" "do or die" type of individual. They either love something or they hate it, there is no grey area or in-between. They are all or nothing. If other placements and aspect in the chart support this, the individual can be an introvert and loner. As with the other outer retrograde planets, one must look to the position in the chart to determine the strength of the retrograde influence. The house that contains Pluto, along with the house where Scorpio is on cusp can experience delays or other problems.

Noted Planetary Placements

The table below contains the noted placements of the planets. Planets in their exalted and home signs are stronger in their influence over one's personality and life's affairs, than when in their signs of detriment and fall. This also includes transiting planets. In the natal chart, look to the affairs ruled by the house containing the sign ruled by the planet and the affairs of the house that the planet is posited in. For example, a Leo Sun will be much stronger than an Aquarius or Libra Sun [signs of its detriment and fall] if it is aspected by Saturn or Neptune, both of which can undermine one's self-esteem and vitality [ruled by the Sun]. The strong Sun also functions better regarding the life affairs of the house with Leo on the cusp and also the affairs of the house containing the Sun.

In contrast, a strong Saturn as in Libra can be more malefic. Always remember, through power meditation, the aspects and planetary placements can be sublimated and directed.

Planets in their detriment and fall do not function as well as when in their exalted or home signs.

PLANET	HOME/RULING SIGN	EXALTATION	DETRIMENT	FALL
SUN	LEO	ARIES	AQUARIUS	LIBRA

Astrological Degrees and Fixed Stars

0-1 Degrees of all signs signify the beginning of important events in one's life with predictive astrology, such as solar and lunar returns.

29 Degrees of all signs bring about the ending of events in the life, such as relationships, leaving a place of residence and so forth with predictive astrology, such as solar and lunar returns.

0-1 Degrees of Aries, Cancer, Libra and Capricorn are extremely critical degrees, both in predictive and natal astrology. These are the four cardinal signs; the solstice points of the Zodiac. What has begun may or may not last. Cardinal signs indicate strong beginnings, but lack the stability of the fixed signs or the adaptability of the mutable signs. 0 -1 of Libra oftentimes signifies the beginning of a relationship in predictive astrology. The affairs ruled by the planets on these degrees, the houses they are posited in and the house cusps with the sign they rule in a natal chart, are usually of significant importance in the life.

0 -1 Degrees of Taurus is always permanent, in prediction, for better or for worse.

0 -1 Degrees of the other fixed signs: Leo, Scorpio, and Aquarius are long lasting. Fixed signs signify permanence, stability, and things that last. In predictive astrology, what has begun will more than likely last.

0 -1 Degrees of Gemini, Virgo, Sagittarius, and Pisces are beginnings subject to change. Mutable signs always signify adaptability, restlessness, and change. They can be vacillating and weak. In predictive astrology, what has begun is subject to change.

29 Degrees of Pisces signifies a permanent ending in predictive astrology, as is 29 degrees of Taurus.

13 and 26 Degrees of Aries, Cancer, Libra and Capricorn give special importance to the planet/s or house cusps occupying the degree. The affairs ruled by the planets, the affairs ruled by the houses ruled by the planets, or by the houses these degrees are on point to something of the above-mentioned occurring in the life of the chart owner.

9 and 21 Degrees of Taurus, Leo, Scorpio, and Aquarius have a tendency to

misfortune. 21 Degrees of Scorpio is a definitely a degree of loss, both natively and in prediction, but the loss is not always negative.

4 and 17 of Gemini, Virgo, Sagittarius, and Pisces are similar to the 13 and 26 Degrees of the Cardinal signs.

15 Degrees of Leo is one of the worst degrees in the zodiac, either natively or in prediction. Prominent in the charts of serial killers, felons serving life sentences, in the charts of those who have fared hard luck, etc. Helen Keller, both blind and deaf from a very early age had her chart co-ruler Mars at 15 degrees of Leo, along with no air signs. [Air signs are communication]. Stevie Wonder [blind] Pluto at 15 degrees of Leo, Ludwig van Beethoven, deaf, Saturn at 15 degrees of Leo.

25 degrees of Leo is violent, and some who have this are in prison for violent crimes, especially those with their chart rulers on this degree. In addition, this is not a good degree for a planet to be on in a predictive chart. Problems will result from this placement according to the affairs it rules and/or house it is in. This is a very strong degree of alcoholism. Many who are chronic alcoholics have prominent planets on the 25th degree of Taurus, Leo, Scorpio, or Aquarius. The influence is especially strong if Neptune is involved.

15 Degrees of Taurus, Scorpio and Aquarius are also unfortunate, but not to the extent as 15 degrees of Leo, one of the worst degrees in the Zodiac.

16, 17, 18, 19, 22, and 25 Degrees of Taurus are all degrees of violence.

9 Degrees of Gemini and Sagittarius are both degrees of homicide.

17 Degrees of Gemini is degree of homicide.

6 Degrees of Cardinal signs: Cancer, Libra, Capricorn, and Aries indicates a possible physical disability, and to a lesser extent, especially if the planet occupies the first house, is prominent and/or other factors in the chart support this.

6 Degrees of Leo and 6 degrees of Aquarius are both very bad for eyesight.

12 Degrees of Leo is a degree of beauty.

9 Degrees of Virgo and Pisces are known as fatal degrees, body in the ditch

degrees and degrees of suffering.

9 degrees of Pisces is one of the worst degrees in the Zodiac.

9 Degrees of Sagittarius is a warrior degree, and is also a degree of homicide. Prominent planets on this degree are also seen in the charts of religious and spiritual reformers.

22 degrees of all signs, especially the fixed signs is bad, either natally or in prediction.

FIXED STARS: Allow 1 - 2 degrees orb for conjunctions and oppositions to other planets. Conjunctions and oppositions are the only aspects that matter, with conjunctions being most important. The following interpretations concern when a fixed star is conjunct a planet in one's chart or an angle or is prominent. The nature of the planet also should be blended in with the nature of the fixed star. Personal planets such as chart ruler/s and angles are important, with the influence of the fixed star being emphasized in both the life affairs and in the personality.

The four most prominent fixed stars are:

In love matters, fire, being a royalty element, they expect total devotion, attention and even service from their partners. Unfortunately, this is not a two way street. Unless their partners are very direct about their own needs, the fire trine person often will ignore them, as they are into themselves.

The fire element is energetic and vital. This gives a high energy level and is good for the health. This also gives strong resistance to infection and stamina.

IN EARTH

Money, physical pleasure and sensuality are important to these people, more so than to everyone else. They are organizers and planners. Security is of prime importance and they dislike spontaneity, unless there are many planets in the mutable signs. These people can be very self-indulgent. The earth element gives tremendous endurance, stubbornness, and determination.

Many are hard working and their lives can revolve around their work and business. They do not like to take risks or gamble. They have good timing, as most think ahead and do not rush into things.

These people can have a dullness about them as they are not outgoing like the fire people, but they are reliable and lead more organized lives. Their lives can become stuck in the same old routines. Work and productivity are highly valued, often above all else.

IN AIR

Here we have the intellectual. These people can live in their heads so to speak. They are idealistic, value wisdom and education. Being idealistic, they can be impractical. Air, by itself is a cool, intellectual element. These people dislike relationships where many demands are put upon them. Communication and discussion with others is important to them. They are good at argument.

Unlike fire and water, air is not very passionate, preferring to relate to others intellectually. A good talk and communicative understanding are more important to these people. These people are versatile and can be many different things to many different people, as they adapt. They are impersonal and can look at things in a detached way, seeing both sides to an issue. They make excellent writers, journalists and have much talent where communication is involved.

IN WATER

Water is the element of emotion and feeling. Here we have the psychic. These people can often feel what others are feeling or thinking. Like the fire element, water gives creativity. Water trine individuals are super sensitive. Water is the element of fertility and can give large families. These people can be escapists. The imagination is active and rich with daydreams and fantasies. Water people are often artistic.

There is much empathy for others and a strong sense of justice. The suffering of others and the world deeply affects them. If there are several planets in Cancer and Scorpio, these people hold grudges and can make dangerous enemies.

DISSOCIATE GRAND TRINE

This is where one planet is out of place. Check the element the other two are in. The traits will be weaker, than the pure elemental grand trine.

Elements in chart

[Collected from Joy of Satan website → Satanic Meditation → Invoking Elements]

Those who lack an element often express the character traits of the element in a different way than those who have the element. Reichsführer Heinrich Himmler worked extremely hard and was reliable and consistent. His lack of earth manifested in his idealism. He spent most of his life working very hard. He was very patient and self-disciplined.

Those who lack water can actually be quite emotional. Adolf Hitler lacked water, but was very emotional. This could be seen in his speeches. Those of us who have met him on the astral know he is caring and responsible to the extreme. In spite of the endless lies told about him, he was one of the finest humanitarians who ever lived and he also loved animals and put laws for animal rights into effect in Nazi Germany.

Helen Keller, both blind and deaf from her early childhood [this is how the lack of air manifested in her chart, along with her chart ruler being at 15 degrees of Leo, a degree that can cause blindness and/or deafness]; she spent her entire life communicating. She authored several books and gave numerous speeches in spite of her handicaps.

Predictive Astrology, Magic and timing

Transiting Pluto

Pluto, in prediction, is a neutral planet. Transiting Pluto brings major, life altering change, for better or worse, depending upon the other transiting planets and the life patterns in the birth chart. Pluto is neither positive nor negative. The changes resulting from a Pluto transit are permanent.

Pluto rules intensity and obsession. When it contacts natal planets by transit, it sometimes intensifies them, especially in the case of Venus, where it can cause deep, obsessive love. The Venus/Pluto contacts are the bringers of fatal attractions where the love is one sided.

TRANSITING PLUTO:

To the natal Sun-

When Pluto contacts the Sun, there are changes in one's self image. This transit often brings one into contact with his/her own power. The Sun rules the male partner in a woman's chart, the Father, the male boss, men who are seen as authority, and children, especially male. These changes can affect these male figures in one's personal life. For example, rarely, there can be death of the father. The house cusp(s) with the sign of Leo (see) are areas there is likely to be major change. The house that contains the Sun can also be affected. Look to the house where Pluto is making the transit from, for clues to where the changes will take place.

To the natal Moon-

Domestic change. Moving house, someone being born, someone dying, someone leaving, someone coming to live in the same house. or changes that affect one's family members and home. Look to other planetary transits to determine whether this change is positive or negative. Transiting Pluto aspecting the Moon from the 5th house, often signifies a birth. Pluto aspecting from the 8th, often a death.

To the natal Mercury-

Often a period of intense learning and mental activity. One will go through changes in one's views. During this transit, one may transform one's self through intense learning, either formal or informal. Meditation and other psychic exercises will act to transform the mind at this time. Also look to the house cusps with Gemini and Virgo; the house containing the natal Mercury and the house where transiting Pluto is making the aspects from. One may become obsessed with a subject.

To the natal Venus-

This transit usually incites deep, intense love. This love can descend into obsession, especially if one sided. There can be a painful quality to the love. Emotions can be out of one's control. There can be changes in regards to finances, as Venus rules money and material possessions. Check house cusps that have Taurus and Libra, the house containing Venus and the house where Pluto is making the transit from.

To the natal Mars-

This is a good transit for increasing one's self confidence and self esteem. During this time, one feels more in control and in some cases, receives outstanding recognition of some sort. People undergoing this transit, often find themselves more competitive, aggressive, determined, and intense. One often has more physical stamina and can devote him/herself entirely and intensively in a selected project. The project can become an obsession and much work can get done. Check the houses with Aries on the cusp(s); the house containing Mars and the house Pluto is transiting from for areas where possible additional changes will occur.

To the natal Jupiter-

Changes in one's religious beliefs, philosophies and views. With the conjunction, square, and opposition, these can be drastic. With the trine and sextile, one's beliefs can be deepened and strengthened. Check the house(s) with Sagittarius on the cusp, the house containing Jupiter and the house Pluto is making the transit from.

To the natal Saturn-

There may be changes in one's foundation beliefs. One's concept of reality may go through permanent changes. Enlightenment can be in the form of upheaval. This transit usually affects the affairs of the house(s) that has Capricorn on the cusp and the house containing Saturn. Saturn also rules old people and there may be changes in regards to them if one has any that are within one's personal circle. Look to the house where Pluto is making the transit from.

To the natal Uranus, Neptune and Pluto-

I have found when transiting Pluto contacts these natal planets, the affairs that undergo change are within the house cusps that contain the signs that they rule. Aquarius, for Uranus, Pisces, for Neptune and Scorpio for Pluto aspecting itself. With Uranus, in rare cases, there may be some change connected to one's freedom or lack of; Neptune, drugs, music, art, alcohol, Pluto to itself is a generational influence. Affairs with the house with Scorpio on the cusp can undergo changes.

To the chart ruler-

In addition to the above, there will be major, permanent personal changes. Look to the house where transiting Pluto is in to see what areas of one's life they will affect.

To the ruler of the 2nd house- financial, or material changes.

To the ruler of the 3rd house- changes in thinking, brothers/sisters, relatives, neighbors

To the ruler of the 4th house- changes in home, family, the mother

To the ruler of the 5th house- changes in regards to children; a birth, changes in regards to athletics or creative projects.

To the ruler of the 6th house- changes in health and/or work

To the ruler of the 7th house- marriage, divorce, sometimes legal issues, changes in regards to partnership.

To the ruler of the 8th house- changes in joint finances, debts, sex.

To the ruler of the 9th house- beginning or ending higher (university) education, possible long distance immigration, possible changes in religious beliefs/philosophies.

To the ruler of the 10th house- career changes

To the ruler of the 11th house- permanently joining a group or organization, permanent friendships or breaking up with the above mentioned. Permanent changes in goals.

To the ruler of the 12th house- changes in consciousness, in rare cases, imprisonment or incarceration. Good time for occult studies, spiritual understanding, meditation and healing.

PLUTO THROUGH THE HOUSES:

Pluto crosses the Ascendant-

There will be major changes. A long distance move, changes in relationships, a career break, attainment of power/position. One's life will never be the same again.

Pluto through the first house- Pluto remains in this house anywhere from 12- 31 years. During this time, drastic changes in self can occur. Physical changes such as weight loss, self-improvement, obsession with one's self and goals, personal accomplishments. This transit is usually positive, but in rare cases, the life altering changes can be for the worst.

Pluto through the second house- obtaining money and material possessions can become an all out obsession, there can be drastic changes in these areas. Winning large amounts of money, or major losses can occur. An overwhelming need for security, usually financial.

Pluto through the third house- emphasis on communication, neighbors, brothers/sisters, the immediate community and environment. Computers, short distance travel, writing. Thinking can become more intense. Meditation, contemplation, obsession with obtaining knowledge, deeper relationships with siblings. Obsession with making a difference in the community or environment.

When Pluto crosses the IC, there will be changes in regards to the home and family. Long distance moves and changes of residence are common. If other factors in the chart support it, there can be marriage. There can be divorce, illness, death in the family, but in most cases, a move of residence. Career changes are also possible.

Pluto through the fourth house- Major repairs of home and property, family ties may either be deepened or broken, people coming to live in your home and/or people leaving. Changes within the family, elders, the mother, in very rare cases, death, as this is a house of endings. Changes in regards to property being bought/sold.

Pluto through the fifth house- Pluto here often signifies the birth of children, especially when other planets are contacted. Obsession with working out, athletics, exercise. Intense creative projects, passionate love affairs. Gambling at this time can become an addiction. In very rare cases, winning at gambling. A strong need for recognition. Sometimes one sided love obsessions occur.

Pluto through the sixth house- One's health can regenerate, and there can be healing. Changes in diet, care of one's body. Intense work situations where you work your ass off, usually physical labor. Changes in employment, career. This is a good time for healing. There can be workaholic tendencies. In rare cases, diseases and negative changes in health.

Pluto crosses the Descendant- Changes in relationships. If one is married, often death of the spouse or divorce. If one is single, there can be meeting with one's soul mate; an all consuming union.

Pluto through the seventh house- Partnerships of all kinds go through major changes and are never the same. In new love relationships, there will be extreme depth of feeling. There can also be significant legal issues. Others will exert strong influences and incite personal changes in the person whose 7th house is being transited by Pluto. Attractions to dominating, strong secretive types, those in positions of power. There can be partnerships formed, business alliances or love/sexual associations with people in positions of power. Sometimes these will be kept secret.

Pluto through the eighth house- changes in debt, joint finances. Filing bankruptcy. Obsession with the mysteries of death, the occult and supernatural. In rare cases, death. Legacies and major changes of all sorts can occur with Pluto transiting the eighth. Obsession with fetishes and intense sexuality.

Pluto through the ninth house- Changes in religious beliefs, fanaticism in beliefs, long distance travel or immigration, This is a good time for learning and education. At this time, one can attract powerful teachers for better or worse. There may be changes in regards to in-laws or the partner's relatives. This transit signifies intense involvement with religion, other cultures, metaphysics, philosophy, education, and the law. Also, a second marriage is possible, as the 9th rules the second major relationship (marriage).

Pluto crosses the Midheaven- Career and major life changes in regards to one's standing and status, for better or worse.

Pluto through the tenth house- Career changes, obsession with getting ahead and power. There may be changes in regards to the father. Workaholic tendencies and strong ambitions. There is a possibility for fame, coming before the public, special recognition and honors. One may at this time be appointed to a position of power.

Pluto through the eleventh house- changes in regards to friends, goals, and groups. One may at this time, join a group, or organization permanently. Powerful and influential friends may enter into one's life at this time. Obsession with goals and ambitions. One may also be placed in a position of power in a group or organization. Friendships will begin and others will end under this transit.

Pluto through the twelfth house- This transit can either be for better or worse. At worst, powerful and deadly enemies can enter into one's life, long term incarceration and imprisonment, diseases that are long lasting and/or permanent, isolation. The person, at this time, may have an intense desire to be alone, or this can be forced upon one, through circumstances. There can be restriction and confinement, mentally or physically.

In sublimating this energy, meditation, metaphysical pursuits, psychic empowerment exercises and other forms of occult study application should be consistently worked on. This is a good time to develop intuitive powers and psychic energy.

Secrets at this time are of unusual importance. One may be involved in research, or some kind of secret activities.

Prediction in Astrology

Understanding the basics is very important in prediction.

There are various methods of prediction.

1. Progressions: One day represents one year in the life, using an ephemeris.
2. Transits: Where the planets are at in the sky at a certain time and how they affect the planets in one's natal chart.
3. Solar returns: when the Sun comes back to its degree and minute, a chart is cast for the entire year.
4. Lunar returns: when the Moon comes back to its degree and minute, a chart is cast for the entire month.
5. Solar arc progressions: The planets are progressed as far as the progressed Sun has traveled; one day for a year, using an ephemeris.
6. Regressed day for year planets: Instead of going forwards, these go backwards from the birthday.

To get a really clear, accurate picture of events that will occur in the life, one should blend all of the interpretations from the above methods. Take EVERYTHING into consideration. The more supporting aspects and such, the more certain that accurate predictions can be made. When an important event is about to manifest in one's life, this can often be seen in all of the above methods of prediction.

ONE DAY FOR ONE YEAR: PROGRESSIONS:

One day for each year progressions are used for the Sun, Moon, Mercury, Venus, Mars, and the four angles [the ascendant, midheaven, IC, and descendant]. The outer planets move too slowly for this particular method. The midnight date and the noon dates determine the 6 months for the year in question; this is especially helpful in charting the course of the Moon, as it moves faster than the other planets.

A day for a year. For example, if you are 25, count forwards from your birthday, beginning one day after your birthday to 25 days, using an ephemeris. If there are planets on that date aspecting your natal planets within 1-2 degrees orb, an event will occur in your life. For example, if your natal Sun [at the time of your birth] is 20 degrees into Virgo and you just turned 25, you count down the page to 25 days after your birthday and say you find Venus is now at 19 degrees, almost 20 degrees into Virgo, rest assured, within the year, you will be involved in a very significant love interest, relationship or possible marriage. With the online astrology charts, one no longer has to use old-fashioned calculations. The above is for your information, as to how this works.

TRANSITS:

Transits are where the planets are now in the sky above, and the aspects [if any] they are making to your birth planets. Again, if significant aspects are made, events will occur given the natures of the planets involved. Transits cover the slower moving planets: Mars [when retrograde], Jupiter, Saturn, Uranus, Neptune, and Pluto. In some cases, the Sun, Mercury or other faster moving planet can act as a trigger, but not as a major influence. Eclipses and lunations are also important here.

The degrees of orb are wider with transits in contrast to the 1-2 degree orbs with progressions. Orbs are the degrees the planets have influence. In natal astrology, the orbs for transiting planets are 8-10 degrees for the Major aspects: the conjunction, the square, the trine and the opposition. With the lesser aspects such as the sextile, the orb of influence is 5-6 degrees. The semi-sextile, quintile, and sesqui-square have only 1-2 degrees of influence regarding their orbs. For example, say one has their Jupiter at 2 degrees of Virgo and their Pluto at 7 degrees of Virgo. This is a conjunction as the two planets are within 5 degrees of orb. There are five degrees separating Jupiter and Pluto here. Now, say if Pluto was at 18 degrees of Virgo, the conjunction would not apply, as there are 16 degrees between the two planets, making the influence for a conjunction too wide.

Remember, for progressed planets the orbs are tight: 1-2 degrees only.

For example, say Pluto is squaring one's Moon, indicating a significant domestic change. The Moon is 11 degrees into Pisces. Pluto is now at 16 degrees of Sagittarius. Pluto still has influence. I have found the closer the aspect in MOST cases, the event will take place, but there have been some instances where the event occurred when the planets were separated by 9-10 degrees. Therefore, Pluto will have influence over the above example's Moon until it is past 21 degrees of Sagittarius, and out of orb.

I have also found in most cases, a transiting planet approaching a natal planet within 2-4 degrees, even before it makes an exact conjunction with that planet, it can set off an event. Be aware as any slow moving transiting planet approaches within 5 degrees of a natal planet. If nothing happens, still be aware, as events can occur at any time when the transiting planet is within orb of the natal planet. This also includes retrograding planets. When the retrograde planet passes over the natal planet, then stations and backs up retrograde, when it is within orb of the natal planet, it can set off an event. The closer it gets to the natal planet in degrees, the more likelihood the event will take place.

SOLAR RETURNS:

One's upcoming year astrologically, always begins on one's birthday. The exact

time the transiting Sun conjoins the natal Sun to the degree, minute and second, a chart is cast that reveals the planetary influences for the coming year. Further information is given by casting a chart when the transiting Sun squares [is 90 degrees] from, and opposes [180] the natal Sun. This will break the year down into three month parts.

For example say your Sun is 10'44"16 into Gemini. When the transiting Sun comes to 10'44"16 of Gemini, the exact time this occurs, a chart is cast. When the transiting Sun is at 10'44"16 into Virgo [90 degrees away], a chart is cast and is called a "quarter return." The quarter return has lesser influence than the solar return and basically acts as a timer for the events predicted in the solar return chart. When the Sun is 10'44"16 into Sagittarius [180 degrees away from the natal Sun], this marks approximately six months from one's birthday. I have noted in many cases [but not all], events predicted in the solar return often manifest after the transiting Sun opposes the natal Sun at 180 degrees. Six month solar charts have more influence than quarter charts, but again, this is not a rule. When the transiting Sun is at 10'44"16 into Pisces, you have the last three months of your year.

In a solar return degrees are VERY important, but most famous astrologers who write the books do not know this or much else on how to interpret them for that matter. The solar return must be blended with the progressions, transits and other predictive data.

For example, say with your solar return chart, the midheaven is 0 degrees into Taurus, with solar return chart ruler, the Sun [for Leo on the solar return ascendant] conjunct the Moon in the second [money] house. [New Moons in a solar return are very significant and indicate important beginnings], along with SR midheaven ruler, Venus in the 1st house, placing emphasis on the 10th house of career for upcoming events. Planets in the first house of a solar return place an emphasis on the events of the house they rule in the SR chart and also in the natal chart. Chances are, with the above influences, one will begin a new career.

LUNAR RETURNS:

Lunar returns are very similar to solar returns, with the exception that they are cast for one's Moon each month. Lunar returns reveal events for each month. The solar return has the most influence for predicting events throughout one's year. The lunar return will reflect the events predicted with the solar return, and often act as a timer.

SOLAR ARC PROGRESSIONS:

Solar arc progressions are good for progressing the outer planets, as they move too slowly for the day per year method. I have found these to be weaker in influence, than the standard progressions. The Sun moves a certain number of

degrees each day. As with the day for a year progressions, count the number of number of days in age. Look to the position of the Sun at that date. It has moved a certain number of degrees. Add this number of degrees to all of the natal planets. 1-2 degrees orb still applies here and if there is an aspect/s one will experience an event.

REGRESSED PLANETS:

These are somewhat weak. Regressions are mainly used to reveal trends in past lives. You count backwards in years.

Timing your Magic with the Moon

Timing your magick with the phases of the Moon is essential for success. A rule of thumb is to remember for white magick, this is best done while the moon is waxing (increasing in light; new to full). The best time is as close to the full moon as possible. Love spells, acquiring a new job, wealth success, and so forth.

When the moon is waning (decreasing in light; full to new), this is the best time for success in black magick and works of destruction, the best time being as close to the new moon as possible. The waning moon is also a good time for ending things, banishing spells and ending personal bad habits, losing weight.

Moon in Aries

Projects begun when the moon is in Aries often begin with much enthusiasm, but tend not to last. This is a good time for inciting conflicts, high energy, me, mine, war, knives, weapons, guns, quick but not lasting results, fire, sharp things, metals, daring, sticking up for yourself, risk taking, independence and inciting accidents. Do NOT have surgical procedures performed on the head or face at this time. Magick ruled by Mars has the best outcome at this time.

Moon in Taurus

Projects begun when the moon is in Taurus are usually permanent or long lasting, especially when performed in when the moon is in the first ten degrees of the sign. Money, finances, possessions, material things, sensuality, earth, greed, permanence, wealth, things that increase in value, loans, bankers, slow but lasting results, time delays. Do NOT have surgical procedures performed on the neck or throat at this time. Magick ruled by the Earth and Venus are successful at this time.

Moon in Gemini

Communications, short distance travel, a Gemini Moon is dualistic in nature and rules over thievery, trickery, pulling a fast one, relatives, siblings and neighbors, and computers. Gemini lacks staying power and projects begun when moon is in this sign tend to change. Not a good sign for black magickal workings. More neutral in nature. Do NOT have surgical procedures performed on the shoulders, arms, hands, or nerves at this time. Magick ruled by Mercury has the best outcome at this time.

Moon in Cancer

Cancer rules over anything to do with the home, family, food, nurturing, the mother, women in general. Things tend to last, as Cancer is a clingy sign. Good for love spells, weather spells, altar consecration, blessing the home, mediumship, psychic endeavors, inciting over-emotionalism. Spells for the success in buying land, purchasing real estate, a decent place to live, and

reconciling family members are best performed when the Moon is in this sign. Do NOT have surgical procedures performed on the stomach at this time. With love relationships or marriages begun when the moon is in Cancer, if the parties break up, they often tend to reunite. Magick corresponding to the Moon is successful at this time.

Moon in Leo

Good for anything having to do with children, creativity, good for casting love spells; romance, success in gambling, winning, attracting center stage, personal charisma, men in general, the father, hobbies, speculation, risk taking, investments, stocks and bonds, authority and spells for gaining positions of power and authority over others. Do NOT have surgical procedures performed on the heart, spine, or back at this time. Leo is a fixed sign and projects begun when the moon is in this sign tend to last. Magickal workings ruled by the Sun are successful at this time.

Moon in Virgo

Health, sickness, wellness, things that require precision and perfection, hygiene, nutrition, herbs, vitamins, the armed forces, clothing, the work place, co-workers, workings of white magick and healing for others, service to others. Things that involve details. Hospitals, healing, the medical profession, institutions, bureaucracy, red tape, attention to detail. Virgo tends towards change. Do NOT have surgical procedures performed on the intestines, anus, or digestive system at this time. Magickal workings ruled by Mercury are successful at this time.

Moon in Libra

Good time to form love relationships, marriages, partnerships of all kinds or cast spells to ensure the success of or to incite these. Peace, diplomacy, negotiation, legal matters, workings with two people, contracts, getting people to do what you want them to do easily and peacefully. Do NOT have surgical procedures performed on the kidneys or lower back at this time. Best for love spells.

Moon in Scorpio

This is one of the best signs for black magickal workings. Revenge, hatred, venting, exposing secrets, death spells, surgery, transformation, obsession, pure sex, the occult, the darker side of things, extremes, research, banishing spells, ending things permanently, death and dying. This is the most powerful and intense of all the moon signs. Secret, underhanded, and covert operations, willpower, drastic destruction. Like its opposite sign Taurus, Scorpio is usually permanent. Do NOT have surgical procedures performed on the pelvis, reproductive or sex organs at this time. Magickal workings ruled by Pluto are successful at this time.

Moon in Sagittarius

Religion, Universities, travel, higher education, gambling, good luck, good for ceremonial magick, best for white magick, publishing, sports, the outdoors, the law. Pulling off something big. Do NOT have surgical procedures performed on the hips or thighs at this time. Magickal workings ruled by Jupiter are successful at this time.

Moon in Capricorn

When the moon is in Capricorn, this is another excellent time for black magickal workings. Depression, ruthlessness, using people viciously, long-term results. Honors, social standing, responsibility, authority, structure, setting long-term goals and plans for the future. NOT a good time to seek favors from those in authority. Magickal workings and spells that feature a time delay or are lasting, wasting, manipulating people, business, banishing. Do NOT have surgical procedures performed on the bones/skeletal system, teeth, or knees at this time. This is a "ruthless" moon sign. Workings ruled by the malefic planet Saturn are favored at this time.

Moon in Aquarius

Friends, groups, platonic relationships, society, electricity, workings within a coven, computers, technology, individuality, originality, freedom, independence, humanity, anarchy, the unexpected, bolt out of the blue, genius, revelation, goals and ideals, shocking people. This is the best moon sign for spells of independence and breaking away from restrictive situations. Freedom and coming into your own. Do NOT have surgical procedures performed on the calves or ankles at this time. Workings ruled by Uranus are favored.

Moon in Pisces

Poison, drugs, self-undoing, deception, sorrow, depression, isolation, insanity, very deep psychic stuff. Good for success in meditation and all psychic pursuits. Spells to deceive people, secrets, swindles, vulnerability. Secret enemies, altered states. This is the one of best times for endings, especially when the moon is in 20-30 degrees of the sign (make sure it is not void). Psychic healing can be done. Do NOT have surgical procedures performed on the feet at this time.

The Void of Course Moon

Timing is everything. Certain actions taken at the wrong time can result in either failure or success. Knowing this can be crucial in determining the outcome. Knowledge is power and is the key to everything. The universe is working either for you, or against you.

A void of course Moon occurs every couple of days or so, when the Moon finishes making its last aspect to any other planets before it enters the next sign. Normally, this lasts only for a few hours, unless all of the other planets are in early degrees. In this case, it can last an entire day.

The important thing to know is if you begin a project on a void Moon, it more than likely won't work out. Projects begun, papers signed, items purchased, spells Cast and nearly everything begun at this time has more than a tendency to go wrong. Projects begun during a void of course moon somehow never get finished or are prevented from reaching completion. Crimes committed during this time are rarely brought to justice.

Applying for a job or going for an interview during a void moon and you more than Likely won't get hired. Plans made during this time are often altered later on. Clothing bought may not fit properly or is never worn.

Taking out a loan during this time though; chances are, you may never have to pay it back. This is the time the universe is full of loopholes. The rule of thumb is what is begun during this time is rarely completed. In many cases, this is a time to get away with things.

This is NOT a time to perform spells, as they will more than likely fail. For information as to when the Moon is void, many yearly books are available. Llewellyn's Moon Sign book comes out annually and has this information. This book can be purchased in many places and also through Amazon.com. Ephemerides also contain this information for those of us who know how to read them.

Timing Your Magic with the Planets

Like the Void of Course Moon, there are times when the energies of the universe are working against us. When certain planets retrograde, the planets and what they represent throw contrary energies.

When Mercury is retrograde, workings to acquire knowledge, truth, intellect; to pass exams and everything related to the mind, communication, travel, education, literary, electronics and everything else ruled by Mercury, the odds are greatly against the success of such things. Performing spells/magick related to these things will more than likely result in failure.

When Venus is retrograde, this is not a good time for love, relationships, commitment, artistic pursuits and so on. Love spells will inevitably fail or result in disaster. Wait until the period passes.

With Mars retrograde, this is not the time to perform spells of revenge or violence/black magick. They can rebound and backfire, as the universe is working in reverse. Spells for bringing peace and harmony, as in one's family are aided at this time. Wait until the retrograde period is over with.

Knowing an enemy's date of birth, you can work black magick with the energies in their charts. Whenever someone has a retrograde Saturn period (we all have this), you can direct the negative energy to your own purposes for revenge. The universe is working against this person during a bad Saturn transit. Saturn retrograding over personal planets, through the first house or to a lesser extent, on the progressed planets, this is the worst time of one's life. The worst of all is Saturn retrograde on the chart ruler; you can only know this by knowing the birth time.

On the other hand, retrograde Jupiter is a blessing. Jupiter retrograde over a loved or desired one's Venus, same with Uranus, Neptune, or Pluto concerning love; a love spell in directing these energies can be most effective.

Retrograde Jupiter over your personal planets, love spells, money/success, promotions and everything else can come in abundance with the proper direction. Retrograde Jupiter is where we luck out and have opportunities. Taking control of this period and directing the energies will result in our success.

Mercury Retrograde

My daughter recently traveled to another city to meet up with her brothers for a vacation. Sure enough, Mercury went retrograde about half way through the week and her non-stop flight home was cancelled and she ended up having to spend the night in a hotel put up by the airline. She managed to catch the next available flight home, but she had to transfer planes and sit through a 10 hour layover in Houston. This is very typical of Mercury retrograde.

Notable historical events affected by Mercury retrograde include:

- The sinking of the Titanic [April 1912]
- The sabotage of the Hindenburg [1937]
- The sinking of the Spanish Armada in 1588 [an unexpected gale blew up]
- Columbus set sail to India and by accident wound up in America [1492]
- Atlanta Art Association chartered jet crashed in Paris, killing 130 [1962].
- Astronaut Gordon Cooper experienced radar malfunction, which caused delay and was forced to do manual entry on the final mission of Project Mercury Space Program [1963]
- European Space Communication satellite exploded upon takeoff [1977]
Pakistani airline crash in Saudi Arabia killed 156; New Zealand airliner crashed in Antarctica killing 257 [both 1979]
- Delta airline jumbo jet crash at D/FW airport killed 137 [1985]
- AT&T phone operations disrupted for 9 hours [1990]
- Hubble Space Telescope went into orbit seven years after launch date, with immediate communications problems [1990]
- JAL Flight 123 - The crash of Japan Airlines Flight 123 in 1985 is the single-aircraft disaster with the highest number of fatalities. In this crash, 520 died on board a Boeing 747,
- March 3, 1974, Turkish Airlines Flight 981, a McDonnell Douglas DC-10, crashed in a forest northeast of Paris, France. The London-bound plane crashed shortly after taking off from Orly airport. All 346 people on board died.

- On September 1, 1983, a Soviet interceptor Sukhoi Su-15 shot down Korean Air Lines Flight 007 after it flew into Soviet airspace, killing all 269 passengers and crew [Mercury stationary, going retrograde]
- January 4, 1990, Sukkur rail disaster: A Multan, Karachi Bahauddin Express collided head-on with standing 67 cars of freight train at Sangi station, Sukkur, Sindh, Pakistan. In an incident caused by railroad workers error of switched onto track line. Pakistani official estimated killing 307 people, and another 500 more injured.

The list is endless and the above are only a very few notable examples. Of course, this does not mean that every flight, boat or train trip, etc., is doomed, as many disasters have occurred when Mercury was NOT retrograde and of course, many trips reached their destinations safely when Mercury WAS retrograde. My point here regarding Mercury retrograde is, if something can go wrong, the odds are that it very well might go wrong. Travel plans tend to get fowled up much more when Mercury is retrograde. Cars also break down more when Mercury is retrograde. Electronics and all communications also experience glitches when Mercury is retrograde.

Electronics, technology, all forms of travel, all forms of communications, contracts, leases 'DON'T SIGN, DON'T BUY ANY OF THESE WHEN MERCURY IS RETROGRADE!' computers, stereos, TV sets... not a good time to treat the arms, the hands, the lungs, the nervous system, the nose, the brain... telephones tend to mess up, the media experiences glitches...

Electronics, cars, boats, motorcycles; any transportation medium purchased when Mercury is retrograde or is about to go retrograde can experience malfunctions and other problems, much more than when Mercury is direct. This also includes signing important papers, leases, documents, and such. You may overlook an important phrase or stipulation, or something may need changing. Test taking and exams may not proceed as smoothly. Buses often go on strike, there have been major riots that have occurred when Mercury was retrograde, meeting people can also go wrong, as giving precise and accurate directions and communications are off, snail mail is more likely to get misdirected and/or delayed.

One thing Mercury retrograde is favorable for is doing editing and revising. This is a time to go over anything written, your website, or anything that was begun when Mercury was direct and do editing, correcting and such. Research can also be favorable when Mercury is retrograde.

Travel, planning, communications, technology, education, business transactions; all areas ruled by Mercury have a much stronger tendency to be affected with

glitches and delays. Plans are often altered by unexpected circumstances, such as Columbus winding up in America rather than India [very typical of retrograde Mercury], your house cusps that contain Gemini and Virgo, and the house with Mercury in it; the affairs of these can also go awry.

Welcome

This new e-group is for the discussion of and learning astrology. Astrology is one of the most rewarding disciplines, as it reveals many secrets and is a map of the soul, but it is one of the most detailed and difficult to learn. JoS Ministry will be uploading pdf resources very soon to the files section. Bear in mind, while most astrology texts give some accurate information, as with many books and learning materials, there are errors and in some, while there are some interpretations that are correct, many others are downright wrong. I know this from 35 + years of study.

I will check in here as time permits and try to answer questions and post information concerning astrology.

Moon Nodes

Both the north and south nodes have to do with fate. The south node is more serious and has saturn overtones. If the natal south node is conjunct the ascendant or chart ruler in a solar return, then watch out. The influences can be unpredictable, depending on what the past life ties are. The year will definitely be fated.

Often, in the charts of lovers, close friends, family members and others who are significant in one's life, there are close connections from one's planet/s to the other's south node. These have to do with past life ties for better or for worse.

Semi-sextiles [because of the very tight orb of 1 1/2 degrees on either side], and other aspects that are very tight or exact in orb are also fated; meaning a fated event that will occur in the present lifetime. This is even more so if these tie in with the nodal axis.

Inconjunct and yod

I am short on time so I will answer several questions asked here at once.

The inconjunct is an aspect of adjustment in some way. It is a major aspect, I have found. For example, when someone has a baby, especially the first child [major life change], often, along with other heavy transiting and progressed aspects, there is also a planet making an inconjunct. Say someone has a slow moving planet placed natally in his/her fifth house of children, such as Uranus, not always, but many times, transiting Uranus will make an inconjunct to that person's ruler, when a first child is born. This is just an example.

The yod configuration, as I mentioned in another post in the main JoS group, is found in the charts of those who are here for a purpose. This is not to say that everyone who has a yod is here for a purpose, but everyone who IS here for a purpose has the yod. The yod is a single planet making inconjuncts to two planets in sextile aspect to each other. There can also be more planets tying in, but that is a classic yod. This can also involve the ascendant/descendant axis, which is this lines up exactly, is very prominent, as to the person being here for a purpose. Now, what the yod means is at some point in the person's life, an adjustment will be needed in the area of a life change so that the person can carry out what they were meant to do here. After years of preparation and learning, when the person is ready, he/she will experience a life change where adaptation to the new changes will be needed. Once this has occurred, he/she will then be locked in and can only go forward with the fated life. The tighter the yod [more exact the aspects], the more important the role.

Now, as for 0 and 1 degree being used in prediction, this is most often used in solar and other planetary returns. For example, 0-1 degrees of cardinal signs are exceptionally critical, then there are critical degrees. These are based upon the mansions of the moon in Vedic astrology and are very accurate. As for Vedic astrology, I have found many of their interpretations to be inaccurate, as with the use of the sidereal zodiac, but as for the foundations of this- benefic and malefic planets, houses and such, by blending with Western astrology, much more can be interpreted and redicated with accuracy.

Now, for example, say someone has solar return mars in their solar return at 0 degrees of Aries, with SR Aries on the cusp of the seventh house of marriage/partnerships. Because this is an exceptionally critical degree, one can be assured within the year for that solar return, a new love relationship or interest will manifest, or a major commitment in an already established one. This is only one. Years of a new major love relationship of significance have many more aspects involved and if the couple move in together, then there are aspects to

the fourth house, planets in the fourth and so on. Many of these will be on critical degrees, signifying that the affairs ruled by the houses that these planets rule will be emphasized during the year of the solar return.

SR Pluto in the first house of the SR return indicates a 'first' in one's life, such as a first child being born or something significant that one has never experienced before.

Planets near the angles and on critical degrees in a natal chart indicate certain areas of the life.

Concerning the question on the 8th house- 'Saturn' is not the natural ruler of the eighth house. It is Scorpio. Each house has several different areas of rulership/emphasis in the life. The eighth is sex, death, joint finances, and debts. It is also the house of intensity and planets placed therein have a more emotional effect in the life as to the houses they rule. It is also the house of power. Eva Braun had a void of course moon ruling her seventh house of marriage, placed in her eighth house. Ruler of the 7th in the 8th often indicates one being married to someone in a position of power and the added void of course moon, indicated one in a million - Adolf Hitler. This was unique to her chart.

One with a stellium [grouping of three or more planets] as you describe is often present in the chart of a natural mage, as is a stellium in Scorpio. This comes from a past life in developing the soul, but is difficult to handle because of the intense feelings and emotions it produces along with a very strong need for frequent sex or a sexual outlet and if it is not handled properly through direction and meditation in this life, it can destroy [Pluto/Scorpio]. What this means is in a past life, the owner of this reached a certain point in the development of the mind, then died. This is still on the soul and unfortunately, because most of our former lives are forgotten, the powers there are not put to use unless the one who has them is again drawn to the occult and takes up power meditation, where this was left off in the former life. Usually, at some point, a former mage will be drawn to the occult and often self-learning regarding meditation and Spirituality and when directed, this is most positive to have.

I have noted two examples of this gift, both born on the very same day. Olympic gymnast Nadia Comaneci, who had the Scorpio stellium and its driving intensity to go to the top and make history with 7 perfect scores at the Olympic games 1976 Montréal at 14 years of age- no one before had ever done this, and to change gymnastics forever. She channeled this obsessive energy into athletics, which was very positive for her and took her to the top.

Another person who was a co-worker years ago, I did his chart, he was born the very same day, November 12, 1961; and did nothing to direct the potent energies of the Scorpio stellium, as he let his sexual obsessions destroy him, as this stellium can influence one to overdoing things. He stayed in the men's locker-room for 18 hours at a health club where he worked at, voyeurism and masturbating, which was blatant to others who complained, and was canned from his job there. He also had other destructive behavior, as he would lay in the tanning booths for over an hour until he had purple slabs on his skin and smelled like he was cooked. His stellium was out of control and never directed or channeled in his life. He was ruined by it.

In Vedic astrology, there are three houses which can be unfortunate and this proves true- the sixth, the eighth and the twelfth. Planets therein should be directed through awareness and meditation so that their positive qualities are manifested instead of the negative ones. Planets in these three houses are more difficult to handle, the twelfth being the worst, then the 6th and the 8th.

For those of you who are young and in this group, just know that through Satan and meditation, bad things in the chart can be sublimated. No chart is perfect and everyone has his/her Saturn among other things. Knowing the potential bad things in your chart gives you a powerful tool in changing these, something those who are without do not have.

Signs by degree

It's getting late for me, so I have to make this short. I have personally found that the degrees are of the most important aspects of astrology. This is what makes the chart individual and adds much more insight to prediction. I have a webpage on this on the JoS. I apologize, much of the information on there is very old and some poorly written going back 10 years. I am short on time, but will try to correct it when I am able to.

I always blend Vedic astrology, the foundations and interpretations with Western astrology. I read for the tropical zodiac, as I have found this to be highly accurate. In Vedic astrology, there are what are called 'mansions of the moon.' These are the so-called critical degrees.

0 and 29 of all signs, with 29 known as an 'anaretic' degree.

13 and 26 of cardinal signs

9 and 21-22 of fixed signs

4 and 17 of mutable aka common signs

15 degrees of fixed signs; there is a term for them in Vedic astrology, but I don't offhand remember it. Trying to find the word on the internet, I just saw how little so many people know about astrology. Most astrology authors overlook the degrees.

I also note through my own research, in addition to a prominent neptune, where one mishandles the energies [insanity], 25 degrees of Leo is prominent in the charts of serial killers. Of course, this is mishandling of these energies, but 25 of Leo, though lesser than 15 of Leo causes problems.

In closing, PLEASE DO NOT GET UPSET WHEN YOU ARE NEW AND LOOKING AT YOUR ASTRO CHART! NO CHART IS 100% GOOD OR BAD. EVERYONE HAS A SATURN, PROBLEM AREAS AND SUCH, BUT THROUGH MEDITATION, THESE CAN BE DIRECTED AND OVERCOME. KNOWING WHEN YOU ARE IN A BAD PERIOD, LIKE TRANSITING SATURN ON YOUR PERSONAL PLANETS, CAN HELP YOU TO PREPARE BEFOREHAND THROUGH MEDITATION AND PUTTING ON A STRONG PROTECTIVE AURA, AND BEING CAREFUL DURING THAT PERIOD! FOREWARNED IS FOREARMED! THIS IS A GIFT!

Knowing is what astrology is all about. I had a hard time with it when I began reading my own chart at 15, and saw all the bad stuff, which some was already blatant in my life. I have learned over the years, astrology has done nothing but help me, time and again. Astrology, as with the other occult disciplines is a wonderful gift from Satan. Knowing something and why is half the battle. This way, you can work with it and change it.

And above all, I have come across more bullshit, downright ignorance and crap, especially on the internet, written by people who just don't know. Don't take everything you read in the way of astrological interpretations as a fact, especially if it is unfortunate. I have seen endless cases where the writer was wrong.

Satan's gift of astrology is here to help us through life. It isn't something dreadful or negative. Astrology is a friend.

Bucket configuration and Saturn in 4h

We now have some books in the file section, including Dynamics of Aspect Analysis, but unfortunately, the files cannot be uploaded unless they are very small. One book that is easily available and can be downloaded from many sites is 'The Only Way to Learn Astrology' by Marion D. March and Joan McEvers. This book comes in three volumes and makes it easier for those of you who are new to astrology, to understand the basics. I read these books many years ago.

Bear in mind, many of the interpretations are way off. Most authors write *about* astrology, but use theory in regards to limited understanding of the planets and such. Much of my own knowledge has come from years of study and also case studies and learning from knowing those whose charts I did and also the lives of noted people. Astro charts of noted people can be found all over the web. Reading biographies and comparing the chart in both personality and events helps.

Astrology is the most difficult and detailed of all the occult disciplines. Each chart is as individual as one's own fingerprints. There are endless details in regards to astrology. One bit of advice...don't take anything you read in an astrology book as fact until you know for sure. I have read more crap over the years that was totally wrong in astrology books.

For example, with a biography case of a noted person...I have seen many books out there where the author writes about certain patterns of planets, configurations and such, but the interpretations are nothing but nonsense and doubletalk. In other words...they don't know.

Take for instance movie star Marilyn Monroe. She had a very tragic childhood. Her mother went insane when Marilyn was 5 years old. She never had a family and she never knew her father. From the age of five, she was shuffled back and forth from orphanages to foster families where they only took her in during the depression for the bit of extra money that came with her. No one wanted her and she lived her life with deep emotional scars from this.

Her chart has Saturn in the fourth [very common with family issues, especially emotional, being unwanted, abused and neglected by the family, if there is a family; also problems with the mother as the mother is ruled by the fourth]. Saturn in her chart is at the handle of a bucket configuration. The planet at the handle drives the entire chart, giving it extra power and emphasis in the life. Her Saturn is at 21 degrees of Scorpio, indicating loss, so here it is easy to see there was no family, and an absent mother. This Saturn also tightly squared her moon,

amplifying problems regarding the mother. Scorpio on the cusp of the 4th, with ruling pluto tightly conjunct the cusp of the twelfth, adds further emphasis on the above, and co-ruling mars [mars co-rules scorpio with chart interpretation], in the eighth house, conjunct uranus of separation shows an absent mother. As the conjunction is in the eighth house, the feelings about this run deep. When you get all of this, the life has been fated for some reason.

Planets in the twelfth house are often unfortunate.

Another case, one of a man whose chart I did years ago, he had the bucket configuration. The same goes with the sling and the fan, as there is a standout planet that is away from the rest. He had Jupiter in Aries as the singleton planet. This man was incredibly selfish and a total user to the point where his family disowned him. Jupiter in Aries is always selfish, but when it is at the 'handle' of a bucket, fan, or sling configuration, its effects are much more pronounced.

I will try to give tips and lessons here as my time permits.

Sun in conjunction with planets

Much of this is 'cookbook' astrology. The sun *can* cause burnout, as with the case of a progressed sun making a conjunction to pluto, which in many cases is a burnout to the point of a nervous breakdown in the life, when this occurs by progression.

This aspect, contrary to most of the theories out there does not always affect the mind negatively, as I have seen it in the charts of geniuses. Also, in mentioning genius, I did a chart for a woman with an IQ of 185. She had an exact mercury/uranus aspect that aligned with her ascendant to the exact degree. Uranus is associated with genius and is the higher octave of mercury.

What I know of the sun combust mercury is that it can give a mental blindspot; something one who has this cannot see clearly in his/her life, such as their own communications and behavior, but this is not always the case and you have to look at the entire chart to see how this is operating, what sign is it in? which houses are ruled by mercury and that sort of thing, also the aspects, if any, to the combust conjunction. This aspect can also give total focus, not in the way of concentration, unless it is in scorpio, but total focus on a goal, leaving distractions and that sort of thing, anything outside of being deterred from the goal as the 'blindspot,' in refusing to allow any conflicting information, opinions and such to interfere.

One thing of interest here...How many of you who have synesthesia have this aspect?

Vedic Astrology and such

I know all about both systems and have worked with both systems. I have been an astrologer for close to 40 years. I am a professional and I will tell you, the Vedic/Sidereal for whatever reason is not accurate. I use the tropical. Certain aspects of Vedic astrology are helpful, such as the nature of the planet is more important than the nature of the aspects. For example, squares and oppositions from jupiter are usually of a beneficial nature, especially with transiting planets, solar returns and such, while trines from saturn can be a down time.

Firestarter is correct as far as I am concerned. In order to do a competent astrology reading, one must use one's psychic abilities, along with the information given on the planets. This is because no two charts are exactly the same. The astrological chart is a map of the soul and is as individual as one's fingerprints. Two people can have the exact same aspects, but given the affairs of the houses ruled by the planets, and the other aspects and planetary placements, that same aspect will manifest differently in the two charts. In addition, psychic energy must be used in determining how a certain chart pattern or configuration will manifest in one's life.

Science has not progressed far enough [because of xianity and its ilk], to where it can explain the spiritual. Kirian photography for one can photograph the aura, but the chakras still cannot be seen. Science is making great strides in deciphering thoughts and with this, may soon be able to see the energy centers of the soul, but given the jews dominate this field, much of what is given to the public has been corrupted, especially in the way of anything spiritual.

I know all about the equinoxes and the synetic vernal point, and the sidereal aspects of astrology and as I already wrote, I have studied both systems and have found the sidereal system to be seriously flawed when doing plenty of research. The characteristics of the planets in the signs and other given information of the vedic system does not fit me or the many others I have studied.

This has been my own experience. I also came across a woman in an occult bookstore who did not like the sidereal vedic system and told me of an astrologer who read for her who used this system, who was not only 'way off' in predicitions, but the entire reading was flawed.

Neptune and Nazarene

Neptune rules lies, hoaxes, weakness and deceit. The nazarene is all of these. I can add that back in. I didn't think it was important when I edited it out. Now, the God Neptune is totally different and rules the oceans, meditation, etc. The nazarene is a very ugly and negative aspect of Neptune.

Prominent Neptune

I know a lot about this planet from years and years of research and study of many different charts; both people I have known and charts of famous notables.

I am going to be straight forward about this. No chart is perfect. Neptune though, is something to be aware of. The energies of this planet are very difficult to sublimate. Meditation, which is actually ruled by neptune can help.

On the upside, neptune rules etherical beauty, it is the higher octave of venus. Many artists, actors, creators of beauty, musicians and related have a prominent neptune. Neptune aspects to venus can inspire the most awesome works of art and creativity, This is the creative aspect par excellence, but the love nature often suffers as the individual with these is too idealistic and too wanting of total romance and perfection in their love relationships.

Neptune also rules extreme sensitivity and drug/alcohol abuse. Here are a few examples of prominent neptune:

Gregg Allman - Musician: Neptune squaring his chart ruler venus- he was also a heroin addict.

Marilyn Monroe - Movie star: neptune in the first house- co-ruler of her chart. This undermined and weakened her personality, as neptune weakens. The more prominent the neptune, the more it works to weaken the personality and make one inconsistent, unrelaible and have escapist tendencies. While this planet gave her glamour and beauty, she died of poisoning [how this happened, no one really knows the details], neptune rules poisons. Neptune rules the theatre and Hollywood.

Hector Berlioz - Composer and Musician: Neptune conjunct his ruling moon.

David Bowie - Musician: Neptune in exact conjunction with his ascendant

Marlin Brando - Film star - neptune in close trine to his ruling jupiter

Montgomery Clift - Actor - neptune in close square to his ruling mercury. Heavey drug and alcohol user. Many of his planets are on unfavorable degrees. he was prone to depression and had 'deep emotional scars.' With uranus at the handle of his bucket chart, he always felt alienated.

Alice Cooper - Musician - neptune in alomst exact conjunction with his

ascendant. Alcohol and drug abuse.

Jacques Yves Coustaeu - noted oceanographer and marine biologist who brought the public much information on the sea and sea life. Neptune [rules the ocean and marine biology], in his 10th house of career.

Leonardo Da Vinci - noted artist and sculptor - neptune conjunct his midheaven [cusp of 10th house of career], inconjunct his ruling jupiter and trining his venus.

Claude Debussy - Musician and Composer - Neptune inconjunct his co-ruler mercury, trining venus, and opposing jupiter. [Jupiter often amplifies whatever planet it contacts].

Gustave Paul Dore - Artist - Neptune in the first house, exact conjunction to co-ruler mercury; neptune is also his co-ruler. Neptune sextile venus.

Clint Eastwood - Film star - Neptune in tight conjunction to his midheaven, trining his co-ruler mars.

Hermann Goring - Third Reich Leader - he was wounded in the groin [bullet wound], during putsch and given morphine, of which he remained addicted for the rest of his life. His chart ruler pluto is in exact conjunction with neptune.

Mick Jagger - Musician - neptune in sextile to chart ruling sun, leo ascendant and co-ruler jupiter in leo. Heavy drug and alcohol user.

Elton John - musician - neptune in opposition to his ruling sun.

I could go on endlessly with more and more examples, but here is the other side of neptune. Neptune rules insanity. Neptune, as I mentioned already, its influence is undermining and weakening, self-pitying, unreliable and given the other aspects and placements in the chart, it can be a lot worse.

I have noted in the charts of many serial killers, rapists of children [on another note...child rapists and molesters often have the ruler of their eighth house of sex placed in the fifth house of children], have a prominent neptune.

Judy Goodyear - murdered husbands and even her son [which she drowned after she poisoned him for a long period of time], for insurance policy money through use of poison. One can see an unbalanced personality here - aries stellium indicating extreme selfishness in tight square aspect to jupiter, amplifying these tendencies with no hard aspects from saturn to offset this. Neptune in conjunction with her ascendant. Neptune at 0 degrees of libra, a critical degree,

more than likely on her east point.

Jeffrey Dahmer - serial killer - This guy was definitely schizoid. This is apparant if one has studied abnormal psychology. He was clearly insane from early childhood. 1st house neptune.

David Berkowitz - serial killer - neptune in exact sextile to ruling pluto.

Richard Allen Davis - serial killer - neptune in exact sextile to ruling pluto. Sadistic with anger issues - bucket chart with mars strong in capricorn at the handle. 5 planets in the intense and sexual 8th house.

Arthur Shawcross - serial killer, brutal rapist and murderer of children - ruler of his 8th house [sagittarius on the cusp], jupiter in his fifth house of children. Neptune in exact trine to first house co-ruler mercury.

Ed Gein [where they got the movie 'Psycho']- serial killer, necrophile - neptune in conjunction with co-ruling jupiter. Other noted placements - chart ruler mercury at 15 of leo, a very unfortunate degree; one of the worst. Saturn in pisces at the handle of a bucket configuration, in the tenth house, opposing the sun, indicating problems with the father, that left deep and lasting scars as saturn is at the handle which drives the chart, ruling the eighth house of sex, which has capricorn on the cusp. Pluto/moon opposition - domineering mother, close relationship. When I say 'drives the chart' I mean the influence is very strong in the way of some personal/psychological scars/hang-ups that never go away.

Jeremy Strohmeyer - murderer and rapist of children - ruler of the eighth house [pisces on the cusp] neptune, placed in the fifth house of children. Neptune in tight sextile to ruling sun and squaring co-ruler saturn. Saturn in first house on bad degree - 9 of virgo, indicating misfortune.

Jeffrey MacDonald - murderer of children - scorpio on the eighth house cusp, with its ruler pluto in the fifth of children. Neptune in opposition to first house co-ruling moon.

William Heirens - child murderer - aquarius on the cusp of the 8th house, with its co-ruling saturn in the 5th. Neptune in tight ruling trine to chart ruler moon.

Gary Michael Heidnik - serial killer - devout christian preacher and pastor; bishop. Held captive and also some murdered; several prostitutes in his basement where he tortured them. Neptune in conjunction to chart ruler venus in the 12th house.

Edmund Emil Kemper - serial killer, murderer and mutilator of teenagers - aries on the cusp of the 8th house with its ruler mars in the 5th of children.

Howard Unruh - child killer - ruler of 8th in 5th.

The Planet Neptune and Drug/Alcohol Abuse

Neptune rules drugs and poisons. A prominent Neptune in one's chart can either be sublimated into meditation, mysticism, music and/or art, or it can produce aberrations and/or drug/alcohol addiction. There is also a relation between drug addiction and musicians, both ruled by the planet Neptune.

If someone is just going through a phase, this can be found if transiting Neptune is making strong aspects to any of their natal planets. The person will usually be off drugs when the transit goes out of orb, although this can take years.

Neptune in the first house, Neptune placed at 25 degrees of fixed signs, Neptune prominent, Neptune conjunct the ruling planet/s or co-rulers, or in close aspect to the rulers; all of these can indicate a very strong tendency to drug and/or alcohol addiction, along with other aberrations and even mental illness. Neptune conjunct the ascendant from the 12th house also factors into the above.

Pluto

I am warning everyone here...there are some things one is best not to experiment with. Pluto has immense power. Even the element 'plutonium' which is used in nuclear explosives sums up this planet's energies and influences accurately.

I have found pluto all by itself to be a neutral planet, especially in predictions, its influence conforming to the planet it is come into contact with more than anything, but it can operate for positive events and also malefic events. In any event, its influence is major transforming changes.

Pluto's transits include births, deaths, marriages/permanent relationships, obsessive and very painful love, obsessions, permanent disabling accidents, issues of power, major domestic changes of all kinds...

When pluto hits something it is permanent. Pluto in the first house of a solar return signifies a 'first in the life.' I had this when I had my first baby as a teenager. This was very transforming in becoming a new mother and was permanent.

Pluto is power. It can also be brutal. Pluto in the seventh [marriage/partnership] house can bring an obsessive, jealous, controlling spouse/partner who is extremely abusive.

Pluto in the fourth [mother/home and family] often indicates an overly controlling and dominating mother. Same applies to pluto/moon aspects [moon rules the mother], and pluto/sun [sun rules the father]. With the pluto here, the impressions run very deep regarding the parent. I knew of a case where a man grew up without a father and it scarred him deeply. He had a tight pluto/sun square in his chart.

People who have pluto/venus aspects, even with the trine, their feelings run deep. They can become obsessive in love relationships. They are jealous by nature and controlling. No amount of love is enough love. Like...'if we could get any closer, you would be in back of me.' Definitely not for the lighter air signs, as pluto/venus wants total possession of their loved one.

Pluto/mercury is a good combination to have as this aspect, especially with the conjunction, square and opposition, and to a lesser extent the trine; this one makes a natural mage as people who have this have the gift to focus and concentrate their minds to an almost piercing level, depending on how close the aspect it. The tighter the orb, the more pronounced the influence. These people

also are snoopers by nature.

Pluto/Mars- the do or die aspect. These people will use force or whatever means is necessary to achieve their ends and can be deadly enemies. They are fearless and cut-throats. Rarely neutral about anything. Either love it or hate it.

Pluto in the houses is where you have your obsession, or in some cases, power issues. Pluto in the third house- an obsession with knowledge and one who keeps repeating one's self and communicates intensely. Pluto in the eleventh will often bring powerful friends. Pluto in the twelfth can indicate intense loneliness unless this energy is sublimated through meditation, then it becomes power.

Pluto is nothing to experiment with. This planet, though not a malefic per se, goes beyond Saturn when it comes to its power. Natural ruler of the eighth house, the house of transformation and death.

High Priestess Maxine Dietrich

Mars transits

I ran across a post but can't find it- sun to sun compatibility. When two people's suns square each other, their egos clash, especially if in fire signs, like aries [the worst for this].

Mars causes strife and emotional outbursts and in extreme cases, violence. When transiting mars makes a hard aspect to the moon [domestic strife and upsets], or chart ruler [emotions can run high]. This I note usually occurs when mars is approaching within 1-2 degrees of exact. For example, say you have a Leo moon at 14 degrees; when mars hits 13 degrees of leo, aquarius, scorpio or taurus, you will feel the effects. Mars in trine aspect can do the same, but lesser. I have noted times of frenzied activity with the trine- tons of work, fast paced, loads of to do's and such.

Saturn always gets the bad rap [obviously], but I have noted in charts that either have an unaspected saturn, or saturn with no hard aspects, the lives were anything but happy. One woman I knew had a life in total chaos. Saturn is known for stability and this woman had NONE. By the time she was 30, she had been married 5 times, she had 3 kids [not from any of the husbands], she put all three up for adoption [one was 4 at the time], and this haunted her every single day of her life. Her self-esteem was total shit, her health was horrible, she could never stay very long on a job or live very long at any permanent residence, as circumstances always came up. She was bi-sexual, but went through men [no stable relationships of either sex]. She had 29 of scorpio with sagittarius intercepted in the first. Ruling Pluto at one of the worst degrees 15 of Leo.

Saturn at its positive gives endurance and stability.

Questions on transiting Saturn

Tr. Saturn square

Look to the house/s that have Aquarius on the cusp; also the house with Uranus. There could be a crisis coming that involves an affair ruled by these houses in some way. Transiting Saturn squaring Uranus can also indicate being in a pressure situation of which you want to break free of, but can't, due to restrictions of some sort- i.e...lack of money, family ties, etc.

Tr. Saturn in Scorpio

Transiting Saturn in Scorpio is not a good time for Scorpios, especially those who have several planets in Scorpio. Keep your energies high through meditation. This also hits on Taurus, Aquarius, and Leo, as these signs will be opposed [Taurus] and squared [Leo and Aquarius] by Saturn. Keep your energies high and this will drastically reduce the negative effects of Saturn. I know from direct experience concerning this.

Some things

A few things...

I know my other post was cut off. When a planet is in conjunction with an angle- the ascendant/decendant axis, or the midheaven/IC axis, this gives it more power in the chart. The affairs of the house/s it rules over are more emphasized in the life. For example...say uranus is conjunct the midheaven from the tenth house side, and aquarius is on the cusp of the third [uranus rules aquarius], the affairs of the third house will be more of a factor in the life, such as communications, and given this is on the midheaven, 10th house, one who has this will more than likely have above average communications skills, and often work at a job where his/her communications skills are put to use, such as speaking, writing, even working on a PC and to a lesser extent, working in customer service on the telephone. Uranus adds more here in the way of one using computers and other electronics and also future oriented devices, often with a more than average interest in them. In addition, the person will be freedom loving and have a need for freedom on the job, or to work independently. All of the above will be factors affecting one individually. On a lesser level, siblings, relatives and such can also factor in. You have to look at the entire chart to see which of the affairs of the house in question are most prominent in the life of the owner of the chart.

As for 'karma.' This concept has been abused to no end from spiritual exploiters- new age idiots [these ignorant fools work for the enemy- same way the judicial system does...let crime get so out of hand, that in the end, everyone's rights will be totally taken away, they are for and promote grave injustices], xians and other malignant filth. What this 'karma' really is and yes, one can see this in the astro charts, THIS HAS NOTHING WHATSOEVER TO DO WITH ANY AGENDA OR CONFORMING IN ANY WAY, AS THE SPIRITUAL EXPLOITERS WOULD LIKE FOR US TO BELIEVE! What this is, is cause and effect. Like say you put your hand on a hot burner, you are going to get burned, nothing more.

The relationships we have with others, the experiences we have in our lives, what we dwell upon and how all of these affect us, this is taken onto the soul, as it is stored in the chakras and certain things manifest in future lives. We meet up with others from our past lives for better or for worse. Things one feels guilt about, if this is deep enough, they carry this into a future life and it can react with an even where one is punished. People who have low self-esteem often attract abusers into their lives as they tolerate abuse. Issues that someone in a past life has had, where the other person will not let go- vengeance, love, whatever...this also hangs on as those we have substantial interaction with, family, friends, lovers, through an event with another person, and they feel strongly enough

about, we can meet up with them in a future life. What do you dwell on? What do you tolerate? How do you really feel about certain things? This all factors in, with whom we attract. Because of spiritual ignorance, those who are without are damned into repeating and repeating the same old mistakes and meeting up with the same abuses throughout lifetimes. This is what the enemy wants. Only through Satan can we get out of this and this is through consistent yoga, power meditation and working to advance our souls. when we reach a certain point in meditation, our intuition and mind begin to work FOR us and help us, instead of wreaking havoc and being totally out of control.

Now, as for the nodes. The south node is not always bad and the north node is not always fortunate. The nodes are of fate...for better or for worse. I have seen horrible things with the south node, but also the opposite as well. Like I said...it is not always an unfortunate influence. Olympic gymnast Shannon Miller has venus conjunct the south node. Venus rules money and also gymnastics [along with mercury], and she was a millionaire at 16. Jupiter ties in with her nodes as well.

Now, on the other hand...Hellen Keller, blind and deaf since early childhood, has many fated planets and aspects that reveal this. Scorpio ascendant with co-ruler mars at 15 degrees of leo. Others who have this degree...one of the most unfortunate of degrees, with a very high incidence [but not always] of blindness and deafness, are Beethoven [deaf], Stevie Wonder [blind], Michael Jackson, though not blind or deaf, had incessant plastic surgeries to where his nose was falling off of his face, and a chart I did years ago; a hermaphrodite- the degree opposite- 15 degrees into aquarius.

Getting back to Helen Keller. Her sun [rules eyesight], was exactly conjunct the south node at 6 degrees; a degree of disability, BUT, you have to look at everything. Many, many people who are fine and healthy have a planet on the 6th degree, but when the chart is already badly afflicted and there are supporting aspects, and planetary placements, degrees and such, then you can be confident in making a prediction. Helen Keller had no planets in air signs. Air signs are communication signs and rule the sight and hearing; though fire signs rule sight to a lesser extent. Uranus, tightly conjunct her midheaven, with aquarius intercepted in the third house of communications made her a writer, speaker and communicator.

Now, for a planets' strength. When you hear 'exalted' 'in its home sign' and such, the planet is much stronger. Saturn now transiting in libra is much stronger and more malefic in this sign, as it is in capricorn. What this means is if it is hitting on your personal planets, the effects are much worse in the way of crises, and other nasties manifesting in your life. When it is in aries [its fall] and

cancer[detriment], its malice is somewhat watered down. I have seen repeatedly, in books written by idiots, who claim that saturn in libra is good for marriages and that sort of thing. Not so. Very few people with saturn in libra have happy marriages, love lives, or any at all, especially those who are without. This has to be cleaned off of the soul and meditated upon to correct this. Saturn in libra produces more singles than any other placement. Of course, high profile astrology authors often claim the opposite, but do your own research on this one. Exaltation only strengthens a planet for better or worse...it does not make the effects of that planet more pleasant, as many idiots out there try to get you to believe. Same goes with the home sign.

In closing...I have written about this before. Most astrology texts rave about the beauty and great fortune of a jupiter/venus conjunction or trine. This is not so. I knew a man who had sagittarius on his ascendant, ruled by jupiter, with a tight venus/jupiter conjunction in his seventh house. Time and again, I have seen in charts- the ruler of the sixth house of health, REGARDLESS of the planet, in aspect to the chart ruler or and one of the co-ruler/s, there is more than average health problems, often relating to the areas of the body and diseases of the planet making the aspect to the ruler. This man, with this so-called 'beautiful' jupiter/venus conjunction swallowed a strong cleaning solution at the age of two. Venus rules the throat. His throat was deeply scarred from this and he suffered throughout his life with this. On the upside, he lived well, he was of extremely high intelligence [college professor], and enjoyed some good fortunes from this conjunction, but the bad effects of this were pronounced as well.

Another example...actress Elizabeth Taylor. Libra on the ascendant, venus trining jupiter. Jupiter co-ruler of pisces on her sixth house cusp. She had numerous health problems throughout her life. Her Jupiter was at 15 degrees of leo, as well. Neptune, ruling pisces is at 6 of virgo.

Also, saturn retrograde does not affect black magic. I know this for a fact.

Chart must be balanced

I've always used the western zodiac. I have found the sidereal to be unreliable.

As for the Vedic teachings, I have found some truths, such as the natures of the planets are more important than the aspects with interpretation. Idiots write of all trines and sextiles being favorable and all squares and oppositions being bad. This is not true at all. The natures of the planets have to be taken into consideration, along with the houses they rule, where they are posited in the chart and so forth. Trines can be rotten, say if one's chart ruler is trine to the ruler of the sixth house, he/she will more than likely have considerable health problems, even if so-called 'benefics' venus and jupiter are involved.

Say someone has the chart of a reserved personality, such as many capricorn planets, many planets in the twelfth house, etc...A mars/jupiter square or opposition is extremely helpful in balancing the personality with this. Squares and oppositions are not all bad. Saturn/sun hard aspects for example can be troublesome, but these keep the ego in check, unless the chart is full of low self-esteem aspects. I have known certain people who think they are a 'god' so to speak; extremely over confident, assuming, overbearing and sooooo entitled. Because of the exaggerated sense of self-importance, many of these people alienate others and end up failing at major things. Jupiter/sun aspects, even the trine are notorious for this sort of thing, especially in charts where there is no ego check. A balanced personality will have a combination of both hard and soft aspects. Saturn is not always bad.

You have to take the entire chart into consideration. I have studied both eastern and weatern methods of interpretations and have found many truths in both and also many things that were 'off.'

On another note- I know of a person with a sun/venus conjunction. This aspect often indicates personal vanity- [I lived with this individual]. This conjunction was in the home sign of taurus. There were no hard aspects to saturn to keep this person in check. She would primp in front of the mirror for hours on end. The bathroom was always tied up. This person got up at 4:15 am every morning. Spent until 5:45 am in the bathroom primping her hair, make-up, etc. Left for work and then complained that when getting to work, that others would come into the ladie's room [even on the third floor where it was quiet], while she 'fixed her hair and make-up.'

Regardless of any lack of money, even under-age dependents going hungry or without, this person ALWAYS had her 10 am Thursday morning beauty

appointment at a nearby salon.

Getting back to this person at work, she would also primp on the lunch hour. Then upon returning home at night, spend another hour and a half in the bathroom pin curling her hair and primping. No one could even take a 30 second piss.

I have seen this shit more than once and it is nauseating to say the least. No...this person certainly wasn't trying to conceal any feelings of inferiority as there weren't any. She could do no wrong.

I could cite many more examples as I have been an astrologer for over 35 years and have done the charts of nearly everyone close to me, relatives and many others. The points to look out for are an unbalanced personality, especially if you are considering getting into a personal relationship with someone in question. This takes a lot of learning and experience and the sad thing is many books out there are off on quite a few things.

One person I know married a woman who hated sex. Unfortunately, he found this out too late. I still maintain, two people who are considering something as important as marriage should find out BEFORE they get married if they are both sexually compatible. Looking at her astro chart, I could see sexual trauma and other problems related to men. The marriage ended in divorce.

When looking at any chart, you have to put things together. Most, but not all charts have what I call confirming aspects. These are aspects and planetary placements that support certain personality traits, events in the life, and in the case of opposing ones, where certain aspects contradict each other], these often balance the personality.

Death predicting

Unfortunately, there are many events that can be plainly seen after the fact in regards to astrology. As with death experiences, near death experiences and such, the signs in the transits and more importantly, the solar and lunar returns are all individual. Predicting someone falling in love for example is very simple astrologically- say, progressed Sun conjoins birth chart Venus, and many more aspects, but death and other events are more difficult, as in many cases, these are individually specific.

Looking at James Dean's birth chart, one can see he was a very high-strung hair-trigger personality. Aries on the ascendant and Uranus at the apex of an action oriented cardinal t-square in near exact conjunction with his ascendant. Jupiter added to the recklessness in being in a very tight square to Uranus. This configuration makes a person erratic, unpredictable, unstable, moody, and impulsive. Mars squaring his Moon added to emotional outbursts and a hot temper.

His 1955 solar and lunar returns are for what I could find of his place of residence in California that year. Both, especially the solar returns are location sensitive. I have noted in nearly all of my research involving death cases, the midheaven and IC axis' flip in the death returns. In his September 1955 lunar return, there are many indications: 28 degrees of Sagittarius on the cusp of his 4th house [a house of endings and works with the 8th in foretelling death], this contained the degree of his birth chart midheaven at 6 of Capricorn. As I already mentioned- the midheaven/IC axis flips. 6 degrees of Cancer was on the cusp of his IC [4th house of endings] in his birth chart. This was activated in his 1955 solar return. 6 degrees of Sagittarius was on his solar return ascendant, creating an inconjunct [often seen in death charts, but a common overall aspect], to his birth chart IC at 6 of Cancer, indicating an ending. His solar return Moon tied into this at 6 degrees of Virgo. Whenever you have two or more exact degrees lining up, a significant event will occur. The 6 degrees of his solar return ascendant and solar return Moon tied into his 6 degrees on the 4th of endings. His SR Mars was in the 4th house of his SR for that year. This is very significant because Mars is his birth chart ruler.

His 1955 solar return also has solar return ascendant ruler Jupiter in tight conjunction with solar return Uranus in the SR 8th house of death. This tight conjunction amplified his tendencies at risk taking, moodiness, and reckless behavior for that year. Uranus made the death quick and unexpected. SR Uranus ruled the SR 3rd house which rules over short distance travel as in driving. SR Saturn within 15 seconds of exact conjunction of fixed star Unukalhai [a malefic and degree of loss] is in his 12th house of endings. This lines up near exact with SR Jupiter at 21 of Cancer, a malefic trine, easing the way for disaster.

His SR 4th house cusp was at 22 degrees of Pisces. In his September 1955 lunar return, near the time of his death, the LR Mercury was at 22 of Libra, as his LR had 28 of Virgo on the ascendant. Late degrees on the ascendant indicate

endings of some sort. 28 degrees lined up on both of his LR ascendant and IC axis'. In his SR, Neptune, which ruled his 12th house, the other house of endings was at 28 degrees of Libra. The lunar nodes of fate are always extremely important and manifest blatantly in years where there is a significant life-altering event. His nodes were at 16 of Aries and Libra in his birth chart. His SR 3rd and 12th house cusps are at 16 degrees, tying in. LR Saturn is at 17 degrees of Scorpio [sign of death], making an exact inconjunct to his SR Mars at 17 of Aries, placed in his SR fourth house of endings. His LR Mars is placed in his LR twelfth of sorrow and endings.

I could go on and on regarding this, but the important things to look for in death charts are the MC/IC axis of the birth chart flipping in the SR chart. The 4th, 8th and 12th houses of endings manifest blatantly, as in many cases do the lunar nodes. Late degrees, over 25 of any sign are also prevalent in many cases. As for transits, on the date of his death, the Sun was at 6 of Libra, activating his MC/IC axis in his birth chart, his SR asc/dec axis, SR Moon, which tied into his birth chart IC/4th house of endings. Transiting Moon was in Pisces that day in his 12th of endings,

Mercury, which rules driving and all short distance travel was at 28 of Libra that day, activating the 4 cardinal points of is lunar return chart of which all were at 28 degrees. Transiting Mars [which Mars is his birth chart ruler] went into 21 of Virgo that day, activating the SR chart ruler Jupiter at 21 of Cancer in the SR 8th of death. Transiting Jupiter was opposing his birth chart Sun at that time in his life, adding to overconfidence and risk-taking. Transiting Saturn tied in that day at 18 degrees of Scorpio, squaring his Sun and making a sextile to his birth chart Saturn, and trining his birth chart 4th house Pluto. Transiting Uranus was applying to an exact conjunction with his ruling Mars that day. Uranus/Mars contacts are very common with accidents and can influence [especially those with tendencies] to reckless behavior. I have noted with transits, oftentimes, an event will occur when the slower moving planet is applying to an exact aspect, within 1-2 degrees of being exact to the natal planet.

Transiting Pluto at 27 of Leo made an inconjunct to his birth chart Mercury, which rules his third house of short distance travel and driving. Pluto is permanent and also rules over death, as it is the ruler of Scorpio and the natural ruler of the 8th house. Neptune at 27 of Libra also tied in.

Moon and Pluto

Pluto/Moon aspects usually relate to one's mother and you mention below she is domineering. This is your Pluto/Moon conjunction. The Moon has to do with one's mother. Pluto/Moon aspects, especially the hard aspects and even more so if they are very tight, indicate a domineering/possessive mother and/or a very close relationship with one's mother. In some cases, the mother relationship can be very close through one's adult years.

The father is ruled by the Sun. Pluto/Sun aspects indicate the very same with one's father.

The 4th house Pluto also often indicates the same and can be both the mother and the father.

In nearly all cases, the parental influence is extremely strong. I knew a man who had a very tight Sun/Pluto square and he had no father. This affected him deeply. Whether the parent is in the life or is absent, the influence is very strong.

When reading a chart, though, you have to look at all of the chart, the houses, and such. Say someone with the Pluto/Moon has a 4th house Saturn; then, the mother's influence can be harmful and destructive. It is the same with a hard Saturn/Moon aspect in addition to the Pluto/Moon.

I knew a man who had a Pluto/Moon opposition. His Moon was in Capricorn, which has a Saturn-like influence over one's emotions [emotional needs not met]. He had a third house Saturn [siblings], and Scorpio on the cusp of the 3rd house. He had a close relationship with his mother for all of his life. Mother would telephone on a very frequent basis and he would bring his family to mother's house nearly every weekend and all holidays for a meal and to visit. Mother favored the younger brother to an extreme [Saturn in the third- problem with a sibling], and Scorpio on the cusp, indicating jealousy of a sibling. He, himself had an obsession with his mother, always wanting her approval and love which he never got. The younger brother also had a Pluto/Moon aspect, as she was very controlling of him as well. I saw this go on for over 40 years. The younger brother, who was spoiled to an extreme, had Jupiter in Aries, as he was extremely self-centered. There was an eldest sister and she moved to a far away state, and escaped some of this, but the mother still kept in very close contact with her as well and would visit her regularly every year and the sister would come home for the Yule season and such.

Actress Judy Garland, who played Dorothy in the 1939 Wizard of Oz, got that part at 14 through the “casting couch.” Her mother made her sleep with dirty old men at that young age and even worse and any knowledgeable astrologer can see the rotten mother influence in her chart.

Virgo rules her fourth house of the mother. Virgo on the 4th often gives a very critical mother who can also be a neat freak. Saturn at 0 of Libra [very critical degree] in the 4th house indicates a hard family life and problems with the mother. Ruler of her 4th; Mercury is in the 12th of undoings and misfortune, and is at 0 of Cancer, another very critical degree, exactly squaring Saturn. Adding into this, her Moon at 29 of Sagittarius [mother] is in very tight square aspect to Saturn, again- problems with the mother; anything from emotional needs not being met to emotional and physical abuse.

Marilyn Monroe was another, who had a bad mother influence. Her mother went insane when Marilyn was very young and had to be institutionalized, leaving Marilyn an orphan who was placed in over 15 different foster homes during her childhood and orphanages. Saturn in her 4th house is at 21 of Scorpio, conjunct fixed star Unukalhai of loss. This Saturn also squares her Aquarius Moon. The Saturn in her chart is also the singleton of a bucket configuration. The single planet “drives” the entire chart, meaning, it has a much stronger influence than the other planets, both in the personality and the events in one’s life. It is a stand out planet. Her unhappy childhood never left her and was the focus of causing her life-long emotional problems. Scorpio on the cusp of her 4th is ruled by Pluto at 13 degrees of Cancer, right on the cusp of her 12th house at 13 of Cancer. 13 degrees of cardinal signs is also a critical degree, giving the planet a stronger influence.

The above two examples are what I am referring to in reading a chart accurately, as with the bad Moon aspects, there are many more placements and aspects that support the bad mother influence. The more there are like this, the worse the situation is.

Also, a while ago in this group, there were posts regarding a lack of an element. Helen Keller, blind and deaf from early childhood, with her ruler at 15 of Leo [degree that often brings physical problems regarding sight and/or hearing and other] and no planets in air signs [communications and senses], and only one planet in an air house, spent most of her life communicating. She wrote books and from what I understand, even lectured to audiences. Point being, those who lack an element often manifest that element in an entirely different way. The lack of air and her ruler at 15 of Leo made her blind and deaf, but she did communicate.

Just as for example, someone with no water signs. This does not make one cold and callous. Quite the contrary. It makes for one who expresses and experiences their emotions differently. I know someone who has no water and this person is exceptionally caring and has very deep feelings, and is very compassionate. Those who lack an element express that element differently than those who have planets in the element.

Sinastry

I don't have time to reply to any questions here. I felt compelled to share this knowledge in the way that it will be of great help to most of you throughout your lives, especially after reading of an extreme case, of which I may go into detail later on.

This list is incomplete in the way that I will not include every single aspect, but the most important ones. These aspects below, I have witnessed myself.

Knowing the below, can prevent tragedy. If you are in a situation where someone else's Saturn is in hard aspect to your ruler, and you cannot get away from that person, it is very important not to provoke him/her. This is a no win situation.

Put aside all of the crap in the astrology books that claim the Sun and even in some cases the Moon are of prime importance in one's chart. This is NOT so. The most important planet in one's astrology chart is one's chart ruler and if there are co-rulers. This also includes the ascendant and the first house. Your chart ruler represents YOU, as does your first house. I cannot stress this enough.

I will get to the point here. This list is incomplete, but these are from cases I have witnessed myself. Not just one case, but many. I have been doing astrology for close to 40 years.

Saturn.

I have yet to see [and I have studied hundreds of murder cases] one case where the murderer's Saturn was not in hard aspect to the victim's ruler. This is 100%. In addition to murder, there are also hundreds of cases where the Saturn individual inflicted great harm upon the person whose chart ruler that individual's Saturn was in hard aspect to.

By hard aspect, I am referring to the conjunction, the square, the opposition, and also minor aspects such as the semi-square [45 degrees] and the sesqui-square [135 degrees] The inconjunct also factors in at 150 degrees. I have also seen trouble with the trine aspect as well. If another person's Saturn is in hard aspect to your chart ruler or in your first house- **STAY AWAY** from that person. Knowing this can save lives! This isn't of course to say that every relationship with one's Saturn afflicting the other person's ruler will result in murder, obviously...what I AM saying is yes, in the extreme, but any relationship with the above will eventually result in harm for the chart ruler individual.

To determine someone's Saturn, all you need is their date of birth, as Saturn

moves slowly.

I will start with Saturn here. In some cases, trines and sextiles can be secondary. Below, I will be referring to the conjunction, the opposition and the square aspects.

Saturn/Sun

Saturn is very hard on Sun's self-esteem. Saturn can act as a teacher to Sun in some cases. Saturn also inhibits Sun's self-expression and sense of fun and individuality.

Saturn/Moon

Saturn can be a depressing influence upon Moon. The Moon person usually suffers more in the relationship.

Saturn/Mercury

Saturn does not want to hear Mercury. Saturn inhibits communications with the Mercury person. This aspect is very bad for any relationship, as the Saturn person stifles the Mercury person in all areas of communications...such as repeatedly telling Mercury to shut up.

Saturn/Venus

Saturn can reject Venus's offerings of love. If the two do get together, Saturn will usually be the one to walk out of the relationship if there is a break-up. Saturn rejects Venus.

Saturn/Mars

This brings mutual antagonism and animosity to any relationship, with possible violence.

Saturn/Uranus

Saturn can be the jealous control freak here. This is most serious, and even the trine factors in, but is less than the conjunction, opposition or square. Saturn is very jealous and controlling of Uranus. Saturn tries to dominate Uranus and refuses to give Uranus any freedom. If there are other nasty aspects, this can be deadly. Saturn's imagination can run wild in the way of Saturn making accusations of Uranus "cheating" "flirting" and such, and if other malefics factor in, there can be violence and even worse. This is a very bad aspect to have between two people.

Sun in hard aspect to Sun

Here the egos clash. Each will try to outdo the other. There is much rivalry.

Sun/Moon

[Conjunction and opposition] The Moon person usually is drawn to the Sun person. This is a positive aspect to have, especially in a love relationship.

Sun/Venus

This is a powerful love aspect. In progressions, if one's progressed Sun makes any aspect, even a trine or a sextile to another's Venus, the Venus person will fall in love with the Sun person. Another one is if one's Venus by progression makes an aspect to another's Sun, the Sun person will fall in love with the Venus person. From what I have seen personally, this is a one-way deal. Unless there are other supporting factors, this is not always mutual. The one whose planet is moving onto another's by progression acts to trigger an emotional response in the one whose natal planet it is aspecting.

Sun/Jupiter

Jupiter admires the Sun person. Jupiter is good for Sun's self-esteem. This is an excellent aspect to have in any relationship. The Sun person benefits from the relationship.

Sun/chart ruler

The chart ruler is often attracted to the Sun person.

Moon/Mars

Mars can be attracted and drawn to Moon, but can also be rude, emotionally upsetting, and even violent to Moon. This is not good for any domestic situation.

Venus/Mars

Strong attraction, especially sexually. Mars is attracted to Venus.

Mars/Jupiter

Mars is often attracted to Jupiter, especially sexually.

Mars/chart ruler

Mars can be attracted to the chart ruler individual, but if there are malefic aspects, Mars can be violent to chart ruler, this also goes for Mars in hard aspect

to one's ascendant- Mars can be violent to the ascendant person.

Jupiter/Venus

Jupiter attracts, arouses and inspires much love from Venus

Jupiter/chart ruler

This is the exact opposite of the Saturn. Jupiter usually likes chart ruler. Jupiter can grant favors and do things of benefit for chart ruler. This is especially strong with the conjunction and the opposition. Other aspects such as the square and trine don't factor in. Also, if Saturn factors in with what I already wrote in the above, this aspect does not offset the malefic tendencies.

—

Pluto and obsessive love and fatal attractions:

Watch out here. In a natal chart, where there are Pluto/Venus aspects, the individual in whose chart this occurs is prone to love obsession. In relationships, if there are hard aspects between one's Venus and another person's Pluto, Pluto will become obsessed with Venus. The tighter the aspect, the worse this can get. Pluto can become jealous, controlling, and very obsessive with Venus. If one's Venus by progression moves into aspect with another's Pluto, the Pluto person will get obsessed with the Venus person. The worst of this is the conjunction, opposition, and square, but all aspects triggered by this will provoke a response, and in many cases, this can result in unrequited love. If two people have mutual Venus/Pluto aspects, they may both become obsessed with each other and as long as it is mutual, this can be very deep and happy, but unfortunately, this is not usually the case.

Pluto can also have the same influence when one's Pluto is in aspect to another's chart ruler. Pluto can become obsessed, jealous, and controlling of chart ruler person.

I will try to write more about this and also include some case studies. I know Satan wanted me to share this knowledge. Always know a potential partner's astrology chart before making any commitments. These Synastry aspects can also be adapted to friendships, co-workers and daily associates, though I wrote the above mainly in the way of sexual relationships. In

platonic relationships, just adapt the above...such as the Saturn person, even if a friend will be jealous and controlling of the Uranus person, constricting his/her freedom. Venus/Mars aspects in platonic relationships can draw two people together. Jupiter is always of benefit in a relationship, but does not really offset anything serious like hard Saturn aspects.

In closing, a second factor is the stellium. If one has a stellium [grouping of three or more planets in a sign], and Saturn is in hard aspect to the stellium, this is a malefic influence. Again, Jupiter is the opposite and is beneficial.

Astrology is not always pleasant, but it is very truthful when accurately interpreted. Astrology has been a major help beyond words for me throughout my life in understanding why hard times occur, keeping me safe from people who were negative influences and reading into others and understanding them. Astrology is a gift from Satan.

Mars opposites Uranus in SR

Yes this happened just recently. If you have the planets in your return, to determine just how much they would affect you, you need to look at their placements in the SR chart. There are certain aspects that are in everyone's chart given the length they are in affect. Just how they affect each individual is a different matter.

Look to where the opposition [in this case] occurs in your return. The tighter the orb on the aspect, the more it will affect you. For example, with an opposition, if the orb is 7-9 degrees, more than likely, it won't be anything major and may even go by unnoticed. When the aspect is under 2 degrees orb, chances are it will cause an event to occur.

Now, say the orb is less than 2 degrees and the degrees of the opposition line up with other planets on the same degree, and/or house cusps and especially your angles. If the opposition for example is across your ascendant/descendant axis, given the nature of Mars/Uranus, this could cause you to have an accident. But, this all depends upon the tightness of the orb, and if the opposition lines up with other planets and/or house cusps on the exact degree or near. Another thing to look for in a solar return, and even lunar and other planetary returns is return planets aspecting planets in the natal chart. Conjunctions are the most powerful, followed by oppositions and then squares. These produce events in your life in nature to the energies of the planets.

Sublimating a Mars/Uranus opposition would include being aware of any potential risks during the period. These often play themselves out in a lunar return. The aspect can be repeated in the lunar return, or even a different aspect. Also, if you have this aspect natively, there can be a higher probability for an event occurring than for those who lack the aspect. Also, look to your lunar nodes [exact degrees, even if this is a minor aspect]. Sublimating Mars/Uranus energies can be done through hard work. This can be upsetting and even exhausting, but it is a positive outlet for these energies. Left to their own, they are indicative of an accident.

I also want to comment on death returns. I, myself have looked in my own SR charts and my midheaven/IC axis flipped more than once. Obviously, I am alive. This only means the tendency is there. Also, in going through my own charts, I have had years in my past where I had a very hard Saturn and ironically, the year was very happy. This is not the norm, though. I do know that transiting planets are triggers for events and everything must be taken

together.

If the transiting Saturn is also making aspects to your personal planets, then really be aware and look out. There are rare times when a hard SR Saturn, say for example in hard aspect to the SR ruler, but a time when there are no hard aspects from transiting Saturn to your natal planets, especially your personal planets, the SR Saturn may manifest itself in a positive manner. This includes the other SR planets as well.

If anyone notes their midheaven/IC axis flipping in a solar return, do not get alarmed. The point is to be careful. From what I have seen, this does occur in everyone's life at certain years. You have to look at what else is going on and then, if things are really bad, then just be aware and of course, really build a strong aura of protection around yourself. Reinforce it daily. I have had several times when I saw my potential fate and was alert and aware and the energies manifested in a better way than if I had just walked into it unknowing.

One case I found very interesting was that of OJ and Nicole Brown Simpson. His Saturn was in hard aspect to her ruler, among other deadly aspects. There were many other antagonistic aspects as well. She had an exact Sun/Jupiter opposition that played a major part in her murder. She was very overconfident. IMO, this case was creepy. With SRs, the locality chart and the birth chart will both reveal the same events for the year, though in different ways as the house positions [say if someone moved far from the place of their birth] will be different.

Her death occurred within a couple of weeks [if I remember correctly] of her birthday [a time when one is vulnerable]. Transiting Saturn crossed her ascendant into her first house. This is a most horrid transit in anyone's life and this is where your luck runs out. Interestingly, her overconfidence like I mentioned before played a major role in her murder. OJ was jealous and controlling. She divorced him and then a couple years later, wanted him back. Then, million dollars later with gifts, etc, she then decided she didn't want him and dumped him. In addition, she was having a very open affair with his friend and his friend would park his SUV outside of her condominium every day and OJ was having her followed by private detectives. My bringing this up is for an example of a classic and very creepy astrological case that was blatant, with Mars/Uranus involved.

Her exact Sun/Jupiter opposition was at 27 degrees Taurus/Scorpio. In the SR

for the year she was murdered, 1994, 5 of her ten planets lined up on the 26th degree, Mars on late 25th degree, all under 2 degrees orb to the Sun/Jupiter opposition. Her best friend begged her to take a trip to Mexico, but she refused and stated there was no reason to do this. It may have saved her life. SR Uranus/Neptune conjunction opposed her natal co-ruler Mars. SR Saturn was tightly conjunct her SR descendant [others]. SR IC also lined up exact with her 7th house Moon. The 7th is the house of others and this can be the others doing the victimizing. Her natal co-ruler Mars in the SR is in the 8th house of death. To add to this, 6 of her ten planets in her solar return are all on late degrees. In this case, it was death. You have to look at everything.

Now, for the relation to her lunar return for her month of death, Virgo, which was rising in her SR is contained in her LR first house with 29 of Leo on the cusp. This is a repeat of the SR. In her locality LR for Los Angeles, Mars/Uranus of violence is on the angles and as I stated this before, this intensifies the energies and influence of the planets involved. LR Pluto makes in inconjunct to the LR Mars from the 8th house of death. The Mars/Uranus square is tight, just 2 degrees of orb from being exact. Her LR 8th house of death cusp is tightly conjunct Unukalhai of loss.

Jupiter isn't always positive. She had Jupiter in Scorpio in the 8th house of death and Scorpio is also the sign of death. SR Jupiter was conjunct her natal chart ruler Neptune in Scorpio. Given all of the other indications, this resulted in her death. There are many more indications. I mentioned this because of the Mars/Uranus hard aspect that was intensified by her location in Los Angeles. There is much more, but I am real busy and have gone on with this too long as it is.

Also, concerning world affairs, this is something I don't know very much about, but my mother told me when she was very young, she and her mother were standing out on a field on their farm and the Sun was glowing red and there was a black spot on the Sun and her mother told her [this was in the late 1930's] that there would be a war. Also, Neptune and Pluto are in the signs exactly opposite that they were before WW2 at this time. Jupiter and Uranus are also involved. I could go on and on, but have to get offline right now.

Personally, I have always used for interpreting birth charts:

For conjunctions, squares, trines and oppositions 8-9 degrees

For sextiles 6 degrees

For inconjuncts 5 degrees

For semi-sextiles, semi-squares, sesqui-squares, quintiles 1 1/2 degrees.

In some cases, as with synastry, if there is a Saturn aspect to the ruler, of which I already posted on, it is best to use caution and widen the orb, even the sign, such as opposing signs i.e., Scorpio/Taurus, and signs that square i.e., Libra/Capricorn. But as for doing birth chart interpretations, I have always used the above.

I also want to add through my own research, semi-sextiles and the other so-called "minor aspects" are aspects of fate; especially the semi-sextile, rather than aspects of personality traits. The reason being, if correctly read, the orbs are very tight and when one has two or more planets linked on a certain degree or within 1 1/2 orb of a certain degree, there will be a fated event that will occur in the life at some point. The more planets that tie into that degree, the more major the event will be. A major turning point in one's life.

In some cases, the linked planets can also indicate something one is born with such as a special talent or an anomaly. I knew a woman who had an IQ of over 185 and she had an exact Mercury/Uranus square linked with her ascendant degree, making this personal. People born on that day would have the tight Mercury/Uranus square, but when an aspect links to one's ascendant, chart ruler or midheaven and the orb is under 1 1/2 degrees, it becomes personal.

Orb degrees Thu Sep 4, 2014 5:54 am (PDT) . Posted by: vabzirteloch I'm a little bit confused concerning the orbs in astrology.

One of my astrology books says that each planet has different orbs for different of the aspects, for example the Sun:

17° for conjunctions and oppositions,

11°20' for trines,

5°40' for sextiles,

8°30' for squares, and

4° for the minor aspects

Are these correct?

Another source stated that the orbs differ from each other only in regards to the aspects, but we should use the same orbs for every planet, except the Sun and the Moon.

So what exactly are we using here? I'm really confused.

Thanks in advance.

When is the best time for plastic surgery astrologically?

Avoid the moon in Aries. Always remember... NEVER have any surgical procedures done when the moon is in the sign that rules that area of the body. Also, avoid a full moon if possible. This also includes any procedures for pets. When the moon is in the sign that rules the part of the body, such as the face with Aries, things tend to go wrong.

I remember many years ago, I had an impacted wisdom tooth. I wasn't able to make an appointment at any other time, as they were backed up, and had to have dental surgery to remove it. This was during a full moon and yes, I knew about it. Well, 5 shots of Novocain didn't numb me up. I was wide awake during the whole thing. Needless to say, it wasn't pleasant. They succeeded in ripping the tooth out of my mouth, and I mean rip. Afterwards, I had to wait endlessly for the codeine pain pills and experienced a reaction to the overdose of the Novocain. Then, there was the long trip home on the bus and the aftermath. I got off lucky, though. Complications can be severe and this is something to always be aware of.

The signs and the parts of the body they rule are listed here:

Using void moons?

Former US President Ronald Regan would make promises and statements he had no intention of keeping on a void Moon, purposely. This was stated in a book from his and Nancy 's personal astrologer Joan Quigley.

Also, now this is theory and I can't back this up as I read it, but according to some information I read, any loans taken out during a void Moon wont have to be repaid, but remember, this is something I read, so use common sense.

Also, if you don't want to finish a job, for whatever reason, then begin it on a void Moon.

2020-2021 and the War question

As for the USA chart, I have always used the 2:17 am version. This has been highly accurate, not only through researching historical events, but also the 911 everything recent. Benjamin Franklin who was a Satanist, had the Declaration signed at that time, as he was an astrologer. I know history has been altered and rewritten. There are quite a few notable astrologers who also use the 2:17 version and swear by it. Do some research on your own and you will see what I mean.

The solar return for the USA in 1941 had Mars at 1 degree of Aries [exceptionally critical], placed in the SR first house, intercepted. The SR ascendant for that year was at 24 of Pisces, aligning with SR Saturn at 24 of Taurus, conjunct fixed star of extreme violence Caput Algol. SR Saturn was in conjunction with SR Uranus. The attacks on Pearl Harbor were sudden, unexpected and by surprise. Uranus is the planet of the unexpected, and the sudden. SR ruler Neptune at 25 of Virgo conjunct SR descendant also tied in. Transiting Jupiter was exactly in conjunction with USA chart co-ruler Uranus and USA chart ascendant. This influenced a favorable outcome and acted as a protective influence. There are many more indications of war in the solar return. I have to cut this a bit short here, as I don't have time.

Mars is always involved regarding war, as it rules over war. As for the US Civil War, Mars was in tight conjunction with the Moon in the solar return. The Moon indicated domestic and not foreign. The SR Moon/Mars conjunction in late degrees of Capricorn, opposed SR stellium in Leo; Jupiter, Mercury and Venus; seesaw configuration, indicating a split. Progressed Mars for that year was at 15 of Leo, a very bad degree.

The 2021 solar return for the USA has SR Mars at 14 of Leo, conjunct the SR ascendant. This in addition to being one degree away from 15 of Leo, is at the 14th degree. I have found the 14th degree is a very sensitive point for the USA. It aligns with the USA chart Saturn and the USA chart IC/Midheaven axis. 14 degrees was very prevalent with the 911 attacks, it was all over the place.

This SR Mars is in tight opposition to SR Saturn, which is in conjunction with the SR descendant, in the 7th house of others [foreign countries]. The SR Saturn is in very tight conjunction with the USA chart midheaven. SR [and transiting] Pluto at 25 of Capricorn is opposing USA chart ruler Mercury, bringing major and permanent changes. SR ruling Sun is in the SR 12th house of undoing and misfortune. Tight SR Moon/Uranus conjunction in the SR tenth [ruling the

presidency] possibly indicates an assassination? 29 degrees is on the SR IC/midheaven axis.

USA progressed planets for that year include progressed solar arc Jupiter at 9 of Pisces; fatal degree, progressed solar arc Mercury [USA chart ruler] at 29 of Pisces, which is a degree of endings, progressed Mercury is at 21 of Aquarius, a critical and unfortunate degree, progressed solar arc Neptune is conjunct Caput Algol, progressed Pluto of power is on another degree of endings- 29 of Capricorn.

I am short on time, but it appears problems will be manifesting from 2015 onward. Aside from transiting Saturn entering Sagittarius [this nearly always causes a financial crisis], the 1929 crash and the 1987 crisis, SR Neptune in the SR second house of finances, ruled by Pisces [Neptune] is at fatal 9 degrees of Pisces. Jupiter/Venus conjunction aligning with SR Mercury, ruler of the USA chart, indicates this will not be permanent.

I am basing all of this on past events and certain placements and aspects that have repeated themselves.

Hi Maxine. In one of your message in the astrology e-groups you've mentioned that in 2020-2021 has a mars/saturn aspect meaning war. What does the mars/saturn mean in regards to war?

9th degree

Question:

“9 Degrees of Virgo and Pisces are known as fatal degrees, body in the ditch degrees and degrees of suffering.

9 degrees of Pisces is one of the worst degrees in the Zodiac.”

Anyone has more information on the 9th degree of Pisces?

I'm asking because I have Saturn placed on the 9th of Pisces.

HAIL SATAN!!!!

High Priestess Maxine:

Look to your house/s in your chart that have Capricorn on the cusp; also look to the house placement of Saturn, and to a lesser extent, the house/s with Aquarius on the cusp. The affairs ruled by these placements should give you an idea of where any problems will manifest.

In addition, the nature of Saturn, as well. Do any other planets tie in, as with tight aspects? Does your Saturn align with your lunar nodes? All of this is important. Planets at 9 degrees, I have noted are very bad, but of Virgo and Pisces, these are worse. Be aware... no astrology chart is perfect. No one gets through this life unscathed. Knowing where potential problems can come from can be a great help in working to prevent them.

I have a bit of time today, so I can go into an example. I read a book some time ago about a woman [she had Jupiter at 9 degrees of Virgo, in exact opposition to Uranus at 9 of Pisces. When aspects like this are tight [within 1-2 degrees of orb], or even more intense- on exactly the same degree, these are fated events in the life. If three or more planets link up, this is even more so. This woman's father was a jewish communist. He worked for the Ford Motor Company here in the USA, but was involved in communist activities. This was back in the late 1920's and early 1930's. After the 1929 depression hit here, many at Ford feared job loss and related. Back then, Stalin; the USSR had more deceitful come-a-longs- brotherhood programs, promising a “worker's paradise” and good living, etc. Ford Motor Company had opened a plant at Gorky in the USSR. Through this, American workers were invited to get this plant established; spending 1-2 years in Gorky. This situation was not only limited to Ford Motor Company, but was a swindle to get Americans to the USSR in many other areas; exploiting the depression and hard economic times here. Other families, totally unrelated to this particular experience were duped into this as well. This woman in the following example was known to be the “only female American survivor of the Siberian gulag.”

Sorry for the repeat, but this will go much faster; I just found, copied, and pasted this from what I wrote in an e-mail some time ago regarding this case:

I noted a case where a woman had a Uranus/Jupiter opposition at 9 degrees of Virgo and Pisces- degrees of extreme suffering. Jupiter has to do with travel and though her birth time was not given, I am led to believe she had Aquarius on her ascendant by the events that took place in her life according to the biography. Jupiter opposed her ruling Uranus and got her through unimaginable hell and by 'hell' I mean that as a figure of speech. Jupiter is a protector in a sense, but can still bring extreme misfortune when placed on a bad degree.

In 1932, when this woman was eleven years old [she was born in 1921], her father worked for the Ford automobile plant in Detroit. Times were hard with the depression and he was duped along with many others into leaving the USA and moving to Gorky in the USSR, under Stalin. Same old Jewish brotherhood programs, like Christianity, promising a better life and a 'worker's paradise.' Now, Jupiter rules foreign countries and travel. Hers was at 9 of Virgo, a degree of extreme suffering. They were to stay in Gorky and work on a new Ford plant over there under the direction of Ford for about a year, then return back to the USA. Needless to say, at her early age, when they arrived in Moscow, she noted how there was something wrong, the people were dressed in rags and were notably hungry and freezing in the bitter cold. The streets were very dreary, no heat in the street cars or any other transportation and everyone looked exceptionally depressed. They were moved to a one room flat. They had to share a kitchen and bathroom down the hall and both were in horrendous filth, especially the bathroom. To take a bath or a shower, one had to walk some 3-4 blocks down the street to the public bathhouse. Every other day, they alternated the men and women. There was no variety of food, only fish and stale black bread and porridge for every meal. But, this was paradise compared to what followed in this woman's life.

In 1938, they were still there and her father was arrested by the NKVD and she and her mother never saw or heard from him again. They were ousted from their one room flat, as they no longer had any income or any rights at all. They moved to a tiny closet in the basement of some rat trap building and then looked for work. Then the war came. They lived on rotten potatoes and other garbage of which they worked brutally for. There was little or no heat through the Russian winters in their places of dwelling. She was forced to dig anti-tank ditches until her hands bled for hours and hours every day- sun up to sun down in the bitter cold. Her mother walked several miles to get sacks of the rotten potatoes they survived on. After the war, the NKVD arrested her as she said the wrong thing innocently about wanting to go back to the USA to some British visiting military over there and word got back they tried to get her out of there. Even the worst American prisons are nothing compared to the prisons in Russia. She was sentenced to 10 years in a Siberian labor camp, of which she is the only known American woman to survive. It was unimaginable suffering. She finally made it back to the USA through risking her life, though it was late in her life, if I

remember correctly, she was in her 60's. What I read of what she went through was horrific.

I do note, when the chart ruler is at 9 of Virgo or Pisces, it is much worse than other planets in the chart. There was another case, which was the worst I had ever seen. A woman had her chart ruler, the Moon at 9 of Pisces, opposing Pluto at 9 degrees of Virgo, with Jupiter at 9 of Aries [another bad degree] tying in. Semi-sextiles, I have found in my research are not so much personality traits as they are fated experiences in one's life. Mars opposed Saturn at 22 of Leo and Aquarius [both bad degrees] across her 3rd/9th house axis of travel. This tied into Capricorn on the 7th house, which is often abuse/misfortune coming from others. Her Sun/Mercury conjunction was at 26 of Taurus, in conjunction with Caput Algol of violence. Her ascendant was at 6 of Cancer; 6 of cardinal signs often indicating a physical problem or handicap. When she was 15 years old, her natal south node was tightly conjunct the ascendant of her solar return for the year. This is always something fated, but by itself, is not always bad. You have to look at everything. In this case, it was horrendous. Like I said, this was about the worst astro chart I had ever seen. Her 1978 solar return also had the Saturn in conjunction with Mars 15 degrees of Leo [another hideous degree], but this was loose, in the solar return 7th house for that year. I note when certain aspects repeat in a return chart like that; those that have a tight aspect in the natal chart, this will trigger a fated event within that year, and the aspect does not have to be the same. In this case, Saturn opposed Mars [violence] in her natal chart and in the solar return chart, they conjoined.

She ran away from home that year and wound up in California. Her living situation did not work out and she made the bad judgment of hitching a ride. She was financially broke, etc. A devout Christian picked her up. He then took her into the desert, raped her, stabbed her and chopped her arms off, with an axe, of which she survived. His planets tied right into hers for violence. He was given a light prison sentence and upon release, stabbed another woman to death after raping her. The former woman who survived was forced to testify at this new trial when her lunar nodes were conjoined by transiting the nodes. The nodes are not personality traits, but points of fate in one's chart.

In closing, always remember this, as it is extremely important. I have studied astrology on my own for many, many years. The case above, I came across in an astrology book and then did some of my own research. This was a long time ago. I believe the author was Edna Rowlands or something like that, I can't remember. Never, ever have I run across a murder/victim case, where the murderer's Saturn was not in hard aspect to the victim's ruler. Saturn is our weak point in our own charts; where we suffer and experience related losses through life, but it is a point of our own personal power when relating to others. Always check the charts of others for their Saturn position in relating to your chart ruler/s. The hard aspects, such as the conjunction, square, and opposition are blatant, but also be aware of the semi-sextile, the semi-square, the inconjunct and the sesqui-square. At least, this person can bring problems into your life; victimizing you in some way, or at worst, mayhem and murder. Lesser aspects I have noted in regards to

the Saturn ties also do include the trine, the sextile, and the inconjunct. They will have something over on you and can use it against you. Just be very aware of the Saturn placements in relationship charts.

Sorry, I forgot to add that one's Saturn in another's first house is the same as the hard aspects, especially when close to the ascendant. Also, I wasn't trying to be negative regarding the nine degrees, only truthful. This is especially pronounced if one's chart ruler/s is at one of those degrees, but meditation and knowing beforehand can help to offset this somewhat. Remember, no chart is perfect; no life is perfect. We all get our asses kicked in life.

The Saturn person is not always a murderer, obviously, but there always is something in the Saturn person in the way they can undermine and do the chart ruler person in. The Saturn person has negative power over the chart ruler person in some way. This can be just animosity or total destruction of the chart ruler person.

Vedic vs Western - Important.

I've always used the western zodiac. I have found the sidereal to be unreliable.

As for the Vedic teachings, I have found some truths, such as the natures of the planets are more important than the aspects with interpretation. Idiots write of all trines and sextiles being favorable and all squares and oppositions being bad. This is not true at all. The natures of the planets have to be taken into consideration, along with the houses they rule, where they are posited in the chart and so forth. Trines can be rotten, say if one's chart ruler is trine to the ruler of the sixth house, he/she will more than likely have considerable health problems, even if so-called 'benefics' venus and jupiter are involved.

Say someone has the chart of a reserved personality, such as many capricorn planets, many planets in the twelfth house, etc...A mars/jupiter square or opposition is extremely helpful in balancing the personality with this. Squares and oppositions are not all bad. Saturn/sun hard aspects for example can be troublesome, but these keep the ego in check, unless the chart is full of low self-esteem aspects. I have known certain people who think they are a 'god' so to speak; extremely over confident, assuming, overbearing and sooooo entitled. Because of the exaggerated sense of self-importance, many of these people alienate others and end up failing at major things. Jupiter/sun aspects, even the trine are notorious for this sort of thing, especially in charts where there is no ego check. A balanced personality will have a combination of both hard and soft aspects. Saturn is not always bad.

You have to take the entire chart into consideration. I have studied both eastern and western methods of interpretations and have found many truths in both and also many things that were 'off.'

On another note- I know of a person with a sun/venus conjunction. This aspect often indicates personal vanity- [I lived with this individual]. This conjunction was in the home sign of taurus. There were no hard aspects to saturn to keep this person in check. She would primp in front of the mirror for hours on end. The bathroom was always tied up. This person got up at 4:15 am every morning. Spent until 5:45 am in the bathroom primping her hair, make-up, etc. Left for work and then complained that when getting to work, that others would come into the ladies room [even on the third floor where it was quiet], while she 'fixed her hair and make-up.'

Regardless of any lack of money, even under-age dependents going hungry or without, this person ALWAYS had her 10 am Thursday morning beauty appointment at a nearby salon.

Getting back to this person at work, she would also primp on the lunch hour. Then upon returning home at night, spend another hour and a half in the bathroom pin curling her hair and primping. No one could even take a 30 second piss.

I have seen this shit more than once and it is nauseating to say the least. No...this person certainly wasn't trying to conceal any feelings of inferiority as there weren't any. She could do no wrong.

I could cite many more examples as I have been an astrologer for over 35 years and have done the charts of nearly everyone close to me, relatives and many others. The points to look out for are an unbalanced personality, especially if you are considering getting into a personal relationship with someone in question. This takes a lot of learning and experience and the sad thing is many books out there are off on quite a few things.

One person I know married a woman who hated sex. Unfortunately, he found this out too late. I still maintain, two people who are considering something as important as marriage should find out BEFORE they get married if they are both sexually compatible. Looking at her astro chart, I could see sexual trauma and other problems related to men. The marriage ended in divorce.

When looking at any chart, you have to put things together. Most, but not all charts have what I call confirming aspects. These are aspects and planetary placements that support certain personality traits, events in the life, and in the case of opposing ones, where certain aspects contradict each other], these often balance the personality.

High Priestess Maxine Dietrich

I know all about both systems and have worked with both systems. I have been an astrologer for close to 40 years. I am a professional and I will tell you, the Vedic/Sidereal for whatever reason is not accurate. I use the tropical. Certain aspects of Vedic astrology are helpful, such as the nature of the planet is more important than the nature of the aspects. For example, squares and oppositions

from jupiter are usually of a beneficial nature, especially with transiting planets, solar returns and such, while trines from saturn can be a down time.

Firestarter is correct as far as I am concerned. In order to do a competent astrology reading, one must use one's psychic abilities, along with the information given on the planets. This is because no two charts are exactly the same. The astrological chart is a map of the soul and is as individual as one's fingerprints. Two people can have the exact same aspects, but given the affairs of the houses ruled by the planets, and the other aspects and planetary placements, that same aspect will manifest differently in the two charts. In addition, psychic energy must be used in determining how a certain chart pattern or configuration will manifest in one's life.

Science has not progressed far enough [because of xianity and its ilk], to where it can explain the spiritual. Kirian photography for one can photograph the aura, but the chakras still cannot be seen. Science is making great strides in deciphering thoughts and with this, may soon be able to see the energy centers of the soul, but given the jews dominate this field, much of what is given to the public has been corrupted, especially in the way of anything spiritual.

I know all about the equinoxes and the synetic vernal point, and the sidereal aspects of astrology and as I already wrote, I have studied both systems and have found the sidereal system to be seriously flawed when doing plenty of research. The characteristics of the planets in the signs and other given information of the vedic system does not fit me or the many others I have studied.

This has been my own experience. I also came across a woman in an occult bookstore who did not like the sidereal vedic system and told me of an astrologer who read for her who used this system, who was not only 'way off' in predicitions, but the entire reading was flawed.

High Priest Mageson666:

From looking at the situation in the East the Vedic body of knowledge was sub divided into direct sections. One example is a section on Sanskrit. How to write it, read it and speak it properly. And then a section of that on mantra. How to vibrate sanskrit formula's, how to create mantric formula.etc

Well today the mantra sections don't exist they are gone. They were removed in time. Same with whole texts on Ayurveda, only a small amount are left and who knows if they are intact.etc Same with other subjects.

The texts on astrology in the Vedic body of knowledge have suffered the same fate. Most of them were removed or "lost" leaving only a very few left and once again who knows how much is original.

So given this it's my personal opinion that today Vedic astrology should be considered through this perception.

Interestingly the astrologers in the ancient Roman Empire. Stated the Western model they used was from Egypt. We know that Egyptians came from the East and had a common culture and lineage with the Vedic civilization. So probably there is a much bigger picture on the system that should be considered as these two systems today had a common origin. Included within the historical context of major removing of the original body of knowledge that has occurred.

With Western astrology it was started it works as is [despite modern debate]. Because it's a map of a much larger cosmic principle of universal creation. This is going back to the statement of texts from the ancient Roman Empire.

With the stars themselves they were considered to relate to different energy pathways within the soul. From what I have studied and these get into the cosmic Zodiac man symbolism. And hints to the Vedic Bhumandal cosmology. Something to consider in general. And they do effect us on earth. In 1989 Sirius B made part of its orbit that slowed down the spin of the earth for a few days. As was recorded by NASA.

Joy of Satan

**Joy of Satan Ministries - 40 day
Self Empowerment Programm.**

40 Days of Power

-By High Priest Hooded Cobra 666

Introduction: Satanism is a serious religion and its called spiritual because Satanists are very serious in MEDITATING, which is the ESSENCE of mastering the SPIRIT and SOUL. In order to do Magick, improve as a person, get to know Satan all for yourself and finally, become a God in your own right- you must practice meditation and become adept in this discipline.

**Let none stop you- not even
your own “self”.**

Do NOT forget to study the [Joy of Satan website \[Click Here\]](#) and embrace everything therein.

Read below and do not neglect to do this- as most points and questions will be covered here. If there are other questions, find us on the [Yahoo Groups](#).

So, we shall begin.

The purpose of this program is to help our new members grow in spiritual power fast, both for their general spiritual wellbeing and to help in the fight of the enemies of Satan as well. Its very important to mention some things before one proceeds. The enemies of Satan and those who oppose us, its True in every sense they do not want Humanity to advance spiritually. For this reason our people must be ready to counter all sorts of emotions, attacks and distractions that push them to not meditate. Spiritual Satanism is all about meditation. Be aware that even your own self, given many times we come from a very unspiritual background, might have reactions in not wanting to meditate. Be aware of this and ready to count this. There are many people and everyone has a different Soul, different problems may arise that may enforce you to stop. The Gods always help our newly dedicated members to advance and become powerful and act as guides. So in the same way, do what feels right and consult your Guardian Demons and Satan and ask for Guidance. Everyone comes into this life from different spiritual backgrounds and you must be aware of your own limits. With that being said, if something overwhelms you, or you have health problems that keep you from meditating, proceed carefully and wisely.

This program will be both for those who have just dedicated their Souls to Satan and those who are new and need some more guidance aswell. By

arranging the repetitions in a balanced manner, one will be able to benefit from this program anyways. If something feels wrong, do not do it and if anything makes you feel uncomfortable, avoid this and replace it with another meditation.

In Satanism one must be strong. The Spiritual Elite in Satanism are those who are actively fighting for Satan and those who persist in growing spiritually. Those are the people who reap the rewards. No matter if you once thought you were lazy, unable, incapable- we are all here to prove you, that you are none of these things. Prove this to yourself as well. Satan and the Gods are very understanding and patient. I have also tried to compose this program to be short in length for those who lack the time. For people who do not have enough time, break the program in 2 or 3 parts and do this on the morning and night. You get the deal here. What's important is that you follow this daily. You feel like you can't? You do it. You feel like struggling? You do it. You do not feel anything? Still do it. Have faith in yourself and you will succeed. I repeat and most people here know: Power does not come so fast and to become proficient, like in any other art, you need to persist.

Last but not least; do not overstress about the results. Some of you may feel results almost instantly and some might grow overwhelmed. Others of our family may be slower in attaining the results or being open in feeling the meditation's effects. **WHATEVER THE CASE, KEEP GOING!** Many of the people who are advanced today did not feel a thing once, or along these lines, as those who have been very spiritual in past lives are not most people. Satanists are not people who quit. Know that Satan and the Gods will blatantly show you the signs you need, the guidance to grow and have total belief in them. They guide you and they help you to grow spiritually.

Each day of the 40 day program will be split in meditations for the Morning and Night. By waking up 15 minutes earlier in the morning, you will be all set to go.

Power meditation must be done daily. This is the real 'prayer to God' that should be daily, not what the xians stupidly indicate.

Be loyal in your discipline and your discipline will reward you with power upon which you can gratify your desires. Know that those who fight for Satan and meditate actively are those who reap the greatest rewards from The Powers of Hell.

Meditations need NOT be rushed, but as you learn to do these they will take shorter time. Not all meditation sessions will be equally good and neither you will have total sensitivity at all times, whats important is these are done daily. IF YOU FEEL OVERWHELMED, ITS NOT NESSESCARY FOR THE PROGRAM TO LAST 40 DAYS- TAKE YOUR DAYS TO CATCH UP AND DO AS IT FEELS RIGHT AND COMFORTABLE!!!! IF SHORT ON TIME, CHOSE

Note:

A LIFETIME COMMITMENT:

- THE PROGRAM MUST BE CONTINUED EVEN AFTER THE 40 DAYS IN ORDER TO KEEP YOUR POWER GOING. BECOMING VERY POWERFUL SPIRITUALLY IS A LIFETIME COMMITMENT THAT YOU CAN COMMIT TO. MEDITATIONS CAN BE CHANGED FOR OTHER MEDITATIONS THAT YOU FEEL YOU NEED TO DO, AS THIS PROGRAM WILL BE FAIRLY SIMPLE, BUT IT WILL INCLUDES THE BASICS WHICH NEED BE DONE DAILY, SO THAT YOU WILL ADVANCE IN A SAFE AND POSITIVE MANNER, FASTEST AS POSSIBLE IN 40 DAYS. BUT THIS IS A LIFETIME COMMITMENT TO KEEP GOING.

Relax and know, this is not going to be hard, as everything will be explained throughoutly.

In anyway, lets proceed.

So, the main aim of this program is to advance you spiritually to where in 40 days:

- You will establish a strong aura of protection that will actively protect you.
- Your Aura will be more powerful and you will be able to feel energy better.
- Your chakras will be far cleaner than they ever were.
- Your chakras will be awakened and open, which is necessary in working magick.
- The levels of your bio-electricity will be far more powerful.
- You will be competent enough to join in the fight of fighting the enemy, if this is what you will, in the shortest time possible. It's advisable that you should.
- You will feel far better in terms of how energetic and how healthy you feel.
- Other effects include you will have a sense of strength and feel powerful.
- Psychologically you will have proven to yourself how capable you are and how you can stick to a program.
- You will have made the Gods of Hell and Satan proud in your obvious attempt and dedication to grow spiritually. Lazy bummers, fearful people and those who want to sit back and watch the world burn...

Lastly, this meditation program will include: [Press on the names of the Meditations to navigate in the Joy of Satan website] :

- Aura Cleaning:
A clean aura will rid you of bad influences and bad energies, keeping you strong and healthy. Should be done daily.
Aura cleaning should be done without MANTRAS until the program tells you to do this.
- Aura of Protection:
Aura of Protection should be done daily as to protect you from psychic attacks and negative energies. Should be done daily.
- Chakra Openings:
Do these when indicated by the program, as these are important exercises to open your centers of psychic energy.
- Chakra Spinning:
This should also be done daily and does not take much time at all when you get a hang of it, it also raises your energy levels and keeps your chakras clean and on a higher level of vibration/existence.
- Breathing Exercises:
These should be done daily once started. These breaths increase the so called “Vril” or “Life force” or “Chi” and they increase this energy . Increasing your bioelectricity is the essence of power. Breaths should be done in moderation and forcing yourself should NEVER be done.
- Physical Yoga:

[[Hatha Yoga Routine PDF](#)] [[Kundalini Yoga Routine PDF](#)].

Physical Yoga will make you more flexible and it also palpitates your bioelectricity, increases your Bioelectricity. Physical Yoga in this Program will Include Hatha Yoga and Kundalini Yoga, as one empowers your energy flow [Kundalini] and the other [Hatha] increases your flexibility.

WHEN STARTED ITS MANDATORY YOU DO NOT STOP THESE OR LET MORE THAN 24 HOURS ELAPSE. [For more information, Click Here.](#)

- [Void Meditation.](#)

Void meditation with your eyes either open or closed. Better open as many times, one may fall asleep without them willing to do so.

Optional Meditations:

These will be for those who, during the 40 day empowerment program have felt it does not cover them fully and do not feel they are doing as much as they should. This should be the minority. These can be practiced after the 40 day program is over with.

The meditations that need be continued after the 40 day period are:

- Aura Cleaning
- Aura of Protection
- Breathing Exercises
- Hatha and Kundalini yoga.

The above must be contained in all meditation programs when started. If one for whatever reason chose to not do these, they can skip them. Its advisable that you should keep on these, other things can be altered and changed, but all these are mandatory to keep your main energy, your Bioelectricity up, running and pumping.

Again, for any questions, come to the [Yahoo Groups.](#)

Instructions for after the period of 40 days:

- [AC] [AP] [VM]

Should be done daily without fail, no matter what you add to your program. In cleaning your Aura, you can add the RAUM mantra when this feels right to do.

Things you can do are as follows: Add additional meditations from the Joy of Satan meditation Page. Experiment. The program until the 40th day has taken you to where your chakras are awakened and your bioelectricity is open, exactly as promised.

For instance, the breaths in Kundalini Yoga can be increased daily by one or two until these reach 108. Same thing with breathing in the Positions in Hatha Yoga. The same can be done for Breathing. You can add more breaths when you feel ready.

As far as working with your chakras, you can add additional meditations. This program when mastered will be fairly easy and will not consume much time at all. It will be about 20 minutes total in your day. Upon this you can add more meditations in accordance to the Joy of Satan meditation Section.

Do not fear to experiment. Just know that once you add a meditation, make sure to keep on it daily. This will ensure you will be steadily moving forward.

Stay Strong, keep fighting for your own evolution and Satan. Let's get back what is, has been and will forever be ours!

40 Days of Power

-By High Priest Hooded Cobra 666

HAIL SATAN!!!!

Kundalini Yoga Routine *Kundalini Yoga Basic Spinal Energy Series* KY kriyas

1. Sit in easy pose. Grab the ankles with both hands and deeply inhale. Flex the spine forward and lift the chest up (1A). On the exhale, flex the spine backwards (1B). Keep the head level so it does not "flip-flop." Repeat 108 times, then inhale. Rest 1 minute.

2. Sit on heels. Place the hands flat on the thighs. Flex spine forward with the inhale (2A), backward with the exhale (2B). Think "Sat" on the inhale, "Nam" on the exhale. Repeat 108 times. Rest 2 minutes..

3. In easy pose, grasp the shoulders with fingers in front, thumbs in back. Inhale and twist to the left, exhale and twist to the right. Breathing is long and deep. Continue 26 times and inhale facing forward. Rest 1 minute.

4. Lock the fingers in ear grip at the heart center (4A). Move the elbows in a see-saw motion, breathing long and deep with the motion (4B). Continue 26 times and inhale, exhale, pull on the lock. Relax 30 seconds.

5. In easy pose, grasp the knees firmly and, keeping the elbows straight, begin to flex the upper spine. Inhale forward, exhale back. Repeat 108 times,

6. Shrug both shoulders up with the inhale, down with the exhale. Do this for less than 2 minutes. Inhale and hold 15 seconds with shoulders pressed up. Relax the shoulders.

7. Roll the neck slowly to the right 5 times, then to the left 5 times. Inhale, pull the neck straight.

8. Lock the fingers in bear grip at the throat level (8A). Inhale -apply mul bhand. Exhale -apply mul bhand. Then raise the hands above the top of the head (8B). Inhale - apply mul bhand. Exhale -apply mul bhand. Repeat the cycle two more times.

9. Sat Kriya: Sit on heels with arms stretched over the head (9A). Interlock the fingers except for the two index fingers which point straight up (9B). Say "Sat" and pull the navel point in; say "Nam" and relax it. Continue at least 3 minutes. Then inhale -squeeze the energy from the base of the spine to the top of the skull.

COMMENTS:

Age is measured by the flexibility of the spine; to stay young, stay flexible. This series works systematically from the base of the spine to the top. All 26 vertebrae receive stimulation and all the chakras receive a burst of energy. This makes it a good series to do before meditation.

In a beginner's class each exercise that lists 108 repetitions can be done 26 times.

The rest periods are then extended from 1 to 2 minutes.

Many people report greater mental clarity and alacrity after regular practice of this kriya. A contributing factor is the increased circulation of the spinal fluid, which is crucially linked to having a good memory.

END OF KUNDALINI YOGA ROUTINE

HATHA YOGA ROUTINE

HATHA YOGA For SATANISTS

Physical yoga, along with Kundalini Yoga drastically amplifies vril, chi, witchpower, the power of the life force, etc. Below is a basic session you should do every day.

It is important to never force yourself in any of the stretches. Feel the stretch, this should be pleasurable and tension relieving, not ever painful. Yoga is very different from athletic stretching. It should be done in a relaxed state and never forced. It is right-brained and the goal is to empower ourselves. Anyone can learn on physical yoga their own, contrary to the popular notion of having a teacher.

You do not have to practice any special way of life. Nor do you have to be a vegetarian. Live your life as you choose, have sex as you choose with whom you choose, eat, sleep, work, and have fun as you choose.

If you feel a sense of lightness, increased bioelectricity, and power, you are performing the asanas [positions] correctly. Yoga is also best done alone, as others or a class can be a distraction.

Go with how you feel. As you progress, you can hold for longer periods, if you choose, but the routine below, combined with kundalini yoga [in this packet] will be enough to drastically raise your vril/witchpower. Some adepts hold the handstand and other asanas for 10 minutes or more. Remember, we are all individuals. For timing yourself, for example when holding a minute, just count to 60, like "one thousand one, one thousand two, one thousand three, one thousand four... You should relax and remain perfectly still when in each asana. Never jerk, tug, strain or pull and remember- only go as far as you are comfortable and feel a tension relieving stretch.

The sequence given below should be done in order.

***Inverted asanas should not be attempted by those who have brain problems, detached retina, cervical problems, those who are very overweight or have any condition that could be aggravated by increased pressure or blood flow to the head and neck.**

Women on their menstrual period should leave inverted asanas out until the period is over with.

Pregnant women should not do any inversions or anything that might strain the baby.

You can do the other asanas and leave the inverted ones out. Inverted asanas are when you are upside-down, such as the tripod, the Shoulderstand, the headstands, and handstands.

ALWAYS compliment a front bend with a back bend. There always has to be an opposite move in yoga. If you twist to the left side, you must also twist to the right side.

Every yoga program should include:

- Standing asanas

- Sitting asanas

- Forward bending asanas

- Backward bending asanas

- Side to side bending asanas

- Twisting asanas

- Inverted asanas (these can be left out for those who have medical problems as I mentioned in the above). Lying asanas

The routine below is adequate by itself, and serves as an example of a hatha yoga session. If you are interested, you can design your own routine. There are many resources in books and online. To really amplify your powers, you can do the routine below twice a day, but space this out- a few hours in-between.

Hatha [Physical Yoga] helps open the 144,000 nadis of the soul, distributing and evening energy flow, opening blocks in both the chakras and the nadis. This ensures safe ascension of kundalini.

1. Seated Forward Bend

Raise your arms straight over your head, back and legs straight and then reach forward and grab hold of your knees, calves, ankles, feet, or beyond as the completed posture in the third illustration below, depending upon how flexible you are. Remember- never strain. Yoga is not athletics. Only go so far as is comfortable for you as an individual.

2. Butterfly, Diamond

Bring your feet together as shown in the illustration below and lower your knees. You can place your hands on your knees to get them lower to the floor. If you are able to get your knees very close to the floor, then lower your chest as in the photo below and **hold for 1 minute**

3. Straddle Stretch

Spread your legs as wide as possible without any pain. If you are able to, put your forearms flat on the floor as shown in the second illustration below. If you are more flexible, then walk your hands out and place your chest flat on the floor as in the third illustration below. If you are flexible enough, slide your legs into a center split and lower your chest to the floor as in the fourth illustration below. **Hold this position for at least 1 minute, up to 5 minutes.**

4. Cobra Stretch

Lay flat on your stomach on the floor and then gently press your body up, arching your back into the position shown below. If you are less flexible, you can bend your arms. Go only as far as is comfortable. If you are more flexible, you can straighten your arms. In the second photo below is the advanced completed position. Working towards this begins with bending your knees and working your

5. The

Locust

Begin with your stomach flat on the floor and then raise both your chest and legs off the floor, as you are able to. Don't worry if it is only a couple of inches. This is a difficult asana for many people. Strength will come with consistent practice. **Hold for 15-30 seconds Begin with 15 seconds if you are new.**

6. The Bow

Begin with your stomach flat on the floor. Raise your chest and bent knees off of the floor and grab hold of your ankles. Use the strength of your back, chest and hips to maintain the asana, do not pull on your ankles.

Hold for 15-30 seconds Begin with 15 seconds if you are new.

7. Twist

Hold for 30 seconds to 1 minute for each side

8. Shoulder/Triceps Stretch

Sit in a cross-legged position, grab your elbow as shown in the illustration below and gently pull down

Hold for 15 to 30 seconds each side

9. Chest Stretch

Remain in the cross-legged position. Reach both of your arms behind you, interlace your fingers and keeping your arms straight, and raise your arms as high as you can comfortably. **Hold for 15-30 seconds.**

10. The Side Stretch
Hold for 30 seconds for each side.

11. Tripod, Headstand, OR Handstand

All of these positions can be done against a wall for support. If the headstand or handstand is too difficult, start out with the tripod, as shown below.

For the tripod, put the crown of your head on the floor, hands in the position shown below and place each knee on each elbow. **Hold for 30-60 seconds, working up to 60 seconds/1 minute.**

The headstand or handstand as shown in the photo below can be done against a wall for support. **Begin with a hold for 15-30 seconds if you are new to this. You can gradually work up to a full 10 minutes for advanced. You can do this by adding 15 seconds longer as you feel you are able to. Hold this position for 1 minute.**

12. Immediately after you come out of the tripod, head or handstand, hold the position below for at least half of the time you spent inverted. For example, say you held the headstand for 60 seconds, you would position yourself in the asana below, forehead on the floor, eyes closed for 30 seconds [half of that time].

13. The Shoulderstand

Hold the Shoulderstand for 1 minute. This position, like the head or handstand can be held as long as 10 minutes for advanced practitioners if so desired. If you are new, you can begin by holding for 30 seconds.

14. The Plough

Stay in the Shoulderstand position and then lower your feet behind your head, as shown in the illustration below. Your arms should be in the position shown below with hands flat on the floor. **Hold for 1 minute.**

If your back is inflexible, or you are unable to lower your feet to the floor, you can do the modified asana below:

15. The Fish

You can have your arms at your sides if you choose, no need to sit on them as in the photo below. The point of this asana is to counterbalance the Shoulderstand and open the throat. **Hold this position for half of the time spent in the Shoulderstand. If you held the Shoulderstand for 1 minute, hold the fish position for 30m seconds.**

16. Rest on your back comfortable for 5-15 minutes. This is very, very important. Meditate on the energy buzz you feel. This will amplify and grow over time if you consistently perform the above exercises - Hatha Yoga.

Introduction

“[Satanism is] *mankind’s original religion*”

- Satan

Joy of Satan Ministries is committed to the restoration of True Satanism. We look to the True Creator of the religion now known as “Satanism” and the Creator is Satan, himself. For far too long, enemies and outsiders have been free to define Satan and Satanism to fit their own agendas. Satan has rarely ever been allowed to speak for himself and reveal who he really is and what he is really about. Satan is a real being. He has interacted with many over the past several thousand years and he has left us his doctrines of the Al Jilwah, the Qu'ret Al Yezid and other manuscripts. He is the original Horned God.

Satan does not in any way fit the Judeo/Christian or Muslim descriptions that have falsely defined him for so long, nor does he conform to the character depicted of him in Anton LaVey’s “Satanic Bible.” In order to really know Satan, one must go to him personally, without prejudice or expectations. One will find he does not conform to this or that denomination’s conceptions of “evil” which have been foolishly and thoughtlessly heaped upon him for centuries.

Unfortunately, looking for answers from outside sources has been a common theme in Satanism because so much knowledge has been systematically removed and destroyed by the Christian Church. The Christian Church invented a false history to conform to their agenda, which is keeping spiritual knowledge and power in the hands of a few to the detriment of humanity.

Some of the articles on this website are obsolete in light of more knowledge. Satanism is knowledge and I am endlessly involved in further research and study to uncover ancient knowledge that has been suppressed. I do my best to update this website whenever my time permits.

Joy of Satan Ministries does not acknowledge or recognize Judaism, Christianity, or Islam as legitimate religions. These are in fact programs to replace spiritual knowledge with lies and corruptions, while extorting trillions upon trillions of dollars, and psychic energy, along with exploiting human misery and suffering to keep untold wealth, and spiritual knowledge and power in the hands of a "chosen" few. Judaism and Christianity are also extremely new, though they try to claim otherwise, with the latest major “religion” being Islam, which manifested itself less than 1,000 years ago.

We find these programs have their foundations built upon stolen, corrupted teachings and practices of the older religions and have nothing of their own. We take the same stance where “Wicca” and “Neo-Paganism” are concerned as well. Both of these are latecomers (both manifesting in the 20th century) and are corrupted versions of the original religions, that conform to the Judeo/Christian agenda of enslaving the world through the removal of true spirituality.

Our objectives are to enlighten people to the truth and expose all of the lies these recent so-called "religions" have created regarding Satan, Satanism, and Satanists.

We do not recognize or acknowledge groups who characterize Satan or Satanism by Judeo/Christian concepts, or those, who like the late Anton LaVey’s Church of Satan members, do not acknowledge his existence as a real being.

The information on this site is the result of much research and the personal interaction of many disciples with Satan and his Demons who have guided us and instructed us as to the truth concerning the origins of real Satanism. We encourage you to read and study freely and with an open mind. Only when one’s mind is completely free and deprogrammed, can true enlightenment and learning come about.

Satan

For too long, so many lies and so much misinformation have been spread about Satan. Many of us have seen him, have conversed with him, and have even been astrally touched by him. Nearly all of us who know him agree concerning his appearance. RHP religions have for far too long, written the book on how they believe him to appear, how they believe Demons to look and these are nothing but blasphemous lies. He is not red with horns and a tail, nor does he look like a Halloween monster. He does not have flaming red eyes or rubbery wings. These depictions are intended to insult, denigrate, and blaspheme him. (There are some [lower orders of Demons](#). They are protectors and messengers who serve the higher-ranking Demons). Here are images of how Satan appears to those of us who have seen him. Contrary to Satanism being labeled as "darkness," Satan appears wearing a long white robe identical to what he is shown wearing in the images below. Many of us see him often and have a very close relationship with him. He is beautiful. His appearance is almost exactly like in the pictures, other than he rarely appears with wings.

Many people have asked what Father Satan's Sigils look like:

- His Day is Monday.
- His Colors are Blue, Red and Black

He is the Sumerian God EA, also known as ENKI which means "Lord of the Earth." He is also known as Melek Ta'us.

- Animals that are sacred to him are the Peacock, the Serpent, the Goat, the Dragon and the Raven.
- His numbers are 2 and 11 and 4.
(666 is symbolic of the Age of Aquarius when he will rule again).
- His Zodiac Signs are Aquarius, the Water Bearer and Capricorn, the Goat.
- His Planets are Uranus and Venus (the Morning Star).
- His Directions are both South and East
- His most Important Day of the year is December 23, when the Sun is one degree into Capricorn. Capricorn is the 10th sign of the zodiac and the first degree of this sign makes eleven. The day following the beginning of the Winter Solstice is his Personal Day, which should be observed by every dedicated Satanist. (This was dictated directly from him, personally).

Spiritual Satanism

Spiritual Satanism, like "Traditional Satanism," differs from LaVeyan Satanism. We are aware of the existence of Satan/Lucifer as an actual being. We are not atheists! In spite of major discrepancies, the Church of Satan, founded 1966, by Anton Szandor LaVey, presently takes an atheistic stance as far as external deities are concerned, and views Satan as only an "archetype."

In light of new knowledge based upon hundreds of hours of intense and in-depth research, we have discovered the following:

1. Satan is our True Creator God.

"YHVH" otherwise known as "Jehova" by the deluded, is a false entity. ["YHVH" stands for the four elements and corners in the popular Jewish systems of magick that are available to the public.](#)

2. The character "Jesus Christ" is fictitious and was stolen from some 18+ Pagan legends of a God hanging from a tree, such as Odin, then being resurrected, and is another description of the alchemical operation of transforming the soul- death and then resurrection.

The nazarene is and has never been anything more than a tool to remove all true spiritual knowledge and disarm the populace of their spiritual powers. Humanity has paid to the tune of trillions upon trillions of dollars, and with sickness, misery, and suffering due to the removal of this knowledge. Spiritual knowledge was systematically destroyed, twisted, and corrupted to SPIRITUALLY AND FINANCIALLY ENSLAVE US ALL. By force-feeding the populace that the Nazarene is a real entity, those at the top have maintained control and have reaped untold wealth and power.

3. True Satanism preceded Christianity by thousands of years and is based upon total transformation of the soul. Christians are deluded into "accepting Jesus Christ" and "living saved" which is all false. Everything in the Christian religion is false and we prove this beyond all doubts. The Christian "saved" hoax is based upon stolen and corrupted knowledge of alchemy, where one truly works spiritually to transform one's soul into godhead.

Many Traditional Satanists worship Satan/Lucifer. Some acknowledge him as a friend and do not worship. We respect individuality and personal choices. One's relationship with Satan/Lucifer is up to the individual, as Satanism values free thought and individuality.

Satan is the bringer of knowledge. The goal of Spiritual Satanism is to apply this knowledge and transform our souls into godhead, as was originally intended by our Creator God Satan.

Unlike most religions, Spiritual Satanism encourages one to question everything. Being one's personal best and exceeding limitations are the essence of Spiritual Satanism and this begins with using one's brains to their maximum potential.

Spiritual Satanism does not in any way conflict with science. We strongly encourage and support all scientific knowledge and enquiry. We are well aware humanity is dangerously behind in scientific knowledge and understanding due to centuries of oppression by Christianity. We believe that all spiritual and paranormal phenomena can be scientifically explained in a rational manner; scientific knowledge has not yet progressed far enough to comprehend or explain much of the so-called "supernatural."

There are no mediators in Spiritual Satanism. We strongly encourage our people to interact one on one with Satan. The ministry is here for guidance and support only. One's relationship with Satan is between that individual and Satan. We take the stance of "responsibility to the responsible." We place no limitations on knowledge or personal power and do everything we can to make all knowledge available to EVERYONE- not just a select few who are a self-appointed "elite" as with other religions. Satan encourages self-study, learning, direct experience.

Most Spiritual Satanists make a commitment to Satan. The commitment is very important because Satan protects us as we work to advance our powers. Those who go it alone or without any spiritual

protection often meet with disaster. Once one makes a commitment, Demons often guide us and work with us to help us advance. Unlike right hand path religions, Spiritual Satanism encourages action. Satan wants his people to live life to the fullest and to evolve.

Satan is always there for us, but as we progress, he expects us to handle things, as we are able to, for ourselves, using our own powers. Christianity and its cohorts deliberately make cripples out of people. Christians forever rave about how their Nazarene has healed people. These people remain as slaves because they are never taught how to, nor are they required to heal themselves or others. The Nazarene archetype stands for slavery, servitude, and enduring endless abuse in order to program humanity to be the perfect slaves in a new world order. The Nazarene places total emphasis on the "afterlife" in order to create the mindset that the life we are now living does not matter. This frame of mind is essential for enduring all kinds of abuse for the benefit of a few.

"It has served us well, this myth of Christ"

-Pope Leo X (1475-1521)

As for the so-called "miracles" connected with Christianity, any healings have been very few and far in-between. These are also based upon allegories related to transforming one's soul. Any human being with spiritual knowledge and power can accomplish all of the feats attributed to the nazarene in the bible, and more. Most Christians are unaware that they are dealing with nefarious aliens (enemy Nordics also known as "angels" and greys), who put up a show every now and then to give credibility to the lie. With the New Age practitioners, many call upon angels for assistance and learn nothing. The same theme of human ignorance and powerlessness prevails. Satan/Lucifer is the True Creator God of, and the great liberator of humanity. He does not fear humans having spiritual power and knowledge because he is truthful and has nothing to hide.

Satan gives us the knowledge to become independent and free. He directs us to be masters of our own lives and destinies. Satan and his Demons are always there to help us when there are things we cannot yet handle.

Satan keeps his promises; he is consistent and loving with his own. Satan stands for freedom, strength, power, and justice. Satan shows us it is NOT OK for us to take abuse. He shows us that we are deserving of pleasure, happiness and a better life. He created us through genetic engineering, the same as scientists are now creating clones and working with genetics, but only on a much more advanced level.

Many people disregard so-called "occult" power, they do not take it seriously or are otherwise completely ignorant concerning it. The truth is, occult power has been in the hands of a few for centuries. Christianity has been their tool for removing this knowledge from the populace. Following the removal of knowledge, a fictitious past was invented to keep people from knowing the truth. People who do not understand or are unfamiliar with these skills are at the mercy of those who have them and who are adept at using them. Thousands of years ago in Ancient Egypt, this power was well known and most of the populace knew how to use it. With the arrival of Judeo/Christianity and Islam, knowledge was systematically destroyed wherever it was found.

Cities, libraries, and any other sources of knowledge were destroyed in an attempt to annihilate all knowledge of the Original Gods [who are extraterrestrials] and the powers of the human soul. The Gods who interacted with, intermarried or befriended humanity were cursed and banished.

Humanity has been cut off from our True Creator God Satan and has devolved ever since. The abuse of children, animals, careless destruction and disregard for the environment, the earth, and other living creatures are some of the effects of spiritual degeneration. Thousands of years ago, long before the coming of Judeo/Christianity, humans lived side by side with the Gods in the era known as "The

Golden Age."

Satan is the Sumerian God known as "EA" or "ENKI." He is a GOD, not an angel! He has been denigrated and slandered through the centuries with falsehoods and lies. Most people do not know Satan. They believe everything they are told about him without question. Fear is a powerful tool that has been used for centuries to keep humanity away from Satan.

Satan is the most brilliant and powerful of the Gods. He is symbolized by the Water Bearer of the sign of Aquarius, the 11th sign of the Zodiac. Aquarius is the sign of humanity, technology and genius. One of Satan's numbers is 11.

Satan/Enki established the Ancient Egyptian Order of the Serpent, also known as "[The Brotherhood of the Snake.](#)" Through the millennia, the teachings have been corrupted and no longer resemble the original doctrines. This Order was to bring humanity godly knowledge and power and to complete the Great Work of transforming our souls. This knowledge has been kept in the hands of a few and abused to the detriment of us all under the direction of the enemy gods. People are told if they are given this power, they will abuse it. This is another lie created and spread by those who deliberately use these powers for nefarious ends under the direction of the enemy extraterrestrials masquerading as "jehova" and company. To reveal these well-kept secrets to the average person would assure that those in control would no longer retain their power.

The Gods are an extra-terrestrial humanoid race of beings. In the Christian bible, they are referred to as the "Nephilim." These beings are very evolved, highly advanced, and immensely knowledgeable and powerful. They genetically modified their DNA, so they do not age.

In the Simon version of the Necronomicon (this book is based upon Mesopotamian/Sumerian mythology, even though classified as a work of fiction), the phrase: "When the Great Bear hangs low in the sky" refers to the constellation Ursa Major, part of the Big Dipper. When the planets align a certain way, it opens up a travel line for space travelers. People are always looking to the sky for when the Gods will return.

Humanity's sole purpose was for use as slave laborers in the mines for the Nephilim. We were to be destroyed after the gold mining project was completed. Satan, along with many of the Nephilim fathered children with human mothers. These offspring were known as "Demi-Gods."

Satan is incredibly strong, brilliant, and powerful. He refused to admit defeat. He lost a battle, but not the war. SATAN/LUCIFER STANDS FOR FREEDOM FROM TYRANNY!

DOES SATAN REALLY EXIST?

Yes. He interacts with his Disciples and followers. Many of us have seen him, we have witnessed the so-called supernatural, and we have been given abilities way beyond that of the average person. When we ask, we get answers. Unlike other religions, where followers have to go searching for their gods, Satan/Lucifer comes to us. He lets us know of his presence.

Demons, as opposed to all of the Christian lies, are friends of humanity. Demons, who are the Original Gods, give us much individual attention and protection, once a strong and trusted relationship is established. When we are close to, and under the protection of Satan, he gives us good Demons to work with. Their Sigils contain very important designs of alchemical symbols related to the opening of the soul.

Satan is not "evil," nor is Satan responsible for the multitude of illnesses, diseases, or anything else that afflicts humanity. These afflictions are due to the removal and destruction of ancient knowledge that was replaced with the Christianity programs.

Satanism stands for the balance of spirituality with technology. Without this balance, civilizations

eventually collapse.

“Hell” is not a burning lake of fire. Hell is not inside the Earth, as some foolish Christians claim in order to frighten people. The Christian concept of Hell is very ludicrous. Some of us, who are close to Satan, have seen “Hell.” We all seem to have had the same experiences. Some places in Hell are dark and illuminated by a blue light, and in other places, there is daylight. One of Lucifer's colors is blue and Demons often appear with a blue light. Blue is a very spiritual color. I saw people sitting around a table in a bar in Hell, playing cards. The room was smoke filled, these people, already being dead, could smoke to their hearts content. These people were in spirit form. Some visit the earth to help humans who are on the Left Hand Path. This is where Satan keeps his own people until we can reincarnate and evolve into godhead.

"Hell" and the "Lower world" are also allegories for the three lower chakras; "Hell" representing the base chakra. The reason for this is the [fiery kundalini serpent](#) lies coiled beneath the base chakra and when roused, it can be scorching hot.

As opposed to hysterical Christian claims, Satanism is not in any way about blood sacrifice. [All kinds of murder and living blood sacrifices can be seen all throughout the Judeo/Christian bible.](#) The serpent/snake, which symbolizes Satan, represents the kundalini at the base of the spine, also the DNA. The serpent represents life. When this force is activated, we are healed and enlightened.

Satanism for Newbies

Spiritual Satanism for New People

If you are new to Satanism, we encourage you to read everything on this website. Some of the articles are outdated. We are working on revising these, but most of the information is self-explanatory.

Membership in the Joy of Satan is open and free. Thanks to donations, we are able to make knowledge openly and freely available while we do research. We keep everyone posted as to new knowledge and material.

Once you have studied this book, if you are serious about wanting to [make a commitment to Satan](#), this will be your initiation to Spiritual Satanism.

After you have performed your commitment ritual, you should begin a [power meditation program](#). Power meditation is the foundation of Spiritual Satanism. You will find help in the e-groups with any questions you may have concerning meditation experiences and such. Many brothers and sisters in Satan in the groups are knowledgeable in these matters.

Here are some answers to questions that frequently come up in the groups concerning Spiritual Satanism:

1. All consenting sex in Satanism is free- straight, gay, bi-sexual, group sex, etc. Your sex life is your own personal business. This also includes those who choose to remain sexually inactive, or who are a-sexual. Your sex life, however you choose to live it is your own business!
2. Recreational drug is your own business and your own judgement. Responsibility to the responsible. Spiritual Satanism advocates empowering the soul without the use of artificial stimulants or mind-altering substances, but this is up to the individual.
3. Satan does not demand slavish worship. He does not expect us to be "sorry." Satan gives us knowledge and expects us to apply that knowledge in advancing our powers and our soul. Satan wants for us to grow, evolve and become independent.
4. Satanic prayer is sending energy. For example if a loved one is sick, we would send him/her healing energy.
To communicate with Satan and his Demons, we do this telepathically. This sort of thing will come with power meditation and opening your mind. Satan DOES hear us when we communicate to him.
5. Weekly rituals are great for new people in opening the soul to Satanic energy which is very beautiful.
6. People coming here who were former Christians, need to read through [Exposing Christianity](#). By reading through the articles, you will see the truth. The world has been indoctrinated and force-fed lies for centuries through Christianity and its cohorts. Christianity is a lie and nothing more than a program to remove spirituality. In coming to Satanism, you will find the spirit world and your soul are very real. Few have experienced real spirituality, empowering the soul and so forth, due to centuries of lies. Through learning and empowering ourselves, anxieties and fears are banished and we become strong in wisdom and knowledge. Most Satanists are spiritually confident and capable and do not fear the so-called "supernatural" or death.
7. If you are under-age and living in a Christian home, Satan understands. Do the best you can until you are of legal age and can practice your religion freely. Satan wants his people to be safe. Satan states in the [Al-Jilwah](#):

"Do not mention my name nor my attributes, lest ye regret it; for ye do not know what those who are without may do."

For Those Who are New

Unfortunately, the Christian Church has prevented much in the way of freedom of the press and free speech, especially for those of the left hand path over the years. Satanism is a major threat to many who wish to retain control and power as Satanism places this control and power in the hands of the common man/woman. Satanism has been deliberately suppressed and followers have been severely persecuted. Enemy religions have been free to promote their own lies and horror stories about Satanism to keep people away, using a lack of knowledge and fear. This has led to much ignorance and confusion concerning Satanism and has had a most unfortunate effect on many who have had misunderstandings or no one to answer their questions when seeking the left hand path.

Satanism is a VERY spiritually intense religion. For those of you who were raised in Christian homes, or were atheists, this intensity of spirituality can be surprising or even come as a shock. Other religions are spiritually dead; in other words, nothing happens, and on the rare occasion something does, it is of a weak nature. Most right hand path religions are based upon stolen and false practices. As opposed to Christians who pray and keep praying with no answers, Satanists get blatant answers and I don't mean twenty years later!

Many of us have had similar experiences as Spiritual Satanists, but as we are all individuals, experiences will vary, and what one person may experience, another may not.

For those who are new, here are some of the things you can expect:

- Strange and frequent coincidences, usually of a positive nature.
- Voices that may give you good advice or inform you of something you didn't know or something that will happen.
- Vivid dreams, especially if you have been studying a lot about Demons. Usually these dreams aren't negative, just vivid and intense.

Many things happening early on can be stimulating and exciting. Remember this is something new and can take some getting used to, as you are establishing strong, permanent spiritual relationships that will help you immeasurably.

Now, at some point, usually when you are feeling somewhat confident, Satan will more than likely show you what is wrong with your life. Satan knows everything about us and where we are headed by our actions, lack of initiative or whatever the case may be. If we are doing something that will have a detrimental effect on our lives down the road, he will let us know, **BLATANTLY**.

This can be bewildering and even downright frightening to some, especially with all the lies and false horror stories spread by the enemy for centuries. There is no cause for alarm. He is only getting onto you because he cares. Sometimes he will send a Demon to direct us, as he did with me and I am to this day, deeply grateful. The Demon might get strict or do whatever will get you to listen up and change.

NEVER WILL SATAN OR HIS DEMONS TELL YOU TO DO ANYTHING HARMFUL OR DETRIMENTAL TO YOURSELF OR OTHERS! These kinds of experiences come from Christian angels and other entities that have nothing to do with Satan or any of the Demons.

Always remain open. If you are having problems understanding something or are confused, you can ask Satan to help you and he will. Remember, **ALWAYS** show respect and reverence for Satan and our Demon friends and they will reward you with much wisdom and knowledge that outsiders will never

have.

The so-called "supernatural," is a part of our daily lives as Satanists. This is something positive. Satan will reward you with a sense of spiritual and inner strength that will pull you through anything. Psychic gifts begin to open to us more and more, along with confidence and deep understanding.

In finishing, it is important to keep a strong positive attitude and don't listen to bullshit stories told by those who know nothing about Satan, or Satanism. Dark blessings and may your journey on the left-hand path be rich and rewarding.

Satanic Sacraments

People have asked me why I advocate making a commitment to Satan. Making a commitment to Satan is a sacrament. It changes your life for the better and also opens a door to knowledge, wisdom, the spirit world and friendly communication with the Demons that is inaccessible to outsiders. Making a commitment shows one's intentions and dedication to Satan. This is where he takes us seriously.

Unlike sacraments in other religions, Satanic sacraments are real and true. In other religions, the sacraments are false. This is proven by the fact that those who receive them can just walk out or "backslide" and leave at any time. They have no power or bond. They are in reality, worthless.

When we make a commitment to Satan, he takes us and our word seriously. This is real and permanent as it should be. The initiation ritual also represents a test of character. Strength is so important. Our character is tested when we give our souls to Father. Here we take one of the most courageous steps of our lives. Many of us go up against everything we have been indoctrinated with throughout our lives with bold defiance. Here we show our true character, that we are not manipulated by fears, threats and things we truly do not understand. This is a huge spiritual step in liberation of the self and soul and prepares us for the intense inner growth and spiritual evolution that comes with being a true Satanist.

This shows we are truly dedicated to Father and we mean what we say, as total honesty is extremely important to Satan and the Demons. In return, we are rewarded with knowledge and wisdom beyond anything known to outsiders.

Also, when those of us make a commitment to serve as clergy, this is a serious lifetime appointment. Father takes us up on this. He frequently makes his presence known in the lives of his disciples even when we have our minds on something else. This is the way it should be. Father's relationship with us is a two way street. He meets us more than half way.

Outsiders are known as "those who are without." Many who have dabbled in the occult, magick and even Egypt; (as Egypt and all of the occult are of Father Satan) outsiders have had their share of negative experiences and hard luck as they have not made a commitment. I have found outsiders can only go so far in these areas. When we make a commitment, we become part of the Family of Satan and are welcomed to learn, grow and evolve.

Powers of the Mind and Soul

The essence of TRUE Satanism is completing our Creator God Satan's work upon humanity. Satan was prevented from finishing his work on humanity: that of the human soul into the godhead. The "godhead" is spiritual and physical perfection and immortality, along with godlike powers, wisdom, understanding, and knowledge. This is the underlying message of all of the legitimate occult disciplines, such as alchemy and the legends of the Gods which are all allegories containing this powerful message.

At first mention for those who are inexperienced with witchcraft (using the powers of one's own mind and soul to obtain one's desires), images of old hags with pointed black hats, broomsticks, bats, cauldrons, frogs, toads, amulets, sacred stones, symbols, etc., pour forth in one's mind.

The powers one uses are the powers of his/her own mind and soul, to begin with. The above mentioned, many are just useless props, such as a cauldron. Others, such as amulets, rings of stones and so forth amplify energy. Covens (groups of witches/warlocks) can be extremely powerful in amplifying energy, as many gifted people work together to apply these powers, many in the case of where one working alone could not accomplish certain workings. Raising energy and direction of that energy in obtaining desires, whatever they may be, is what witchcraft is all about.

We often see circles along with astrological glyphs and other occult symbols in the movies and such. Astrological timing of raising and directing energy is often critical to the success of a working and greatly amplifies the powers. Witches and warlocks [mages](those who use the powers of their minds and souls and have this knowledge) use whatever means they can to amplify their powers. This is important.

Demons and spiritual assistants often use frogs, toads and other animals called "familiar" to assist mages in their work, and communicate through the medium of an animal, which is always very well cared for and close to the mage; a powerful bond is formed. The familiar also offers protection and is a gift from Satan.

Summary:

1. True Satanism is working to advance one's mind and soul and personal powers.
2. "Witchcraft" is using these powers, which are of the mind/soul. Symbols, amulets, stones and other props act to amplify the energy, either directly, or indirectly for those who prefer to use imagery to intensify their powers.

The Three Steps of Witchcraft

This article is basically for new people or a getting back to basics. While there is no "three-fold law," ([Click here to read about The "Three-fold Law of Return" Exposing This Lie and its Origins](#)) there are three basic STEPS to working magick.

1. You raise the energy
2. You program the energy
3. You direct the energy.

When you begin directing the energy, you should continue to program it, while you visualize it doing what you want it to do.

Let's begin with step one. First, you have to have energy to work with, the stronger, the better. The stronger your own energy, the more energy you will naturally be able to raise, direct, and handle. The more experienced you are, the easier this becomes. All of this is like working a muscle. The more you work with it, the stronger it becomes.

For white magick (this is best to work with for newbies, black magick requires more experience and skill) you will more than likely want to use your own energy and connect with the working.

[Using Runes and vibration](#) is one of the quickest and most powerful ways of raising energy. Other ways are using the [foundation meditation](#) or through just visualization. You raise the energy and should feel it strongly, throughout your entire body.

With Step Two, you must program the energy. By "program," I mean you must tell it what you want it to do. Energy all by itself is pretty much neutral and inert. With step two, you must use what are called "affirmations." "Affirmations" are short, to the point phrases in the present tense that are repeated to program the energy. The present tense must be used because energy does not have the reasoning power to understand "will happen." "Will" can be at any time.

For example: You don't want to say "_____ will come to me." Instead, you want to say "_____ IS coming to me."

Energy does not have the reasoning power as to *HOW* what you want is coming to you. Energy takes the path of least resistance, unless it is programmed. For example, many of you want more money. Don't just affirm "Money is coming to me." This could manifest, if undirected, say on a job where you handle money, like a cashier for example, or through your paycheck, as usual. That is the easiest way. You have to further affirm: "Large amounts of free and easy money are coming to me." "This money is all mine to keep and spend as I wish." You also should affirm "in a very positive and happy way for me." You don't want a loved one to die and leave you an inheritance or get the money in a way that would be unpleasant.

So your affirmation would go something like this: "Large amounts of free and easy money are coming to me, This money is all mine to keep and spend as I wish. This money is coming to me in a very positive and happy way for me."

Affirmations should be repeated with intent, five to ten times or more, in your mind. You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working.

ALWAYS REMEMBER: ENERGY TAKES THE PATH OF LEAST RESISTANCE AND DOES NOT

HAVE THE ABILITY TO REASON.

Another example is weight loss. You don't want to wind up getting seriously ill, as this is one of the easiest ways to drastically lose weight. Your mind can do it for you when properly programmed, for example affirm: "I am losing weight in a very positive and healthy way for me."

With step three, you direct the energy. You do this through visualization. Energy using white magick should be visualized as a white-gold light, shining brilliant like the Sun.

You need to visualize this brilliant energy either around your entire self and/or around whatever it is that you want. Visualize in your mind whatever it is OCCURRING NOW and visualize the energy lighting it up.

For example, with attracting money, you would want to visualize the money (your wallet full, or whatever), even *feel* and *smell* the money, touch it; the more realistic and the more astral senses you use, the more effective this will be, and infuse it with as much energy as you can, the more brilliant, the better, using your visualization. Feel happy emotions.

For health, direct the energy to the afflicted organ, and visualize yourself as healthy and happy. Again, FEEL happy, while you are doing the working, as if it is already so.

Now, forget about the working and try to think of other things. This can be difficult in desperate situations, but do the best you can, because worry and obsessing over a working can undo the energy you put into it. Just let it go and know it is working. The only exception to this is, I already went over in the above: You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working. Just don't obsess over it, as this is a lack of faith in your own power and can dilute the energy or ruin the working. This sort of thing takes practice like anything else.

Now, for black magick, you do not want to come into contact with any negative energy you raise. Those who do not have knowledge do this sort of thing and suffer many times for it. The answer to everything is knowledge.

Now, I am speaking from my own experience here. Most popular grimoires and such will tell you to use black energy. In my own experience, I have found grey energy to be the most devastating. Grey energy is also death energy. It causes illnesses and all sorts of negative things.

For example, a death spell. I speak from experience here. Take the death energy from a cemetery or anywhere there is death and pull it out of the ground, using visualization. Program it, as in step two, for example, "The grey death energy is killing_____." Do this while you are putting it on the individual you wish to do away with. I have also found through direct experience, this must be done many times on a regular basis.

I also want to add, most popular writings will instruct you to raise as much emotion, such as anger and hatred as possible. Again, this is ok, but not necessary. What is necessary are the strength of your own soul, your will and directing the energy.

On a lesser note, those who deliberately try to do you harm in your life, simply direct their own energy right back to them, using the grey tones. Sit back and watch them suffer and revel in it.

Ritual Tools for Those Who are New

The ritual tools are representative of the 4 elements; fire, earth, air and water.

The ATHAME or "ritual dagger;" "black handled ritual knife" is used to point at the 4 directions and invoke the 4 crown princes of Hell. It is used to direct energy and the will. It is associated with the element of AIR. It symbolizes the male energies of the rite.

The BELL is used to signal the beginning and end of the ritual. The ringing of the Bell clears the air in preparation for ritual. It is rung in opening by turning widdershins (counter-clockwise) and at the end of ritual by turning deosil (clockwise).

BOOK OF SHADOWS aka SPELLBOOK aka GRIMIORE is your own private journal of ritual and magickal workings; their outcome, what you did and when and how you did it, spirit communications and manifestations. A private record you can keep and refer to recording all of your experiences in detail.

The BURNING BOWL should be made of stainless steel or silver. It is of the element of FIRE and is used to burn papers that contain written prayers/requests during ritual. A separate bowl is not necessary, but can be used to [burn poppits](#), personal belongings or effigies of a hated on for use in destructive (Black) Magickal workings.

I always keep separate ritual items for Black Magickal workings. The reason for this is because when we practice Black Magick, we are using very negative and destructive energy. This energy can contaminate your every day ritual items. Black magickal tools are best kept separate. In time, they will develop a powerful energy of their own.

CANDLES are representative of the element of FIRE. Candles for standard ritual should be black, but if black is unavailable, blue or red can be used. When summoning Demons, it is important to use the color related to the Demon (see "how to summon Demons").

*Due to xtian control, places where black candles can be purchased are becoming scarce. Do the best you can- remember, what is in your heart and what your intentions are is more important than the color of your candles.

The [INCENSE BURNER](#) is used to perfume the air and to make for a favorable atmosphere for ritual and magickal workings. Incense is pleasing to Demons. One should always have a sample burning of new incense. This is because once a ritual has begun, it is too late if the incense is substandard. Cheap or foul smelling incense can be a major embarrassment and can also be insulting to the spirits one is trying to summon. The Incense Burner is both of the element of FIRE and the element of AIR.

RITUAL CORDS are not necessary, but can be used in binding spells or with spells that require knot magick.

CRYSTALS are not necessary, but can be used to intensify ritual and magickal workings and to store energy.

The RITUAL CHALICE represents the element of WATER. It is used to drink wine or some other beverage during a formal ritual. It should be silver or stainless steel. It symbolizes the female energies of the rite.

PENTAGRAMS are not necessary, but can be used to represent the element of EARTH. They should be of silver or stainless steel. *Everyone should have a BAPHOMET symbol somewhere on their altar.

The WAND is a standard ritual tool used by mages and sorcerers of the Right Hand Path. I strongly discourage the use of a wand. It is also called a "BLASTING ROD" and for centuries has been used to abuse and exploit Demons in the name of the enemy god. This is not wise if one wishes to establish relationships with Demons as wands are very offensive to them. Wands are representative of the element of fire.

The Doctrines Of Satan

The Yezidi Devil Worshipers of Iraq

There have been many conflicting articles concerning the Yezidi Devil worshippers of Iraq. The Yezidi people originally came from Southern Iraq and migrated north to Mount Lalish. It is believed they are descendants of the Assyrians who sought refuge after the fall of Nineveh in 612 BCE. ¹ Eridu also known as "Enkidu" was an ancient city in Southern Iraq. This was Father Satan's (Enki's) city. The valley of Baten El Ghouh which is right over the buried ancient city is now known as "The Devil's Hole." "Belly of the Beast." The Jordanians and many others consider it to be haunted. Demons have been seen by many who have spent the night there, mostly soldiers in bivouac (camps). Those who have been there for any length of time claim it has a powerful energy which RHP people label as "evil."

Those who have spent the night there also claim the entire area is "bathed in a strange bluish grey light." "Apparitions" are also seen. (The above information was taken from the book "Psychic Warrior" by David Moorehouse). The author was a US Army soldier who was hit in the head by a mortar shell while camping with his platoon in that valley and experienced psychic phenomena and abilities he never had before the incident. He was eventually assigned to the US Army Psychic Warfare Dept.

Iraq has many ancient artifacts and evidence of Satan. Mount Lalesh is near the ancient Assyrian city of Nineveh and along a three hundred mile stretch are the Ziarahs; the Seven Towers of Satan with the center tower on Mount Lalesh. The "Seven Towers or Power houses -a high white cone shaped structure with bright rays flashing from its pinnacle."²

Each tower is topped by a brilliant heliographic reflector, and was intended to serve as a power house from where a Satanic/Yezidi Priest could beam his will to influence events in the world.

The Yezidis have often been described as a secretive people who are not permitted to reveal their religion to outsiders, they keep their real beliefs hidden. Modern Yezidism has changed somewhat from the old ways due to outside interference. The Yezidi people have been severely persecuted and are very suspicious of outsiders. It is obvious their doctrines have been altered to conform to xian beliefs as in the Qu'ret Al Yezid, Satan dictates he is a God and in other places it reads he is an "archangel."

Satan dictated the Al Jilwah directly to Yezidi prophet Sheik Adi in the 12th century. The Al Jilwah is the most important doctrine in Satanism and every Satanist should be familiar with its teachings. I asked Satan if the Al Jilwah was from him and he confirmed it was, but stated that the Muslims altered some of the Yezidi doctrines.

The Yezidis have been victims of mass murder and genocide at the hands of others, mainly of those of the xian and muslim religions. In the year 1415 CE, Muslims desecrated and burned the tomb of Sheik Adi, ransacking his grave and removing his bones and burning them in front of the Yezidis. "Some of the Yezidi multitude they took as prisoners and made slaves of them, others they murdered. "Badr al-Din further ordered the execution of two hundred members of the sect and had Sheik Adi's bones disinterred and burned." ³

In 1892, Farik 'Omar Pasa invited several Yezidi Chiefs to Mosul. His agenda was to collect 20 years back taxes and to try to convert them to Islam. A few xians were present at the meeting. He began to

tell them that “if they would give up their Devil-worship, they would be rewarded with high place and rank, and would please the great Allah.” When they refused to answer, Farik threw them into prison, marched on their village and “slew about 500 of them.”⁴

Most Yezidis are illiterate and the few doctrines they have are passed down from generation to generation by word of mouth. In order to avoid persecution, the Yezidi people have purposely deceived outsiders concerning their beliefs and doctrines. This explains why there are so many conflicting accounts of their faith. The Yezidis have very few scriptures; in the Al-Jilwah, Satan instructs: “I lead to the straight path without a book.”

”Melek Ta’us taught “first by oral tradition and secondly by this book *Jilwe*.”⁵

The Yezidi people are forbidden to say the name “Shaitan.” They refer to Satan as “Melek Ta’us.” Melek means “King.” He is known as the Peacock Angel because of his beauty and pride. He is the “Proud One” and “Ruler of the Earth.” He is a God of light rather than of darkness and is concerned with the destinies of the world.⁴ The Yezidis represent Satan by both the peacock and the snake. “The peacock represents the beauty of the worshipped God and the snake represents his wisdom because he is both beautiful and wise.” Their holy relic is the copper sanjak, an image of the peacock.⁶

They play the flute and tambourine at their festivals and dance; “a worship which led to every excess of debauchery and lust.”⁷

”The Jalwah and the Resh are the authentic holy scriptures of the Yezidis. The Yezidis not only acknowledge the loss of many copies of their scriptures but also Shaikh Hayder’s recording of the Book of Resh. The latter no doubt the Resh scripture was set down from memory.” The Yezidis indeed avoid mentioning the very name ‘Satan’ or any of his attributes; have kept themselves aloof for centuries and their books a mystery. They also are forbidden to wear the color blue as this is the sacred color of Satan.⁸ The Yezidis sometimes use the name “Ankar” for Satan and the name Angar-Manyu for Ahriman in Zoroastrianism.⁹ The Mishaf (Scripture) Resh (Black) the Yezidis believe was written by Shaikh Hasan al-Basri has been called “Black” because the word Satan is covered in it. Some believe it was the Quran with the words for Satan covered by wax. It measures 28 x 21 cm. and has a leather cover. The Yezidis also have a reputation for being adepts at black magick.¹⁰

The Al Jilwah; The Black Book of Satan

Chapter I

I was, am now, and shall have no end. I exercise dominion over all creatures and over the affairs of all who are under the protection of my image. I am ever present to help all who trust in me and call upon me in time of need. There is no place in the universe that knows not my presence. I participate in all the affairs, which those who are without call evil because their nature is not such as they approve. Every age has its own manager, who directs affairs according to my decrees. This office is changeable from generation to generation, that the ruler of this world and his chiefs may discharge the duties of their respective offices everyone in his own turn. I allow everyone to follow the dictates of his own nature, but he that opposes me will regret it sorely.

No god has a right to interfere in my affairs, and I have made it an imperative rule that everyone shall refrain from worshipping all gods. All of the books of those who are without are altered by them; and they have declined from them, although they were written by the prophets and the apostles. That there are interpolations is seen in the fact that each sect endeavors to prove that the others are wrong and to destroy their books.

To me truth and falsehood are known. When temptation comes, I give my covenant to him that trusts in me. Moreover, I give council to the skilled directors, for I have appointed them for periods that are known to me. I remember necessary affairs and execute them in due time. I teach and guide those who follow my instruction. If anyone obey me and conform to my commandments, he shall have joy, delight, and comfort.

Chapter II

I requite the descendants of Adam, and reward them with various rewards that I alone know. Moreover, power and dominion over all that is on earth, both that which is above and that which is beneath, are in my hands. I do not allow friendly association with other people, nor do I deprive them that are my own and that obey me of anything that is good for them. I place my affairs in the hands of those whom I have tried and who are in accord with my desires. I appear in diverse manners to those who are faithful and under my command.

I give and take away; I enrich and impoverish; I cause both happiness and misery. I do all this in keeping with the characteristics of each epoch. And none has a right to interfere with my management of affairs. Those who oppose me I afflict with disease; but my own shall not die like the sons of Adam that are without. None shall live in this world longer than the time set by me; and if I so desire, I send a person a second or third time into this world or into some other by the transmigration of souls.

Chapter III

I lead to the straight path without a revealed book; I direct aright my beloved and chosen ones by unseen means. All my teachings are easily applicable to all times and all conditions. I punish in another world all who do contrary to my will.

Now the sons of Adam do not know the state of things that is to come. For this reason, they fall into many errors. The beasts of the earth, the birds of heaven and the fish of the sea are all under the

control of my hands. All treasures and hidden things are known to me; and as I desire, I take them from one and bestow them upon another.

I reveal my wonders to those who seek them, and in due time my miracles to those who receive them from me. But those who are without are my adversaries, hence they oppose me. Nor do they know that such a course is against their own interests, for might, wealth and riches are in my hands, and I bestow them upon every worthy descendant of Adam. Thus the government of the worlds, the transition of generations, and the changes of their directors are determined by me from the beginning.

Chapter IV

I will not give my rights to other gods. I have allowed the creation of four substances, four times and four corners; because they are necessary things for creatures.

The books of Jews, Christians and Muslims, as of those who are without, accept in a sense, i.e., so far as they agree with and conform to my statutes. Whatsoever is contrary to these, they have altered; do not accept it. Three things are against me and I hate three things. But those who keep my secrets shall receive the fulfillment of my promises. Those who suffer for my sake I will surely reward in one of the worlds.

It is my desire that all my followers unite in a bond of unity, lest those who are without prevail against them. Now, then, all ye who have followed my commandments and my teachings, reject all the teachings and sayings of such as are without.

I have not taught these teachings, nor do they proceed from me. Do not mention my name nor my attributes, lest ye regret it; for ye do not know what those who are without may do.

Chapter V

O ye that have believed in me, honor my symbol and my image, for they remind you of me. Observe my laws and statutes. Obey my servants and listen to whatever they may dictate to you of the hidden things. Receive that, that is dictated, and do not carry it before those who are without, Jews, Christians, Muslims and others; for they know not the nature of my teaching. Do not give them your books, lest thy alter them without your knowledge. Learn by heart the greater part of them, lest they be altered.

Qu'ret al-Yezid; Revelation of Melek Ta'us

*Wherefore, it is true that my knowledge encompasses the
Very truth of all that is,
And my wisdom is not separate from my heart,
And the manifestation of my descent is clear unto you,
And when it is revealed to the children of Adam it will
Be seen by all.
And many will tremble thereby.
All habitations and desert spaces are indeed of my own creation, set forth,
All fully within my strength, not that of the false gods;
Wherefore I am he that men come with their rightful worship,
Not the false gods of their books, wrongly written;
But they come to know me, a peacock of bronze and gold,
Wings spread over Kaaba, temple, and church, not to be overshadowed.
And in the secret cave of my wisdom it is known that there is no god but myself,
Archangel over all the host, Melek Ta'us.
Knowing this, who dares deny?
Knowing this, who dares fail to worship?
Knowing this, who dares worship the false gods of the Koran and bible?
Know that who knows me will I cast into paradisiacal gardens of my pleasure!
But the Yezid who knows me not will I cast into affliction.
Say then, I am the only and exalted archangel;
And I make prosperous whom I will,
And I enliven whom I will.
Say then, I alone am to be praised from the Towers of Lalish,
And from the mountain of Ararat to the western sea.
Say then, let the light of knowledge flash forth from the ziarahs,
Flash forth from the river of Euphrates to the hiddenness of Shamballah.
Let my Sanjak be carried from its safe place into the temple,
And let all the clans of Yezid know of my manifestation,
Even Sheikan, and Sinjar, and Haliteyeh, and Malliyeh, and Lepcho,
And the Kotchar who wander among the heathen.*

So saith Shaitan

Peace Be Unto Him

*My understanding surrounds the truth of things,
And the truth is mixed up in me,
And the truth of my descent is set forth by itself,
And when it was known, it was altogether in me
And all the habitable parts and deserts
And everything created is under me
And I am the ruling power preceding all that exists
And I am he that spoke a true saying
And I am the Just Judge and Ruler of the Earth
And I am he that men worship in my glory
Coming to me and kissing my feet
And I am he that spread over the heavens their height
And I am he that cried in the beginning
And I am he that of myself revealeth all things,
Verily the all-merciful has assigned unto me names,
The heavenly-throne, and the seat, and the heavens, and the earth.*

*In the secret of my knowledge, there is no god but me.
These things are subservient to my power.
O mine enemies, why do you deny me?
O men deny me not, but submit.
In the Day of Judgment, you will be happy in meeting me.
Who dies in my love, I will cast him
In the midst of paradise, by my will and pleasure;
But he that dies unmindful of me
Will be thrown into torture in misery and affliction.
I say I am the only one and the exalted;
I create and make rich those whom I will.
Praise it to myself, for all things are by my will,
And the universe is lighted by some of my gifts.
I am the king that magnifies himself,
And all the riches of creation are at my bidding.
I have made known unto you, o people, some of my ways.
So saith Shaitan*

Satan's Poems

1st Poem

*The Knowledgeable one knows that the peoples learning
contains some of the sea of my knowledge.*

*The lotus tree in the seventh heaven is the place of my
revelation.*

*For that I am all-hearing, the all-knowing;
glorified is my sanctity and elevated is my name.*

*Paradise is my wine and Hell is the heat of my scorching
wind.*

Constellations prostrated to me until I was elevated.

Like the prostration of servants to the served.

And all those in the universe said to me

O God, Lead us into the straight path.

-So saith Shaitan

2nd Poem

My honor is presiding over everything.

And for this I am the one, the most strong and the most perfect

And I call in my strength who is the rule other than me.

I am the great and the most high.

O my worshippers believe in me, do not disregard me

For disbelief is of the characteristics of the selfish.

I give the infidels an ever close fire to drink

And breezes to those who believe in me.

Praise be to me glorified is my ability

Elevated is my sublimity, Here I am the King of the Earth.

-So saith Shaitan

3rd Poem

*I have created the men of time
The seven earths and the seven heavens.
These are my suns shine on the worlds
Guide the perplexed and my secrets are hidden
I am who creates in the wombs as I like.
People and I made my miracles appear in my creations.
I am the being of beings and all the beings.
I am that who satisfied all the worlds in my creations.
I am God of Gods and all of the throne.
And all of heavens are of my inventions.
I am the one whose secret is venerated
To me are the thanks, praise to me, venerated is my being.
-So Saith Shaitan*

The Origins Of Satanism

Satanism is not a Christian invention

- Satanism predates Christianity and all other religions
- Satanism is not about spooks, goblins, vampires, Halloween monsters or other related entities
- Satanism is not about "evil"
- Satanism is not an invention of, or a "reaction" to Christianity
- Satanism is not a creation of Anton LaVey
- Satanism is not about death
- True Satanism is about elevating and empowering humanity to reach equality with the Gods, which was our True Creator (Satan's) intention

"IN THE SECRET OF MY KNOWLEDGE THERE IS NO GOD BUT ME"

-SATAN

From "Peace Be Unto Him"

Due to centuries of misinformation, lies, and the systematic removal of knowledge, few people these days understand or even know what "Satanism" really is all about.

Christianity has been at liberty to dictate without any opposition, what they CLAIM Satanism to be. In order to accomplish this, the truth had to be destroyed. The Catholic Church (the original Christian Church, from which all Christian sects have evolved), heinously tortured to death and mass-murdered millions of innocent men, women and children in what was known as ["The Inquisition."](#) Some children who were burnt to death in what were known as "witch houses" were as young as two years of age.¹

Christians forever rant and rave concerning the ["one world order"](#) where all identities, cultures, personal privacies, and liberties will be lost and humanity, after being systematically bar-coded, will be lumped into a one-world slave state. What they fail to see is how their own so-called "religion" and bible have always been and are the roots of and blueprint for this regime. [Everything in the Judeo/Christian Bible has been stolen and corrupted from religions predating Judaism, Christianity, and Islam from hundreds to thousands of years.](#) Through Judaism and its tool of Christianity, all of the original spiritual teachings from around the world, (which are CONCEPTS) have been stolen from, lumped together into the "one," and corrupted into Jewish archetypes and characters and fictitious places. This has given the Jewish people as a whole a false history, political power and "spiritual" authority to which they are not entitled.

The bible is a very powerful subliminal tool to control the masses. One can see this is a man-made work as there are endless contradictions. The bible has been systematically drummed into the minds of the populace from a very early age. A lie must always be enforced as opposed to the truth which can stand on its own. Because spiritual knowledge and occult power have been removed and kept in the hands of a "chosen" few, the unknowing populace has been helpless against it. The agenda here is to create a one-world slave state with the "chosen" few ruling at the top. The perpetrators of course blame Satan to create a necessary distraction, while they use occult power to accomplish their ends. They have a history of stealing from and blaming their enemies for everything they really are and do, while always holding themselves in the highest esteem and innocence.

The original religions now known as "Satanism" (by the way, "Satan" means "enemy" in Hebrew), were all based upon what is known as the "Magnum Opus" or Great Work. The one known as "Satan" is our True Creator God. He was prevented by the other Gods from finishing his work on humanity, that of the godhead. The godhead is physical and spiritual perfection. Now, if you continue to read on, I will

prove this.

The serpent is seen everywhere in ancient relics and structures. The serpent was held sacred in all areas of the ancient world. Satan is the God Ea, aka ENKI, one of the first of the Nephilim to arrive on this planet and establish the first civilization. In Sumerian mythology, Enki's symbol was always the serpent.

The serpent represents the DNA, the life force and the kundalini and has survived as the emblem of the American Medical Association and Veterinary medicine, where it is symbolic of life and healing. Only with the coming of Judeo/Christianity, has this sacred symbol been desecrated and blasphemed.

Nearly all of us are familiar with the term "fallen." This word has been used copiously by Christian clergy to refer to Satan and his Demons. In truth, "fallen" pertains to the kundalini serpent (which has always been associated with our Creator God Satan), which has fallen in humanity as a whole and now lies dormant at the base of the spine. Because of this, humanity as a whole is on a very low level of spiritual understanding. Thoughtless abuses of children and animals, senseless wars, brutality and endless corruption are the results of the fallen serpent.

The "Tree of Life" which was stolen from the ancient Pagan religions and found its way into the biblical book of Genesis, was seen in many parts of the ancient world in friezes upon walls of ancient temples and in some tombs. The "Tree of Life" is actually a map of the human soul. The trunk is the spine and the branches are the pathways for the chi (bioelectricity).

The serpent is what empowers the soul, bringing the all-knowing state of super consciousness known as

"samadhi." The "Sun-God" in truth is the ball of condensed chi (bioelectricity), which is visualized and circulated through each of the chakras (Gods) to empower and cleanse the soul, using specific meditations. This is stage one of the Magnum Opus.

The stolen accounts in the Judeo-Christian Bible of humans living for hundreds of years or more were taken from the objective of the Magnum Opus.

This is where all so-called "witchcraft" leads to- alchemy of the soul. This is the highest and most profound working of the human mind, that of accomplishing the godhead of which is our birthright given to us from our Creator Satan.

The halo seen in many paintings is the witchpower of the risen kundalini. The Christians stole this concept from the original religions, both east and west. The Buddha is seen with a halo as are many of the Hindu Gods for one example.

The era in which the original religions reigned was known as the "Golden Age." Some 10,000 years ago, the Gods left us. This article is not to go into the details as to how or why. This will be covered in a separate article. The Gods are an extraterrestrial race of beings. As a matter of fact, there have been several different alien races that have lived here on planet Earth, and have taken an interest in human beings, either as friends, enemies, or neutrals.

The main Gods who interacted with humanity and are our creators (through genetic engineering) are the race of Gods known as the Nordics. They live throughout the galaxy in several different solar systems. They are highly advanced in knowledge, intelligence, and in spirit. Some are helpful to humans as are Satan and the Elder Gods who have been labeled as "Demons." Some are neutral and others are and have been working for our destruction. The background concerning the creation can be found in more detail in separate articles on this website. There has been a war over humanity in which Satan and his Demons wish to give us the knowledge to elevate ourselves to spiritual and physical perfection, while the enemy wishes to keep us spiritually ignorant in order to use our life force (souls) as a free energy supply.

In many writings of a spiritual or occult nature, the term "God" or "Gods" was also used to describe the seven chakras. Due to centuries of persecution of those who had spiritual knowledge, doctrines contained many allegories and code words. The number "seven" is repeated endlessly in the Judeo/Christian bible. This is a corruption of the seven chakras of the soul.

The original cross was equal armed, as seen in many of the Demon Sigils, with the points (representative of the chakras) flaring out. Other well-known examples are the Nazi Iron Cross and the Bikers' cross. In truth, this is the shape of the human soul, and represents the four elements (fire, earth, air and water) of which the human soul is comprised. The number four was stolen and corrupted in the Judeo/Christian Bible as with the number seven, the most blatant example being the four gospels.

The Tarot, which originated in Egypt and is based upon the constellations (Egypt was the center of

Spiritual Alchemy) has evolved into a deck of cards, of which modern playing cards originated after the trump was discarded. The Tarot has a hidden message and instructions for performing the Magnum Opus. From the Tarot, the Jewish invented "Torah" was stolen, with the original teachings being thoroughly corrupted. The Jewish "Torah" is also known as "The Five Books of Moses" (another fictitious Jewish character based upon Sargon and Thutmose) or the "Pentateuch." The five books were rip-offs from the five suits of the Tarot: Wands/Rods (the element of fire), Pentacles/Coins (the element of earth), Cups (the element of water) and Swords (the element of air), with the trump being the aether or quintessence. All five elements form the essence of the human soul (the fifth element of quintessence holds the four together) and are employed in the working of the Magnum Opus.

Each of the Jewish characters and archetypes in the Bible are imposters stolen from Pagan Gods. "Jesus" is NOT a real being, but a CONCEPT. For those deluded Christians who believe they have experienced "Jesus" in reality, they are communing with nefarious extraterrestrial beings. Aleister Crowley while in a trance state, drew a picture of what is known to be "Jehova" (a corruption of "YHVH" another rip-off of the four quarters and elements, making the 'name' pronouncable) and drew a grey. At that time, knowledge of ET's was not widespread and photos of them were non-existent. These same beings are said to have made a deal with the Vatican: souls in exchange for wealth and power in the hands of a few. To accomplish this end, all spiritual knowledge had to be removed. No scam can succeed if the victim has knowledge. In order to be effectively victimized, one must be unknowing. Satan is the bringer of knowledge and enlightenment. He has nothing to hide.

Getting back to the nazarene, the crucifix of which I might add was not seen in any place of worship until after the ninth century and is another rip-off of the four quarters, the Jewish archetype "Jesus/Yeshua" is a CONCEPT. The 33 years he was said to have lived represent the 33 vertebrae of the human spine of which the kundalini ascends. The crucifixion symbolizes the Magnum Opus: the torture, the death, and the resurrection. Origins that symbolize this work include the Egyptian phoenix (born again from the ashes), the Egyptian God Set, who was crucified on a furka, the tale of Isis and Osiris, where Osiris was mutilated into some nine parts and was resurrected by Isis.

The Jewish "Virgin Mary" is a corrupted imposter of Astaroth. Michael the archangel is the same and was stolen from Marduk. Archangel "Gabriel" was stolen from the Egyptian God Thoth, Raphael was stolen from Azazel and Uriel from Beelzebub. Again, another rip-off of the four quarters.

For further information, links are provided at the bottom of this article.

Human sexuality has always been severely regulated and frowned upon by the Christian Church. This is because sexuality and orgasm as the life force are essential to spiritual advancement and the raising of the kundalini serpent. Because the church could not supervise sexual activity, they enforced a doctrine of extreme terror. The populace, stripped of all knowledge and spiritual power (ignorance=fear) fell victim to lies. "Hell" emerged on the scene. The word "Hell" was stolen from the Norse word "Hel" representing the Norse underworld. In truth, "Heaven" and "Hell" are code-words for the base and crown chakras. Every attempt was made by the church to replace any spiritual associations with these numbers and any significant numbers that were related to the human soul such as 144,000, which is the number of nadis within the human body to channel the life force. The number two became synonymous with Satan. The second chakra is sexual in nature and controls human sexuality, so of course any association with two was evil. Blockages in the second chakra keep an individual completely enslaved spiritually as the life force remains completely dormant in the first chakra.

With fear, human beliefs and thoughts can be controlled. Humanity was led to believe this omnipresent and "all-powerful" "God" could know their every little thought and action. Through fear, people began to monitor their own thoughts and actions. The seven sacraments (another rip-off of the seven chakras) of the Catholic Church enforced strict control over every stage of an individual's life. The most control

was exercised through the so-called "sacrament" of "confession." Through confession, the church had even more control, that of knowing the deepest secrets of the frightened population. This enabled the ruling clergy to have power over kings, queens and other secular monarchy.

Satan tells us in the [Black Book \(The Al Jilwah\)](#), that many writings and texts have been altered. Upon researching the origins of various myths and religions, I find many authors are at a disagreement, both religious and secular. This is due to the Christian Church's systematic destruction and removal of ancient knowledge. To make matters worse, many of the remaining original documents that escaped destruction have been altered.

The Gods left us the truth, inscribed in stone. The pyramids (the pyramids are in the shape of the chakras) have stood against time. It is apparent these ancient monoliths were constructed for future humanity, left to us by the Gods who knew of our fate. These monuments speak for themselves. They were built to reflect the movements of the stars and act as a calendar for beginning the all-important work of the Magnum Opus. The Magnum Opus is normally commenced in the spring, when the Sun enters the sign of Aries, which is known as the "Vernal Equinox." The precise time for beginning this work is at 3 am, which is the hour of Satan. This is the true hour. The fictitious nazarene was said to have perished at 3 pm. 3 pm is actually 15:00, not three and is thus false.

The "Horned God" originates to Sumeria. The Sumerian Gods wore headgear with horns. This predates Judeo/Christianity by thousands of years. Pagan religions were known for their worship of the Horned God. Only with the coming of Christianity, were they repeatedly stamped out, but continued to resurface and survive. Again, the Horned God was maligned and labeled as "evil."

The Horned God is a symbol of the the chi, the bioelectrical life-force. This is represented by Mercury, as it is fleeting, until fixed through the Magnum Opus. The glyph for the planet Mercury has the horns.

The carvings and the hieroglyphics on the Temple walls and the pyramids still remain with us today, as evidence of the truth for those who have enough spiritual knowledge to interpret them. This is why the Gods imprinted these into stone. Satanism is based upon the Magnum Opus. All of the Satanic symbols, the emphasis on witchcraft and knowledge; all of these represent the achievement of the godhead. The Magnum Opus is what Satanism is all about: humanity reaching physical and spiritual perfection.

The Temple of Solomon

Now, for those of you who think [Modern Freemasonry](#) is of Satan, think again. Modern Freemasonry, which was originally a Gentile order, has been infiltrated and taken over by Jews.

Here is an excerpt from the book "Rule by Secrecy" by Jim Marrs, © 2000, pages 58 - 59:

"This secretive banking dynasty was begun by Mayer Amschel Bauer, a German Jew born on February 23, 1744, in Frankfurt..." "Young Mayer studied to become a Rabbi. He was particularly schooled in Hashkalah, a blending of religion, Hebrew law, and reason" "The death of his parents forced Mayer to leave rabbinical school and become an apprentice at a banking house.

Quickly learning the trade, he became court financial agent to William IX, royal administrator of the Hesse-Kassel region, and a prominent Freemason. He ingratiated himself to William, who was only one year older than himself, by joining his interest in Freemasonry and antiquities. Mayer would search out ancient coins and sell them to his benefactor at greatly reduced prices. Considering his rabbinical training, coupled with his serious searches for antiquities, he surely developed a deep understanding of the ancient mysteries particularly those of the Jewish Cabala. It was during this same period that the metaphysics of the Cabala began to fuse with the traditions of Freemasonry."

The Jews infiltrate every source of Gentile power they can. From the inside, they either gain total control or they seek to rot it out and destroy it, through corruption.

Modern Freemasonry is now geared to the rebuilding of the "Temple of Solomon." Anyone who knows about the biblical construction of this edifice knows our Demons, namely Asmodeus, were viciously abused and coerced into constructing it against their will by the Jew "Solomon" aka "Shlomo." As quoted from "Legends of the Jews by Lewis Ginzberg, Asmodeus was "in chains." As most of us already know, the Goetic (Gothic) Demons (Gods of the Gentiles) were bound and degraded for centuries. Asmodeus explained much to me and answered most of my questions. The Jewish "Temple of Solomon" is an allegory and the underlying theme of the Judeo/Christian bible. The entire bible is a subliminal tool using the directed psychic power of the masses, and reinforced with occult power and magick.

It goes like this:

Solomon had unimaginable vast wealth. The "Temple of Solomon" symbolizes the Jewish people (Israel) as a whole.

- 1 Kings 4: 1 So king Solomon was king over all Israel.
20 Judah and Israel were many, as the sand which is by the sea in multitude, eating and drinking, and making merry.
21 And Solomon reigned over all kingdoms from the river unto the land of the Philistines, and unto the border of Egypt: they brought presents, and served Solomon all the days of his life.
22 And Solomon's provision for one day was thirty measures of fine flour, and threescore measures of meal,
23 Ten fat oxen, and twenty oxen out of the pastures, and an hundred sheep, beside harts, and roebucks, and fallowdeer, and fatted fowl.
24 For he had dominion over all the region on this side the river, from Tiphshah even to Azzah, over all the kings on this side the river: and he had peace on all sides round about him.
25 And Judah and Israel dwelt safely, every man under his vine and under his fig tree, from Dan even to Beersheba, all the days of Solomon.

26 And Solomon had forty thousand stalls of horses for his chariots, and twelve thousand horsemen.

27 And those officers provided victual for king Solomon, and for all that came unto king Solomon's table, every man in his month: they lacked nothing.

28 Barley also and straw for the horses and dromedaries brought they unto the place where the officers were, every man according to his charge.

29 And God gave Solomon wisdom and understanding exceeding much, and largeness of heart, even as the sand that is on the sea shore.

30 And Solomon's wisdom excelled the wisdom of all the children of the east country, and all the wisdom of Egypt.

31 For he was wiser than all men; than Ethan the Ezrahite, and Heman, and Chalcol, and Darda, the sons of Mahol: and his fame was in all nations round about.

32 And he spake three thousand proverbs: and his songs were a thousand and five.

33 And he spake of trees, from the cedar tree that is in Lebanon even unto the hyssop that springeth out of the wall: he spake also of beasts, and of fowl, and of creeping things, and of fishes.

34 And there came of all people to hear the wisdom of Solomon, from all kings of the earth, which had heard of his wisdom.

- 1 Kings 10: 21 And all king Solomon's drinking vessels were of gold, and all the vessels of the house of the forest of Lebanon were of pure gold; none were of silver: it was nothing accounted of in the days of Solomon.
22 For the king had at sea a navy of Tharshish with the navy of Hiram: once in three years came the navy of Tharshish, bringing gold, and silver, ivory, and apes, and peacocks.
23 So king Solomon exceeded all the kings of the earth for riches and for wisdom.
24 And all the earth sought to Solomon, to hear his wisdom, which God had put in his heart.
25 And they brought every man his present, vessels of silver, and vessels of gold, and garments, and armour, and spices, horses, and mules, a rate year by year.
26 And Solomon gathered together chariots and horsemen: and he had a thousand and four hundred chariots, and twelve thousand horsemen, whom he bestowed in the cities for chariots, and with the king at Jerusalem.

"Solomon" also had several hundred wives and an overabundance of everything else.

Ok, now what becomes of the Gentiles? Read on...

- 1 Kings 9: 20 And all the people that were left of the Amorites, Hittites, Perizzites, Hivites, and Jebusites, which were not of the children of Israel,
21 Their children that were left after them in the land, whom the children of Israel also were not able utterly to destroy, upon those did Solomon levy a tribute of bondservice unto this day.
22 But of the children of Israel did Solomon make no bondmen: but they were men of war, and his servants, and his princes, and his captains, and rulers of his chariots, and his horsemen.

The Gentiles who were not "UTTERLY DESTROYED" by the "Children of Israel" were made into SLAVES. GET IT??????

The Gentile Gods enslaved by the Jews and viciously abused, following with the mass murder and enslavement of the remaining Gentile people. Asmodeus explained to me that the "Temple of Solomon" is the "empire of the Jews."

The Nazarene is another allegory where the 12 apostles represent the 12 tribes of Israel and he unites them. The whole damned bible is nothing more than a powerful subliminal working with an allegory

where the Jews create their own fictitious history (stolen from Gentile legends and twisted), usurp all of the knowledge (Solomon asked the Jewish "God" for wisdom, as knowledge is the key to all things) from the Gentiles who were mass murdered and tortured to death as witches and so forth (those who had occult knowledge), remaining Gentiles are then enslaved at the hands of the Jews who control all of the wealth and the power. The above biblical scriptures say it all.

The Nazarene is also said to be a direct descendent of "Solomon." The theme of the entire Christian program is one of debt and owing. "Adam and Eve" "sinned" so humanity must pay. This is just one of numerous examples. Everyone's got to be sorry and pay up. So there is the subliminal on debt and owing. Everyone's got to be sorry. This subliminal trash is drummed into the minds of Gentiles from day one.

"The power of the united thought of a number of people is always far more than the sum of their separate thoughts: it would be more nearly represented by their product"

Exposing Spiritual Corruption: Spiritual Alchemy & the Bible

True Satanism is based upon the ancient religions that predated Judaism, Christianity, and Islam by hundreds to thousands of years. The traditional colors of black and red used in Satanism, date all the way back to Ancient Egypt and are symbolic of spiritual transformation. The ancient religions were based upon completing our Creator Satan's work: that of transforming the human soul into that of a god and achieving god-like power and immortality. Satan's Kingdom was stolen from him.

The Judeo/Christian Bible is a corruption of stolen material that has been used to spiritually enslave humanity. All of the legends of the Gods are allegories. The Vatican and its cohorts have gained wealth, power, and control by forcing people to believe these allegories are literal places and characters.

The completion of the work, what is known in alchemy as the "Magnum Opus" has its foundation in the kundalini. The kundalini serpent lies coiled at the base of the spine. Through meditation, the fiery serpent ascends. This is what is known as "Raising the Devil." There are 33 vertebrae in the human spinal column. We often hear the term "33rd degree Mason" or that the fictitious nazarene lived 33 years. The kundalini serpent ascends the 33 vertebrae of the spine.

The seven chakras are also very important in the work. When the kundalini ascends, it must pierce through each of the seven chakras. This is why there is so much emphasis on the number seven in many ancient spiritual texts and also what has been corrupted in the Judeo/Christian Bible. Christian leaders mislead their followers through deceiving them into believing the stolen legends in the bible are real. Through this deception, the Vatican and Christian churches have obtained unbelievable wealth and power. This power is not only in the material world, but in the spiritual as well. All spiritual knowledge was systematically removed with the [Inquisition](#). Those at the top are adept at black magick and have advanced to spiritual power, while the rest of humanity suffers under their control.

Many ancient paintings we are told are of the nazarene, "virgin mary" and related are really of the Original Gods, such as Marduk (Amon Ra) and Astaroth. The Magnum Opus begins ideally in the spring when the Sun is in Aries, thus the man standing with the lamb. The halo is the ascended kundalini and the vibrant aura of witchpower. The Catholic Church stole this and has been passing it off as their fictitious nazarene. The glyphs for the sign of Aries can be readily seen in Astaroth's Sigil:

(All of the Demon Sigils are designs of important alchemical symbols).

The story of the creation in the book of genesis is another allegory: "*God' creates the universe in seven days, "On the seventh day he rested.*" Those of us who are educated know once the kundalini serpent has ascended through the 6 chakras and passed through the three "knots" (trinity), the seventh is effortless. In truth, "Heaven" is a code word for the seventh chakra. We have all heard the term "Seventh heaven." "God" is a code word for ourselves and also the word "Gods" is a code for the chakras in many ancient texts. "Hell" is a code word for the base chakra, aka "the lower world" where

the scorching hot kundalini serpent lies dormant.

The tree in the "Garden of Eden" in the bible was stolen from many different religions predating Christianity and symbolizes a map of the human soul, the trunk of the tree representing the human spine, with the branches symbolizing the "144,000" nadis. "Adam and Eve" symbolize the Ida and the Pingala, where the two meet and become one. With the ascended kundalini and the fusion of the ida and pingala at the 6th chakra, gnosis is obtained and one's spiritual eyes are opened. This was originally symbolized in the Egyptian "All-seeing Eye."

The separated capstone atop the pyramid symbolizes our Creator Satan's unfinished work.

The number 12 is also ubiquitous in many ancient texts and also in the stolen material of the bible. The number 12 symbolizes the 12 steps in the magnum opus. These are based upon the 12 signs of the zodiac.

Genesis 1

1 In the beginning God created the heaven and the earth.

The heaven and earth symbolize the crown and base chakras

2 And the earth was without form, and void; and darkness was upon the face of the deep. And the Spirit of God moved upon the face of the waters.

"Without form and void" represent what is known as the "chaos" stage in the magnum opus.

4 And God saw the light, that it was good: and God divided the light from the darkness.

The light is where one creates what is known as the prima materia, the foundation of the philosopher's stone. This is done by condensing the bioelectricity/chi into a ball of light.

5 And God called the light Day, and the darkness he called Night. And the evening and the morning were the first day.

This is a first step and foundation, thus "the first day."

16 And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also.

17 And God set them in the firmament of the heaven to give light upon the earth,

18 And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good.

19 And the evening and the morning were the fourth day.

The above verses regarding the "two great lights" symbolize the heart chakra, where "heaven" and "earth" meet. As we can see in the downward point of Satan's Sigil, the Satanic Pentagram, and Baphomet, light descends through the crown to the base chakra.

20 And God said, Let the waters bring forth abundantly the moving creature that hath life, and fowl that may fly above the earth in the open firmament of heaven.

"The elixir of life, the blessed waters, penetrate down to them [the metals/chakras] and rouse them from their sleep." This is what is known as the "dew" that is secreted by the pineal gland as a result of power meditation. Birds are also very important symbols in alchemy.

27 So God created man in his own image, in the image of God created he him; male and female created he them.

31 And God saw every thing that he had made, and, behold, it was very good. And the evening and the morning were the sixth day.

From the above, again the ALLEGORY is perverted and twisted. The "sixth day" is the sixth chakra where the male and female ida and pingala meet.

3 And God blessed the seventh day, and sanctified it: because that in it he had rested from all his work, which God created and made.

Here is another alchemical allegory that was stolen and twisted. When the alchemist has completed his/her work, he/she rests. "God" = OURSELVES!

The genesis saga continues, all of it stolen and corrupted from religions predating xianity.

Genesis 3: 3 But of the fruit of the tree which is in the midst of the garden, God hath said, Ye shall not eat of it, neither shall ye touch it, lest ye die.

There is the stage in alchemy where one undergoes a death of the prima materia. This is known as "nigredo" "black stage."

- "The initial, black stage of the opus alchymicum in which the body of the impure metal, the matter of the Stone, or the old outmoded state of being is killed, putrefied and dissolved into the original substance of the creation, the prima materia, in order that it may be renovated and reborn in a new form."¹

Here is where the fictitious nazarene was also invented. The nazarene was stolen from some 18+ Pagan Gods who were "crucified" on a cross or hung from a tree. All of this is an allegory, for example: The Norse God Odin hung from a tree and experienced a death of sorts to obtain knowledge. Through being reborn, he obtained gnosis. The cross represents the all-important four quarters. This is also the meaning of the hanged man card in the Tarot. The Egyptian phoenix has the same meaning- rebirth through fire. The eclipse said to have occurred during the supposed "crucifixion" of the nazarene also symbolizes the nigredo stage of blackness. This stage is also symbolized by the black crow and the Black Sun.

4 And the serpent said unto the woman, Ye shall not surely die:

The kundalini serpent transforms, but does not kill.

5 For God doth know that in the day ye eat thereof, then your eyes shall be opened, and ye shall be as gods, knowing good and evil.

This is the gnosis that the Christian Churches and their nefarious cohorts have relentlessly worked against. Once our eyes have been opened, we can no longer be deceived by ANY lies!

7 And the eyes of them both were opened, and they knew that they were naked; and they sewed fig leaves together, and made themselves aprons.

Nakedness is another allegory of rebirth. Everyone is born naked.

Now, we get to "Noah" and the ark, which was stolen from the Sumerian epic of Ziusudra.

- "Noah's flood is a symbol for the 'dissolution of the Stone's matter into the prima materia during the nigredo. At this stage of the opus, the cold, moist, feminine principle (Luna) is said to dominate the hot, dry coagulating male aspect of the opus (Sol)."²

The water element is feminine, while the fire element is masculine. This stage of the opus is symbolized by a flood of energy which is symbolized by the flood of waters. The flood is another allegory of death and regeneration. The ark itself is symbolic of the human body. The allegory of the crow not returning to the ark is symbolic of the stage is not yet completed. The "dove" symbolizes the white stage aka the "albedo."

- "The albedo occurs after the blackened matter, the putrefied body of the metal or the matter for the stone, lying dead at the bottom of the alembic, has been washed to whiteness by the mercurial waters." ³

It is readily apparent how this allegory has been corrupted into an assumed actual event, complete with characters.

4 And the ark rested in the seventh month, on the seventeenth day of the month, upon the mountains of Ararat.

AGAIN, the number seven and "rest." This symbolizes the seventh chakra, which is effortless bliss and the "mountains of Ararat" symbolize the completed work, which was STOLEN from the meaning of the Egyptian pyramids- the apex point at the top which has its foundation at the four quarters.

Now, I might also add here- to the fools who have been attacking Enili/Beelzebub with drowning humanity- GET A LIFE!!!!

Knowledge comes from Satan.

13 I do set my bow in the cloud, and it shall be for a token of a covenant between me and the earth.
14 And it shall come to pass, when I bring a cloud over the earth, that the bow shall be seen in the cloud:

15 And I will remember my covenant, which is between me and you and every living creature of all flesh; and the waters shall no more become a flood to destroy all flesh.

The "bow" is the rainbow, the iridescent colors that indicate another higher stage of the magnum opus has been completed. THIS STAGE, I MIGHT ADD IS ALSO SYMBOLIZED BY THE PEACOCK. THE PEACOCK IS A SYMBOL OF AND IS SACRED TO SATAN!

Verse 13 reads: *"a covenant between me and the earth."* "God" is another alchemical code word for the crown chakra, aka "heaven" (the top three chakras are also symbolic of 'heaven') "paradise" "bliss" and the earth is the lower world, symbolized by the three lower chakras. This indicates "heaven" and earth have been merged at the heart chakra.

The following biblical books are the fictitious history of the Jewish people. The "torah" was STOLEN and corrupted from the Egyptian Tarot. The "Torah" is also known as the "Pentateuch," the five books of "Moses" (another fictitious character). One can see this was stolen from the five suits of the Tarot- the wands/rods (suit of fire); the pentacles (suit of earth); the cups (suit of water); and the swords (suit of air) and of course the trump, representing the element of the quintessence.

- "The nigredo stage ends on the surface of a starry aspect, which is likened to the night sky which told shepherds and kings that a child was born in Bethlehem." ⁴

AGAIN, this is symbolic and indicates another stage of the work, when one can 'see' the light of the chi stone in the black void, when one's eyes are closed, during meditation. The "three" magi represent the three stages of the work. The fictitious nazarene- the stone (which was born from the work).

- "There are three stones, or three works, or three degrees of perfection, within the work." ⁵

Here we go again with twisted allegories in relation to that fictitious nazarene – the "crucifixion" – two others were crucified with the nazarene, making three.

I could go on and on and on, citing biblical verses and revealing how they were stolen and corrupted. The character of the nazarene, which was invented from an allegory has:

1. Acted to remove all spiritual knowledge and replace it with bullshit. The "Jesus saves" crap (ad nauseum) and the "born again" have been twisted and incorporated into this fictitious character. In other words, deluded ones have been deceived into believing this character will take care of everything spiritual as long as they conform to the agenda.
2. The "Jesus" character has acted as the thought police for ultimate control. Wars have been fought repeatedly over beliefs and ideas. Control what is in the mind of humanity and you will control humanity.
3. Since the nazarene is fictitious, he can be anything to anyone which those in powerful positions in the xian program dictate. He can change with the times and conform to any agenda.

It is time everyone wakes up to the spiritual corruption that has played humanity to the tune of trillions and trillions of dollars, souls and everything else these parasites have taken their followers for a ride with.

The Removal and Desecration of the Original Gentile Texts

The Jews control nearly all of the world's wealth of which they siezed through occult power. This power was forcibly removed from the Gentiles through the Jewish tool of Christianity, where the Gentile Gods were all replaced with imposter Jewish characters and archetypes, leaving the names and characters of the Original Gods to be blasphemed as hideous Demons and insulting monster images. Gentile legends were stolen, twisted and corrupted and perverted into Jewish literary trash.

Sacred texts which contained the wisdom and teachings of the Gentile Gods, designed to help and give to humanity the knowledge to advance the soul and to reach a higher level of spirituality were systematically replaced with Jewish literary filth and meaningless rabbinical drivel that fills up the Talmud, the Torah and the Judeo/Christian bible. The so-called "Torah" is really a perversion of the Egyptian Tarot. The same as with the [Kabalah](#). This is why the Judeo/Xian Bible contains to many dire warnings to keep Gentiles from accessing occult knowledge.

"Yeshua" which is "Jesus" means "May his name be blotted out." It is so obvious who they are referring to here. That worthless king of slaves hanging off a cross is a fictitious imposter, another Jewish archetype designed to replace the Real Gods, namely our Creator God who is SATAN and erase his existence from our memory (May his name be blotted out). This is not only a huge slap in the face for Gentiles, but an abomination to our Gods.

The more I study, going deeper into the occult, it is glaringly apparent SATAN is GOD.

What is left of the original texts which were altered is nothing but Jewish literary trash, rabbinical bullshit writings and other Jewish garbage. Modern occult teachings have been infested with Hebrew letters, Jewish angelic archetypes and are based upon the Jewish version of everything. Blatant examples include (King James version of the Bible):

2 Kings 18: 27 "But Rabshakeh said unto them, Hath my master sent me to thy master, and to thee, to speak these words? hath he not sent me to the men which sit on the wall, that they may eat their own dung, and drink their own piss with you?"

Job 20: 7 "Yet he shall perish for ever like his own dung: they which have seen him shall say, Where is he?"

The story of Job was stolen from "The Story of Keret." The original story of Job, was written in the Ugaritic language (Cuneiform Script), composed circa 1400 BCE by "Ilimilku The Scribe." This epic involves "Keret" and the God "El." NOT Job and [fictitious "Jehova."](#) In the original tale, "Satan" never even entered into the picture. Other Gentile legends that compose the Job epic include:

- The Sufferer and the Soul
- The Farmer and the Courts
- The Sufferer and the Friend

Writings concerning excrement were not in the original texts.

More rabbinical filth includes:

Proverbs 26:11 "As a dog returneth to his vomit, so a fool returneth to his folly."

Isaiah 19:14 "The LORD hath mingled a perverse spirit in the midst thereof: and they have caused Egypt to err in every work thereof, as a drunken man staggereth in his vomit."

Isaiah 30:22 "Ye shall defile also the covering of thy graven images of silver, and the ornament of thy molten images of gold: thou shalt cast them away as a menstruous cloth; thou shalt say unto it, Get thee hence."

Jeremiah 4:4 "Circumcise yourselves to the LORD, and take away the foreskins of your heart, ye men of Judah and inhabitants of Jerusalem: lest my fury come forth like fire, and burn that none can quench it, because of the evil of your doings."

Jeremiah 8:2 And they shall spread them before the sun, and the moon, and all the host of heaven, whom they have loved, and whom they have served, and after whom they have walked, and whom they have sought, and whom they have worshipped: they shall not be gathered, nor be buried; they shall be for dung upon the face of the earth.

The above is just a tiny sample of the endless Jewish literary filth that fills the bible, which was designed to deceive and enslave the Gentiles. This is what the teachings of our Gods have been replaced with. This sick garbage has been indoctrinated into Gentile children and force fed to the Gentile people throughout their entire lives. It is no wonder so many have such a negative view of spirituality.

Few people are familiar with the Egyptian Kabbalah. The True Kabbalah is an instruction of four dimensional meditation of which is very powerful; using specific chants, tones and vibrations and applying these to different aspects of the soul. The original kabbalah was based upon the runes of which are based upon the constellations, like the Tarot. This is only a very brief summary as the instructions are complex and require much study.

What the Jews have done with this is again, they took it out of circulation, keeping this knowledge in the hands of the top Jews for world control (why they have so much wealth and power), and used their tool of Christianity to murder the Gentiles who had this knowledge, such as the Druids.

Pretty much all that is left in public circulation is remnants of sacred knowledge that have been desecrated, corrupted and defiled, of which only few twisted and distorted scraps remain, such as the "gematria" which is a corruption of and used as a distraction from the real texts and that Jewish story about the "golem" of which is based upon the elements and their corrupted "tree of life." Fictitious Jewish "YHVH" and Jewish angelic archetypes are always held in esteem while Gentile Gods are relegated to the "qliphoth" of death, filth and excrement.

The White Chapel

Go to the bottom for an explanation with interpretations. These are instructions for revamping the life force, transformation of the soul and becoming a God. This is Satan's Gift to humanity.

Note, the above, the closest wall to the view of the picture:

1. The God is directing his sexual energy into his 3rd eye.
2. His feathered headdress indicates the lightness of feeling that comes with this energy working.
3. The other God is holding a cone shaped object, this I believe indicates concentration of energy, as the base is wide and the apex tapers to a point. The concentrated energy is directed into the 3rd eye.
4. Beneath the God with the feathered headdress' penis is a loop like object, indicating the circulation of sexual energy.
5. Above, in front of the God holding the cone is an Ankh, before the ankh is another cone, indicating the concentration of the life giving sexual energy in the ankh.
6. The God holding the cone is wearing a different headdress than the God who is directing his

energy. It is apparent the God with the cone is instructing him. He has not yet reached the higher level of the God holding the cone. This can be seen in the headdress which is a double feather, indicating he has reached the stage where he feels the levity. The headdress on the other God has a serpent (cobra) protruding from the front where the 3rd eye is, indicating he has achieved the ascension of the serpentine energy of kundalini.

7. Above the God with the feathered headdress, there are images of the serpent, the cone of concentration and the ankh.
8. On the opposite side is a cartouche, depicting a scarab with a ball above it. Directly beneath the cartouche appears to be radiating energy, the lines. Beneath this are the feathers of lightness. Directly beneath another cartouche containing an eye shape which I believe represents the 3rd eye again. The looped symbol. This indicates this God standing opposite the god with the feathers has achieved mastery and immortality. Look at the above carvings as opposed to the God with the feathered headdress. There are 2 feathers, indicating he has already accomplished this stage, has moved on to bring up his energy and reach transformation and rebirth indicated by the scarab of immortality.
9. The God on the rear wall is at a lower stage indicated by the serpent and the Ankh being at a much lower level. The ball beneath his penis indicates the building of the ball of energy through orgasm up in the 8-9th chakras of the 4th dimension.
10. The God on the farthest wall in front, has a loop shaped object, directly beneath his penis indicating again, the circulation of sexual energy. The way to immortality.
11. All three depictions are at different levels of achieving the goal of immortality.

The Gods left these carvings in stone for those of us who are enlightened enough to read and understand them, as they cannot be altered. They are instructions and the hieroglyphs are deeply religious. Those of us who understand are to teach and enlighten the rest.

-High Priestess Maxine

- Towards the middle is Amon. It is apparent he has reached the level of transformation. I believe the images of the animal heads represent this very transformation. Note the ball of energy above his head (eighth chakra) with the serpent (symbolic of kundalini) protruding from the front.
- A Goddess (I believe is his wife) sits behind him, palms facing him with her hand chakras directing energy into the rear of his 6th chakra.
- She is demonstrating a lower level of achieving the goal of spiritual transformation. A depiction of a bird perched sits above her head, indicating she has not yet reached the levity stage.
- Amon is holding the ankh, indicating he is circulating the energy she is giving him.
- Note on the overhanging wall above, the serpents along with the feathers. The Goddess in the middle, Nephthys? holds two circles which I believe contain the serpentine energy.

The Sacred Serpent

In China and the Far East- the symbol of the Dragon

The Medical Caduceus, symbol of Thoth, healing, modern medicine that has saved billions of lives. The Caduceus is symbolic of the Ida and the Pingala of the Kundalini Serpent which transforms us into Gods. This is the healing energy within every human being.

The Lord of the Tree of Life; Sumeria circa 2,500 BCE. The original "Tree of Life," depicting the DNA helix; also the Ida and the Pingala of the Kundalini Serpent.

USA not an xtian Nation. In 1754, Benjamin Franklin, Satanist, used a snake, the first known political cartoon in an American newspaper. The serpent eventually found its way to one of our original flags, shown here.

A History of the Baphomet

The origin of the name Baphomet is not clear. It appears to be a combination of two Greek words *baphe* and *metis* meaning “absorption of knowledge.” Other authors claim it is a corruption of “Mohamet” (Mohammed), but the first definition seems to be more accurate. Baphomet has its origins in the “Goat of Mendes.” Baphomet was also one of the aliases of Aleister Crowley. Baphomet has also been called the "Goat of Mendes" and the "Black Goat."

The goat also has to do with fertility and is symbolic of the Magnum Opus of alchemy when one's energies from kundalini increase. Spiritual alchemy is of Ancient Egypt and is the transformation of the human soul into the godhead. This is completing our Creator God Satan's work.

The most famous historical account of Baphomet began with the Knights Templar. The Baphomet at the time of the Templars was believed to be an idol, represented by a human skull, a stuffed human head or a metal or wooden head with curly black hair, or sometimes a black cat. The idol was said to be worshipped by the Knights Templar in their latter days as the source of fertility and wealth. The Knights Templars also known as the “poor knights of christ” was founded in the year 1118 by Hugh de Payens of Champagne France.

The order began with nine or eleven men who were sent to the Holy Land to dig beneath the "Temple of Solomon" for several European families of wealth who had claim to certain artifacts buried there before it was destroyed in 70 CE. The order took on the oath of asceticism, celibacy, devotion to the Catholic Church and poverty. They were forbidden ownership of any personal property. Any wealth accrued by the order was to be shared in common. When excavating beneath the temple, the knights discovered gold and ancient relics, and also many scrolls.

Shortly thereafter, magnificent cathedrals and other buildings sprung up all over Europe. Most of the Goetic/Gothic Demons are known for their expertise in architecture and there are legends claiming many bridges and buildings in Europe were built by Satan and his Demons.²

The true meaning of the "Temple of Solomon" is the *TEMPLE OF THE SUN*. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen and made into an actual character, as with the fictitious nazarene and nearly everything in the Judeo/Christian Bible. For more information:

[Exposing Spiritual Corruption: Spiritual Alchemy & The Bible](#)

The Templars were eventually appointed to protect the Holy Land and keep it from the Moslems during the wars of the Crusades. The order grew into the thousands and groups were organized throughout Europe, but France remained their stronghold.

Their seal depicts two men riding one horse because in the early history of the order, the knights could not afford a horse each. During their journeys to and from the Holy Land in the Middle East, they encountered many different peoples. It is possible, they learned of the Goat of Mendes as the Moslems kept records and had knowledge of the history of Ancient Egypt where the Goat of Mendes originated.

The Templars grew in both size and wealth, reaching their peak in the 14th century. The ending of the wars of the Crusades did not have any impact on the order as they used the opportunity to travel and enter into commerce and money lending. They established a very profitable business relationship with the enemy in times of truce. The order accumulated vast wealth and power. They eventually became the victims of both the greedy Catholic Church that was aware of their forbidden knowledge and King Philip IV of France who was said to be heavily in debt and owed the order a considerable sum.

**From what I have researched, it appears the real reason the Templar order was persecuted by the Catholic Church was for their occult knowledge and power they obtained from excavating beneath the Temple at the Dome of the Rock. This power brought them vast wealth as it is supposed to do for those who have it and the knowledge on how to use it.*

Philip IV plotted along with Pope Clement V to destroy the order. October 13th 1307, Philip IV had Grand Master Jacques de Molay and 140 other knights arrested in the Paris Temple. More arrests followed throughout France.

The Templars were subjected to torture en masse. The Catholic Church with its inquisitors, accused them of Devil worship, blasphemy, sodomy, and idolatry. There was secrecy surrounding their meetings and wild rumors spread concerning bizarre initiation rituals that did much to promote public suspicion of the order. Under torture, members of the order admitted to renouncing the nazarene, spitting, trampling and urinating on the crucifix, engaging in intercourse with Demons, indulging in “sexual perversity” and to worshipping the idol of Baphomet. Many of the Templars were burned at the stake and murdered by the inquisition, the most noted being Grand Master Jacques de Molay. After being imprisoned and tortured for seven years, he was burnt alive at the stake.

The Shroud of Turin was of the blood and body fluids of Jacques de Molay as he was laid on a soft feather bed to recover for more torture from the Catholic inquisitors. Upon close examination, it is obvious given the position of the body (the top part is shown below), there is no way this was the Nazarene.

The shroud was also inspected by several diverse scholars who proved beyond any doubt, given the material and constituents, the item was no older than the 12th century. The Catholic Church being the prolific liar that it is, continues to scam people to this day

I would also like to add in revising this article in light of new knowledge, Christianity appears to have manifested with the Inquisition. It is nowhere near as old as the "two thousand years" they claim it to be. History is and has been rewritten with lies, while being destroyed at the same time.

A very blatant example is what is now and has been occurring in Iraq. What we have been indoctrinated to believe in history class is not necessarily the truth. Ancient relics and architecture speak for themselves. In addition, history was written and told by the winners of every war. Remember, there are always two sides to every account. ONE side is usually the only one that is heard along with permissible opinions only. Along with the "Shroud of Turin lie (the Nazarene is fictitious and was stolen from an alchemical concept of a working which had its origin in some 18+ PAGAN Gods, such as Odin, who hung from a tree and Set who was crucified on a Furka, Osiris who died and was resurrected, etc.), many PAGAN Gods have been passed off as the Nazarene such as Apollo Images by the hundreds of Pagan Gods are now labeled as the Nazarene. This is no different from the Christianization of Pagan holidays, such as Easter (of Astaroth), the Yule (which originally had nothing whatsoever to do with the fictitious Nazarene) of which xian fundies are now weeding out the Pagan traditions and replacing them with lies, as they have done with Pagan Temples which were destroyed and had xian churches built directly over them.

Before he was murdered at the stake, Molay cursed both the Pope and the King and predicted the death of both within the year. (Both did die within that time period).

The Baphomet evolved over the centuries. The most widely known representation of the Baphomet is the drawing by 19th century French magician Eliphas Levi called "the Baphomet of Mendes." Levi combined the images of the Tarot Devil card and the he-goat worshipped in the city of Mendes in Ancient Egypt. It is unclear whether the Ancient Egyptian women had intercourse with the goat during religious rites for fertility, but the Catholic Church claimed this and this is more than likely where the notion that the Devil had intercourse with his witches came from.

Levi's famous drawing of Baphomet depicts a male/female image representing the dualistic nature of life. Female breasts and the phallus, one arm masculine, the other feminine, one arm pointing up and the other pointing down representing the Hermetic principle of "as above, so below."

The Levi Baphomet is very similar to the Egyptian Akhenaton, which is both male and female (note the male and female features of the body and the serpentine facial features which symbolize the serpent kundalini) portraying the hermaphrodite which is symbolic of merging the male and female aspects of the soul, the ida and the pingala and achieving the godhead. The "monotheism" is another allegory, as the "gods" are in many ancient writings, code-words for the chakras of the soul and when one works to achieve the godhead of the Magnum Opus, all of the chakras are transformed and united into gold. Yoga is a branch of alchemy and the word "Yoga" means "union." This is the unification of the soul.

His illustration combines the goat headed Devil of the Witches Sabbats, the God of the Templars and the Devil in the Tarot cards. In Levi's view, this image represented the power of the universe depicting both good and evil influences.

The image continued to evolve over the years. Anton LaVey spotted an illustration in the book "A Pictorial History of Magic and the Supernatural" by Maurice Bessy © 1961, English edition © 1964. This was the first known published work where the goat headed pentagram was surrounded by two circles and included the Hebrew letters reading "Leviathan." The names "Samael" and "Lilith" were also included in this depiction. "Leviathan" also known as "Cthulu" is a name for the [kundalini serpent](#)

Anton LaVey eliminated the Samael and Lilith and decided this particular symbol best represented the Church of Satan and made it the Church's logo in 1967. Because of the Hebrew lettering and the circles which are highly offensive to Satan and his Demons, JoS Ministries has removed them and replaced them with cuneiform script reading "Satan."

The sign of Capricorn, symbolized by the goat represents the new winter sun being reborn again as the days get longer. The goat is one of Satan's sacred animals. In the fifth century BCE, Herodotus reported that the people of Mendes in the Nile delta venerated all goats, particularly male ones. For the Greeks and Romans, the goat represented virility. Goats are fertile and known to be lusty. The city of Mendes reached its cultural peak when the Ram-God was worshipped, whom the Greeks later equated with Pan. Pan was known as a "satyr." Satyrs had the horns, legs, hooves, and beards of goats. Pan's symbol was the phallus and he was invoked for the fertility of the flocks or an abundant hunt. He tended flocks and danced through the woods, playing his panpipes, which he invented. As the lusty leader of Satyrs, he

chased the Nymphs.

The goat (sometimes a ram was used) was the master of fertility and was celebrated as “copulator in Anep and inseminator in the district of Mendes,” where women were blessed with children. During rituals, women danced naked before the image. The Order of Nine Angles claims another perspective to Baphomet. 7,000 years ago a civilization known as Albion had various rites associated with a Dark Goddess who was known as “Baphomet.”

Name of Satan

After several years of intense and extensive research, it has all come together.

1. The bible was invented in order to keep esoteric knowledge and mind/soul power in the hands of a select few.
2. Christianity, which began with the Catholic Church, was invented to physically enforce the above and also, to destroy and to replace the original religions. The original religions centered around the reverence for the serpent. The serpent is the symbol of the kundalini. The "Tree of Knowledge" is really the map of the human soul. It is seen in nearly every ancient religion pre-dating Judeo/Christianity. The trunk symbolizes the spine, and the branches symbolize the chakras and the kundalini pathways. There are 144,000 nadis (channels for the kundalini life force) within the human soul.
The Buddah sat beneath the "Bo Tree" and achieved enlightenment. "*Bo means serpent, as in Bo-A or Boo-Ta.*" The Christian Church stole, twisted and corrupted everthing they could from the original religions. The fig tree was known as "The Tree of Wisdom" *Ficus religiosa*.² The xian church corrupted this with the placing of fig leaves over the genitals of Adam and Eve.
3. "Satan" in Hebrew means "enemy" and "adversary."

Now, the word "Satan" goes back much, much further than the Hebrew definition. [Here is a link everyone should check out.](#)

Note in the upper northwest corner of the map of India, the name of the town "Satana."

"Satnam" and "Sa Ta Na Ma" are sacred mantras used in kundalini (serpent) meditation. The five primal sounds in Ancient Sanskrit, one of the oldest known languages are "SA-TA-NA-MA." "Sa" means infinity; Ta means life; Na means death; and Ma means rebirth. All variations of the name "SATAN" mean TRUTH in Sanskrit, which is one of the world's oldest and most ancient of languages.

All of this has to do with the kundalini life force (the serpent) within us. "Jacob's coat of colors" in the bible is the aura. The number seven is the chakras. The interpreters of the old grimoires have it all wrong about the "seven planets." The ancients knew much more than given credit for regarding astronomy.

Anyone familiar with Chinese medicine and advanced martial arts is aware of the chi (the life force, same as the kundalini) and how it is more active in certain pathways in the body on certain days and hours. I uploaded [a chart](#) to the meditations section for this. The authors of alchemy texts in those days put their writings in codes in order to escape persecution by the church.

The sun was another object of veneration for the original religions. This was because of the pure, raw power it bestowed and as it is the source of all life. Drawing down the moon or absorbing energy from the stars is nothing compared to what can be done under the sun, given the knowledge and training. JoS clergy members know this. Holes in the aura are healed and the life force is amplified as with no other source of light.

"Lucifer" was also given to our beloved Father as a name. Lucifer was originally a Roman God with no connection to our Father Satan/Ea. The prefix "Luc" has to do with light. The soul needs light. The morning star, Venus, was a source of light for the ancients as its rising preceded the all-important sun. Venus also rules the important heart chakra.

Father Satan (I prefer to call him Satan, personally), told me he has no problem with people calling him

by the names he has been known by for centuries, even though they are inaccurate. I call him Father Satan whenever I communicate with him or thank him for something. To me "Satan" will always mean "adversary," adversary to the enemy lie of Judeo/Christianity.

The Catholic Church knew the original religions had to be replaced with something else and this is where all of the stories in the bible came from. They are all rip-offs from the originals, which had their origins long before Judeo/Christianity ever reared its ugly head.

The Virgin Mary stole from and replaced Astaroth, who was bound, as "the Lady of Heaven." Astaroth was the most popular Goddess in the pre-Christian world. Fictitious Jehova ripped off from Enlil/Beelzebub/Baal, who was the most popular God in the pre-Christian world, and then there is our beloved Creator Father Satan/Ea who wound up as the Serpent and the Devil.

Sexuality, which is the primary aspect of the life force, automatically came under intense scrutiny by the church. Orgasm directly stimulates the kundalini serpent the base of the spine. The creative energy needed to produce another human life can be used to revamp one's life force which advances and empowers one's soul.

Obviously sexual activity could not be prohibited, so fear was used to place it under strict regulation. In the xian religions, especially the Catholic Church of old, all sexual pleasure was sinful and prohibited by the church. Intercourse was only to produce children and nothing more. Nakedness became a sin because it led to lust. Masturbation was another "mortal sin." Anything that had to do with the raising of the kundalini was severely attacked by the church. The sole purpose of the Christian Church was for the removal of knowledge and nothing more.

While the masses have been stripped of this knowledge and power, a select few who have worked to remove this knowledge use it liberally to enslave the unknowing world. The Jesuit assassins of the Catholic Church are known to even levitate as they draw off of the psychic power from the prayers of their unknowing victims.

Making A Commitment To Satan

Had I as many souls as there be stars, I'd give them all for Mephistopheles!"
-Dr. Faustus

*Please read the Frequently Asked Questions at the bottom of the page.

What happens when I make a formal commitment to Satan?

Satan looks out for his own. Satan gives us an inner strength and we become very strong in spirit. Unlike right hand path religions, where adherents are forever praying and searching for their god, Satan comes to us on his own. Many times, we can feel him. He comes to guide us when we get down, worried, or are experiencing problems.

He snaps us into line and directs us as to what we need to do to be focused and happy.

The foundation of Spiritual Satanism is in our finishing Satan's work upon humanity. This is the goal of the godhead, and is accomplished through power meditation. Humanity is currently at a very low level spiritually. When we begin to meditate, we experience profound positive changes within our lives. Satan and his Demons (The Original Gods) protect us and look out for us as we transform and achieve personal power. With Satan, we have protection that outsiders do not have. We can advance in the powers of the mind and soul as far as we wish. For outsiders, this can prove dangerous.

Satan also gives us knowledge. *"I lead to the straight path without a book."*

As we transform and grow, our lives change for the better and we are much happier. We learn through Satan how to take control of our own lives and destiny instead of being at the mercy of fate. We learn to heal ourselves, and to fulfill our own desires, using the powers of our mind and soul.

In making a commitment, we engage a formal ritual. This is done out of free will. We are making a choice, as opposed to being dragged off to some Christian church, and reciting canned prayers (stolen and corrupted from Eastern mantras) in front of a bunch of idiots.

With knowledge and research, we can prove beyond all doubt that the nazarene, "jehova" and ilk are all fictitious characters, stolen from and corrupted concepts to remove all spiritual knowledge so that a "chosen" few can rule the world using powers of the mind and soul. For further information, please visit www.exposingchristianity.com

Because so many have been forcefully indoctrinated with these characters, and what they stand for (Enemies of Satan), we renounce them permanently in the dedication ritual. This proves to be psychologically healthy and liberating.

The initiation ritual is very personal, unless you decide to have friends participate, or are doing it as part of a group.

You will need:

- 1 or more black, blue or red candles (as many as you like)
- A sterilized needle or razor
- A piece of clean paper, large enough to write the prayer below
- A dry pen, where you sign your name in blood (dip the tip of the pen in your blood)

Write the following prayer:

Before the almighty and ineffable God Satan/Lucifer and in the presence of all Demons of Hell, who are the True and the Original gods, I, (state your full name) renounce any and all past allegiances. I renounce the false Judeo/Christian god Jehova, I renounce his vile and worthless son Jesus Christ, I

renounce his foul, odious, and rotten holy spirit.

I proclaim Satan Lucifer as my one and only God. I promise to recognize and honor him in all things, without reservation, desiring in return, his manifold assistance in the successful completion of my endeavors.

It is important to bathe before any rituals you perform, this is done out of respect. When you are ready, you can light the candle. Take the needle, prick the index finger of your left hand, squeeze some blood out.

Sign your name in blood.

Recite the prayer either aloud or in your head

Fold the paper and let it burn in the fire of the candle. Many of us have stayed and meditated until the candle had burned itself out.

At the end of the ritual, close with the words "So mote it be." And a Big "HAIL SATAN!!"

Frequently Asked Questions/concerns:

Question:

Can I perform the ritual more than once?

Answer:

NO! Satanic rituals are real and binding. The ritual should only be done ONE TIME!

Question:

I performed the ritual. I could barely get any blood on the paper, is the ritual still valid?

Answer:

YES!! The amount of blood does not matter, this is only a formality. What is in our hearts and what our intentions are, are much more important than the amount of blood in our signature.

Question:

Can I reverse the ritual at a later date?

Answer:

Satanic rituals, unlike the rituals in other religions, are real and permanent. I received a very small number of letters from people who were confused and harassed by Christians. One person performed a reverse ritual and Satan left him. Totally. Satan does not push himself on anyone.

Christians are deceived. They believe their "God" to be "loving" and "forgiving." In truth, this monster is a spiteful, hateful attacker of human beings. When one is with Satan, one is always under his protection. He looks out for us and we enter a new life where we no longer have the worries that others endure. Things are not perfect, but they are always much better. Satan does not punish people who reject him, he simply leaves and one is left all alone to endure the torments of the enemy.

These people wrote to me because after several months, they were begging for Satan to take them back. The enemy did absolutely nothing for them. All were extremely regretful they ever left and very desperate to come back.

Question:

I am under-age and my parents would cause me serious problems if they ever caught me doing a Satanic ritual.

Answer:

If there is absolutely no way you can perform the ritual without placing yourself in danger, you can perform it in your [astral temple](#).

You can do the above ritual when you are older. Performing the dedication on the astral is every bit as valid as doing it physically. Satan is very understanding concerning teens who are forced into accepting Christianity while living at home and being underage.

Question:

I am underage, living in a Christian home and my parents force me to go to church and participate in Christian sacraments. Can I still do the dedication? Will Satan be angry with me?

Answer:

Yes, you can still perform the ritual. Satan understands. As long as you are loyal to him in your heart, he will not be angry with you. Those of you under 18 are not free. There is no need to reveal your allegiance to Satan to anyone. What is in your heart is more important than anything else. Satan advises us in the Al-Jilwah not to reveal our religion to outsiders if it will cause us harm in any way, this is especially important for teens. Just renounce the Christian "God" in your mind if you are forced to participate in any of his garbage. Satan understands it can be downright dangerous, and in some cases even life-threatening for teens living in Christian homes to reveal their allegiance to him.

Satanic Symbols

It is a sad fact that few Satanists know the real meaning of our symbols. Most take false and erroneous information from Christian sources. Christians show their stupidity and ignorance incessantly. Knowledge is their most formidable enemy for no scam, no hoax, nor any lie can succeed when one has knowledge of the truth. Every Satanic symbol represents powerful spiritual meaning in regards to humanity reaching the godhead of spiritual and physical perfection and immortality. Most if not all Satanic symbols pertain to the soul.

The Point Down Pentagram symbolizes energy entering our crown chakra from above. The Satanic Lightning Bolt symbolizes Satan as our True Creator God. The lightning bolt is the life force- the bioelectricity. All point down symbols in Satanism represent energy from above descending and giving life to, and empowering the human soul.

The Equal Armed Iron Cross is seen in most [Demon Sigils](#) and represents the correct alignment of the chakras and the shape of the human soul.

Lucifer has several sigils. All have to do with reaching the godhead. His symbol at left represents the True GRAIL. This is the cup that holds the elixir of life. The Catholic Church STOLE this concept and corrupted it. The Grail is part of the Magnum Opus, the potential of which we have within ourselves. It is not a material object, it is a concept. The "blood of the chakras" is the energy they leak when stimulated. The Grail is depicted as "Royal Blood." this is the 'blood' of the chakras.

The symbols on the left are of Astaroth. Both were derived from the Egyptian Ankh.

The Egyptian Ankh represents the key to the soul and the heart chakra. The glyph for the planet Venus was derived from the ankh. Both the planet Venus and the heart chakra are of Astaroth.

The colors BLACK and RED date back to Ancient Egypt. Egypt was known as the "Black and Red Land" and was the center of Alchemy. Alchemy is the transformation of the human soul into the godhead. Through this transformation, we complete Our Creator Satan's unfinished work.

The PYRAMID is symbolic of the shape of the human chakra. The missing capstone represents the unfinished work and the ALL-SEEING EYE represents the gnosis and all-knowing when one reaches the godhead. This state is also known as "SAMADI" or "SUPER CONSCIOUSNESS." The photo at left was taken from the US One Dollar Bill. The United States, government and all, was founded upon Masonic principles and is not Christian by any stretch of the imagination. [Original Freemasonry was of Satan.](#)

is the Kabbalistic square of the Sun. The true meaning of the "Temple of Solomon" is the *TEMPLE OF THE SUN*. "Sol" "Om" and "On" are all words for the Sun. "Sol" is the Latin word for the Sun and is close to the English word "soul." "Om" is a name given by the Hindus to the Spiritual Sun and "On" is an Egyptian word for Sun. The symbolism of the Temple of Solomon was stolen by the Jews and made into a fictitious character, as with the fictitious nazarene and nearly everything in the Judeo/Christian Bible. For more information:

[The Removal and Desecration of the Original Gentile Religious Texts](#)
[Exposing Spiritual Corruption: Spiritual Alchemy & The Bible](#)

The true meaning of the "Temple of the Sun" is spiritual. This symbolizes the perfected soul, where the rays from the heart chakra, which is the center of the soul and circulates spiritual energy, radiates into 8 separate rays. The shining soul is symbolized by the sun. 8 is the number of Astaroth. This is also "The New Jerusalem." The name of "Jerusalem" has also been stolen and corrupted into a city in Israel. "Jerusalem" IS A CONCEPT!

Note on the two Satanic symbols on the far right above, the number 8 is the symbol for immortality. The 8 is turned on its side. The cross with the two bars symbolizes the human soul at the heart and third eye chakras. The 8 pointed star to the left is the [Star of Astaroth](#). The Catholic Church labeled this as "Sigil of the Beast." Anything having to do with spirituality has been maligned, slandered, blasphemed and desecrated by the Christian Churches. The shining perfected soul is also symbolic as "The Light."

The Skull and Bones is symbolic of the Nigredo stage of the Magnum Opus (The transformation of the soul into the godhead). This is the death stage in the work, before the soul is purified into the godhead. The dross is separated from the pure.

The Black Sun, the Raven, the Crow, and the color black also symbolize the Nigredo stage.

The Peacock is sacred to Satan and represents the multi-colored stage of the Magnum Opus following the Nigredo.

Lucifer, Lucifer, stretch your tail, and lead me away full speed through the strait passage, of the valley of death, to the shining light, the palace of of the Gods
-Isanatha Muni

This page is under construction. I will be adding many more symbols and also a special section about the Demon Sigils and how to read them. All of the Demon Sigils are designs of important alchemical symbols.

Demons, The Gods Of Hell

About Demons

**Recently, myself and three other High Priests and a High Priestess performed energy work with the Demons. They are NOT monsters. Many are well known and popular EGYPTIAN GODS. For centuries, they have been spiritually abused using enemy god names, nine foot circles and a plethora of blasphemies and insults. This is the reason many appeared as monsters. The Demons are all of the Pre-Christian Gods; the ORIGINAL GODS.

- High Priestess Maxine Dietrich, May, 2003

THE DEMONS ARE NOT EVIL! Because of the perversions of good and evil by the mainstream religions and society in general, many people are confused. ([Read my sermon on "freethought"](#)).

There is no reason one should fear Satan's Demons. When treated with respect and approached with honest intentions, they are truly wonderful.

Their greater purpose is to teach humanity. As for purposes of revenge and the punishment of enemies, this is a part of learning, as justice is essential. Turning the other cheek creates true lawlessness, chaos and the eventual collapse of civilized society. Revenge and justice are necessary, for without correction; offenders only continue in their abusive behavior and freely abuse others.

When we make friends with the Demons, they often visit revenge upon those whose intention is to wrong us, and they also watch our backs. I have seen my enemies and the enemies of my loved ones punished before I even had to ask.

Many of the Demons specialize in the teaching of ethics. This right here attests to the reality that Demons are not evil. Responsibility to the responsible. Honor and truth are VERY important to Satan. Satan looks with hatred upon those who are cowards and are too weak to take responsibility for their actions. Satan represents the strong and the just.

The Demons are the Nephilim, (the Original Gods) the ancient extra-terrestrials who came to Earth to mine for gold thousands of years ago. They are very intellectually, physically and spiritually advanced. Many took human wives/husbands and were cursed for this by other Gods who opposed anything that would educate or elevate human beings above that of an animal. Human beings were intended to be slaves and when the mining project was finished, they were to be destroyed. The Demons befriended humans and wished for us to become as the Gods, just as Father Satan attempted to bring humans godly knowledge and power. For this, they were cursed and punished.

The Demons are very human friendly. I have had the privilege of having them work with me and teach me. I have established true friendships with several Demons who have helped me in so many ways. I have learned so much from my Demon teachers. Given the destruction of ancient libraries and centers of learning by Xians, so much knowledge has been lost forever. Sometimes Demons can be strict in encouraging us to better ourselves, but this is for our own well being and development. Satan states in the Al Jilwah: "I lead to the straight path without a revealed book."

The popular grimoires and occult books available in the mainstream bookstores are a major source of trouble. The grimoires were written by rabbis and Xians. The Demons are NOT "empty shells" as kabbalists claim. They are not the "qliphoth." The Demons I have worked with have very powerful, positive energy and are very much alive. Since we performed energy work on them, they have drastically increased their power. Many of them now have very bright auras.

Concerning vampirism and the "qliphoth," the Xian "God" exemplifies both, as most Xians are spiritually depleted. Look at the Catholic Pope- he is an empty shell. The doctrines of the right hand

path religions advocating asceticism, self-denial and other anti-life practices harmful to human beings are representative of "qliphoth." The teachings concerning the qliphoth are another way the enemy denigrates and slanders our Gods.

There is a lower order of Demons. They have fiery red eyes and the rubbery wings. They serve purposes such as protection, or chasing off enemy spirits and are assistants to higher ranking Demons.

When we summon the Demons, they sometimes manifest themselves through astral projection. Normally, they communicate with us telepathically.

How to Summon Demons

*For people who have had problems in getting a Demon to appear, click on the link at the bottom of the page

The most important thing you can do is forget everything you have been taught about Demons from sources that are hostile to Satanism.

There is nothing but misinformation from most of the readily available and most popular writings. Following the instructions written in most grimoires is not only wrong, but can be very dangerous.

My own experience with various Demons is that they are very proud and being respectful is very important.

Recently, several High Priests and High Priestesses performed energy work with many different Demons including all of the Demons of the Goetia. All 72 of the Goetic Demons have been freed and many more. We found the true identities of most of these Demons. Many have used different aliases in order to avoid being viciously abused. These Demons, unlike the descriptions given in many of the old grimoires are not monsters. They are beautiful, popular, and important Gods.

ASMODEUS TOLD SOLOMON:

"SO ASK ME NOT MANY THINGS; FOR THY KINGDOM ALSO AFTER A LITTLE TIME IS TO BE DISRUPTED AND THY GLORY IS BUT FOR A SEASON, AND SHORT WILL BE THY TYRANNY OVER US."

Demons are immortal; a "season" is but a few thousand years to them. The Christian "God" is losing power. Father Satan has informed me that our side has won. We warn everyone: using the spiritually abusive methods of the old grimoires is not only foolish, but will inevitably result in personal disaster. The Demons must always be approached with extreme honesty and respect. The days of using enemy "God" names, nine-foot circles, threats and other destructive and abusive methods are over. Don't say you weren't warned....

When we are new, most of the Demons are willing to help us. The goal of Satanism is to become as a god. This means self-empowerment.

As we progress through our own efforts, we become more and more adept. We should be able to rely upon our own powers instead of the powers of others outside of us.

The Demons are best when it comes to imparting knowledge and wisdom, so that we may learn and advance our own powers.

As we progress, we should be able to be competent in all aspects of magick and be able to influence others and our environments on our own, without any outside help. Although, even with an adept, there may be circumstances where issues can be overwhelming and the help of a Demon is needed.

For spiritual guidance, the Demons are here for us at all levels, from those who are new, to those who are advanced.

From my own experiences, I would highly recommend to those of you who are serious in progressing spiritually, to establish a close and strong relationship with a Demon who is willing to work with you and guide you along the left hand path. This can be a very rewarding experience to say the least.

How to summon:

Always treat the Demons with honesty and respect. Never command, demand or try to exploit them in any way.

THE CORRECT METHODS FOR SUMMONING A DEMON:

1. Know the Demon you intend to summon. This website lists the attributes and available knowledge about different Demons. All of the Goetic Demons are human friendly, as we know from experience.
2. It is important to have a specific purpose; know exactly *why* you are summoning a particular Demon.
3. When we ask assistance from a Demon, it is only proper to offer something in return. Be prepared to give something in return. This is something both you and the Demon should agree upon. Remember, the Elder Gods value one's word, honesty, integrity and one's honor as the utmost importance. NEVER agree to anything you know you cannot follow through on.
4. Know the method you plan to use to communicate with the Demon.

One of the most important steps in the summoning of a Demon you are not yet familiar with, is to go through Satan.

The reasons for this are serious. Not all Demons are friendly to humans, nor are all Demons of Satan. Satan has authority over all of the Goetic Demons. Most Demons are friendly when treated with respect and summonings result in a positive experience. I have found many Demons that have caused outsiders problems are often friendly to a confirmed Satanist.

I have learned much through my own interactions with Demons and through the many experiences of others, both the laity and the Ministry. Experience is, as always, the best teacher.

There are different levels of experience when one establishes contact with a Demon:

1. The Demon speaks to us through our thoughts (telepathy). With telepathy, the words of the Demon come to us through our thoughts. In the beginning, it can be difficult for those who are not as sensitive or lack psychic ability to differentiate between the communication from another entity and their own thoughts. With power meditation and experience, this becomes much easier over time.
2. We see and hear the Demon. This is with people who are more psychic and open.
3. We invoke the energy of the Demon. This is powerful and electrifying. We are engulfed in a strong aura. During this time, we will often hear the Demon speak to us and we may in addition, see the Demon.
4. During an actual summoning, the Demon appears and speaks to us through scrying into a mirror, in the smoke of the incense, or in some other manner. This is best for those who are new. With scrying, if we are sensitive enough, we can often feel the Demon touch us if he/she chooses to do so.
5. Tangible contact; objects in our rooms are moved, there is actual physical evidence of the Demon having been present.

There are accounts in popular books concerning extremely powerful energies encountered when evoking a Demon. To my knowledge, no one using the methods outlined on this website has ever experienced anything negative or overwhelming. I have invoked Demons many times (see [Invocation & Evocation](#)) and the energy was never beyond anything I couldn't handle or in any way

uncomfortable.

Methods:

Copy, print out or draw the sigil of the Demon you wish to summon on clean paper. It is important that you be left alone and not disturbed in any way. Close your eyes and visualize the sigil in your mind as best you can. It is ok to open them and look at the sigil again (as many times as needed) to get a clearer image. While visualizing, recite, or chant the name of the Demon repeatedly either in your mind or aloud.

Recite the following prayer:

Lord Satan, by your grace, grant me, I pray thee the power to conceive in my mind and to execute that which I desire to do, the end which I would attain by thy help, O Mighty Satan, the one True God who livest and reignest forever and ever. I entreat thee to inspire _____ (name of Demon) to manifest before me that he/she may give me true and faithful answer, so that I may accomplish my desired end, provided that it is proper to his/her office. This I respectfully and humbly ask in Your Name, Lord Satan, may you deem me worthy, Father.

The Demon can manifest in different ways.

- Through a mirror as in "[scrying](#)." You will see the Demon in the mirror.
- Through the smoke of the incense
- The Demon appears directly, when one is sensitive enough and in a deep meditative state.

Prepare your area. Your first summoning rituals should be performed at night. The reasons for this are the energies are different at night from those during the day and it is easier to be alone and free from distractions. When one has established relationships with certain Demons, it is no longer necessary to perform a formal summoning ritual. The Demon can appear to us night or day and all we need do is concentrate to contact them through telepathy.

You will need:

- A quiet place where you will not be disturbed.
- Quality incense with a pleasing fragrance. I strongly recommend when working with any new incense to try it out before the actual ritual or summoning as cheap stinking incense is insulting to the spirits and can be embarrassing in any ritual. See [INCENSE](#)
- One or more black or blue candles. Black is choice, but blue is ok for a substitute if you cannot obtain black. Also, if available, the candle color of the specific Demon you wish to summon. (These are listed on this website).
- Your paper containing the Demon's sigil.

When finished with the sigil, find a safe place to store it, preferably in your own black book or journal. ALWAYS treat this paper/sigil with extreme respect and NEVER burn it! The sigil can be reused.

There is no need for a nine-foot circle. Demons *hate* circles and there is no need for a "license to depart" as both are offensive and insulting. Treat the Demons with respect and in turn, you will receive the same.

After the petition to Satan, you should feel his positive energy. This is a good sign and a go-ahead. If for some reason the Demon doesn't answer, try another time. Many times the Demon does appear, but those who are new to summoning are not psychically open enough or experienced to sense him/her.

Most people have had to perform the summoning ritual more than once for the Demon to manifest. Often, the Demon does answer, but many are not aware. Look for coincidences and things out of the ordinary. Awareness here is everything.

Always offer a token of appreciation and gratitude in return for his/her services. Some ideas are publicity for the Demon, working against Christianity, working to advance Satanism or any service that you both can agree upon.

**I have received many personal e-mails and many posts have been made to the Joy of Satan e-groups concerning the summoning of Demons and the trouble some people have with seeing, hearing and sensing the presence of a Demon.

People come to Satanism with differing levels of psychic ability. Psychic ability is when one's soul is open enough to sense things that most others cannot. This is the goal of Spiritual Satanism: empowering humanity spiritually. Human souls have been sealed up, so little if anything other than the material world can be accessed. The judeo/xian churches always have been and are a tool for removing spiritual knowledge and replacing it with lies and total materialism. The effect has been that through the centuries, humanity has experienced generational atrophy of the soul and spirit. People who have had psychic experiences are often at a loss to explain or even understand them.

Some of us who have been with Satan throughout many reincarnations are more psychically open. This also applies to anyone who worked in any of their past lives to develop their souls and psychic powers.

There are plenty of people who have not developed their powers in their past lives or in this life and as a result, they are unable to sense the presence of Demons when they summon them. Many of these people feel they are being ignored or they may feel disillusioned. There is no need to feel this way as psychic senses and abilities can be developed at any time through power meditation, which is the foundation of Spiritual Satanism.

For those of you who are having problems, please be patient and try working on yourself for a while with a meditation program. Later on, you should try again to summon a Demon. Awareness is also important as well. Look for coincidences or answers to your questions and concerns. Do not limit yourself, as answers can come from many different sources and in some of the most unusual ways one would never expect.

If you tried summoning for several times with no luck, you need to meditate regularly. Every Spiritual Satanist should meditate on a regular basis, regardless of present ability.

Daemon

So much has been distorted, warped and perverted by enemy religions. Here is the original meaning of Daemon/Demon-

Daemon: "In Greek myth, an intermediate spirit between men and Gods. Daemons such as the one who guided Socrates act as councilors and guardians to human beings."

Another definition:

Demon and daemon were once used interchangeably. The former came to English from medieval Latin, while the latter was from classical Latin. The earliest use appears to have been in the phrase daemon of Socrates, which was his "attendant, ministering, or indwelling spirit; genius". That was in the late 14th century. It was a short time later that the term demon came to refer to "an evil spirit" by influence of its usage in various versions of the Bible. The Greek form was used to translate Hebrew words for "lords, idols" and "hairy ones (satyrs)". Wyclif translated it from Greek to English fiend or devil. This is how the evil connotation arose. By the late 16th century, the general supernatural meaning was being distinguished with the spelling daemon, while the evil meaning remained demon.

Magickal Evocation and Invocation

There are basically two ways of summoning an entity or working with energy: "Evocation" and "Invocation." Spiritual evocation is summoning an entity whether it be a Demon, spirit, deceased person, or elemental and the being appears outside of the operator. When working with energy, the energy is always on the outside of the operator and never inside his/her body. With evocation, there is never a direct tie or connection.

Invocation is taking the spirit into one's self. The being actually enters the operator's body. An example is invoking a Demon and the Demon speaks through the operator using his/her voice to communicate. Often when this happens, one's voice may change, becoming deeper, raspy, or different in some way. During séances, often the medium is able to produce a substance called "ectoplasm" to provide a luminescent material in order for the evoked spirit to manifest itself visibly. This is a form of invocation as there is a direct connection with the spirit and the medium.

There are many different beings. One thing I have learned is with Satan's Demons, when they enter us; they never harm us in any way. We are always conscious and fully aware. When they are speaking through us, we are aware of what they are saying and rarely is anything ever forced. One doesn't experience gaps or "missing time" as those who invoke angelic beings have. Angels often masquerade as Demons. There are entities that are NOT of Satan and when they are invited in (usually these are angels or related ilk) they will take over and cause harm to the person who invoked them and the individual will not have any memory of the event. They will have missing time and more than likely other lingering problems as well.

Satan is the bringer of knowledge. He has no reason to cause anyone to forget something or have lapses in memory in order to hide something. People who dabble with angels and other astral entities of whom they are not familiar with can experience these problems, and then of course, through ignorance and foolishness they blame "The Devil."

Some Demons come around and like to play. One time when I was at work, a coworker showed me a photo of his girlfriend. I felt a Demon enter me and he said to me "go ahead." I began reading her. The co-worker was surprised at my accuracy. Of course, this was my Demon friend speaking through me.

Most available texts on spells and magick, due to a lack of knowledge (spiritual and magickal knowledge was removed and obliterated by the Christian church), not only give wrongful instructions, but instructions that can also be very dangerous when working black magick, using death energy and other destructive forces.

There is a great difference between evocation and invocation. When we invoke energy or spirits, we create a link to the energy or spirit through ourselves. Obviously, if one is using destructive or death energy, this can be very dangerous. Invocation also includes building up energy within one's soul and discharging it through one's aura and/or chakras. This creates a tie to the victim.

Most black magick spells that go wrong do so because of errors on the part of the mage. There are other reasons for a black magick working going wrong such as the victim having a powerful aura that is able to deflect negative energy; the victim is under powerful spiritual protection (If one is under Satan's protection, nothing can touch him/her) or bad timing on the part of the mage. There can be other reasons, but the above are the most common.

Even white magick where healing is concerned can pose problems to the mage who invokes the energy before applying it. Any time energy is invoked, a powerful connection is established. Obviously, no one

in his/her right mind would want to connect with a disease.

If the mage is working on money, personal power or some other positive application of energy, then invoking is desirable. This also goes for love spells and workings of lust.

One must know the difference when working a spell, as ignorance or misapplication of the above can result in a spell backfiring or other undesirable outcomes.

For Example- Evoking Death Energy: The advanced mage should be familiar with this energy. Death energy is prevalent in mortuaries, cemeteries, places where wars were fought, where massacres occurred and other places of death. The energy is grey, dismal, and depressing. The mage should go into a trance, surround him/herself with the energy, but *NOT* take it into his/her body. The mage should direct the energy using his/her will and visualization into a ball or other form. The energy should be condensed tighter and tighter into the ball or form for power. The formed energy can then be expanded or contracted according to how the mage intends for it to be delivered to the victim. If delivering to the victim's chakras, the energy should be tightly compacted, and exploded, or expanded upon entry into the victim's body. If the energy is to collect and adhere to the victim's aura, the energy should be expanded to envelope the entire aura. Variations can be used according to one's individual preferences.

FAQ About Demons

I performed the ritual, but the Demon didn't show up

Answer:

I have gotten many e-mails from people who, after several attempts at summoning, the Demon finally appeared and after this, all summonings went fine. The reasons for this are one is new and/or not psychically open enough to sense the presence of the Demon. Persistence and patience pay off in results. Satan is strong on one having patience.

How do I know if the Demon heard my summoning?

Answer:

Again, this is probably because you are new. Look for subtle signs like candles and/or incense flaring up, sizzling during the ritual, sometimes if you are open enough, the Demon will physically touch you. Demons often wait to come to us in our dreams. Objects can be moved, doors can be open or closed, breezes out of nowhere, feeling the Demon's energy and so forth. Just be open and aware. Look for coincidences.

What if I can't find candles in the right color?

Answer:

Do the best you can to come as close to the color as you are able to. Because of xian control and pressure, many places where black candles and other colors used in Satanic rituals are sold are becoming scarce. Your desire and what is in your heart and mind are more important than the candle color.

Can Demons be summoned only at night?

Answer:

The first time you summon, ideally, should be done at night. Nighttime is usually quiet and more conducive to psychic workings. The right (psychic) side of the brain is by nature more active during the hours of darkness. Once you establish a relationship with a Demon, you can summon him/her telepathically at any time by concentration alone, unless the Demon feels otherwise. He/she will let you know. If the Demon is busy, which is often the case; he/she may acknowledge you at a later time, usually within a day.

Do I always have to perform a full ritual when summoning a Demon?

Answer:

No. After a relationship is established, just concentrating on the Demon and contacting him/her telepathically, with or without his/her sigil should be enough for him/her to show up anywhere or at anytime, provided you are extremely respectful and never demanding. Sometimes a Demon won't show if he/she has a reason, but will appear later. *When summoning an unfamiliar Demon, you should always perform a ritual.

After summoning a Demon and having close contact/invoking, I felt achy, tingly, extremely powerful energy, etc.

Answer:

Demons have much greater amounts of bioelectricity than we humans do. Often close contact results in an excess of bioelectricity that remains with us after contact. Because our physical systems are not used to this, we may experience a heightened energy level and in some cases physical discomfort, for a short time after the Demon leaves. When we build up our own bioelectricity, we are able to handle more intense and intimate contact with Demons and not feel anything unsettling.

Demons and Bioelectricity

Demons have powerful energy, way beyond the average human. When we invoke them or have close intimate contact with them, a variety of effects can happen. The Demon's bioelectricity merges with our own. We are all individuals and our life force is individual, operating on different levels of intensity. What one person may experience, another may or may not. This depends on many different things, such as previous levels of the energy of our soul. The more powerful your own energy, the more energy you can withstand, with little or no unsettling effects. One's present physical strength and constitution also determine the amount of energy we can handle. People who are built up or stronger physically can withstand more from their own workings or that from an outside source.

People who do regular and intense physical exercise will find they are able to handle higher energy levels and progress faster in increasing their own bioelectricity. All of this takes time and patience. This is like climbing a mountain, where you have to camp at certain heights for a period of several days to a month or more, to acclimate yourself before moving upwards or otherwise experience some very unpleasant and sometimes life threatening effects such as severe altitude sickness. We are all individuals and must move at our own pace.

Common sensations after invoking a Demon/ess are skin sensitivity, tingling, your insides vibrating or tingling; aching in the joints (for those with lower levels of bioelectricity), feeling like you are glowing and/or floating, sometimes anxiety, feeling heat or cold, exhilaration, intense dreams, feeling hyperactive or nervous, insomnia and others. The lower your own levels of life energy, the more effects you may experience. None of this is anything to be concerned about, as it will pass. The above also depends on the closeness of contact with the Demon/ess. Plain telepathic communication rarely produces the effects having sexual intercourse does.

I invoked Demons several times and my skin tingled for a couple of days afterwards, feeling like a sunburn without the pain, just the sensitivity. Invoking Demons before sleep can cause insomnia, as the energy of the Demon/ess can keep you awake, as it is intense and powerful. With self-empowerment and increasing our own bioelectricity, we will always be able to feel a Demon and have some after effects, but they will be minimal as we become stronger.

Feeling a kundalini surge when one is not meditating often indicates a Demon/ess is present. Demonic energy feels much like our own. This takes experience in determining whether a Demon/ess is present or whether we are just feeling our own energy. This comes in time and with repeated contact with the Demons.

The Pantheon of Hell

High Ranking Gods and Crowned Princes of Hell

There are four great God powers who rule Hell; Satan, Beelzebub, Astaroth and Azazel. [Satan](#) is the most powerful and Ruler over all.

Gods of great rank and power assist only their confidantes and intimate friends. Ea/Enki (Satan), Enlil (Beelzebub; the original 'Baal'), Inanna (Ishtar, Isis, Astaroth) and Shamash/Utu, Ashur (Azazel) were the four most popular, powerful and notable Gods throughout the world. They were the Original Gods of Mesopotamia. All are related. Beelzebub/Enlil is Satan/Ea's half-brother and Astaroth and Azazel are twin brother and sister, the grandchildren of Beelzebub.

ASTAROTH

She was known to the Canaanites as ASTARTE, to the Sumerians, she was known as INANNA, to the Babylonians, she was known as ISHTAR to the Assyrians and the Akkadians, ASHTART, ASHTORETH, ASHERAH, and ASTORETH, to the Egyptians, ISIS, ASHET AND ASET, to the Phoenecians, she was known as TANIT-ASHTART and ASHTAROTH. Her Ugaritic name was ANAT.

- Astaroth is a Guidance Councilor for both Demons and humans. She deals in mostly human affairs
- Astaroth rules 40 legions of spirits and is a Day Demoness
- Astaroth is also The Treasurer of Hell

Astaroth is a very ancient Goddess. She has been with humanity, as have Satan and Beelzebub, since the beginning. Astaroth is Beelzebub's granddaughter. Her parents are Ningal and Nanna. She has always been very popular, much loved and revered in locales where she was worshipped. Because she has been with us since the beginning, she has been known by several different names as she has been

the Chief Goddess in many different areas and cultures. She has been known as a Goddess of fertility, love and war.

Astaroth's Symbols,
derived from the Egyptian Ankh

Astaroth's Sigil

The clusters of three dots at the points of the star of her sigil are extremely ancient and denote her high spiritual rank.

As the Sumerian Goddess "Inanna" she was known as a powerful warrior and her sacred animal was the lion. Below are photos of the Lions that guarded her temple at Nimrud.

Her sacred city was Uruk, one of the oldest cities of Sumer where she had her temple, in the lower right photo above are the ruins. Under her rule, the people of Sumer and their communities prospered and thrived. She had shrines and temples in many cities in the Ancient Middle East.

Her Sumerian title "Queen of Heaven" was stolen by xians and used for their fictitious "Virgin Mary."

Astaroth was also the Babylonian Goddess, Ishtar. Babylonian scriptures called her the "Light of the World," "Goddess of Goddesses," and "Bestower of Strength."

The "Ishtar Gate," built approximately 575 BCE was the main entrance into Babylon.

It was the eighth of one of eight gates of the inner city. King Nebuchadnezzar II of Babylon dedicated the Gate to Ishtar. It was one of the most impressive monuments in the ancient Near East. The Ishtar Gate was decorated with dragons, bulls and lions.

Along with Ea (Satan) and Enlil (Beelzebub), she wound up in the grimiores when judeo/xianity arrived on the scene as one of the top Crowned princes of Hell. These three were the most popular and well known deities in the Middle East. Their reputations were destroyed, they were viciously slandered, blasphemed and demonized; labeled as "evil."

"Although Sidon is respected, it could not be forgotten that her goddess was Ashtart, a name the Israelite scribe wrote with the five consonants *'strt*, and vocalized them by the vowels of the familiar Hebrew word for "shame," making the Sidonian goddess appear in the bastard form Astoreth."

-Excerpt from "Recovering Sarepta, A Phoenecian City by James B. Pritchard, 1978

"Of the various spellings of the name, Astarte, is found the Tel Amara letters. The Hebrew Astoreth arose when the rabbinical school of the Massorettes in the sixth century decided to adopt a conventional system to compensate for the lack of vowels in written Hebrew, and at the same time to insert in the names of foreign divinities the vowels from the word 'boshet', meaning abomination."

-Excerpt from "Who's Who Non-Classical Mythology by Egerton Sykes, 1993

Above are the remains of the Temple Isis, originally on Philae Island, had to be moved to Agilkiya Island (above) during the construction of the Aswan dam to save them from flooding.

Astaroth answers truly concerning past, present and future

She discovers all secrets, and is an excellent teacher of the liberal sciences

She causes one to have prophetic dreams or visions about the future and gives insight into the unknown. She is also counsels humans who are close to Satan and actively working for him.

She obtains friendship of those in power and represents luxury and ease.

[Easter \(originally known as "Ashtar"\)](#) was stolen from her by the Christians.

High Priestess Maxine (my experience with Astaroth):

Astaroth is very beautiful with light blonde hair. Though tall, she is delicately built. Astaroth's colors are red and blue. She sometimes appears with wings- these have red and blue streaks in them. She often visits me and other JoS clergy on her own and is a friend and guide for us.

- Number: 20
- Rank: Chief Standard Bearer of the Infernal Army
Azazel works directly with Satan
He is in charge of top security in Hell.

*The above, he dictated to me personally.

From High Priestess Maxine:

I know Azazel well and am very close to him. He is a very high ranking and important God. He is 7 1/2 feet tall, very strongly built with light blonde hair that is past his shoulders and flowing. He has piercing bluish grey eyes. He is very powerful and dedicated to Lucifer. He expects 100% and can be serious and strict. He closely interacted with and educated humans in ancient times. ****AZAZEL IS NOT PAIMON** as some of the grimoires of abuse claim. They are both different Gods. Azazel is a Prince. Paimon is a King. Azazel is very high ranking; VERY close to Lucifer. He says he is around 60,000 Earth years old.

Azazel worked extensively with me on this page. He led me to many different references and resources (Listed below). He told me to mention the "Code of Hammurabi" and that the contents of this document have been drastically altered through the centuries and what we have now resembles nothing of the original. Azazel stands for justice and does not in any way advocate submission or turning the other cheek.

Although there are a few accounts of Azazel's being married to various Goddesses, this is inaccurate. Azazel took a human wife some 10,000 years ago.

Azazel is a grandson of Beelzebub (Enlil). He is the twin brother of Astaroth. Both he and his twin sister Astaroth are the children of Beelzebub's son "Sin/Nannar" and Sin's wife "Ningal." Both Azazel and Astaroth have always been very close. The painting at left is how he always appears to me.

Azazel is a warrior god of justice and truth. His cities were "Sippar," an ancient Akkadian city on the east bank of the Euphrates, north of Babylon and Larsa/Ellasar of Sumeria. Sippar is 20 miles (32 km) southwest of Baghdad in Iraq. Sippar was one of the first cities to be established by the Gods.

"Ellasar's Sumerian name is given as Ararwa, apparently for Arauruwa, 'light-abode,' which, in fact, is the meaning of the ideographic group with which it is written. The ruins of this ancient site are now known as Senqara, and lie on the East bank of the Euphrates, about midway between Warka (Erech) and Muqayyar (Ur of the Chaldees).

In addition to the name Larsa, it seems also to have been called Aste azaga "the holy (bright, pure) seat" (or throne), and both its names were apparently due to its having been one of the great Babylonian centers of sun-god worship.

Like most of the principal cities of Babylonia, it had a great temple-tower, called E-dur-an-ki, 'house of the bond of heaven and earth.' The temple of the city bore the same name as that at Sippar, i.e. E-babbar, 'House of Light,' where the sun-god Samas was worshipped. This temple was restored by Ur-Engur, Hammurabi (Amraphel), Burna-burias, Nebuchadrezzar and Nabonidus. Among the tablets found on this site by Loftus was that which gives measures of length and square and cube roots, pointing to the place as one of the great centers of Babylonian learning. Besides the remains of these temples, there are traces of the walls, and the remains of houses of the citizens. The city was at first governed by its own kings, but became a part of the Babylonian empire some time after the reign of Hammurabi."¹

Azazel is the God of Justice and Revenge. He is a Master of the Black Arts and the Protector of Travelers. His symbol the faravahar (shown at left), represents freedom of choice and protection. The faravahar is the original winged disk.

He was the rebel leader of the Igigi. Azazel is also the the God of divination and has been consulted by many soothsayers. He was also the Chief Deity of the City of Hathra. As the Chief Deity of Hathra, he was known as "Shamiyah." Note the horns in the photo of the sculpture at left.

Along with his grandfather Beelzebub, he controlled the airways for the Gods, wearing his symbol of the eagle.

"In Bad-Tibira, established as an industrial center, Enlil installed his son Nannar/Sin in command; the texts speak of him in the list of cities as NU.GIG ('He of the night sky'). There, we believe the twins Inanna/Ishtar and Utu/Shamash were born--an event marked by associating their father Nannar with the next zodiacal constellation Gemini (the twins). As the god trained in rocketry, Shamash was assigned the constellation GIR (meaning both 'rocket' and 'the crab's claw' or Cancer), followed by Ishtar and the Lion (Leo), upon whose back she was traditionally depicted."²

The Judeo/Christian Bible reads that "Azazel taught men to make swords, knives, shields, body armor."

The grimoires of spirit abuse claim that Azazel is a genius at working with metals, minerology, and geology. This is all symbolic. He is a Master of Alchemy; Spiritual Alchemy. Spiritual Alchemy has to do with the transformation of elements within the human soul, drawing energy from the earth and working with the earth spiritually. Each of the seven chakras is represented by a specific metal. Azazel works with dedicated disciples of Satan to achieve godhead.

All of the above is spiritual. The biblical account was twisted. The "swords, knives, shields, and body armor" are all spiritual weapons. He is an expert on the planets, constellations and astrology. He is also very skillful in the arts, cosmetology, crafting of ornaments and jewelry. Azazel creates beauty.

AZAZEL'S SIGIL ONE

AZAZEL'S SUMERIAN SIGIL

Azazel led me to a lot of detailed information which was extensive. He also has more than two sigils of which I will be uploading. I will add more information to this page soon.

*Many of the Original Gods were known as "The Shining Ones" because of their powerful auras.

BEELZEBUB

BEELZEBUB is also known as BAALZEBUB, ENLIL, BEL, "PIR BUB"* BAAL ZEBUL and BEELZEBUTH

He is also known as the Goetic Demon "BAEL"

- Zodiac Position: 0-4 Degrees of Aries
- March 21st-25th *(March 21-30)
- Tarot Card: 2 of Rods (From Azazel)
- Candle color: Black
- Plant: Fern
- Planet: Sun (From Azazel)
- Metal: Iron *(Gold)
- Element of Fire
- Rank: King
- Bael is a Day Demon and rules over 66 legions of spirits.

Those who are close to Beelzebub know he is Enlil. This is from him personally. Enlil was the original "Bel" which later evolved into "Baal." "Baal" means "Lord," "Master" "Baal the Prince." Beelzebub/Enlil was a very popular and well known God who had cities named after him with the prefix "Baal" all over the Middle East.

Most people who have studied the occult know he is very close to Satan and they both go back to the "beginning of time" here on earth; Enlil and Enki. He is Father Satan's half-brother. Along with his brother Ea/Satan and Astaroth, he wound up in the grimiores as one of the Crowned princes of Hell and labeled as "evil."

"Baal Zebub, the healing god of Ekron, later became one word--Beelzebub--which came to represent evil and idolatry in the New Testament of the Bible."

-Excerpt taken from- "Syria" by Coleman South, 1995

Beelzebub is best known as the God of the Philistines, He ruled over the city of Ekron. He is second in command to Satan. The Ancient Philistines worshiped Him under the name "Baalzebub." Beelzebub is "Lord over all that Flies". Wherever he was worshipped, he was known as God of the weather and meteorology. He also controlled the airways when the Nephilim came to Earth. His name was perverted by the Hebrews to mean "Lord of the Flies."

Beelzebub takes care of infighting between dedicated Satanists. Satan wants unity and Beelzebub enforces this. He can be very strict as Satan does not approve of dedicated Satanists cursing each other. Beelzebub is the Patron of all of the Orient (Far East), Martial Arts and Asian Culture. He was Prince of the Seraphim and He has a raspy voice.

High Priestess Persephone relates her experience with Beelzebub:

Beelzebuth is very tall I would say about 8 foot. He is well built and has the most amazing energy and eyes you have ever seen. They change color depending on his energy at the time. He was and is always very kind and gentle with me and comes to me quite frequently. I have seen him be as kind and gentle as anyone could imagine to the most vicious when enraged. He has auburn hair.

My experience- I saw him for the first time when I asked for his assistance in creating this webpage about him. He appeared to me with blond hair and darker eyebrows wearing a white robe. This was the first time I saw him. I heard his voice a long time ago and it was raspy, but when he spoke to me recently, the raspiness was gone. This is probably because he is now free.

- High Priestess Maxine

Beelzebub's Sigils:

I ran across something in a book in a book on Egyptian Hieroglyphics. The Egyptian hieroglyph for “air” and “wind” is very similar to one of Beelzebub’s Sigils. The evolution here is obvious. My point is Beelzebub is “Prince of the Air.” I find it sickening how the enemy has denigrated our Gods and claimed Beelzebub is “Lord of the Flies.” Many Jewish written grimoires have illustrations of ugly flies for Beelzebub, along with their monstrous images for our other Gods.

I have also noted many times in my studies, there is little if any real information about many different ancient peoples, such as the Avites whose God was Adramelech. All I have found is in the judeo/xian bible where the Hebrew brutally invaded and mass murdered them (genocide), as with many others. Of course, this is all a subliminal message of Jewish victory over Gentiles. The ancient libraries that were razed to the ground not only contained occult and spiritual knowledge, they also contained history.

The above is a blatant example of history deliberately destroyed and replaced with lies.

Along with Jewish and Christian destruction of ancient knowledge, nearly all knowledge about Beelzebub was lost. Xians were at liberty to blaspheme, malign and slander the reputations of the Original Gods any way they saw fit. Since there was no opposition left following the razing of cities, mass murder of "Heathen" peoples, destruction of their temples, libraries and records, new generations had no other sources to turn to for information other than the judeo/xian bible concerning these Gods.

Beelzebub/Enlil, was the Patron God of Nippur, a city in Sumeria which is now present day Iraq.

Beelzebub had his ziggurats, shrines and temples located in his city, Nippur. Below are photos of the remnants of his temple. The fortress on top of the mound was built by American excavators in the 1890's "to protect them from the local tribes." Beneath is the Great Ziggurat of Nippur and temple of Enlil:

Beelzebub/Enlil is the God of storms, atmospheric conditions, the wind, the rain and the air. His number is 50

His ziggurat of Nippur was called, "Fi-irn-bar-sag." He is the God who hurls his thunderbolts and lightning against the enemies of Satan. (More than one xian church has met with disaster on occasion). He is considered to be a gracious life-giving and life-sustaining God, taking care of his people, the beasts of the field, the fowls of heaven and the fishes of the sea. "Enlil [Beelzebub] is both a God of war and God of peace; a destroyer and protector, defender, restorer, upbuilder; inimical, hostile and most gracious." ¹

To enjoy his blessings one must enter into the right relationship with him and Satan. He carries out and enforces Satan's decrees.

"Enlil [Beelzebub] is neither afraid nor stands in dread of an enemy. A battle undertaken by him is pursued with unrelenting vigor till it is carried to its victorious end-- with him there is no pardon nor retreat:

'The hostile not subservient land- from that land thy breast thou dost not turn.'

"If his anger is once aroused, there is no one who could induce him to leave or cool off."²

Enlil/Beelzebub was a "protector and life-giver." "As furious and destructive Enlil may be in his dealings with the enemies, as gracious, kind and loving he can be when his own people and country are concerned. He protects his people from hostile invasions by surrounding them and their home with a high wall or by becoming for them a fastness or house, the bolts of which he fastens securely so that the hostile hordes can neither climb over or overcome it nor can enter through its gates."

"If his people are in need of rain, he opens the gates of heaven, pulls back its bars, loosens its fastenings, removes its bolts that abundant rains may water their fields; or he may do this to drown and utterly destroy the enemy."

Below is an Ancient Sumerian hymn to Enlil/Beelzebub:³

The gate(s) of heaven
The bars of heaven
The fastenings of heaven
The bolts of heaven
Thou openest
Thou pullest back
Thou loosenest
Thou removest

"He sustains the life of both man and beast. In doing so, he does not neglect even the smallest and most insignificant who maketh to sprout, the grain art thou.

The ancient Babylonians were amazed at Enlil's loving kindness, protection and support, praising him by exclaiming "He who protects (gives support)."

Endowed with extraordinary powers and authority. The emblem of his authority is a pure or bright scepter which he carries or holds in his hands or wields. He acts on the authority of Satan. This bright scepter is, however, not merely an emblem of authority, power and might, but also a stylus in the hand of Beelzebub, the scribe, by means of which he writes the will and enters the decisions of Satan.

"The twelve signs of the zodiac the year, seasons, months and signs of the zodiac have each and all their beginning and end, their boundaries or outlines, their pictures or drawings: Enlil [Beelzebub] indicates and proclaims them. There is a meaning and significance to each and all of them: Enlil [Beelzebub] interprets them. This he does by the "fullness of his manifestations." "Enlil and His Seven Manifestations." It is one of the most remarkable facts in connection with the nature of every god who, at one time or another, played the role of the "Son" in a given trinity, that such a god was considered to have "seven manifestations" of his powers. "Seven" they were, because this number expresses the "fullness, completeness, totality."⁴

Below is a diagram of Beelzebub's Temple at Ekron in Ancient Philistia:

*Beelzebub was known as "Pir Bub" to the Yezidi Devil Worshippers of Iraq. They claim he was the God of King Ahab. (*Reference: Devil Worship 1919 by Isya Joseph, page 40*)

The following is an Excerpt from "Encyclopaedia Biblica; a Critical Dictionary of the Literary, Political and Religious History, the Archaeology, Geography, and Natural History of the Bible" Volume I : A-D

by The Rev. T. K. Cheyne, M.A., DD and J. Sutherland Black, M.A. LL.D.

BAALZEBUB taking Zebub or Myla as the name Fly-god, a God of Ekron, whose oracle was consulted by Ahaziah king of Israel in his last illness. The name is commonly explained "Lord of Flies." True, there is no Semitic analogy for this but Pausanias tells us of a God who drove away dangerous swarms of flies from Olympia, and Clement of Alexandria attests the cult of the same God in Elis and we may, if we will, interpret the title "A God who sends as well as removes a plague of flies." Let us however, look farther. Bezold thought that in an Assyrian inscription of the 12th cent. B.C.E. "Baal-Zabni" was the name of the one of Zebub. Baal-Zebub was a widely known divine name, adopted for the God of Ekron. The restoration of the final syllable, however, is admittedly quite uncertain, and the reading Baal-Sapuna (see BAAL-ZEPHON, I) seems much more probable. Winckler, therefore, suggests that Zebub might be some very ancient name of a locality in Ekron (no longer to be explained etymologically), on the analogy of Baal-Sidon, Baal-Hermon, Baal-Lebanon. No such locality, however, is known, and Ekron, not any locality in Ekron, was the territory of the Baal. It is, therefore, more probable that Baal-Zebub, "Lord of Flies" (which occurs only in a very late narrative, one which has a pronounced didactic tendency), is a contemptuous uneuphonic Jewish modification of the true name, which was probably Baal-Zebul, "Lord of the High House

This is a title such as any God with a fine temple might bear, and was probably not confined to the God of Ekron. "High house" would at the same time refer to the dwelling-place of the Gods "mountain of assembly" in the far North. There is some reason to think that the Phoenicians knew of such a dwelling-place. The conception is implied in the divine name Baal-Saphon, 'Lord of the North' (see BAAL-ZEPHON), and in the Elegy on the king of Tyre (Ezekiel 28) ; and the Philistines probably knew of it. At any rate, the late Hebrew narrator or, if we will, an early scribe may have resented the application of such a title as "Lord of the high house" (which suggested to him either Solomon's temple or the heavenly dwelling of Yahwi, to the Ekronite God, and changed it to "Lord of flies," Baal-Zebub. This explanation throws light on three proper names,- JEZEBEL, ZEBUL, and ZEBULON,

“from thy (high house) of holiness and glory.” The same term could be applied to the mansion of the moon in the sky.

SORATH

Sorath is a God of the Sun. He is said to have been Adolf Hitler's Personal Guardian Demon and advisor.

Sorath rules the current of energy that deals with the "id", of the human psyche, altered states of consciousness, thought-forms, elementals, hallucinogens, "the unexplained, unexpected, and unknown" -- and "miracles". Sorath is "The Closer", while Azazel is "The Opener". Sorath The Great God does not like everybody for He is the Embodiment of the Everlasting Black Burning Sun alit as night to an everlasting day. His number is seven, he presides over the Thirteenth Sign of the Zodiac of which there exists only One; and His time is any Moon Void of Course. `` He Rules from the North.

The mind is very tricky, especially the part we magicians use. The God portion of the mind can do absolutely anything. Satan trusts His own, none else with this power. It will not activate for anyone, and if it does it will do so as a terrifying lesson to those who are without which attempt to harness The Power. I get "The Closer" part now. Sorath presides over the "unknowable mind" current of energy and is the God over the energy emitted by every Sun in the Universe. Then he rules the center of magnetism, and factor of life for all. Also photogenes and solar power of all kinds. Sorath said that all Suns in the Universe affect us not just ours. Northern fire -- the Sun above. Lastly miracles are not something Gods cause to happen. The Gods are beyond that. Their world is past the need or understanding of what a miracle is. Miracles come from US. What is a miracle to one may curse another; what is lost can be found by another for example.

-High Priest Salem Burke

Sorath is of the Nordic Race of Gods. He is tall, and has light blonde long hair.

I have known Andras for quite some time. He is actually very pleasant to those who are dedicated to Satan. He is a true warrior and extremely dedicated to Satan. He first contacted me through my Ouija Board. The first time I saw him, he was short, wore a black and white striped shirt and had a rough look about him. He was attended by a Hell Hound. A vicious looking black wolf with red eyes, snarling and had dusty bristled grey hair. His real form is tall and slender. Golden blonde hair parted in the middle and very long. He is a true warrior, but also an artist. He is one of the most dangerous to outsiders.-

SIGIL

Baal-Bereth is the Father of the Yule season and the Yule (xmas) Tree. "The Christmas tree, now so common among us, was equally common in Pagan Rome and Pagan Egypt. In Egypt that tree was the palm-tree; in Rome it was the fir; the palm-tree denoting the Pagan Messiah, as Baal-Tamar, the fir referring to him as Baal-Berith."¹

"The Christmas-tree, as has been stated, was generally at Rome a different tree, even the fir; but the very same idea as was implied in the palm-tree was implied in the Christmas-fir; for that covertly symbolised the new-born God as Baal-Berith, "Lord of the Covenant," and thus shadowed forth the perpetuity and everlasting nature of his power, not that after having fallen before his enemies, he had risen triumphant over them all." ²

In Egypt they worshipped Nimrod as a palm tree, referring to him as the Messiah "Baal-Tamar." Among the most ancient of Baals, he was known as Baal-Bereth, "Lord of the fir-tree." He evolved into Baal-Berith, "Lord of the Covenant." In Ancient Rome, where they also worshiped the fir tree, they called him "Baal-Berith."

The 25th of December, was observed in Rome as the day when the victorious God reappeared on earth, and was held at the *Natalis invicti solis*, "The birth-day of the unconquered Sun." Now the Yule Log represents the dead stock of Nimrod, known as the Sun-God, but cut down by his enemies; the xmas-tree represents Nimrod- the slain God reborn. The ancient practice of kissing under the mistletoe bough, most common to the Druids, was derived from Babylon, and was a representation of the Messiah, "The man the branch." The mistletoe was regarded as a divine branch --a branch that came from heaven, and grew upon a tree that sprung out of the earth. Nimrod, the God of nature, was symbolized by a great tree. But having been cut down and killed in his prime, he was now symbolized as a branchless tree stump, called the Yule Log. Then the great serpent came and wrapped itself around Nimrod (the stump). Miraculously, a new tree appeared at the side of the stump, which symbolized Nimrod's resurrection and victory over death. Here is an illustration of an ancient Ephesian coin:

Baal-Berith was known also as "Lord of the Covenant" and as "The God Berith." He was a popular God and was worshipped in Canaan, Philistia, and Shechem. He was the protector of the covenant between Shechem and some neighbouring Canaanitish towns, which were originally independent, but were at length brought under subjugation by the Hebrews.

" Any Israelites who might be dwelling in Shechem would be simply or protected strangers, and not parties to a covenant. The Temple of Baal-Berith had a treasury from which the citizens made a contribution to Abimelech. It was there that Gaal first came forward as a leader of the rebellion, and within its precinct the inhabitants of the tower of Shechem (the 'acropolis,') found a temporary refuge from Abimelech at the close of the revolt."³

"Baal-Berith was also known as "God of the Community."

Below are photographs of the ancient remains of Baal-Berith's Temple:

The remains of Temple of Baal-Berith are a round-ended, land-filled platform on which a massive temple once stood. Dated to the 13th/12th century BCE, it measured 86 feet long and 78 feet wide and its walls were around 19 feet thick. "Archaeologists believe that it was a two-story building.

It had one entrance to the east, in the middle of which was a column to support a roof, and on each side of the entrance was a massive tower. The eastern tower included a stairway that might have led to the second floor. Inside the main hall were two rows of columns. On the semi-circular platform in front of the temple, part of a sacred pillar or standing stone was found (seen on the right side of the above photo), Archaeologists believe it marked the temple entrance."

High Priest Salem Burke relates his experience with Shax:

Shax is a good Demon. He has a totally good "work ethic", and will do a task specifically very enthusiastically. He's got a lot of odd angular . . . angles. He likes circular shapes, and uses them a lot

(they are really not circular, they are just moving energies.)

But he walks along "pointed" angles with great ease -- something Goetic Demons do not tend to like. If you ask him several questions he will totally ignore the ones not related to the task at hand (i.e. love, etc. during an attempt to get a promotion), and not for any other reason than because his energy will be uselessly diminished. This is likely because (judging from his character) he is accustomed to "human interaction" -- he is a people Demon (but still a professional, and a good capable one, seriously -- he packs a good punch), and works immediately to fulfill the dominant and most likely task -- usually and in my case about money, and/or about catching a thief. Japs snatched my ATM card, and Shax had him locked away in a matter of minutes, just like he said. I have no doubt as to his answers, he answers quickly and accurately, and would not be the sort of Demon anyone would wish to cross. He is very powerful -- his residual energy was very helpful.

Inevitably my innermost concern became for Japs. I asked Shax once, "You will make absolutely sure you do not terrify him, or cause him permanent harm -- scare him -- and by this I do not mean like the others (as one is disfigured and the other paralyzed -- long time ago)?"

He answered very quickly and confidently, and powerfully. He said Japs would call me but would not admit it -- and that he had been restrained. Now Japs steals cars like I take taxis, and has never been busted for a GTA. Until, of course -- now.

Lower Orders of Demons

Many of have seen and even interacted with lesser Demons. These are the Demons with the glowing red eyes, rubbery wings and some even have fur. Up close, many of these Demons have the most beautiful eyes, like glowing rubies, deep and rich in color. They are originally from different planets, but many live with Father Satan and the other Demons.

Pazuzu

The lesser Demons are protectors, such as the Sumerian Demon, Pazuzu who is a protector of children and also women in childbirth. Pazuzu got a bad rap in the 1973 movie "The Exorcist" written by Catholic "William Peter Blatty." This was the Christian retaliation against the 1968 movie "Rosemary's Baby" which depicted Satan in a positive perspective. "The Exorcist," frightened many away from Satan and pushed the belief in Demonic "possession." AGAIN, fear is used as a powerful tool to keep people spiritually enslaved and ignorant. Unlike the Christian "God" and his ilk, Satan and his Demons do not use coercion, nor do they push themselves upon anyone.

Satan respects free will and people come to him willingly, not through fear or use of force. Many of us have invoked Demons (let them inhabit our bodies) and let them speak through us; no harm has ever come to anyone. Angelic beings on the other hand are notorious for this sort of thing and of course, like everything else, it is blamed on Satan.

Bes

Bes is another example of a lesser Demon. Demons of this race are the ones with the beautiful ruby like eyes. These Demons are protectors, patrons of music, dancing, healing and are guardians. In Ancient Egypt, dwarves (these lesser Demons) were revered and highly respected. These Demons are short, they are only two to three feet in height.

The Crown Princes of Hell appear to be the most high ranking; above the Kings. As for the military titles of Hell's Army, these are the same as for the human military.

Demons who belonged to certain orders often specialize in certain abilities and powers. In my own experiences, I have found our Personal/Guardian Demons are the ones we go to for nearly all of our needs, even those outside of their offices. Sometimes, our Guardian Demons will seek assistance from other Demons for us. Also, if we work hard for and are dedicated to Satan, Demons can come to us on their own, offering their help in times of trouble. This has happened to me.

Here is some info on the hierarchies and powers:

- THE ORDER OF THE POWERS, ALSO KNOWN AS THE SERAPHIM; FLAMING ONES, specialize in revenge/justice issues and the defeating of one's enemies. The teaching of Astrology, healing arts and divination; in guarding things and in defense, both here and on the astral. They are of the element of fire.
- THE ORDER OF THE CHERUBUM specialize in fortelling the past, present and future. They can assist one in astral projection, accessing past lives and looking into the future. They have knowledge and rulership over the fixed stars.
- THE ORDER OF THE THRONES ALSO KNOWN AS OPHANIM specialize in the rulership of the planets and in issues of justice and revenge. They are helpful in the practice and powers of Black Magick.
- THE ORDER OF DOMINIONS/DOMINATIONS ALSO KNOWN AS THE BRILLIANT ONES help us to access the power of Satan within us. Realizing our true potential and abilities. Revealing to us our own powers and communion with Satan. They assist in meditation, spiritual/psychic empowerment and in the integration of the material and the spiritual As above, so below. One must have balance in both the material and spiritual aspects of life to become whole. Both the material and the spiritual are essential to each other, as opposed to what the RHP religions teach.
- THE ORDER OF THE VIRTUES, ALSO KNOWN AS THE MALACHIM, TARSHISHIM; DEMONIC KINGS bestow confidence and fearlessness, helping one to get the job done when one's back is against the wall. They assist in magick and help to encourage us.
- THE ORDER OF THE PRINCIPALITIES influence worldly events, large groups, nations and world leaders. People in power benefit from the council of these Demons.

Ouija Board

Ouija Boards are excellent for contacting and having conversations with Demons and spirits. I prefer to work the board alone, as another person is a distraction and prevents any real intimacy with the spirit contact.

For those of you who are new to this, make sure the board is on a completely level surface. It is important to enter into a trance when using a ouija board.

Place your fingertips lightly on each side of the planchette. Soon it will gently begin to pull. Just relax and let it work. It can take a few minutes to get going. It is important to be free from distractions and not to be disturbed.

My experience is I sort of go into a trance. Like when scrying or invoking spirits of the deceased, everything else in the room is blocked out. My total focus is on the board. It is sort of like an aura around all of the edges of the board and my attention is completely locked in and nothing else outside of me, exists. This is just my own experience, we are all individuals, so some of yours may be different.

I am finding more and more, the higher ranking the Demon, the more energy you will feel. I have a Demon who is close to me and last night I conversed with him, using the board. I don't remember how long I was using the board. This was for quite a while. He asked me to say something specific out loud. When I did, I really felt powerful energy light up like a flame inside of me.

When we have very close contact or invoke Demons, we can feel their energy. My skin still feels sensitized, like when I have a fever or sunburn, only no pain, even this morning. Their energy is electrifying. Father's energy is different, as I'm sure many of you have experienced during and after rituals. Calming and beautiful.

Demons come to us through telepathy and astral projection. It is my experience that Demons project differently than humans. With humans, you can see the connecting strands and when they leave, they snap back out quickly. Books say they are silver colored. The ones I saw were copper. I have never seen strands with Demons, but I know the higher ranking ones physically exist in another world. There are some Demons who can stay with us at all times, to protect us. These Demons are lesser as they are in spirit form.

The more you use a Ouija Board, the better you will become in working it. When we establish a close relationship with a Demon, all we have to do is tune into them and they will usually come to us.

Each of us is individual and will have slightly different experiences in using a ouija board and receiving messages:

1. The automatic method - In this case, the planchette moves automatically, without the operator knowing what the spirit concerned is going to say. Messages in foreign languages will also be received, even in languages the operator does not know and has never heard before.
2. The inspirational method - this is the most common: here the messages will be given in a sort of thinking aloud inside or outside one's mind. In this case, one practically knows beforehand what the spirit is about to write. By frequent repetition this inspiration will become a loud thinking and listening in the passive communication. One will perceive messages from the one's mind or from outside of the self. This is sort of like dictation- the words come into your head and then your hands move the planchette.
3. The intuitive method - where you have the feeling as if you moved the planchette yourself. Any

questions will be answered instantly. This is a kind of clair-knowledge. The planchette spells out words and sentences in full consciousness, without the operator hearing anything or being inspired in any way.

The methods also can appear in a mixed kind, for example half automatic and half inspirational or intuitive and inspirational or all together. Which of the methods will be the dominant one will only be known after a long period of exercising. Each of the methods is good and reliable, provided you are using it honestly and candidly. Practice makes perfect!*

Dabbling in Satanism

My purpose for writing this sermon is because I feel this issue is something important for people to be aware of. I do not believe in telling others how to think or what they should or how they should believe, this is up to the individual, but one important thing everyone should be aware of is- Satanism is very different from other religions. Satanism is different in that it does not mix.

Mixing Satanism and Christianity for example is like mixing water with electricity. I have seen and read accounts where certain people who had an interest in Satanism, still had sympathies with Christianity. There were still strong unconscious ties to the Christian religion, most resulting from intense indoctrination. Most of us come from Christian backgrounds and for many there are lingering issues and hang-ups. Christian programming is very intense and given the extremely large amounts of psychic energy that have gone into it through centuries of Christian prayers and belief, there is a lot of power one must overcome to be totally free.

People who are uncertain of their beliefs and who still have strong ties to Christianity or other related religions, either consciously, or in many cases subconsciously, are setting themselves up for some very frightening and negative psychic experiences.

Calling upon Demons and going deep into the occult can bring up some very unexpected negative encounters for dabblers. This is the work of enemy alien entities that use fear to keep humans away from Satan. In most cases this works, as it instills terror in the dabbler and he/she usually goes running back to the nazarene and blames Satan. I strongly suggest those who wish to go this far, first become strong in Satan.

Very, very few, if any, progress in power unless they have a powerful protector. When one who is serious in developing the powers of the mind advances to any formidable level, or has any serious ability, he/she will be approached by powerful entities asking him/her to take sides in the spiritual war. The truly gifted who walk alone usually don't live very long on this earth without the protection of a higher power.

I feel it is important to warn those who are undecided or lukewarm to stay away from calling up Demons or trying to contact spirit entities until they are spiritually ready. Everyone is welcome here, from the dedicated to the curious.

Knowledge should be open and available for everyone. There are some things, though that are advanced and one should wait before getting involved in these practices. At some point, it is a very important step in Satanism to cut all ties with any and all other religions. To avoid doing this is inviting disaster. This must be done from the soul in that there should be no indecision or mixed feelings. If there are mixed feelings, then one should wait, as this is a permanent step.

For those of you who have already performed dedication rituals, you are fine. You can get into the advanced practices, but it is still important to deprogram yourself from any Christian teachings.

Using a Pendulum

Pendulum Practice:

Everything takes practice, patience, and above all persistence, in the psychic realm. Most pendulum adepts have worked with their pendulums for years. When one is advanced, a pendulum can reveal practically anything.

For those of you who are serious about becoming proficient with a pendulum, I suggest you start out with asking the pendulum several unimportant questions at the beginning of your day, questions that pertain to events you know will occur during your day.

For example: Will it rain today? Will I receive money today? Will I get off from work early today? Ask easy questions that are not of any great importance, as emotions and desires very much affect the answers we receive and this is where inaccuracy can step in. Record the questions in your black book/book of shadows/journal. At the end of your day go through each question and write the answer and note whether the pendulum was accurate or not. You can also use your pendulum for finding lost or misplaced items. Always record the accuracy in your black book.

After several months, you should notice a lot of improvement in your accuracy. If you want to advance further, try asking the pendulum questions using a map.

When recording your work in your black book, it is often helpful to note the time of day, the moon phase, the weather and other phenomena. For ladies, including your time in your menstrual cycle is also very important. I have found this affects us more than most are aware of as it has to do with the moon. Remember, it is always important to be as relaxed as possible when working with a pendulum as to access the right/psychic side of your brain, which operates through the pendulum.

Using the Pendulum:

Sometimes, we need easy answers to things. A pendulum is usually accurate, easy to use and takes little time.

Begin by taking something like a small crystal, pendent, ring or other small lightly weighted object and attaching it to a necklace chain, string, ribbon, or some other kind of strand. This should be only kept for divination purposes and not for other uses.

Hold the strand with your fingertips and let the weighted part hang. For those who are new and or inexperienced with using a pendulum, it is a good idea to place yourself into a trance when working with a pendulum. Once you are confident in obtaining correct answers, you no longer need to be in the trance state. Now ask a question you know the answer to, like what day it is. Start out by asking yes or no questions. See what the pendulum does and get a feel for it.

I have found swinging right/left, like shaking ones head to imply no, means no and forward/backward like a nodding of the head means yes. When it goes in circles, the answer is uncertain. The wider the swing of the pendulum, the more accurate the answer. Pendulums can also be asked questions regarding how much, how many. The pendulum will swing, stop, swing again, and continue to do so a number of times before it completely stops.

For finding lost items, take the pendulum around the area and ask it if you are near the lost item. Spirits can also communicate to us through pendulums. We can concentrate and focus on the name of the spirit

or Demon we wish to contact. The pendulum is an excellent way to communicate with Demons. With Demons, the pendulum can be placed over a drawing of or copy of the sigil and asked questions.

THE VARIOUS USES FOR A PENDULUM:

Pendulums are an excellent means for communicating with the spirit world, checking the accuracy of other readings and divinations and many other different things.

TO FIND SOMETHING LOST:

In a Room - hold the pendulum and ask where the object is located. The pendulum will swing in the direction of the lost object.

In a House - Ask the pendulum, room by room, i.e., is it in the kitchen? yes/no, bathroom and so on until you narrow it down. Then go into the room and section it off.

On a Map - Start by asking if the missing person or object is in the area of the map. (For missing persons, it is helpful to have a photo and an item he or she has touched or worn). Hold the pendulum in the hand you normally use to divine with it and a pointer or pencil in the other. Point to places on the map, until you arrow it down and go from there.

Outside:

Ask - "Am I facing the right direction to find... If the pendulum swings foreword or backward, you are moving in the right direction. In circles, move with the circle slowly, until it swings foreword and backward.

You can also draw a floor plan of a house or building and ue the map method.

OUTDOOR RITUAL SITES:

Try using a map at first to pinpoint a good area. Places where Ley Lines and other energies on the Earth grid intersect, are powerful spots to perform all kinds of rituals. The pendulum will circle so fast when positioned over these areas, it will nearly be parallel to the Earth. The stronger the energies, the faster the pendulum will spin.

PAST LIVES:

You can write dates on separate small pieces of paper or cards and space them out, evenly on a table. Ask about your past life and the pendulum will swing in the direction of the paper with the accurate date. You can keep going back this way in time. You can do the same with continents, narrow it down to countries in which you lived. People you now know and their relationship to you in a past life. Put on separate pieces of paper- lover, friend, spouse, family member and so on. Name the person and ask the question.

HEALTH:

Ask about each area of your body or ask the aura of someone you want to know about. Keep narrowing down the questions with each answer you receive from the pendulum.

GAMBLING:

Be careful here, as mistakes can be costly, but you can take the pendulum to a casino and ask if this is a table or slot machine, you can win big at quickly and easily. The same can be done when betting on horses and so on. *It pays to be real experienced before you start going for the money.

RELATIONSHIPS:

A pendulum can tell you all sorts of things about other people. A photo or personal item of the person in question is a big help, but is not necessary. Just hold the pendulum over the item and ask questions.

PLACES TO GO TO SHOP OR GET REPAIRS DONE:

Just open the phone book and ask where is the most inexpensive and the best quality place for what you

want. Name places and the pendulum will answer yes/no. A pendulum can also be helpful in diagnosing car trouble before pulling everything apart or taking it to a shop.

RITUALS:

Ask what kind of incense to burn, the best time to perform the ritual, the best place, candle colors and so on.

DEMONS: For simple contact of a Demon, place the pendulum over the Sigil of the particular Demon and begin asking questions.

TAROT CARDS:

Lay out several Tarot Cards as possible answers to a question. Ask the question and the pendulum will begin swinging in the direction of the card with the answer, until a yes is reached when it is placed directly above the card.

Any yes or no questions can be accurately answered with a pendulum. Small cards or papers with names of people, places or things can be lined up from left to right and the pendulum will start swinging in the direction of the card or piece of paper with the answer.

The pendulum should swing widely, as this is a definite yes or no. Circles are uncertain and a small swing is not so sure.

Incubi and Succubi: Sexual Relations with Demons

Spirit sex is real. It requires some psychic work in order to open your mind to senses not normally accessible to the average person, but the way to do this is much easier than with other methods and a lot more pleasureable. Demon friends and lovers are wonderful for those who are in prison or incarcerated in any way.

Many of us have experienced actually being physically touched by a Demon. The feeling is just like that of being touched by a human hand. This can go much further into actual sexual intercourse and lovemaking. Sexual intercourse with a Demon is blissful ecstasy. Because Demons come to us in etherial/astral form, they are able to penetrate our bodies and stimulate areas not easily accessible by other humans. Male Demons have no trouble finding and stimulating the G-spot in their women partners. Female Demons can get right to the prostate gland in their men, resulting in a full deep orgasm.

HOW TO BEGIN:

First off, it is important to perform a ritual to Father Satan, stating your needs, whether they be just sexual, a love/sexual relationship, an open relationship, where you are free to have other sexual partners without any jealousy on either side; be specific.

Some Demons are monogamous, in that they only have one partner and this goes both ways. These Demons take monogamy VERY seriously and if a relationship is violated by a human being, the partner of the human being could in the worst of cases wind up dead. Demons are known like humans to become very jealous. If a human is in an empty marriage and is just having sex with their spouse out of a sense of duty, Demons can be very understanding regarding this and will often overlook it, provided, in monogamous sexual love relations, your Demon is always #1. Keep in mind, once a commitment is made it will last a lifetime and beyond, so don't take this lightly. Your Demon will remain monogamous, also.

You should find a Demon who is compatible with you. Remember, if you want a free, open relationship where you are free to have other sex partners, you must specify this in ritual.

After your ritual, YOU MUST BE RELAXED AND OPEN, more than likely, your Demon will come to you when you are lying down and relaxed in bed. This will feel like electrifying energy and like kundalini, it feels exhilarating.

Now, for people that are new to this, to begin this and open up, just begin fantasizing about having intercourse with your Demon. Most Demons are very physically attractive as opposed to all of the trash written in the grimoires and the horror stories. Ask your Demon to show themselves to you. Relax, close your eyes and tune in. You should see an image of your Demon in your mind. Even if you can't, you can picture an ideal lover for an image your Demon can inhabit to start with.

When you begin to fantasize and do this a number of times, your Demon will feel this on the astral and enjoy it as well. You can masturbate yourself to orgasm in the beginning, until a full physical manifestation takes over. When you do this, your Demon will have an orgasm, as well. This will take time so be patient and persistent. The fantasies, done night after night will begin to get much more vivid and before you know it, you will feel your Demon and even see your Demon as you would another human being. Your Demon will work with you to open your psychic channels, as opposed to just plain fantasizing on your own.

Your Demon will more than likely come to you each night when you lie down to go to bed. Demons enjoy sex very much and they can wear out a human being. One man actually had to push a female Demoness off of himself in the morning in order to get up for work after having all night sex. She didn't want to stop. Pleasure is way beyond anything with a human being and spiritual sex can become addictive. Chances are, no longer will human sexual relationships be desired or satisfying. In addition, one does not have to worry about contracting sexually transmitted diseases or experiencing unwanted pregnancies.

A Demon lover will also be protective of you. They are wonderful with listening to any worries, concerns or problems and are often helpful in punishing enemies and taking care of things for you. When the proper psychic channels are open, two-way conversations can take place. This is an enormous help in spiritual empowerment and advancement. They will tell you things, teach you and in some cases, even contact other Demons for you.

Intense contact with Demons involves an energy exchange. The Demons, being on a higher spiritual level than humans have much more energy and extreme closeness can produce effects in us humans that feel like sunburned skin and/or oversensitivity, until we get used to this or advance our own energy levels, which is the goal of Spiritual Satanism.

Help from Gods

When one is a newly [dedicated Satanist](#), Demons will usually offer their assistance. The objective of Satanism is for the advancement of the human soul and making use of the gifts of Satan: knowledge and the wisdom to control and affect our own lives. All of the categories below are areas where humans can help themselves when enough knowledge and personal power are secured. ([See Power Meditation](#)).

Demons are always available for spiritual guidance.

Guardian Demons

High Priest Salem Burke uses a homemade Ouija Board to communicate with Demons

"I WAS DEMONSTRATING FROM THE FLOOR, USUALLY I DO NOT PLACE ANYTHING LIKE THIS ON THE GROUND UNLESS THERE IS A CLOTH BENEATH IT SPECIFICALLY FOR THAT PURPOSE (AND THE TV IS NOT ON). EVENTUALLY I CUT THE CIRCLE OUT. THE SECOND BOARD WAS "AUTO" CUT WITH AN EXACT-O KNIFE (PER AUTO-WRITING), AND CAME OUT IN A TRAPEZOIDAL SHAPE." "I DO NOT RECOMMEND PLACING A CANDLE ANYWHERE ON THE ACTUAL BOARD. "

- High Priest Salem Burke

A close friend of mine and myself were working a Ouija Board. She asked if there was a Guardian Demon for her. The planchette spelled out G-U-S-I-O-N. Later on, Gusion appeared to her in a dream. A couple of weeks later, I drew his sigil, we took it to the tattoo shop, and she had it tattooed on her arm. She has made some major improvements and things have been going well for her.

My Demon is not a Goetic demon and I had some trouble finding his Sigil, but I found it and did the same. I also had his name tattooed on my arm under his sigil.

We don't have to have tattoos to get in touch with our Guardian Demons. There are several methods for contact. One method is to use a Ouija Board. We don't have to have another person working a Ouija Board with us. I work my board alone most of the time. When there are two or even more people working a Ouija Board, this can create distractions and this can cause the board to give inaccurate answers. In addition, there are many times when one wishes to ask personal or private questions. This is best when done alone where one can relax into a trance, which is so necessary for operating a Ouija Board.

When I was new, my Demon first communicated through letters. U R (you are) C U (see you) for goodbye. This way, I definitely knew this was for real, as I expected words. Another interesting thing, I have the planet that he rules over, ruling my house of partnership. He also rules an astrological point and that planet is exactly on the point in the sign that he rules. This is not the norm, though as I found later that he and I were extremely close in a past life thousands of years ago.

Another method of finding out who your Guardian Demon is, is to use a pendulum. You will need a decent pendulum and a wide mouthed glass jar. Start out by asking how many letters are in his or her name. The pendulum will start to circle, then stop, then circle again, then stop and again make circles until it completely stops. Count the number of times it makes circles and here you will have the number of letters in your Demon's name.

Dangle the pendulum, holding it between your thumb and index finger in the glass jar, keeping your hand outside of and directly over the jar. Begin with the first letter and ask the pendulum if it is A, B, C and so on. When the pendulum hits the side of the glass jar, write down the letter and continue on to the next letter in his or her name, again going through the alphabet. Make sure you are completely relaxed and preferably in a trance for an accurate reading.

Using a Ouija Board is also an excellent way of establishing contact and getting answers, especially for those who are new to Satanism. Those of us who are experienced normally communicate with our Demons telepathically.

My Demon definitely wanted to make contact with me. He helped me with religion and how to better relate to Satan when I was new. He also helped me with meditation and spiritual exercises. For those of you who are doing yoga and/or chakra work, just be persistent. It took me a couple of months when I started at age thirteen. I was too young to understand what yoga was really all about, but I definitely could feel the energy.

Our Guardian Demons can help us in our magick and spirituality.

Satanic Rites and Celebrations

Satanic Rites

Satanic Baptism

True Satanism is very much a celebration of life. If a child is born at the time of one of the Sabbats, this is an additional blessing. The birth of a child is a special occasion and all Satanic births should be hailed and celebrated. The Satanic baptism is the beginning of protection and guidance from Satan and his Demons who will also direct the child to make the most of his/her special gifts and abilities.

The infant should be dressed in black as this shows opposition to the false RHP religions.

The parent/s stand to the east of the altar holding the child.

The High Priest/ess rings the bell, opens the ceremony with the invocation to Satan, drinks from the chalice, and invokes the Four Crowned Princes of Hell.

High Priest/ess: *There is a newcomer to the Family of Satan*

Congregation: *HAIL SATAN!!*

High Priest/ess: *What is the name of this child?*

Parent/s: *(say the name of the child)*

High Priest/ess: *We welcome you _____ the family of Satan*

High Priest/ess: *Do you wish to dedicate this child to Satan?*

Parent/s: *We/I do, for without Satan and the knowledge and gifts he brings us, no life is complete.*

High Priest/ess: *Lord Satan, we ask that you bless this child, guarding and guiding him/her throughout life, keeping him/her strong in your ways. When the time is right, bring him/her to your altar once again to dedicate him/herself anew into your service.*

Parent/s (to child): *May his Infernal Majesty, Lord Satan and the Powers of Hell smile upon you and watch over you throughout your life, guiding you on the Left Hand Path.*

High Priest/ess: *In the Name of Satan and before the Powers of Hell, we welcome you, (name of child), into the Family of Satan.*

Congregation: *HAIL SATAN!!*

The High Priest/ess then closes the ceremony.

After the baptism, there is feasting and celebrating.

The child should be brought up in the old ways and to honor Satan and his Demons. At puberty, he/she may perform the dedication of his/her own free will. This is when he/she is old enough to make the decision on his/her own and to fully understand. At this time, he/she may choose a magickal name.

Satanic Wedding

The ritual should be performed during a waxing moon. The moon should be in a favorable sign for marriage.

- The Moon in Taurus gives permanence, but can be difficult if the couple wishes to part later on.
- With the Moon in Cancer, couples are more likely to get back together after a split.
- Moon in Leo is favorable for romance and adds optimism to any union.
- Moon in Libra is ideal for any wedding as this is the natural sign for partnership and cooperation.
- Moon in Sagittarius is much like the Moon in Leo, but does not contribute to stability.
- Moon in Aquarius- the couple are likely to be lasting friends.
- Moon in Pisces gives empathy, but is not stable.
- The Moon in the signs of Aries, Gemini, Virgo, Scorpio, and Capricorn should be avoided.
- The love planets Venus and Mars should ideally be well placed and on favorable degrees. Couples should never marry when any planet is conjunct Caput Algol (25 of Taurus), at 9 degrees of any sign, especially Gemini and Sagittarius as these incite violence. Remember to take fixed stars into consideration when selecting a time.

The temple should be decorated according to the couple's tastes. Modifications should be made to suit each couple, the following is only a guideline:

The High Priest/ess opens the rite with ringing the bell and drawing a pentagram in the air with his/her athame and recites the following:

In Nomine Dei Nostri Satanas, Luciferi Excelsi. In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who has created man to reflect in Thine own image and likeness, we invite the Forces of Hell to bestow their infernal power upon us. Come forth to greet us and confer dark blessings upon this couple who desire to become as one in the eyes of Lucifer.

The High Priest/ess drinks from the chalice and invokes the Four Crowned Princes of Hell:

- Satan/Lucifer from the East
- Beelzebub from the North
- Astaroth from the West
- Azazel from the South

The High Priest/ess now recites the following:

We come together in the Name of our Father and Lord Satan to join _____ and _____ together in marriage.

The High Priest/ess takes his/her athame and draws a circle around the bride and groom. All should visualize a blue light representing the Powers of Hell. He/she then recites the following:

Almighty Satan, look with favor upon your disciples _____ and _____. Both have come here of

their own free will. They come before you to ask your blessings as they set forth on this very day as husband and wife. We ask that you bless this union with lust and the pleasures of life, that their mutual affection and desire for one another continues strong and enduring.

Do you _____ desire of your own free will to take _____ as your lawfully wedded husband to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?

Bride: I Do or Yes

High Priest/ess: *Do you _____ desire of your own free will to take _____ as your lawfully wedded wife to love, honor and respect; to become as one in the eyes of Satan and before the powers of Hell?*

Groom: I Do or Yes

Both exchange rings

High Priest/ess: *In the Name of Satan and before all of the Demons of Hell, I pronounce you Husband and Wife. May your union be powerful, strong and abundant with pleasure. HAIL SATAN!!*

Everyone in the congregation shouts "HAIL SATAN!!" The High Priest/ess then recites, chants or vibrates the First Enochian Key:

Satanic Holidays

This page is currently under construction.

Satanic Holidays are based upon the natural cycles. What is known as "Satanism" is [humanity's original religion](#). The holidays listed below precede Christianity by hundreds to thousands of years. Because the Christian Church could not murder everyone, the original holidays were taken and Christianized in attempts to convert as many as possible.

The fictitious nazarene has nothing to do with xmas. Xmas coincides with the Winter Solstice and the Yule season, the shortest day of the year. December 25th is the birthdate of the Persian God Mithra, and the Roman Holiday of Saturnalis. The tree, the decorations, baking, gifts and celebrating have NOTHING to do with the nazarene. These are carry-overs from original Pagan celebrations.

"Easter" was stolen from [Astaroth](#). Originally known as "Ashtar." This holiday coincides with the Vernal Equinox of spring when day and night are of equal length. Known as "Eastre" to the Anglo-Saxons. As the Goddess of fertility, she was associated with rabbits and eggs. The Christians stole this holiday and twisted its meaning. Other names include: Easter, Eastre, Eos, Eostre, Ester, Estrus, (Estrus is when an animal goes into heat; mating season) Oestrus, Oistros, and Ostara. Again, the "Lamb of

God" was stolen from the Zodiac sign of Aries the Ram which occurs every spring.

"All Saint's Day" corresponds with "Halloween/Samhain."

"Assumption Day" coincides with "Lammas Day" of the "Summer Solstice." For more information see [The New Testament and Christian Religion](#) and [Exposing Christianity](#)

YULE/WINTER SOLSTICE

December 22nd-23rd

Although the Solstice begins on the 21st-22nd of December, the 23rd is a very special Personal Day for Father. The Sun enters the sign of the Goat which represents Satan. The Night of December 22nd- the eve of December 23rd is the Highest Satanic Holy Night of the year. (This was dictated from him personally). It is the day after the longest night of the year. Again we look forward to beginnings, as the days will begin to get longer as the year goes on. This is a time for intense celebration and devotion to Lord Satan. Indulgence, decorating the home, family celebrations and get togethers. The Night of Dec. 22nd should be spent in dedication to Satan. This is an excellent time to focus on planning for the year. If one wishes to make personal resolutions this is a good time to do so.

At the high point of a ritual or offertory for a Black Mass, personal resolutions can be written on paper and burned. Father is always there to help us in having the strength to carry through with our intentions. After the rite, intense celebrating should take place.

The Yule holidays for Satanists are times of indulgence and taking pleasure in the physical and material aspects of life. Actually, xmas trees and wreaths are Pagan in origin, so there is no reason not to celebrate this holiday with our families. Gift giving, baking, decorating. This is what the TRUE Yule season is about, not the filthy nazarene.

Important Information About Halloween/Samhain

For those of us who are very close to Father Satan, we are all well aware that he is fed up with all of the Judeo/xian claims and statements concerning what our religion is, how we celebrate and worst of all WHAT THEY CLAIM HE IS ALL ABOUT.

- SATAN IS NOT A HALLOWEEN MONSTER
- SATAN IS NOT A VAMPIRE, SPOOK OR GHOUL
- SATAN DOES NOT HAVE RED HORNS AND A TAIL
- SATAN IS NOT ABOUT GRAVEYARDS, GRIM REAPERS, SKELETONS OR ABOUT HORROR.

THIS TRASH COMES FROM XIANS. IT IS USED TO BLASPHEME, DENIGRATE AND RIDICULE HIM. THE SAME GOES FOR HIS DEMONS.

For many of us, Halloween is a favorite holiday. I, myself love horror movies and such. The point here is how these have been twisted to portray a false and insulting image of Satan and the Original Gods (Now labeled as "Demons").

Ask yourself how you would feel if people put on hideous masks and went out as either you or a family member of yours or a loved one.

Father Satan should be respected on this date, not mocked by those who believe in and honor whatever xianity dictates he is. How long do you think someone would last going out dressed as the nazarene? Chances are, they would be attacked by some fundie xian.

Or, if Hollywood was to produce a movie depicting the nazarene and his ilk as hideous monsters.

Halloween is a great time for costumes, monsters and ghouls, images of death and such. A time to be creative and indulge. It is one of our major holidays, but the negative images denigrating Father have to go.

He is tired of it and has let the clergy know he does not approve of these insults. For far too long, too many Satanists have gone along with the XIAN ideas of Satan and his Demons; what the XIANS allege them to be and what THEY claim our religion is all about, instead of seeing Satan for WHO HE REALLY IS without all of the xian false and twisted overtones.

ABOUT SAMHAIN:

The holiday known as "Halloween" was originally called "Samhain" a Celtic word meaning "Summer's End." In ancient times, religions were based upon nature, where humanity lived in tune with the earth, the change of seasons and the changes in the stars in the sky. This is the essence of Satanism; what is natural.

The major cycles of the year and the crops were important times for festivities, rites and celebrations. Samhain was a time of harvest and the end of a year, a time of preparation; storing crops and preparing for the dead of winter. The eve of November 1st was the eve of the Celtic New Year. This holiday was a time of harvest, a time of endings, death and dying, as plant life died and the cold set in. Samhain was

also a time of honoring the dead. The Druids built huge bonfires, which they considered sacred, in honor of the Celtic New Year.

There was a prevailing belief in the existence of a Celtic God of the dead known as 'Samhain'. With extensive research and study accomplished by many scholars, nearly all agree this God was non-existent.

Nearly all of the sources mentioning a diety of death known as "Samhain" are XIAN and they have (as usual) NO legitimate references to back up their claims.

Samhain was celebrated for centuries before the xian takeover of Pagan holidays. To the intruding xian religion, any Gods of the old faith were considered "evil" and therefore especially unwelcome at a time of "danger" for the "soul of any good parishioner." This was why xtians suppressed the deadly rite and replaced it a day later with 'all soul's day.'"

Trick or treating originated in Ireland as beggars went door to door on October 31st, asking for handouts. The gifts were for "Muck Olla" a God who was said to destroy the house of anyone who was not generous. Jack-O-Lanterns also had their origin in Ireland; named for a man named "Jack." The story goes that Jack was a miser and when he died, he was not allowed into heaven and he also played jokes on the Devil, so he was not admitted into Hell either, but was doomed to walk the Earth forever. He only had a little lantern to light his way and this is why he came to be called Jack-O-Lantern. Of course, the spooks, vampires and ghouls were associated with this holiday because of the natural human fear of death and Samhain was a holiday of death.

Satanic Rituals

Standard Ritual

Please read this entire page as there are explanations at the bottom. Satan/Lucifer represents the common people. Unlike the xian churches and all of their vast wealth, pomp, and ceremonial show, Satan does not expect his people to have expensive items for ritual. If all you have is yourself, this is fine with Satan. He understands. Satan, who is our True Creator God has given us everything we need within ourselves. Satan represents and stands for self-efficiency and personal empowerment to where we can control our own lives and destinies without having to slavishly worship or rely upon something outside of ourselves. Satan gives us the knowledge we need to access the power within.

- It is a good idea to always bathe before ritual. This shows respect.
- Light your incense and let it burn 10-15 minutes to fill the room.
- Write any prayers, thanksgivings and/or requests out on clean paper
- Light your candles. [If you are using candle holders, they should be silver]
- Fill your chalice with wine or some other drink [your chalice should be silver]
- Dress for ritual. If you don't have a ritual robe, try to wear all black, if possible. Make sure your clothes are clean.

THE RITUAL

Ring the bell, turning counterclockwise, invoke the Four Crowned Princes of Hell. You can do this with your athame [if you have one] OR just point your left index finger and visualize a stream of electric blue light entering the tip of your index finger and filling your entire being. With each turn, the blue becomes more and more intense, filling and charging your entire being. Begin with Satan/Lucifer, facing east and then turn to the north for Beelzebub, west for Astaroth, and south for Azazel, keep charging yourself with the blue energy at each turn:

- SATAN/LUCIFER TO THE EAST
- BEELZEBUB TO THE NORTH
- ASTAROTH TO THE WEST
- AZAZEL TO THE SOUTH

Then, recite the Invocation to Satan:

INVOCATION TO SATAN:

In Nomine Dei Nostri Satanus, Luciferi Excelsi.

In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who hast created man to reflect in Thine own image and likeness, I invite the Forces of Darkness to bestow their infernal power upon me. Open the Gates of Hell to come forth to greet me as your Brother/Sister and friend.

Deliver me O Mighty Satan from all past error and delusion, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor and Glory be given Thee forever and ever.

Drink from Chalice

This is now the height of your ritual where you read your prayer to Father Satan. When you are finished, light the paper in the flame of your candle and place it in your silver bowl to burn. Now is the time for meditation and focus.

After the meditation is when you should talk to Father Satan one on one. After this, more prayers* [see note about Satanic prayers near the bottom of this page] can be said. You can pray during this time in Enochian, either with the [Enochian Key\(s\)](#) of your choice, or prayers of your own.

We are all individual and have our own ways of ritual and worship. Very early on, to kneel was given to me by the Demons, and also a close friend had the same experience; to kneel out of respect, but this is between you and Father Satan.

At the end of your ritual close with a HAIL SATAN!!

Turn clockwise and ring the bell.

*Due to the monetary and political control of the xtian church, places where black candles can be purchased are becoming scarce. For those of you who are unable to find black candles, there is an alternative. Lucifer's color is blue. Electric blue. Demons also show up in a blue aura. Those of us who have seen Hell, agree that it has a blue aura. USE BLUE.

For black magick spells, use red (anger) or navy blue (blue or black) Dark brown works well, also. This is just an attempt by xtians to try to stop us from practicing our religion, and is especially targeted towards teenagers and young people. Satan understands this and alternatives are alright with him.

For kids and teens who are unable to obtain any ritual items and for those who are financially underprivileged, the ritual can be performed in [Your own private Astral Temple](#)

*"Prayer" in Satanism is very different from what the populace has been indoctrinated to believe, given the xtians and other enemy programs.

Satanic "Prayer" is:

1. Telepathic communication between ourself and Satan and/or his Demons
 2. Another aspect of Satanic Prayer is vibrating a mantra, word/s of power, Enochian or the [Runes](#).
- Vibration is essential to working spells and such, empowering our souls and advancing ourselves

spiritually.

The BELL, using in Satanic ritual is symbolic of the vibration explained above. When we repeatedly vibrate words of power, mantras, runes, etc., while focusing and directing the energies, a ripple effect takes place on the astral and manifests our desires in the material world. This is the symbolism of the bell in Satanic Ritual.

Thanksgiving Ritual

There are many times we are blessed by Satan. It is very important that we show our gratitude and acknowledge his gifts.

A ritual of Praise and Thanksgiving is performed like a [standard ritual](#). Prepare a clean sheet of paper. Write a thanksgiving prayer in your own words. After invoking the 4 Crown Princes of Hell, at the height of your ritual, read what you wrote on the paper either aloud or in your mind. Fold the paper loosely. Light a tip of the paper in the flame of one of your candles and place it in the burning bowl to burn.

During this time, meditate on everything Father has done for you. Open your heart, let Father feel your gratitude and love. Take as long as you like. Finish with prayers in your own words, chanting or reading one or more of the [Enochian Keys](#) or you can talk to Father either aloud or in your mind. Close the ritual as you would for a standard ritual.

Consecrating and Empowering Your Ritual Tools

Altar of High Priest Salem Burke

Ritual tools should be consecrated in the Name of Satan.

The consecration ritual should take place during a full moon.

If you are empowering an athame, you will need a magnet.

Begin by placing the item(s) to be blessed upon your altar. If you have an incense burner that needs to be blessed, use another fire-proof receptacle to burn incense for this ritual.

Light your incense. Light several cones or sticks, as the items will be passed through the smoke of the incense to be consecrated. Loose incense placed on coals is fine, although you may have to keep replenishing it.

Light several black candles. If black is unavailable, use royal Blue.

Recite the Opening Prayer:

In the Ineffable Name of Satan/Lucifer and before the Crown Princes: Beelzebub, Astaroth and

Azazel, I invite the powers of Hell to come forth to bestow their blessings and powers upon these tools, that they may serve as an extension and amplification of my will and desire, forever in the service of Satan.

Visualize a powerful electric blue light beginning to hover over you. Fill yourself with this blue light; as you are invoking the powers of Hell.

For the Athame:

Visualize the blue light infused in the Athame. Take your magnet and begin stroking the blade from the hilt to the tip, in one direction, both sides. Visualize the blue light growing stronger and stronger, as you stroke the Athame. This should be done for five minutes.

Visualize the blue light in the smoke of the incense and pass the athame through the smoke, and recite the following:

"In the Almighty Name of Satan/Lucifer, I bless and dedicate this instrument of air."

For the Chalice and any items ruled by the element of water:

Visualize the same blue light. Infuse and surround your chalice with the light. Pass it through the incense smoke

Recite the following:

"In the Almighty Name of Satan/Lucifer, I bless and dedicate this instrument of water."

For the Thurible or incense burner:

The burner can either represent the element of fire or the element of air. Go with how you feel. Perform the same rite as with the chalice, by passing it through the smoke and visualizing a blue light.

Recite the following:

"In the Almighty Name of Satan/Lucifer, I bless and dedicate this instrument of fire."

Or:

In the Almighty Name of Satan/Lucifer, I bless and dedicate this instrument of Air."

For Pentagrams, Baphomets and any items of the Earth element:

Do the same as the above with the light, passing each item through the smoke.

Recite the following:

"In the Almighty Name of Satan/Lucifer, I bless and dedicate this instrument of Earth."

After you have consecrated your tools, recite the [Third Enochian Key](#).

After you are finished, say a prayer in your own words, offering thanksgiving and gratitude to Father and the powers of Hell for consecrating your instruments.

Close the ritual.

Ave Satanas

Prayer for Protections

O Mighty Lord Satan, by whom all things are set free, I cast myself utterly into thine arms and place myself unreservedly under thy all powerful protection. Comfort me and deliver me from all of the hindrances and snares of those who wish to harm me, both seen and unseen.

Visit justice and vengeance upon those who seek my destruction. Render them powerless and devastated. Direct their malice to return upon them tenfold and to destroy them who would resent my being.

Fill my soul with thy infernal power; strengthen me, that I may persevere in my service, and act as an agent of thy works and a vessel of thy will.

This I ask in your name, almighty and ineffable Lord Satan who liveth and reigneth forevermore.

Ave Satanas

When we are new to Satanism, Satan and his give us plenty of help. As we progress, we are expected to do things for ourselves and use our own energies which we develop through consistent [Power Meditation](#)

See also [For Those Who are New to Satanism](#)

When we ask Satan for his protection, if at all possible, we should also be learning to protect ourselves:

[Meditation for Protection](#)

Satan and his Demons are there for us at all levels, but we are expected to develop and use our own energies for the things we can already do.

Destruction Ritual

The following ritual is basically for beginners and those who are new. Adepts use more techniques that are advanced and in many cases, a formal ritual is not needed. The strength of your mind, aura, will, focus, and hatred determine the outcome of any destruction ritual. When one is new, Satan and his Demons often grant favors, but the essence of true Satanism is self-empowerment.

The Destruction Ritual begins with the Standard Ritual.

After invoking the Four Crowned Princes of Hell, you should read a prayer that you have written by yourself in your own words asking for the destruction of your enemy. Work on only one enemy at a time, unless you have a specific agreement with a Demon/ess in exchange for services you both agree upon. Attempting to punish more than one enemy at a time will only weaken your energies, as they will be dispersed. Energy should be directed like a laser to do its job.

Included in the prayer should be the name of the offending one, the severity of the punishment you wish to see inflicted, and how they offended you and your feelings about being victimized. It also helps to have either a small personal possession of the offender's or a photo of them, but is not necessary.

Either read the prayer aloud or silently to yourself, then push the tip of your athame through the paper and light it with the flame of one of your candles and place it in the burning bowl.

Now this next step is extremely important. The following is a good cathartic that can be a lifesaver to one's mental health and psychological well-being. This is the meditation step and is highly recommended in cases where there is an extreme amount of pent up anger and hatred: Here is where you visualize the person as clearly as you can and just let loose until total exhaustion. This ritual is best done while the offender is sleeping.

Visualize the offender clearly and inflict all of the mutilation, injury, and pain you can imagine upon them. Beat them, stab them, torture them, and torment them. You can repeatedly recite their name over and over again in your mind. Release all of your hatred and anger in any way you wish. Just do it in your mind. Some people hate someone so hard they cry- this is fine, this is a cathartic and a very intensely emotional release. You must continue on and on until you are literally exhausted.

The most important thing here is to stay focused. You should also feel very justified. Any lapse in concentration or feelings that creep in where you feel you are not 100% in the right and completely may not only destroy a destruction ritual, but can be dangerous.

Now, close the ritual by giving thanks to Satan and any Demons you may have called forth that the offender will be rightfully punished. Ring the Bell, turning clockwise and say HAIL SATAN!! Either silently to yourself or aloud.

Take the burned remains and you can flush them down the toilet or dispose of them in some other degrading manner.

NOW THIS STEP IS EXTREMELY IMPORTANT:

Take all of the time you need with this and then some. You have just dealt with some very negative and destructive energy. You should clean your aura and chakras. This is done by continuously placing a white light or cleansing fire around your aura to clean and burn off negative energy residue. Then proceed to place the light or fire around each of your chakras one by one. Then proceed to spin your chakras- say to yourself "speed of light" for each one. See it spinning until it turns a brilliant white like the Sun. Stand up and visualize a flat disk like table surface above your head, shining a brilliant white.

The surface will descend upon your head and all the way down through your body and past the bottoms of your feet, pushing and expelling any negative residue from your being. Repeat this exercise at least two times.

You should also keep cleaning your aura for several days following the working.

It is important that you put the experience behind you and do not dwell on the offender or concern yourself with hopeful anticipation over their punishment. Let the working do its job. Banish the offender and the incident from your thoughts. This working can take up to a month or more.

****The ritual can be varied, using a [POPPET](#)**

Banishing Ritual

A banishing ritual should be done on a Saturday when the Moon is waning. Use a [standard ritual](#) and write on a piece of paper asking Satan to bless the area.

Place the sigils of [Flauros \(Havres, Haures\)](#) and [Orobas](#) on your altar during the ritual. These two Demons work to keep unwanted spirits out. Ask that they be blessed and empowered, and for Satan to send these Demons to you to protect your area.

When you burn the paper, meditate strongly and imagine a strong electric blue light, like a flame, run it along the ceiling, in the corners, down the walls and the floor. If you can get your friends to help in the ritual, your combined power will really do the job. Everyone should focus the blue light.

Thank Satan and the Powers of Hell for blessing your area. Make sure the sigils are well protected. I put mine in a CD case.

Any spirits or negative energies in the area should be banished. This ritual may have to be repeated if the unwanted energies are particularly strong.

Ritual for Cursing the Xian Church and the Foul nazarene

1.

2.

3.

4.

Getting ready:

1. Here is a close up of the script to carve into the pole
2. The letters should be in a straight line on the pole.

3. Paint the letters on both ends of the inscription red. The other letters do not have to be painted.

4. Make a poppit of the nazarene. Thumb tacks can be used to secure it to the make-shift crucifix. Ice cream sticks can be used or any wood that won't easily split.

5. The finished nazarene with the crucifix should be attached to the end of the pole by pounding a nail through the heart and the crucifix should be upsidedown. The pole is then placed facing the Vatican which is in Rome Italy, in a place where it will not be disturbed.

The ritual:

1. Recite the invocation to Satan:

INVOCATION TO SATAN:

In Nomine Dei Nostri Satan, Luciferi Excelsi. In the Name of Satan, Ruler of the Earth, True God, Almighty and Ineffable, Who has created man to reflect in Thine own image and likeness, I invite the Forces of Darkness to bestow their infernal power upon me. Open the Gates of Hell to come forth to greet me as your Brother/Sister and friend.

Deliver me O Mighty Satan from all past error and delusion, fill me with truth, wisdom and understanding, keep me strong in my faith and service, that I may abide always in Thee with Praise, Honor and Glory be given Thee forever and ever.

2. Take your Athame, turning counterclockwise at each of the 4 points, Invoke the 4 Crown Princes of Hell:

Satan/Lucifer from the East

Beelzebub from the North

Astaroth from the West

Azazel from the South

3. Plant the pole securely in the ground.

4. Visualize energy being drawn from the earth into the pole and directed towards the Vatican. Spend 5-15 minutes with this.

5. Stand with your left hand on your hip, elbow bent, legs together and chant:

th-th-th-oo-oo-oo-ree-ree-ree-zahz three times,

About the ritual:

It is advisable that one has already performed the dedication before performing this ritual. This ritual is extremely powerful.

The ritual is based upon what is called a "niding pole." Centuries ago, people in the Northlands raised niding poles against the invading xian clerics and missionaries. The pole acts as a magnet for earth energies that are used to continually deliver curses at the selected victim.

Runes are of the most ancient symbols and have incredible power. The runic symbols can be seen in Ancient Phoenician letters which are based upon the constellations. The TH runes destroy the spirit and the I runes bind the destruction.

This ritual can also be used to vent at local churches and xians. Do **not** place the pole on church property, though as this is illegal. It is best if the pole is in view of the home or building of the recipient of the intended curse, but not necessary. Just make sure it is in an isolated and secure area where it will not be disturbed.

The Truth Concerning the "Shemhamphorash"

There are many Satanists who mistakenly believe "shemhamephorash or its variant spelling "shemhameforash"" is "Hail Satan." This is stupidity. The word "Shemhamephorash" is not Satanic. "Shem," "Ham" and "Japheth" were sons of the biblical "Noah." Any idiot can see the connection. Genesis 5: 32 gives Noah's sons in the exact order as the wording of the "Shemhamphorash." " And Noah was five hundred years old: and Noah begat Shem, Ham, and Japheth." (Taken from the King James version).

Like everything else in the bible, the story of "Ziusudra" was stolen, corrupted and with this corruption, the name "Noah" replaced "Ziusudra." The name "Noah" is false and represents the enemy "god." Also, we can see this is another "trinity."

"Shemhamephorash" "The 72 part name of God." A divine name of 216 letters derived from Exodus 14: 19-21. Each of the three verses used contains 72 letters which are then arranged in boustrophedon to produce the 72 syllables of the name."¹ Shemhamephorash was eventually condensed to YHWH- the tetragrammaton*- meaning the judeo/xtian "god."

14:19 And the angel of God, which went before the camp of Israel, removed and went behind them; and the pillar of the cloud went from before their face, and stood behind them:

14:20 And it came between the camp of the Egyptians and the camp of Israel; and it was a cloud and darkness to them, but it gave light by night to these: so that the one came not near the other all the night.

14:21 And Moses stretched out his hand over the sea; and the LORD caused the sea to go back by a strong east wind all that night, and made the sea dry land, and the waters were divided.

To obtain the name- the three verses are written in Hebrew with alternating lines in opposite directions, giving 72 columns of 3 letters each. These 72 three letter names are regarded to amplify the powers of the tetragrammaton and are divided into four groups of 18, each division ruled by one of the four letters of the name YHVH.²

Coming from the Hebrew rabbis:

Hebrew for tetragrammaton, which in Greek means "the four letters"; YHVH- those constituting the mystic name of God."³

The name of "god" in the jewish religion is deemed so holy and sacred, it is not to be spoken and it is kept secret. Its pronunciation is considered in the jewish tradition to be an unforgivable sacrilege. YHVH- the English equivalent of the Hebrew letters Yod He Vau He. Outside of the temple, it is pronounced "Adonai" (Adoshem-'my lord').⁴

Xtians, most of whom have an inadequate knowledge of hebrew punctuation and vowel phonetics, substituted for it, beginning with the year 1518, a distorted form of yahveh; namely "jehova."⁵

Other aliases of this "god" include:

- When he sits in judgement on the human race: "Elohim"
- When he "wars" on evildoers: "Zebaot"
- When he recalls man's sins: "El Shaddai"
- My lord: "Adonai"
- Most High God: "El Elion"

- Creator: "Ha-Boreh"
- God of Israel: "Elohe Yisrael"
- God the strong one/God the hero: "El Ha-Gibbor"
- Yaweh, the god of armies (in English- the lord of hosts): Yahveh Elohai Zebaot
- Holy one of Israel: Tsur Yisrael
- The place (omnipresent): Ha-Makom
- Infinite one of the kabbalah: "En Sof"

*The tetragrammaton is the "holy ineffible" name of the xtian "god." YHVH also yaweh, jehova. The name YHVH literally means "he is."⁶

The reason I have gone into so much detail is people need to get educated about this. **KNOW EXACTLY WHAT YOU ARE SAYING BEFORE YOU SAY IT!** Instead of saying "Hail Satan" one is, when saying "shemhamephorash," saying "hail yaweh."
 "Assumption is the mother of all fuckups."

Enochian

Explanation

Most Satanists know the Enochian Keys through the Satanic Bible, written by Anton Szandor LaVey. Many use the keys during ritual and in prayer. Unbeknownst to most people, Anton LaVey never revised the keys in Enochian, though he changed the English words in most, but not all of them, to conform to Satanism.

For example:

Asha, Baeovib, Gahoachma, Iabes, Iad, Iadpil, Iadapiel, Iadanahe, Iaida, Iaidon, Idoian, Idoigo, Ioiad, L, Mad, Mada, Oiad, Piad, Zilodarp, Zirenaiad and many more are all the names/aliases of yaweh/jehova. These names are entirely left intact throughout the Satanic Bible in Enochian. So unbeknownst to most Satanists, reciting these keys in Enochian, one is praising and praying to the xian god.

There are also several of the keys LaVey did not bother to alter in English. For example:

The Fifth Key, page 186; at the end "Our Lord and Master is the All-One!" This is an alias of jehova "the all one." Satan's number is TWO. Page 192, bottom of the page:

"and the praise of your God in your creation." This is rather blatant. This has never been changed from the original calls and in Enochian, guess what it says? It sure does not imply Lord Satan in any way, shape or form.

Page 204, the Eighth Key is very blasphemous:

"the dragon doth sink" The Dragon is a sacred symbol of Satan and symbolizes the spiritual power (kundalini) within us all.

Page 252, "the God of stretch forth and conquer" is not Satan, but jehova. This is obvious in both the xian bible, where he personally directed the mass murder of millions with his bloody rampage following the encounter with the Hebrews in the desert. Zilodarp is his name in Enochian and is translated into "the god of stretch forth and conquer."

Page 258, "whose God is wrath in anger" everyone familiar with xianity knows about the "wrathful" xian god who is forever punishing and throwing curses at humanity.

Nearly every key in Enochian, LaVey left as is.

The Enochian keys were taken from the original Enochian calls. These 19 calls are intended to bring upon the Apocalypse/Armageddon and ensure the victory of the yaweh/jehova aliens and their ilk. Left as is, they are nothing more than praises to jehova and insulting blasphemies to Lord Satan. The keys on this website have been revised BOTH in English and in Enochian and reworded to blaspheme yaweh/jehova and praise Satan and ensure HIS victory.

The keys contain words of power, especially when recited in Enochian. Given the revisions and the experiences that several of us have had with them, the JoS Ministry strongly advises any who uses these keys in ritual or in prayer, to have already performed [the dedication ritual](#) as they may otherwise be dangerous for the uninitiated.

To further add to the blasphemies against Satan with the keys in the Satanic Bible; the book "The

Goetia; The Lesser Key of Solomon the King; Clavicula Salomonis Regis; translated by Samuel Liddell and MacGregor Mathers; edited with an introduction by Aleister Crowley; illustrated second edition" © 1995, pp 97- 124 contains the petitions to yaweh/jehova and the enemy angels used to threaten and coerce the Demons of Satan into a triangle using a nine foot circle and all of the enemy props, all translated into Enochian. All of the Enochian names of yaweh/jehova are contained therein. The Enochian names of this enemy alien god, used to abuse the Demons and blaspheme Satan are all intact within the Satanic Bible; praising him.

Due to the length and effort that has gone into this project, I will not go into the details concerning the angelic visitations to Dr. John Dee and Edward Kelly who received the original translations from angels. I provided links for further study below.

In closing, I am aware of many people who mistakenly believe that Dee and Kelly were not visited by angels, but Demons. After studying the background in depth and having experienced revising the Enochian Keys, I am thoroughly convinced beyond any doubt; the visitors were not Demons, but angels.

I met with incessant obstacles while working on the keys and the worst of the problems came with the keys that contained the curses directed against jehova. I had inexplicable bad luck, power outages with no explanation that required me to redo work I had previously finished, computer problems, and many other unusual occurrences of a very negative nature. Others who are close to me and clergy members were affected as well.

Father Satan came to visit me a couple of times during the revisions and told me he was very pleased and this was long overdue. He also stated that most of us are unaware of the power of the keys.

Enochian is angel magick; used to summon angels. Below are links for further study as to the background. I posted these are for educational purposes only. They have no connection to Satanism.

The Enochian Keys

*Important concerning pronunciation:

Enochian is chanted and vibrated. The objective is to hit a mono-tone pitch and maintain it. This drastically increases its power.

- ALL of the R's should be rolled- the tongue vibrated against the palate.
- ALL J's are pronounced as a soft J, such as the French Jacques, the Hindu Raja. (jzh).
- The letter "L" at the end of a word should be stressed.

1st Key

The First Key in English

I reign over you, saith Satan/Lucifer In power exalted above the firmaments And over the earth; in whose hands The sun is as a sword And the moon as a thorough-thrusting fire: Who measureth your garments In the midst of my vestures And trussed you together as the palms of my hands And brightened your vestments with infernal light. I made a law to govern my sons and daughters. I delivered truth and furnished to you The power of understanding. Moreover, ye lifted up your voices And swore obedience and faith to Satan/Lucifer Who liveth and triumpheth, whose beginning is not Nor end cannot be. Who shineth as a flame In the midst of your palace and reigns amongst you As the balance of righteousness and truth. Move therefore and show yourselves! Open the mysteries of your creation! Be friendly unto me! For I am the servant of the same! The true worshipper of Satan/Lucifer In glory and power exalted, Of the kingdom of the south.

2nd Key

The Second Key in English

Can the wings of the winds
 Understand your voices of wonder
 O you, sons and daughters of Satan?
 Of whom hell-fire has framed within
 The depths of my jaws;
 Whom I have prepared as a gathering
 For a wedding, or as the flowers
 In their beauty for the chambers
 Of pleasure. Stronger are your feet
 Than the barren stone,
 And mightier are your voices
 Than the manifold winds;
 For you are become a building
 Such as is not,
 Save in the mind of Satan/Lucifer,
 The All-Powerful.
 Arise! Move!
 Therefore unto his servants;
 Show yourselves in power,

And make me a strong seer of things;
For I am of Satan/Lucifer
Who lives forever!

Behold! Saith Satan, I am a circle
On whose hands stand twelve kingdoms.
Nine are the seats of living breath
The rest are as sharp sickles
Or the horns of death wherein the
Creatures of Earth are
And are not except by mine own hands, which also Sleep and shall rise! In the beginning
I made you stewards, and placed you
In the twelve seats of government,
Giving unto every one of you power successively Over The nine true ages of time, to the intent that,
From the highest vessels and the corners
Of your governments, ye might work my power:
Pouring down the fires of life
And increase continually upon the Earth.
Thus ye are become the skirts
Of justice and truth. In Satan's name, rise up!
Show yourselves! Behold!
His mercies flourish!
His name is become mighty among us!
In whom we say move! Ascend!
Apply yourselves unto us!
As unto the partakers
Of his mysteries in your creation!

 And wax strong, which also successively,
 Adding the numbers of time
 And their powers stand

As deliverers of Lord Satan's Providence,
Bringing forth strength and understanding dwelling
In the firmaments as continual comforters;
Unto whom I fastened pillars
Of gladness 666, and gave them
Vessels to water the earth
With all her creatures;
And they are the sons and
Daughters of Satan. Of the first
And the second and the beginning
Of their own seats which are garnished
With continual burning lamps whose numbers
Are as the beginning, the ends
And the contents of time.
Therefore! Come ye and appear to your creation!
Visit us in peace and comfort
Conclude us receivers of your mysteries, for why?
We worship Satan/Lucifer in all his glory,

 Remain in the glory of the earth
 Which are and shall not see death

 His followers doth sink? Come away!
 For the thunders have roared!
 Come away! For the temples

Crowned and are no longer divided.

9th Key

The Ninth Key in English

A mighty guard of fire
With two-edged swords flaming,
Which have vials of wrath and
Whose wings of wrath and
Whose wings are of wormwood and
Of the marrow of salt, have settled
Their feet in the south and are
Measured with their ministers
Six hundred and Sixty Six.
These gather up the moss
Of the earth as the rich man
Doth his treasure. Cursed are Jehova;
He who sits on the holy throne
And are his servants! Whose iniquities
Are in their eyes, millstones greater
Than the earth, and from their mouths
Rain seas of blood; their heads are covered
With diamonds and upon their hands
Are marble sleeves. Happy is he
On whom they frown not; For why?
Satan/Lucifer rejoiceth in them.
Come away! Leave your vials!
For the time is such as requireth comfort!

The thunders of judgment and wrath are numbered And are harbored In the South. In the likeness of an Oak whose branches are nests Of lamentation and weeping laid up For Jehova and His servants, which burn night and day, And vomit Out the heads of scorpions, And live sulphur mingled with poison. These are the Thunders that roar with a hundred mighty Earthquakes And a thousand times as many surges, Which rest Not, nor know Any echoing time. Here one rock Bringeth forth a thousand Even as the heart of man Does his thoughts. Woe! Woe! Woe! Woe! Woe! Woe! Yea Woe! Be to he who sits On the holy throne in heaven! His iniquity is, Was and shall be great. Come away! But not your mighty sounds!

O you Demons who dwell upon and are mighty governors of the earth, who execute the judgment Of Satan! To you it is said: Behold the face of Satan, The beginning of comfort, whose eyes are The brightness of the stars; who provided You for the government of the Earth, and her Variety, Furnishing you with a power of Understanding, to dispose all things according To the providence of he who reigneth on the Throne from Hell and rose up in the beginning, Saying: The Earth, let her be governed by her Parts. The course of her, let it run with pleasure, And as a handmaid let her serve Satan. One Season, let it confound another; and let there be no Creature upon or within her the same. All her members, let them differ in their qualities; And let there be no one creature equal with Another. The reasonable creatures of the Earth, Let them vex and weed out one another; and the Dwelling places. The works of the followers of Jehova and his pomp, let them be defaced. The buildings of he who sits on the holy throne, Let them become caves for the beasts of the field; Their iniquities shall be known. For why? I regret Their creation. O you sons and daughters of Satan, Arise! Those in the kingdom of heaven, Let them serve you. Govern those that govern; Cast down such as fall; bring forth justice And destroy the rotten. No place let it remain in One number; Add and diminish, until the stars Be numbered. Arise, move! Appear before Satan! He has sworn unto us his justice; Open the Mysteries of your creation, And make us partakers of undefiled truth.

The Sermons Of Satan

Establishing Control

Establishing control over one's emotions is very important. Out of control, emotions can be detrimental to one's health and well-being, and at worst can be lethal. In a situation where panic takes control and gives way to terror, where fear is completely out of control; one can freeze up when immediate action is called for and wind up dead. Out of control, emotions interfere with and even prevent rational thought. Here the panic/terror takes over one's entire being. Control of emotions and having a calm mind can mean the difference between life and death.

Worry does nothing to change a problem. It drains energy and can cause serious health problems. Again, the mind is out of control, as the same thoughts compulsively repeat themselves over and over, accomplishing nothing but upset. Bad situations and problems need to be rationally thought out for possible solutions and then let go.

Constantly rehearsing a bad incident over and over isn't going to solve the problem. This will only create other problems. Stress tears down the body and mind. Mental and psychological pain can be just as bad as physical pain. A strong mind can refuse this pain. When the mind is calm, often solutions will present themselves and problems can be worked out. We are also more open to the spirit world when we are calm, often we can find help here. If we calmly ask our mind for answers regarding a certain problem before we fall asleep at night, we will usually have answers when we awaken, or sometimes answers will come to us in a dream.

Out of control emotions are the result of an out of control mind. [Void meditation](#) helps with detaching from negative emotions. When unwanted emotions arise, relaxing one's mind and detaching one's self from the feeling can be difficult at first, but with persistence, control can be established. Try softening around the emotion or focusing attention on the emotion/feeling, relaxing and letting go. Empty the mind. This can also be helpful in cases of depression.

Focus on feeling calm and relaxing inside.

When mastery over one's emotions is established, (this can take years), being able to keep calm in crisis situations can prove invaluable and can be life saving. Animals will rarely, if ever attack someone who is not in any way afraid. Having a calm orderly and powerful mind comes from the regular practice of void meditation. This also strengthens our thought power for magickal practice. The next time you feel unwanted emotions; try to focus on detaching and relaxing. This can be difficult at first, but will come with time. We must completely master ourselves, for this is the path to becoming a god.

There are times when we have to just let go and vent. This can be done during a ritual. Father Satan always listens to us and sometimes it is a good thing to let it all out and get it all out, so that one can be at peace and not have to feel suppressed in any way. If extreme worry or other emotions cannot be brought under control, venting during a ritual is the often best way. Mastering one's emotions, as well as the mind is something that needs to be worked on every day. In time, a sense of calm and confidence will take over and remain, so that the mind can be free for spiritual development and the fulfilling of one's desires.

Curses of the Gods

Much has been publicized concerning the 1922 Tutankhamen discovery and the numerous and

mysterious deaths that were more than mere coincidences. Atheistic scholars are at a loss to come to a realistic explanation, as they are concerning the construction and design of the Egyptian Pyramids.

When the tomb of Tutankhamen was opened in February of 1923, a clay tablet was discovered, written in hieroglyphics warning of the curse of a violent and untimely death, should one disturb the tomb. The archeologists ignored this warning and concealed it from the native Egyptian laborers. Strange and inexplicable occurrences soon followed.

Howard Carter, the leader of the expedition, had along his pet canary. A cobra swallowed the bird the day the tomb was opened. Lord Carnarvon, a wealthy English Earl and financier of the expedition, soon fell ill with a high fever and a mysterious "mosquito bite" on his cheek. Forty-seven days after the opening of the tomb, at 57 years of age, on the date of April 5, Carnarvon died.

Two days later, on April 7 (again, the number 7), the mummy was examined. A blemish was found on the mummy's left cheek (the same side and spot as Carnarvon's mosquito bite). At the time of Carnarvon's death, all of the lights mysteriously went out in Cairo, all in unison. At the same time, thousands of miles away in England, Carnarvon's pet dog stood up on its hind legs, howled, fell over, and died. The staff was disturbed and said the howling was strange and deathlike.

The famous American financier, Jay Gould, also visited the tomb. He awoke the next morning with a high fever, and was dead by nightfall. American archeologist, Arthur Mace, who assisted in opening the tomb and pulled out the last stone blocking the entrance to the main chamber, soon began to feel weak and exhausted. He fell into a coma and never recovered. Arthur Mace died at the same hotel as Lord Carnarvon.

Richard Bethell, Howard Carter's secretary on the expedition was found dead, four months after the discovery of the tomb, from heart failure. His father, Lord Westbury, distraught over the death of his son, leapt to his death from a seven-story window. He was over heard by several people before he took his life, saying to himself "the curse of the pharaohs" "I cannot stand the horror any longer." The hearse carrying Westbury's body to the cemetery ran over a small boy, killing him instantly.

Radiologist, Archibald Reid, thought to be the first person to cut the bindings on the mummy, (unraveling was necessary to x-ray the body), soon experienced the same exhaustion and fatigue and soon died. There were many more strange coincidences and related deaths.

Howard Carter, a staunch atheist and skeptic lived for close to seventeen years following the discovery and opening of the tomb. It is said that Carter was plagued by extreme depression and paranoia.

The Goetic/Gothic Demons- many are well known and popular Egyptian Gods. Many humans from Ancient Egypt, specially the Priesthood and the Pharaohs had immense spiritual knowledge and powers and did not approve of their tombs being dug up and exploited for money and fame in the hands of a "chosen" few. Many of the relics and ancient artifacts removed from the tombs were hoarded, placed in private collections and continue to bring their greedy owners misfortune.

Where is Satan?

I have received e-mails from several people who claim they cannot feel Father Satan in their lives. Here is something you can do: When you have some piece and quiet (I know how hard that can be for some of us) relax and think of all of the things that have happened in your life after you came to Father. Write them down in a journal, if you have to.

I personally keep a journal and write down everything Father has done for me. I do this for several purposes; one- I do many thanksgiving rituals and we humans are so quick to forget and two- whenever I am upset or feeling out of sorts, I turn to the journal to remind me of the positive and for inspiration. I usually have something to write every day.

Getting back to the above, go over your life. Take a good look at the difference inside and out of where you are now, as compared to say when you were an atheist, xtian, agnostic or whatever. See and note the difference. This is Father.

Sometimes things aren't all that apparent, until we are aware of them. Last week I had an incident. I was searching for some info on the web. Now we all know this can be a road to nowhere. Obviously, I didn't find it. A Demon came in my head and told me to go to the drugstore, as I should look to a certain magazine. Needless to say, I was in a lousy mood (the whole day went bad).

I thought I had more money in my checking account than I did. I called the automatic teller. I went to the drugstore, no magazine. I was running late to work, this was a Saturday night. To make a long story short, Father saved my ass. I had a bunch of checks out, small ones. When they all would have hit the bank, Monday, I would have had a huge sum in overdrafts due to my own mathematical errors (not paying attention to detail while trying to do several things at once).

Not only this, but I asked Father for money and I was given more than enough to cover the off amount and extra left over until pay day.

Here is one of the many instances many call luck, but I know better. I thanked Father Satan in a ritual. He was looking out for me all along. I never would have called the bank, had I not gone to the drugstore.

As for getting blown away after every ritual, it just doesn't always happen. We all know that beautiful ecstatic aura we have after most of our rituals, sometimes stronger, than at other times.

All of us can become more aware of Father's workings in our lives. I recommend keeping a journal. Just becoming aware will open a door.

Reverence and Respect

I have learned much, directly from Satan and his Demons. Everything I posted on this website about contacting and establishing relationships with Demons came directly from the Demons themselves. I did not obtain this information from reading a book. Everything read from books concerning Demons was wrong information. Most of the information about Demons in popular books was taken from the old grimoires written by Jewish rabbis and a few xtians.

Azazel came to speak to me and he told me the Demons are really upset about the disrespect Father Satan has received, even from his own people. They are not impressed with LaVeyan "Satanists" (most are atheists) and those who attempt to use Father Satan like some sort of servant. Unfortunately, many people come to Satan after experiencing the negative and spiritually destructive influences of other religions.

We do not always have to do a full ritual every time we want to contact Father Satan. I pray to him every single day and thank him for all he has done for me. He always hears me and responds to me. I cannot over-emphasize the importance of establishing a very close relationship with Satan, for here is where you will learn and grow. The closer I become to Father Satan, the more I am inspired and in awe

of him. There is so much spiritual richness and fulfillment when we make Satan the center of our lives. Regular rituals are also very important. For those who are new, it is important to put aside everything of your past and get to know Father Satan without any assumptions.

Demon Friends

Due to the false teachings of enemy religions, there are those among us who do not take our religion as serious as they should. The spiritual growth, liberation, and power that are available to us as Satanists are often beyond the awareness of many.

There are times we may have trivial issues or instances where we could use some correction, enlightenment and spiritual assistance. When we establish a relationship with a Demon friend, we have someone who will patiently guide us, direct us, and work with us one on one.

Many see Demons as magickal assistants who will help in avenging enemies, securing money, love, success, and so forth. The Demons are there to help us out in our external affairs when we are new, but another very important area is also that of spiritual growth. In the area of advancing spiritually, many are unaware of the help a Demon friend can be. The goal of Satanism is self-empowerment and spiritual self-sufficiency.

Through my relationship with my Demon, Azazel, I have learned much more about Father Satan and our religion. All of this has been very enlightening and positive for me and I learned many things I never knew before. There are those of us who have issues, questions and blocks that would benefit greatly by working one on one with a Demon.

For those of you, who are new to Spiritual Satanism, when you feel ready, perform a ritual where you ask Father Satan to send you a Demon to work with you, personally. This in truth is what the Demons are for; helping us to become as Gods in a literal sense.

Write your request on a piece of paper, asking that Father Satan send you a Demon for you and at the height of the ritual, read it aloud and then burn the paper. This is just a suggestion, as many of us have our own way of performing rituals.

You will receive signs soon afterwards. Remember to be patient, open and aware. You will recognize your new friend. I cannot begin to tell you the further enlightenment I have received and how I have improved and become much stronger in Satan. Life is an opportunity to improve and advance.

The Egyptian Pyramids

To this day, atheistic scholars and scientists are at a loss to explain the megalithic structures and extremely advanced civilizations that existed in ancient times. These structures still stand today after thousands of years.

After the flood, much of the landscape was eroded. A landing base was needed for the Gods and the

twin pyramids at Giza in Egypt were built to replicate the twin peaks of Mount Ararat.¹ Measurements were taken from the skies. The Gods also used the Pyramids to do ritual work, for magickal ceremonies and initiation rites.²

There are 365.24 cubits in the pyramid's base. This corresponds exactly to the solar year. The sum of the base diagonals gives an approximation of the number of years in a total precession of the equinoxes. (Just short of 26,000). The pyramid's apex corresponds to the North Pole, the perimeter is equivalent to the equator, and its four plane surfaces accurately represent the four quadrants of the hemisphere. These measurements parallel the ley lines and magnetic fields of the Earth.

The exteriors of the great pyramids were originally covered with limestone and they shone in the Sun. The limestone has been picked off over the centuries. The Gods placed crystals inside of the pyramids. The power of the crystals produced a beam that reflected up to the sky. To this day, the electrical current at the apex of the pyramids is so powerful it has knocked men unconscious. The pyramids also reverberated from the inside to serve as a landing guide. The Gods called them the "lofty houses of eternity."³

The pyramids were built in the Age of Leo, according to what was written by the Gods. This is the reason for the Sphinx, which has the body of a lion. The face on the Sphinx was originally that of the Egyptian God Thoth. Due to rivalry between brothers Thoth and Marduk/Amon Ra, the face was eventually changed to that of Amon Ra.⁴

Satan/Enki was given the "Lower World." These were the lands beneath the equator. This included all of Egypt, though Egypt is north of the equator.⁵

In 1904, Aleister Crowley spent the night in one of the Pyramids. He claimed a purple light lit up the entire area inside of the pyramid. Archeologists and Egyptologists who have explored the Pyramids are at a loss to explain the absence of torch marks at a time when they believed electricity and other means of light were not yet invented. Napoleon, in the year 1798 entered one of the Pyramids. When he came back out, he was pale faced and in awe. He would never reveal what he saw as he claimed no one would ever believe him.

Ancient Wisdom

The original religions were quite different from the false religions of today. The original religions taught self-reliance and strength of mind and spirit.

Thoth wrote, "A soul's outcome in the afterlife is based upon knowledge." "Knowledge of past lives can be acquired by breathing exercises, which recall the memory of the soul."

Breathing exercises empower the aura and stimulate the Kundalini. Kundalini knocks down walls in the mind. All of the original religions placed great emphasis on the serpent. The serpent is symbolic of the force known as "kundalini" that lies coiled at the base of the spine. The serpent is also symbolic of healing and of life. Thoth said, in the afterlife, the question that lay ahead was "How well the deceased person had established truth in his or her lifetime, against the powers of evil."

We all know how xianity and its cohorts promote lies and strive to keep people ignorant and deprived of true spirituality. Victims of these religions are cut off from the spirit world and any gifts they might have. How many can astral project their soul from their body to actually experience the astral? The astral is a place they will surely go when they die. Many Satanists have this ability and are

knowledgeable and familiar with the astral. This is a gift from Satan and a definite help when one leaves one's body permanently. Satan is the bringer of knowledge.

Truth is looking at life with your own eyes. We learn the truth for ourselves, while outsiders remain ignorant and cut off from any spiritual guidance.

Another question of Thoth was, "Did the deceased embrace life enough to be able to live again in death?" Life is for living, learning and experiencing to the fullest. Judeo/Xianity and its cohorts, again, work to prevent this. The more you live, learn and experience, the more competent you become; Satan wants us to become self-sufficient.

"Did the deceased develop a strong enough character to continue his or her personality?"

Strength is so important. Our character is tested when we give our souls to Father Satan. Here we take one of the most courageous steps of our lives. Most of us go up against everything we have been indoctrinated with throughout our lives with bold defiance. Here we show our true character, that we are not manipulated by fears, threats, and things we truly do not understand. This is a huge spiritual step in liberation of the self and soul.

"Is the heart of the deceased truly open spiritually?" Again, as Satanists, all of us have proven we are open spiritually. We have not cut ourselves off as those of other religions have who refuse to question or explore anything outside of what they have been taught.

Thoth said, "Knowledge gives the power to act in truth and causes life, while ignorance blinds the sight and causes death."

"Death is the result of ignorance, alone." "A human being needs a map to travel both in this lifetime and beyond."

"How can you travel in life, after death without knowing the way?"

"The wickedness of the soul is ignorance and the virtue of the soul is knowledge."

"Live your life and you will never die."

Father Satan and his Demons share this knowledge. Look back at how you have grown spiritually, since coming to Satan.

Mastery of all areas of magick is essential. With black magick, we learn how to defend ourselves and exact justice, psychically. This is the most difficult to master and the most rewarding, as we become liberated and fearless. We become confident in our own abilities, as we can be formidable enemies. We no longer have to take abuse.

The Demons are all the Original Gods, most were very friendly with and spent much time with humans. Considerably outnumbered, they were hated, banished, and cursed by the other Gods for sharing knowledge with humans.

Many ancient tablets and libraries were burned, destroying all information and in attempt to sever any human contact with the Old Gods who promoted wisdom and learning.

Most of the Old Gods were made into monsters, Demons and every nefarious image imaginable in an attempt to destroy any and all relationships with humans.

As many of you are finding, your Demon guides are very friendly and open to contact with you. They wish to help you learn and grow spiritually and become strong competent Satanists.

Thoth also wrote: "Human beings must become enlightened in order to find their way in the dark. Becoming enlightened means becoming smart travelers, who acquire knowledge of the way, an understanding of the local language and friendship with other travelers. We are all travelers in eternity."

Father Satan and his Demons are willing to help us. We should be very thankful.

Those Who are Without

Last night at work, I got to talking with a man who comes to work out regularly. (I work in an athletic/health club as the overnight attendant). This man, I found is very gifted. Our conversation focused on the occult and mysticism. The strength of this man's aura was incredible. He said he practiced frequent meditation, visualization and other psychic disciplines.

He revealed that his life is in the shambles and pretty much out of his control. He has so much potential and with all this potential, he is down, dejected and depressed as his problems have reached the overwhelming stage.

Regardless of the raw power an individual may have, when one is on their own, he/she will only go so far and that's it. Talent is useless if one does not know how to apply it, use it, and know how to work to advance it.

Satan gives us all of that. He shows us the way to becoming. Each one of us has unique abilities. Father Satan works with us individually to bring these out in us and to show us how to use these abilities to transform our lives for the better.

There are many involved in Occult studies and disciplines. Only when one makes a sincere commitment to Satan will knowledge and its applications be given to them. We Satanists are much more evolved than the rest.

Keeping the Faith

In the years 2001-2002, I put my efforts into study, as this is what Father Satan wanted me to do. Money was short, but Father Satan took care of all of my essential needs.

At the health club I worked at, there was a woman who was a member. She offered to take me to the store and buy me a pair of shoes. The shoes I was wearing were shot to say the least. I had bad feet and the old shoes were comfortable. The problem was, this woman was deep into xianity. She proselytized incessantly. She knew I had no interest in her religion and I told her not to pray for me, ever. I am friendly to people and outgoing and she and I had been friendly towards each other.

I got to thinking, this is getting too friendly. She is too xian and she talks to others about going to church and taking part in other xian activities. I remembered what Father Satan stated in the Al Jilwah about his not allowing friendly association with xians and people who are against him. In addition, I have repeatedly seen and read of serious problems whenever one of us associates with xians.

I love Father Satan more than anything and in no way will I do anything against his wishes. I said to myself, NO, right there. I don't care if my shoes have holes in them. I don't even care if I am barefoot, I won't go against Satan.

Several hours later that night, I found a brand new shoe box. Inside was the nicest pair of athletic shoes, VERY expensive and exactly my size. I put the shoes on and they fit perfectly. I thanked Father Satan for the shoes. I don't know where the shoes came from, as they weren't there before. I have seen Father Satan's miracles before. HAIL SATAN!!

Secrets

Satanism is the path of knowledge. The closer we become to Satan, the more he reveals to us and the more we learn. With knowledge comes understanding. We build on the knowledge we have. In the Al Jilwah, Father Satan tells us to keep his secrets; he reveals knowledge to us when we are ready.

Father Satan has given me tests; tests of my faith. I didn't know it at the time, but I passed these tests and my faith is stronger than ever before. For me, these tests involved playing upon fears. At the time, I was afraid, but I continued on, regardless. I chose to have faith in Satan, no matter what. This was some time ago.

Satan also states, "When temptation comes, I give my covenant to those who trust in me." Trust is important as is keeping the faith and staying strong in the face of adversity. The rewards are great and priceless.

We all have a free will. When we show Father Satan our dedication to him, he rewards us greatly. It's like passing on to another level where the weak are left behind and the strong remain to continue on. Here is where we learn directly from Satan and his Demons. The answers to some of those tests are now given.

When we reach this level, we can only continue. With the knowledge and enlightenment we have, we will never regress, but continue to grow. Knowledge makes regression impossible. This is where everything ties in and begins to make sense and form a picture.

Each level of Satanism is another revelation in truth and a test where the strong and fearless survive the weak. With knowledge, when we walk through a door, it is permanently slammed shut behind us and the only direction to go is to continue forward.

Sermon on Halloween

Halloween **is** the Devil's Holiday. People are dressing up in costumes, going to parties, indulging in treats and candy, watching scary movies and having an over-all great time, in contrast to Xmas, where the numbers of suicides top those of the rest of the year. Xmas would be completely miserable if it were not for Santa Claus, Yule trees, gift giving and New Year's partying. The damper on Xmas is the Nazarene. How many of those Xians would rather stay home than go to their churches like the slaves that they are? In truth, everything connected with the Nazarene is very negative and draining. Halloween is fun because it has no place for the Nazarene.

Everything connected with Father Satan is FUN!!

HAIL SATAN!!

“Witchcraft”

Satanism is a religion of the mind. Nearly 100% of all Satanists, past and present have practiced and taken a serious interest in witchcraft, magick, and the occult. Witchcraft has always been synonymous with Satanism. "Witch" means "wise one." Because of persecution, most sorcerers and practitioners of the magickal arts/powers of the mind, years ago worked in secrecy.

The Gods are all extra-terrestrials. In nearly every authentic account of direct human interaction with aliens, the aliens displayed advanced powers of the mind. Telepathic communication took place, even with humans who had no previous experiences with this. Levitation, telekinesis, healing, performing a mind wipe (Where one forgets everything that occurred), and other powers of the mind, deemed extraordinary by humans are commonplace for the majority of these beings.

Witchcraft is nothing more than attempts by human beings at attaining powers of the mind that are our birthright. For centuries, the Christian Churches, and their cohorts have done everything in their power to frighten people away from attempting to use the power of which other beings in the universe have full access. The sole purpose and objective of Christianity has always been to remove all spiritual knowledge and prevent people from accessing the powers of their minds and souls, so this power can be kept in the hands of a "chosen" few world domination. Humanity has been held dangerously and purposely back by Christianity. This not only places us as a whole in a seriously vulnerable and defenseless position, but also damns the soul that is at the complete mercy of other beings with power.

The enemy extraterrestrials, which outnumber the friendly ones, look upon humanity as beasts to be exploited. Their goal is to use the energy of our souls after we die, for their own purposes. The only way they can succeed is through humanity's spiritual ignorance and lack of spiritual power. This is one reason I strongly encourage people to perform the dedication ritual to Satan. When we make a commitment to Satan, he protects us as we advance spiritually. Many, who go it alone with sorcery and advancing their souls, meet with disaster. This does not come from Satan, but is from the enemy who uses fear and negative experiences to frighten and discourage people from attaining any real power. Those who reach a certain level, stand out on the astral. There are numerous Yahoo groups on the internet, those who are without, who discuss kundalini and other psychic empowerment phenomena and the negative experiences these people have are rampant.

I subscribed to several of these groups some time ago and read many messages concerning negative experiences with astral entities and anxiety attacks and other intrusions where these people suffered attacks they had no explanation for. One woman permanently lost all of her hair after performing a spell. As the illustration in the text used in the movie "The Nine Gates" warned, "Venture too far and danger can descend on you from up above" this is true to reality.

Many so-called "spooks" are in reality extraterrestrials, including the cyclops, fairies, elves, gnomes, and others. Fairies, gnomes, and related are elemental beings that only have one or two elements to their souls, where human beings have four: fire, earth, air, and water. These beings are also adept at astral projection and other feats, which explain much of the "hallucinations" experienced by those who open their minds up enough to "see" them.

Non-conformity is a major part of Satanism. Those who conform are sheep and will never have the strength to think for themselves enough to see the truth and evolve to a higher level. One cannot

conform if one wishes to empower one's self. One must completely know one's self in order to evolve and effectively practice magick and not follow the herd.

Every problem can be solved with the right kind of knowledge. Knowledge also eliminates fear and is the key to power.

Earth Day

When I was new to Satanism, I had many blatant spiritual experiences. One night, I was walking into the parking lot where I live, and I had just finished a cola and as usual, I threw the bottle. This was a habit. As most of you know, I was an atheist before Satan came into my life and I didn't care about a thing.

I felt something tap me in the back of the head and a voice came into my head and warned me to "pick that up!" I immediately got the picture. Later on I was reading where the Yezidi Devil worshippers of Iraq would not even so much as spit on the ground, because the Earth belongs to Satan.

From these experiences, it is obvious that Father Satan is concerned about the Earth. At work, I had access to recycling. It was my job to clean overnight. When doing the garbage rounds, I took the plastic out (most of the stuff was clean and I had gloves) and put it into the recycle bins. I did the same with aluminum cans. This pleases Father Satan.

Many may ask, what difference does it make? A LOT. EVERY LITTLE BIT HELPS!! Don't worry about others, just take care of you and yours. Littering and desecrating the Earth is showing disrespect to Satan. We don't have to go out of our way, just take care of our own messes.

Satanism is a life loving religion. We are alive on this Earth; this is Father Satan's place for us. By each of us doing our part, we can help make this a better place and set an example for others.

Finding Things for Yourself

In the [Black Book](#), Satan instructed his followers to memorize the teachings he dictated, because so much is "altered." There is hardly any truth remaining anymore. I have found as many of us have in my relationship with Father Satan, he is totally unlike any of the widespread teachings would try to have us believe.

The Demons are not evil. Many specialize in the teaching of "ethics." Ethical beings are not evil. There are many Demons. The Demons are the Original Gods, of whom Satan is the most powerful and important, as he is our Creator God. Satan and the Original Gods were cursed and condemned for giving humanity knowledge. The aliens who pose as the judeo/xian "God" seized power and incited their chosen ones to mass murder and destroy anyone who worshipped the Original Gods. Entire cities and peoples were wiped out and temples and shrines were destroyed, along with any written records. As a result, we know very little, if any truth concerning the Original Gods. Nearly everything written about them is from the enemy.

Here is where humanity lost all connection to spirituality. The spiritual emptiness of mainstream religions followed and ruled through terror. When the control of organized religion weakened, many

turned to atheism out of futility with what they mistakenly believed to be spirituality- emptiness and nothingness.

This is why it is important to find things for ourselves, and if possible to share with others. This way we can learn from each other. There is so much more to Satanism that has remained unexplored. Many times when non-Satanists attempt to find things pertaining to our religion, they are misled by lies.

Spiritual Satanism

Last night, I was working on some Demonic sigils, making larger copies by hand for a project. After a while of working on these (it wasn't easy) I began to notice much positive energy and that the sigils gave me an elated feeling. It was 2 am and I was tired, this surprised me. I got to thinking of all of the lies that have been pushed upon people and how Satanism has been so suppressed. There is so much spiritual beauty and bliss in Satanism. The closer we become to Father Satan, we find how positive and wonderful he is. Many times, he has filled me with extreme joy. There is nothing wrong with making Father Satan the center of our lives, if we choose to do so. Becoming close to him, for me, has been an experience beyond words. Each and every day he fills my spirit with strength and joy. I am proud to be a Satanist. Within the "religiousness" of Satanism, is where we find inner freedom and liberation. The closer we become to Satan, we find we fear nothing. People fear because of a lack of knowledge. Satan gives us knowledge. I have an altar where I pray to Father Satan every day and do regular rituals. Through this interaction, he has given me much enlightenment and spiritual understanding.

Excuses

Christianity becomes more and more sickening every day. One of the main reasons this virus has thrived as long as it has is the rationalizing and making of excuses by most of its followers. The latest I heard is "you can't blame the Christian "God" for what his followers do." THIS IS A TOTAL LIE! This is the excuse of the uneducated cop out.

Each time a priest says mass, he invokes the Nazarene. The "body and blood" of the Nazarene are also symbolized in the communion host and the wine. The congregation also invokes the Nazarene, but on a much lesser level. Look at what they do. There are many well-meaning individuals who come of age and enroll in the Christian seminary to enter the clergy. Through ignorance and deception, they believe they are doing the right thing. We can all see what becomes of them. There is a big difference between who they were when they went in and what they become.

The effects of years of invoking the Nazarene are apparent: child molesting, preaching lies, confusion, and exploiting their congregations; the inquisitors who mass murdered millions of their fellow human beings through torture; endless extortion and other criminal means of obtaining money. The elderly have been bilked out of their life savings and the lives of billions have been ruined.

Many fools attempt to twist the Christian bible and its teachings to suit their own purposes. They are too weak to stand against it and see it for what it is for. They are afraid of going against the herd. They

can't look at it for what it really says. Then all these fools never agree with each other and wars begin over this garbage. Because the Christian Bible is a compilation of stolen legends, characters and twisted and altered writings, there are enough contradictions to where one can have it fit anything.

Every single person I have ever known or heard of that has evoked angelic beings has met with misfortune to say the least. These angelic beings, like their "God," have an insatiable and relentless hatred of humanity. They are always bringers of bad news/omens and destructive prophesy. They prey on and bring death to little children. They also refuse to relate any real knowledge to humans, unlike Demons who are friendly and open with enlightening humans.

True spirituality is always here for us Satanists and we don't have to go to any elaborate practices to tap into the spirit world. The spirits come to us freely. When someone has to go to the lengths to contact the spirits, there is a real problem.

The Creation of Humanity

When we look to the Black Book of Satan; The Al-Jilwah, we find in Chapter IV, Father Satan says: *"I have allowed the creation of four substances, four times and four corners; because they are necessary things for creatures."*

This is a description of the DNA molecule! Anyone who is familiar with the composition and structure of DNA knows the molecule is spiral shaped, and coiled like a SERPENT. The DNA also has rungs like a ladder. The rungs of the ladder are made up of FOUR compounds, called bases. The bases are adenine, cytosine, guanine and thymine. (Abbreviated A, C, T and G). These FOUR nucleotides can combine in pairs, in sequences of limitless variety and are bound into place.

DNA IS THE BASIS OF LIFE! Without DNA, life would not exist. The Serpent is the symbol of healing for both the body and the soul. The Serpent is also the symbol of medicine. The medical caduceus has two serpents entwined around a staff. This can be seen in nearly every doctor's office and symbolizes the kundalini, which is of Satan. The Serpent is also a symbol of wisdom and knowledge. THE SERPENT HAS ALWAYS BEEN THE SYMBOL OF SATAN AND REPRESENTS WISDOM, KNOWLEDGE, HEALING, AND LIFE.

Father Satan also states in the Black Book: *"None shall live in this world longer than the time set by me."* Satan created us and determined our life span, as humans. When he attempted to make us as the Gods and give us immortality, the other Gods stopped him.

The teachings of the false alien "god" warp, pervert and malign everything that is good for us. The xians have attempted to turn the Serpent into a symbol of horror. If it wasn't for xianity, medical science would already have cures for just about every disease or medical condition there is, including aging.

Fun with Demons

Once we establish a close relationship with our Guardian Demon, he/she can help us to astral project and accompany us when we visit places on the astral. We can have beautiful experiences, learn, and have fun. After knowing your Demon friend for a while, find out more about him or her. What he/she likes/dislikes. They are all individuals as we are.

There are many beautiful and interesting places in Hell. Be patient. Sometime, if you are open, your Demon may take you there. There are many fun and pleasant experiences on the astral. The more we astral project, the easier it becomes. Our Demons take us when we are ready.

Backwards

The reason for the inverted crucifixes, pentagrams, and reversed symbols in Satanism is to convey a very important message: THINGS ARE BACKWARDS! The Judeo/Christian religion and its cohorts are all false religions. They are the true evil, though they masquerade as benevolent. Their real purpose is to stop humanity from advancing spiritually and to keep spiritual knowledge and power in the hands of a few who have abused it for centuries. Humanity has suffered greatly as a result.

The Christian "God" had nothing to do with our creation, this entity and ilk hate humans and only wish to torture and enslave us. Satan is our True Father and Creator; THE TRUE GOD IS THE LIBERATOR OF HUMANITY, THE ONE WHO FREES US. The "God" that the Christians, Jews and Muslims worship is the enslaver; the Prince of Lies. In truth, God and the Devil are backwards. SATAN is the TRUE Father and Creator of humanity.

Christian Greed

Money is the only thing keeping the insanity and that evil institution going. Do you realize just where we Satanists would be if we owned radio stations, prime time TV slots, buildings taking up entire city blocks, book stores, printing presses, publishers, and the list goes on and on. We'd have the world in 6 months or less. The typical xian preacher has diamonds dripping off the fingers, snake skin belt, lizard skin shoes, \$3,000.00 silk suit, tennis courts, Olympic size swimming pool in the back "yard," private chauffeur, limo, \$1,000,000.00+ mansion. It's about time these corrupted individuals pay!

Xianity is pushed relentlessly. There are very few, if any alternatives. Any other viable alternatives that are a threat to the xian religion, which is really a program, are maligned, vehemently discouraged and kept in the dark. Money has power. The xian churches are worth trillions and trillions of dollars. Centuries of tithing, extortion, looting, frightening people into donating their life savings, and so forth are the foundations of xianity. What is done with all this money? It is used for CONTROL.

Christianity, Judaism and Islam are the three major religions that run the world. The Christian and Muslim religions are especially threatening, because their doctrines espouse violent annihilation of all opposition. Xian bibles, books, literature are printed out copiously. Xian bookstores are plentiful. Money is never at a shortage for building their places of worship, funding their ministries, televising their evangelists en masse, buying radio stations in order to broadcast their plethora of lies and keeping the human populace from true spirituality.

The Vatican operates an assassination and hit squad controlled by the Jesuits. The Vatican also has one of the largest libraries in the world. Over hundreds of years, this institution worked vigorously to confiscate all spiritual texts and knowledge of which it has either kept from public circulation or systematically destroyed. Centuries of spiritual writings are kept under the most strict secrecy and vault like security, and are only open to a few "trusted" clergy in high positions. It is obvious they have plenty to hide. Did you know that some of these top cardinals and clergy have turned to Lucifer? They

know the truth concerning "YHVH" being a fictitious "God." In their studies, they are finding that Lucifer is the True Father and Creator of mankind.

Christians have a history of burning libraries and any knowledge they can get their hands on. These libraries contained knowledge of the truth. The truth of where we really came from. The truth about the "Gods," and their relationship to humanity. The level of corruption and lies is staggering within the Christian Church.

Many people are lost and as a result are open to the enemy. No matter what we are involved in, it always helps to have guidance and knowledge. Guidance and knowledge have been withheld from many of our people for far too long.

Many find themselves totally alone, with the enemy religions forever being forced upon them. They have no support from friends or family, no place of Satanic worship to go to and find themselves all alone. They are labeled as being "evil," told they will "burn and burn" in Hell, told they are "wrong," "lost," and continually face extreme and fierce opposition. They are told Satan is "evil," and that he "hates humanity," "causes human suffering" and all other kinds of lies, when in truth it is the xian churches and their false "God" who are to blame.

They just can't leave us alone can they?

With literally trillions of dollars and power and they still have to keep pushing it. You know, somehow, it's hard to believe we are all so unaware of xianity. So unaware, that they have to compulsively and continuously attempt to jam it down our throats.

In the end, it has been written, the truth will come out. Father Satan is the true God and Father of humanity. The REAL prince of lies is not going to go for the small stakes, the Christians, Muslims and Jews all worship him and sing him praises. Yes, they are sheep. They have been fooled. We all know what happens to sheep. This is the ultimate hoax. These people know nothing of true spirituality, how to advance, defend or save their own souls. They will be helpless victims in the face of real spiritual alien opposition.

Their numerous and shameful scandals speak for themselves. Each time an xian priest or minister says a mass or service, he invokes the nazarene. The spirit of the nazarene influences his behavior. (Pedophilia). "YE SHALL KNOW THEM BY THEIR WORKS" The TRUE God is the LIBERATOR of humanity, the bringer of TRUTH and light.

"THERE IS NO GOD BUT MYSELF" "KNOWING THIS, WHO DARES WORSHIP THE FALSE GODS OF THE KORAN AND BIBLE?"

-SATAN

FROM THE QU'RET AL-YEZID

Old Age

Life can get very lonely for the elderly, those who are serving prison sentences, and others who are isolated in some way. One only needs to look at a nursing home to see how the enemy alien god has abandoned his people.

When we are with Father Satan, he sends us Demon friends who will befriend us and look out for us. Relationships can be spiritual, physical or for friendship, or whatever one needs.

My mother, who is very old, has a Demon friend who gives her important advice, acts as a close friend,

and is very caring. Her Demon fills her with happiness. This is true spirituality. Meditation and study keep her mind active and she has a happy life.

Those who are without are empty and have nothing. They are left on their own. Elders see their friends and family pass away. Many are left all alone in nursing homes or other places of confinement and left to die. Isolation can cause insanity. Having Father Satan and a Demon friend to talk with is a great help to many. Unlike the enemy spirits, our Demon friends answer back, talk to us, and let us know we are important and that they are there for us.

Fighting Religious Discrimination

Last night, my family and I went to the local Wal-Mart to get groceries. I openly wear my Baphomet at all times. When we got to the checkout, the woman behind the register said "Jesus." I don't know why, probably a Demon in me, I automatically said "Satan." Then she said "Jesus" again. This went on back and forth about four times. The woman was also rude.

My husband left after we had our groceries rung up to look for the kids. I had to go to work and I was debating what I should do. I stood there waiting and sure enough, I turned around and this guy who works for the store was practically in my face. I asked him for the manager and he said he was the manager. I complained about the woman and how she treated me because of my religious symbol. I politely explained that "This is America." I also politely added that I could call the A.C.L.U. and file a law suit. I said I had to go to work and the woman "upset my entire night" (this is grounds for legal action). I also explained that the woman is "clocked in on the job." The manager apologized and said he would take action.

Father Satan was telling me something here. The coincidence that my husband left to look for the kids (I had to wait), and the manager just happened to be right behind me in a huge store.

Tolerating insults and discrimination against Satan, as an adult in a situation that is not life threatening is turning the other cheek and is an insult to Satan. If I hadn't said anything, I would have been stewing all night at work and even the next day.

Complaints should be handled politely and in a professional manner, but should never be avoided. This discrimination has to stop. Only through us can this stop and Satanism can be open and free.

Satanic Love

With all the New Age hype, there is this emphasis on love, love, love. Love is an emotion. Yes, it is essential to human happiness and one's well-being, but all of this emphasis on "love" has cheapened it and made it to be something it is not. ALL emotions are equally valid and essential.

The truth is- love is something everyone must earn. Of course, there is misplaced love, as in situations where one becomes infatuated or even obsessed with another person and the love is not returned. These are emotions out of control and can be something very ugly and painful.

Satanism is about being free and living with nature. Love for love's sake, or love that is wasted on

ingrates is abuse of this emotion. Foolish xians are taught to love their enemies. This teaching is suicidal. How long would our bodies last if our immune systems turned the other cheek so to speak and loved invaded viruses? These sick twisted teachings regarding love can land one in the psychiatrist's office. This is where so many of these people end up going at certain points in their lives.

Abuse of love, like the other teachings of the nazarene, leads to confusion and chaos. True love is something that is earned upon a foundation of mutual empathy, kindness, trust, and goodwill between two people. Love is a two-way street. Loving enemies, illnesses and anything and anyone just for the sake of love is unnatural and very unhealthy.

Father Satan loves those of us who come to him with an open heart. He does not waste his love on xians or other deluded fools who reject him. Satan takes care of his own. This is the true meaning of love. Love is a two-way street.

As for self-love, this is definitely something like self-esteem, which one earns. When you excel or exceed and you know you are the best you can be, you will be proud of yourself. True pride and self-love go hand in hand. I am not talking about mindless arrogance, just recognition of one's self and one's efforts for a job well done, and a sense of accomplishment. People who work to better themselves in one way or another will reap rewards. The rewards are personal pride and self-love.

Those who do not bother with themselves have nothing to be proud of and more often than not, these people have low self-esteem.

All of these false New Age teachings with their focus on love are detrimental to one's mental health, emotional health, and worse. One should focus on reality. "Loving" everything and everyone only sets one up to be a victim, to have low self-esteem and places one upon the path of delusion. These people only go so far as ALL true "occult" is of the Devil and one must give the Devil his due to advance. Others are merely trespassing. Satan does not look out for them or love them. Why should he? True love is a two-way Street.

Dabbling

My purpose for writing this sermon is because I feel this issue is something important for people to be aware of. I do not believe in telling others how to think or what they should or how they should believe, this is up to the individual, but one important thing everyone should be aware of is- Satanism is very different from other religions. Satanism is different in that it does not mix.

Mixing Satanism and Christianity for example is like mixing water with electricity. I have seen and read accounts where certain people who had an interest in Satanism, still had sympathies with Christianity. There were still strong unconscious ties to the Christian religion, most resulting from intense indoctrination. Most of us come from Christian backgrounds and for many there are lingering issues and hang-ups. Christian programming is very intense and given the extremely large amounts of psychic energy that have gone into it through centuries of Christian prayers and belief, there is a lot of power one must overcome to be totally free.

People who are uncertain of their beliefs and who still have strong ties to Christianity or other related religions, either consciously, or in many cases subconsciously, are setting themselves up for some very frightening and negative psychic experiences.

Calling upon Demons and going deep into the occult can bring up some very unexpected negative

encounters for dabblers. This is the work of enemy alien entities that use fear to keep humans away from Satan. In most cases this works, as it instills terror in the dabbler and he/she usually goes running back to the nazarene and blames Satan. I strongly suggest those who wish to go this far, first become strong in Satan.

Very, very few, if any, progress in power unless they have a powerful protector. When one who is serious in developing the powers of the mind advances to any formidable level, or has any serious ability, he/she will be approached by powerful entities asking him/her to take sides in the spiritual war. The truly gifted who walk alone usually don't live very long on this earth without the protection of a higher power.

I feel it is important to warn those who are undecided or lukewarm to stay away from calling up Demons or trying to contact spirit entities until they are spiritually ready. Everyone is welcome here, from the dedicated to the curious.

Knowledge should be open and available for everyone. There are some things, though that are advanced and one should wait before getting involved in these practices. At some point, it is a very important step in Satanism to cut all ties with any and all other religions. To avoid doing this is inviting disaster. This must be done from the soul in that there should be no indecision or mixed feelings. If there are mixed feelings, then one should wait, as this is a permanent step.

For those of you who have already performed dedication rituals, you are fine. You can get into the advanced practices, but it is still important to deprogram yourself from any Christian teachings.

-High Priestess Maxine Dietrich

Learning

The occult sections in most bookstores are full of misinformation and lies. If we are open enough, Satan and the Demons will teach us. The key is to have an open mind, and aside all past programming. Prayer is when we communicate, silence is when we listen. I pray every day. After I pray, I remain quiet and open. Answers come in the form of guidance or revelations.

If your third eye is fully open, you will be able to see the Demons as they speak. There is no need to go through the procedures of summoning. The closer you get to Satan; Demons will come to you on their own. This is beautiful, as they are our teachers and our friends. What has been written in the grimoires sickens me. Like everything else the enemy has been into, these writings show one how to destroy true spirituality. You don't ever disrespect or show arrogance to your teachers. This is one of the greatest opportunities to learn, that is offered to us, and is sacred.

If you ever summon a Demon, there is no need for a "license to depart." Let them come to you, teach you, and guide you. Don't waste their time. Put the learning into action to better yourself. We can do our Demons friends a favor, by fighting against spiritual ignorance and stupidity. Let others who are misguided by popular occult book garbage know how wrong this is if you ever run across them or see posts on the internet. I always speak up.

Much of what I have learned has been through experience. There is nothing like experience. Books that are properly written can only be a guide. The biggest obstacle in learning is what you already assume or have been taught to assume. Look at things the way they are, much knowledge is in front of our faces, we just don't see it, because we've been taught not to.

When we make friends with the Demons, many things in our lives are taken care of, without the asking like justice for instance.

For centuries, humanity has been closed off from spiritual help because of the enemy religions. We have remained spiritually ignorant and in the dark.

The Demons have waited in silence. The time has come to aggressively dispel all of the ignorance and helplessness that have enslaved us for so long. When humanity bridges the gap with ancient spiritual knowledge, the human race will progress as a whole.

The Catholic Pope

The Catholic Pope is the epitome of the xian religion. What does he do? He sits, and sits. Like an empty shell. He has no personality. He is just a waste of a human being who just sits and sits. This is the epitome of an xian "saint." People really don't need to go to the bother of carting these deadbeats around. One just needs to bring their picture and prop it up where it can be seen. This saves a lot of time, trouble, energy, and it serves the same purpose. The same goes for these so-called "saints." They say nothing. A perfect slave has no personality, whatsoever! This is the complete opposite of spirituality. Spirit means life, feeling, motivation, essence, and purpose. True spirituality is not characteristic of one who moves about as if they have a motion sensitive bomb strapped to them, or one who stares into space like a catatonic. One with spirit lives their life to the fullest. The xian pope and company are prime examples of the anti-life and anti-spirituality of their death promoting religion. The appearance of the Catholic Pope is much like that of dragging around a rotted corpse. There are reports that the top clergy in the Vatican at one time made a pact with the alien greys- souls in exchange for wealth. The greys harvest human souls in a mass of energy they call "The One." The xian religion has no spirituality. It is all material and dead. Last year, when the pedophilia scandals were finally out of the Vatican's control, the Catholic Pope addressed Satan as "His Infernal Majesty." It can be seen in front of the world that this Pope of theirs has really gotten a spiritual beat down.

Halloween

There have been reports of hysterical mothers ranting how a teenager of theirs, got involved in "role playing games" which led to "occult activities" which further led them to "Satanism," and they ended up committing suicide. As for those role-playing books, the contents in some are sick beyond belief and have NO relation to Satanism whatsoever, other than from a warped, twisted and sick xian point of view. These troubled kids, who are too young to think critically, who have been brainwashed with xian sickness in seriously dysfunctional homes, who have no positive alternative outlet and believe these lies, take this stuff literally.

"Infernalism: The Left Hand Path of Screams," by White Wolf was one of the worst fabricated diatribes on Satanism I have ever seen. This is one of the many direct, slanderous, and negligent attacks on our religion where the author(s), should be held accountable in a court of law for writing this crap. Unfortunately, Satan is the one who always gets the blame. These maggots who make money off of these slanderous lies, should be held accountable for their actions. Hopefully, some day, they will.

This also brings to mind another matter. Halloween is a fun time where kids and adults alike, party, dress up in costumes and have lots of fun. This is a good thing and should always take place every year,

as it is a positive thing. What is NOT positive is how people don't hideously ugly masks with horns, etc., making a mockery of Father Satan. There is an infinite variety of characters one has to choose from without having to resort to making a mockery of the God we worship, revere, and hold sacred.

Let's turn the tables here. You know if the nazarene wasn't such a sorry joke, with all the blood and gore, he is actually scary.

For starters, a lightweight wooden cross, hollowed out on the inside can be equipped with a small sliding door where candy and other treats can be inserted. In addition to acting as a candy receptacle, the cross can be used to defend against thugs who, through laziness would rather rob legitimate trick-or-treaters of their hard earned candy than go door to door like the rest. A neon crown of thorns can be wired to a nine volt battery, blinking on and off, followed by lights circling around the head in different colors. Another battery can supply a small, though loud, speaker booming out church organ music, every so often intercepted by- "have you heard the good news?" "His pain, your gain" "have you been saved?" "Jesus loves you" "this is my son in whom I am well pleased." This way, one can hear the nazarene coming for blocks and get the basket of candy ready at the door. A placard can be attached to the back of the trick-or-treater, advertising: "CALVARY OR BUST!" Fake blood tubes can be hooked up to the palms where they can squirt stingy people who refuse to insert treats into the door on the cross. Fake blood must also be applied to resemble the stigmata and other gore. If one really wants to get elaborate, a whip can be included.

As for year round, the kiddies shouldn't be left out on the fun. Here's where a Jesus action figure would come in handy, coming with his own toy cross, hammer and nails, holes in the hands and feet where the toy nails can be inserted, providing a good vehicle for developing hand/eye coordination, release of frustration after being told "no" or disciplined. The action figure should be flexible enough to go from the cross to the "pillar" where a toy whip can "scourge" the nazarene for his sins against humanity. (Pillar and whip come with nazarene). The INRI" at the top of the cross can snap on and off, providing a variety- "his pain your gain," "Pepsi-Cola," "pedophile on a stick." A variety of funny faces/accessories is also included. Various heads can be snapped on and off. Some of you who are old enough might remember "Kool-Aid's" rival who had packets of funny faces- "Goofy-Grape" "Berry-Berry." These characters would quite fitting. Enough said?

In closing, most role-playing books are based upon the occult and the powers of the mind. Angels work to keep humanity from accessing or knowing of the powers of the mind, usually through ugly experiences that create fear or worse. Angels incite suicide in those who are susceptible, NOT Satan or his Demons. Those of us who have made a commitment to Satan are under his protection. Those who are without are on their own.

Christian Psychic Attack

When xians pray either alone (those with a strong mind) or in groups, they can cause those they are trying to coerce into xianity to have nightmares or feel confused. This is nothing more than plain psychic attack and it will eventually go away. Those of us who are strong in Satan are immune to it, although we can still pick it up, as most of us are psychic.

Remember, xians always use fear tactics in some way. Their negativity shows. They have thought energy like everyone else. Some of those fools will single a non-xian out and hit him/her hard by

having an entire congregation pray for him/her for a whole month- so much for their lies and hypocrisy concerning free will.

I received a personal e-mail from someone who wrote that they were troubled by bad dreams and xian thoughts. I picked up on this also, this is why I am writing. Azazel told me an xian mass was said against this e-group.* Obviously we are really a threat. This always gives me more motivation.

Remember, many of us become victims of xian prayer. If you are ever feeling confused or distraught, just pray to Father Satan. Xians know they cannot post to the e-groups, but like they do with many other Satanic e-groups, they spy on us. Fuck them! We will win in the end. Father Satan will punish them.

I am psychic and can always sense xians. In time, when one becomes really strong in Satan and knowledgeable, the attacks will no longer have any effect. Knowledge defeats xian lies. Knowledge is what you see for yourself every day- it requires no explanation or interpretation, it stands alone. The same thing with the planets revolving around the Sun; the earth is round- once you know this, no amount of lies or psychic attack will convince you the universe revolves around a flat earth. You know the truth. Also, you can ask your Demon for help to punish those deluded idiots.

-High Priestess Maxine Dietrich

Letting Go

I have found in my relationship with Father Satan, it is important to just let go. Satan says in the Black Book, "I exercise dominion over all creatures and over the affairs of all who are under the protection of my image."

Having faith can be very trying for many of us. There are those of us who have been abandoned and abused spiritually by the teachings of the enemy, those of us who have been repeatedly screwed over by other human beings, those of us who have witnessed both in seeing it done to others and loved ones, the sorry list goes on and on. It's called reality. Someone was upset with me a while ago and said "You don't trust anyone" I said back "that's why I am still alive." In this world, we can't fully trust others, unfortunately.

Father Satan is different; he works with us to heal our psychological wounds and to establish trust. I have learned not to worry; just to let go and let Father Satan handle my affairs. He does every time and everything works out for me in a positive way. He has never let me down and has ALWAYS been there for me in my time of need. *

The same goes for working magick, using our minds and influencing people. When we completely let go and just focus, this is when our workings are most effective and powerful. When we worry, are distracted, or are overly concerned with what we are doing, we defeat ourselves.

In life, we find we cannot trust in this world, but things are different with Father Satan and he proves this to us, all we need is time. Faith in Father Satan is very important. He is the only one I completely trust, along with my Demon, Azazel. HAIL SATAN!!

-High Priestess Maxine Dietrich

*I wrote this sermon several years ago. Since then I can only say the same. Father Satan has always been there for me, and he is true to his word. He has never let me down. I have never known a more wonderful being. He has turned my life around in a most positive way and he has given me much inner

happiness.

Yule Season

The Yule season is a season of enjoyment and indulgence.

- Cooking
- Baking
- Gift giving
- Decorating
- Building snowmen and winter sports in places where there is snow
- Tree decorating
- Blue lights in honor of Lucifer
- Partying
- Santa Clause for the kids
- Shopping and more.

The Nazarene as you can see has no place in the Yule season. December 25th is actually the Persian diety Mithra's birthday. The Yule was stolen from the Pagans and incorporated into the Xian religion as Xmas. We need to take back our holiday!!

Celebrate and Indulge!!

HAIL SATAN!!

Thinking for Yourself

Here is an excerpt from the book "Hoaxes" 1940:

"A coin about the size of a fifty cent piece was passed around a class of 48 boys from 14-17 years of age with instructions to examine it carefully. At the end of the class period, the instructor asked each boy to draw a picture of the coin, indicating the position of the hole in it. Although there was no hole, all but four of the forty-eight indicated one, some even drawing two holes. Of the four, only one, the bad boy of the class unaccustomed to obeying orders, was positive that there was no hole."

Those who are disobedient and do not conform are always labeled as "bad" "a problem" "evil" and so forth. People are indoctrinated not to think for themselves. People who cannot think for themselves are often sent to their deaths or worse in obedience.

Satan and his Demons have been trying to get through to humanity for centuries. Widdershins, inverted crucifixes, everything is backwards. We save our own souls by thinking for ourselves. Everything *is* backwards spiritually.

The enemy teaches nothing but lies. In order to be scammed, one is discouraged from questioning or thinking for one's self. Conformity is of strict importance in enslaving and damning the herd. These people are fools. They are so blinded to the lies of their own "god." They have a wall up.

Some people wake up through personal tragedy and many turn to atheism. The xians rant and rave "slavery", "low self-esteem", "death", "suicide", "confusion", the "Prince of deception and lies"... What they cannot see is that is their own "god." Their own god is the master deceiver. Everything is backwards.

The Satanic symbols are more than just representing the elements, their message is very important for the few who will listen. Always think for yourself.

Feeling Confused?

Occasionally, many of us feel a little psychically thrown off balance or experience some confusion. My own personal experience in having this problem usually comes down to one source, some stupid xian(s) is praying for me. I remember one time when I was experiencing thoughts of the enemy invading my head, which I promptly cursed; this xian woman was bold enough to admit to me that she was praying for me. When I explained that I had signed my soul over in blood to Lucifer and that I was happy, the mild psychic upsets stopped. Usually, if one tunes into this and knows what it is, the offending xian will be exposed.

Everyone has thought energy, even xians. I usually experience their prayers as a psychic nuisance or annoyance, an unwelcome invasion. As for the act of the xian attempting through "prayer," to coerce their offensive and odious beliefs on someone who rejects them, I find this insultingly rude and disrespectful. At any rate, knowing what it is and where it is coming from usually solves the problem.

Thoughts have energy, regardless of where they are coming from. This can vary from person to person, depending on one's intensity and the strength of one's aura. Some people are born with a stronger energy field, regardless of religion. This is one of the reasons the xian bible tells followers to "have faith." Many times, through prayer groups or extreme concentration, they can make things happen, and then they believe it was the nazarene.

Satan doesn't need a prayer group. He hears and answers us one on one.

So much for the hypocritical xian teachings of "free will."

Blame Shifting

By now, everyone is aware of Andrea Yates and how she murdered her five children. The news stories are full of reports that this woman claimed she was "possessed by the Devil." She even went as far as to state she had 666 on her scalp (obviously from watching one or more of "The Omen" movie series). There are also numerous news reports that the family was heavily involved with fundamentalist Christians.

What most people fail to realize is, looking deeper into this insanity, at the root, AGAIN, we find

Christianity. Christian teachings are chock full of this kind of ludicrous garbage, "Demonic possession" and all the rest of that insanity! All this is again is LIES. LIES to keep people away from and terrified of Satan and his Demons; the only ones who are willing to help humanity. The real reason these people get so hysterical is because of a lack of power and knowledge. Christianity has stripped humanity of psychic understanding and power. It is and always has been nothing more than a tool to remove knowledge. Mental institutions are full of Christians, many of whom believe they are possessed by Demons. Mental illness is rampant within the Fundamentalist Christian population. Children raised in Christian homes are often indoctrinated with fear. Doctrines of eternal damnation, evil, torture, self-blame and self-deprecation, spooks, and the like are drummed into these children at an early age, creating life-long hang-ups and this often leads to insanity.

Christianity is to blame for the crimes committed from these sick teachings. Christianity sets people up mentally, physically, psychologically, and spiritually for this insanity. Education and this foul religion do not go together because Christianity's entire foundation is based upon lies. The Christian is warned never to ask any questions, as this represents "a lack of faith" and is a "sin." Christians are taught not to think, only to "have faith." Fundamentalist Christians are indoctrinated against having any physical pleasure. They are taught to condemn themselves for any physical expression, to repress their sexuality, and to suffer for "their sins." Psychologically, fear is an ever present factor. Low self-esteem, a lack of self-confidence and every other ugly thing goes along with these suicidal teachings sets one up for insanity. Spiritually, Christians are weak. Most have never experienced or will ever understand true spirituality.

With all of the above, we have a walking time bomb. Tell a male dog not to raise its leg when it takes a piss or like Christians would do, punish it; tell a tiger not to eat meat, a duck not to paddle in the water, a boa constrictor not to squeeze and this sets the stage for psychosis. Humanity has been living under these alien anti-life rules for centuries. One is taught to hate one's self and feel shame for being human; for being alive.

These very religions set these people up to do what they do, then like cowards, they blame Satan instead of taking responsibility for their own actions. Satan has nothing to do with them or their actions. They are the products of their sick religion. Who put these sick teachings into their heads? Who imposed unnatural alien standards into these peoples' lives for them to live by? Satan has nothing to do with any of these sick teachings or laws, but whenever someone reacts from a lifetime of being steeped in this insanity, Satan gets the blame. LOOK TO THE SOURCE!

Blame shifting is glaringly apparent in the story of "Faust" by Johann Wolfgang von Goethe. Faust sells his soul to Mephistopheles. Again, looking closely, Mephistopheles did no wrong. The Christian Church was the one punishing and condemning everyone in the story; punishing people for being human. The Christian alien "God" and his religion have an intense hatred of humanity and anything human. In the end of the story, again, Satan is blamed. This is so typical.

Father Satan is the only one who understands humanity and accepts us as we are. He doesn't try to make us into something we're not. People who follow the Christian teachings of the alien enemy, condemning themselves for being human are a threat to themselves and society, as history and the tragedy above, so blatantly illustrate.

Only when these sick alien religions are completely destroyed, will humanity ever be able to succeed.

The Truth About Human Sacrifice

Christianity has a long track record of blaming and accusing Satan and Satanists of everything they themselves do and promote. The nazarene is a human blood sacrifice they repeatedly celebrate during every Christian mass or service.

The Catholic Church being true to its mission of destroying and removing all spiritual knowledge went on an all out rampage of mass murder and torture unequalled in all of recorded history. See "[Inquisition](#)," and "[Malleus Malficarum; also known as "The Witch's Hammer."](#)

Examples include: Christians proved that a human being, skinned alive can survive until the skin is removed to the waist. Many innocent people were slowly boiled to death, to prolong the torture. This hideous list goes on and on. Extreme pain can cause anyone to do or say anything. Unfortunately, many "confessions" obtained under extreme torture are to this day assumed to be valid and used by the Christian Church as a tool to frighten people and enforce their lies.

So much knowledge of a spiritual nature was systematically removed, cutting humanity off from its origins. This knowledge was replaced with false doctrines that incited fear and worked to turn everyone against the truth. Elaborate horror stories and sick twisted information became the norm as these were deliberately heaped upon any religion outside of Christianity.

Racial and cultural memory is a fact. Those who look to alternatives find little if anything of a positive nature concerning Satan. Anything that does not conform with the Judeo/Christian concept of Satan is vehemently suppressed in the mainstream bookstores and media. Misinformation concerning living blood sacrifice, mutilation of self and others, drug abuse and self-degeneration is easily and readily available. People, who believe this sick garbage often commit so called "occult crimes." [See Christian Censorship](#). Christianity is responsible for all of the "occult crimes," NOT Satan or his Demons!

As one can see with the inquisition, the torture was severe enough to force one into saying anything. Slavery, gang rape, genocide, cannibalism, sexual perversion, eating of feces, are all a major part of the Judeo/Christian Bible. One heinous accuser and interrogator of "witches," Benedict Carpzov, read the xtian bible "53 times." He also authored a manual "Practica Rerum Criminalum" advocating the use of extreme torture for "suspects." It is more than obvious to see where all these sick ideas come from. Ancient spiritual texts given to us from the Gods were destroyed and replaced with this sick, meaningless, literary filth, designed to keep psychic power in the hands of a select few.

As for sacrifice, this applies to time, effort and creativity. The joy of serving Satan is well worth any sacrifice. The more we do for Father Satan, the more he does for us. The stigma of human sacrifice must be removed from Satanism. This does nothing but make Satan look undesirable and perpetuate the stereotype of our people being looked upon as loonies and psychos, when this is so far from the truth. Occult crimes are not a part of Satanism. Satan, himself referred to the small percentage of fools who do this as "lunatics."

With Satan Again

Many people who are new to Satanism are concerned about whether they belong or whether Satan will accept them. I have found many of us have been with him before, in previous lives.

He has placed many of his people here at this time because the earth is reaching the end of the Age of Pisces.* Major transforming changes will take place.

I look back through my life, even my early pre-school years and I can now clearly see I was always of Satan. I was born with a mark, an unusual birthmark. I was drawn to the occult from an early age.

A strong interest in the occult and Satanism can indicate one has already set foot on the left hand path in previous lifetimes. We were somehow different and never really fit in.

Other religions do not work for children of Satan. My daughter was harassed by xians when I was living apart from her up in Mpls. She told me one day she tried praying to the nazarene (she was only nine years old at the time) and she noticed bad things began to happen. When she went to Father Satan, she immediately had her prayers answered and was happy.

Contact with Demons also extends into past lives. They will usually make contact again with us in this one. Some of us go back many, many lifetimes in the service of Satan.

*I wrote this article several years ago. Since then, Satan has reincarnated every soul that was in Hell, here to earth to do battle. All of these souls are of Satan and will fight for him in the coming years against the enemy.

Satan accepts most of the people who come to him. He does not accept those who are dishonest with him, think they can try to use him or come to him for alternative purposes.

Satan is very strong on honesty in that anyone who goes to him must be honest with him. People who think they can lie to him, show him and his Demons disrespect or use him in some way are in for a rude awakening.

Magickal Practice

Back in 1534, Benvenuto Cellini, an Italian Renaissance painter wanted to experience a "magickal operation." He met with a Sicilian priest versed in the art of ritual magick, a friend Vincentio Romoli, a 12-year-old boy, and a second magician, accompanying the priest. Cellini wanted the love of a woman. Of all the places to choose for a ritual, they went to the Roman Coliseum.

They cast a nine-foot circle and after an hour and a half, some spirits showed up and communicated to the group. They related that Cellini would have his love within one month. Then something went terribly wrong. More and more spiritual entities kept coming and then began getting aggressive. Within a short time, "there were too many spirits present." The 12-year-old boy screamed, "They were all being menaced by a million of the fiercest men they had ever seen." "Four giants, fully armed, were trying to force their way into the circle." The child cried out that "the Coliseum was on fire and that flames were rolling towards them."

The group huddled together in terror, the magician threw more asafoetida on the fire in piles, and after a while, the spirits left in a fury. The group stayed huddled until morning and only a few spirits

remained "and these at a distance." Upon leaving and running home, a couple of spirits chased them.

The Roman Coliseum of all places was a very poor choice for a love ritual. One person dying a violent death gives off negative energy, but thousands of violent deaths along with the all of the death emotions- the Gladiators, lions and other wild animals ripping people to shreds, and the intense violence leaves its mark for centuries.

A proper environment with energy that is in tune with the goals of the ritual is important, obviously unwanted influences can affect a ritual or magickal operation for the worst.

Music, thoughts, recalling past experiences or fantasies are important as well to creating a mood and environment supportive to the goals of the ritual.

There are No Mediators in Satanism

I am writing this sermon in reply to a letter posted to the Teens for Satan e-group concerning someone who was using Satanism and a feigned relationship with Satan to manipulate other people. The victims were young and unknowing.

THE SATANIC CLERGY IS HERE FOR GUIDANCE AND SUPPORT ONLY- NO ONE COMES BETWEEN US AND OUR PERSONAL RELATIONSHIP WITH SATAN IN ANY WAY. THERE ARE NO MEDIATORS IN SATANISM!

All it takes is one person who has a little intelligence and manipulative ability than the average person. Manipulative ability can be obtained while doing prison time. The ex-con then gets out and looks for those who are young or vulnerable to prey on. He/she more than likely uses drugs, although less than his/her followers who he/she remains in control of and with what these individuals advocate, if they haven't already been to prison, they will more than likely wind up there. Drugs are part of the control. Charles Manson learned this in prison and applied it to his followers. He did lesser amounts of the drugs while his followers got stoned out of their minds. This was one way he manipulated them. Most are now spending the rest of their lives in prison.

Another letter was posted in the Teen group today. A girl is a virgin. She is comfortable with this. Her friend was wondering whether she would have to "lose her virginity in order to become a Satanist."

THE POINT IS- REMEMBER TRUE SATANISM IS ABOUT BEING YOURSELF AND BEING FREE. NO ONE IS EXPECTED TO DO THINGS THEY ARE UNCOMFORTABLE WITH OR ANYTHING THAT IS NOT A PART OF THEIR NATURE.

There are books written about magickal practice, I believe some by Aleister Crowley. These teachings instruct the readers that they must do certain things to break down barriers. This is utter bullshit and I equate it to walking out in front of a large truck in order to see what it feels like to get run over (if one survives). I am adept. I have never had to resort to any of this misinformation and garbage. Neither should anyone else.

There are many different ways of empowering one's self and overcoming limitations, both physical and psychic, without having to resort to harmful actions. For example, advanced martial arts training gives one an enormous amount of power. This, when properly directed and applied can accomplish all kinds of feats. Most martial artists do not have the knowledge of how to apply this power outside of physical combat. We Satanists do.

People who use kids or claim to have an "in" with the Devil in order to manipulate others and feed off

their energies are in reality very weak. The ONLY initiation one needs is between one's self and Satan. No "High Priest/ess" or anyone else should have any control or power over another person. Satanic clergy offer guidance and support- that is it. Members of the Satanic priesthood are gifted people who can act as mediums in imparting knowledge, BUT IF YOU ARE EVER IN DOUBT, GO TO SATAN YOURSELF. IF SOMETHING DOESN'T FEEL RIGHT FOR YOU, THEN DON'T ACCEPT IT.

REMEMBER, AS A SATANIST, THE ONLY ONE WITH AUTHORITY IS SATAN HIMSELF. WE DO NOT ANSWER TO ANY HUMAN BEINGS.

The Truth About Satan

One of the most important things we can do as Satanists, is to establish a strong relationship with Satan. Many people look to books, writings, and other information about him. This opens a door, but instills many mistaken assumptions, that later upon meeting him and getting to know him, we find are false and confusion ensues.

There have been so many lies, slander, and so much misinformation written and presented about Father Satan. Nearly all, if not entirely, this has been invented and spread by his enemies, people who don't know him, people out to make a fast buck and people indoctrinated with xian or other right hand path teachings.

These lies have shaped many of our views concerning Satan. I receive many e-mails from people who have been misinformed and expect Satan to be a certain way. Take the Satanic Bible and the advocacy of greed. I can tell you from experience, Satan is not greedy. We can easily see how greedy the xian churches are. Much of what the false enemy god is, is blamed on Satan as a distraction.

True Satanism is not a trip through Disneyland. True Satanism is about personal evolution; becoming and evolving into a god. Satan helps us out in our lives with whatever we need, but in contrast to the many stories, he does not bestow extreme riches, fame and fulfill every wish in exchange for one's soul.

When we give our souls to Satan, he assists us along the left hand path, bestowing upon us much knowledge, wisdom and personal power that will enable us to evolve and advance to godhead. When we die, we will no longer be just a spirit, we will emerge much more powerful and if we reincarnate, we will be born into a higher existence. In advancing to become a god, one's life will change for the better. One will no longer have to tolerate injustice as one will have serious power and understanding, way beyond that of the average person, with the ability to heal one's self and affect one's environment, influence and even control others.

One advances by living life to the fullest, pushing one's self past physical, psychological, mental and spiritual limitations and overcoming boundaries. Inactivity and abstinence lead to degeneration. The human body is a perfect example. Muscles that are unused, atrophy. A mind that is unused becomes dull and stupid. The same can be said for the human soul.

Idiocy

I wrote this sermon a long time ago when I was new. Much has happened since then. This sermon

concerns spiritual abuse. The Demons are no longer bound. Five dedicated priests of Satan performed energy work on each of the Demons by connecting our souls to theirs over a four-month period. The Goetic Demons are not monsters we found, but important and popular Gods, many of which are Ancient Egyptian. Anyone who is foolish enough to call up a Demon using the abusive methods taught in the popular grimoires such as the "Key of Solomon" will be in for a rude awakening.

There is so much literary trash filling the bookstore shelves concerning the occult and magical practice. Many so-called esoteric societies and orders are nothing more than xians as they honor and work directly with Jehova's angels, use xian and Hebrew symbols and practice spirit abuse.

I read one of these books written on Goetic evocation.* In preparation to "calling up a Demon," the author who is nothing more than an abusive sorcerer describes in grave seriousness all of the senseless daily rituals, prayers to "YHVH," special diets, sexual abstinence, ritual bathing and fumigation. In addition, this foolish individual is terrified of the Demon he is so intent upon abusing.

After the abuser's repeated and exhausting attempts, the Demon finally appears, some months down the line and roars, scaring the holy shit out of the abuser and his partner. "Thou Fools!" the Demon roared.

This author is so stupid and spiritually ignorant; he can't even see that the Demon is toying with him.

The spiritually abusive author trembles in the confines of a 9-foot circle, along with his partner. The book reads on and after repeated attempts using coercion, threats, and so forth, the author is able to secure a few more visits and becomes bold enough to demand financial assistance. The Demon replies that he is "unable to come through," as he has "no power over the economy in this day and age. All the author got out of the experience was lies, double talk and much wasted energy. The author said the experience "took everything out of him," aging him physically, mentally and spiritually. He got what he deserved! These fools never stop to think that in death, there is no protective 9-foot circle and when one's soul leaves one's body permanently, the Demons they have made enemies of will be waiting. The energy of a human spirit is nothing compared to the power of a Demon. I know because I have invoked both Demons and deceased human souls.

When we go to Satan with a pure heart (total honesty), we are rewarded with knowledge and spiritual wisdom that few are ever able to receive. Demons appear to me on my altar, speak to me at various times, and give me advice and support very often. They just come to me. I don't even have to ask, NOT TO FORGET TO MENTION MONEY! I don't know how many times I have found or walked into money. I have never gone without. It is also comforting for me to know I have real spirit friends who look out for me. I will be happy meeting them when death comes. I always treat the Demons with extreme respect and always try to give something back in gratitude.

I have found in my relationship with Father Satan, one of the most important things to him is honor. Satan hates phonies, hypocrites, liars, weakling cowards and people whose word is no good. Satan is strong on commitment and above all, honesty. You make a promise to Father Satan and he will take you up on it, keeping his end of the deal as well.

I was surprised to have Demon friends I never even met or summoned, offer their assistance when I was having problems. Andras, who has a reputation for killing those who try to summon him, appeared to me and offered to help me. The reason he has been upset is because of the extreme disrespect and spiritual abuse he and other Demons been shown for centuries by idiots, such as the author of the above mentioned book.

In addition to the Demons who suffered horrendous abuse (worse than the above), at the hands of this scum for centuries, these abusers extend their abuse to other beings such as elementals, pixies and other astral beings. Abusive sorcerers are hated everywhere and in death and their next incarnation, they will pay.

Satanism is the only way to true spirituality. In finishing, I would like to add, there is little or no need for props, OTHER, than of course, those shown out of respect, such as incense to sweeten the air, candles, an altar and other tokens of respect. I always bathe before a ritual out of respect to Father Satan and wear a clean robe.

Demons don't need "a license to depart." This is as insulting as the 9-foot circle. Remember, we are Satanists and the Demons are our friends. -High Priestess Maxine Dietrich *Goetic Evocation: The Magician's Workbook Volume 2 by Steve Savedow, second printing, 1999 The author wrote of his experience in summoning Bim/Bune. Many Satanists have met Bune. She is friendly and helpful when shown the proper respect and summoned through Satan. The sad thing is these Demons are friendly beings and they have been viciously abused for centuries under the direction of those alien angels and the related alien entities that operate as the fictitious Jehova, and who work through right hand path sorcerers.

Knowledge

There is overwhelming evidence the humanity has been the victim of an alien race for thousands of years masquerading as "Jehova." Unfortunately, most people have a blind spot to this as most of the world is under the spell of xianity, Judaism and Islam. We have advanced in technology and science, but as far as magickal and spiritual power go, we are nowhere as knowledge of the spirit world has been systematically and vehemently suppressed and controlled for centuries in order to keep this power in the hands of a few.

The enemy religions have succeeded in preventing humanity from developing and evolving spiritually. Our knowledge and application of mind power and magick are minimal. If one helps a hatching chick from its eggshell, or an emerging butterfly from its cocoon, they will be damaged forever. The muscles and coordination used to work their way out at this critical stage enable the creatures to become strong and healthy.

The enemy religions preach to "have faith." In other words, don't do a thing! Don't question, just "have faith." Father Satan teaches us to stand on our own two feet and to become strong and question everything. Only through doubt can we learn the facts.

True witchcraft and Satanism go together as the word "witch" means "wise one." Satan teaches us how to empower ourselves spiritually and he grants us the knowledge to use this power. We are aware that humans can throw a curse but just think of the power behind a God throwing a curse, or many Gods for that matter. In spite of technological breakthroughs and advancements, the human race is nowhere in regards to mind/spiritual power and the use of real magick.

The enemy religions have done a job, seeing to it that we don't advance or evolve in this area as they condemned witchcraft and turned most of humanity away from the only one who is willing to help us, Father Satan.

By preaching helplessness, self-sacrifice, denial, doing NOTHING, being a victim, suffering for so-called "sins," punishment and all of the suicidal teachings that go along with this, they have set us up for doom. The survival of a species depends on the ability to DEFEND itself and THE ABILITY TO EFFECTIVELY FIGHT BACK AND DESTROY ITS ENEMIES! The human race as a whole is completely helpless when it comes to psychic and spiritual warfare.

Satan and the Original Gods have been trying to help us. Only through Satan, can we truly advance spiritually. Satanism is the ONLY religion that does not preach helplessness. One can never be strong enough. Forget about where other people are at in regards to inner strength. Most are damning themselves. Weak people only drag us down if we let them. Both eastern and western religions alike destroy the human spirit. They preach self-blame, self-loathing, shame, self-mutilation, pain, atonement for "sins" and other destructive ideologies that are designed to kill and corrupt the human spirit. By

following these false religions, people damn themselves while Gabriel and his alien ilk laugh with hatred at humanity, and reap energy from souls.

Much of the information available today in the form of "New Age" teachings has been infested with the same suicidal anti-life teachings. Wicca is a corrupted version of the old religions with the same message- just be a victim! Any attempts to take any self-initiated action are met with warnings about "karma," ["the threefold law of return,"](#) "the ten fold," and other teachings of fear used to create slaves. People who preach this garbage fall right into the hands of the enemy that works through them to set others up as victims who believe this insanity.

The sorry reality is humanity, as a whole knows nothing about spiritual empowerment and the use of magick. Due to centuries of not using any of this ability, we are not evolved. We cannot defend ourselves spiritually and this is serious. We have been indoctrinated to be helpless.

The enemy religions have also done a job at destroying spirituality, turning it into something ugly on the one hand and something of a sorry joke on the other. The atheistic scholars scoff and laugh at the occult, leaving out a very important key to the advancement of humanity. These religions are a stepping off point to atheism. This is what the enemy wants. Atheists can be easily manipulated using psychic powers, as they don't believe in the astral world. This way, power can be kept in the hands of a few human beings who make slaves out of the rest of humanity. There are reports concerning how the Vatican made a deal with the alien greys. They deliver the souls of the deluded Catholics in exchange for wealth and power. The greys use the souls for energy.

We Satanists are very important, we know the truth, but knowing isn't enough. We need to keep learning and applying what we learn. The more we do, the more we can do. Study, learn, and apply what you learn, the Satanic way, without fear. The fight is not over. The enemy religions are the funeral wreath of humanity and must be destroyed.

Most of us know natural law- the strong survive the weak. All of the technology in the world won't save our asses, if we can't fight back spiritually. All aspects of magick are essential; develop your mind and the ability. Putting a curse on another human is one thing, try going up against a god. Limitations are not a part of Satanism.

Sorry for What?

A Catholic priest took out a 12-year-old boy, whose father had just committed suicide, for ice cream. The priest used the opportunity to rape him. All we hear from the xians is excuses, excuses, excuses... Their own bible reads: "Ye shall know them by their fruits." Not one good thing has come out of xianity or the xian church. Things that appear to be good are always tainted in some way. Everything that has to do with xianity is negative and the xians can't hide it. As for so called [xian "charity,"](#) the Red Cross, United Nations and Social Welfare departments, to name a few, have done much, much more, without the obsessive proselytizing and the demanding of one's soul in return for basic survival needs.

We hear horror stories of how people turn to the nazarene. There is nearly always fear, near death, desperation or some other negative factor involved.

Their prophets and angels always bring ill omens and messages of misfortune. Angels are notorious for preying upon children, then the children wind up dead. The [Fatima incident](#) is just as bad with the alien virgin bitch predicting the destruction of humanity and an early death of one of the three children there.

*

Satan came into my life when things were going good (they still are) and I was happy. He has always been and is a very uplifting and positive presence in my life. To this day, I don't have so much as one negative thing to say about him. All of his works are positive, helpful, and loving.** The same thing I can say for the Demons I have established relationships with.

I was walking down the street some time ago, thinking about the worthless xian religion. Anyone who knows Father Satan knows he has a sense of humor. Father Satan said to me in my head sarcastically "Everyone always has to be sorry." This made me laugh. The professional victim nazarene always expects everyone to be so sorry. In truth, it is the nazarene who should be sorry.

There are things I have done in my life that I regret, but I am sorry to those of whom I committed the wrong acts against, *not* the stupid nazarene and nefarious alien company! What I had done at that time was done because of a lack of knowledge. I wouldn't do anything like this now because I KNOW BETTER.

Who's responsible for the ignorance of humanity? Who is responsible for depriving mankind of knowledge when Satan wanted us to have knowledge?? In the end, who is really responsible for all the suffering and crimes and misery? Not humanity. When we have regrets about the past and how we should have done some things differently, the main reason is because we didn't have the knowledge at the time. If we did, none of this would have happened and things would have worked out all right for everyone concerned.

- High Priestess Maxine Dietrich

*The aliens who are behind the program of xianity are part of a movement called "The Intergalactic Federation." The IGF's agenda is one of "non-interference." They plan to stand idly by while humanity blows itself to smithereens with nuclear weapons.

The visit from the virgin bitch is typical of the IGF. There is a theme of negative prophesy while the sadistic aliens stand by and watch, not lifting a finger to help. In most cases, children are involved and preyed upon. The alien greys and enemy Nordics (angels) who have an insatiable hatred of humanity work with the IGF.

Satan and the Original Gods are from Orion. The IGF is at war with Orion. The IGF works through many of the "New Age" people and mystics. The IGF aliens do not bother to help their human lackeys when they are having problems and in addition, they are sadistic and tell them of their misfortunes before they occur. Gifted humans such as Franz Bardon who worked for the IGF are prohibited from using their powers freely, even if this means saving their own lives or the life of a loved one. Upon their death, they are absorbed into "the light." The light is also called "The One" and is a mass of harvested human souls used by the alien greys. There have been reports the Vatican made a deal with the greys- wealth and power in exchange for souls. This explains why the Catholic Church works relentlessly to suppress human spiritual advancement and is nothing but dead materialism devoid of any spirituality.

Satan and his Demons do not give negative prophesy. If you ever experience an entity telling you something bad is going to happen, you can be sure this is not Satan or any of the Demons.

Satan does not stand by and watch us suffer needlessly. He saved my life literally more than once. He, himself stepped in for me. Whenever I experienced severe attacks from angels, Azazel appeared immediately and chased them away. All of us experience setbacks as this is life, but when things get serious, he is right there for his disciples. I had an astrologically devastating year in July 2004- June 2005. On the night of April 30th of 2004, Satan spoke to me at length during my ritual. I expressed my concerns about the coming year. I had seen this year coming for over ten years. It was the year I was to

die as I can predict death astrologically. He informed me that he would be handling the energies for the coming year and not to worry. He said I would experience some setbacks and “not to lose heart.” The setbacks were quite minor given the magnitude of my planetary aspects and in many respects, the year turned out to be joyous for me. This was a miracle. I am grateful to him beyond words.

** I wrote the above sermon several years ago. To this day, Satan has always been very positive in every way for me. He is the most lovable being I have ever known.

Satanism

Popular fiction literature, movies, and media have about as much understanding of Satan and Satanism, as do the xians. One of the most widespread misconceptions is that upon making a commitment to Satan, one can expect all kinds of free goodies, like a trip through Disneyland, so to speak.

People who believe this are in for a rude awakening. Satanism is the elite of religions. Like Special Forces in the military, we are those with special abilities, those who are feared and respected by everyone. The end goal of Satanism is that of becoming a god. Unlike all the other religions that repress the human spirit, Satanism liberates and empowers the soul.

After we perform the dedication ritual, Satan begins investing in us. We discover talents and creative abilities we never even knew we had. We become much stronger and more confident through striving to put these to use and in bettering ourselves.

Contrary to what Anton LaVey wrote in the Satanic Bible, Satan does not approve of sloth, laziness, apathy (not caring about anything), drug abuse, and being unmotivated. LaVey, himself worked hard. This isn't to say we aren't free to do as we please in our off time, but Satan expects us to make something of ourselves. Anyone who has been a Satanist long enough knows that making Father Satan angry with us is most unpleasant to say the least.

Satan is a good Father to his children. He gets on to us when we are doing something destructive or detrimental to ourselves. He motivates and guides us to be the best we can be.

Inner strength and confidence come from knowing one are able to defend ones self and not have to rely on others. Being an adept at all aspects magick takes time, effort, and dedication.

Controlling our own minds, instead of our minds controlling us is not easy. Our minds were designed to undermine us. This is obvious. Our minds are structured to keep us ignorant and as slaves, preventing us from becoming as the Gods. Our plethora of unstructured thoughts dissipates into nothing and we are amnesiacs when it comes to former lives. The education and talents we once had in previous lifetimes are lost and we must be relearn everything again, over and over. An uncontrolled mind can drive one to unnecessary worry, stress, disturbing thoughts and in the worst cases, insanity. Weak people suffer more in the long run. Fears, insecurities, and uncontrolled emotions are free to torment us day and night.

Those who refuse to better themselves are at the mercy of fate. Fate can be cruel and unforgiving. "Today is NOT the first day of the rest of your life." Every action you have taken up to this point has established a foundation and pattern in your life. This isn't to say this is permanent, as everyone can change, but change will not come without plenty of effort.

Unlike those who are without, we have Father Satan to direct and guide us. Father Satan knows everything about us, inside and out and where we are headed. He is all-knowing, and can save us from

making some very serious mistakes, but those who do not care and make no effort to better themselves can find themselves without.

Father Satan is always there to help and guide those of us who make an effort to better ourselves.

Satanists are encouraged to live life to the fullest, to grow and become and to empower ourselves. This is true spirituality, unlike the other religions that destroy the soul by advocating their followers do nothing and abstain from life. As a result, they become nothing.

Free Thought

Everyone knows free thought is the ability to think for one's self, but how many people actually apply this? Only when you can completely free your mind, will you be able to come into your own and know yourself. How to think, what to think, what to believe, what our likes, our dislikes, our concepts of right, wrong, good and evil are, are constantly being programmed by the media, peer pressure and those in power. Those in power can refer to the government, parents, family, educational institutions and textbooks, the system, the medical association and so forth. Many live their lives by the values of others and as a result, they never come to know themselves. People are TOLD what to think and believe.

The television is a good example. Canned laughter implies something is supposed to be funny and it's OK to laugh. Background music lets the viewer know when he/she should get scared or anticipate something. Emotional scenes lead some people to tears. Life is much like this. One is supposed to obtain some form of approval for any and every thought and/or action.

Take a look at the xian church. Everyone is repeatedly told this nefarious enemy of humanity is something "good." In spite of the continuous and blatantly obvious signs to the contrary, most people actually believe this to be true. The xian bible is called the "good book."

This "good book" is full of mass murder, slaughter, torture, gang rape, prostitution, cannibalism, infanticide, mutilation, blood sacrifice, curses, feces, hatred, and every ugly thing know to humanity. It has incited war, slavery, bloodshed and destroyed the lives and mental health of billions.

When we come to Satan, he opens the door to our spiritual cages and gives us a hand in getting out. The rest is up to us. He is always there for guidance and support, but above all, he wants us to be free. Satan, who is the True God, is the liberator of humanity.

Ask yourself; what do I think? How do I feel? NOT how *SHOULD* I think, or what would someone else think, or what does everyone else think. We are all individuals. We all have different preferences and tastes. Just because someone else likes or dislikes something, that doesn't mean you as an individual should feel the same way. Whenever presented with a dilemma or something new, ask yourself the above questions. Satanism is free thought in the extreme, yet, so few are able to actually think for themselves.

Now, of course, those in power are dead against free thought. Sheep are easily controlled. Personality tests are given to determine those who are a threat (think for themselves and don't conform). Though unaware, how we should think is drummed into our heads from the time we are born. Very few people really know themselves, in spite of living with themselves 24/7. This is really sad.

It's not all that hard. Just remember to always and frequently ask yourself to start out with; do I think this is right or wrong for me? How do *I* feel about this? What is *my* opinion? There are no right or

wrong answers here. Just get to know yourself. This may take time, but in the end, you will experience the bliss of being free.

Start completely deprogramming your mind today. All of us are programmed to greater or lesser degrees and most are not even aware of it.

The Importance of Rituals

As Satanists, rituals are one of the most important things we can do. When I was new, Satan impressed upon me the importance of regular rituals, as he is now doing with a close friend who recently converted.

We have the best God there is and it is very important for us to let him know we appreciate him. Rituals are our personal time between Father Satan and ourselves, and are very good for the soul.

Regular rituals can also provide an emotional release, or a time we can talk with Father Satan about concerns we have in our lives. He always hears us and he is always there to listen. Rituals also strengthen our relationship with him.

I try to do rituals at least once a week. Most of my rituals involve much thanksgiving and worship. Father Satan always takes care of me and makes me very happy. Many fortunate things happen to me quite often and I am grateful.

Many times, during the solitude of meditation, Satan will speak to us. I can feel his beautiful presence in my life every day. Ritual is also the best time to ask for something we need. Father Satan knows our deepest thoughts, feelings, and desires. He is probably the only one we can totally open up with in our lives and completely relate to as our total selves. He is the only one who completely understands us, as no other human being can.

Last night, I heard the song "My Sweet Lord" by ex-Beatle George Harrison on the radio. The focus of this song was "Lord Krishna" A.C. Bhaktivedanta Swami Prabhupada. Many extremely wealthy and famous people have searched and searched for answers to the meaning of life. Harrison, in spite of his millions was not given any priority by Krishna Guru A.C. Bhaktivedanta Swami Prabhupada, thus the song.

This is nothing new, as many are lost. Satan gives us knowledge and understanding. I know more now than I ever thought possible. This knowledge makes me feel secure, even though there is much more for me to learn. Knowledge itself is infinite.

Knowledge is the key to everything. Understanding life, feeling confident along with a sense of direction is very important for both personal and spiritual evolution. Many yogis, martial artists and others have power, but they do not have the knowledge concerning how to use it. Without the knowledge, it is useless in many areas except for walking on hot coals like fakirs or breaking boards and bricks.

Satan guides us to grow in power and shows us how we can use this power and be the best we can be. Most people do not have any spiritual answers. Life becomes confusing and meaningless. Depression, drug and alcohol abuse, confusion, insecurity and apathy are the condition of many, regardless of material wealth and fame.

Satan is the giver of knowledge. We learn when we are ready. I have found Demons are the best teachers. What they can teach us is way beyond that of what any human knows. Time and patience are needed. We learn as we go along, are ready, and are open. Satan and his Demons are always there with answers to our questions and to help and guide us.

Life in the Fast Lane

Most people, especially here in the USA, live life in the fast lane; fast food, high-speed cable, quick service, "I want it five minutes ago" and so forth.

The spirit world does not work like this. I have to keep re-emphasizing: PATIENCE, PERSEVERANCE, and DEDICATION.

I didn't see Demons or communicate with them until several months following my dedication ritual. I remember seeing Furackus and Elyth on my altar. This was some six months or more after my dedication. I didn't meet Azazel until nearly three months following seeing these two Demons. Azazel is my Chief Guardian Demon and I am very close to him. I never knew Lucifuge Rofocal was one of my Guardians either. He has a unique voice and slight accent. I remember he spoke to me when I was new, but I had no idea of who he was other than he was a Demon.

Satan is strong on patience. He and his Demons have waited thousands of years for humanity. One does not just perform a ritual and here comes the Demon at the snap of ones fingers. Relationships are built up slowly, with patience, perseverance, and dedication.

"Evil"

There are people who talk the talk and want to play at being "bad" and "evil." These people are intent on going on about how "evil" Satan is, yet they don't know him. Their ideas of so-called evil are nothing more than cultural concepts. Few have understanding of the meaning of the word "evil" and are simplistic in their thinking. Satan transcends "good" and "evil."

These individuals firmly adhere to the xian teachings concerning Satan. Deep down, they are really xians, not Satanists, as they follow the teachings of xianity. They rigidly live their lives according to their own specific cultural taboos. True Satanism is freedom, not living according to the restrictions of the xian teachings of what is *supposed* to be evil. They lack perspective and understanding. What is perceived as "evil" in one culture may be considered favorable in another.

Satanism is deep, transforming spirituality that transcends the human concepts of good and evil. People who are hung up on Halloween, the boogey man, corpses and monsters have no understanding of Satan

or true Satanism.

In order to be free, one must deprogram one's mind. Only when one is able to see life through one's own eyes, can one ascend to a higher level of understanding. Too many people are still carrying around the values society has programmed into them rather than seeing things through their own eyes and being their own person.

When we give our souls to Satan (for those of us who choose to do this), a door is opened. This is a major step beyond the conformity that has been heaped upon us by society. This is where we transcend the black and white simplistic thinking and begin to see things through our own eyes.

Music

The Devil has always had the best tunes; this has been known for centuries. Along with literature, theatre, and art, the xian church has always regarded music with great suspicion, when it wasn't completely under their strict and oppressive control.

Satan is master of the violin and flute. 18th century Italian composer Giuseppe Tartini was inspired when Satan appeared to him in a dream. He heard Satan playing the violin. He said it was the most beautiful music he had ever heard. It was "indescribably beautiful." He immediately awoke and tried to write it down to copy it, but it never turned out the same way. He did the best he could to duplicate it. He published it and named it "The Devil's Trill."

19th century violinist Niccolò Paganini came under intense suspicion of "collaborating with the Devil." In other words, no one could write or play anything so beautiful without help from Satan. Here the xian church indirectly admits that the beauty of Satan outshines what they worship.

Modest Mussorgsky composed "A Night On Bald Mountain." The music portrayed a witches' sabbat. In the original piece, Satan reigned triumphant at the climax, but this was too much for Mussorgsky's xian contemporaries. Nikolai Rimsky-Korsakov revised it, ending the piece with the ringing of a church bell.

Satan also inspired Carl Orff in his dreams when he wrote "Carmina Burana." This music is best known from the soundtrack of the movie, "The Omen." Orff told his wife that he saw Demons many times in his dreams when he composed the music.

Jazz is synonymous with Satan. The rhythmic beat, the dances the music inspires, and of course, it opened the door to rock and roll.

Music has always been a great friend to humanity. Music is a tension reliever, as it relaxes the left (logical) side of the brain so that the creative right side can manifest itself in new ideas and solutions to things, in the same way meditation helps us. Satan can speak to us through the music. Music makes any activities more pleasant. Work becomes easier, a fast beat can get one going, a soothing beat can calm one's mood, and sexual intercourse to music can be blissful.

William Blake once stated that all true poetry was the "work of the Devil." Satan inspires creativity. He works to bring out creativity in all of his disciples. With Satan, we learn and grow as individuals. Each one of us is unique.

The enemy wants everyone to be clones, drones and drabs. Take a look at the women under the Taliban, the xian Quakers, the Amish and the Hasidic jews with their strict rules on how to dress. There is no room for any personal creativity whatsoever. These religions desecrate and kill the human spirit, while

they enslave the soul. Satan stands for freedom and individuality.

Islam

Islam is an offshoot of xianity. This religion has brought untold suffering, wars, and misery upon the human race. Upon close examination, we find the same nefarious alien characters. The xian angel "Gabriel," appeared to Mohammed and heaped on more of these anti-life teachings in the form of "Islam," designed to further enslave humanity and to create more conflicts and wars.

In contrast, Satan's angels, the Demons, teach and help humanity (if they are treated respectfully). "You will know them by their works."

Women are treated lower than animals in Islamic countries. I recall seeing a most horrendous photo of a small woman in Yemen with a tow truck chain pounded through her arm. Her "crime" was that she ran away from her abusive Islamic husband and was caught.

Afghani women have to wear heavy garb covering their entire bodies. They look out of a little net. If they accidentally expose any skin, they are beaten with clubs by Islamic men.

Islamic women must walk three feet behind their husbands on the streets. Only in times of war are they forced to walk three feet in front as there are land mines.

Islamic women eat the leavings from the dinner plates of their husbands and any men guests their husbands have in their homes. They are treated lower than dogs.

It is no wonder these people are so eager to kill themselves through suicide bombings. What kind of life is this? To treat significant others so heinously under the direction of a blood thirsty monster they call "allah." They get to where they have to blow themselves up- where is this "Allah"?

The Commandments of Satan

Satan dictated the Al Jilwah directly to Yezidi prophet Sheik Adi in the 12th century. The Al Jilwah is the most important doctrine in Satanism and every Satanist should be familiar with its teachings. I asked Satan if the Al Jilwah was from him and he confirmed it was, and stated that the Muslims altered some of the Yezidi doctrines. I memorized the commandments some time ago, and they have always been of great help and comfort to me especially when I have experienced confusion.

"ALL MY TEACHINGS ARE EASILY APPLICABLE TO ALL TIMES AND ALL CONDITIONS."
"I TEACH AND GUIDE THOSE WHO FOLLOW MY INSTRUCTION."

"I EXERCISE DOMINION OVER ALL CREATURES AND OVER THE AFFAIRS OF ALL WHO ARE UNDER THE PROTECTION OF MY IMAGE.
I AM EVER PRESENT TO HELP ALL WHO TRUST IN ME AND CALL UPON ME IN TIME OF NEED."

"I ALLOW EVERYONE TO FOLLOW THE DICTATES OF HIS OWN NATURE, BUT HE THAT OPPOSES ME WILL REGRET IT SORELY."

"NO GOD HAS A RIGHT TO INTERFERE IN MY AFFAIRS AND I HAVE MADE IT AN IMPERATIVE RULE THAT EVERYONE SHALL REFRAIN FROM WORSHIPPING ALL GODS."

"WHEN TEMPTATION COMES, I GIVE MY COVENANT TO HIM THAT TRUSTS IN ME."

"I DO NOT ALLOW FRIENDLY ASSOCIATION WITH OTHER PEOPLE."

"NOR DO I DEPRIVE THEM THAT ARE MY OWN AND THAT OBEY ME OF ANYTHING THAT IS GOOD FOR THEM."

"I APPEAR IN DIVERSE MANNERS TO THOSE WHO ARE FAITHFUL AND UNDER MY COMMAND."

"I LEAD TO THE STRAIGHT PATH WITHOUT A REVEALED BOOK; I DIRECT ARIGHT MY BELOVED AND CHOSEN ONES BY UNSEEN MEANS."

"THREE THINGS ARE AGAINST ME AND I HATE THREE THINGS."

"THOSE WHO KEEP MY SECRETS SHALL RECEIVE THE FULFILLMENT OF MY PROMISES."

"IT IS MY DESIRE THAT ALL MY FOLLOWERS UNITE IN A BOND OF UNITY, LEST THOSE WHO ARE WITHOUT PREVAIL AGAINST THEM."

"REJECT ALL THE TEACHINGS AND SAYINGS OF SUCH AS ARE WITHOUT. I HAVE NOT TAUGHT THESE TEACHINGS, NOR DO THEY PROCEED FROM ME."

"HONOR MY SYMBOL AND IMAGE, FOR THEY REMIND YOU OF ME."

"I EXERCISE DOMINION OVER ALL CREATURES AND OVER THE AFFAIRS OF ALL WHO ARE UNDER THE PROTECTION OF MY IMAGE. I AM EVER PRESENT TO HELP ALL WHO TRUST IN ME AND CALL UPON ME IN TIME OF NEED."

Satan is always true to his word. Many of us are well aware of how our lives were straightened out

after we made a commitment to Satan. He snaps us into line, guides us, and directs us to what we need to do to be focused and happy. When we dedicate our souls to him, we are always under his protection and he is always there for us. Satan has ALWAYS been there for me. There were times when I was having problems and Father Satan came to me before I even had to ask and helped me out.

It is very important to trust in Father Satan. He works with every one of us to establish trust. He is honest, truthful, and consistent and he keeps his word. He meets us more than half way.

"I ALLOW EVERYONE TO FOLLOW THE DICTATES OF HIS OWN NATURE, BUT HE THAT OPPOSES ME WILL REGRET IT SORELY."

Satan wants us all to be happy individuals. We are all free to indulge our fetishes, personal tastes, preferences, and so forth. This is one of the many reasons we are happier than most.

"NO GOD HAS A RIGHT TO INTERFERE IN MY AFFAIRS, AND I HAVE MADE IT AN IMPERATIVE RULE THAT EVERYONE SHALL REFRAIN FROM WORSHIPPING ALL GODS."

Those who worship other Gods end up confused and are open to all kinds of influences. It is important to stay focused. As Satanists, our God is Satan and there is no need to call upon other gods. Demons act as protectors and direct us to be strong in Satan. They can also act as mediators as they work with us closely, but we do not worship them.

"WHEN TEMPTATION COMES, I GIVE MY COVENANT TO HIM THAT TRUSTS IN ME."

Temptation usually comes in the form of fear. Some, mainly out of fear, have turned to the enemy. The enemy serves no purpose whatsoever in a happy life and should be avoided at all costs.

"I DO NOT ALLOW FRIENDLY ASSOCIATION WITH OTHER PEOPLE."

As for associating with those who are without, how many times, just in this e-group* alone, have we read about or have been direct recipients of problems with Christians? Most Christians will try to convert us, especially if they know we are Satanists. Very few if any, will have a live and let live attitude towards a known Satanist. Nearly all will pray for us and this invites psychic harassment that can be more than just annoying. As for hard core Muslims, their practice has been if they cannot convert someone, they resort to murder. Many Yezidis have been murdered en masse by Muslims.

"NOR DO I DEPRIVE THEM THAT ARE MY OWN AND THAT OBEY ME OF ANYTHING THAT IS GOOD FOR THEM."

Satan knows each and every one of us intimately and what is in our best interests. Most of what we ask him from him, he gives to us and we are happy. Satan is our Creator God and he can see things we cannot. He can see if someone or something is bad for us or will do us harm. Trusting in him is very important, he has all of the facts; we don't.

"I APPEAR IN DIVERSE MANNERS TO THOSE WHO ARE FAITHFUL AND UNDER MY COMMAND."

Individuality is very important to Satan and he wants for each of us to grow and develop our own uniqueness. He wants us to be ourselves. All of us are very important to him in our own special way. With Satan, what one individual may experience, another may not and visa-versa. Over all, most of us have had many similar experiences, spiritual occurrences and have seen the same things.

"I LEAD TO THE STRAIGHT PATH WITHOUT A REVEALED BOOK; I DIRECT ARIGHT MY BELOVED AND CHOSEN ONES BY UNSEEN MEANS."

Satan comes to us. We don't have to spend our lives pouring over reams and reams of material, trying to make sense of it, in an attempt to find "God." Satan interacts with every one of us in his own way. He guides each of us and directs us so we can have fulfilling and rewarding lives.

"THREE THINGS ARE AGAINST ME AND I HATE THREE THINGS."

These three things are the Christian trinity and the three religions of Judaism, Christianity and Islam. All three of these religions condemn and preach against Satan and replace him with their false "God." Misfortune comes in threes. These three have told lie upon heinous lie about Satan and his Demons who are the original Gods. They have heaped untold suffering and misery upon humanity and the earth. They are our enemy!

"THOSE WHO KEEP MY SECRETS SHALL RECEIVE THE FULFILLMENT OF MY PROMISES."

Because Satan appears to us in diverse ways, he may reveal some of his secrets to us as individuals. We will know what they are. He has done things for me and has revealed things to me. There are certain secrets he has entrusted to me to keep to myself. Remember, Satan treats us all as individuals. Keeping his secrets is very important. If you are ever in doubt concerning whether or not to reveal something, just ask Satan and he will either tell you or you will receive a sign from him.

"IT IS MY DESIRE THAT ALL MY FOLLOWERS UNITE IN A BOND OF UNITY, LEST THOSE WHO ARE WITHOUT PREVAIL AGAINST THEM."

Satan wants all of his people to work together and unite. We must put aside our personal differences and work together as a team. The Christian "God" and company work to create conflict, discord, and division among Satanists:

Mark 3: 26 And if Satan rise up against himself, and be divided, he cannot stand, but hath an end.

Unity is of paramount importance, "One alone, together strong." Satan does not approve of infighting between his people. Those who experience conflicts with a brother or sister in Satan should go to Satan concerning this and he will handle the situation. Those who throw curses at or slander other Satanists will invite the wrath of Beelzebub. Beelzebub handles those who create problems and disunity and the consequences can be quite unpleasant.

"REJECT ALL THE TEACHINGS AND SAYINGS OF SUCH AS ARE WITHOUT. I HAVE NOT TAUGHT THESE TEACHINGS, NOR DO THEY PROCEED FROM ME."

As for rejecting the teachings and sayings of such as are without, the saying "Garbage in; Garbage

out," describes this perfectly. One only needs to look at the Christians, Muslims, and company to see how lost and unbalanced they are spiritually. Beneath the Christian smiley mask, there is misery inside, regardless of how they may try to deny it and lie. The teachings of Christians, Jews, Muslims, and others of the RHP are anti-life, devoid of any true spirituality and lead their adherents down the path of spiritual impoverishment, lies, loss, and confusion.

"O YEA THAT HAVE BELIEVED IN ME, HONOR MY SYMBOL AND MY IMAGE, FOR THEY REMIND YOU OF ME."

When I was new to Satanism, I was reading Anton LaVey's Satanic Bible. At the time, I had hardly any furniture and I would line my books up against the wall, on the floor. I did this with my Satanic Bible. Something would not let me go to sleep and kept on nagging at me to get the Satanic Bible up off the floor. I got up and put it on a shelf in my closet. Since then, I purchased several bookcases. We must ALWAYS treat sacred books, jewelry, or anything else that symbolizes Father Satan with the greatest care and respect.

Early on, Father Satan impressed upon me, the importance of the Al Jilwah. I memorized much of it and it has helped me immeasurably.

People in Our Lives

We Satanists are a small group as far as numbers go, but we are growing more and more every day when compared to the mainstream religions. Unfortunately, there are people in our lives who are thoroughly indoctrinated with xian and other enemy teachings. Holidays, family reunions and other get-togethers can be trying times for many of us.

Xians feel strong in a group of xians to back them up, but when they experience a confrontation alone, few are brave. I have seen these people fold when lacking the necessary support. They are so weak and dependent. More than one xian has quit a job because of me. They create conflicts they can't handle. Most talk the talk and that's about it.

I was an atheist for over fifteen years. I hated xianity and its teachings much more than the average atheist, though. My "blasphemies" would literally make people cringe. Several years ago when I worked third shift at a 24-hour restaurant, a wimp would come in and sit at the counter. One night this wimp butted in on a conversation between a LaVeyan Satanic teenager and myself that did not concern him. I gave him a piece of my mind and left, as my shift was over and he shut up. As soon as I was out the door, (my son also worked there as a waiter) the xian wimp approached him and started up about "god." My son shouted, "FUCK GOD!" The guy right away got scared.

Most xians are weak, whether they are co-workers, family, or whatever. Rarely will you ever see one stand alone against several of us. Of course, when xians are in a group against one person, many times the situation is different. I had three xians threaten physical violence after they accosted me outside of a public library. I told them what I thought of their nazarene. Of course, a heated verbal exchange ensued and all three kept parroting the same inane phrases repeatedly with no logical or rational argument. The

only thing they had to offer was potential physical violence and nothing more. One of these clowns was a pastor. I found this later when I recognized him on a TV commercial advertising his church. I refused to back down and when they saw the confrontation would lead to more, they left. I have argued with enough of them, leaving them with nothing to say every time. They start arguments they can't finish.

Most of these xians are going nowhere. Satan gives us strength they don't have. I look at them and see how weak most of them are, how they are needy and dependent on the approval of others. This sort of thing leads them to xianity in the first place. Satan, by his nature walks alone. There is no petty ass kissing or conforming to the "expectations" and standards of others. We are an elite group. We bow to no one. We have the power to tear them up and spit them out and they know it too.

Xians tell me they will pray for me, I tell them I will pray for them in return, and then they get worried. I've seen firsthand what has become of the fools who have been stupid enough to "pray" for me. Satan and the Demons punish those who harass us, not always right away, but just give it some time.

For those of whom we really care about and love, remembering them in our rituals can work wonders. As for those we are indifferent to; who cares? Who needs them or their petty foolishness? They don't even exist as far as I am concerned. They are so weak the silence bothers them. It leaves me in peace.

The Truth About Aliens

When I was new, I asked Satan during a ritual "Who are you?" I had no clue. I believed him to be some sort of spirit, but the voices in my head and my interaction with him indicated he is a real being. Very soon after in less than 24 hours following the ritual, I came across [the Luciferian Liberation Front](#). I knew this was an answer to my question.

I have spent years studying a variety of occult subjects. In addition, I have had many experiences and have learned from the experiences of others, both clergy and laity. The evidence of alien extra-terrestrials is overwhelming. In the Egyptian images and monoliths, the pyramids are spaced and directed towards the constellation of Orion and the spaces between the pyramids correlate with the distance of the stars in the belt of Orion.¹

The Judeo/Xian Bible is chock full of BLATANT UFO activity. Many deluded individuals believe the xian "god" to be a perfect force, above the comprehension of any human being. The truth is- the Judeo/Xian bible REPEATEDLY describes a jealous, wrathful, spiteful and hateful being- Yaweh/Jehova, with emotions no different from that of humans, though more negative in comparison. The indifference to suffering indicates cruelty. The alien entity is aware of the human emotions of wrath, anger, hatred and jealousy resulting in wars, murder and genocide that most human beings strive to avoid. The concept of "love" here is not understood and is missing. To the xian entity, it is merely a word used for control, nothing more. The entity, is obviously devoid of any sublime emotions, does not understand the concept of "love." On one hand, the entity claims "love" for his followers, and on the other hand, with the slightest offense, this "love" can damn one to eternal burning and torture in a "lake of fire." This is very alien to say the least. The Old Testament books, especially Genesis and Exodus are chock full of crimes against humanity such as the mass murder this entity perpetrated even against his own on a whim.

It is a given, that everyone familiar with UFO's and aliens, knows greys and reptilians are devoid of emotion. Also, it is recorded in the xian bible, when Moses asked to see "god's" face- the alien replied

that no one could see him face to face- (Exodus 33: 20-23). Obviously, this being does not resemble a human being.

Many of us have seen Satan. He has nothing to hide. Satan and his Demons, (as well as some of the "angels" of the xian bible and their cohorts) are of the aliens they call "Nordics." Aleister Crowley's "Illustrated Goetia" published by DuQuette, Hyatt and Wilson, second edition, © 2000, has numerous illustrations. The illustrations of "Lucifuge Rofocal" and "Vassago" show beings with large bulbous heads. Now Lucifuge Rofocal is one of my Guardian Demons. I have seen him. He has a large bulbous head. He is obviously a hybrid of grey. He is friendly and has emotion, as a hybrid mix is unique. Valefor also is a Grey/Nordic hybrid. He has the large head, with greenish complexion; Clitheret who is a female is the same. I have never seen Vassago, but the illustration in the book supports what many of us have seen.

Nordics are frequently seen accompanied by greys. These Nordics are those who are normally hostile to humanity. Azazel told me "they are abominable" (referring to the greys, when I asked about them communicating with him on a Ouija Board).

I strongly suggest those of you who are skeptics to read: "The Day After Roswell" by Colonel Philip J. Corso, US Army, retired ©1997. The author exposes the entire story, with names, dates, facts and documents released under the freedom of information act. He was personally in charge of the Roswell files under the Army Research and Development at the Pentagon directly under Lieutenant General Arthur G. Trudeau and was actively involved in the planning of project [HORIZON](#).

Corso explains the reality behind the "Cold War" where the USA and the USSR amassed nuclear weapons capable of destroying the Earth five times over. If either side employed these, mutual suicide for the entire planet would be the result. The truth is- both world powers were well aware of the alien threat, which in reality is a hostile one that threatens the life of everything and everyone on this planet. This is the reason human attempts to establish any meaningful contact with these entities have met with evasion. Both the USA and USSR worked behind the scenes to develop defense technology, not to be used on each other, as the media falsely claimed to shape public opinion and to delude the masses, but to be used in defense of the Earth from a potential alien attack. This was also the main reason for the Apollo Moon Mission in 1969. This mission was not just space exploration. The defense dept was interested in establishing a base on the Moon that would act as a reconnaissance post for the Earth. The large number of satellites orbiting the Earth serves the same purpose, that of protection.

Corso concludes the book with documents. He explains how the technology recovered from the crash landing of the alien spacecraft in Roswell, New Mexico in July 1947 was salvaged and clandestinely distributed by the US Army to various civilian laboratories who employed top scientists. These scientists used reverse engineering to develop the high level of technology we have today. This technology enabled the building of the "stealth bomber" and other high tech military weapons used to deter the aliens from invading the Earth.

The point is- we were successful in deterring them physically, but not psychically. Their strong telepathic influence is felt. The Christian religion and its cohorts provide these entities with the psychic energy they need. Close examination of the Roswell craft and the autopsies performed on the five greys who piloted the delta shaped UFO revealed their parasitical nature. The description of the entity called the "ALL" in the book "The Watchers" by Raymond E. Fowler, also supports the parasitical nature of these creatures that are devoid of emotion and how they thrive on the energy of souls. These creatures have tampered with genetic engineering and alteration to where they no longer have any genitals, sexual procreation, emotions or physical strength.

The examination of the alien craft revealed no controls, no on/off switches or visible circuits within the

craft, only indentations shaped as the aliens' hand prints, like a hand print in wet cement outside of Mann's Chinese Theatre in Hollywood. These were where the aliens placed their hands, becoming an integrated part of the craft. They navigated the craft by using their own bioelectricity, powerful telepathy and telekinesis. The adjustable bands they placed on their heads to navigate the craft acted as thought amplifiers.

Army officers upon examining them, placed them in position on their heads and the devices induced vivid colors, hallucinations and resulted in "searing headaches." In addition, they found that these bands stimulated various areas of the brain.

"The Watchers" by Raymond E. Fowler is very revealing concerning the grey involvement in the xianity scam and exposes "the one." *See ["Jesus of Borg"](#).

Most people are not aware of the higher purpose of Satanism. The Earth has been the target of a soul farm.² Satan is the "Liberator of Humanity."

Xianity and its cohorts are a hoax. Satan and his Demons are here to help us get out from under the position of being used as energy livestock in a slaughterhouse for alien consumption. The enemy Nordics who saw no use for humanity, following the completion of the mining project, sought to follow plan and have us all destroyed. Nephilim that "took wives" and taught humanity, such as Azazel and Set, were banished, cursed and condemned.

(The above illustration depicts Set teaching a human how to use a bow and arrow).

We are dealing with entities that have more psychic power, technology, intelligence and knowledge than we do. They don't age as we do; they have the knowledge and technology to have modified their DNA. Satan is over half a million years old. One can only imagine that to continue learning, experiencing life and empowering one's self for even 1,000 years, the level of knowledge and ability that would be reached; combine that with extremely advanced technology.

For those of you who believe in spooks and are skeptic, I strongly suggest you read the above books, along with "Extra-Terrestrials Among Us" by George C. Andrews. "The Day After Roswell" reveals everything from the cover-up, to the promotion of yellow journalism stories to the real truth behind the "Star Wars" of the Regan Administration and the "Cold War."

This was largely a distraction and an excuse. Why would two world powers manufacture hundreds of nuclear warheads that would obliterate the entire Earth and result in mutual suicide?

For many years, these ignorant spiritually deluded new age idiots have been crowing on and on concerning the "sins" of humanity and how we are a threat to the universe with our nuclear weapons and our aggression, while all those extra-terrestrials are so goddamned wonderful. They claim they

scout our military and weapons bases out of a altruistic concern for all life in the universe as we have become a threat to them resulting from our sinful ways. WRONG.

These aliens have kept our defense systems under surveillance to see where we are at and just how vulnerable we are to a mass invasion. The USA and Russia both know this. These aliens have continually and aggressively acted to prevent us from space exploration, jamming our launch vehicles, satellites, causing mechanical problems and even preventing a few from being thrust into orbit. They have acted to jam our signals with buzzing and other electronic intervention. Their shooting across our radar detectors, creating blips and encouraging our air force to tail them; they are testing the speed of our aircraft and our maneuverability. They want to know exactly where we are technologically. These greys played cat and mouse games, and edged ever closer until there was a response. They have also attempted to disrupt worldwide communication and our defenses through electrical and magnetic field interference.

Their employment of night vision devices would have been an advantage. The defense dept now has these and many other military technologies that are a threat to them. The USA and Russia planned in case of an alien attack, only half of the Earth would be sacrificed, if one nation was knocked out, the other could cover.

General Douglas McArthur remarked to the New York Times in 1955 that the threat comes from out there. "The nations of the world will have to unite for the next war will be an interplanetary war."

An alien base was seen on the Moon by astronaut Neil Armstrong during the Apollo 11 fly-over and landing. Mercury 7 astronauts as have many others been tailed by UFO's. "They didn't just shadow or track our aircraft in orbit; they buzzed us and tried to create such havoc with our communications systems that NASA more than once had to rethink astronaut safety in the Mercury and Gemini programs." The Apollo moon-landing program was ultimately abandoned because there was no way to protect our astronauts from alien threats.

"The alien spacecraft were also aggressively buzzing our frontline defenses in Eastern Europe, either looking for blind spots or weaknesses; probing our radar to see how quickly we responded." While never disclosing it publicly, military intelligence analysts supported the view that Earth was already under some form of probing attack by one or more alien cultures that were testing both our ability and resolve to defend ourselves."

"Our only successes in defending against them, back in the 1950's and 1960's, occurred when we were able to get a firm tracking radar lock. Then when we locked our targeting radars on, the signals that missiles were supposed to follow to the target, it somehow interfered with their navigational ability, and the vehicles flight became erratic. If we were especially fortunate and able to boost the signal before they broke away, we could actually bring them down. Sometimes we actually got lucky enough to score a hit with a missile before the UFO could take any evasive action, which an Army air defense battalion did with an anti-aircraft missile near Ramstein Air force base in Germany in May of 1974. The spacecraft managed to crash-land in a valley. The craft was retrieved and flown back to Nellis Air Force Base in Nevada. The Roswell crash was different. There was much speculation that it was a combination of the desert lightening storm and our persistent tracking radars at Alamogordo and the 509th that helped bring down the alien vehicle over the New Mexico desert in 1947."

The new age focus on love, love, love and three fold bullshit and everything else. This is nothing more than a close relative of xianity that renders those who are stupid and deluded enough to follow it, helpless.

Satan and his Demons are trying to help us. The greys possess tremendous telepathic ability and the devices to amplify it. The xian and RHP religions are a fraud. People are stupid and deluded.

True Spirituality

True spirituality does not need trillions and trillions of dollars. The pathetic xian "god" and company can brag about their millions of enslaved sheep, but Satan has something they don't; something they never will.

Satan's people come willingly to him. We have survived centuries without all of the wealth and materialism of the enemy religions. A gathering in the forest, on the beach, in the home of a friend, Satan's followers are here because we want to be. We have made a choice.

We come to worship out of love, NOT coercion, threats, indoctrination, peer, or family pressure. In the end, Satan has won. Even solitary rituals are done out of free will and devotion. Satan is loved. The xian "god" relies on fear. Remember, "Money can't buy you real love." This is so obvious, as the enemy religions are spiritually empty. HAIL SATAN!!

“Occult Crimes”

This morning on CNN news, the anchorwoman reported that certain animal shelters no longer offer black cats for adoption two weeks before Halloween as several have been found dead after being used in "Satanic" sacrifices. This is few and far in-between and the media sensationalizes whatever they can.
*

There are many kids and teens out there looking for Satan. Due to the suppression of books, media, and literature that provide knowledge about true Satanism, people look to what is easily and readily available. Anton LaVey wrote about this in his last book "Satan Speaks." He complained justifiably that he was given little or no airtime in contrast to xians who were given prime slots and endless time to spew forth their lies. As a result, some people, especially the naive youth, turn to and believe what they see and are able to purchase.

The misinformation about Satanism authored by fools who have no real knowledge or information is prolific and deliberately promoted by the enemy. These xian, new age and out to make a fast buck writers are the ones DIRECTLY responsible for the occult crimes and should be the ones who are brought to justice for lies, negligence and slander against our religion and corruption of the youth.

Those of us who are close to Satan know how ludicrous these acts are. They have nothing whatsoever to do with true Satanism. The same can be said for the old grimoires and their insane teachings concerning Demons. We know different by EXPERIENCE.

Because the media, publishers, and book outlets have suppressed true Satanism, many are left with the

false teachings that are easily and readily available. For those of us who wish to give something back to Father Satan, as I have said many times, flood the internet. It works. Link up. Recruit the youth; they are our future! Kids and teens with knowledge are the leaders who influence the rest. We need to turn up the volume. For far too long, xians and the enemies of Satan have been given free reign to speak for him and represent Satanism according to their own warped, distorted, sick, perverted standards, and have profited well in doing this.

Many books in the new age/occult sections of bookstores promoting lies and misinformation are cheap and readily available. A blatant example is "The Little Giant Encyclopedia of Spells and Magic." For \$9.95, this book goes into detail about "Making a pact with the Devil" and how this requires "drinking the blood of murdered children," human sacrifice, mutilating and torturing animals and every other ugly thing. Unfortunately, books like this are all over the place and the scum who write and promote this sick garbage should be heavily cursed. This is where our religion has gotten a bad rap, FROM LIES! In every Catholic mass, the priest says "eat my body; drink my blood" This is where this kind of misinformation originates.

The enemy takes hold of those who are lacking in knowledge and of course, Satan is blamed. We must put a stop to this.

*Animals and children are sacred to Satan. People who abuse animals and children are an abomination to him. Cats were sacred and held in very high esteem in Ancient Egypt and many Demons are symbolized by appear in the form of a cat.

Damned Christians!

Xianity is a sick, twisted, perverted, odious religion that keeps people from true spirituality and humanity's real God, Satan. That's enough right there, but the problem is much, much more than that. You are walking down the street, minding your own business, some pasty looking creature, that has a mask like artificial smile affixed to his/her face, so plastic, robotic and alien like, accosts you with this Jesus garbage. The smiling mask immediately drops, turning to hatred and rage when you state that you are happy in your choice with Satan and you would rather be dead than switch.

You are in the privacy of your own home. Most neighbors, friends, and relatives are considerate enough to call before coming over. You could be in the shower, eating your dinner, watching something of interest on TV, having sex, whatever. You work, pay your rent/house costs and/or taxes, etc. This is YOUR home. You are minding your own business, not bothering a soul; maybe you are even feeling very happy. All of a sudden, regardless of all the blatantly visible "No Soliciting" signs, the "Do not Disturb" signs, or anything else posted to deter unwanted visitors, there is an urgent knock at the door, or the doorbell is ringing like there is a serious emergency, interrupting you, disturbing you without any respect for your privacy or any consideration as to what else you may be tending to or engaged in, in your own place of residence, whatsoever. Door to door, peddling the Nazarene.

You are sleeping, resting, AGAIN, minding your own business. Maybe you are even expecting an important phone call. The phone is ringing and ringing. It's not a friend, relative or neighbor, it's one of those foul xians, telemarketing the nazarene. They will relentlessly keep calling and calling until they get a hold of you. You tell them NO. A couple of months later or even less, they are back like fleas on a dog, only they are much worse than any animal parasite.

You open your mailbox, more of their garbage. Jesus coupons for redemption, always begging for donations to further the relentless nuisance and add to the multi- trillion-dollar industry of wealth they already possess and use to work towards depriving you of your freedom and constitutional rights. You snap on your radio or television, here we go again, some pedophile capable of literally ANYTHING when perpetrating crimes against humanity, AGAIN is soliciting for more donations as their greed knows no bounds.

You want to read your newspaper, you find pages and pages of full page ads, promoting and marketing the nazarene and the opulent, financially exorbitant institutions where they relieve congregations of their money and their souls.

The absolute WORST of this is what they do to our children. They stalk them and prey upon them, corrupting their innocence and instilling hang-ups and psychological problems where there were none before. They use all kinds of scare tactics to frighten them with their lies. They work to turn them against their non-xian parents and destroy their lives, coercing them towards living for their death and throwing their lives away.

The schools are full of them. Freedom fighters and the government are constantly battling the xian church that is forever a continuous threat to the lives and liberties of others.

Once children are ensnared, they are abused, raped, molested and psychologically destroyed, and in some cases, even mutilated and murdered. In the least, they will never live up to or acknowledge their full potential.

Xians are forever trying to wrest control of the legal system, perverting it, like they do everything else, using it as another instrument to deny ALL of us our freedom, to enslave everyone, destroy lives and ruin what others have sacrificed everything for.

When they seize control, through whatever means, legal, illegal; however, makes no difference to them, they work diligently to maim, torture, murder and destroy anyone who is even suspected of disagreeing with their sick doctrines. Their reign was during the "Dark Ages" To find out if something is good or evil, all one has to do is give it power. Here, the xian religion speaks for itself!

They continuously PUSH themselves where they are not wanted. They are compulsive and obsessive. They are not a joke and will not just go away or mind their own business. They would gladly resume their murderous ways if only given the opportunity.

Anything that has helped humanity- medicine, communication, literacy, modern conveniences, sciences that help us understand the world around us, anything that gives life more meaning or makes it pleasurable, they have worked overtime to slander and destroy. Yet, they make full use of everything they have contributed NOTHING to, working every step of they way to destroy. They make use of modern conveniences to spread their malignant virus around the world.

There IS NO room for tolerance here. This is total fucking WAR! If each one of us does our part, we can bring this evil institution down. IT IS NOT IMPOSSIBLE. They have used the terrorist attacks to their advantage, like all kinds of other ugly things. We need to start fighting back, LEGALLY. Don't let rage get you at a bad moment, use it constructively. You can't get away from them in prison. People rationalize, make excuses, focus on the small percentage of xians that are polite and mind their own business. This is what keeps them going. There are many who lack the education concerning world history, the INQUISITION, and the church's control of life and government in the dark/middle ages. These people know next to nothing of the truth. They believe what they are told and are too unmotivated or lazy to research for themselves. Knowledge is everything; this is why xians prey on the ignorant and illiterate.

Past Life Amnesia; How it Affects This Life

Many things are fated with one's being in the wrong place at the wrong time, with the wrong people, again at the wrong time, accidents, illnesses, missing something by a day or minute. All of this is the result of a lack of knowledge. Reincarnation is a fact. When we enter a new life we bring ourselves with us. This includes past hang-ups and former conditioning, mistaken beliefs, grief, pain and so forth. When we enter a new existence, we do so under amnesia.

There is information available concerning certain experiments. Many of these have been kept from the public because of their cruel nature, studying the effects of artificially induced amnesia on both animal and human subjects and how it directly affects the feedback circuit in the brain. With self-awareness, one can exercise control, but on the other hand, when the feedback circuit is blocked through amnesia, one is prevented from reforming problem programming in one's mind.

Russian psychologist, Ivan Pavlov conducted a series of experiments on dogs. Most of us are familiar with the theory of conditioning, taught in Psychology 1001. Dogs were given food after a bell was rung. The bell, after several times, caused the dog to salivate (anticipate food), whether or not the food followed. The sound produced hunger in the dog. Two separate stimuli, applied within seconds of each other will create an involuntary response in the brain.

Many of his experiments went beyond the conditioning. He was able to produce nervous breakdowns in dogs and other animals, again, by association. The hungry animal would go for the food and he would apply painful shocks, extremely loud noises, blasts of scorching heat or other stimuli creating a survival verses fear/pain situation. This created neurosis and mental illness in the animals, in the same way the xian church has ruined the mental health of billions by enforcing the abstinence of sexual intercourse and denying other normal and natural needs. Sexuality is equal to the life force; abstinence creates neuroticism. The enemy gods know all about the human mind and how to destroy it.

Another Russian scientist, A R Luria continued Pavlov's experiments, but this time on humans. (The CIA does this as well, although much has been kept from the public). Luria found that humans, being able to remember, were able to resist the programming and restore their minds through rational thought and the application of will. Luria, (along with the CIA in later years) induced amnesia in his subjects through electric shock treatments, and drug induced trance states where 99.9% of humanity can be hypnotized and reprogrammed.

Electric Shock treatment (EST) has been used to treat and control mental illness. EST causes retrograde amnesia. Memories are destroyed, corresponding with the intensity and frequency of the shocks. With high level EST, one is unable to remember one's name, identity or past. The subject becomes extremely clam and focused in the present. The 1975 movie, "One Flew Over the Cuckoo's Nest" is a good example of the effects of EST especially in the ending where the character, portrayed by Jack Nicholson, was shocked into irreversible brain damage with no memory of his identity or past.

Disturbing thoughts and false memories can be implanted in subjects' minds by the operator's regressing the subjects into early childhood or infancy. At this stage, the mind becomes defenseless and helpless. The operator is perceived as and assumes the role of a parent figure. A prime example of this was where false memories were implanted by an xian psychiatrist in the subject of the book "Michelle Remembers."

Inducing neuroticism usually, though not always, requires the operator to regress the subject and implant false memories, such as the rape of the child by a parent. One hundred percent of the time, amnesia must be suggested to the subject so the subject will have no recall of the session or implanted suggestions. Reprehensible false memories, fears, and all kinds of psychological problems can be

implanted by suggestion in the subject's mind such as the murdering a loved one, irrational fears, shame, and guilt.

Amnesia prevents the subject from understanding the hang-ups and dealing with them. The subconscious mind retains them and acts on them. The subject is unaware of them, other than having strange, irrational feelings, unexplained neuroses, and abnormal behavior. Regardless, the problems are still there and affect the subject's future behavior. This is what happens when we experience amnesia concerning past lives. We have more experiences than we know hanging around in our subconscious minds and affecting us in this lifetime. We don't understand why bad things happen and we are powerless in many cases to prevent or stop them.

The movie, *Hannibal*, is an example of what can be done to someone in a drug induced trance state, where psychiatrist Hannibal Lecter offered Mason Verger a popper (amyl nitrate), and suggested to him to peel off his face. In this fictitious case, there was no amnesia.

We can begin to really know ourselves and take better control of our lives, by accessing past lives through self-hypnosis, learning, and understanding as much about them as we are able to. We all should take the time to enter our own trance states and explore our own minds, childhood memories, and past lives. Because of the curse of amnesia and the lack of knowledge, there is so-called "karma." Karma can only be overcome and defeated with knowledge. Knowledge is the key to everything. Knowing everything about ourselves, past lives and so forth will set us free.

Satanic Healing

An author wrote about his interactions with angels. He asked them for help in healing himself. The angels gave him no knowledge or information other than telling him his problem was "emotional."

The truth is, most physical ailments are not emotional, but nutritional. Satan himself told me what to take for a couple of problems I was having. The problems are now totally under control. Satan and his Demons are very open and helpful when it comes to giving us information and knowledge. I do have another problem he wants me to heal on my own; he told me how and my Demon gave me some good advice.

Most people who go to angels come out with nothing but self-deprecation and blame. The angel usually tells the sorry individual they are in some way responsible for their situation and they need to be more "loving" or that they "shouldn't have any hatred or anger." Denial of one's feelings is definitely not good for emotional, physical, or mental health. By repressing our so-called baser emotions, we actually set ourselves up illnesses. Another token of angels is the refusal to share any worthwhile information.

Thanks to Father Satan, two major problems I had are now gone. What he told me, I could have never known myself. HAIL SATAN!!

ABOUT HOLES IN THE AURA

By practicing power meditation every day, you will strengthen your aura and this will in turn give you the needed power to manifest your directed thoughts and desires into reality. A powerful aura will also result in a strong immunity and the healing of various physical problems.

True Satanism is about becoming, growing and evolving. In the beginning, Satan and his Demons give us a hand up. The goal of Satanism is for us to empower ourselves. This is analogous to a child

growing up and becoming independent of his/her parents and having the strength, knowledge and confidence to act on his/her own as a healthy and well balanced adult. Ideally, one should become strong, confident, independent, and take control of his/her own life, fate, and direction.

The enemy wants to keep us ignorant and bound. A good example is an author exalted and praised the work of angels who would come into him and help to heal his clients who were suffering from illnesses and injuries. He bragged how both he and the client would feel the hands of the angel and "their wonderful healing ability" going to work on problem areas.

First of all, what is this *really* doing? It is making a dependent cripple of BOTH the client and the practitioner. No knowledge is given. No higher level of personal power is reached to do this alone, by one's self. IT IS IN REALITY, DAMNING THEM BOTH TO AN EXISTENCE OF DEPENDENCE ON EXTERNAL ENTITIES; BEING AT THE MERCY AND WHIMS OF SOMETHING OUTSIDE OF THE BOTH OF THEM, CALLING ALL OF THE SHOTS AND TAKING THEIR ENERGIES IN THE FORM OF PRAISES FOR SOMETHING EACH ONE COULD DO ALONE GIVEN THE KNOWLEDGE AND APPLICATION THEREOF. The nazarene was famous for this. Society and everything else collapsed as a result.

The reason I have been focusing on the power meditations so much is they are necessary in building one's energy field and psychic abilities. Without the power behind the directed energy, nothing will manifest.

Many problems are due to holes and leaks in the field of the aura. These can be brought upon by childhood trauma either physical or emotional where one was victimized in some way, or even as an adult; from surgery or accidents. Holes in the aura can open the door to unwanted entities, illnesses, and health problems.

The hieroglyphics and carvings in many of the Egyptian temples and pyramids are there to tell us something. The classic pose with the arms crossed over the chest is for a reason- to protect the [heart chakra](#).

The heart chakra is where humans are most vulnerable, EMOTIONALLY.

Human beings thrive on love and acceptance. An infant deprived of love, often will not thrive and if they do, most will be impaired for life, mentally, emotionally, and even physically. Love is an essential part of our makeup.

Entities who wish to destroy us, know this. The deluded New Age movement's focus on "unconditional love" (there is no such thing in reality, regardless of how they rationalize and lie to themselves), is VERY dangerous and opens those who take this advice, making them ready victims for all kinds of entities. This is the scheme of the Nazarene parasite that is nearly always depicted with open arms, exposing the heart chakra, encouraging victimization.

Love comes from the heart chakra. Psychic vampirism in most cases feeds off emotions. The heart chakra is exploited. Sometimes there are certain family members who are abusive and others who we know are bad for us, yet we allow them to abuse us or manipulate us because of an uncontrollable emotional vulnerability we have towards them.

One is open and vulnerable and allows them in. They attach, connect, and control. We have opened our hearts to them in some way. The Nazarene and other unwanted entities gain entry the same way. A small child taken to church and Sunday school is continually coerced into "loving Jesus." We are told, "God is love." The same lies about the Nazarene. This opens up the MOST vulnerable part of a human being so that he/she can be controlled by these unwanted and harmful entities. The love energy is exploited and used by these entities as a parasite uses its host to its demise and sucks it dry. As you all can see, these entities gain control of and work through many of the new age people.

A weak aura with holes leaves one vulnerable to all kinds of things. Remember, negative entities feed on FEAR and other human emotions. This is another reason for the xian doctrines maximize the emotion of fear indoctrinating their followers with threats of eternal "hellfire" and damnation. This makes it much easier for these parasites to attach unknowingly to these people's auras and use their energy. All of this becomes a vicious cycle. To seal holes in the aura, one must first have a strong energy field. Most often, after becoming competent with power meditation, one can sense where the holes are located. By repeatedly directing the energy to the holes and expanding the aura in and around the areas of the holes, in time they will seal.

The Brotherhood of the Snake Teachings of Ancient Egypt

The pyramids served many purposes. One purpose was that of initiation and ceremonial rites, both for humans and for the magickal workings of the Gods. Many hieroglyphics depict the Gods tuning their chakras with a rod-like instrument. Satan gave these energy centers to humanity, they are known as the breath of life, breathed into us by God (Father Satan). There are seven primary chakras and many minor ones. The hook and the flail were tuning tools for the primary chakras along the spine. A mural on a wall at Abu Simbel depicts Horus holding a rod to the back of Osiris' head, at the point that is the primary doorway to the eighth chakra (above the crown of the head). The hook is moved up and down the rod to tune the chakra. Osiris is standing with an erection. Sexual energy is a paramount component in the rite of resurrection and immortality. Kundalini is sexual; the life force. Sexual energy is that of the life force, as it has the power to create life through another human being. The sexual energy runs up and down the spine during the tuning process. The Egyptian Ankh symbolizes eternal life and eternal life is linked to the breath. The Ankh is also linked to sexual energy.

One of the key teachings was the overcoming of fear. Only when one surpasses all personal fears, can higher levels be accessed. Fear is the main emotion that prevents one from advancing spiritually. Fears must first be overcome here on Earth. To reach this goal, the Egyptians built special temples along the Nile. There are 12, along with the great pyramid making 13. $1+3=4$. All of the verses in the xian bible referring to Satan and his Demons given certain mathematical applications, come out as 13. Four was Satan's original number.

The Temple at Kom Ombo represents the second chakra, and is dedicated to polarity/duality; the basis of sexuality and two Gods are associated with it- Sobek, the Crocodile God and Horus. The Ancient Egyptians would create experiences in these temples that would push initiates past their fears to become strong and competent in experiencing the unknown. There was a water hole full of crocodiles. The initiate, taking only one breath would dive under water not knowing what to expect and the test was to emerge from the water in a different location from where he/she went in. Initiates were unaware that the crocodiles were fully fed. They had to remain calm and in control to navigate the water. ¹ The sarcophagus in the King's chamber was used for the adepts as one of their final tests. The pyramids were built precisely along powerful earth energy lines known as "ley lines" and used by the Gods in their ritual workings. Beneath the great pyramid are the Halls of Amenti, the womb of the Earth. The adept would lie in the sarcophagus in the correct position so a powerful beam would hit the third eye chakra. The adept would then begin a specific type of meditation and the experience would be so blissful, some never returned. Part of the initiation was the conditioning of the student to remember to return to their bodies after the experience. The final initiation also was held in the King's chamber. This

4-5 minute ceremony took place in the center of the room. An Ankh was drawn on the third eye of the initiate.²

Satan created the Brotherhood of the Snake for humans to be able to advance to higher levels of spirituality.³ The Gods were the teachers. Most are now the ones we know as the Demons. Some of the Gods, such as Thoth and Isis escaped being labeled as Demons. Isis is really Astaroth, but not too many know this. They helped and taught humanity.

Christian Mind Control Methods

One technique xians have used for centuries is that of mind control. Those who attend xian services or masses subject themselves to being programmed. One naturally becomes bored and begins mindlessly daydreaming, or even half-nodding off to sleep. This is when one is most susceptible to their subconscious mind being programmed. This is even worse for in the case of small children and even babies whose minds are open and susceptible. In colonial times, church masses lasted all day long. The church usher would carry a long steel pole with a ball at the tip to crack those who nodded off on the head. Church attendance was compulsory, resulting in fines or public humiliation such as confinement to the stocks for a specified period of time if one did not comply. All of this is a conspiracy. The xian church masses and services are meant to be boring in order to induce a passive and receptive state of mind where one can be programmed without their knowledge. Those who control the xian program know all about the mind and how to program the populace. They are nothing but a bunch of the worst criminals. All of this is done deliberately to create a slave state. The slave state is the goal of xianity. The xians who walk around with the pasty artificial smiles as though in a trance are those who continuously subject themselves to this indoctrination. More and more church attendance and reinforcement turns them into conditioned robots. This is one reason many who are in the process of breaking away from xianity have a hard time, experience confusion and sometimes fear. People are unaware they are actually being hypnotized. Studying the truth will eventually result in deprogramming one's mind. The fear, doubt, and confusion will eventually give way to reason.

Xian "Prayer"

I'm sure most of you have heard the latest news concerning the recovery of Elizabeth Smart of Utah, who was abducted several months ago. The xian family raved on and on about "The Lord," and quoted bible scriptures in front of the press, following her return.

The point is- there were many, many xians praying for the girl non-stop for these past months. Even the worst of idiots, who for months keep applying "prayer" which amounts to psychic energy, as part of a group who is doing the same, will achieve something. Then they go on to praise the "Lord." They don't realize all along, it was their own efforts.

When we go to Satan, we go one on one and he hears us. We don't need multitudes of people and psychic energy to receive help in our time of need or to receive answers, nor do we have to wait months and months; even years or in many cases, never; to be acknowledged.

The above is obvious. It took several months of "prayer" (applied psychic energy) for these people to achieve their ends. In most cases, xian prayers are futile and it stands to reason when there are groups of people applying the energy of their minds to a specific goal, there can be success. Fools are taken in by this sort of thing.

Familiars

A familiar is an animal that is a gift from Satan to one of his disciples. This animal forms an extremely tight and loving bond with the owner. The animal is different from other animals in that he/she is inhabited by a Demon. The bond is usually so close, should the owner fall sick, the animal often will feel ill as well. Dogs, cats, birds, rodents, and reptiles can be familiars. A witch can have several familiars. One will find they are looked after and protected by helpful Demons who will see to their well-being. These animals are gifts from Father and should be treated very well. Witches were said to take great care of their familiars.

Familiars are highly protective. They can help in magick as a partner. Witches who do not have familiars can send out a psychic call to attract the right animal. Familiars are known to be sensitive to psychic power and are welcome partners for the raising of power, the casting of spells, scrying, spirit contact, and other magickal work. They also serve as psychic radar, visibly reacting to the presence of any unwelcome or negative energy. The pet dog of a High Priest viciously growled and snarled, with his hair bristled when the presence of an angel was detected and warned his owner of this unwanted presence.

The protection goes both ways. The owner will also be psychically protective towards his/her familiar. The bond here is as strong as parent to child. In contrast to all of the enemy claims and horror stories, Satan holds animals in high regard and wishes for his people to treat them with much respect. In the *Al Jilwah*, he states, "The beasts of the earth, the birds of heaven, and the fish of the sea are all under the control of my hands."

One of the reasons for the rampant spread of the bubonic plague (Black Death) in Europe during the 14th century was the xian church declared cats to be of the Devil and people killed them en masse. This left the rat population to explode at an alarming rate and the fleas that were common to rats spread the plague.

Important Points

I received a personal e-mail today that brought up several important issues that I feel need to be addressed to everyone.

Due to compulsory xianity in many homes in the USA, Europe, and in many other countries worldwide, most of us come from xian backgrounds.

Remember, once you make a commitment to Satan, you enter a new life. The past is dead. Don't dwell on your former experiences with past teachings and religions. Forget them. Satan accepts you; he understands. Some people feel because they come from an xian, even fundie background, or were involved in activities where they blasphemed Satan, he is angry with them. The most important point here is with Satan, we realize our past error and come to him of our own free will, free from coercion. We renounce our past, the enemy god and everything connected with him. We renew our lives through Satan. The past is dead- PERIOD.

Another point is often, people expect drastic changes immediately following a commitment ritual. This does not usually happen. When I did mine several years back, I didn't know what to expect. I expected nothing. I had little to go on and no support or direction whatsoever. I found within two months, Father Satan blessed me with something nice that I did not expect. Be patient. We are all individuals and he rewards us in different ways. Most of these will be subtle to begin with, but over time, you will see where your life has really improved. Those who have no expectations and just go on about their lives will find themselves pleasantly surprised.

All of us get sick or experience problems at times. Everyone has his/her Saturn so to speak. Father Satan looks out for us and gives us the strength and his support to make it through rough times. The longer you are with Satan, the stronger you will become.

I would also like to comment on impatience. Many, especially teens are very hard on themselves and too self-critical. Becoming an adept does not happen overnight, nor does it happen in a few months. Improvement can be seen when one works on this, but with working a Ouija Board, divining the future or spirit communication, this takes time. It has taken me over 25 years to master astrology and some other disciplines, although I was an atheist for many years and less than committed. Be patient with yourself.

In closing, the planets are really bad concerning world affairs. I strongly encourage everyone to empower yourselves NOW, DO NOT WAIT! Your aura will protect you. Remember, we are NOT those who are without. Don't put this off or wait. Do the Awakening exercises and empower your aura/chakras. This builds when done every day and can save your ass where others fall into lethal circumstances. It is against my purpose here to go into any politics, but I will tell you, the transiting planets and the messages those of us who are very close to Satan have been getting are indeed ominous.

Patience

When people are new to Satanism, one of the first things many want to know is who their Personal/Guardian Demon/ess is. This is a good thing, but I recommend people get to know Satan first. In time, you will meet your Demon/ess when you are ready.

It takes time to establish a relationship. This is a two-way street. Your Demon/ess will get to know you and you will get to know him/her. This can take years. It is a most rewarding experience where you can learn and evolve spiritually. After a while, a very strong bond will develop between the two of you. This is something that builds and becomes stronger as time passes.

I have learned the most directly from Father Satan and my Demons. I have even had Demons enter into me and help me out with a psychic reading for fun. The bond we have with our Demon/ess is one of the strongest we will ever know, it just takes time. Remember, honesty is most important and what we put into the relationship in many ways is what we will get out of it.

Just let go and let Satan. People need to relax and let things unfold, as they will. Most often, we will be pleasantly surprised.

The Tree of Knowledge, The Apple and the Serpent

Edward Kelly's "Vision of the Round House"¹ adds further credibility to the texts written by scholars supporting the concept of the creation of humanity by extra-terrestrials through genetic engineering. There is no way Dr. John Dee and Edward Kelly had any knowledge of this in the 16th century. The "Vision of the Round House" is identical: Humanity was created by extra-terrestrials who needed slave laborers in the mines. By taking the ovum from a Cro-Magnon/primate and using artificial insemination with a sperm from one of the Nephilim, we were created.

The one known as Satan created us and designed us. He intended to bring us knowledge and make us as the Gods, but he was prevented from doing so and cursed by some of the other Gods. We did not evolve naturally, as did animals who have overall better health and immunity. Satan wished to bring us to perfection, but some of the other Gods wanted for us to be destroyed after the mission was over, and since we were becoming an issue, they attempted to let us all drown in the flood.

During early development an embryo enters a stage. This stage under a microscope looks just like an APPLE. This is known as the "Torus Stage." The shape is called a "Morula." Every single form of life goes through this stage. This is the "apple" that was written about in the Garden of Eden. This is where Satan went against the other Gods and gave us more advanced genetics. The "breath of God" is the soul. The chakras are the psychic energy centers that are activated by BREATHING in certain ways to enable the Kundalini to ascend. When the Kundalini Serpent ascends, enlightenment/Godhead is achieved.

The Tree of Life is Ancient Egyptian in origin. It is actually a pattern of the human soul. It plugs into the Flower of Life that has been inscribed upon so many walls in Egyptian temples and also in the pyramids. The Flower of Life is the blueprint for every living thing.

Fools claim Satan is a "Christian invention." All of the Old Gods were made into Devils and Demons in order to destroy their relations with humans. These Gods have been present throughout the history of the human race and have attempted to give us knowledge and to help us in our times of need. Cities were destroyed, libraries and other places where books were kept were burnt and destroyed. Every culture, such as the Philistines, that worshiped other Gods was made war upon and genocide of the populace soon followed. The Philistines worshiped [Beelzebub](#), he was the God of the Philistine city of Ekron and Zebulun. (Baal [Lord] Zebulun). There are few if any traces of the truth left concerning these Gods. To replace the knowledge that was destroyed, the Christian Church invented a fictitious past and history of religion.

The Old Gods have remained as Devils and Demons just to survive. The Judeo/Christian "God" wishes for the destruction of humanity. This can be seen in the [Inquisition](#), and the anti-life teachings, especially where the abstinence of sexual intercourse is concerned, to stop us from procreating and the plethora of crimes against humanity. Moses went on a rampage of war and slaughter when he descended from the mount under the direction of Jehova and the incident at Fatima where the virgin bitch revealed the alien contempt for humanity in the hopeful anticipation of our blowing ourselves to bits with nuclear weapons, are just two of thousands of examples.

With the opening of the watchtowers a small increment (Aleister Crowley 1904), humanity has been flooded with knowledge in the last 100 years that has been unparalleled in the whole of history. We have not had time to adapt. This was the sole intention of the angels who communicated the information to Dr. John Dee and Edward Kelly. That the knowledge would act to destroy humanity within a short period of time. One hundred years is nothing to the Gods. With the coming of the enemy "God" Jehova, humanity was oppressed with an artificial mode of time that is contrary to how the universe runs. With this artificial time, the enemy has programmed fated events to occur that are detrimental to humanity. The fact that they were angels is portrayed by their arrogance and condescending attitude towards the two men. Demons are very friendly and understanding when treated with respect. I have never known Demons to be arrogant.

Most people either study physical science or the occult knowledge. Not very many study both. This is where people would benefit, by studying both, for in the end, it all comes together.

The Truth About "Possession"

This is an open letter to the public, namely Christians. In order to really know truth, you must become acquainted with both sides without prejudice. The Christian Churches have worked overtime to keep humanity horrified of and as far from the one known as "The Devil" for centuries. The truth is because they have plenty to hide and this involves where your soul will be going. The truth is these Churches have been abusing occult power for centuries and this is the foundation of their power and their wealth. Your spiritual ignorance depends upon it. Due to centuries of systematically destroying knowledge, the Christian Churches have been at liberty to dictate what Satan and Satanism are all about.

The movie, "The Possession of Emily Rose" is another scare tactic by the Catholic Church and [the alleged true story behind it](#) is a horrific example of Christian Ritual Abuse, which is alarmingly prevalent, but like the recent exposé of the pedophilia scandals, these have been suppressed by the media, given the wealth, power, and control of the Christian Churches. Victims of choice are children and young people. It is claimed the victimized girl's knees ruptured "due to the 600 genuflections she performed obsessively during the daily exorcism." The Catholic "genuflection" was stolen from the Ancient Egyptians.

This can be seen in the hieroglyphics and the truth be known, everything in the Christian religion has been stolen and corrupted from religions predating it by hundreds to thousands of years from all over the world.

I am a High Priestess of Satan and I am very close to the one known as "Satan." I know Satan and his Demons as real beings. I also happen to know Satan is our True Creator God and I can prove it if one takes the time to read along and study the material provided by links at the bottom of this article.

Allegations of "possession" are always directed at Satan. Upon closer examination and evidence from those of us who are close to Satan and have been Satanists for many years, we can state with confidence the one the Christian Churches call "The Devil" has nothing to do with "possession" whatsoever. As a matter of fact, if one would think with a clear head and apply some logic, it becomes very evident who is really behind it all. In addition, that movie was chock full of subliminal messages to frighten people.

Let us examine some key points of the movie:

The reason for the possession in the movie, was for "God" to let humanity "know we have a spiritual side." Ok, now what kind of way is this to let anyone know they have a spiritual side?? Everything in the Christian religion smacks of negativity: fear, terror, physical mutilation, ignorance, unknowing, cannibalism (Jesus is the living blood sacrifice) and the petrified human is left helpless, unknowing, and told he/she "must suffer."

I would also like to add upon studying the planetary positions (I am a professional astrologer) in this now deceased young woman's date of birth, she was at extremely high risk for mental illness and irrational fears with a very pronounced Neptune; Saturn/Neptune conjunction, exact Venus/Neptune conjunction and other astrological factors that contributed. Anneliese Michel was not a stable personality and given her life-long intense indoctrination with Catholicism, it is not surprising these problems came to the surface.

For those of you who are unfamiliar with Spiritual Satanism, Satan shows us we have a spiritual side through [power meditation](#) and knowledge in a positive sense. This is true spirituality. The spiritualism in Christianity is false. Christianity, namely the Catholic Church has been a tool to remove all spiritual

knowledge from the populace and replace it with practices and legends that have been stolen, twisted, and defiled from other religions around the world that existed from hundreds to thousands of years preceding it. This is a fact and with enough research it has been proven. The goal is and always has been to keep spiritual knowledge in the hands of a few who run the world think they are God. (See reference links at the bottom of this article).

Those of us who are close to Satan and refuse to worship the false gods of the Koran and the Bible fear nothing. We also have the spiritual knowledge and the spiritual authority to deal with psychic attacks and to understand where they are coming from.

Satan who is the True Creator of humanity, gives us the power, self-confidence, and the strength to be resistant against such things. Those aliens who represent the false "God" idly stand by and sadistically watch the utter horror and torment of their hated ones- innocent human beings. These entities cannot hide their true character from those of us who can see. Everything they are and do is ugly and negative. The "Virgin Mary" appeared to the girl in the movie and sadistically encouraged her to suffer.

Now, logically, think for a minute about this so-called "possession." What is the objective of so-called "Demonic possession"? What does this accomplish? What would this sort of thing accomplish for Satan and his Demons? This sort of thing has left people so frightened of Satan; few have ever been able to know him without prejudice.

On the other hand, it is plainly clear what this does for the Christian Church. This sort of thing spreads terror and that terror is based upon the spiritual ignorance and helplessness of the majority of humanity. [The Catholic Church mass murdered, and tortured to death millions of innocent human beings](#) who had spiritual knowledge, burned and completely destroyed hundreds of libraries where spiritual knowledge was kept. Some of this is hoarded in the Vatican Library of which certain sections are only open to the top clergy.

1. Lukewarm Christians and others who do not regularly practice are frightened into returning to church on a regular basis and this gives the churches more material wealth and power and above all, the psychic energy they need to channel into their goals of enslaving the world.
2. Spiritual power is kept in the hands of a few to the detriment of all. [The Jesuits](#) who run the Vatican, unbeknownst to the average Christian are fully capable of spiritually harming another human being, especially their own devout Catholics who tie into the beliefs (sympathetic magick). This order is adept when it comes to black magick and the average person is helpless against it. This is shown through all of the wealth and power they have. Protestants enjoy pointing the finger at the Catholic Church, yet they refuse to look at their own who are every bit as guilty and tie into the same lies in the bible (a book comprised of corrupted material stolen from religions around the world predating it), and upon close examination is a hoax infused with occult power with a very sinister objective for those who believe in it. This is a classic case of sympathetic magick where a connection must be made at some level. The connection to the original religions is in everyone's racial memory. Satan, who is our True Creator God does not contradict himself.
3. They forever rant and rave how "The Devil deceives and is the 'Master of Lies'" yet for any scam to be successful, the victim(s) must be unknowing on some level. Spiritual knowledge comes from Satan. Christian Priests and ministers alike are lost as to giving answers and solutions to many problems that face humanity. In contrast, Spiritual Satanists have the ability to heal themselves and loved ones, astral project their souls at will (this enables one to navigate the astral and be familiar with it so upon death, he/she will neither be lost nor spiritually helpless), obtain the necessities and comforts of life through power meditation, to spot spiritual problems and to heal them in him/herself and others. Satan has given us knowledge of the anatomy of the soul and how to maintain the soul and keep it healthy so

problems like the above never happen.

4. These are gifts from Satan who is our true God and Creator. There is nothing spiritual about the Christian churches. Christians are under a powerful spell of catastrophic proportions and those who do not wake up will face their own damnation through a lack of knowledge.

It is sad they picked upon Belial and accused him of such things in that film. Belial has done much to help those who are under his protection and guidance to advance spiritually. Belial would never allow a disciple of his to suffer needlessly and when a dedicated Satanist is in trouble spiritually (yes, we get attacked by the same angels who are behind these possessions that are blamed upon Demons) other Demons and at times even Satan himself will come to the aid of the victimized human and see to it no harm comes to him/her.

In closing, the Demons were bound for centuries. Anneliese Michel (the real name of “Emily Rose” was supposedly “possessed” in 1968. I can reassure you the Demons including Belial were bound and it was not until very recently were they released. I know because I was involved in releasing them. Only now are they able to come forward and defend themselves and reveal the truth to those who will listen. It is said “In the end, the truth will come out and many will want to join on at the last minute, but it will be too late.”

Read on and learn the truth before it is too late...

The Truth About Biblical Prophecies

I have received a several e-mails, one from a Christian preacher and a few others who lacked knowledge; mostly from Christians who use the predictions in the biblical book of Revelation/Apocalypse as an excuse to adhere to Christianity (Again fear is used ad nauseum). I posted an article some time ago in regards to the Jehova’s Witnesses and how for the past 150+ years, they have been predicting “Armageddon” to occur either within the coming year or within the next five or ten years. When they are proven wrong, of course they blame it all on “the Devil” and make other stupid excuses. It really gets to be a pathetic joke.

In truth, we are in the last days of the Age of Pisces and there will be drastic changes. Exactly what these changes will be remains open. The Age of Aquarius will not be upon us though, until the middle of the next century.

Now, concerning these prophecies. There have always been earthquakes, famine, pestilences and such. Only in the past century, have sciences such as geology, chemistry and physics advanced to where determinations of the magnitude and epicenter of earthquakes, the intensity of tornadoes and calculations of other natural disasters can be made. With the capabilities of mass media, it is now possible for these occurrences to be reported worldwide within minutes. 1,000 years ago, a massive earthquake would have only been recorded locally, and would not have been reported around the entire world, as there was no media to report it. Obviously, TV’s, newspapers, and radios did not exist in those times.

There are many arguments concerning the supposed “end.” Now, Satan tells us in the Al Jilwah that the Judeo/Christian Bible was the product of input from the “other gods.” [This can be easily seen as the entire book is made up of myths, legends and characters stolen from other religions around the world that pre-dated Judaism and Christianity by hundreds to thousands of years.](#)

Most of these prophecies were written for one reason and one reason only- to create fear in an unknowing humanity, and through that fear, enslave and enforce the obedience of human beings. Biblical prophecies are not based upon clairvoyance on the part of these gods, but upon information. Humanity has been stripped of ancient knowledge due to centuries of Christian control and remains ignorant, falling victim to believing these threatening forecasts.

Let me explain. Yes, there have been signs in the sky, such as the grand sextile, which has never been seen before in all of recorded history. The grand sextile is a six-pointed star. Its origin is the Hindu "Star of Vishnu." The Hebrew "Star of David" was stolen from this. The Star of Vishnu predates the "Star of David" by thousands of years. At any rate, when one has knowledge, one can make predictions that have a very high probability of occurring. This is no different from when a Medical Doctor makes a prognosis or when a meteorologist predicts a hurricane's path because they can see it from satellite images, and where it is heading. Both examples are the result of having enough data, knowledge, and experience.

The same can be said for the Gods. Beings who have a life span of thousands and even millions of years, some like Father Satan and his Demons who are immortal, obviously, have seen much, much more than any human being, given their life span and advanced technology, knowledge and intelligence. They have seen the planetary line-ups, and how the solar systems these have occurred in were affected for thousands of years.

For example, a tight sixty-degree planetary line up (stellium) preceded the Bubonic Plague in the 14th century. This line-up occurred one year before the outbreak of the first major plague in 1348. This same type of line-up also occurred in 1982 and with this AIDS came on the scene Both have taken a multitude of lives.

The Gods mapped out the Ley Lines when they lived on the Earth. This was done in order to accurately predict the magnitude and location of future earthquakes and other natural disasters. The Gods were much more advanced than our present day seismologists are. The information from the Earth grid also provided enough knowledge for accurate prediction of the shifting of the poles and other potentially catastrophic events. These predictions were not based upon clairvoyance, but upon knowledge and ultra-advanced technology.

Christopher Columbus knew of an impending Lunar Eclipse and the date the eclipse would occur. He was taken prisoner by natives on a Caribbean island and obtained his release by stating that he could make the moon disappear. This frightened the natives knew nothing about eclipses and when they witnessed the disappearance of the moon, they immediately let him go. Remember a lack of knowledge= fear!! Fear= compliance, obedience and eventual enslavement.

An insect who lives only 2-3 months during the summer season will never know winter, but winter occurs anyway. We know this from experience as we have lived through many, many winters. A lot can be done to manipulate the ignorant. Take the truth and mix it up with lies and you will have them believing the lies as well. This is what the enemy has done.

So next time you are faced with some frightened and enslaved Christian who rants and raves about how the apocalyptic predictions are happening, be aware of how and why these were made. Remember, the Christian is taken in by these lies due to a lack of knowledge or just plain stupidity. With enough data and experience, accurate predictions are not hard to make. Add in the lies about Satan and they run to the Nazarene out of fear.

The All

Many people who call themselves "Satanists," and this particular point of view is very strong in the Church of Satan, believe they are already "Gods." Some people even go as far as to claim that humanity is "God."

Well, "God," then why is humanity in such a mess? Do you know your future, EXACTLY? What will happen tomorrow or a year from now? Can you accurately foretell the futures of your loved ones? Do you have the power ALONE to determine your own destiny? Can you heal yourself? Can you stop yourself from aging or from feeling pain? Can you move or levitate physical objects or yourself for that matter?

Thanks to Father Satan, we all have within ourselves, the ability to achieve Godhead, but how many people REALLY know how? Extreme discipline and dedication every day are required.

Unfortunately, humanity misses the boat in this matter. Most humans, thanks to xianity and other RHP religions are at square one. Few have enough REAL knowledge and power to determine their own destinies by themselves. Once a decision is made, or an action is taken, one has no real control over the outcome or result. We can often choose our actions, but not the results of those actions. We are also at the mercy of others actions and reactions, governments, acts of nature, our physical selves, and so forth.

Most people have not empowered their third eye, crown chakra and other psychic centers to see and experience the astral realm and the beings that dwell therein. There is much we do not experience through our five senses that directly influences our lives and the world around us.

As a professional Astrologer, psychic and Tarot card reader for over 25 years, I am VERY familiar with "fate." An atheist walks a very lonely road; I did so for 15 years. Although I practiced mind training and attempted to influence matters by myself, the results were always less than what I had expected. Fate always intervened in one way or another. A friend of mine, who was also into the occult; we got to talking one day- "well, why is it that things are hit and miss?" No explanation, "we don't know." He was an atheist also. Life was meaningless and unpredictable. Futility and depression were always on our tails so to speak. Oh, I fought back and hurt some of my enemies on sheer willpower and mind control alone, but this did nothing to improve my life, other than provide me with some pleasure in knowing that they got what they deserved.

I don't know how many times, we hear the word "force." There are many different "forces." Light is a force, composed of tiny particles called photons. Then we have x-rays, gamma rays, infrared rays, and so on. An earthquake or volcano, or tornado, generates a tremendous amount of "force." Then there is the "life force," bioelectricity, this is also a "force." These "forces" do not think, feel, have emotions, or make decisions by themselves. A "force" is impersonal. No "force" is a separate living being with reasoning, emotion, decision-making capabilities, nor does it act in various manners according to conscious choosing by itself. Any idiot with even a vestige of extra-sensory ability knows Satan and the Demons are not "forces" but real beings.

Here I sit, dumbfounded again. Two Days ago, my eldest son came to me worried sick. He lost his job unjustifiably over two months ago (the manager who canned him is REALLY paying for this, Thank you, Father Satan!! He is thousands of dollars in debt and making only half of his former salary. It was early in the morning, after 7 am (we both work third shift). Needless to say, I was worried sick- utility shut offs, etc. I got down on my knees before the altar I made for Father Satan; I was still in my street clothes. I asked him to help and told him I trusted him to work it out in his own way. My son now has several thousand dollars cash in his hand, more than enough to pay all of the bills in full. All obtained

legally, no payback expected.

The first religious book I read was the Satanic Bible. I did this out of extreme upset the xtians caused me. Where can I get away from these totally inconsiderate and harassing idiots?? I was still an atheist. One night on the internet, while visiting a Satanic website, I read- "light a candle, sit and ask is Satanism for me?" I was an atheist, I didn't light a candle, I just said it in my head. Things started to change all right. Over this time period, Satan has worked to establish a strong, trusting relationship with me. Satan is NOT "just a force." He is a very compassionate, caring, loving and benevolent being with those who are dedicated to him.

Satan has shown me love, He is the only one I have found I can totally trust. I have seen his miracles. He has calmed me when I was upset, comforted me. I have felt his beautiful love. I came home chilled one morning. This was nothing new. Going to sleep, normally I would warm up gradually. He put a warm aura all around me, head to toe as I was going to sleep and I felt his warmth and love. I have had so many experiences, too many to mention here.

Satan is a literal being; he is NOT a "force." There are very highly evolved beings in this universe, they are known to us as "Gods.

Under the direction of Yaweh/Jehova, knowledge of the original Gods and the methods for humanity to achieve equality with the Gods was destroyed. Many ancient libraries, millions of scrolls, tablets and books were burned. The xian church has worked overtime at suppressing the truth, through intense indoctrination and through resorting to torture and mass murder when proselytizing and coercion failed. Humanity is nowhere near Godhead. These religions have prevented us from evolving in the area of mind ability and power. Most extra-terrestrials are highly adept and they have us over a barrel.

Very few people have the ability to manipulate their environments using only the powers of their mind. The human race has a major disadvantage that renders us helpless against other beings and entities that are highly evolved and adept in the uses of their brains.

These skills can only be achieved through guidance from Satan and his Demons who are the original Gods. We all have a long way to go.

What really upsets me is how many of our own people treat our God, Satan. We have the strongest, most beautiful, loving, generous, and caring God there is.

Xians create beautiful churches, cathedrals, sing beautiful hymns, Muslims bow down before "Allah" 5 times a day, Buddhists construct beautiful elaborate temples, worship and burn incense. What do these "gods" do? The xian "god" shits on all of his followers, as does Mr. "Allah." Buddha does nothing.

Here we have with Father Satan- many psychically incompetent people claim, "Oh, he's just a force." We have very little praise and thanksgiving rituals of worship. It's always me, me, me! I want this! I want that! People receive things of which they ask from Satan and they never even stop to say thank you. They foolishly make demands and commands. These teachings come from the old judeo/xian authored grimoires that have been for centuries, advocating the abuse and extremely disrespectful treatment of Satan and his Demons.

Some fools go as far to try to "conjure" Lucifer. Some ignorant next to nothing in importance, tries to summon him like a servant to fix a sorry love life. This extreme disrespect has gone on for centuries. Like the character in the movie, "The Ninth Gate" said- "Orgies of aging flesh, conducted in the Master's Name."

On a video tape of an Anton LaVey ritual, a woman rubs her genitals on a religious icon. Anyone who calls himself or herself a Satanist should be long past acting out sexual hang-ups. Save the orgies for afterwards.

Satan appeared to a journalist in 1960 and stated that he did not like the way he was being worshipped. He went on to mention "a lunatic in his basement with the shades down." He stated that he had already won the fight for the earth. There are things that need to change in the way people relate to him. He and the Demons have been subjected to such insulting and disrespectful treatment that has gone on for centuries. "Oh, he's just a force."

As for those people who believe they are already "gods and do little or nothing to empower themselves," try doing your magick as a total atheist, by yourself. I find it so hypocritical how so-called "Satanists" who refuse to acknowledge Satan as a real being call upon him and his Crowned Princes of Hell in their rituals.

The Truth About Satan's Power

I don't know how many times I have heard Christian claims concerning the Nazarene or his angels banishing Satan from an area or "casting out Demons." My own opinion regarding this is the "Demons" aren't really "Demons" but angels impersonating what Christians believe to be "Demons." Why? Because it makes Satan appear to be under the control of the Nazarene and in many cases frightens those who lack knowledge. Fear is used to control.

I was watching the movie "The Exorcist." For those of you who are unfamiliar with this 1973 flick, the plot concerned a 12-year-old girl who was possessed by the Mesopotamian Demon "Pazuzu." This movie topped the charts for years, designated as the ultimate in frightening the public. There have been few actual claims concerning cases of "possession." Accounts included sketchy reports of victims "vomiting objects" and performing other senseless acts.

Everyone knows souls are important to Satan; humanity is his creation. When we dedicate our souls to Satan, we become a part of a massive vortex of energy that we can tap into to accomplish our desires and objectives. The additional energy not only benefits humanity, but also benefits Father Satan and the Original Gods, and gives everyone concerned more power. (The Christian churches have exploited souls and their energy for centuries). Now, as we know souls are important to Satan, why would he or his Demons do anything to frighten people away, or make people try to avoid him at all costs?

When looking at this analytically, one can see the truth, as there is a motive behind nearly everything. The only motive here is the greedy entity Jehova and ilk frightening ignorant human beings back into his energy bank of souls. Of course, Satan and his Demons are blamed as usual. Since Christians are forbidden to practice any magick or become knowledgeable in the occult, this ends with Jehova and ilk having a full supply of energy all to themselves to use as they see fit.

For people who use the traditional methods of summoning spirits as instructed in the popular grimoires, which use the names of Jehova and his angels, how do they really know exactly who or what they are contacting? Everyone I ever heard from who went through Satan directly to summon a Demon respectfully has had positive experiences. I know I have.

The followers of the Christian god and his foul Nazarene are forever crowing that this entity has power over Satan. In reality, this is not true.

When I was new to Satanism, (this was before I performed the initiation rite), I experienced much confusion. I was very upset one night and COMMANDED the foul holy spirit of Jehova to leave my body forever IN THE NAME OF SATAN/LUCIFER. I felt a weak, battered energy leave me through my feet. Afterwards, I felt a deep sense of peace, and much of the confusion and turmoil I was

experiencing was gone.

When I was twelve years old, Satan came to me in a Catholic Church, when an important Christian sacrament was being performed. The Christian "God" was powerless to stop him. On the other hand, I will bet one will never see Christian entities visit a Black Mass.

A couple of years ago, I initiated a friend in a city park at 4 am, because as no privacy for a religious rite at home. Driving there, she was fearful and hesitant about dedicating her soul to Father Satan.

When I was reading the prayers, afterwards, she told me, she saw a foggy white apparition that was an enemy spirit. Some Demons promptly appeared and chased it away. These Demons I might add were on the lower end of the Demonic hierarchy. They were the ones with the red eyes, gargoyle like with rubbery wings. This order of Demons mainly carry out tasks as messengers and protectors. I saw them quickly clear the path when Azazel approached the area they were in, out of respect. It didn't take much to get rid of the enemy spirit, afterwards, my friend felt much better.

When Satan approached the Nazarene in the desert, HE DID NOT APPROACH HIM AS AN EQUAL, BUT AS A SUPERIOR. We do not worship an equal or a lesser being. Satan's offering to the Nazarene, right there, blatantly indicated that he had much more power than the Nazarene fool. He talked down to the Nazarene. Most Christians are fearful of Satan. Satanists can blaspheme foul Jehova, his worthless "holy spirit," and his pedophile son,* but few Christians will actively invite the wrath of Satan. Many are even fearful of us- so much for their faith in a cowardly impotent "God."

-High Priestess Maxine Dietrich

*We believe the Nazarene to be a fictitious character, created from various myths and legends predating Christianity from hundreds to thousands of years. The sole purpose of this entity is to create a distraction. Unknowing followers are fooled into believing "Jesus Saves" when in truth, we save our own souls. Human beings have the power to heal and perform many other spiritual feats dubbed as "miracles." The Nazarene has been used over the centuries to strip humanity of all spiritual power and knowledge. This has placed humanity as a whole at the mercy of advanced enemy beings to be viciously exploited and victimized. A weak soul not only experiences physical illness, but also is spiritually a pawn both in the hands of fate and in the hands of the enemy (The Christian entity and ilk).

The Truth About so Called "Practices"

Anyone who has studied Ancient Sumerian/Mesopotamian Mythology knows how distorted these legends became when they ended up as the foundation for the Judeo/Christian Bible. Much of the practices of the Knights Templar were also twisted into bizarre stories in order to convict and murder members of the Order on the grounds of heresy, along with so many others in their day.

The Knights Templar originated in 1119 supposedly to "safeguard pilgrims" on their journeys to and from the Holy Land. There is a lot of controversy concerning this notion because there were only nine knights to begin with, and it has become known, they had specific instructions to dig beneath the Temple of Solomon. This became their primary center in Jerusalem on the site that is now occupied by "The Dome of the Rock."

Within a few decades following the excavation, the Templars grew into several thousand, and traveled extensively. Through this, they were initiated into various esoteric teachings, beliefs, and practices that survived outside of Europe and the control of the Christian Church.

The Order grew from the founding number of nine to number in the thousands, and within a short period of time because of certain stipulations, they became very wealthy and influential, holding a large number of properties and banking houses both in Europe and abroad.

What the original members discovered beneath Dome of the Rock is open to much speculation. Most scholars agree the Templars unearthed many ancient documents that revealed the Nazarene as a fictitious character. Other accounts and historical evidence point to the excavators further discovering that the Judeo/Christian "God" is the real "Devil" and that "God" and the "Devil" were reversed.

Historically following this event, grimoires and so-called "black books" manifested in an illiterate Europe. From my extensive studies and research concerning the Knights Templars and the history of this period, I have come to the conclusion the excavators discovered documents containing instructions for spirit abuse. It is more than obvious the Catholic Church made ample use of these, exploiting Demons in erecting a plethora of ornate Gothic (Goetic) cathedrals and other structures that defy all rational explanation, given the widespread ignorance and illiteracy of the times.

The order soon acquired extreme wealth. Many scholars attributed their advancement to their worship of the gilded Head of Baphomet. The idol was believed to have the power of creating wealth, causing trees to flourish and the earth to become fruitful. They were accused of anointing the head with "the fat of murdered infants." THIS WAS NOT FAT FROM MURDERED INFANTS AS THE CHURCH PERVERTED, AND TWISTED THE INFORMATION. THIS "FAT FROM 'MURDERED INFANTS'" WAS SEMEN. In the Judeo/Christian Bible, when a man "spills his seed," he is accused of murdering [potential] children (GEN 38: 9-10).

Semen, vaginal secretions, saliva, blood, and other body fluids were traditionally used in ancient religious rites as standard procedure. These fluids contain the life force, and when used by knowledgeable practitioners or priests, energy can be directed and applied to accomplishing specific objectives in the material world.

The Catholic Church's sole purpose was to remove any and all knowledge of the Ancient Gods, and religions that pre-dated Judeo/Christianity. A fictitious past was invented and to ensure this past would survive, anyone with knowledge of the truth was labeled as a "heretic" and condemned to torture and death.

Accounts of ancient religious rites were perverted and warped by the Catholic Clergy to justify mass murder and to create an atmosphere of terror that is so necessary for control of the populace. The Christian Church twisted the ancient religious uses of body fluids into "murdering infants in the name of Satan." This is false and has like so many other lies, evolved into taking on a life of its own, bringing accusations, murder, and slander upon Satanists and Pagans. Because most ancient knowledge was removed, warped and twisted, the church was at liberty to dictate what Satanism was all about to an unknowing populace.

This sort of thing over the centuries has driven certain people who could no longer tolerate the sick anti-life religion of Christianity to apply the cultural concept of "evil" to Satan and engage in occult crimes, believing this to be of Satan. The church has made ample use of these accounts over the centuries to further their agenda of lies.

The Knights Templar leaders did worship the Baphomet and renounce the Nazarene. In all probability from extensive travels in the Middle East, they more than likely learned the truth through interaction with the Yezidis and other peoples who kept the ancient ways. The magickal practices involving the regular use of body fluids and the use of semen in anointing the head, were acquired by the Templars from eastern sources of sex magick and tantric worship. Christianity had not yet infested these areas to remove the knowledge and replace it with lies.

Another area these stories originated later on and grew into a life of their own was from some of the old grimoires. These writings would instruct the mage to "sacrifice a kid." A "kid" is a young goat, NOT a human being! These grimoires are NOT of Satan. They are tools that were used to exploit the Original Gods who lost a battle in a war and had their powers taken from them. Warfare between advanced civilizations is spiritual and involves the soul.

Charges against 231 knights ranged from blasphemy and Devil worship to sodomy and other so-called "sins." Because of the wealth and power retained by the order, they had become a threat to the Catholic Church. King Phillip IV of France owed the Templars a considerable sum of money and was facing financial devastation. He conspired with the pope to arrest Grand Master Jacques de Molay and many other members of the Order. A significant number of members escaped and took up residence on pirate ships or remained as fugitives. Their underground organization of fraternal aid in keeping members of the Order alive and hidden from the Inquisition evolved into "Freemasonry."¹

Both the Christian church and Phillip IV were able to confiscate the property and holdings of the Templars following the arrests and murders by the Inquisition and the disbandment of the remaining members of the order. Grand Master Jacques de Molay, burning at the stake, cursed the Catholic Pope and Phillip IV, that both would die within a year, they both did.

Lucifer's New Aeon

We are going into a new aeon, the Age of Aquarius. Aquarius is the 11th sign of the Zodiac. This is the "Aeon of Satan." Here are some of the signs:

- 1999, inverted, is 1666 (one-666). $666 \times 3 = 1998$.
- 2000, in numerology is number 2; 11, $(1+1=2)$ Two and eleven are the chief numbers of Lucifer.
- 2000 was Year of the Dragon (the Dragon is one of the symbols of Satan) which marked the commencement of the 21st century.
- $666 - 6 \times 6 \times 6 = 216$. 2,160 years is the approximate time it takes for the synetic vernal point to travel backwards from one constellation to another. Aquarius, the sign of a man (the water bearer) represents the coming new age. Ea/Enki also known as Satan is symbolized by the Water Bearer of Aquarius.

The Gods placed much emphasis on the movement of the planets, stars, and constellations. They left images in stone, as seen in the Egyptian Sphinx, which was constructed during the age of Leo (10,500 years ago). The scarab, representing the ancient Egyptian sign of and the Age of Cancer, the rows of ram's heads (Age of Aries) and the monolithic sculptures of the twins (Gemini), are seen in numerous places throughout Egypt and Middle East.

In 1962, the planets lined up- Sun, Moon, Mercury, Venus, Mars, Jupiter, and Saturn all in the sign of Aquarius and ushered in the computer age, which emerged worldwide 28 years later following the Saturn cycle. Technology has advanced at an unprecedented pace in the past century.

Atheist, Dr. Madalyn Murray O'Hair succeeded in removing the xian bible and compulsory prayer from the public schools in 1963.

Anton LaVey established the first above ground Church of Satan on the Eve of Beltane, April 30th, 1966.

During the late 1960's the Catholic Church, which is the original xian church and the backbone of xianity, began to crumble. Catholic nuns and priests gradually shed their vestments. Today, the wearing of formal vestments by the Catholic clergy in many parts of the world, especially in the United States is rare. The Catholic clergy has dwindled to where the lay people are taking over the former duties of Catholic priests and nuns. The remaining priests, most of whom are aging, are being exposed and brought to justice for the sexual abuse and exploitation of children and other revolting crimes that have occurred for centuries. The resulting lawsuits and scandals are breaking the Catholic Church. The Protestants have their share of crimes against humanity as well. We are now in the age of information and communication, which will result in many of these xian sects being exposed along with the Catholic Church.

The 1970's band "Black Sabbath," paved the way for heavy metal, death/black metal. The metal scene openly blasphemes the xian "god" and Satanic lyrics are very popular, especially among the youth. Look around you- Satanic music, movies, books, role playing games, video games, the internet with thousands of Satanic websites, Satanic t-shirts, Baphomet jewelry, and more. Satan is becoming very popular. Satan has the youth.

During the 1990's, thousands of xian churches were burned worldwide. The xian churches are rapidly losing their credibility and reputations; as a result, many are lost and looking for answers. The xian religion was built upon murder, lies, injustice and appalling crimes against humanity and it is now facing the consequences. Knowledge is readily available and the lies and promises of the right hand path religions are no longer as effective as they once were.

In the Al-Jilwah, Satan states that those who are without "do not know the state of things that is to come. For this reason, they fall into many errors." We are reaching the end of the age of Pisces. It has been written that in the end, the truth will come out and many will want to join at the last minute, but it will be too late to do so.

Yaweh/Jehova, the REAL "Prince of Lies" is not going after the small stakes, because he has had the judeo/xian/muslim religions for centuries. The bible bangers are in for a rude awakening.

What You Should Know

Satanism and the Kundalini Serpent

Bioelectricity, what it is and what it does:

Bioelectricity is also known as the life force, the chi, the body electric, prana, the aura, the spirit, witch power, etc. There are many different names for this energy.

Our bodies run on bioelectricity. Thoughts are electrical impulses in the brain. The brain runs on bioelectricity. When this electricity becomes imbalanced, one has seizures.

The amount of bioelectricity an individual has, determines the degree of their physical, psychological and spiritual health. People, who are ill or depressed, have lesser amounts of bioelectricity. Depression all by itself, is a symptom of too little bioelectricity.

Bioelectricity increases our energy, our immunity to disease, our charisma, instills a positive outlook, and strengthens our thought power. With increased bioelectricity, our thoughts (electrical impulses) become stronger and are more able to manifest themselves in reality.

Some examples of bioelectricity include:

- Buddhist monks, who sat motionless in the street, (protesters), were soaked with gasoline and lit on fire. They continued to sit still and burn to death.
- Martial artists: busting through concrete with their fists, knife hand "karate chop," enduring major, crushing, and lethal blows, unharmed.
- Dim Mak: the deadly martial art of inflicting light specific blows to chi (a variation of bioelectricity) meridians (acupressure points of bioelectric energy flow) during specific times that can cause delayed death, sometimes up to five months later.
- When the mind, through fear, panics, or when one is in a life and death situation, this sometimes enables an individual to lift extremely heavy objects, for example, back end of a car, that under normal conditions, would be impossible.
- Telekinesis- The ability to move objects with the mind
- Pyrokinesis- The ability to set things on fire with the mind
- Electrokinetics- The ability to control objects, such as computers that run on electricity
- Levitation- Some martial arts and yoga masters have the ability to levitate their bodies into the air.

The strength of one's bioelectricity is the foundation of all magickal success. Old spells with strange ingredients have little or nothing to do with the success of a magickal working, the success depends upon the strength of the mind and the aura (the bioelectrical field) that with proper focus and direction, will affect one's environment and others.

Those known as the Gods (very powerful and advanced extra-terrestrials who have genetically modified their DNA so they don't age), have much of this very energy. Lucifer is known as "the shining

one." Many of these Gods "known as Demons" are radiant with this very energy. The hieroglyphs on the walls in the Egyptian temples, tombs and inside the Egyptian Pyramids explain how important this energy is in becoming a God.

Reaching true Godhead is difficult and requires consistent hard work and dedication. Mastery of the mind is essential. The spirit, as long as you are alive, is a part of the physical self. Yes, many of us can astral project (leave our bodies at will), BUT, the physical self acts to empower the soul as long as we are alive. My experience with the dead is they do not evolve in power any more, beyond what they had when they were alive. A spirit remains a spirit until they reincarnate physically. Only through the strength of the soul (powerful bioelectricity), will one ascend into godhood.

Kundalini and the chakras:

Kundalini is the highest form of yoga. It is a god thing. All of the tenets of Yoga, Buddhism, Hinduism, etc., and the western religions, preach helplessness, instruct one on how to be a total victim and try to make sure the results obtained from these disciplines are kept under strict control, if obtained at all. Sacred writings (hieroglyph means "Holy" and glyph means "symbol") left for us in Egypt (one of the original centers of True Satanism) are instructions for becoming a god.

The objective of mainstream religions, both east and west, is to keep humanity enslaved and powerless. These religions use fear as a tool. "Karma" this, and "Karma" that. Satanism does not preach helplessness. Satan is brilliant, fearless, incredibly strong, and defiant. He rebels against limitations placed upon freedom.

The Chakras

There are seven chakras located along the spine that are the most powerful. These are the "seven seals," written about in the Christian bible book of "Revelation." These are "The seven lamps of fire that burn before the throne of God." They are referred to as "seals" because the enemy aliens sealed them in humanity to prevent our acquisition of godly power and knowledge. We have been cut off from spirituality and the astral world. Thousands of years ago, we were as the Gods, until the earth was attacked and there was "war in heaven." Our being sealed has caused the human race to degenerate. Imbalances in this energy and blockages, along with holes in the aura cause drug and alcohol addiction, depression, a lack of concern for the feelings of others and other forms of life, abusive behavior and many other things that plague humanity.

Kundalini

The SERPENT OF FIRE is the symbol of kundalini. It lies dormant, coiled at the base of the spine, beneath the Muladhara chakra. The objective is to ascend the serpent (powerhouse of energy) from the base of the spine, through all the seven chakras and out through the crown chakra at the top of the head. In order to do this safely, all seven chakras must be completely open and unobstructed.

In order to handle a large amount of bioelectricity safely, one's body must be strong and all of the seven chakras must be fully open.

Kundalini is the life force and is very sexual in nature. This is the reason the Christian church and other RHP religions ban masturbation and all forms of sex. Sex is the creative power; it is one's use of the life force to create another human being. When one is trained and adept, the use of this force can be applied to many other objectives.

Hatha (physical) yoga can be a big help in stimulating and opening the chakras and very recommended. By increasing our level of physical flexibility, the life force flows easier. One only needs to look at the stiffness of old age and the ill health that accompanies it, old age precedes death.

There are many different methods of awakening this power. Some of these include:

- Chanting- Vibration is very powerful. The power of sound can break glass, weaken steel, and cement structures. Vibrations cause the chakras to open and stimulate the kundalini at the base of the spine.
- Controlled Breathing (pranyama) - Different methods of controlled breathing are specific to each chakra. We are all aware how important the breath is to the life force. The Egyptian God Thoth has said many times "Life is in the Breath."
- Visualization and concentration- Through visualizing and focusing our minds on each chakra, we can open, close and control them.
- Revamping the bioelectricity ideally, should be done slowly and gradually. One's physical and spiritual self is accustomed to operating on a certain voltage of bioelectricity.

Increased Bioelectricity:

- Can induce intense bliss.
- Strengthens and intensifies the aura.
- Gives a feeling of lightness, floating, glowing and assists in astral projection (where one wills one's soul to leave one's body and return safely).
- Opens one's mind for spirit contact and telepathic communication. Will enable one to resist disease and also provide the power to heal one's self.
- Protects the immune system.
- Provides the power to work magick- true magick without props- empty handed. This is the art of the true adept. Ceremony is unnecessary.

LIMITATIONS ARE NOT A PART OF SATANISM.

The Kundalini: Transformation Through Power Meditation

There are some things I feel I should mention concerning power meditations. Unfortunately, in life, rarely, if ever, does any serious transformation occur without pain. People who want power- so called supernatural power- will find in most cases, they will have to go through pain in order to achieve this.

Our bodies and minds are used to running on a certain amount of life force. When we begin to make some serious alterations with this very life force, certain nasty side effects can crop up. This is a given and is also individual.

The life force, like any electricity is HOT, BURNING HOT. There are different physical responses to extreme heat within the body. Some which are quite unpleasant. Inflammations, eruptions, burning sensations and so forth are the most common.

Knowledge is everything- to know what can be expected is to understand. One clergy member found his metal pendant that he always wears has become so hot it burned a mark into his skin.

This sort of thing passes, though it can take anywhere from a week or two, to a few years. Once the physical self adjusts, the soul has been completely transformed.

This is no different than strength and mass building through weight lifting. I remember when I first began working out- there were times I couldn't even get out of bed I was so sore. It took a few years, but the bone density and body strength/mass I have are permanent.

Remember, in meditation, the same thing. Unlike physical exercise, once you enter a point, there is no turning back. You can only move forward. Stopping can be disastrous in some cases. One may lighten up, but this will do little as a certain point has already been crossed.

****Very few, if any articles or materials contain any contraindications concerning the effects of advanced meditation.

1. People who are epileptics or have had any siezures, should either take it EXTREMELY slow or not at all. You are increasing the electricity within the body and the brain- enough said?

Even in normal people, physical adjustments to the increase of electricity can cause mild siezures.

2. Everyone should ALWAYS make sure the air they are breathing in during meditation is clean. Deep breathing is no different than aerobic exercise such as running/jogging and will affect the lungs and system accordingly. Cold air can cause pleurisy, inhaling polluted air, lung problems. Keep this in mind.

Signs the Kundalini is about to ascend:

1. Spontaneous physical/electrical energy surges can cause jerks, twitches, shaking, energy waves and even convulsions.
2. Increased sensory awareness- heat, cold, sounds, strong tastes, odors, heightened sense of body image or absence of such, feeling a strong burning aura, disturbing thoughts (this is why void meditation is necessary to banish them as is a strong mind).
3. Sleeplessness, insomnia. one woman did not sleep for 5 months
4. On the upside- increased understanding, much easier communication with demons and the

6th sense is increased and enhanced greatly. feelings of extreme bliss, peacefulness.

5. The external environment does not have any affect- people getting angry, you remain calm.

This is the awakening stage of the Kundalini. Much will depend upon the individual. One's health and any former meditation done in the past. The stronger you are in every respect, the less problems.

Kundalini/bio-electricity is hot like molten lead. A warm sensation at the base of your tailbone- some of us have felt a pulling upward- sometimes spinning sensation. This indicates your kundalini has been activated.

All of the chakras **must** be completely open and unobstructed. The serpent of fire will ascend piercing through each chakra. For some people, this is as hot as a glowing iron. One must stay focused and direct the energy out the crown chakra.

The kundalini will sometimes crackle and roar as it flashes like blinding white lightning as it hits the 6th chakra. This can be brightness beyond anything you have ever experienced or seen in your life. This is where calm, complete control comes in.

Kundalini is individual for everyone. What some people may experience, others may not.

Thoth wrote that the greatest obstacle to true spirituality is FEAR. This is where the strong survive the weak. One must have no fear. Father and your Guardian Demon will guide you. They will also push you when necessary. People talk that they want extra-normal ability and power- this is the way, but nothing comes without pain in this life.

Many talk the talk, erroneously believing they are "already a God." For most, this is just a legend in their own minds.

-High Priestess Maxine Dietrich

The Effects of Awakened Kundalini on the Mind

Kundalini and the energy of the chakras is bio-electricity. Our brains run on bio-electricity. This can be seen when some people have seizures. Our thoughts are electrical impulses. When we revamp our bio-electricity, we stimulate areas of our minds that have been and are normally dormant. Kundalini can kick up old fears, unpleasant thoughts and all kinds of things that have been buried in our minds. This is just a stage.

Void meditation and the ability to banish thoughts at will, is a definite help here, as negative thoughts serve no real purpose and tying into them is a waste of time, unless it is for a specific reason, as one wanting to deal with them. This is just a stage and will pass in time. Ignore any negative thoughts if they surface and they will go away.

As we can see, by focusing our attention to our chakras, we empower them. Focusing on and turning our attention to anything can give it power. Ignore something and it will wither away.

People who have or have had a tendency to seizures need to be extra careful with kundalini stimulation. People run the gamut with different experiences. What one does not experience, another will. Remember to take it slow and stay close to Father for guidance. Less is always better, with these exercises, but regardless of any experiences, one should go FEARLESSLY. The weak, usually those of the RHP who practice yoga and are not evolved, when they run into problems, they become fearful. This lack of character and control completely fucks them. Remember, FEAR is NOT a part of Satanism. If you ever get overcharged, just laugh it off and don't take it seriously.

The Fourth Dimension

The Fourth dimension is what we experience when we astral project, enter a portal to another time, or experience in an altered state.

When someone breaks a limb, the limb is placed in a cast. When the cast is removed, the limb is withered, shriveled, and needs rehabilitation in order to retain its former range of movement and strength.

Meditation opens a part of our mind that is defunct. Centuries of xian religious control have made most of us unaware of the fourth dimension, both psychically and scientifically. As humans, we can only see a small portion of the electromagnetic spectrum. Insects can see ultraviolet light. Certain animals can sense many things that a human cannot. Just because someone cannot see or hear something, that does not mean it doesn't exist, as with ultraviolet light, X-rays, gamma rays and other forms of energy.

When we open our minds, it takes time for us to adjust. I have had a lifetime of being psychic. Even though I was an atheist, I always had another sense, though I tuned out the spirit world. In coming to Satan, the so called supernatural increased 100 fold in my life. What is a typical day to many of us would completely freak out the average person. People had a hard enough time just being around me at work, as they began to "see" things (nothing really psychic, just enemies getting punished and so on). To me, this was just another typical day. One time a bottle of cleaning fluid half way down the aisle flew off the shelf and in spite of having a screw on lid, the thing was open and running. The guy who was working with me (he knew I am a Satanist) freaked out.

Hearing voices and seeing things are the most common manifestation of opening up our minds. This will pass eventually and come under control. This is like exercising. At first, you are sore. Then, things come together.

With performing power meditations for given any length of time (they should be done every day), you will experience some serious power. You will no longer need props, spells, or rituals to get what you want. I was reading where this CoS member wrote where LaVey advised people to use props in order to "amplify" emotions and energy. For those of us who do these mediations, this is totally unnecessary. Your intentions will not need to be amplified. If anything, you will find your emotions and personal power will need to be controlled and toned down. You will see what I mean if you are doing the meditations consistently.

Those who are lacking in power need the crutch of props. These people are helpless whenever something happens out on the street as they have to have material objects they rely on to perform any ritual or working.

For an adept, just looking into someone's eyes will often do the job. This is where intensity needs to be controlled and toned down, unless one is seriously offended or threatened in some way. You will feel your own intensity and power and also feel the reactions of others to it.

Science has not progressed to explain the fourth dimension. This is where we interact astrally, and where our Demons are at when they come to us. I was confused about the fourth dimension. Azazel came to me and lied beside me. I asked him about this and he told me, even though he is physically elsewhere, his consciousness is beside me.

Concerning Encounters with Undesirable Entities

When we open ourselves to astral, there can be times when we experience unwelcome intruders. People who are impressionable, emotional, and overly sensitive can have these problems more than the average.

A strong mind and the ability to banish thoughts are important. All of us should have the ability to defend ourselves psychically, if necessary. Sometimes strong unwanted encounters and influences can come from other human beings. Christian prayers and thought forms directed at us, can make us feel ill at ease, cause us confusion (especially for those who are new) and throw us psychically off balance. Knowing the source of unwanted influences is a formidable part in defending ourselves.

Spirits can be unwelcome intruders. Unlike other religions, Satanism exposes us to many different experiences, so that we may become strong, knowledgeable, independent, and confident in our own abilities. Outsiders who have little or no experience with the astral are completely at the mercy of any entities they may encounter, because of a lack of knowledge, preparation, and experience.

Having a strong mind is of extreme importance in **any** dealings with the spirit world, being able to banish unwanted thoughts at will and having control over emotions. Any weaknesses can be exploited by an unwanted entity with more power. Being able to cut someone or something completely off, at will in one's mind is the first step in psychic self-defense. Unwanted entities feed off fear and our giving them our attention. It is important to focus our minds elsewhere and totally ignore unwanted or bothersome entities. Without a steady supply of psychic energy, nearly all will leave.

Void meditation should be done every single day. This can be done anywhere, anytime. Just empty your head of all thoughts and concentrate on the here and now. Impressionable people who live in their own fantasy worlds and dreamers have the highest risks for psychic intrusion along with an inability to effectively deal with it. This also includes those who abuse mind altering substances.

When a link is established, it is a psychic feeding line for the intruder entity. With unwanted entities, the link forms where one is weakest. This can be fear, loneliness, a lack of knowledge or any other area where one is insecure. Now, I am talking about **unwanted** intruders, **not** Demons or entities with whom we have a healthy spiritual relationship. Since all spiritual relationships thrive on interaction and emotion, the way to deal with an unwelcome entity is to completely cut it off and starve it of any and all psychic energy.

In addition, if you pretend to yourself that the spirit does not exist and refuse to respond to it in any way, it will wither away. This may take days or weeks, but indifference is the most effective weapon against spirit intruders, they will eventually leave.

Other effective methods of psychic self-defense include grounding oneself. Get physical, indulge yourself physically, watch something funny and lighthearted on the TV, and just turn your mind away from magick and the occult for a while. It is also a good thing to meet with friends- anything to focus on the physical world and forget the astral. When our minds are preoccupied and focused on something of interest, even the most determined spirit will have a hard time getting through. Avoid right side of the brain activities, like listening to music, artwork, video games, and mentally drifting.

Being adept at controlling thoughts, emotions, and minds is very important if you ever wish to invoke spirits as a medium and let them speak through you. You control the spirit; you are in charge, not the spirit. When I am finished invoking a spirit and letting it speak through me to others, I turn it off

completely.

Over the past several years, I have come under attacks from angels frequently, given I am directly involved in spiritual warfare. I experienced quite an ordeal when freeing the Demons as this took several months and angels would harass me, at times relentlessly. They would attack me, even physically, beating on my legs in the middle of the night. When things got real bad, I called on my Guardian Demon who had been freed and he chased them away. I never conversed with any of them, in spite of their threats and at times, there were some who even tried to bribe me. I would only respond to them with ‘You are wasting your time.’ This was all I would ever say.

When we got started in freeing the Demons, a few were extremely desperate and tried to bribe me into freeing them immediately. The energy drain was intense as we connected our souls to the souls of the Demons and transferred our life force at the chakras. I told them that I only take orders from Satan and they would have to go through him, according to the order he wanted them to be freed. I just stayed extremely focused. The others who worked with me on this project experienced a lot of the same.

In closing, one of our High Priests had experiences with greys. He related that the energy and mind power these buggers have is monstrous and they are on the warpath. He survived them because he is highly adept. Remember, if anything ever gets beyond your control- call upon Satan himself or your Guardian Demon. The above situation is rare. Those of us who are the biggest threat to the enemy are the most attacked by them.

The Number Seven

I have studied many different writings and occult teachings. I have come to my own conclusions regarding what I have read. The old grimoires and occult writings, along with Enochian magick all emphasize the number 7. Many authors interpret this to correspond with the 7 planets. It is a well known fact that ancient (B.C.E.) peoples knew more about the solar system and universe than modern science gives them credit for. They knew of 12 planets, not 7.

The significance of the number 7 is not within the planets, but within the 7 major chakras. In Egypt, there are numerous hieroglyphs depicting the Gods using Ankhs and metal rods to tune their chakras. Initiation into the Ancient Egyptian Priesthood required one's opening all of these chakras with the methods I have been and will be writing about.

The 7 chakras are the powerhouses of the soul. Open these the correct way and empower them and you are indeed on your way to achieving equality with God. Father Satan breathed the breath of life into the body of man. This is where he met with serious confrontation and opposition from the other Gods. We were never meant to have these chakras. They have been sealed.

All high magick must have power. This power comes from the chakras.

These Awakening exercises are not very well known and are very effective for opening and empowering your chakras.

With the first exercise, if you have done this, you should feel a pressure or a knot in the middle of your forehead. This must be done 3 consecutive days, 24 hours apart. This is extremely important. You should never have to do it again after this. Once and it is a done deal for nearly everyone.

**There is a very small percentage of people who have their pineal gland so atrophied, they must do the exercise again after a waiting period of 2 weeks, but this is extremely rare. You will know whether or not you opened your 3rd eye because you should feel it. Pressure in the middle of the forehead, headache at the forehead, feeling a knot above the brows. These are all signs your exercises are doing what they are supposed to be doing.

It can be immediate or up to a month or more before you notice a powerful change in your psyche. The opening of the 3rd eye seal will enable you to have a lot of power normally dormant in outsiders.

It is my belief that the number 7 has to do with the chakras; "the seven lamps that burn before the throne of God" SATAN IS GOD.

Concerning the False Philosophy of Yoga

The ego is the self. "As above, so below," we need to work as a unit in order to advance. The Sanskrit word, "yoga" means "union." In my work as a medium, I invoked many spirits of deceased humans. On the astral, deceased souls stagnate and do not change or evolve. One needs a physical self in order to advance the soul.

Due to the right hand path teachings, many practitioners of the eastern disciplines have little knowledge of how to use their powers. The teachings of selflessness, sacrifice, asceticism, denial, ignoring the physical self and chastity (absence of sexual relations) are for the purpose of preventing humanity from accessing any mind power.

One needs the physical self in order to advance the soul. Mastery over the physical self is another matter. An adept should be able to transcend pain. Mastery over the physical self and ignoring/neglecting the physical self are two very different things. When one neglects the physical self, one creates disunion. Yoga in this case is no longer a concept. The same goes for ego and desire.

We should not let our desires dominate our lives, but without desire, life itself becomes meaningless. Our wants and desires are what make us unique individuals, and give us the personalities we have. Without desire, we stagnate and have nothing. Desire motivates us and our ego is our self. By denying the essential parts of ourselves, we break up the union. The practice of yoga or any other disciplines would not even begin without desire. Without desire, we have nothing. Strong desire, along with a strong mind and will is what makes magickal workings successful. When the life force is strong, there is a strong desire to live. Absence of desire is death. When we no longer have desires, we stop living.

Most of us will agree, upon meeting and uniting with Satan, he brings us together spiritually. We have a feeling of wholeness that we didn't have before. The popular yoga teachings are here only to deter us from power, like all of the teachings of Christianity and the other related religions. IGNORE THEM. Only use the physical techniques.

There are stages one goes through in the activation of the chakras and kundalini. Some of these stages are a lack of sex drive and lust. This is because the kundalini is sexual and when we begin power meditation, this energy is directed into different areas of the soul. People have also reported having much more intense orgasms once the kundalini is stimulated. Orgasms are much more intense and pleasurable with more bioelectricity. Sex should, if possible, be an addition to kundalini awakening. Kundalini is the life force and very sexual in nature. There are murals on the walls of the pyramids and temples in Egypt. These murals are of the Gods tuning their chakras. The male Gods are always shown with a full erection when undergoing this process.

The life force and sex drive are the same. By centuries and centuries of preaching the lies of abstinence and self-denial, these teachings have kept humanity enslaved both physically and spiritually. When the life force is strong, one does not experience depression, apathy, futility, or hopelessness.

More About the Philosophy of Modern Yoga

As Satanists, we are all well aware that good and evil have been inverted by the enemy. The teachings of the xianity and its related religions are chock full of spiritual abuses and suicidal advice in order to create easy victims.

Most victims are ignorant of the truth. Knowledge is power. Most eastern teachings have one sole purpose- to enslave. The few, who have knowledge concerning the workings of the mind for the past several centuries, have perverted and abused spirituality in order to keep and maintain power.

When we access altered states with our minds, through meditation or even involuntarily, and when we go to sleep, our brain waves slow down. In this state, we can access the astral and we become very open to suggestions.

Those who are without and adhere to the behavioral shaping teachings of yoga, Wicca, and other metaphysical disciplines are opening themselves up to the worst kind of victimization. They condition their minds to be receptive, more so than the average person. With the doctrines advocating destruction of the ego, the absence of desire, rejection of materialism and the physical self, and adherence to unhealthy dietary laws, these people are just waiting to be enslaved and programmed by the enemy.

When one is not grounded, one is just waiting to be controlled, manipulated, and made into a slave. Subliminal messages, media mass mind control and other influences have a ready victim, easily manipulated. Rejection of the material leaves all of the money and material wealth in the hands of a few, without having to lift a finger. The people who believe and do what they are told screw themselves.

The teachings of reincarnation have been perverted and distorted in order to make life meaningless, with unquestioning obedience, self-denial (while those in power get richer); the message is don't fight back, just be the perfect slave. Many, these days, are into the disciplines of yoga. Anyone who is aware of the science of [criminal hypnosis](#), as the special agencies of the world powers are knowledgeable in mind control, knows they are creating an army of mindless robots, absent of desire and under their control. These people open up their minds to all kinds of influences and suggestions, work at eliminating their personalities and everything else that makes them human and know nothing of how to use the power they work at obtaining, leaving it as a tool to destroy themselves, as it is undirected.

Only through Satan, can we obtain the knowledge to make full use of our powers. We must remain grounded and down to earth, while we work to empower ourselves. By empowering ourselves as a spiritual/physical unit, our will, our individuality, our desires, our egos, our personalities, we obtain the benefits of the exercises, while others are misled down a false road.

There are tons of books sold and thousands of websites, almost all of them promote the abuse of spirituality; turning those who mindlessly believe these perverted teachings into victims of their own making. The end product is the mindless, robotic slave who is a lost soul.

Yoga means "union" and its origins are Satanic. The spiritual cannot exist without the physical and visa versa. What the enemy is teaching is not true yoga. Without desire and will, one is nothing. Yoga is a threat to the enemy as it endows practitioners with spiritual and physical power. Because it cannot be completely suppressed, the enemy works to control it with false teachings for those who practice, and for those who don't, there are powerful subliminal messages to frighten the ignorant away.

A blatant example was in the movie ["The Exorcist."](#)

More Important Information Concerning Meditation

As you all know, I am against denial of any knowledge. The meditations I have posted are EXTREMELY powerful, especially when done consistently and combining them.

You must have all of yur chakras open as these meditations can stimulate the kundalini at the base of the spine and cause it to rise.

Signs that can alert you that your kundalini is about to come up are:

1. A warm feeling in the base of your tailbone or your ass.
2. A spinning, pulling sensation in this area, like a pulling up.
3. A strong feeling of energy that draws your attention to this area
4. Feeling like you want to rock back and forth or more so, doing this involuntarily

You must be prepared for this both physically and mentally. If you are experiencing any of the above and feel you may not be ready, take this seriously. All you have to do is stop meditating for a few days or better yet, concentrate on making sure each and every one of your chakras is wide open.

You must be strong both physically and mentally. If your kundalini begins to ascend, it can literally be as hot as molten lead up the spine. You must not lose your concentration at this time, but concentrate intently on directing the energy out your crown chakra that will act as a vent.

When it hits the 3rd eye, it can flash like lightening and roar. A strong mind that is in control is everything here.

Warning signs of chakra blockage:

1. Extreme heat during meditation in any area of the chakras. This indicates blockage.
2. Pain in the above.

The meditations, especially the Egyptian meditation, when combined with a couple others is very powerful for prematurely raising the kundalini.

This will raise your life force 100% or more and a strong physical body is needed to handle it. People who have a background in strength training or athletics are better able to handle this energy.

Above all, should this happen, regardless of your present physical condition, your body will adapt, but it can be most unpleasant and take up to a year. Mastery of all emotions is essential. Fear is OUT. Whenever doing ANY spiritual work, one must NEVER let in any fear. **FEAR = FAILURE**. For those who are new and/or inexperienced, if you cannot control fear, replace it with laughter.

The Mind

Physics of the Soul

There is a sub-atomic particle, discovered in 1956, called the neutrino. This particle, because of its extremely tiny size, and elusive behavior is difficult for scientists to study. The missing 9/10ths of the universe is thought to be comprised of neutrinos and neutrino-like particles. Although neutrinos have mass, they pass right through physical matter. It has been estimated that a neutrino from the sun would stand a good chance of penetrating a thickness of lead stretching from Earth to the nearest star without colliding with anything.

Recent developments in physics, astronomy, and neurology provide an unexpected breakthrough into the understanding of psychic and paranormal phenomena. The atoms of our physical bodies contain the much finer and faster vibrating neutrinos and neutrino-like particles. These finer and faster vibrating particles compose the substance of the soul, that is joined to our physical body by a magnetic cord that breaks at the moment of death. The soul breaks loose from the body when the body is no longer able to function as a home for it.

When one applies one's self to consistent [power meditation](#), one's chakras vibrate at faster speeds. This takes training, preparation and readiness, but through the higher speeds, approaching the speed of light, one is able to access other dimensions at will.

Humanity currently resides in a lower dimension. This has much to do with our earth and its position in space. In higher dimensions, colors, shapes, sounds, and thoughts are more vivid. One can see through walls and have the sensation of omnipresence. Telepathy is extremely enhanced and other senses become much stronger and more open beyond anything most people have experienced.

Brain Waves

There are four main types of brainwaves: Beta, Alpha, Theta, and Delta.

Beta waves characterize the conscious waking state at 14 cycles per second and up. The conscious mind does not take suggestion very well. Reasoning, logic, thinking and putting into action what it already knows is mainly what the conscious mind does. Higher cycles of beta waves are used in rituals where a lot of active energy input is needed, as in revenge. A good example is in building a circle cone of power. The more excited one becomes, the higher the cycles per second in the brain.

The alpha state operates at a lower cycle, 7-14 per second level. This is the trance state when the body can no longer be felt, and sounds may become painful. This is the meditation and sleep range. Deep meditation descends into the theta state.

In the alpha state, one is open to suggestion as the conscious logical mind is subdued. The conscious defense barrier is down. Hypnosis takes place on this level. When in the alpha state, we can program our own and/or the minds of others. The deeper you go into alpha, the closer you get to theta.

We can influence others when they are asleep or in the alpha state. This is one reason most mages prefer to do their spell work at night when most people are asleep.

Talking to someone who is sleeping will act to program his or her mind. This can be done, even at a distance with intense concentration, visualizing the individual, and directing thoughts into his/her head. This may have to be repeated several times. The strength of your mind and aura will determine your success. Make sure the thoughts you place in his/her mind are commands, as in telling someone something you want them to do for you. Be calm, but firm and persistent. It may take a while, depending on the strength of your mind, but in time, results will manifest.

Psychic experiences can happen in the alpha state. Both daydreaming and sleep dreaming occur while in the alpha state.

The theta state is 4 - 7 cycles per second. This is where all of our emotional experiences are recorded and is of the subconscious. The theta level opens the door to descend even deeper into the psychic/astral world. While it is possible to have psychic experiences in the alpha state, the most profound experiences occur at the theta level. At this level, one is able to experience astral travel and psychic communication, achieve enlightenment, and enter into other dimensions; this is where past lives can be accessed.

Brain wave activity in the delta state ranges from 0 - 4 cycles per second. This is total unconsciousness, coma.

When in the alpha state, visualizing our desires, as if they are real and actually happening will make them manifest in reality, especially if affirmations are included. In theory, it is said the subconscious mind believes what it is told in this state to be true. Affirmations must be stated in the present tense. The subconscious mind does not understand the word "will" as it is in the undefined future tense. "Will" never happens. Make sure the wording is exactly what you want and look at every aspect, or something unexpected and fated could cause things to go wrong. Wording is important and must be planned carefully. One woman wished to win a contest. She repeatedly told herself she would be the best and went through the entire mental exercises. It turned out she was the best, but because of the biased judges, she lost the contest.

The more intense your visualizations, the stronger your mind/thought output will be to act in attracting what you desire.

Becoming proficient with descending into the Alpha level is usually necessary before you can easily descend into Theta at will.

This can be achieved through [self-hypnosis](#).

The Location of Occult Power in the Brain

The pineal gland is the part of the brain that empowers what is known as the "sixth sense" and other paranormal abilities. It is also the center of bliss sensations. The pineal gland is defunct in the average person. A defunct pineal gland is analagous to a severed spinal cord where the brain cannot send messages to move the body parts beneath the area that has been severed. The only difference is it affects the soul.

Through the centuries, because of Christianity and its related "religions," humanity has devolved and degenerated spiritually. This is why the human race as a whole is psychically powerless. The goal of the Christian Church always has been to keep humanity without knowledge, and without power. Any time the Christian Church took control of an area, the ancient records were removed and/or destroyed. The church then replaced the knowledge it removed, with lies and a fictitious history. This is why the human race is where it is at today spiritually. Depression, illness, misery, helplessness and ignorance are the results of the loss of this knowledge. The average person only uses 5-10% of his/her mind power. This is analagous to a limb that has been immobilized in a cast and is stiff and withered, only worse. Humanity has been denied access to psychic powers through a generational lack of use and has all but lost them.

In order to activate the pineal gland, power meditations must be must done regularly. It takes time to empower this gland and to activate it and use it.

The pineal gland works in conjunction with the pituitary gland. Both of these glands are stimulated through the [opening of the crown meditation](#).

The Pineal and Pituitary adapt and lower the frequency of bioelectrical currents. They are psychic energy transformers. Psychic energy enters through the higher chakras, and descends down through the crown chakra where it enters the pineal gland in the brain. As it enters the brain, the rate of vibration is slowed down. An active pineal gland acts as a transformer that further slows down the energy to a

lower frequency. The energy then enters and moves from the hypothalamus region of the brain into the pituitary gland. The pituitary further transforms the energy to an even lower frequency so that it can be assimilated and read by the brain.

Humanity as a whole is operating on a low frequency. Power meditation and spinning our chakras speeds up this vibration to a higher level where we are psychically open and aware. A higher vibration also protects us against illnesses and negative energy.

The Corpus Callosum works to exchange information between both hemispheres of the brain. Most humans do not use the right side of the brain, as we live in a left-brained world. Void meditation silences the left side of thinking and logic, and opens us to the right side, which is the intuitive/psychic side.

Light is essential to the soul. So much negativeness has been associated with light because of the abuse of RHP religions and the new age movement. Light is connected with lightening which is symbolic of the creation and is an age old symbol of Satan; the lightening bolt. We can travel on light and use light for our own purposes.

Unlike other religions, Satanism and science work together. We experience, we see and we understand. Satan explains things.

Clairaudience (Psychic Hearing)

Clairaudience is the term for psychic hearing. With the increased sensitivity that comes from a consistent program of power meditation, one can open one's mind to hear sounds on the astral. In the early stages of opening one's mind, astral sounds can be heard inside of the head; the same as with thoughts. When one progresses, sounds can be heard outside of the head and are much more powerful. Clairaudience usually begins with hearing astral sounds inside of one's mind.

In the beginning, at least with my own experience, the things I heard outside of my head were nonsense and had no value. These occurred when I opened my crown chakra. Like everything else, clairaudience takes time, meditations to open up the psychic ears and major chakras to be able to access this dimension of astral sound.

When one advances, celestial music can be heard. This is most beautiful. Father Satan visited musician Giuseppe Tartini in a dream. He heard Father play the most beautiful violin music, "indescribably beautiful." He awoke and wrote down what he could recall, but he could never duplicate the beauty of the music. He named the piece "The Devil's Trill."

All frequencies of energy have their own sounds. The entire universe runs on vibration. One of the most interesting experiences in clairaudience is hearing the sounds of the cosmos.

The more psychically open one becomes, the more likely he/she is to encounter different sounds. Anything from bells to ringing, buzzing (this is the bioelectricity; in Ancient Egypt, the bee was a sacred insect. Tutankhamen's rear headdress (coffin) has a bee stinger attached in gold), flute sounds, roar of the ocean and others. Certain sounds can be annoying, but these symptoms will fade away as one's system gets used to the heightened level of the life force.

The Seven Ears relate to the seven chakras. By focusing one's awareness on them during meditation and opening them, the ability of clairaudience will manifest. To open them, visualize a star opening up for each one and shining brightly. After this, increase the brilliance and diameter. Opening these energy points will enable one's mind to hear the astral and unlock pathways for healing energy to circulate. This can be helpful for people who have problems with bad eyesight, hearing, headaches and other problems. Meditating on both the psychic eye and ear points is very powerful for receiving messages from the astral.

Remember, if you ever hear anything you don't like, just tune it out and shut it off.

Errant Thoughtforms and Meditation

The most commonly known example of a thought form is the “haunted” house. For a place to have an energy about it, a very emotional event took place, usually a violent death or a murder. The fear, anger, and destructive emotions are so powerful they leave behind an essence most people (even the average person) can detect. There is no greater energy than that given off at the time of death and if the death was violent, the entire area can reek of it for centuries.

Thoughtforms create a mass of energy. They are the result of intense emotions and thoughts. Their lifespan is determined by how much energy is put into them. Continually dwelling upon something over a period of time gives the thought/emotion energy which takes on a form of its own. Every individual is different according to the strength of his/her aura and thoughts. Some people are born with a naturally strong mind and aura owing to previous lifetimes. Most people have thoughtforms attached to their aura. The results of daydreams, fantasies, anger, hatred, desires and so forth, when repeatedly dwelled upon, form permanent thoughtforms. Thoughtforms can be either positive or negative. Either way, they can interfere with a person’s thought processes.

When we meditate, we increase our energy. The thoughtforms we have, feed on this energy. Power meditation is a sort of cleaning house process. We can tune into and remove these, same as we can do with others who have attached themselves to our souls. Removing these will bring clearer thoughts and peace of mind. It is a healing process.

Hypnosis

About Hypnosis

We all have a right side and a left side brain. The left side of the brain is our conscious mind that we use every day to make conscious decisions and use logic. This is the active masculine side of the brain. The passive side is the right side of the brain. This is the receptive feminine side. The right side of the brain is highly suggestible and the side we access in both meditation and hypnosis.

In order to access the passive right side, the active left side must be subdued. This is analogous to turning off the electricity in a home or building in order to access the wiring. If the electricity is not turned off, a shock will prevent accessing any wires. The mind works the same way.

The more subdued the active left side is, the deeper the trance, the deeper the trance, the more receptive the passive right side is.

In order to effectively hypnotize yourself, you must be deep in a trance. To hypnotize another person, you must put that person deep into a trance- the deeper, the better.

In order to hypnotize someone, the operator must establish some sort of rapport. People who are highly suggestible, impressionable, and gullible make the best subjects. Those who are nervous, cynical, and uncomfortable with being hypnotized are difficult to work with. The CIA and other unethical professionals use barbiturates to put resistant subjects under. They use just enough so the mind will still be receptive to suggestions. If too much is used, the session will prove futile.

The success of the session depends upon how set the mind is regarding the suggestions. Chronic and longstanding problems, deep seeded hang-ups, and mental blocks require many sessions to overcome. The suggestions and affirmations must be repeated and repeated to break down walls in the mind.

With hypnosis, the operator is in control. The extent of this control with a professional is equal to the subject turning his/her entire life over to the operator who can command him/her to do anything. There have been numerous reports of psychiatrists putting their patients under and having sex with them. The patient was told during the session she would not remember the incident upon awakening. This is a common example. When you allow another person to hypnotize you, you are literally putting your entire life in their hands and with each session, you become more and more under that person's control.

In order to prevent any other person from hypnotizing you, you have to program your mind that you will never be hypnotized by another person. This creates a block. Hypnotists have been known to place their own blocks in the minds of their subjects. Some have placed several. The most common is the subject experiencing total amnesia concerning the session. Other blocks used by unethical hypnotists include the subject only being able to be hypnotized by the operator and no one else. These involved court cases where the operator used the amnesic subject to commit crimes. The human mind can be programmed to experience amnesia given any situation.

Determining the Depth of a Trance

The light trance state:

- The subject is physically relaxed

- The subject's eyelids may flutter or twitch
- Sounds may become painful

Light to medium trance state:

- The subject's limbs feel heavy
- The subject's breathing becomes slower and deeper
- Intense feeling of deep relaxation (the subject does not feel like moving, speaking or thinking)
- The subject feels detached from his/her surroundings

Medium trance state:

- The subject is aware of the trance, but cannot describe it
- Suggestive state (For example, the operator suggests the subject has an ant on his/her arm and the subject can actually feel it crawling, even though there is nothing there or the operator suggests there is smoke in the room and the subject smells it, though there is no smoke)
- Catalepsy: A condition characterized by lack of response to external stimuli and by muscular rigidity, so that the limbs remain in whatever position they are placed.

Deep or somnambulistic trance state:

- The subject can open eyes without affecting the trance
- Fixed stare and pupil dilation when eyes are opened.
- Complete amnesia
- Systemized post-hypnotic amnesia
- Uncontrolled movements of eyeballs
- Sensation of lightness, floating, swinging or falling
- The subject experiences a distortion of sound
- The subject can control his/her involuntary body functions- i.e., heart rate, blood pressure
- Recall of lost memories
- Age regression
- Visual hallucinations
- Auditory hallucinations
- Total Anesthesia

Methods of testing the depth of the trance:

The operator must establish the depth of the trance in order to remain in control of the session. This is done by testing the subject for their receptivity to the operator's suggestions. The most common method used is where the operator tells the subject he/she cannot move his/her arm. Example:

"Your arm is stuck to the chair, you cannot lift it, and when I count to five, I want you to try to lift it. If you have cooperated, you will find that the harder you try to lift your arm, the more it remains stuck to the chair."

The operator then counts to five, saying after each number, "Your arm is stuck to the chair." When five is reached, if the subject cannot move his/her arm, they are in a trance. If the subject can move his/her arm, he/she has not accepted the suggestion. The operator must start all over again and explain he/she can do nothing without the subject's cooperation. It is always important to secure the trust of the subject.

The next stage is where the operator deepens the trance and again checks to see how deep the subject has gone. The operator tells the subject he/she will stroke the back of the subject's hand and he/she will feel an increasing numbness and loss of sensation in that hand. After a few minutes of stroking, and speaking, the operator pinches the back of the subject's hand and then does the same with the back of the other hand that has not been stroked and asks the subject if he/she can feel any difference. If the subject replies that there is a difference, this stage of trance has been achieved; if not, the operator explains to the subject that further work on deepening the trance must be done. More sessions will be needed to take the subject deeper and deeper.

The next stage the operator tests is an even deeper stage. If the subject has advanced to this stage, he/she will be amnesic. The operator tells the subject to imagine that he/she is standing in front of a blackboard with a piece of white chalk and instructs him/her to take the chalk and write three words on the board. "Now I want you to take the chalk and write the following three words on the blackboard: First, tree; next grass and lastly cloud. Raise your arm when you are finished writing the three words." When the subject has signaled he/she is done writing the words, the operator instructs him/her that there is an eraser on the ledge of the Blackboard and says "I want you to take the eraser and erase the words tree and grass, leaving only the word 'cloud.' As you erase the words, I want you to also erase them from your mind, so that all you can think of now is 'cloud' 'cloud.' You are going into a deeper and deeper sleep. You are in a deep, sound sleep and all you can think of is the word 'cloud.' Now, what were the three words you wrote on the blackboard?" If the subject is able to remember the three words, he/she has not yet reached the amnesic stage of trance. If not, the subject has reached this stage of deep trance. The operator should then say "When I count to three, you will then remember the three words and repeat them to me." The subject should then be able to remember the words and repeat them.

In order to be able to place the subject in this stage of trance the next time the operator performs the hypnosis, he/she should tell the subject before bringing him/her back "From now on, whenever I put you into a trance, you will have reached the same depth of trance as you are in now by the time I have counted to ten."

The operator then brings the subject out of the trance: "I am now going to count up to five. When I reach five, you will be wide awake and feel refreshed and fine."

Self-Hypnosis

For self-hypnosis, you need to get yourself into a deep trance. The following is an excerpt from "A Treatise on Astral Projection" by Robert Bruce:

How To Enter A Trance

Relax and calm your mind through breath awareness. Imagine you are climbing down a ladder in the dark. Don't visualize a ladder; just imagine you can feel yourself doing it. On the exhale, feel yourself climbing a step or two down the ladder. On the inhale, feel yourself holding still on the ladder.

What is needed is a mental falling effect inside your mind. This changes the level of brain wave activity from the awake level (Beta) to the asleep level (Alpha) or the deep sleep level (Theta). Once your level

of brain wave activity reaches Alpha you will enter a trance.

Keep doing this for as long as it takes. The time it takes to enter trance will vary, depending on your experience with deep relaxation and mental calmness.

Note: Once you get the heavy feeling, stop the mental falling exercise. If you don't like the ladder, imagine you are in a lift [elevator], feel yourself falling on the exhale and holding on the inhale. Or, Imagine you are a feather, feel yourself floating down on the exhale and holding still on the inhale. As I stated above, you need a mental falling effect to lower your level of brain wave activity. This mental falling effect, when combined with deep relaxation and mental calmness, will cause you to enter the trance state. Feel free to use any scenario you are familiar with to bring about this going deeper feeling.

A trance feels like: Everything gets quieter and you feel like you are in a much bigger place. There is a very slight humming feeling in your body. Everything feels different. It feels a bit like putting a cardboard box over your head in the dark, you can feel the atmosphere change. It's like everything goes fuzzy or slightly blurred. Any sharp noises, while in trance are painful.

Deep Trance

The level of trance you achieve depends greatly on your relaxation, concentration skills and will power. To enter a deeper trance, i.e., Theta level and beyond, you have to concentrate much more and for much longer, on the mental falling sensation aided by breath awareness. The first level of trance, i.e., when you get very heavy, is quite deep enough for projection. I strongly advise against forcing yourself deeper than a light trance, until you have plenty of experience with the trance state.

How can you tell if you are entering a deep trance? There are four very noticeable symptoms:

1. An uncomfortable feeling of cold that doesn't make you shiver, coupled with a steady loss of body heat.
2. Mentally, you will feel very odd and everything will feel extremely sloooooow. Your thought processes will slow down as if you had been given a strong pain killing injection.
3. You will feel disassociated from your body, i.e., a strong floating sensation and everything will seem far away.
4. Total physical Paralysis. Note: These four things, ALL TOGETHER, signify you are entering a deep trance. Do not mistake the mild floating sensation you sometimes get with light trance, i.e., as you astral body comes loose. Or the slight loss of body heat from sitting still for a long time and the mild paralysis, i.e., the heaviness, for a deep trance. The sensation of deep trance is quite uncomfortable and unmistakable for what it is.

It is very difficult to get into the deep trance state, as you need highly developed relaxation, concentration and trance state skills plus lots and lots of will power and mental energy. You will not accidentally fall into it. If you are worried you are going too deep, remember this: You CAN pull yourself out of it at any time. Concentrate ALL your will on moving your fingers or toes. Once you can move a finger or toe, flex your hands, move your arms, shake your head, i.e., reanimate your body; and get up and walk around for a few minutes. Falling into a deep trance should not be a problem with these exercises.

Energy Body Expansion

At some point after entering the trance state, you will feel a mild paralysis come over you. This will soon be accompanied by a deepening vibration and a buzzing feeling all over. You may also feel like you are huge and swollen. The paralysis, vibrations and the huge feeling are symptoms of the energy body expanding and the astral body loosening. This is part of the normal sleep process. The energy body expands and opens in order to accumulate and store energy. During this, the astral body drifts

free, slightly out phase with the physical body."

Some people use a tape recorder and listen to the talking through and statements. The drawback here is when in a deep trance state, sounds can become painful and jar the nervous system. Everyone is individual and one should experiment to find the best individual methods. What works for one person may not work for another.

While in this state, [you can regress into a past life](#), by walking through a door or "portal" in your mind. The deep trance state is the time to make repeated affirmations to yourself to program your mind. Self-hypnosis is much like hypnotizing others, with the exception, you make the statements to yourself. Again, several sessions may be necessary.

Bring yourself out slowly and gradually, as you would do in returning from the astral

Hypnotizing Others

It is important to [read all of the articles in the hypnosis section](#) so you know what you are doing before hypnotizing another person. In order to effectively hypnotize another person, that person must be completely and deeply relaxed. The person should be sitting comfortably in a reclined position. When lying down, the subject is likely to fall asleep.

You must stay calm and in control at all times.

Begin by talking the subject through total body relaxation. Start at the feet, have the subject tense them up and relax them; then the ankles, the calves, knees and so on, working your way to the subjects face and head.

When the subject is fully relaxed, tell him/her to remember a happy event that took place in their past. Ask him/her questions about it, where it took place, who was there, how he/she felt, what was in the room or area the event took place and so forth. This is done to activate the intuitive right side of the subject's brain and the subconscious mind of memory.

When you are finished with the above, tell the subject you are going to count backwards. With each number, he/she will become more and more relaxed:

- "Ten; you are becoming more and more relaxed than before."
- "Nine; you are drifting down deeper and deeper into total relaxation"
- "Eight; your body is totally relaxed; you can barely feel your body.
- "Seven; you are completely relaxed and feel very peaceful"
- "Six; with each breath, you are relaxing more and more with each exhalation."
- "Five; we are going all the way down into the deepest level of relaxation."
- "Four; relax... three, two, one

You want to [determine the depth of the trance](#) at this stage. If the subject is new to hypnosis, more sessions are usually needed before he/she is able to enter a deep trance. To deepen the trance:

- “Ten; you are becoming even more and more relaxed than before.”
- “Nine; you are descending and drifting down deeper and deeper”
- “Eight; your body is totally and completely relaxed
- “Seven; with each breath, you are relaxing more and more with each exhalation.”
- “Six; we are going down further and further into a deeper and deeper level of relaxation.”
- “Five, four; relax...three, two, one.”

Again, you want to [determine the depth of the trance](#) at this stage. If the subject is new to hypnosis, more sessions are usually needed before he/she is able to enter a deep trance. Repeat the steps directly above this paragraph if the subject is still not at the desired level of trance.

Here is where you will program the subject’s mind. Make short to the point statements that deal with a specific area or problem. Only work on one problem per session and make sure the problem is resolved before moving onto another. Make all statements to be in the present tense. "Will" never comes and the mind does not understand the future tense.

For past life regression:

Put the subject into a deep trance and say:

“I am going to count backward from 10-1.”

"With each number, you will enter a deeper and deeper state of relaxation."

“When I reach one, you will be standing in front of a door.”

Slowly count backwards.

“You are standing in front of a closed door. I am going to count backwards from ten to one and when I reach one, I want you to turn the knob and open the door.” “...3, 2, 1.”

Now ask the subject if he/she opened the door. If not, he/she is not deep enough into the trance for this session to be effective. Either put him/her further under or bring him/her out of the trance and end the session.

If he/she opened the door, then say:

"I now want you to walk through the door. You are now in a previous life." “Look around you, what do you see?” “What is the current date” “Who are you?”

Continue talking him/her through the experience

When you are ready to bring the person out- “I am going to count from one to five.” “At the count of five, you will open your eyes, be wide awake, alert and feeling fine.” “1...2...3...4...5” "Open your eyes."

If you wish to do a mind wipe, where the subject will not remember anything from the session, be sure to tell them at the end of the session “When you awaken, you will remember nothing of this session.” “Your last memory will be coming through the door.” (Whatever happened before the session).

With professional hypnosis, a mind wipe is often necessary of the subject experiences trauma during a regression.

Examples:

Attracting wealth-

“You are attracting more and more money.” “Your life is filled with wealth and you have everything you want.” (Similar statements for money)

For Healing:

Have the subject to visualize a bright ball of light like the Sun. Tell him/her to visualize this light on the afflicted body part. "The light is healing energy, that is healing your_____.

Say to the subject: “Visualize a ball of bright light, like the Sun. Do you see the ball of light?"

The subject should answer, “yes.”

“I want you to place the ball of light on your (name of body part).”

“Completely surround (name of body part) with the ball of light, feel the warm energy healing your_____.”

“The light is full of healing energy that is healing your (name of body part).”

“Your_____ is becoming normal and healthy”

Keep talking the subject through this healing process. This may have to be done several times, especially if the problem is chronic.

Hypnosis is useful in many areas. It can be used to strengthen concentration, improve intelligence and memory, rid one's self of phobias, and bad habits, establishing good habits and so on.

Power Hypnosis

Power Hypnosis is a form of self-hypnosis that is extremely effective. With standard self-hypnosis, one enters into a trance and makes repeated affirmations to modify behavior. With power hypnosis, one breathes in the energy of a [specific color](#) that corresponds to the desired goal. The results are much more extensive and powerful than just plain self-hypnosis. With power hypnosis, we work with our aura.

Here is an example of power hypnosis:

Say you want to attract money:

Breathe in as you would for the [energy wave](#); from all sides of your body at the same time, the color green. A bright, rich vibrant green. This should be done while in as deep as a trance as possible. While breathing in the green and brightening your aura with it affirm:

"I am breathing in powerful energy that is attracting me a lot of free and easy money in a very positive way. This money is free and all mine to keep."

Say this several times with intent while you breathe in the green. The green is the color of Venus and the heart chakra which rule money. It really works, but has to be done every several days to keep the money coming.

Afterwards, breathe in vibrant white light to blance your aura for several breaths.

Say you want to lose weight:

You would want to use sky blue to speed up your metabolism and affirm:

"I am breathing in blue energy that is speeding up my metabolism in a healthy way and causing me to

lose excess body fat."

You have to repeat this several times anywhere from 5-10 and continue breathing in the blue energy. This will have to be done daily until you see results and repeated whenever necessary.

Always make sure you say "in a positive" or "in a healthy" way. Mind workings always take the easiest route and you don't want to get thin through disease or obtain money through the insurance claim form the loss of a loved one. Be sure to cover all your bases when working with your mind.

Bioelectric Technology and the Black Arts of Hypnotism

Each of us has an electro-magnetic field around our bodies. This is what we know as the aura. Our thoughts and the activity of our brain form a circuit within that aura. Since thoughts and brain activity are electrical impulses, they can be decoded and read. The world powers are well aware of this and with advanced computer technology, are able to decipher a person's thoughts, where they can be received by a special device and the out put is much like when satellite signals are formed into a picture on our TV sets.

There are also microchips that can be used as implants along certain neural pathways to send electrical impulses to the brain, stimulating certain thoughts, feelings, beliefs or implanting certain memories. Although this technology has a way to go, there are now actual thought reading machines, which, like everything else in time, will be perfected. A device is placed upon a subject's skin at certain points that reads the bioelectrical output and decodes these impulses to where they can easily be read with a special computer.

During the 1970's the world powers acquired major advances and breakthroughs in mind control technology. Hypnosis has many positive applications, such as healing or breaking certain habits. Most "professional" hypnotists agree that when under a hypnotic trance, the subject will never act against his/her own will or perform acts contrary to his/her own nature. This, in reality is bullshit. A trained and confident operator can impel a subject to do anything he/she commands him/her to do.

20% of the population is perfect subjects for hypnosis. Above average intelligence, the existence of an imaginary playmate in childhood, a strong tendency to daydreaming and fantasy, and the will to comply make one a desirable candidate.

In the black arts of hypnotism, the hypnotist and subject form a master/slave relationship. The subject must be isolated from friends and family and spend much time alone with the operator, where a rapport is established, as in government experiments or sometimes as one does with a cellmate in prison. An emotional rapport is very important in establishing trust and obedience. The operator must come across as a good listener and show supposed genuine interest in the subject. The subject is made to feel comfortable around the operator and can be open with him/her.

The initial hypnotic induction is the most important, as it breaks through into the subject's mind and opens a door to the hypnotist. When in the alpha state, the logical mind is inactive, and one is open to all suggestions. The operator gives the subject the suggestion that he/she will become deeply hypnotized again whenever the operator gives the induction cue. This can be in words or a signal. Each session induces a deeper hypnotic state where the subject slips under the complete control of the operator. With deeper trances, the subject becomes more and more powerless against the operator.

Artificial amnesia (also known as a "mind wipe") is induced by the operator suggesting to the subject that he/she will not have any conscious knowledge of the session. Further important suggestions

include that the subject will not in any way be able to be hypnotized by anyone else and that he/she will act in a trance, just as if awake.

Once the subject is easily hypnotized by the operator, the mind and personality can then be conditioned. Childhood playmates are often extensions of one's personality, especially in those who are of weaker character and would not fight back personally or defend themselves. The imaginary playmate can fight back and get angry, where as the child cannot. Often, there is an abusive parent, to whom the angry thoughts and actions of the playmate are directed against.

During the initial conditioning phase of the session, the operator regresses the subject into childhood. Regression plays a very important part in establishing control over the subject. An operator who works for the government as in producing spies, will look for the most aggressive of the imaginary friends, in attempting to artificially split the personality. The most aggressive aspects of the personality are the ideal in destroying all inhibitions.

Artificial splitting of the personality occurs where the imaginary playmate is brought out in the subject and the subject becomes the playmate on cue. The playmate usually emerges through one of the subject's chakras. The operator informs the subject that "playmate's name" will come through subject's stomach, third eye, throat, etc. The subject is further told again that he/she will not remember anything of the session or the emerging personality. In actual cases, the emerging stronger personality is conditioned through programming and suggestion to be hostile to the root personality of the subject. This aggressive personality in nearly all cases is stronger and can take more abuse. The world powers use the subject as robotic spies. Extensive programming is instilled in the aggressive personality, so that they will never divulge certain information, even under torture. The root personality, who is amnesiac of the entire experience is often the one who endures systematic torture, with no memory or recall of the information the interrogator is attempting to force them to reveal.

Through repeated sessions the personality is brought out more and more and becomes much stronger, completely splitting off of the root. The subject, due to being programmed not to remember, has no knowledge, only gaps in time and missing pieces in the memory. Much time slips by unnoticed and is unaccounted for.

Further conditioning sessions, while under, include talking the subject through an experience completely abhorrent to their nature, where the subject is made in his/her mind to do something he/she would never consciously do. The subject actually experiences what the operator says. Through repeated sessions, all inhibitions are overcome and the personality is shaped into whatever the operator wishes. This is where the subject, for example, can murder ANYONE without hesitation or do anything else the operator commands. Like anything else, repeated programming is instilled and maintained in subsequent sessions.

Barbiturates can be injected into a stubborn subject that will render his/her mind open to whatever suggestions the operator wishes to instill. This is known as "Military Psychology." Charles Manson was known to take less drugs and to be more in control and aware than the other members of his family. This is how he put many under his control, without their knowledge. People on drugs are extremely easy to control either psychically, as a skilled mage would do, or in an actual clinical setting. He learned these methods in prison and applied them. Drug use also puts holes in the protective aura that can easily be manipulated by an adept.

Electric Shock Treatment works to destroy memories and can be used to wipe the mind clean by agencies within the world powers. The mind is then reprogrammed, beliefs, ideas, thinking patterns, and habits are instilled, usually through trance induction by drugs, until the new personality takes hold and the drugs are no longer needed. This is known as "brainwashing" and can be done for all purposes.

Most people are unaware of what can be done to their minds by those who have more knowledge and control. Self-hypnosis is useful in where we, ourselves, program our own minds. We can program our minds to be resistant to all unwanted influences. In addition, others will not be able to influence our minds or establish control over us in any way.

Past Life Amnesia; How it Affects This Life

Many things are fated with one's being in the wrong place at the wrong time, with the wrong people, again at the wrong time, accidents, illnesses, missing something by a day or minute. All of this is the result of a lack of knowledge. Reincarnation is a fact. When we enter a new life we bring ourselves with us. This includes past hang-ups and former conditioning, mistaken beliefs, grief, pain and so forth. When we enter a new existence, we do so under amnesia.

There is information available concerning certain experiments. Many of these have been kept from the public because of their cruel nature, studying the effects of artificially induced amnesia on both animal and human subjects and how it directly affects the feedback circuit in the brain. With self-awareness, one can exercise control, but on the other hand, when the feedback circuit is blocked through amnesia, one is prevented from reforming problem programming in one's mind.

Russian psychologist, Ivan Pavlov conducted a series of experiments on dogs. Most of us are familiar with the theory of conditioning, taught in Psychology 1001. Dogs were given food after a bell was rung. The bell, after several times, caused the dog to salivate (anticipate food), whether or not the food followed. The sound produced hunger in the dog. Two separate stimuli, applied within seconds of each other will create an involuntary response in the brain.

Many of his experiments went beyond the conditioning. He was able to produce nervous breakdowns in dogs and other animals, again, by association. The hungry animal would go for the food and he would apply painful shocks, extremely loud noises, blasts of scorching heat or other stimuli creating a survival verses fear/pain situation. This created neurosis and mental illness in the animals, in the same way the xian church has ruined the mental health of billions by enforcing the abstinence of sexual intercourse and denying other normal and natural needs. Sexuality is equal to the life force; abstinence creates neuroticism. The enemy gods know all about the human mind and how to destroy it.

Another Russian scientist, A R Luria continued Pavlov's experiments, but this time on humans. (The CIA does this as well, although much has been kept from the public). Luria found that humans, being able to remember, were able to resist the programming and restore their minds through rational thought and the application of will. Luria, (along with the CIA in later years) induced amnesia in his subjects through electric shock treatments, and drug induced trance states where 99.9% of humanity can be hypnotized and reprogrammed.

Electric Shock treatment (EST) has been used to treat and control mental illness. EST causes retrograde amnesia. Memories are destroyed, corresponding with the intensity and frequency of the shocks. With high level EST, one is unable to remember one's name, identity or past. The subject becomes extremely clam and focused in the present. The 1975 movie, "One Flew Over the Cuckoo's Nest" is a good example of the effects of EST especially in the ending where the character, portrayed by Jack Nicholson, was shocked into irreversible brain damage with no memory of his identity or past.

Disturbing thoughts and false memories can be implanted in subjects' minds by the operator's regressing the subjects into early childhood or infancy. At this stage, the mind becomes defenseless and helpless. The operator is perceived as and assumes the role of a parent figure. A prime example of this was where false memories were implanted by an xian psychiatrist in the subject of the book "Michelle Remembers."

Inducing neuroticism usually, though not always, requires the operator to regress the subject and implant false memories, such as the rape of the child by a parent. One hundred percent of the time, amnesia must be suggested to the subject so the subject will have no recall of the session or implanted

suggestions. Reprehensible false memories, fears, and all kinds of psychological problems can be implanted by suggestion in the subject's mind such as the murdering a loved one, irrational fears, shame, and guilt.

Amnesia prevents the subject from understanding the hang-ups and dealing with them. The subconscious mind retains them and acts on them. The subject is unaware of them, other than having strange, irrational feelings, unexplained neuroses, and abnormal behavior. Regardless, the problems are still there and affect the subject's future behavior. This is what happens when we experience amnesia concerning past lives. We have more experiences than we know hanging around in our subconscious minds and affecting us in this lifetime. We don't understand why bad things happen and we are powerless in many cases to prevent or stop them.

The movie, Hannibal, is an example of what can be done to someone in a drug induced trance state, where psychiatrist Hannibal Lecter offered Mason Verger a popper (amyl nitrate), and suggested to him to peel off his face. In this fictitious case, there was no amnesia.

We can begin to really know ourselves and take better control of our lives, by accessing past lives through self-hypnosis, learning, and understanding as much about them as we are able to. We all should take the time to enter our own trance states and explore our own minds, childhood memories, and past lives. Because of the curse of amnesia and the lack of knowledge, there is so-called "karma." Karma can only be overcome and defeated with knowledge. Knowledge is the key to everything. Knowing everything about ourselves, past lives and so forth will set us free.

Power

One does not need props or other ritual items to cast a so called "spell." The power meditations, done long enough are more than effective in one's ability to influence one's environment and others. When one's field is strong enough, it is easy to put thoughts, feelings and other projections into the minds of others. Some people are stronger than others and projecting can be met with some resistance, of course depending upon how strong YOU are. The stronger ones, though, have their defenses lowered considerable when asleep.

Weak people are easy to deal with anywhere and everywhere. Just going into a mild trance of focus and concentration and you will notice if they are where you can observe these people, the obvious effects of your projections.

Always remember, it is very important to learn to control anger. When one reaches a certain level, offenders, whether they are outsiders or loved ones will meet with misfortune. This can be very upsetting when a loved one gets into an accident or comes down ill as a result of your anger. This comes with power and should be controlled. When one's energy field is powerful enough, it does not take much. We must always be sure we intend for offenders to get punished. Unintentional anger, then the offender apologizes and the hard feelings are gone and then the person meets with disaster, this can cause much regret.

I cannot overemphasise the power behind these meditations, when done long enough and with consistency- every day.

For certain specific things, like binding, props can be used as a point of focus. Most of the time, just dwelling on something with will, focus and desire will make it manifest, provided it is not worried about or dwelled on in a doubtful or desperate way.

Absorbing and Directing Energy

Once you are advanced, you no longer have to actually breathe in energy; you can just direct it with your will, using your mind. The easiest way to start out is by willing energy through the front of your body as you would by breathing with the energy meditation. The following meditations are excellent for training yourself to absorb energy using only your mind. Just focus and follow the meditation, but do not include the breathing in to draw in the energy. Just enter into a trance, breathe normally and be relaxed:

[Energy Meditation](#)

[Pineal Meditation](#)

[Chakra Breathing](#)

Past Life Regression

This exercise requires deep relaxation. Lie down in a comfortable position.

You should begin by breathing in to a count of six,

Hold for a count of six

And exhale for a count of six.

Do this several times until you feel completely relaxed and you can no longer feel your body. Turn your attention inside and to your entire back side and free fall. Just let go and a falling sensation should manifest. For inexperienced meditators, this might make you dizzy. If you feel real uncomfortable or dizzy, just focus on the front of your body to stop the free fall. The deeper you free fall, the deeper your trance state and the easier it is to work with your mind.

When you have reached a deep trance state, visualize yourself walking towards a door in your mind. As you walk towards the door, tell yourself when you walk through the door, you will enter into your past life. This should be the life that preceded your life now. Walk through the door, look around at your environment.

To go back several lifetimes, just visualize the door and tell yourself you are going back to whatever year you wish to regress to. To go forward in any past life, will yourself forward by asking your mind to take you to a specific stage of your life or year. Take the time to look around and ask your mind questions. To regress further through each past life, will yourself backwards by telling your mind to take you back further until you can regress no more, and again, walk through another door, telling yourself you are entering the lifetime before this life you are observing. You will be further back in time. To go foreword into your next life- use the same technique, only be aware this is only one of many possible futures. To bring yourself out, walk back through the door into now.

Extraordinary Ability and Keeping Your Mouth Shut

There are people who have extraordinary abilities. By this, I mean things most average everyday people disregard. Natural telekinesis, pyrokinesis, extreme clairvoyance, way above average perceptions, clairaudience, the ability to put thoughts in or will the minds of others, the ability to use one's bioelectricity to shut down, disable and/or affect sensitive electrical equipment- computers, televisions and other abilities are all examples of extraordinary ability. These gifts can also result from power meditations.

If you find you have these abilities, keep them to yourself. Unbeknownst to many, the CIA, NSA, and other world powers have programs where they use people with these abilities.* People who have these abilities are a serious threat to the powers that be, because they cannot be controlled. The movie "Hearts in Atlantis" though a work of fiction, has much basis in fact. Gifted people who are under their thumb are able to sense others with the same abilities. There aren't too many people with extraordinary abilities just walking around freely out there. For those with abilities, you know what I am saying- when you come into contact with another person who has these abilities- they could be in the drugstore, supermarket, restaurant- you can sense them and they can sense you. You are aware of each other.

This is because you both have an open energy field. You must program your aura (which is usually very large) to go about undetected if you wish to maintain your privacy. You can also program your aura not to affect electrical equipment unless you intend it to do so. You do this simply by telling it to stop doing what you don't want it to do. This may take several times, but should be effective.

The same goes for thought reading. You program your aura so others cannot pick up on your thoughts. Of course, one with a much stronger energy field can overpower someone who is weaker, regardless of programming, but programming to go undetected should serve its purpose here.

The USA, world powers, even China have programs where they employ psychics and those with abilities that one only sees in the movies. These people do not have freedom. They are used and many times murdered when they no longer serve a useful purpose to their employers.¹

Father Satan works with and protects those who have abilities. He protects us and when we are ready, he works to show us how we can empower ourselves to our fullest extent. Those who are without go it alone and their lives usually end in disaster.

Those in power deny the existence of this kind of thing, making public statements that it was a "failure" and so on. This is not true.²

For those of you with exceptional ability (very few in this group- you know who you are) I strongly encourage you to dedicate your abilities to Father Satan in a ritual. He will protect you, work with you, and guide you. This can be a lonely road, as others freak, are shocked, and/or become frightened. When others know our secrets, they have power over us. Remember this. Keep your secrets and you never have to worry. Above all- to the kids here- learn to develop control. Don't ever brag or show off. You can come to the attention of the wrong people.

Advance Technology and the Mind

The world powers have succeeded in creating technology that can not only read and decipher a person's thoughts, but can manipulate thoughts as well. After the second world war, the CIA, NSA, KGB and other world powers spent billions of dollars into research on the brain, nervous system, human behavior, conditioning, control, manipulation and the mind.

"In the spring of 1973, Dr. Joseph C. Sharp, at Walter Reed Army institute of research, "heard" and understood spoken words communicated to him by "a pulsed-microwave audiogram (analog of the words' sound vibrations) beamed into his brain." This device bypassed the ears and hearing.*

"...an experiment in which the human brain received a message carried to it by a pulsed microwave transmission."¹

"In its 1996 defense authorization bill, Congress authorized \$37 million for research in what the Pentagon calls "non-lethal" and "less than lethal" technologies. This is sold as a "humanitarian" form of warfare--or crowd control."²

"RNM [Remote Neural Monitoring] can send encoded signals to the brain's auditory cortex, thus allowing audio communications direct to the brain (bypassing the ears). NSA operatives can use this covertly to debilitate subjects by simulating auditory hallucinations characteristic of paranoid schizophrenia."³

"This modulated information can be put into the brain at varying intensities from subliminal to perceptible."⁴

A "psychosurgeon" can implant electrodes into various sites in the brains of living creatures and send radio signals into those electrodes. They call this "electrically -controlled behavior." Science has surpassed this with "electronic brain stimulation" that can do the same without the electrode implants. "Finely-tuned microwaves can achieve the same results as implanted electrodes."⁵

Technology to perceive pre-speech human thought via skin contact is well developed. Electrical equipment can gather and read the electrical fields generated on the skin (the aura) and translate sub-vocal speech into text. A body can become disabled by sending disruptive signals into a person's motor cortex; affecting motor control.

"To send a thought into a brain, it is necessary to decode the resonance frequency of each specific brain area."⁶

Science has progressed to where they have deciphered the brain signals. Like satellite waves can be decoded onto a TV screen, thought waves can also be deciphered and read. Of course, this is something kept from the public. Many unwitting human beings, along with animals have been experimented upon; implanted with microchips that control the thought processes and produce thoughts, feelings, emotions and hallucinations.

Man's attempts to control another's thoughts has been since the beginning of time. Wars, torture, murder, interrogation, imprisonment and so on. They now have the technology to do this.

The solution: Most people out there operate on a certain range of bio-electricity. When we revamp our bio-electricity to a much higher level, their attempts at stimulation are not strong enough to penetrate our aura, because they are geared for the average person. This is analagous to immunity and one of the reasons, where magickal and psychic attacks will rebound upon the sender; when the aura is strong, it

acts as a defense shield, burning off any microscopic entities that attach themselves before they can do harm.

Black magick is energy. A strong aura is resistant to negative energy and many times, attacks upon an adept will rebound against the sender(s). The same as for the energy sent out to influence the average person. It isn't strong enough to penetrate a strong aura.

As for their using technology to read our thoughts through our skin, again, the strength of the aura is important. Martial artists know how to direct their bio-electrical "Chi" to smash through concrete and bricks. Ever think what that kind of energy would do to one of those sensitive mind reading machines when strong enough and properly directed?

Beginning Meditations

Important Information for New People

Power meditation is a psychic cleaning house so to speak. When one begins a power meditation program, one can usually expect repressed emotions to manifest- anger, hatred, rage, grief, you name it. You may find yourself having upsetting thoughts and feelings and not knowing why these are occurring. These emotions can last up to a year or more given the intensity of which they were suppressed in your younger years. Many of us can't even remember, but our minds do. In time, suppressed emotions will be cleaned out and the soul will be able to advance and be much more free. One will find inner balance and peace.

Learning is another thing. Satanism is intense and for many, embracing Satanism is a first time of coming into one's own. When one acknowledges the years spent as a spiritual slave, without personal rights and is aware of years of unnecessary abuses, one may experience intense anger and other emotions. This is very normal and therapeutic. Just let it out in a constructive way. This is a time of inner change and cleansing; healing. In time, there will be inner peace and balance. How long this process takes or whether one goes through it is individual. I am posting this so everyone, especially those who are new will know this is normal.

In time, we all come into our own and are free from the indoctrination and intense programming that most others are slaves to. There is nothing more beautiful than a free mind, for this is when we can truly advance and to know ourselves for who we are- not for who we are expected or told to be.

Breathing Exercises for Satanists

"Life is in the breath."

- Thoth

The Tarot has always been known as the "Devil's Picture Book." The 0 card of the Fool, which begins the Tarot (The Fool's journey through the Tarot to the godhead) in many decks, especially the ancient decks is illustrated playing a flute. The flute is symbolic of mastery of the breath.

Repeat the exercises 4 times for new people, for average 8 – 10 times and for experienced meditators, how ever many you are comfortable with. Advanced meditators can go as many as 60 – 100 repetitions of each of the breathing exercises below, but this has to be worked up to with each of the individual exercises, and over a period of time. Pushing yourself with these breathing exercises can damage your nervous system. A warning that you are overdoing it is words and speech getting messed up. Letting up and lessening the time of holding the breath and such and this will go away.

If the instructions below are not clear to you, you can find more information on the internet or in Yoga texts.

TECHNIQUES 1, 3 AND 4 ARE EXCELLENT FOR BEGINNING MEDITATION OR TO GET INTO A TRANCE.

Technique #1

1. Inhale slowly through your nose and visualize and focus upon energy being drawn into your base chakra and with the inhale, draw this energy up through all of your chakras to the crown, illuminating each one.
2. Hold for a count of four for new people, for an average, a count of ten and for advanced meditators, however long you feel comfortable. This should be the same count throughout the meditation.
3. Exhale slowly through your nose and visualize and focus upon energy being drawn into your crown chakra and with the exhale, direct this energy back down through all of your chakras to the base, illuminating each one.

Technique #2

Breath of Fire (also known as Kapalabhati)

Contract your abdominal muscles, forcefully, creating an exhale, by pumping your stomach muscles in and out hard and fast, but controlled. Air will enter the top part of your lungs by itself. Use the rapid contractions of your abdominal muscles to inhale and exhale with this exercise. The contractions should be rhythmic. 2. Practice a few times, and get a feel for it. 3. Do 20 in a row, in and out, using your abdominal muscles in rapid succession, and at the end of the 20th breath, exhale, inhale and fill your lungs, contract your anus, lower your chin to your chest, hold your breath as long as you comfortably can- DO NOT PUSH YOURSELF! 4. Exhale slowly.

The above constitutes one round. The exhalation should be brief, and the inhalation should be passive and longer. Rounds are increased by adding the number of pumpings with your abdominal muscles. First, try doing three sets of 20 pumpings and then after some time, increase to 30, then 40 until you are doing 60.

What this breathing exercise does:

1. It increases the amount of oxygen in the body
2. It increases the amount of heat- alchemists in the Gothic and medieval times were referred to as "puffers" and the bellows by the fireplace in alchemy paintings was symbolic of this exercise.
3. THIS BREATH IS THE FOUNDATION OF KUNDALINI YOGA

Technique #3

ALTERNATE NOSTRIL BREATHING ONE – HOLDING AT THE TOP

1. Inhale through your left nostril for a count of four and focus on your top three chakras.
2. Hold your breath for a count of 6 at the top of your inhale.
3. Switch and close your left nostril with your thumb, and now exhale for a count of four through your right nostril, slowly and evenly.
4. Inhale through your right nostril and hold for a count of six
5. Exhale through your left nostril, for a count of four
6. Inhale through your left nostril for a count of four, hold for a count of six, exhale through your right nostril for a count of four.
 - Inhale through left
 - Hold at the end of the inhale
 - Exhale through right
 - Inhale through right
 - Hold at the end of the inhale
 - Exhale through left

The above constitutes one round.

Repeat the above 4 times for newbies, eight to ten times, then build up to 20 times for experienced and up to 40 times or more for advanced meditators.

It is important to relax and take your time with this exercise.

For advanced meditators, the times can vary from being equal, for example, a ratio of 2 on the inhale, 8 on the hold, and 4 on the exhale, but this must be consistent through the meditation. Shorter inhales with longer exhales increase the witchpower drastically in a short period of time.

The above exercise directs the prana/witchpower to the head and upper chakras. This is a great exercise if you find your energy pooling in your legs, which can be dangerous.

ALTERNATE NOSTRIL BREATHING TWO – HOLDING AT THE BOTTOM

With this exercise, the hold is at the bottom, after your exhale and goes like this:

1. Focus on your three lower chakras
2. Inhale through your left nostril for a count of four, closing off the right nostril with your thumb. This is best done by pushing the pad of your thumb onto your nostril.

3. Switch and close your left nostril with your thumb, and now exhale through your right nostril for a count of four.
4. Hold your breath for a count of six, after the exhale.
5. Keeping your left nostril closed, inhale through your right nostril for a count of four, switch and close your right nostril and exhale through your left for a count of four.
6. Hold at the end of the exhale for a count of six and then inhale through your left again for a count of four, exhale through the right and then hold for a count of six, inhale through the right, switch and close the right and exhale through the left, hold for six, inhale through the left.
 - Inhale through left
 - Exhale through right
 - Hold at the end of the exhale
 - Inhale through right
 - Exhale through left
 - Hold at the end of the exhale
 - Inhale through left

This constitutes one round. What this exercise does is to bring the prana/witchpower to your lower chakras.

Repeat the above 4 times for newbies, eight to ten times, then build up to 20 times for experienced and up to 40 times or more for advanced meditators.

It is important to relax and take your time with this exercise.

Technique # 4

First Set:

1. Inhale through both nostrils for a count of 2
2. Hold four a count of 4
3. Exhale for a count of 6
4. Hold for a count of 4

The above constitutes one round. Six to ten rounds is ok for new people. Those who are experienced and advanced should go with as many as comfortable.

The following exercise should be done for as many rounds as the above exercise and both should be done with the one below following the one above:

Second Set:

1. Inhale for a count of 6
2. Hold for a count of 6
3. Exhale for a count of 4

Do NOT hold at the bottom. However many rounds you did with set one, you need to do with this exercise.

The MOST IMPORTANT Foundation Meditation

Sit in a comfortable chair or lie down on a comfortable spot and relax.

1. Imagine and will, with each inhale, not only your lungs are breathing, inhaling air, but also your whole body is breathing in energy. You inhale with your entire body. The breath acts as a focus for absorbing energy.
2. Know that along with your lungs, each single inch of your body simultaneously absorbs energy. Like a dry sponge when dipped into water absorbs, your body should absorb energy with each inhalation.

Since everyone is individual, how each of us feels the energy will be different in some respects.

To reverse this, exhale energy out. This can make you tired and shouldn't be done regularly other than to get a grip on how to do it.

- Exhaling energy is for empowering talismans, charging sigils, healing- anything, and everything when you want to put energy into something or to direct it.
- Energy can also be inhaled and absorbed and then directed to a specific area of your body for healing.
- In a very short time, you should be able to feel the energy when you breathe it in. As you advance, you will be able to see it without trying to visualize it.
- Feeling in this exercise is most important, especially when you are new. Do not try to see the energy as this can be a distraction. Just get a feel for it.
- This exercise is the most important for working with your mind and manipulating energy, which is the foundation of all magick.

As you advance, you can use this technique of energy absorption to absorb energy from the Sun and from just about anything you choose.

How to go into a Deep Trance

A deep trance makes it possible to access the subconscious mind and to program it as we see fit. The active left side of the brain blocks out any attempts to access the passive right side where the seat of the unconscious is. This is analagous to turning off the electricity to a room or a building in order to fix the wiring. The right side of the brain is where we can program our minds to manifest what we want in reality.

To get into a trance state takes practice. Remember, each of us is individual and some may find this easier than others. The important thing is to be persistent and patient with yourself. Persistence and consistency are everything here.

Performing [breathing exercises](#) before trance is highly recommended, as this will naturally calm the nervous system.

1. Sit comfortably. Do not lie down because you might fall asleep.
2. Breathe in for a count of six, hold for a count of six and then exhale for a count of six. Do this breathing until you are completely relaxed. Ideally, you should no longer be able to feel your body.
3. Imagine you are climbing down a ladder in the dark. Don't visualize a ladder; just imagine you can feel yourself doing it. On the exhale, feel yourself climbing a step or two down the ladder. On the inhale, feel yourself holding still on the ladder.
4. Now, let go of the ladder and free fall backwards. If you get dizzy or disoriented, just bring your attention to the front of your body and this will stop. This mental falling effect, when combined with deep relaxation and mental calmness, will cause you to enter the trance state.

What is needed is a mental falling effect inside your mind. This changes the level of brain wave activity from the awake level (Beta) to the asleep level (Alpha) or the deep sleep level (Theta). Once your level of brain wave activity reaches Alpha you will enter a trance. Once you get the heavy feeling, stop the mental falling exercise. If you don't like the ladder, imagine you are in a lift [elevator], feel yourself falling on the exhale and holding on the inhale. Or, Imagine you are a feather, feel yourself floating down on the exhale and holding still on the inhale. You need a mental falling effect to lower your level of brain wave activity.

5. Keep doing this for as long as it takes. The time it takes to enter trance will vary, depending on your experience with deep relaxation and mental calmness.

A trance feels like: Everything gets quieter and you feel like you are in a much bigger place. There is a very slight humming feeling in your body. Everything feels different. It feels a bit like putting a cardboard box over your head in the dark, you can feel the atmosphere change. It's like everything goes fuzzy or slightly blurred. Any sharp noises, while in trance are painful.

6. To bring yourself out of the trance:

Concentrate on moving your fingers or toes. Once you can move a finger or toe, flex your hands, move your arms, shake your head, i.e., reanimate your body; and get up and walk around for a few minutes.

What this exercise does:

In order to advance in psychic power, we must train our minds. When we are in a trance state, our brain waves slow down considerably. There are two sides to the brain- the left logical/intellectual masculine side and the right creative/intuitive feminine side. The right side is the seat of the subconscious. This is the area of the mind that is open to suggestion and programming and the seat of our astral power. When the left side of our brain is active in thinking, the right side cannot be accessed. Trance states shut off the left side so we can access and program the right side (subconscious).

It takes training to be able to induce a deep trance state. Deep trance states are not always necessary, but for specific workings, they are very important. Once we train our minds to go deeper and deeper into a trance, this becomes easier and easier and takes less and less time as we become adept. The mind is like a muscle and for most people, this exercise will be an introduction to a part of the mind that has never even been accessed before.

It is *very* important to never be startled out of a trance state, especially a deep one, so make sure you are in a room or area where you are left alone and the phone is turned off. Being startled and pulled out of a trance the wrong way can be extremely painful and the pain can last for days, especially if you are doing energy work in this state.

It is normal when in a trance state for any sounds to be very painful. This is because in this state, our senses are extremely heightened.

An adept can place themselves in a deep trance within seconds at will. In closing, it is not necessary to always go into a deep trance to work with your mind. The trance state is used to train your mind. With very important or difficult workings, a deep trance is often necessary.

Opening the Chakras (Awakening Meditations)

Opening your soul will open your spiritual eyes and lead you to see the truth and obtain enlightenment. In addition, you will discover many so-called "supernatural" powers within yourself when you empower your chakras. When the chakras are correctly aligned and empowered, healing of both physical, and mental ailments will often occur miraculously.

Azazel who is a Master of Spiritual Alchemy worked with me in detail on each one of these meditations. 7/21/07, several have been revised in light of new knowledge. These meditations are extremely powerful and often, the effects can be felt hours later. It is important to follow instructions and if you are new to power meditation, to go slow. If you have already done the former meditations, it is fine to do these. Quite a few people reported little or no effects from the former meditations that were taken from books.

There are a certain number of repetitions for each exercise. If you find you are getting over stimulated, it is advised you end the exercise and back off. The exercise can be resumed at a later date while you give your nervous system time to adjust to the increased life force. It is strongly recommended to give yourself a few days or more between each exercise. People who have problems with seizures/epilepsy, or who are on psychiatric medications should not perform any of these power meditations, with the exception of void meditation, unless given the ok by their physician.

They are highly effective in opening the chakras and stimulating the kundalini. These new meditations are filled with Satanic energy. Those who have not dedicated or are outsiders should give this consideration. For dedicated Satanists, the effects should be very positive in opening and empowering the chakras and in increasing personal power.

These meditations produce very rapid results. Standard kundalini meditations of the New Age variety can take years to have a pronounced effect. These meditations, like Satanism are the real thing. Void meditation is highly recommended in order to control the thoughts and mind that will be stimulated by the opening of the chakras.

There are a certain number of repetitions for each exercise. If you find you are getting over stimulated, it is advised you end the exercise and back off. The exercise can be resumed at a later date while you give your nervous system time to adjust to the increased life force.

The meditations are performed with specific chants for each chakra. Each chant is based on the Yogic Humming Breath. With this breath, you inhale to fill your lungs and with the exhale, you vibrate the chant until you are out of breath, then you breathe in and fill your lungs as before. This breath is normally used with the throat chakra;

1. Inhale through your nose, filling your lungs
2. Exhale on one long vibration, this will draw out the exhale
3. Breathe in again and repeat.

Some of the chants/vibrations are based upon runes. Runes are based upon the constellations and are the most ancient of alphabets. They are the original form of writing and the cuneiform script was derived from them.* Many of the runes can still be seen in the cuneiform characters. The runes have

always been an abomination to the xian church, more so than with any other form of magick.

For the first through fourth chakras, it is necessary to apply what is known as the "Jalandhara Bandha." This is where you nod your head and press your chin firmly, but gently against your chest. This greatly facilitates the effects of the chants in the lower chakras.

Mudras (hand positions) are used as these connect certain circuits within the fingers and redirect the life force to the chakra being opened. Some of these are difficult, especially if your hands are larger. These mudras are helpful, but not necessary. If you find any of these hand positions difficult, just leave them out.

You should focus on the chakras in the middle of your body. Extensions are along the spine and in the front of the body. Opening and empowering these are more advanced and specific meditations are given in the advanced meditation volume. Too much stimulation right away is undesirable. Everyone comes to Satanism on different levels. Those of us who empowered our souls in past lives will be much more sensitive to the meditations. This is inborn, but anyone who performs the following exercises will eventually open their chakras.

* From Azazel

1. Opening the Third Eye

This exercise is done with a specific tone and chant. You need to do this exercise for 4 days in a row. Regular meditation on the third eye should follow to completely open it up and establish an energy uptake. This exercise only gets it going. Further work is needed and must be consistent to reap maximum results.

1. Sit with your back straight.

2. Place your hands in the position as shown in the photo. Your for people who are right handed, your right hand should make a fist around your left index finger; for people who are left-handed, your left hand should make a fist around your right index finger. The thumbnail should press on the side of the finger as shown, at the spot where the cuticle ends.

When you feel a very faint electrical shock, you will know you have the correct spot. Don't get discouraged if you cannot find it. It should be apparent in those who have naturally stronger auras. What this does is redirect the flow of energy to the third eye.

This mudra can be used at any time during regular meditation on the third eye. Keep this position throughout the meditation.

3. Breathe in through your nose and on the exhale vibrate "Thoth." Thoth is the Moon God and the ruler of the 6th chakra and third eye is the moon. Release your breath slowly through your mouth and vibrate:

TH-TH-TH-TH-OH-OH-OH-TH-TH-TH in one long exhale (vibrate the sound one time per exhale, as with the Yogic "humming breath").

Now this is important. Keep the TH and OH sounding at the same time. You should be making the TH sound all throughout the exhale.

Your tongue will be vibrating between your teeth. It may take a few seconds to adjust this to where you feel it in the middle of your forehead (3rd eye), don't worry, just keep on going.

Try to get it to the correct vibration where you can feel it in your forehead. This can take some experimenting. Just do the best you can. You may have to try as many as ten to fifteen times or more to get it right.

4. Do the above 4 times in a row and then relax.

5. Now, align your third eye correctly by visualizing it point end facing inside as illustrated at left. The color of the third eye is brilliant white, like a miniature sun.

6. It is very important the above exercise be done for FOUR consecutive days, preferably 24 hours apart. Then it is a done deal and you will have performed the initial step of opening and activating your third eye.

7. After you are finished, it is important to meditate on your third eye to get the energy flowing, this way it will fully open.

Just close your eyes and "look" at the 3rd eye in the middle of your forehead. It is important to relax and not to strain your eye muscles, even though your eyes are closed. At first, there is usually just blackness depending on how active your 3rd eye is, then possibly swirling colors and shapes like a kaleidoscope. Like scrying into a mirror, the colors and shapes will give way to images when you do the meditation long enough and regularly. Remember to keep your gaze soft and relaxed. Feeling pressure here or a knot is normal after the above exercise is completed. This usually diminishes in time.

WHAT YOU CAN EXPECT:

1. One of the first experiences is a headache or pressure in the center of the forehead. This sensation may also feel like it is originating from within, usually an inch or more beneath the surface of the forehead as it affects the sixth chakra. This is a positive indication the pineal gland is awakening and beginning to function in a healthy manner.

You may also find you can feel this ache or pressure whenever you focus your attention on your third eye or meditate on your third eye. This is perfectly normal and eases with time.

*Some people can experience a migraine lasting several hours. The severity of the side effects will depend on how atrophied your pineal gland is to begin with.

2. Opening the Crown Chakra and Awakening the Pineal Gland

In order for this to work properly, you must have already performed the [Opening of the Third Eye](#).

The effects of this exercise are extremely pleasurable. A feeling of lightness should follow. Some people may feel energy or tingling inside their heads, or completely covering their heads; a slight pressure in the crown area and intense euphoria. The pleasant light feeling is what makes astral projection and astral travel easy. The bliss state can occur hours and even days later.

When done properly, this exercise will stimulate the pineal gland and crown chakra. By continually stimulating the pineal gland, it will grow and become active. The pineal gland is the psychic seat of the soul. With this revised meditation, the chant is much more powerful and effective. It is based on the Björk rune.* Opening this pathway is also very healing for drug addicts as it naturally induces extreme pleasure.

This exercise should be done only to initially open your crown chakra and stimulate your pineal gland. The vibration is very intense and effective, but produces quite a headache which can occur the following day. If your crown chakra is open, you will feel a lightness and a sense of bliss. If you do not experience these indications after a period of 4-5 days, you can redo this exercise again as many times as needed to open your crown.

After this initial exercise, there are different meditations you can do to activate your pineal gland and stimulate your crown chakra further. I will be adding these to the meditation section and also link them on this page.

1. Breath in deeply and hold your breath for a count of 4; do this 5 times. This helps you to be relaxed, focused and enter into a trance state. Then focus all of your concentration on your 3rd eye. You should begin to feel a slight pressure sensation or awareness of your 3rd eye.

2. Now, place your hands in the position shown at left and take a deep breath as you did for the awakening one exercise and hold it for as long as comfortable- (do not push this) and release your breath vibrating b-b-b-b-b-b-b-b (vibrate with a deep, soft hum with the lips almost closed) The vibration should sound like a bee. The bee was sacred in Ancient Egypt and many other ancient cultures for this very reason.

It is ok to adjust your pitch. You should focus on and feel the vibration in your third eye, then focus on your pineal gland. You should be 1/3rd the way through of your drawn out vibrating exhale and feel the vibration in your pineal gland. Then focus on your crown chakra and feel the vibration in your crown chakra and continue to extend your exhale as long as you are able to. Breath in again, repeat this 4 times.

This exercise is extremely powerful, much more powerful than the former version.

Now, VERY IMPORTANT-

Remember to concentrate on your forehead (3rd eye area), then your pineal gland and finally your

crown chakra. You should regulate the exhale so it evens out. This is done for the duration of each chant.

Summary:

1. Breath in
2. Begin to exhale, vibrating b-b-b-b-b-b-b
3. Concentrate on and feel the vibration in your 3rd eye
4. Concentrate on and feel the vibration in your pineal gland
5. Concentrate on and feel the vibration in your crown chakra

Repeat 3 more times for a total of 4 times.

Crown Chakra Now align your crown chakra by visualizing it point down as illustrated at left.

The Björk rune bestows intuition, protects energy, gathers and directs the powers of the four elements, is healing and revitalizes the life force.

3. Opening the Throat Chakra

To activate the throat chakra, fold your hands together as in the photo, thumbs touching side by side- do not fold the thumbs. **This hand position is difficult. For those of you with larger hands, it can be skipped. It is best to be relaxed and not in any pain or discomfort while performing these exercises.

Take a deep breath; hold as in the other awakening exercises and then vibrate: "Nebo" until your breath is fully released.

N-N-N-N-EH-EH-EH-EH-B-B-B-B-OH-OH-OH-OH

The important thing is to feel it strongly in your throat, above the hollow. Do this 5-7 times. Remember- getting the correct tone can take some practice. The chant should vibrate your throat area. This exercise can be done once a week or more as needed.

Now align your throat chakra point down as illustrated at left.

4. Opening the Heart Chakra

Azazel explained the crossing of the arms completes a circuit that directly affects the heart chakra.

1. Sit comfortably, relax and go into a meditative state.
2. Cross your arms as in the example at the bottom of the page. Your hands should be touching your shoulders near your arm pits.

3. Position your hands so your thumb connects with your ring and little finger, leaving your index and middle fingers pointed straight.

4. Take a deep breath and nod your head so your chin is gently pressed into your chest. Keep your chin firmly against your chest during each exhale, only raising your head to inhale.

5. Focus your attention on your heart chakra. Exhale and vibrate "Amon"
AH-AH-AH-AH-M-M-M-UH-UH-UH-N-N-N

5. Focus your attention on your heart chakra.
6. Extend the N-N-N-N-N until you have completely exhaled. Try to adjust the tone so you feel it in the middle of your chest where your heart chakra is located.
7. Repeat eight times.

8. Visualize the image at left, where your heart chakra is and yourself engulfed in a vibrant green aura and focus your attention on feeling your heart chakra for several minutes.

Try to adjust the tone so you feel it in the middle of your chest where your heart chakra is located.

5. Opening the Solar Plexus Chakra

1. Sit in a comfortable position with your spine straight.
2. Relax and go into a meditative state.
3. Place your hands in the solar mudra illustrated at left.
4. Inhale fully and drop your chin to your chest. Keep your chin gently, but firmly pressed against your chest throughout the entire exhale, only raising your head during the inhale.

5. Vibrate "RA"
R-R-R-R-AH-AH-AH-AH-AH
until you are out of breath, concentrating on your solar plexus chakra. Adjust the vibration of the chant so you can feel it in your solar plexus chakra.
6. Repeat 5 times.
7. Now, align your solar chakra point facing up as illustrated at left, by visualizing it. The color of the solar chakra is bright yellow.

6. Opening the Sacral Chakra

1. Fold your hands. DO NOT fold your thumbs, place them side by side and keep your palms together.
2. Inhale and fill your lungs.
3. Drop your chin to your chest.
4. Contract your anus.

5. Exhale and chant I-I-N-N-N-N-G-G-G-G-G-G-G-G-G (rhymes with the English word "Thing.") and concentrate on your second sacral chakra.

6. Align your chakra point facing upwards as illustrated at left.

Repeat the above eight times. When you are finished, visualize yourself in an orange aura for a few minutes while focusing on feeling your sacral chakra.

The "Ing" Rune illustrated at left, represents the creative life force ruled by this chakra. The magickal qualities of the Ing Rune are its use in sex magick and fertility. The sacral chakra is the sexual chakra.

7. Opening the Base Chakra

To open the base chakra, place your hands in the position shown in the photo, like the sign of the horns. Your finger pads should be touching and your thumbs should be touching side by side down to the fleshy part known in palmistry as the "Mount of Venus." This mudra produces a heat sensation in the hands and stimulates the base chakra. Don't worry if you cannot feel the heat sensation as this takes sensitivity.

Breathe in and fill your lungs, but not to discomfort and with the exhale, make the s-s-s-s-s-s hissing sound. The Sigel Rune symbolizes the Satanic Lightning Bolt which is a manifestation of the kundalini serpent and also the creation; the spark of life. Kundalini is like lightening.

While exhaling with the hissing sound, try to imagine/feel your base chakra as very hot and visualize it about the size of a pea, opening and expanding into a vortex. Spin this vortex. Continue visualizing your chakra lighting up into red/gold and expanding with a bright white/gold fire, about the size of a silver dollar coin in diameter and imagine the feeling of it growing hotter as it gets brighter.

The hissing breath should be done seven times.

Align your base chakra point facing upwards as you did with your solar and sacral chakras.

8. Opening the 8th and 9th Shoulder Chakras

Research and revelation from Thoth has revealed the true 8th and 9th chakras are the shoulder chakras. Opening these will align the soul and drastically open energy pathways to the palm chakras, greatly empowering them.

For those of you who are not Satanists- NEVER FORGET- THIS KNOWLEDGE CAME FROM THE POWERS OF HELL!! THIS KNOWLEDGE IS FROM SATAN!!

To open your shoulder chakras, all you need to do is to visualize them as in the illustration at left. Focus and meditate on them for a few minutes. A feeling of aching, or pressure is a positive sign you were successful in opening them. This feeling can extend to your arms and can feel sort of like they are falling asleep. Now, align your chakras. The correct alignment of the chakras is in the shape of an equal armed cross as seen in many of the Demon Sigils. Set's Sigil is at

left and illustrates this, as well as the three knots. Correctly aligning the chakras will drastically increase your power.

1. Begin with the base chakra and turn the cone so the point is upwards.
2. Do the same with the sacral and solar chakras (2nd and 3rd).
3. Focus your attention on your crown chakra and turn the point down.
4. Do the same with your sixth and throat chakras.
5. Now, focus on your heart chakra and visualize two points coming together and intersecting as shown in the illustration above.
6. Finish by again focusing on your shoulder chakras and visualize them pointing inward.

9. Opening the 10th and 11th Temple Chakras

The 10th and 11th temple chakras are located right behind the temples, as shown on the left, a bit forward from the tip of the ear, and are extensions of the 6th chakra.

To open these chakras, just turn your attention to each one and visualize it point facing in. Then do the same on the other side. A weird feeling of aching, heaviness, pressure, or aching is a positive sign you have correctly located and opened them. The temple chakras are extensions of the sixth chakra.

10. Opening 12th and 13th Hip Chakras

The hip chakras are the same on each side and at the center of the hip, standing sideways, as seen at left.

To open these chakras, just turn your attention to each one and visualize it point facing in. Then do the same on the other side.

A weird feeling of aching, heaviness, or pressure, is a positive sign you have correctly located and opened them. The hip chakras are extensions of the base chakra, but like the shoulder chakras in proximity to the heart, they are located a bit higher.

11. Opening and Empowering the Hand Chakras

What this exercise does, when done consistently is to establish an energy circuit within the hand chakras. This energy can be used for healing, opening other chakras, applying energy or as with Dim Mak, the "death touch." It also helps with telekinesis (moving objects with one's mind and pyrokinesis (setting objects on fire using the powers of the mind and aura). In order to advance with these gifts, a powerful aura is needed to act on the auras of objects.

This exercise should be done at least once a day to get your energy flowing freely through your hand chakras.

1. Sit comfortably and relax. Try to go into a trance as the deeper the trance and level of concentration, the better the results, especially when beginning this exercise. After an energy current within the hand chakras is open and flowing, this can be done anywhere at will.
2. Put your hands facing each other, fingertips almost touching and relaxed. (Your fingers can be slightly bent as in the illustration).
3. With the pad of your thumb, press into the palm of each of your hands, right in the hollow part.
4. Now, focus intently upon your hands, especially your palms. Feel the area you pressed in with your thumb.
5. Keep focusing all of your concentration and begin to feel a warm glow and energy between your palms.
6. Begin to move your hands an inch or two apart slowly and back again to where your fingertips are almost touching. Try to feel the energy between the palms of your hands. The more you practice and the stronger your energy becomes, keep moving your hands in and out, further and further apart until you can feel your energy as far apart as two or more feet.
7. Now, visualize a ball of white hot fire like the sun as in the picture above. Later on, you can use colors. Feel the heat and energy from this ball of fire between your hands. This may feel as a tingling or throbbing. For some people, it may even feel cold. The important thing is to get this energy flowing and to *feel* it.
8. Now let your arms hang down and relax. Focus on energy flowing down your arms into your hands. This may feel tingly and your lower arms and hands may feel pumped. This is a sign the energy is flowing. Now repeat steps 5-7 above.
9. Do the above exercise 4 times.

This exercise should be done every day for as long as it takes to really open your hand chakras and establish a permanent flow of energy. With the proper practice, you should be able to feel powerful energy between your hands when your hands are more than a foot apart.

After you have accomplished a strong energy field in your hands, practice extending this energy to your fingertips to open your fingertip chakras.

12. Opening the Feet Chakras

This exercise is done standing. Relax and "breathe" in energy through the bottoms of your feet, mainly your heels. The feet chakras tie directly into the base chakra and sacral chakra. This may result in stimulating your sex organs as well as the feet are tied to orgasm.

Continue drawing the energy up through your feet into your base chakra and up your spine and out your crown. Continue breathing the energy in for a few minutes.

The feet chakras are very important for being able to draw in energy. This drawing in of energy is important for healing yourself, healing others and spellworking.

13. Opening the Sixth Chakra

The third eye is an EXTENSION of the 6th chakra, which is located directly beneath the crown chakra, right in the middle of the brain. OPENING the 6th chakra [this is done the exact same way as with the third eye and should only be done after opening all of the other chakras], will help to activate the pineal

gland and much more. The third eye mudra is unnecessary.

Because of the power of opening this chakra, I do not recommend to open it until you have opened all of your other chakras. Your third eye should also be all the way open, as it acts as a vent for the powerful energies of the sixth chakra.

I just found this recently through my own experiences in meditation. Every book I have read [plenty] focuses on the third eye, not the 6th chakra, which is directly in back of the third eye. I have found through my own experience, the 6th chakra directly ties into the pineal gland and activates it. It seems to be much more powerful than the third eye.

1. Sit with your back straight, breathe in through your nose and on the exhale vibrate "Thoth." Release your breath slowly through your mouth and vibrate: TH-TH-TH-TH-OH-OH-OH-TH-TH-TH in one long exhale (vibrate the sound one time per exhale, as with the Yogic "humming breath") and try to concentrate the vibration on your 6th chakra.

Now this is important. Keep the TH and OH sounding at the same time. You should be making the TH sound all throughout the exhale.

Your tongue will be vibrating between your teeth. It may take a few seconds to adjust this to where you feel it in your 6th chakra, don't worry, just keep on going. Try to get it to the correct vibration where you can feel it in the middle of your brain. This can take some experimenting. Just do the best you can. You may have to try as many as ten to fifteen times or more to get it right.

2. Do the above 4 times in a row and then relax.

3. Now, align your sixth chakra correctly by visualizing it point end facing down as illustrated at left. The color of the sixth chakra is bluish-violet.

4. It is very important the above exercise be done for FOUR consecutive days, preferably 24 hours apart.

14. Opening the Minor Chakras

To open the minor chakras, it is important that you have already [opened the major chakras](#) and have an energy flow to where you can feel it.

To open your minor chakras, just direct and focus your energy into them and visualize them lighting up with the energy. Ideally, you should be able to feel them.

Correctly Aligning the Chakras

I want to make something very clear here. For any non-Satanists who visit this page, whether you are so-called "New Age" "Mystics" or whatever, if you proceed to read on, NEVER FORGET- THIS KNOWLEDGE CAME FROM SATAN AND THE EGYPTIAN GOD, THOTH. Thoth is with the Powers of Hell.

I do not have the time to go into a long spiel here. The cross has been hideously corrupted by xianity. The true cross is equal armed, and represents the four corners and directions, such as when we summon the Four Crowned Princes of Hell during ritual.

The cross is a concept and is equal armed, as seen in many of the [Demons' Sigils](#), the Nazi Iron Cross, and the bikers cross. This is the correct alignment of the chakras on the inside. If you stand facing a mirror, this is the way your chakras should line up.

The reason for this, is that the energy uptake of each chakra is at the base and the energy output is at the point. So it would stand to reason that the chakras such as the third eye (DO NOT confuse this with the sixth chakra, which is BEHIND the third eye) need to have their bases facing outwards to absorb energy. The Chakras on the inside, in the middle all align to the heart chakra, which, like the organ the heart, which it controls, circulates the energy of the soul.

This definitely includes all of the minor chakras. You will find that after aligning your chakras correctly, you will feel more centered and healing and spellworking will come more easily.

Now, when directing energy as you would for spellwork, so to speak, the chakras can be temporarily reversed so their points are facing out to deliver the energy. Remember, never connect with any negative energy, such as when working black magick. In other words, the negative energy should never run through you, but be external at all times. When working with positive energy, such as attracting your desires, it is favorable to point the chakras out and connect. Always remember to correctly realign your chakras after any work. Incorrect alignment of the chakras reduces your witchpower and can bring about diseases and illnesses.

Research and revelation from Thoth has revealed the true 8th and 9th chakras are the shoulder chakras. Opening these will align the soul and drastically open energy pathways to the palm chakras, greatly empowering them. To open your shoulder chakras, all you need to do is to visualize them as in the illustration at left. Focus and meditate on them for a few minutes. A feeling of aching, or pressure is a positive sign you were successful in opening them. This feeling can extend to your arms and can feel sort of like they are falling asleep.

Always remember, when your chakras have been successfully opened and are active, you will feel them. This sensation is usually a feeling of pressure, a slight aching or tingling. Correctly aligning the chakras will drastically increase your power.

1. Begin with the base chakra and turn the cone so the point is upwards.
2. Do the same with the sacral and solar chakras (2nd and 3rd).
3. Focus your attention on your crown chakra and turn the point down.
4. Do the same with your sixth and throat chakras.
5. Now, focus on your heart chakra and visualize two points coming together and intersecting as shown in the illustration above.
6. Finish by again focusing on your shoulder chakras and visualize them pointing inward.

The three equal armed crosses, as seen in Set's Sigil at left, represent the three chakra pairs.

I also believe this was the message of the three pyramids at Giza, Egypt, as they are shaped as the chakras.

Astaroth's Sigil at right illustrates this concept with the bars on each side.

The hip chakras are the same on each side and at the center of the hip, standing sideways, as seen at left.

The temple chakras are located right behind the temples, as shown on the left, a bit forward from the tip of the ear.

When you successfully open and align these chakras, you will feel a pressure sensation or a dull ache, as with the third eye and other chakras. This is a positive indicator that they have been correctly located and activated.

Energy Meditation

This meditation is excellent for beginners as it helps to give one a feel for energy. This meditation also strengthens the aura when done regularly.

1. Begin by relaxing your entire body. The deeper the trance, the more effective, but this meditation can be done at any time and a trance is not necessary.
2. Breathe in and at the same time, draw in energy from all sides of your body, front, back, top of your head and bottom of your feet. For beginners, you should visualize white brilliant light, like the sun. Working with colors is more advanced and most effective when you are a bit more experienced.
3. Exhale and visualize the energy expanding your aura
4. Breathe in again and visualize the energy getting brighter and more powerful, radiating from your entire being.
5. Exhale again and visualize the energy expanding your aura, and the center of your body shining brilliantly like the sun.
6. Repeat this several times, each time visualizing the energy becoming brighter and brighter as it increases in intensity.

When working with colors, visualize the color becoming more and more powerful and vibrant. You will notice each color has a different feel to it. Colors can be used to attract according to their nature.

You can also breathe in energy from the front and back sides of your body at the same time to meet in the middle, then do the sides and top and bottom. After this, let your aura expand outwards.

With this meditation, you can also practice expanding and contracting your aura.

How to Clean Your Aura

Cleaning your aura is essential for spiritual hygiene. By cleaning your aura on a daily basis, you protect yourself against psychic attacks and illnesses. A clean aura is charismatic and will encourage better relations with others. People will naturally be more considerate and grant favors to one whose aura is clean and radiating with energy. Here is where we influence people and get them to do as we wish. Negative thoughtforms used in black magick and generated from the ill will, jealousy or anger of others attach to one's aura and invite misfortune- accidents, illnesses and so forth. Cleaning the aura only takes a few minutes a day and is well worth it. When one is ill, depressed the aura is dirty and can take many meditations to clean. What is within reflects in one's aura.

Contrary to many teachings, Satan/Lucifer is the bringer of light. Since the Demons have been liberated, their auras have drastically increased in light. Their power has increased as well. In some of the old grimoires, certain Demons have related their hopes to "return to the light." Those of us who have been working with them understand what they meant by this statement. The light is in the aura. The soul needs light in order to have power. Father Satan levitated in front of me one time. When he did so, his aura became extremely brilliant in light.

Ideally, one should clean the aura twice a day- upon awaking and before falling asleep at night. Cleaning your aura before you go to sleep is essential. The more people you come into contact with throughout the day, the more thoughtforms and energy will attach to your astral body and result in problems. People's astral bodies intermingle on a daily basis. Like viruses and physical germs, the astral body picks up energy.

To clean your aura:

1. Visualize a bright light all over yourself. Hold this for One or more minutes. It doesn't take very long.
2. Now, visualize the light even brighter and more intensified on each of your chakras, like a miniature sun.

That's all there is to it. If you notice your aura or chakras are dirty, repeat the process. This exercise can alert you to any negative energy or psychic attacks and prevent them from manifesting.

Satanic Void Meditation

"Void Meditation" is what is known as "stilling the mind." The benefits of void meditation are the ability to turn off unwanted thoughts and influences at will, being able to control your thoughts instead of your thoughts controlling you (as with the average person), and a sense of inner peace. Void meditation is essential for anyone who practices power meditation, and is important for success in advanced magickal practice. Power meditation changes the strength of our thoughts and it is very important to be able to control thoughts and to turn them off or focus them at will. Thought power, also known as 'witch power' is needed for success in ritual and in using your mind to obtain what you want. Power meditation, strengthens our thoughts, and people who are more aware or sensitive will be able to pick up on our thoughts and feelings telepathically. Void meditation will train your mind to be silent so others will not know what you are thinking. The Japanese Ninja use this technique to avoid being detected while carrying out important missions that require one to advance or infiltrate, unnoticed. Void meditation trains your mind so you can focus during rituals and in every day life so your mind brings you what you desire.

There are several techniques for void meditation. The goal is to turn off all of your thoughts and focus on the here and now. You get your mind to be completely still for a specified length of time. In the beginning, this can be extremely difficult, as thoughts will come into your head continually. Before you know it, you will again be thinking about something. Don't get upset with yourself as this is very normal and even for advanced practitioners, certain meditation sessions may not go as smooth as usual. Just keep bringing your mind back to focus. Patience and persistence are the keys here. It definitely helps to do some breathing exercises beforehand to induce a trance state. Some people find meditating after a heavy meal causes the mind to be easily distracted.

Always try to meditate when you are fully awake and alert. If you try to do void meditation when you are tired, chances are you will quickly fall asleep.

1. Breathing exercises are optional. This is a simple method of breathing that will induce a trance state:

- Breathe in for a count of six,*
- Hold your breath for a count of six
- Exhale for a count of six

Repeat this several times until you feel relaxed.

* Only hold as long as you feel comfortable. If holding for a count of six is not comfortable, then hold for a count of 4, or even 2. Just make sure you are uniform in your counts. Never hold longer than is comfortable. Breathing exercises are never to be pushed, as in doing so, they can cause damage to the nervous system.

2. Now, get your entire mind to be completely still and free of any thoughts for a specified amount of time with no thoughts or music in your head. Your mind should be a total blank. You should focus on being in the here and now. For beginners, five minutes is fine. Intermediate and advanced practitioners can go anywhere from 15 minutes to however long they feel is essential.

Void meditation can be done with your eyes open or closed. When your eyes are open, you will more than likely see a mist around objects as you settle into a trance state. This is normal. If you choose to close your eyes, you may fall asleep, but this is an individual choice and use whatever method works best.

For meditation with your eyes open:

Choose something small to focus on. This can be a point on the wall, a second hand on a clock, or even a piece of lint on your clothing. Many choose to meditate on a candle flame. The important thing is to concentrate on your object of choice

For meditation with your eyes closed:

Focus inside of yourself and relax. You can put yourself deeper and deeper into a trance with a feeling of falling. This is normal. For people who are new, this falling sensation that often accompanies a deep trance can make you feel dizzy. To stop the sensation, focus on the front of your body.

Everyday void meditation:

Void meditation can be done anywhere and at any time with just focusing on the here and now and concentrating totally on whatever you are doing. This method works best for those of you who are unable to secure any privacy. Just set a goal to focus on the here and now for a specific amount of time each day and you will benefit.

Advanced Void Meditation:

- Visualize an object and hold the image in your mind. At first, it will fade in and out, but as you progress, it will remain longer and longer. This is definitely a needed ability for magickal practice and focusing your mind power.
- Focus on a specific chant or sound. You can do this either aloud or in your head. This is what is known as a "mantra." You breathe in and on the exhale, chant a specific mantra or tone of your choice. One common chant used in kundalini yoga is "Sa Ta Na Ma." This is pronounced "Sah-Tah- Nah- Mah." You can also chant "Sa Tan" "Say-Tahn" or "Say- Tahn- Nah- S-S-S-S."
- Focus on a specific emotion- anger, happiness, sadness, love, hate. You can choose an emotion going by how you feel on a specific day. This is excellent training for advanced ritual.
- Focus on a specific texture, for example, running your fingers back and forth across velvet or a terry towel.
- Focus on a specific odor or taste.

Advanced void meditation that includes adding physical positions trains both your mind and develops an iron will, and extreme inner strength.

1. Keep your entire body still. Do NOT move. This is what the advanced yogis do. Get into a comfortable position. Don't scratch any itches, just ignore them and stay focused. Muscle cramps may come and go. Ignore any physical fatigue or mental fatigue. Just continue to remain focused.
2. Add uncomfortable and/or awkward positions. Make sure these are taken from a Yoga or Tai Chi book, so that they are physically beneficial. This is a discipline that is taught in many Martial Arts

schools where one learns to ignore pain, while retaining intense focus. This strengthens the mind for physical combat and drastically increases your sense of self-confidence. This will also increase your resistance to pain.

Many martial arts masters meditate under cold waterfalls, in snow or other painful conditions. One's physical health must be built up here, for obvious reasons. A cold shower can be substituted. As with anything new, be sure to start out gradual.

These techniques, when mastered, will give one total control over one's mind and emotions. If one faces death, one will not freeze up or panic with fear and the odds of one's survival will greatly increase.

3. Running and meditating; focusing on your running steps, increases endurance both mentally and physically.

Power Void Meditation:

This is an excellent way to empower yourself while doing void meditation. This is advanced and you must have a feel for energy and be able to draw it in as with the [Energy Meditation](#). Here you don't visualize the energy, you just breathe in and out, absorbing the energy on the inhale and expanding your aura on the exhale. You focus totally on the *feel.* You should be adept at energy breathing before incorporating this method into your void meditation.

EZ Chakra Spin

This meditation only takes a few minutes or less and can be done at any time when you can tune in and focus. It is easy to do and can take the place of a full or extended meditation for people who lack the necessary privacy and/or are short on time.

Turn your attention to the base of your spine and visualize your base chakra as a vortex (like a small tornado). Color the energy a rich vibrant red and spin it. Keep spinning it until it spins fast and on its own.

Work your way up through each chakra, visualizing each one and spinning it until it spins fast and on its own. Visualize each one as a spinning vortex with a powerful vibrant color-

- 1st- red
- 2nd- orange
- 3rd- yellow
- 4th- green
- 5th- rich sky blue
- 6th- indigo (Bluish-violet)
- 7th- purple

When you spin the 6th chakra, focus **behind** your 3rd eye, in the middle of your head. Many people erroneously believe the third eye to be the 6th chakra. The 3rd eye is an **extension** of the 6th chakra; not the 6th chakra.

Each of your chakras should be a powerful vibrant color. Chakras that are dark or tainted are not functioning properly. Keep spinning them and focus your visualization to restore them to their own powerful color. You might also want to [clean them](#) if this is the case.

When our chakras spin at a faster rate, this helps to protect us from misfortune and disease. It also opens us to the astral and protects us astrally as well as in the physical world. Remember, though, energy work must be done every day as each day builds on the day before and until a strong energy field is permanently established, short term benefits can be lost or harder to restore.

Also, note that the soul is made of light. Each of the chakras is a wavelength of light frequency, as can be seen in a light prism, when the light of the sun is broken into the spectrum of visible colors. This is in physics. All of the so-called "occult" can be scientifically explained. When we breathe in or invoke light energy, we are empowering our soul.

Full Chakra Meditation

To amplify the powers of your chakras to their full potential, it is important to meditate upon the chakra at the day and hour when it is at its full power. For example, the sacral chakra is ruled by the planet Mars. Using the reference linked below, you would meditate on your sacral chakra on the day of Mars and at the hour of Mars. The more powerful your chakras, the more powerful your magick. Research has proven that the Ancient Chaldean planetary hours are extremely accurate. I strongly encourage you to download the Chronos program from this website:

[CLICK HERE](#)

You will need to download and install version 2.0 of the Microsoft .NET Framework along with this. All of the information is available at the above website. This program is outstanding and calculates hours of the planets specific to your location.

I have found from my own experiences through years of meditation, some meditations are very powerful and other times- little or nothing. The same goes for spellworking. This has to do with the alignment of the planets and timing. Each chakra is ruled and influenced by a specific planet. When meditating upon a specific chakra, if you do this on the day and the hour of the planet corresponding to the chakra, the effects will be 100% amplified. This also includes spellworking and the planet that rules over the working, such as Venus for love, Mars for athletics or rage, etc. For example, meditating upon money when Saturn (limitations, hardships, and loss) is strong, is a total waste of time and rarely will the working produce any tangible results.

The Vibrations for each chakra below are based upon the 1586 Necronomicon. I have found these vibrations to be legitimate words of power. In the grimoires, the code-words for chakra/s is God/s. The exact vibrations practiced in Ancient Egypt at this point are not known, but we are researching this.

"The subject is naturally one of the most obscure that is known to scholarship, and so far no one has thrown any real light on it. That, however, there was once in Egypt and Chaldeæ a science of this "nature language," or "tongue of the gods,"

"In Egypt the priests hymn the Gods by means of the seven vowels, chanting them in order; instead of the pipe and lute the musical chanting of these letters is heard.

In speaking of the vowels or "sounding letters " - each of the seven spheres being said to give forth a different vowel or nature-tone - Nicomachus informs us that these root-sounds in nature are combined with certain material elements, as they are in spoken speech with the {14} consonants; but "just as the soul with the body, and music with the lyre- strings, the one produces living creatures and the other musical modes and tunes, so do those root-sounds give birth to certain energetic and initiatory powers of divine operations."

- From A Mithraic Ritual

The Complete Chakra Meditation is extremely powerful.

Each session should begin with correctly aligning your chakra. Instructions for this are in [the section on opening the soul](#). Ideally, you should have performed all of the meditations for opening the soul. The meditation for each chakra is in four steps:

1. Specific chakra breathing for the chakra you are working on
2. Breathing energy directly into the chakra you are working on
3. Vibrating the God-name for the chakra you are working on
4. Spending a few minutes feeling the chakra

1. Contract your abdominal muscles, forcefully, creating an exhale, by sucking your stomach in real hard and fast. Immediately relax and air will enter the top part of your lungs by itself. Use the rapid contractions of your abdominal muscles to inhale and exhale with this exercise. The contractions should be rhythmic.

2. Practice a few times, and get a feel for it.

3. Do 20 in a row, in and out, using your abdominal muscles in rapid succession at the end of the 20th breath, exhale, inhale and fill your lungs, contract your anus, lower your chin to your chest, hold your breath as long as you comfortably can- DO NOT PUSH YOURSELF!

4. Exhale slowly.

The above constitutes one round. The exhalation should be brief, and the inhalation should be passive and longer. Rounds are increased by adding the number of pumpings with your abdominal muscles. First, try doing three sets of 20 pumpings and then after some time, increase to 30, then 40 until you are doing 60.

THE MEDITATION:

This meditation is best performed on Sundays during the hours of the Sun.

1. Begin by correctly aligning your solar chakra, point facing upwards.
2. Perform the breathing for the solar chakra for several breaths
3. When you are finished with the breathing, vibrate "UDDU" several times while focusing on your solar chakra.
4. "OO-OO-OO-OO-TH-TH-TH-TH-OO-OO-OO-OO"
5. Focus upon and feel your solar chakra for several minutes.

BREATHING TECHNIQUE: ALTERNATE NOSTRIL BREATHING ALTERNATE NOSTRIL BREATHING ONE – HOLDING AT THE TOP

1. Inhale through your left nostril for a count of four and focus on your top three chakras.
2. Hold your breath for a count of 6 at the top of your inhale.
3. Switch and close your left nostril with your thumb, and now exhale for a count of four through your right nostril, slowly and evenly.
4. Inhale through your right nostril and hold for a count of six
5. Exhale through your left nostril, for a count of four
6. Inhale through your left nostril for a count of four, hold for a count of six, exhale through your right nostril for a count of four.
 - Inhale through left
 - Hold at the end of the inhale
 - Exhale through right
 - Inhale through right
 - Hold at the end of the inhale
 - Exhale through left
 - Inhale through left
 - Hold at the end of the inhale
 - Exhale through right

The above constitutes one round.

Repeat the above 4 times for newbies, eight to ten times, then build up to 20 times for experienced and up to 40 times or more for advanced meditators.

It is important to relax and take your time with this exercise.

For advanced meditators, the times can vary from being equal, for example, a ratio of 2 on the inhale, 8 on the hold, and 4 on the exhale, but this must be consistent through the meditation. Shorter inhales with longer exhales increase the witchpower drastically in a short period of time.

The above exercise directs the prana/witchpower to the head and upper chakras. This is a great exercise if you find your energy pooling in your legs, which can be dangerous.

ALTERNATE NOSTRIL BREATHING TWO – HOLDING AT THE BOTTOM

With this exercise, the hold is at the bottom, after your exhale and goes like this:

1. Focus on your three lower chakras
2. Inhale through your left nostril for a count of four, closing off the right nostril with your thumb. This is best done by pushing the pad of your thumb onto your nostril.
3. Switch and close your left nostril with your thumb, and now exhale through your right nostril for a count of four.
4. Hold your breath for a count of six, after the exhale.
5. Keeping your left nostril closed, inhale through your right nostril for a count of four, switch and close your right nostril and exhale through your left for a count of four.
6. Hold at the end of the exhale for a count of six and then inhale through your left again for a count of four, exhale through the right and then hold for a count of six, inhale through the right, switch and close the right and exhale through the left, hold for six, inhale through the left.
 - Inhale through left
 - Exhale through right
 - Hold at the end of the exhale
 - Inhale through right
 - Exhale through left
 - Hold at the end of the exhale
 - Inhale through left

This constitutes one round. What this exercise does is to bring the prana/witchpower to your lower chakras.

Repeat the above 4 times for newbies, eight to ten times, then build up to 20 times for experienced and up to 40 times or more for advanced meditators.

It is important to relax and take your time with this exercise.

THE MEDITATION:

This meditation is best performed on Fridays during the hours of Venus. The heart chakra does not align as the other chakras. Just focus on the center of your chest.

1. Perform the breathing for the heart chakra for several breaths
2. When you are finished with the breathing, vibrate "INANNA" several times while focusing on your heart chakra.

"EE-EE-EE-EE-N-N-N-N-N-AH-AH-AH-AH-N-N-N-N-N-AH-AH-AH-AH"

Or vibrate "GEBO"

"G-G-G-G-AY-AY-AY-B-B-B-B-OH-OH-OH-OH"

Or vibrate "EA"

"E-E-E-E-Y-A-A-A-A-A"

3. Focus upon and feel your heart chakra for several minutes.

THE FIFTH THE THROAT CHAKRA (VISHUDDI)

- LOCATION: Throat

- COLOR: Sky Blue
- NUMBER OF PETALS: 16
- PLANET: Mercury
- DAY: Wednesday
- METAL: Mercury
- VIBRATION: NEBO or NINGHIZHIDDA
- FUNCTION: Communication, self-expression
- INNER STATE: Psychic hearing, intellect

The traditional chant for this chakra is "Ham" or in Tibetan "Hang"

N-N-N-NAY-AY-AY-B-B-B-B-OH-OH-OH"

or "NINGHIZHIDDA"

N-N-N-E-E-E-N-N-N-GH-GH-GH-E-E-E-JH-JH-JH-H-H-EE-EE-EE-DAH-AH-AH

until you are empty of air

Repeat the above several times.

THE MEDITATION:

This meditation is best performed on Wednesdays during the hours of Mercury.

1. Align your throat chakra point down
2. Perform the breathing exercise about for several breaths.
3. Focus upon and feel your throat chakra. It is normal to feel a pressure or a lump in your throat which indicates your throat chakra is open and active.

THE SIXTH THE THIRD EYE CHAKRA (AJNA)

- LOCATION: Behind the third eye
- ELEMENT: ether
- COLOR: Indigo/bluish-violet

- NUMBER OF PETALS: 2
- PLANET: Moon
- DAY: Monday
- METAL: Silver
- VIBRATION: NANNA or THOTH
- FUNCTION: Psychic vision
- INNER STATE: Intuition

*The traditional chant for this chakra is “Ohm”

BREATHING TECHNIQUE: VIBRATION BREATH

First Set:

1. Inhale through both nostrils for a count of 2
2. Hold four a count of 4
3. Exhale for a count of 6
4. Hold for a count of 4

The above constitutes one round. Six to ten rounds is ok for new people. Those who are experienced and advanced should go with as many as comfortable.

The following exercise should be done for as many rounds as the above exercise and both should be done with the one below following the one above:

Second Set:

1. Inhale for a count of 6
2. Hold for a count of 6
3. Exhale for a count of 4

Do NOT hold at the bottom. However many rounds you did with set one, you need to do with this exercise.

Repeat the above several times.

THE MEDITATION:

This meditation is best performed on Mondays during the hours of the Moon.

1. Align your sixth chakra point down
2. Perform both of the breathing exercises, do the first one first for several breaths and follow with the second for the same amount of breaths as you did with the first.
3. Focus upon and feel your sixth chakra and third eye. It is normal to feel a pressure or an aching sensation in the middle of your forehead, which indicates your third eye, is open and active.

THE SEVENTH CROWN CHAKRA, THE SEAT OF GODHEAD, (SAHASRARA)
THOUSANDFOLD

- LOCATION: Top of the head
- ELEMENT: Water
- COLOR: Violet
- NUMBER OF PETALS: 1,000 petal lotus
- PLANET: Jupiter
- DAY: Thursday
- METAL: Tin
- VIBRATION: MARDUK
- FUNCTION: Enlightenment
- INNER STATE: Bliss

*There is no traditional chant for this chakra.

There is no breathing technique for this chakra.

THE MEDITATION:

This meditation is best performed on Thursdays during the hours of the Jupiter.

1. Align your seventh chakra point down
2. Breathe in and on the exhale, vibrate "Marduk"
"M-M-M-AH-AH-AH-R-R-R-TH-TH-TH-OO-OO-OO-K-K-K"

Focus upon and feel your seventh chakra on the top of your head (inside your head). A beautiful sensation of bliss indicates this chakra is open and active.

It is important when finished with the meditation to remain quiet for a few minutes and meditate on your auric energy.

Opening Your Psychic Centers for Clairaudience

Meditating on your centers of clairaudience; also known as "psychic hearing" will empower your astral hearing. This is useful when communicating with Demons. Just relax and focus on each center, visualizing each one as a bright star. Spend a few minutes with each one.

To open each of these minor chakras, just focus on them and visualize them opening up like a star and getting brighter. This may have to be done for several meditation sessions before they are permanently opened. The points are the same for both sides of the head, though the illustration directly above shows only one side of the face.

You will notice changes in your awareness and psychic abilities when doing this exercise for any length of time.

As you advance, you can do "chakra breathing" where you absorb energy with each inhale and slightly expand and brighten each chakra you are focusing on, upon the exhale."

Opening Your Psychic Centers for Clairvoyance

Meditating on your psychic eyes will empower your astral vision. It is easy.

Just close your eyes and "look" at the 3rd eye in the middle of your forehead. It is important to relax and not to strain your eye muscles, even though your eyes are closed. At first, there is usually just blackness depending on how active your 3rd eye is, then possibly swirling colors and shapes. Like scrying into a mirror, the colors and shapes will give way to images when you do the meditation long enough and regularly. Remember to keep your focus soft and relaxed.

After meditating on your 3rd eye, visualize your 3rd eye brightening and shining outward like the sun and direct this energy to each of your psychic eyes, beginning with your 1st and 2nd psychic eyes and back to your third eye and up through your 4th, 5th and 6th eye points. You can then circulate the energy up and down as a stream of brilliant light.

Another technique which is somewhat advanced is to perform the chakra breathing through each of the centers. Draw energy into either one specific center at a time or do all simultaneously with each inhale. Visualize each center lighting up and upon each exhale, expand each center slightly, like a brilliant star. If you are working on all simultaneously, it is important to visualize all of them at the same time.

Sound Meditation

The benefits of meditating on sounds are the opening of more pathways within the brain. Any sounds can be used for this meditation. This includes any kind of music. Close your eyes and relax. Open your mind and try to 'see' the sounds. Sounds usually come in motion and in specific shapes, colors and waves. The ability to see sounds is called "synesthesia." "Synesthesia" is a medical term for those of us who are born with the ability to see sounds and/or experience different senses at the same time, like hearing colors or tasting/smelling shapes. A small percentage of the population were born with synesthesia. It often fades with age and in most cases is pronounced during childhood.

The experience of seeing sounds and crossing the senses is common with the use of psychedelic drugs such as LSD, though drug use induces synesthesia through artificial means and it cannot be controlled.

With drugs, the user is not in control, the drug is, and in self-empowerment and magickal practice, it is extremely important for the practitioner to always be in control through his/her own natural ability. Dependence on powerful mind altering substances creates weakness of character and also creates holes in the aura and a weakening of the astral body. I am not talking recreational marijuana use here, I am referring to dependence on powerful chemicals in order to reach an altered state as some mages have been known to do.

Synesthetic people are often very psychic and highly intelligent according to medical studies. CIA and U.S. Military psychics reported going through stages of synesthesia when performing extensive exercises to open their minds for psychic warfare.

Synesthesia may happen with your first sound meditation or with practice. Close your eyes and note the colors, shapes and movements of the sounds. You should write this in your Book of Shadows/Black Book/journal if you keep one. You should put aside all thoughts and visions as you would for void meditation and try to "see" the sound(s)/music. In time, other senses can also come into play- what does it taste like? Smell like? The most common experience is to see the sounds, but don't put any limitations on yourself.

Natural synesthesia facilitates clairvoyance, clairaudience and other psychic abilities. Synesthesia can be a very beautiful experience and a rewarding session of meditation. The more pathways we open and empower in our brains, the more experiences and abilities we are able to have. We are no longer just using "5-10%" of our brains. To fully develop this ability, one should listen to a variety of music and also each day, take time out to listen and "see" the sounds in one's environment. Like anything else, the more we use this ability, the stronger it becomes.

Directing Energy

To make full use of your abilities in magick, it is important to be familiar with energy; sensing it, how to absorb it, detect it, send it out and manipulate it. This comes with meditating, sensitizing yourself to it and working with it. With consistent practice, power meditation will naturally increase your bioelectricity. You will be able to feel this energy often, just by being aware of it. Awareness is the key to advancement in ability and power.

1. Lie quietly and become aware of the energies on the left side of your body, then your right side.
2. Direct the energy from side to side and then bring it from both sides to meet in the middle of your torso.
3. From here, expand the energy past your body and into your aura and then contract the energy. You can play with it.
This is an excellent exercise for directing energy at will.
4. Continue to expand and contract the energy until both sides of your body feel balanced. Then feel the energies on the left and right sides together.
5. Feel energy from the front of your body, then the back, repeating the same steps as described above.
6. Do this again, this time from the waist up, then from the waist down. Same as above.
7. Now, feel the energy in your entire body as a whole. Practice expanding and contracting your aura several times.
8. The last time, bring the energy together in the center of your body and gently expand it out, expanding your aura, making sure it feels balanced and even.
9. Meditate on feeling the energy gently radiating and expanding your aura for a few minutes.

It is very important to always direct your energy upwards and out of your crown chakra. There will be times you will feel it drifting to your legs and feet. It should not remain there for any length of time as it can create problems because of a lack of circulation.

Controlling Your Chakras

This exercise is important, and very useful for shutting out unwanted stimuli. Upon closing your chakras, you will feel a sense of calm and inner peace. Closing your chakras will also protect you from both unwanted humans and astral entities as both attach themselves at the chakras, and by closing your chakras around threatening beings, you can prevent this. Closed chakras also protect you from psychic vampirism. This exercise can also help to still the mind when done before void meditation as it shuts out a lot of psychic noise.

1. At the end of your meditations, sit comfortably or stand up (whichever you prefer) and begin at the base chakra.
2. See your base chakra as a whirling red vortex of energy. Visualize either doors or shuttered doors and close them on the chakra, shutting out all of the light.
3. Continue this all the way up with each individual chakra, to the crown.

You should feel a sense of peace and quiet, when all of your chakras are closed. This exercise can be done several times a day if you wish to block out unwanted external stimuli and/or to protect yourself in a negative environment like around xians or other undesirables.

This is especially effective for people who are natural mediums and easily absorb energy and for those who are easily distracted.

Your chakras will open back up on their own after a bit. If you feel you need to open them right away, just reverse the above exercise and open the doors and spin each chakra several times.

Meditation for Past Life Regression

This exercise requires deep relaxation. Lie down in a comfortable position.

You should begin by breathing in to a count of six,

Hold for a count of six

And exhale for a count of six.

Do this several times until you feel completely relaxed and you can no longer feel your body. Turn your attention inside and to your entire back side and free fall. Just let go and a falling sensation should manifest. For inexperienced meditators, this might make you dizzy. If you feel real uncomfortable or dizzy, just focus on the front of your body to stop the free fall. The deeper you free fall, the deeper your trance state and the easier it is to work with your mind.

When you have reached a deep trance state, visualize yourself walking towards a door in your mind. As you walk towards the door, tell yourself when you walk through the door, you will enter into your past life. This should be the life that preceded your life now. Walk through the door, look around at your environment.

To go back several lifetimes, just visualize the door and tell yourself you are going back to whatever year you wish to regress to. To go forward in any past life, will yourself forward by asking your mind to take you to a specific stage of your life or year. Take the time to look around and ask your mind questions. To regress further through each past life, will yourself backwards by telling your mind to take you back further until you can regress no more, and again, walk through another door, telling yourself you are entering the lifetime before this life you are observing. You will be further back in time. To go forward into your next life- use the same technique, only be aware this is only one of many possible futures. To bring yourself out, walk back through the door into now.

Flame Meditation

Method One:

1. Light a candle and stare at the flame for 2 minutes. Make sure your attention does not wander.
2. Close your eyes and place your hands in relaxed cupped position, palms over your eyes and concentrate on the imprint of the flame in the darkness. The image will tend to move across your area of vision. Keep looking for it and bring it back and keep concentrating on it for four minutes.
3. Relax and empty your thoughts and tune into your breathing for a few minutes, concentrating only on each breath

What this exercise does:

This exercise prepares the mind for one-pointed concentration, which is so important to any psychic/astral workings. With the average person, thoughts are scattered and dissipate into nothing. With the trained mind that can concentrate intensely, the thoughts are single-pointed and focused like a laser and have power. 100% concentration makes the difference in astral workings. One's will is also developed with this exercise as a powerful will does not give into distraction. Do not become frustrated or impatient with yourself. It is normal for thoughts to creep in to distract you in the beginning. Total concentration takes time and is one of the most difficult aspects of training the mind.

Method Two (intermediate):

1. Focus on the flame for several minutes
2. Close your eyes and place your hands in relaxed cupped position, palms over your eyes and concentrate on the imprint of the flame in the darkness. The image will tend to move across your area of vision.
3. Keeping your eyes closed, try to enter the imprint. You will find the imprint begins to compact and change color. The bright image will change to pink, then to red and grow dark.
4. Repeat the exercise if you wish.

What this exercise does:

This exercise trains the mind and third eye to direct psychic energy.

Physical Yoga

Physical yoga, along with Tai Chi can greatly amplify power. Below is a basic session you can do every day.

It is important to never force yourself in any of the stretches. Yoga is very different from athletic stretching. It should be done in a relaxed state and never forced. It is right-brained and the goal is to empower ourselves. Anyone can learn on physical yoga their own, contrary to the popular notion of having a teacher. I taught myself from Richard Hittleman's book "Yoga 28 Day Exercise Plan" when I was 13. The most important thing in yoga is to go by **feel.**

Physical yoga should also be done while in a meditative state, for maximum power. If you feel a sense of lightness, increased bioelectricity and power, you are performing the asanas correctly. Yoga is also best done alone, as others or a class can be a distraction. Yoga should be done in a sequence- either standing to sitting to lying to inverted OR inverted to lying to sitting to standing. Each asana should be held for one minute, or with more difficult asanas, hold for a count of 10, 20 or 30 and do them twice or three times. Go as to how you feel. As you progress, you can hold for longer periods. Some adepts hold the handstand and other asanas for 10 minutes or more. Remember, we are all individuals. For timing yourself, for example when holding a minute, just count to 60, like "one thousand one, one thousand two, one thousand three, one thousand four... You should relax and remain perfectly still when in each asana. Never jerk, tug, strain or pull and remember- only go as far as you are comfortable.

The sequence given below should be done in order.

Yoga is meant to be peaceful and relaxing. TV, loud music blasting and commotion are not in harmony with yoga.

**Inverted asanas should not be attempted by those who have brain problems, detached retina, cervical problems, who are very overweight or have any condition that could be aggravated by increased pressure or blood flow to the head and neck. You can do the other asanas and leave the inverted ones out.*

Only go as far as you can and never strain. YOGA IS **NOT** ATHLETICS!

ALWAYS compliment a front bend with a back bend. There always has to be an opposite move in yoga. If you twist to the left side, you must also twist to the right side.

Every yoga program should include:

- Standing asanas
- Sitting asanas
- Forward bending asanas
- Backward bending asanas
- Side to side bending asanas
- Twisting asanas
- Inverted asanas (these can be left out for those who have medical problems as I mentioned in the above).
- Lying asanas

Handstand

When I first learned to perform a handstand- I was very young and of course, it was easy being a kid. I just kicked up to the wall. Anyone at any age who is in decent health and weight can learn to do a handstand. Later on, you can try walking your hands away from the wall further and further. Only hold the handstand as long as comfortable, but try to add a few counts each week. I prefer to do a handstand, instead of a headstand as the handstand places less pressure on the neck vertebrae, it strengthens the arms and wrists and is overall much more effective. It can be done and held against a wall for support, until you can do it away from the wall.

Shoulderstand

Plough

Fish

Forward bend

Cobra

Locust

Bow

Twist

You can do the above twist with your leg outstretched to make it easier.

Standing Forward bend

Triangle

The above can be done going as far as placing your hand on your knee. The point is to stretch out your sides. The photo is advanced. For people who are inflexible or new, you can start by placing your hand on your knee and bending, rather than the advanced on the floor. Then, as you progress, just slide your hand down the side of your calf, then ankle and finally the floor.

Savasana

Remain in the Savasana position for 5-15 minutes and do void meditation on your energy field.

Mediation for Protection

This meditation is very important. It is simple and the more you do this, the more powerful the protective aura becomes.

1. Breathe in white-gold energy* as you would with the [energy foundation meditation](#). You don't need to go into a deep trance with this. Just concentrate on *feeling* the energy enter your being on each inhale and then visualize a powerful brilliant light, like the Sun becoming brighter and brighter with each exhalation. Once you get this going, it becomes very easy and takes little time.
2. Affirm: "I am breathing in powerful protective energy. This energy is building an aura of protection around me. This aura protects me at all times in every way."
Say this to yourself five times for five inhales. After this, just concentrate on visualizing and feeling the energy, making it more and more brighter and powerful.

This will program the energy and also program your aura.

After several days of doing this exercise, you can say the affirmation once or twice, instead of five, as it will already be programmed into your aura.

The more you do this, you will build a more and more powerful protective aura. Use the energy from the Sun as well. Energy from the Sun is extremely powerful. When doing this, just add "I am breathing in powerful protective energy from the sun. This energy is building an aura of protection around me. This aura protects me at all times in every way."

*White-gold energy is used because it is reflective. You can also program your aura so you breathe in protective energy from the Sun (extremely powerful) when you are outside. After the first few times, you don't even have to visualize anything. You can just feel this and you don't have to be in a trance for it to work- you will feel it. I am to where I just consciously breathe in energy and I can do it easily at any time- with no trance or visualization.

Another important thing you can do to protect yourself and remain safe is to affirm 5-10 times before you go to sleep:

"I am always totally safe and protected in every way." Never doubt this! The aura of protection will also help to clean your aura and repel any negative energy. This is very important.

You can also visualize loved ones and breathe energy into their aura to protect them. Just go into a trance and visualize whoever you want to protect and breathe in energy as outlined in the link above and then breathe it out into the aura of the one you wish to protect and follow the same procedure, only apply it to this other person. This can also be done for healing purposes.

Intermediate Meditations

Azazel's Four Dimensional MerKaBa Meditation

Azazel and Thoth worked with me to revise this meditation which was based on the "Mer Ka Ba." Further revisions were dictated to me from Azazel (3/26,27/05). There are many new age authors who write about and teach the Mer Ka Ba. The new age version is based upon a hexagram. The hexagram version was given to new age enthusiasts by angels. What the hexagram does is it establishes a geometric energy field that corresponds to the planet Saturn, of time; the lower octave of Saturn. The current system of time, based on the number 3 and 6, is out of sync with the vibrations of the earth and the universe, which are naturally 13 and 20; the 13 lunar months. Unbeknownst to many, the hexagram meditation is a conspiracy and is to the detriment of humanity. It has to do with the numbers and this is very complex. I will write a separate article concerning this and linear time.

The meditation give on this website is based on the eight pointed Star of Isis (Astaroth). The correct position of for the Star of Isis is rotated at 22 degrees. Shown at left, in its upright position, it is known as the "Sigil of the Beast 666." The Silver Star of Isis (turned at 22 degrees) is also said to have been worn by the Knights Templar on a red sash. The numbers are definitely Satanic as the number of Isis (Astaroth) is 8 and the number of the pentagram is 5; $8 + 5 = 13$. Enki's number is 40; another combination is $5 \times 8 = 40$. 13 is also based upon the thirteen Lunar Months which is the natural year and the eight phases of the moon. It is also based upon the Satanic Year.

Her Babylonian symbol is known as the "Star Disc of Ishtar." What this meditation can do is take your energy field to a much higher vibration. The geometry of energy has powerful effects. Once this meditation has begun, you should continue to do it every day until the spinning fields are permanent. You will know they are permanent when you can feel the pulsating sensation any time you focus your attention on them. Once they are permanent, you will no longer have to perform the meditation every single day.

The eight pointed star is very ancient and based upon the octahedron. The octahedron is an extremely important aspect of nature and is one of the primary archetypes of creation for all life. It is based on 13 circles of which the centers connect. It is also the basis of important informational systems in the universe. Within it are found all five of the Platonic Solids, the "building blocks" of creation. The eight pointed star is also the symbol for the "Shambhala initiation;" the initiation of advanced Buddhist monks into the Kalachakra Tradition. This tradition preceded what most people know as Buddhism by thousands of years and is based upon the Tibetan "Bon" religion, which was given to the Tibetan Priesthood from Marduk/Amon Ra. Unlike the pacifistic, self-sacrificing contemporary Buddhist religion, the original Bon religion was a warrior religion where disciples were pushed to exceed

limitations and become as the Gods. ²

Once the candidate was lead through the seven gates and received the seven initiations (opening of the seven chakras), it was possible for them to be received in the court of Shambhala.³

Meditation:

Sit comfortably, preferably cross legged, but sitting in a chair is fine as long as your spine is straight. Go into a trance state. You should take a couple of minutes to clean your aura before beginning this exercise. The meditation is performed in 18 breaths. [Click Here](#) for information about this meditation.

Visualize yourself inside of two pyramids. The standard meditation is done with white-gold energy inside of the pyramids, but you can change colors as you become more experienced and know how to handle color energy. White-gold energy is the most powerful energy.¹

1.

With your thumbs touching your index fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, and chant either aloud or silently in your head:

S-S-S-S-A-A-A-H-H-H-H; in one long exhale while visualizing both your pyramids filling with a brilliant white-gold light.

2.

With your thumbs touching your middle fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, and chant either aloud or in your head: T-T-T-T-A-A-A-H-H-H-H; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

3.

With your thumbs touching your ring fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, and chant either aloud or in your head: N-N-N-N-A-A-A-H-H-H-H; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

4.

With your thumbs touching your little fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, and hiss (one long "S" sound for the exhale):
S-S-S-S-S-S-S-S-S-S; in one long exhale. Continue to fill the pyramids with bright intense and powerful energy.

5.

Again, with your thumbs touching your index fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, while visualizing both your pyramids filling with a brilliant white-gold light.

There is no need to chant for this step.

6.

With your thumbs touching your middle fingers, inhale to the count of 6;

Hold for 6

Exhale for 6, while visualizing both your pyramids filling with a brilliant white-gold light.

There is no need to chant for this step.

From now on, with each and every breath throughout the meditation, you will draw in and visualize energy entering through both ends of the breathing tube at the same time.

The breathing tube extends for one hand length (measured by the length of your own hand) beyond the top of your head, down through your seven chakras and ends one hand length past your base chakra located at the end of your tailbone. When you are standing, it extends one hand length beyond your feet. Your tube is as large around as the circle made when you touch your thumb to your middle finger and tapers to a small opening at each end. The tube is transparent like glass.

The next three illustrations below are without the pyramid for clarity. (You should always visualize yourself inside of the pyramid throughout the entire exercise).

7.

With your thumbs touching your ring and little fingers, index and middle extended as in the illustration to the left, inhale and breathe in energy to the count of 6, visualizing brilliant white-gold light entering the tube from both ends at the same time to meet between your 2nd and 3rd chakras.

Hold for 6.
The light forms a sphere the size of a grapefruit.

Exhale for 6 and visualize the sphere brightening with energy.

8.

Keep your thumbs touching your ring and little fingers, index and middle extended as in the illustration to the left, inhale and breathe in energy to the count of 6, visualize the sphere growing in size until it reaches the base of your rib cage and the top of your pubic bone.

Hold for 6.

Exhale for 6 and visualize the sphere brightening with intensity.

9.

Continue to keep your thumbs touching your ring and little fingers, with your index and middle extended as in the illustration to the left. Inhale and breathe in energy to the count of 6, Visualize the sphere brightening and growing in concentrated power

Hold for 6, visualizing and feeling the brightness, intensity and power of the sphere.

Exhale for 6, visualizing the sphere grow brighter and brighter, and more and more powerful.

10.

Keep your hands in the position shown in the illustration to the left, inhale and breathe in energy to the count of 6,

The sphere is reaching maximum concentration, it ignites, changing color to a white/electric blue flame and turns into a brilliant shining gold like that of the Sun.

Round your lips to blow

Blow on the exhale for a count of six. As you blow, visualize the sphere expanding to surround your entire body.

The smaller sphere still remains, and is more concentrated and brighter than the larger one. (Visualize yourself like you are blowing up the sphere).

11.

Keep your hands in the position shown in the illustration to the left, inhale and breathe in energy to the count of 6, Visualize and feel the energy entering your breathing tube at both ends and concentrating in the smaller sphere and expanding out into the larger sphere.

Hold for 6.

Exhale for 6 and visualize the concentrated energy continuing to expand into the larger sphere making it brighter and more powerful.

At this step, you will more than likely see the smaller sphere beginning to spin. It can spin either way. Visualize the spinning and go with the flow.

Steps 12. and 13. are the same as step 11.

(Continue to spin the sphere)

For men, place your left palm on top of your right palm, both facing up. For women, place your right palm on top of your left, both facing up.

14.

At the beginning of your inhale, move the smaller sphere up to your 4th chakra (shown on the left); inhale for a count of six.

This is standard as the heart chakra is the most powerful of the chakras. With experience, you can move the ball to any chakra of your choice. This includes the 8th chakra as well. (See illustration to the right).

15. Inhale for a count of six and say to yourself in your mind "EQUAL SPEED"

The 2 pyramids will begin spinning in opposite directions. The top pyramid will spin counterclockwise; the bottom pyramid will spin clockwise.

Round your lips and blow as you did before, for a count of six, spinning and feeling the spin of your pyramids in opposite directions. They will be moving at 1/4 the speed of light. The spin feels like a pulsating sensation.

16. Inhale for a count of six and say to yourself in your mind "HALF THE SPEED OF LIGHT"

Round your lips again and blow for a count of six, spinning and feeling the spin of your pyramids in opposite directions. They will be moving at 1/2 the speed of light.

17. Inhale for a count of six and say to yourself in your mind "THREE FOURTHS OF THE SPEED OF LIGHT"

Round your lips again and blow.

As they approach 3/4ths the speed of light, a flat disk located beneath your naval pops out and expands to a distance of approximately 55 feet in diameter. Visualize this like the Sombrero Galaxy as shown in the illustration to the right.

Continue to blow out with force and feel the speed of the disk increase and stabilize.

18. Inhale for a count of six and say to yourself in your mind "SPEED OF LIGHT"

Visualize your disk and the pyramids spinning so fast (the speed of light is 186,000 miles per second) they give off intense white light and energy, hold for six and blow for six. This will stabilize the disk.

It is strongly advisable to remain in meditation, meditating upon the energy for 5-15 minutes afterwards, concentrating on feeling the pulsating sensation of the disk.

Circulating Energy

This meditation is the most powerful. It is done by martial artists and advanced meditators. It enables the practitioner to feel, control and direct energy.

Be patient. You more than likely will need 15 minutes to half an hour set aside for this to begin with. Again, everything is individual. In the beginning, for most people, the energy will be slow in coming and will move like molasses, but this varies according to one's development in past lives. Normally with repeated meditations, it will speed up and you will be able to direct it at will.

This exercise is more in FEELING, rather than in visualization.

1. Focus on your crown chakra. Just sit 3-4 minutes and meditate on this chakra. You may feel it as a sort of crawling sensation. This is normal. When one advances or on occasion, there is an intense feeling of bliss. You may also feel a pressure there.
2. Now focus on your third eye. Meditate on your third eye for several minutes. Feeling a pressure here is normal.
3. Move your attention to your throat chakra and do the same as with the above two chakras.
4. Move your energy to your heart chakra and focus for a few minutes.
5. Focus now on your solar plexus and do the same.
6. Follow with your second/sacral chakra- do the same.
7. Now focus on the area between your perinium. This is between the rectum and scrotum for men and between the rectum and vagina for women. This is a power spot. Visualize the energy glowing brightly like the sun here.
8. Move the energy to your base chakra and meditate for 3-4 minutes or so on your base chakra.
9. Now, direct the energy up your spine into your second chakra. (This is the second chakra located on your spine- with the first circulation, we focused on the chakras in the front, we are now directing the energy up the back).
10. Continue to do the same, directing the energy up into each chakra, one by one located in the spine, until you reach your crown.
11. This time, you can direct the energy without pausing, moving it along down the front of your body chakra by chakra until you stop again at the perinium and direct the energy up your spine.

Keep circulating the energy as long as you wish. This exercise will enable you to control and direct energy. This is the foundation of all power. You will establish a mind connection to where you are able to focus and the energy will follow. This can be used for healing, empowering or otherwise.

Beautiful Meditation form Satan

This is the most blissful meditation I have ever done; it was a gift to me from Father Satan. This meditation stimulates the crown chakra and the pineal gland and it is a most beautiful natural high that lasts long after the meditation is performed.

Begin by "breathing" into your third eye. Do this several times in and out. (See the [Foundation Meditation](#) for how to do this if you are unfamiliar).

Inhale into your third eye deeply, all the way back into your 6th chakra. (The 6th chakra is behind the third eye and is located about half way from your third eye and the rear of your head).

Hold the inhale for a count of five. (You can hold longer if you are experienced in power breathing).

Now slowly exhale and when you exhale, visualize the energy from your inhale as bright light and flood the top part of your head with it. (Your brain area).

Do this for five to ten times. When you are finished, just relax and meditate on the beautiful energy. It is addicting.

HAIL SATAN!!

Meditation on Satan

Most of us have felt Father Satan's energy. His energy is strong and gives us a feeling of confidence and sometimes exhilaration. We can meditate on his energy and make it more powerful in our lives. By doing this, we grow much closer to Satan, forming a much stronger bond with him. Tune into your breathing or whatever you do to relax and turn off your thoughts. Feel his energy running through you. You can visualize his sigil or any of his symbols. You can also visualize his face if you have ever seen him. This is best done after a ritual when we invoke his energy.

Blue Light Meditation

Demonic energy is blue. Blue is also the color of relaxation. Close your eyes and relax until you can no longer feel your body (trance state). Breathe in the color blue and surround yourself with a blue light, then tune into a floating sensation. The blue light helps to achieve this. Just let go. This meditation can also take you to higher levels and other dimensions.

Rune Meditation

About the Runic Kabalah

Few people have an understanding of what the kabalah is due to centuries of the removal of knowledge and the mass murder ([on behalf of the Catholic Church](#)) of the people who had it, namely Gentile priests and spiritual leaders. I have been studying this aspect of magick in depth and working with the runes and have found them to be exceptionally powerful. I am still studying and will reveal more information as I go along.

Cutting through the Bullshit

In studying the history of many the different known manuscripts of occult disciplines and grimoires, one will find that nearly all, if not all have been drastically altered. It appears that with every important manuscript, a Jew had to have a hand in either "deciphering" "translating" or just "helping" to put it together. For so small a number of the population, it seems this people are always relentlessly working to have control at key points. [The result is the desecration of Gentile spiritual texts in order to remove magickal knowledge and strip the Gentiles of all occult powers.](#)

We can read more of this by clicking here: [The Stolen Kaballah](#) THE ULTIMATE JEWISH MASTERPIECE IS THE BIBLE AND THE ULTIMATE JEWISH CREATION IS THE NAZARENE CHARACTER.

The runes seem to have been an extreme threat to the Catholic Church as the penalty for using runes or even having knowledge of them was death. The Jewish tool of xianity hunted down and mass murdered Druid Priests, religious leaders and many other Gentile Pagan Mages to near extinction. Because of this, what is available regarding runic magick in the mainstream bookstores is flawed.

For example, the most important pronunciation of the runes is usually given in American English. This flaw is glaringly apparent. The runes are Germanic and Norse in origin, so why would we want to vibrate them using American English?? By the way, vibrating the runes is the most powerful and is the foundation of the True Runic Kabalah. It is obvious with the information readily available out there, that the Germanic umlauts have been omitted, along with many other guttural pronunciations, which are extremely important to correctly using the runes.

When deep in meditation and vibrating a certain rune some time ago, Satan came to me and told me to "roll the R's fully." This takes practice for those who do not have this in their native language, but comes in time and when one has mastered the correct vibrations, one will find the results of one's efforts in applying magick quickly forthcoming. How accurately and smoothly one performs the vibration for the specified number of times corresponding to the rune will determine the power and success of the working.

Unbeknownst to many, there is a Gothic Kabalah, a Phoenician Kabalah and Greek Kabalah among others. The Kabalah is originally Egyptian in origin. The originally Egyptian phrase: "In the Beginning was the word" was stolen from Ancient Egypt(Phony Jewish Yaweh replaces the Egyptian God Ptah), Reference: 101 Myths of the Bible by Gary Greenburg © 2000 pages 11-13.

The entire universe vibrates and through vibration we greatly empower our soul and amplify our magick. The original alphabet is based upon the constellations. Like everything else, the Jews have tried to claim "Hebrew was the original language and alphabet" but this is NOT SO. With the necessary research using reliable secular sources and texts, one will find "Hebrew" was taken from Phoenician and other languages predating it. [It also appears that Hebrew was taken from Hindi in that the letters](#)

[have similarities and many of their words have their origins in Hindi.](#) For anyone with any knowledge, we all know the bible was written to give the Jews a history and status they never had nor are they entitled to.

The runes can be traced back to Ancient Phoenician and cuneiform scripts. This is their power. Many of the correct pronunciations have unfortunately been lost due to the systematic destruction of spiritual knowledge and its replacement with Hebrew Bullshit.

Using the Runes

The Kabbalah is actually pretty straightforward when stripped of all the meaningless Jewish bullshit and alterations. Kabbalistic magick is based upon letters and numbers, in that each letter corresponds with a number. The name of the letter is vibrated with a specific focus on a chakra of choice, [an aspect of the soul, the aura](#), a body organ (for empowering and/or healing). The basis of this is the yogic "humming breath."

Example One:

Healing Meditation-

1. Go into a trance and breathe in energy into the specific organ that needs healing. Visualize this as white-gold like the sun.
2. State your affirmation such as "I am breathing in powerful healing energy that is ridding my _____ of disease permanently, and making it strong, healthy and normal in every way. State this several times in your mind with intent with each breath.
3. Now breathe in the energy and on the exhale, vibrate the name of the rune you wish to use. Say you are using the "Uruz" rune, you would inhale the energy and ON THE EXHALE, FOCUS THE VIBRATION SO YOU CAN DIRECTLY *FEEL* IT VIBRATING IN THE ORGAN: OOOOOOO-RRRRR(roll the R)-OOOOOOO-ZZZZZZZZ.
4. The number for Uruz is two, so you would want to vibrate this rune for a number corresponding to two, such as twenty times for each session.

During the meditation, visualize the Uruz rune as you can. In time, when you open your mind, this can all be simultaneously. The rune should be shining with power.

Example Two:

Empowering a chakra-

Say for example you want to empower your heart chakra, the Gebo rune rules this chakra.

1. Go into a trance and breathe in energy into your heart chakra. Visualize this as white-gold like the sun, as the sun is the esoteric ruler of the heart chakra and the center of power of the soul.
2. Vibrate the Gebo Rune and FEEL it vibrating right in your heart chakra: GGGGGG-(this is guttural and the sound is prolonged in the back of the throat, creating a powerful energy circuit)-AAAAAAAAYYYYYYYYYYYY-BBBBBBBBBBBB (this again is vibrated on the lips)OOOOOOHHHHHHHHHH.

The number for Gebo is seven, so you would want to vibrate this rune either seven times per meditation session or a multiple of seven.

Example Three:

Using energy to empower your aura to attract someone/something-

1. Go into a trance, feel your aura and breathe energy into it.
2. State your affirmation for example "I am breathing in powerful energy into my aura that is attracting____ to me."

2. Vibrate whichever rune you choose that corresponds to whatever it is you wish to attract and FEEL the vibration in your aura.

Repeat for the specific number of times corresponding to the rune you are using.

Tip:

Rune vibrating takes a lot of practice and concentration. It is best to go somewhere, where you are alone and won't be disturbed, where you can vibrate aloud. I listen to music with my headphones as this helps me to focus on FEELING the vibration correctly which is so important. Use whatever works for you as we are all individuals.

Pronouncing and Vibrating the Runes

- V is pronounced F
- W is pronounced V
- Z - is pronounced "ts" as in "pizza"

In Kabalistic "Speech," each of the letters must be correctly vibrated. Kabalistic sounds for each of the letters are a bit different than when used in everyday normal speech.

For vibrating the Runes, use the examples above. Basic Kabalistic pronunciation of the letters not listed in the above are as follows (note, it is important to pronounce the Runes as with the dialects in the above)The following is basic kabalistic speech:

A (see examples above)

B is vibrated with the lips pursed.

C is vibrated in the back of the throat, like a hard cat's hiss.

For the letter D, follow the rules for the Gothic example above:

Ð ð - English "TH" At start or end of word, th as in "thing," in middle of word th as in "there."

E is vibrated in the back of the throat as in making the sound for the letter Y, for example "Y-E-E-E-E-E-E-E-E-E" while constantly vibrating the Y sound in the throat.

F is vibrated as a light V.

G is vibrated in the back of the throat and is guttural, like softly gargling, but should be smooth and steady.

For the letter H, use the rules for German:

H h: as in German "nacht" This is like the "ich" but a bit more pronounced with the back of the throat.

To correctly vibrate the letter I, vibrate "ah" and switch to the long I to get the feel, this is also from the back of the throat.

J is vibrated either softly as in the French "Jacques" or for some words, the hard English J, but make sure you can feel the vibration.

K is vibrated, as in hacking up a spit.

L, M, N, are vibrated as in normal English.

O is vibrated as the long English "O"

P is a bit tricky. Vibrate as for the letter B, (B is vibrated with the lips pursed), while at the same time, making the vibration for the letter V

Q is the same as the letter C

R is normally rolled, but can also be the English R, as in Gothic and Old English

S at start or end of word, pronounce as S, as in "Satan."

- In middle of a word, pronounce as Z, as in Zebra
- Beside an unvoiced consonant, pronounce as S, as in "Satan."
- Doubled (ss)pronounce as S, as in "Satan."

T is tricky. Vibrate "TH" while at the same time Z. It is between the two.

TH is Th, as in "The."

U is vibrated as in the word ooze.

V as in "Very."

W is the English W

X, same as K

Y, same as the English Y

Z, same as the English Z

Now, for example, take the rune "ÜRÜZ." To properly vibrate this rune would be as follows:

Ü-Ü-Ü-Ü-Ü-Ü-Ü-Ü-Ü-R-R-R-R-R-R-R-R-R-R-O-O-O-O-O-O-O-O-O-O-O-Z-Z-Z-Z-Z-Z-Z-Z-Z-Z

The R's should be rolled and the second U pronounced as in the word ooze. Like a mantra, vibrating the runes is to be done repeatedly and should be for the number of times as is the number of the rune, or can be multiples of this number. Once you begin working with a certain rune, stay with the same number of times for each session. For example, say you are working with the ÜRUZ rune, which is the number two and you vibrate the rune 20 times (a multiple of 2), you should always vibrate this rune 20

times for the specific working.

Gothic: Aihwa

Norse: Ehol, Ior
Anglo-Saxon: Eoh
Icelandic: Eykur
Norwegian: Eh, Eol

Represents the horse. It is also closely identified with Castor and Pollux the Gemini twins. Used to see into the future and for psychic communication. Like the fourth chakra, this rune unites opposites. This rune forges bonds and is used to seal marriages and friendships. Can be used to bind another's thoughts and actions to the operator's will. Used in spiritual divination to understand the will of the Gods. Used to empower thoughtforms and bring them under the control and will of the mage. When used with other runes, Eihwaz unites the energies harmoniously.

MANNAZ

Germanic: Manna (Mannaz)
Gothic: Manna
Norse: Maðr
Anglo-Saxon: Mann
Icelandic: Maður
Norwegian: Madr

Rune of logic and the left side of the brain. Used for enhancing intellect and strengthening the memory. Helps one to gain more knowledge of one's self which is essential in working magick. Amethyst

LÖGR

Germanic: Laaz (Laguz)
Gothic: Lagus
Norse: Lögr
Anglo-Saxon: Lagu
Icelandic: Lögur
Norwegian: Laukr

Conceals and symbolizes the unknown. Reveals and counteracts poisons. The hidden is revealed. Assists in the awareness of energies and enhances one's sensitivity. Good for dowsers and pendulum workers. Helps in astral work. Can be used to enhance physical and psychic strength. Used in feminine magick and masking the forces of other runes.

INGWAZ

Norse: Ing, Ingvarr

Gothic: Iggws
Germanic: Enguz (Ingwaz)
Anglo-Saxon: Ing
Icelandic: Ing
Norwegian: Ing

The alternate symbol for this rune is much like the sigil of Azazel. This rune is the male counterpart to Berkano. Represents the God "Ing." Ingwaz is the rune in which power is stored. Converts active power into potential power. Can deprive a man of his masculinity or anyone, male or female of their life force. Like a crystal, this rune stores energy until it is needed. It is a magical reserve. Stone is ivory.

DAGAZ
Germanic: Daaz (Dagaz)
Gothic: Dags
Norse: Dagr
Anglo-Saxon: Daeg
Icelandic: Dagur
Norwegian: Dagr

Represents the climax of orgasm where the objective of the working is realized. Like the planet Uranus, this rune gives flashes of intuition and knowledge. Useful in raising the kundalini. Best if used with other runes that enhance wisdom and awareness.

ÖDHAL
Germanic: Utal (Othala)
Gothic: Othal
Norse: Oðal
Anglo-Saxon: Otael (Ethel)
Icelandic: Óðal
Norwegian: Ödal

Rune of property and land. Inheritance. Rune of ancestry and heritage. Used to tap into one's racial memory for ancestral knowledge. Used to obtain wealth in the form of property and possessions. Unlike Fehu, this rune represents property that is rooted and not mobile, a putting down of roots. Can be used to incite racism and cultural prejudices. Othala represents the circle/sphere; the boundary. Petrified wood works well with Othala; brings out memories of past lives, talents and wisdom of previous incarnations.

Satanic Rosary

The Satanic Rosary is an excellent and very effective means to raise power and apply energy towards your desires. The Satanic Rosary can also be used as a kabalistic meditation tool for working with vibrations, such as with [Runic meditation](#). Just slide your fingers over the beads and you don't have to count. Your meditation can flow smoothly and thus have more power.

The Catholic Rosary was STOLEN from Tibetan Mala Beads and corrupted, as with everything else in that foul program. Tibetan Mala beads have 108 beads, as opposed to the stolen Catholic Rosary, which has half that number, at 54.

For working the rosary, each working should begin on a favorable planetary period in regards to the goal. The standard for this and this is very effective is 40 days straight. For maximum power, twice a day, during the day and at night for the 40 days. The "40 days" was stolen and corrupted into that filthy judeo/xian bible, but originated in Ancient Egypt. This has to do with numbers (Enki/Satan's number is 40) and the moon cycle. The most powerful times to do a working are at midnight, 12 noon, 6 pm and 6 am, BUT make sure the hour is supportive of the working, first and foremost as you are able to.

Research has proven that the Ancient Chaldean planetary hours are extremely accurate. I strongly encourage you to download the Chronos program from this website:
[CLICK HERE](#)

You will need to download and install version 2.0 of the Microsoft .NET Framework along with this. All of the information is available at the above website. This program is outstanding and calculates hours of the planets specific to your location. Given the results of your working, if you still have not obtained your goal after completing the 40 days, you can begin another 40 days. Skipping a day will set you back at day one. No days can be skipped. There is this thing called "karma" as most of you know. This shit is ruled by the planet Saturn and the only way to defeat it is to know it and work to overcome

it. Karma will give you a beat down and keep you beat down unless you are aware of it and are strong and persistent enough to fight against it and overcome it. This is not for the weak. Persistence, patience and hard work are required here. When past life karma kicks in, things will come up like a crisis in your life to try to break the 40 day cycle and to stop you from your meditations. What this indicates is that your meditations are working. Keep doing your daily meditation with the rosary regardless of what happens. These sorts of things usually crop up during the last 30-40 days of the meditation cycle, to try to set you at square one again and/or stop the meditation. Be prepared and aware. One must keep fighting. Only the strong survive here and attain their goals.

Energy must be applied over and over again until change is achieved. This is analagous to a chiropractor who keeps popping the spine into place until it stays where it should be.

For healing, it is important when there are chronic ailments to go way beyond the end of the symptoms, in meditating. The symptoms may stop for a time and then return if meditation is stopped. The length of time one has endured the ailment means longer times for meditations, sometimes even for months or years. Congenital problems are the worst and the most difficult to heal. these are by no means impossible. They just will require much more power and effort.

By using the Satanic Rosary, we are taking back what is ours for one, and another- blaspheming the Catholic Church. I have found this meditation tool to be excellent and that is an understatement. The vibrations flow into a rhythm and power is amplified and can be applied towards any desire.

To use the Satanic Rosary, ideally, you should be working with the Kabbalah. The TRUE Kabbalah is using vibration, for example vibrating Runes, names of Demons, Egyptian words of power, etc., to drastically raise your energy and power. This form of meditation is advanced and is extremely effective.

You can just do the vibrations for raising energy and awareness, or you can focus on a specific chakra or aspect of your soul, or you can do spell-working.

I suggest you make your own Satanic Rosary. They are easy to make. The materials are cheaply available in most stores where they have an arts and crafts section. Just purchase the beads and the cord. The Baphomet can be purchased online or at any well-stocked occult shop. I suggest leaving a bit of space on the cord, so you can slide the beads along as you do your vibration for each one. I also suggest you place an extra bead (I used square shaped beads for the extra beads) on each side of the larger one when you hit 50. That way you can feel where you are at without interrupting your trance/meditation.

To use the Satanic Rosary, here is an example- feel free to modify your own meditation to fit your individual purposes:

FOR ATTRACTING MONEY:

1. Begin with the larger bead right next to the Baphomet and state your affirmation in your mind; example: "I am attracting large amounts of free and easy money. This money is free and all mine to keep or spend as I please." Now, direct the energy, visualizing a white/gold light (this is all-purpose) on your wallet and yourself.
2. Repeat the above for the four remaining beads.
3. Your Satanic Rosary should have 108 beads, so one side of the main line should end with eight. You want to start with the side that has nine. Breathe in and on the exhale, vibrate:
F-F-F-F-F-F-E-E-E-E-E-E-E-E-H-H-H-H-H-H-H-U-U-U-U-U-U-U
4. Slide the bead back and go to the next one, breathe in and on the exhale, vibrate

F-F-F-F-F-F-E-E-E-E-E-E-E-E-H-H-H-H-H-H-H-U-U-U-U-U-U-U

5. Do this for each bead in the sets of nine. Visualize the Fehu Rune glowing with energy, every so often as you do the vibrations. (If you are vibrating the name of a Demon, then visualize His/Her Sigil in the same way.

6. When you reach the larger 10th bead, separating the sets of the smaller 9 beads, state your affirmation again and put your energy you have just raised into attracting money, as given in the example above. You can also use each 10th bead to take a few normal breaths before returning to the vibrations again.

FOR LOVE/LUST:

To bring a desired one into your life, visualize the energy you raise engulfing him/her. You can also fantasize having sexual intercourse or whatever with the one of your desire. I suggest you visualize the light (energy) engulfing both of you, during the meditation/fantasy. When you are finished, you can masturbate and direct more energy from the orgasm into him/her.

TO HEAL:

State the affirmation for healing and then direct the energy both by feel and visualization into the afflicted part of your body. If healing a loved one, do the visualization and don't forget to clean the afflicted part before beginning the meditation.

Remember, with healing, energy must be directed along with affirmations to the afflicted part some 10-20 times a day. This can take anywhere from 1-2 minutes, but must be done as much as possible, any time you can focus, until you are completely healed.

[Click Here](#) for more information about healing.

FOR BLACK MAGICK:

Use the rosary the same way, to pump negative energy into your target.

IMPORTANT!

For black magick workings, it is very important to use a separate rosary. The rosary accumulates energy and can become more and more powerful each time you use it. Obviously, contrary energies here can clash and cancel each other out.

I have used the Satanic Rosary for both attaining my desires, and for just raising my energies. Working with runes is extremely powerful and during the meditation, it is not unusual to see certain aspects of your soul and feel the energy aligning itself.

Color Meditation

***This meditation requires the 'breathing' in of energy. You should have experience with the [Foundation Meditation](#) before performing this meditation.**

Unfortunately, “white light” is overused by many Wiccan and New Age people who don’t know what they are doing. These people use white light to the exclusion of all other colors, and as a result are not competent in working with colors. Because white contains *all* of the colors of the spectrum, they are taking in all of these colors and those they are unable to control or work with, are left on their own without direction. Each color represents a particular frequency of energy that most of us use in our daily lives. If one is not competent in the ability to handle each color, the white light often is unable to be used properly.

White light is easy enough to use and is great for beginners, but the problem is that it is overused. White light is great for cleaning one’s aura and balancing energies. It is also great for protection.

White light, when placed around a person, becomes a barrier to interaction with others. This is because white light reflects. If you want to be left alone, then envelope yourself in white light. Filling yourself with white light on the inside strengthens and protects without becoming a barrier to others if you want social interaction.

Overuse of white light can create an arrogant attitude, especially where spirituality is concerned, along with closed mindedness, and rigidity in attitudes. This is often seen in those who practice angel magick. The overall result is that of being at a lower level of spiritual development.

When an individual is competent and has mastered all of the colors, he/she is able to use the white light to its fullest extent.

The Color Meditation:

Begin by getting comfortable and doing breathing exercises or whatever you do to focus your mind and calm yourself before entering into your trance state.

Breathe in and fill yourself with each breath with a specific color of the spectrum, visualizing it as brighter and brighter each time (not lighter; by brighter, I mean more intense):

Red, blue, yellow, orange, violet, green, indigo (bluish-violet, the color of the 6th chakra) or black. This meditation can also be done after meditating on a specific chakra. You can then fill yourself with the color of that chakra.

If you are new to color meditation, hold the color for two to four minutes. If the color feels pleasant, you can hold for a longer period of time. Those who are used to the energy of the colors can hold much longer. One’s increased time should be comfortable and gradual.

Each color should be in its pure form and bright. Later on, it is fine to experiment with different shades when adept.

If a color feel negative to you, work with it gradually. Ask your mind for an answer as to why. What does the color mean to you? What associations do you have with a particular color? This is a great way to find out more about yourself. Which colors feel pleasant to you? These are the ones that you may be using the most in your life to the exclusion of others. Knowing this provides information as to which chakras need more work to bring them up to full power.

The most important objective of this meditation is to *feel* the colors. Spend some time with each color, getting into how it feels. Keep a written record in your book of shadows/black book.

Also, you can meditate on the color outside of yourself to feel its energy. It is not necessary to always absorb the color, especially if you feel uncomfortable with certain colors. Remember, if something feels uncomfortable or negative, then stop. When you are finished with this meditation, clean your aura with white light as this will act to balance the all of the colors in your aura.

The benefits of this meditation are the ability to feel, direct and apply color. Color energy is exceptionally powerful when used in magick. Each color has specific energies and acts to bring results unique to that energy.

Meditating on Chakra Sounds

Each chakra has a standard sound. By meditating on these sounds and focusing on the specific chakra, this is one way of opening up your astral hearing.

- Base Chakra, the physical Level:
Sounds include thunder or a soft hissing. Red
- Sacral Chakra, the astral Level:
Roar like the ocean or the sound of wind. Orange
- Third chakra the level of will:
H-h-h-a-a-h-h-h sound (silent, like an exhale- no voice; long and continuous) or the sound of humming/vibration “aum.” Yellow
- Heart Chakra, the intuitional Level:
Buzzing like a bee (bioelectricity) or the sound of a flute. Green
- Throat Chakra the mental Level:
Azazel gave me a sound. The best way I can describe it is like twisting a balloon. Humming can also be used. Blue
- 6th Chakra, the soul Level
The sound of woodwind instruments. Bluish violet (indigo)
- Crown Chakra, the blissful Level
Whisper or no sound- this is felt rather than heard. Violet

The above levels and sounds are guidelines only to get one started. Focus on a particular chakra, and imagine the corresponding sound as best you can. Try to feel it through your body and resonate on that plane. This meditation will open you to clairaudience.

Pineal Meditation

This meditation expands intuitiveness and creativity and helps to open one's mind to comprehend information much easier.

1. Relax and go into a trance state
2. Inhale and visualize white-gold energy entering through your third eye into your pineal gland.
3. Draw the energy in with each inhale, then brighten, and expand your pineal gland with the energy with each exhale.
4. The first few times you do this, affirm to yourself: "I am breathing in powerful white-gold energy that is safely stimulating my pineal gland."
5. When you are finished, feel the energy for a few minutes and meditate on it. It should be very pleasurable.

This meditation activates and empowers the pineal gland. The pineal gland is the psychic powerhouse of the brain. White-gold is the most powerful of all of the colors. It is the color of the Sun and this is one of the reasons the original religions worshipped the Sun.

Empowering Your Hand Chakras

What this exercise does, when done consistently is to establish an energy circuit within the hand chakras. This energy can be used for healing, opening other chakras, applying energy or as with Dim Mak, the "death touch." It also helps with telekinesis (moving objects with one's mind and pyrokinesis (setting objects on fire using the powers of the mind and aura). In order to advance with these gifts, a powerful aura is needed to act on the auras of objects.

This exercise should be done at least once a day to get your energy flowing freely through your hand chakras.

1. Sit comfortably and relax. Try to go into a trance as the deeper the trance and level of concentration, the better the results, especially when beginning this exercise. After an energy current within the hand chakras is open and flowing, this can be done anywhere at will.
2. Put your hands facing each other, fingertips almost touching and relaxed. (Your fingers can be slightly bent as in the illustration).
3. With the pad of your thumb, press into the palm of each of your hands, right in the hollow part.
4. Now, focus intently upon your hands, especially your palms. Feel the area you pressed in with your thumb.
5. Keep focusing all of your concentration and begin to feel a warm glow and energy between your palms.
6. Begin to move your hands an inch or two apart slowly and back again to where your fingertips are almost touching. Try to feel the energy between the palms of your hands. The more you practice and the stronger your energy becomes, keep moving your hands in and out, further and further apart until you can feel your energy as far apart as two or more feet.
7. Now, visualize a ball of white hot fire like the sun as in the picture above. Later on, you can use colors. Feel the heat and energy from this ball of fire between your hands. This may feel as a tingling or throbbing. For some people, it may even feel cold. The important thing is to get this energy flowing and to **feel** it.
8. Now let your arms hang down and relax. Focus on energy flowing down your arms into your hands. This may feel tingly and your lower arms and hands may feel pumped. This is a sign the energy is flowing. Now repeat steps 5-7 above.
9. Do the above exercise 4 times.

This exercise should be done every day for as long as it takes to really open your hand chakras and establish a permanent flow of energy. With the proper practice, you should be able to feel powerful energy between your hands when your hands are more than a foot apart.

Ball of Light Meditation

The chakras are located along the spine, but they also extend to the front of our bodies, excluding the crown and the base. Each of the chakras, the second through the sixth has an opposite chakra in the front of the body along the abdomen. The sixth chakra has three. The rear sixth chakra located at the occipital in the back of the head, the middle sixth chakra is located between the third eye and the occipital sixth chakra.

To perform the meditation, visualize a small ball of bright light the size of a ping-pong ball and light up a chakra on your spine with it and pass it to the front chakra directly opposite it and light it up, then pass it back to the chakra on your spine. Keep passing it back and forth to each chakra, then move up or down to the next chakra (whichever one you want to work with). The illustration on the left shows an example with the sixth chakra.

You can either visualize the ball as white-gold light or the color of the chakra you are working with.

You can also connect the crown to the base. I found the energy center located in the perineum to be especially powerful with this. Just pass it up and down.

Now another interesting thing one can do with this is to connect with another person and this greatly enhances telepathy. For example, passing the ball back and forth from their heart chakra to your's will tell you about the other person's emotional experiences and character.

To interrogate someone, pass the ball of light from your third eye to their third eye, back and forth.

Now, it is obvious you can, with experience invade others' privacy and this also includes your own- just something to be aware of if you don't want anyone in your personal business. In that case, close down your chakras, if someone does this against your will.

Secreting Ectoplasm

About Ectoplasm:

Ectoplasm has many different astral uses. Extra-terrestrials use this in a much more potent form than humans. This is the cloud that forms before many abductions, where there is a loss of time and memory. Ectoplasm can make one invisible and can be used to kill with death rituals. After proficiency is achieved in producing this substance, one can will it to manifest in specific colors that are harmonious with the objective of the working.

The most common example of the use of ectoplasm is with mediums. The ectoplasm gives the evoked spirit something to manifest itself in. Ectoplasm can also add much more potency to creating a thoughtform.

How to secrete ectoplasm:

Ectoplasm is the substance we see with the clouds when scrying. This is a minor form of ectoplasm, but will get you started.

Candle light is perfect for this exercise. Candle color here does not matter, so use whatever you have available.

If you have a black mirror, you will want to use this, but any other similar props will do. You can even use a regular mirror or a bowl of dark or black liquid.

1. Sit in a quiet dimly lit room.
2. Relax and go into a trance state. This does not have to be a deep trance, just enough so you are focused.
3. Look into the mirror or bowl of liquid and stare at one point. You should eventually see clouds form.
4. Concentrate on these clouds, willing them in a soft way to condense and thicken.
5. When you are consistently able to will the clouds to condense and thicken, gently and slowly take your eyes off the mirror. You should still be able to see the clouds in front of you. Try to focus on them for two to three minutes.

The goal is to secrete this substance and to manipulate it at will.

6. Blink your eyes and move your fingers and toes and gently bring yourself back from the trance.

When you become proficient at secreting ectoplasm, will the ectoplasm into a ball shape. From there, work at making it thicker and form it into different shapes. This will take practice so be patient. After a time, you can will it into different colors for specific purposes.

Ascending Energy Meditation

1. Lie down and begin by stimulating yourself to orgasm. Right at the point of the impending climax, visualize a fiery brilliant bright light at your perineum (the area between your rectum and testicles for men; or between the rectum and vagina for women).
2. Inhale and direct the energy from the orgasm while you are climaxing, up your spine. You should visualize this as a bright white-gold light.* Draw the energy up your spine to the crown chakra where it lights it up and empowers it, emerging from the top of your head and into your eighth gold chakra. Brighten your eighth gold chakra.
3. Expand your eighth chakra into a ball approximately two feet in diameter (60 cm).
4. Exhale and expand the energy from your eighth chakra and then direct it to descend down each side of your body, down through the bottoms of your feet and back up to your base chakra where you inhale it again.
5. Inhale and draw it in again at the base chakra, lighting it up and empowering it upon entering and then visualize it ascending your spine again and repeat the above steps 2-5. With each circulation, you can expand your aura with the energy.

The orgasm gets the energy going and you can keep circulating it for as long as you wish.

Always direct the energy up out your crown. The above pathway is the normal pathway for energy surrounding the aura.

*White-gold is the most powerful of the colors as it is of the sun. Satan has a gold aura.

Opening Blocked Chakras

There are several ways to open blocked chakras. It is best to do them all and be consistent. You can work this into your daily meditation program. Normally, there are three major knots. One at the base, one at the heart and one at the 6th chakra. Usually, our base chakra is open. A burning sensation or feeling of intense pressure in one of the chakras usually indicates the one above it is blocked. For example, some people experience a burning in the throat, which indicates the 6th chakra is blocked.

1. Hand Energy

One way to unblock and empower a chakra is once you have a strong energy flow through your palm chakras and fingertips, you can apply this to your individual chakras. You should feel a tingling sensation and heat radiating from your palm chakras that indicates they are empowered and active.

Place your hand over whatever chakra you feel needs more energy and relax. Direct the energy from your palm chakra into the selected chakra for anywhere from 5-15 minutes. A warm or burning sensation in the chakra during and afterward, indicates the chakra is receiving the energy.

Doing this regularly will strengthen the selected chakra.

2. Chakra Breathing.

- Inhale and breathe in color energy into the blocked chakra. The energy should be the same color as the chakra you are working on.
- Hold your breath for a count of six and visualize your chakra opening. Most agree the best method is to visualize the bud of a flower blooming. Make sure you visualize the correct color.
- Exhale and brighten and expand the chakra
- Inhale through your base chakra brilliant white-gold light and direct it up your spine and through the chakra you are trying to open and direct it out your crown.
- Exhale and visualize your chakra bright with the white-gold energy and expand it.
- Repeat the above exercise several times.

3. Sexual Orgasm

This is what the old alchemy texts implied. Just keep hitting it with orgasmic energy. Visualize a brilliant light ascending into and through the chakra. This works well to open a meditation.

4. Breathe in through your entire aura and body the color energy of the blocked chakra. Visualize this energy growing brighter and brighter and expanding with each exhale. Repeat several times. Eventually, the chakra will be strong enough to naturally take up energy on its own. Strong chakras can absorb energy. Weak chakras that are blocked are depleted and unable to attract and absorb energy on their own. Weak and blocked areas create diseases associated with the particular chakra and visa-versa-diseases create the weak chakra.

Choose one of more of the above exercises and do it/them daily until the problem is corrected.

The Aura and How to Use It

Everything has an aura, whether it is living or inanimate. The aura is an energy field created by the vibrating atoms and molecules that comprise all matter. The universe itself vibrates to a certain frequency and the gravity that holds everything together is electromagnetic in nature.

Everyone's aura is as unique as his or her own fingerprints. No two auras are alike. The aura can be used to protect, attract, influence, maim, or even kill. This field of bioelectricity surrounding living things can be programmed using the power of one's mind.

Those who are trained and have an active third eye can see auras clearly and discern much personal information just by reading the color, strength, size and shape of one's aura.

To see your own aura, you should start out by going into a light trance state. You should have already [opened your third eye](#).

Hold your hand out in front of you, preferably against a dark background. In the beginning, you should be able to see some faint lines surrounding your hand and fingers. The more you tune into this, like anything, (practice is what is needed here), the better you will become. The better you become at seeing your own aura, you soon will be able to see the auras of others, by just tuning in to them. Later on, you will be able to see colors, layers, and shapes.

Feeling auras is much easier than seeing them. [Power meditation](#), when done consistently, increases one's sensitivity to energy. Manipulation of energy is essential in working spells and magick. To feel your aura, run one of your hands over the top of the other, or over your forearm. You should feel the energy.

You can also practice feeling the auras of friends and family members if they are interested in letting you do so. This will develop your touch sensitivity.

To strengthen and build your aura, you must take in energy. This can be done through power meditation. The [Energy Meditation](#) is excellent for charging up your aura.

Hatha (physical) Yoga and Tai Chi also help to strengthen and build the aura. Both of these disciplines tend to balance the auric energies as well.

[Cleaning your aura is very important](#). A clean healthy aura strengthens the immune system and prevents harmful energies from invading one's body. Nearly all harmful entities are invisible to the naked eye. Energies, as most physicists know, can be broken down into sub-atomic particles, for example, light can be broken down into photons. The energy radiated by a powerful aura will burn these harmful energies and entities up before they can do any harm.

B. Cleaning your aura (powerful white light) is imperative after any rituals involving the employment of black magick, throwing any curses, no matter how small, on the spur of the moment, or any exercise involving the use of negative or destructive energy. One's chakras should also be cleaned and empowered. This is done by putting a strong and intense white light on each chakra. This is needed to rid one's self of any residual negative energies that could otherwise do harm. This also prevents rebounding energies. Always take as much time as you need; never be in a hurry. Prevention is always better than having to deal with problems later on.

A powerful aura gives health, happiness, charisma, and energy. People with weak auras are usually in poor health and are depressed. Our personal energies act on our environments and direct our fate. People who have weak auras are usually prone to misfortune.

The aura can be programmed with power hypnosis. Read the page on [power hypnosis](#) to make

maximum use of the following workings. Now, with dealing with the aura and subconscious mind, one must always be 100% clear on every aspect of what is desired. With love, we don't want one who is unavailable. With money, we don't want it to come to us through tragedy- this sort of thing. When working with the mind as in ceremonial magick, energy takes the quickest and easiest route to bring us the desired result and if every aspect isn't covered, any undirected energy will seek out whatever is available. Color is especially important when programming the aura. Below are examples of how we can effectively program our auras to do things:

For example:

You want love in your life:

Visualize your aura while you are in a trance, the deeper the better. Breathe in energy and affirm several times in the present tense:

"My aura is attracting my perfect [love/sexual partner, soul mate, whatever]. Change the affirmation to suit your own individual needs. Affirm this with meaning, five- ten times while breathing in energy.

To attract the love/lust and or attentions of a specific person:

Affirm: I am programming my aura to attract and act on _____'s, aura. He/she finds me very attractive and sexually irresistible.

You want/need protection:

Breathe in powerful white-gold light. With the inhale breathe it in to meet in the middle of your body, packing it in brighter and brighter. With the exhale, keep expanding it. The energy should grow brighter and brighter.

Affirm: My aura is very powerful and is protecting me at all times.

This a good exercise to be done on a regular basis, for building a strong, protective energy field.

You want to make a good impression:

A powerful aura will often influence others to grant you favors.

Affirm: My aura is making a very positive impression on _____. If this is a job interview, (the person(s) interviewing me tomorrow, whatever). The people hearing my presentation, the group etc.

Always state this in the present tense. The subconscious mind does not understand the word "will" and "will" never comes.

For keeping unwanted individuals away:

Breathe in white light like the Sun. White light reflects and repels.

Affirm:

"My aura is repelling, [inspire fear/dread] in _____, and keeping _____ far away from me at all times.

To heal yourself:

A lot of energy is needed for healing. Breathing in energy from the Sun is excellent for empowering one's aura. The Sun also contains all of the colors of the chakras in their most pure and vibrant states.

The Sun (666) is one of the most powerful sources of energy there is. When one is ill, there is an imbalance in the chakras ruling the body part/s that are injured or ill. To heal, you must work with both the color of the ruling chakra and its opposite to create a balance.

Breathe in the color of the energy of the chakra ruling the injured or ill body part and affirm:

"I am breathing in __(name of color)__ energy that is balancing my __chakra__ and healing my_____.

When you are finished, breathe in white energy to balance your aura.

The auras of others can also be worked with and programmed.

From reading the above, you should by now be getting the idea and able to improvise your own

affirmations.

To protect loved ones:

Put a powerful white-gold light around the person. For more powerful workings, this is best done in a deep trance.

Affirm: I am placing a powerful protective aura around _____. This should be done regularly, and can be done while the loved one sleeps.

For inciting lust:

Put a powerful red or orange aura around the person.

Affirm:

“_____ is experiencing irresistible sexual obsession, desire/lust for me.” “_____ finds me sexually irresistible.” You can masturbate using [sex magick](#) and drive the energy into the desired one’s aura. This is best begun on a Sunday or Tuesday during a waxing Moon. Never do this when the Moon is in the celibate sign of Virgo, though.

For inciting love:

Put a powerful green aura around the person. Feel strong feelings of love as you program it.

Affirm:

”_____ is falling deeply and uncontrollably in love with me.”

”_____ is obsessed with me”, etc. You can also use sex magick here as with the working above.

This is best begun on a Friday during a waxing Moon.

Healing others:

Visualize a powerful white-gold aura surrounding and glowing about the loved one. You should also use color energy (see the above paragraph on healing for one’s self)

Affirm: I am putting powerful healing energy into _____'s aura; this energy is effectively fighting the _____ and restoring him/her to perfect health. In cases of serious illness, this may have to be done often every day. Healing others can be extremely draining. If you are inexperienced, remote healing is best. Direct contact as with the hand chakras applying energy directly to the afflicted one can be dangerous. The illness can be absorbed into the healer. To do this type of direct work, one must have a powerful aura and work to clean it thoroughly after each healing session. Using the energy of the Sun is most effective here.

BLACK MAGICK AND KILLING.

Killing:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die.

Affirm:

I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to clean your aura and chakras following each working.

To cause bad luck and/or harm:

If your own aura is powerful enough, just sitting and stewing about the person should be enough. I have found it is important to visualize repeatedly in a relaxed, but angry way a specific misfortune.

With all workings of black magick the outcome depends on the strength of the auras involved. The aura of the victim *must* be weaker than that of the sorcerer. If the victim’s aura is more powerful, the working could rebound as a more powerful aura naturally deflects negative energy. Some people just have naturally powerful auras. This can come from past lives. If an offending person naturally has a

more powerful aura, you will be able to feel resistance. Take the time to build your own aura before doing any kind of this sort of working.

Colors of Auras

Black:

Black absorbs, conceals, and creates confusion and chaos, new beginnings, knowledge of hidden things, the container of light, one of the most powerful of colors. Use black for self control, endurance, and patience. Black is also a good color to use to bring discord and confusion to enemies. It can be used also for protection, binding negative forces, breaking up obstacles and blocks, reversing and breaking up negative thoughtforms. Best when applied to others.

Black rules over the base chakra, the planet Saturn, the element of earth and in the original religions, it signified new beginnings. In Satanic alchemy, black represents the step of void meditation and transformation.

Gold is one of the most powerful of the colors. Satan has a golden aura. Gold is the color of the Sun, and is of the element of fire. In Satanic alchemy, gold represents the perfection of the soul. Both the colors gold and white-gold are seen all over in the Ancient Egyptian hieroglyphs, in the temples and pyramids. Gold is the color of riches and power.

Green:

Money, fertility, abundance, material gain, wealth, healing, communication with nature spirits, anti-inflammatory. Venus rules green- Love, making love, (affectionate; red is for lust/sex), fidelity, reconciliation, beauty, youth, friendships, attraction, harmony, financial gain, earnings increases, social functions, possessions, riches, indulgence, pleasure. Good for beginnings and growth. Venus rules green- Abundance, fertility, success, general good luck, harmony, immortality, generosity, material gain, renewal, marriage, balance and healing. Green can also be used for inciting jealousy, greed, suspicion, resentment, sickness, disease, and disharmony when applied to others and directed. Green rules the heart chakra.

telepathically. The Moon rules over indigo. Indigo is of the element of the quintessence/ether/spirit. Indigo rules the third eye, along with the colors of silver and white, and the sixth chakra.

Orange:

Creativity, enthusiasm, energy, stamina, and is a powerful color of major changes. Orange helps with adaptability, attraction, sudden changes, stimulation, enthusiasm, creativity, energy, gaining control, changing luck and inciting justice. The Sun rules orange. Orange rules the creative/sexual chakra (2nd), and is of the element of fire.

Purple:

Psychic ability, wisdom, divination, removing curses, healing, psychic work, business success, influencing people in power. Powerful color with energies that can be difficult to handle. It can be used when applied to others to incite tyranny, abuse of power, idealism and influencing people who have power over you. Good for inciting sadness and treachery in others. Jupiter rules purple. Purple rules the crown chakra.

Red:

Energy, passion, anger, inflammatory, lust, strength, protects against psychic attack. Mars rules red- Revenge, anger, pure sexual lust, and physical gratification, courage, determination, dealing with enemies. Red is used for inciting accidents, fires, and injuries. Red can also be used for self-confidence, athletics, strength, creating magickal energy for black magick, (Good for selfempowerment before workings of black magick) and inducing intensity. Incites lust, energy, strength, sexual energy, dynamism, passionate love, physical desire, courage, will power, athletics (especially competitive), and vitality. When used in black magick, red as opposed to black brings on sudden attacks, accidents, bloodshed, violence, and hatred. Red can also be used to incite wars, anarchy, and cruelty. Mars rules red. Red is of the element of fire. Both the colors red and black rule the root chakra.

Silver:

Develops psychic abilities, neutralizes situations, repels destructive forces, works with female deity powers. The Moon rules the color silver- the home and immediate surroundings, imagination, memory, psychic awareness/dreams, spirituality, meditation. For psychic related, meditative/hypnotic. The Moon rules silver. Silver rules the third eye.

White:

All purpose, balances the aura as all color emanates from white light. Energizing, protective, stimulating, inspiring, destroys destructive energies, cleans the aura. Provides protection when applied to others and directed. The Moon rules white. White rules the third eye, along with indigo and silver.

Yellow:

Yellow is the color of intellect, computers, communication, audio, video, TV, electronics, books, and literature. Yellow rules the solar chakra of the will. Ruled by the planet Mercury- yellow can be used for passing exams, improving the mind, for deeper concentration, mental power, learning ability, speech, writing, publishing, media concerns, gossip, slander, interviews, brothers, sisters, neighbors, rumors, theft, all areas of study and communication, also astral projection, overcoming addictions, and breaking habits. Good for friendship, imagination, creativity (orange is more powerful for creativity), inspiration and charisma. Yellow can be used to incite infidelity, cowardliness, decay, disease, dying, insanity, and inconsistency in others.

Yellow is of the element of air. Yellow rules the solar plexus chakra.

Grey:

NEVER USE GREY ON YOURSELF! Grey is the color of illness and bad energy. Grey, applied repeatedly to the aura of a hated one, can bring about a slow death, if programmed to do so.

Chakra Breathing

To perform this meditation, you should already be experienced with the [Foundation Meditation](#).

Relax and enter into a trance state, then, instead of breathing in energy into your entire body as with the energy meditation, breathe in energy into each one of your chakras, for seven breaths each. Seven breaths is only a guideline; you can do more or less, but it is important to keep your chakras in balance. It is important to not only breathe in the energy, but also to visualize it.

You can breathe in white-gold energy (the most powerful) or the color energy of the chakra.

When you are finished breathing each of the chakras, breathe in energy through all of your seven chakras, front and back to meet in the middle.

After this, perform the [Foundation Meditation](#).

Tips:

This meditation can also be done on just one chakra that is lacking in energy or that is blocked. Just apply the breathing one or more times a day. The rest of the meditation is unnecessary if you are working on a specific weak chakra.

Azazel showed me the power of the sun. Most of us are familiar with drawing down energy from the moon and other planets. The sun is hundreds of times more powerful. The energy of the sun contains all of the colors of the spectrum in their purest forms. Performing this full meditation out of doors under the sun can give you incredible energy and is also very healing. Just affirm "I am breathing in powerful white-gold (or whatever color) energy from the sun, into my _____ chakra." Repeat this several times and then visualize yourself absorbing the energy and brightening your chakras with it.

Meditations for Astral Projection

Astral projection is where your soul actually leaves your body. This is different from remote viewing where you enter into a trance and will yourself to a specific location. The following two meditations are just basic guidelines. I suggest for more in depth information to click on the PDF links below.

Meditation 1

This meditation feels weird. Just make sure you seriously want to project, otherwise, any hesitation can keep you in your body. You have to be relaxed, both mentally and physically. The first few times are the most difficult. Like with anything else, consistent practice will make this easier, until you no longer have to even enter into a deep trance, but can project any time at will. Some people find projecting easier than others, as they have done this in past lives.

1. Get real comfortable and go into a trance. When you are so relaxed you can no longer feel your body, you are ready.
2. Visualize your astral body inside your physical body, being held there by your seven chakras. The chakras can be visualized like colored knobs.
3. Take each spinning chakra and stop it from spinning and give it a quarter turn in the reverse of the direction it was spinning, like turning a doorknob.
4. Relax and let go and try to exit.

Meditation 2

This is more like a preparatory exercise. This one is not nearly as powerful as the one above, but less intense for those of you who would rather do this gradually.

1. Lie down and relax, as above. Go into a trance. Relax to where you feel like you are floating.
2. Now, lift your left astral arm up. Visualize this. You will need to imagine this, but energy follows where it is directed.
3. Lift up your right astral arm and touch your face
4. Touch both your astral hands together.
5. Do the same thing with each leg and foot.
6. Imagine your entire astral body floating above your physical body, or somewhere else in the room and concentrate on being there. Just lie there and focus on this for a while. Keep repeating this exercise often and eventually, astral projection will follow.

Aura Empowering Meditation

This meditation is excellent for extra energy when done regularly. It is quite powerful and builds over time. This meditation can also be done outside; drawing in energy form the Sun. This seriously amplifies the energy.

1. Enter into a trance state, the deeper the better and begin by cleaning your aura and chakras.

2. Breathe energy in for six breaths, visualizing a brilliant white-gold light surrounding your entire head, both inside and out, down to your neck. Then relax and focus on feeling and visualize this energy for around five minutes. This can be done while listening to music as this also helps with timing. After this, breathe in energy and charge up your crown, third eye and your sixth chakra behind your third eye by visualizing an even brighter light on each of these chakras.

3. Now move to your neck and do the same. Breathe in energy for six breaths and charge up your throat chakra.

4. Move to your shoulders and charge them up as you did with the other chakras, breathing energy in for six breaths and then relaxing and focusing upon it for five minutes. There are lesser chakras in all of the joints. Move down your arms and do the same with your elbows, then wrists. The elbows and wrists contain minor chakras as well and by charging up and empowering these; you open yourself up for a better energy flow. Now move down to your hands and visualize either white-gold balls of energy in your palms. Concentrate and relax on this bright light lighting up your arms and hands for several minutes.

5. Now, move to your torso, do the same, and charge up your heart, solar, sexual and base chakras with the brilliant energy. Concentrate for several minutes on this.

6. Move to your hips and charge up the chakras in your hips with the energy and then your thighs and knees. The knees contain small chakras as well. Move to your ankles, charge up the chakras there and then to your feet. Visualize two balls of brilliant white-gold light beneath your feet, like you did with your hands.

This exercise should not be done before bedtime as the energy can keep you awake.

For healing, after completing the above, just focus and place the light/energy onto the unhealthy body part for 10-15 minutes. If you are doing any healing, this must be done every day and never skip a day or progress could rebound.

Single Serpent Meditation

This meditation, like the serpent meditation, is very powerful and should only be practiced by those who are advanced meditators and have strong enough chakras. Azazel helped to revise this meditation with the addition of the extended serpent.

(Like the images from Ancient Egypt with the serpent emerging from the third eye demonstrate, the extended serpent is a psychic sensor that we can use. It can extend a lot farther than one or two feet. This meditation works to empower the sensor)

1. Sit with your spine straight
2. Focus on your base chakra, glowing with a powerful vibrant red-gold.
3. Visualize the serpent glowing with the brilliant light and power as well, lighting up the base chakra to white-gold like the sun, and exiting the base chakra from the left side.
4. The serpent curves outwards to the left side of the body before it curves back to the right to enter the 2nd sacral chakra on the left side. When it enters the sacral chakra, visualize this chakra lighting up in orange-gold.
5. It emerges from the right side of the 2nd chakra, curving out and then back in to the left where it enters the 3rd solar plexus chakra from the right side, lighting it up to white-gold and empowering it.
6. Emerging on the left side of the 3rd chakra, it curves out and then back in to the right to the 4th heart chakra where it enters on the left side and lights it up with green-gold energy.
7. Emerging on the right side of the 4th chakra, arcing out and then back in to the left to enter the 5th throat chakra on the right side, lighting it up with bright blue energy and empowering it.
8. Emerging from the left of the throat chakra, the serpent again arcs out to the left, then in to the right again where it enters the 6th chakra behind the 3rd eye from the left side. Light up this chakra with brilliant blue-violet energy, charging it and empowering it.
9. The serpent emerges from the front of the 6th chakra. It will take an alternative route. Visualize the serpent entering the 3rd eye from the rear and exiting from the front of the third eye. Extend the serpent about one foot beyond your third eye and try to feel the projection from your aura.
10. Retract the serpent back into your third eye and back into your 6th chakra, then begin the path of descending.
11. Direct the serpent to enter the right side of your throat chakra, lighting it up and it emerges from the left side of the throat chakra, arcing out and in again to enter the heart chakra on the left side, lighting it up.
12. It emerges from the heart chakra on the right side, arcing out, then in again to enter the solar

plexus chakra on the right side, lighting it up and empowering it.

13. It then emerges on the left side of the solar chakra, arcing out and then in again to enter the sacral chakra on the left side, lighting it up and empowering it.

14. After lighting up the sacral chakra, it emerges through the right side and again arcs out and in again before it returns to the base chakra, entering it on the right side, lighting it up with brilliant light and energy. Spend a few moments meditating on your base chakra and empowering it with the brilliant light and energy.

This can be repeated. It is extremely powerful

Twin Serpent Meditation

This meditation was given to a couple of JoS clergy members from Thoth and Azazel.

1. Relax and be completely comfortable. Clean your aura and chakras.

2. Visualize your base chakra lighting up into a brilliant glow. Then visualize a brilliant stream of light rising from this glowing chakra. The stream of light will then connect with your second chakra, lighting it up into a brilliant glow. Do this, connecting each chakra and lighting it up all the way to the crown. You may also want to connect your gold chakra above your head (this is optional).

3. Now expand the stream of light into a staff. Visualize the pole spinning. Spin faster and faster. The staff should be glowing brilliantly. Now, command the pole to spin at the speed of light.

4. Now focus at the base chakra again, glowing in a ball of brilliant light. From this base, two serpents will emerge. They will move outwards, just like in the caduceus and then turn back inwards to connect with each other at the second (sexual) chakra, lighting it up.

5. They move back outwards again and then inwards to connect with the third (solar) chakra, lighting it up.

6. Moving back outwards, they then turn in at the heart chakra and do the same. Continue this all the way to the crown or 8th and 9th chakras.

7. Now go back and spin the staff at the speed of light.

8. Now return to the serpent if you wish to do another round and repeat.

Preliminary Mediations for Invoking the Elements

In order to really become adept, one must master the elements. This is also the message of the Mage card of the Tarot. You must be healthy to invoke the elements. For those of you who wish to go slowly, these preliminary meditations can help:

For Fire:

1. Sit quietly and relax.
2. Visualize a large bonfire. **Hear** the crackling and **feel** the heat, then **smell** the heat. Do this for five minutes.

For Water:

1. Sit quietly and relax.
2. Visualize yourself wading in water. This can be a lake, the river or the ocean. **Feel** the water, **hear** the water and **smell** the water, like you are actually there. Do this for five minutes.

For Earth:

1. Sit quietly and relax.
2. Visualize yourself walking barefoot on the earth. This is best if you can visualize yourself walking on soil in a farm field as this is very close to the element of earth. **Feel** the soil under your bare feet and **hear** and **feel** the light breeze through the air and **smell** the earth. Do this for five minutes.

For Air:

1. Sit quietly and relax.
2. Visualize yourself walking against the wind. **Feel** the wind blow against your skin and the roar of the wind in your ears. **Smell** the fresh air as it blows against you. Feel each step walking into the wind. Do this for five minutes.

Next Step for Fire:

1. Sit quietly and relax.
- Visualize yourself walking through the desert. **Feel** the searing heat and the dry hot wind in the scorching environment. Feel the sand beneath your feet and your body growing hotter. Do this exercise for three to four minutes and no longer.

Next Step for Water:

1. Sit quietly and relax.

Visualize yourself in a cold environment. Feel yourself getting cold. Feel the cold wind blow on your skin. For those of you who know snow (some brothers and sisters live in tropical environments, so not everyone has experienced snow), visualize yourself in snow and ice. Hear the crunching of the snow beneath your feet. For those of you who have never experienced snow- just visualize yourself in a cold environment and use all of your astral senses.

Do this exercise for three to four minutes and no longer.

What the above exercises do:

In addition to strengthening your astral senses, these exercises will introduce you to working with the four elements of earth, air, fire and water. By invoking these elements, we can strengthen ourselves to where we will be able to withstand incredible amounts of heat, cold and other extremes. Invoking and directing fire is a very important aspect of pyrokinesis. With invoking the fire element, we can keep warm or with the water element, cool if circumstances call for this. Invocation of fire is how the Tibetan monks spent the nights of their initiation in the ice cold mountains, naked under in a wet sheet in a snow storm. In the morning, if the initiate passed, the sheet was warm and dry and the snow and ice were melted in the surrounding area.

Some 1920's-30's Satanic Lodges in Germany used the element of fire for assassination. The element when invoked and directed to the victim would make the victim's blood literally boil.

The air element, when invoked properly, produces levitation. Through invocation and proper direction of the elements, we can also influence the weather.

The foundation of advanced magick is through the control of the elements, this includes healing and all aspects of magick, white, black and grey.

Merging Consciousness

*When you are finished with merging with a human being or animal, be sure to clean your aura and chakras thoroughly as their thoughts or beliefs can rub off on you. Always choose a healthy being when you are new to this, be it a plant or a human being.

Meditation One:

1. Choose an object, this can be a crystal, a table- anything in your room. Beginners should start with an object that is a single material, like a rock or playing dice.
2. Get comfortable and go into a trance state.
3. Look at the object in front of you for a minute or two and then close your eyes. Visualize the object.
4. Now enlarge the object so it is big enough for you to walk into in your mind and enter it.
5. Become one with the object and open your astral senses. What do you see, hear, smell, feel? Is it cold or warm inside? What sensations do you feel? If the object is on a table or hard surface, *feel* that surface.

Meditation Two:

Do the same as the above, only this time use a plant. This can be a tree or even a blade of grass. If you don't have any house-plants, you might want to do this exercise out of doors. It is important that the plant be alive.

With the plant exercise, *feel* the earth through the roots of the plant. How does this plant feel in relation to other plants around it if out of doors?

Meditation Three:

Now, do the same as the above, but this time merge with an animal. You can visualize this animal if you are not near any animals. If you have pets, then choose one of your pets and merge with your pet. See through his/her eyes, hear through his/her ears; feel the floor or ground beneath his/her feet. How does your pet's body feel? Is your pet warm? Cold? Hungry? What does your pet smell in the environment? Use his/her nose. What is in your pet's mind? Animals think in visions.

Meditation Four:

Now, do the above with a person you know. You can choose a different person each day. Think with their mind.

What the above exercises do:

Plenty. They are *very* important. When mastered, the above exercises will give you skills to...

- Shapeshift
- Communicate with animals
- Plant thoughts in the minds of others and to even possess them
- Fix electrical equipment and appliances- you can find the problem by merging with the item.
- Pull thoughts out of the minds of others and obtain information
- Diagnose diseases in humans and animals
- Students can use this to merge with their teachers to find what questions will be posted on an important exam

Satanic Telepathic Communication

Father Satan showed me this technique.

To open telepathic communication between two people:

1. Open your third eye ([you should have already performed the opening of the third eye foundation exercise](#)).

To open your third eye, visualize a bright light about the size of a quarter, shining like the sun. This will activate your third eye.

2. Visualize the face of the person whom you wish to communicate with and open their third eye by visualizing it brightening, the same as you did with your own. In some cases, those who do not have their third eye open may be able to receive your messages, but for best results, both people should be fully open.

3. Extend your third eye serpent.

To extend the third eye serpent, visualize a bright thin tube-like extension projecting from your third eye.

4. Connect your serpent to the third eye of the one whom you wish to communicate with, brightening both third eyes with energy as well as the tube.

Telepathic communication should be established. Talk as you would in communicating with Demons. The other person should hear you and respond. This is not for newbies. You should already be experienced with communicating with Demons and able to discern real messages and communication from astral deception.

Reading Thoughts

1. Go into a trance
2. Invoke the element of ether/akasha
3. Concentrate on the *spirit* of the person you wish to read. Just tune in and the spirit should appear to you

I have found in this exercise, the spirit is the light body of the soul and in my own experience; it was just the shape of the individual, like the auric energy field filled with light. This is different from the astral body that mirrors the physical body, with the distinct head, eyes, features, and so forth. The spirit is only a body of light and in some individuals, it is darker. This has been my own personal experience with this technique and should only be used as a guide.

Advance Mediation

Drawing Energy

Once you are advanced, you no longer have to actually breathe in energy; you can just direct it with your will, using your mind. The easiest way to start out is by willing energy through the front of your body as you would by breathing with the energy meditation. The following meditations are excellent for training yourself to absorb energy using only your mind. Just focus and follow the meditation, but do not include the breathing in to draw in the energy. Just enter into a trance, breathe normally and be relaxed:

Satanic Healing

*Be sure to click on the link regarding healing loved ones at the bottom of the page.

Several years ago, Father Satan spoke with me concerning healing. I had a problem and he told me at that time "You are not strong enough." I had a heavy radio setting beside me and he stated an example "Try moving that radio using a sheet of paper." Obviously the paper would have crumpled.

To effectively heal, your soul must have power. This is accomplished through consistent power meditation.

Once your soul is powerful enough, healing comes much easier.

Before I go on, I want to state that anyone who is under a doctor's care or taking medication SHOULD NOT stop taking ANY medication prescribed or forego medical treatment, antibiotics, etc., until given a medical clearance by a licensed physician. We are not xians! Antibiotics and such SAVE LIVES! I, myself am very grateful for modern medical technology. The ability to heal using your own powers is very advanced and takes experience. If you do not like the advice of one doctor, then get a second opinion from another doctor, but do not just go about psychic healing and deny yourself or others in your care, such as children or animals, proper and prompt professional medical treatment. Never stop taking any medication, or alter prescribed doses unless given the ok by your doctor.

To heal yourself, you should already have experience in working magick.

1. [Make sure your chakras are properly aligned](#). This ensures that needed energy is getting to them. Disease usually manifests in the soul/astral body before symptoms occur in the physical body. This is almost always due to poor energy/chi circulation to the organ/s or a cut-off of a pathway due to an accident, or injury.
2. You should begin by cleaning the diseased part as you would [clean your aura](#). Cleaning the diseased part should be done several times every day immediately before applying the healing energy.
3. The foundation of healing for most problems is to raise and direct energy and keep sending it to the afflicted organ, while programming it. When you FEEL your energy strongly, just direct it to the diseased/afflicted part of your body. Throughout the day, you can also keep directing your energy and visualize the white-gold light, lighting up the organ and state your affirmation. This can be done lightly, in addition to the more formal working in step 2.
4. Step two needs to be repeated several times every day, until healing is complete.
5. Healing can also be done using [Runes](#). Vibration is exceptionally powerful in both raising and empowering energy.
6. You have to KNOW it is working and not have any doubts. In other words, have faith in your ability.
7. Always remember to keep your affirmations in the present tense. "The __ (disease)__ is leaving my body (or diseased organ), completely and permanently. My _____ is strong, healthy and normal in every way."
8. Be open. Many times the working will lead us to certain foods or what we need in order to heal health problems. This can come in different ways.

To heal a loved one, direct white-gold brilliant light like the Sun into him/her and program it.

The foundation and objective of Spiritual Satanism is knowledge and applying that knowledge by using our own powers. I had a situation some time ago, with a pet who had a life threatening disorder that occurred all of a sudden. At the time, I had no money for a vet. Father Satan came to me. He stood behind me and placed both of his hands on my shoulders and told me to "breathe" energy into her. I visualized the energy as the white-gold light and lit her up with it, as brilliant as the Sun and stated an affirmation " _____ is healthy, safe, and protected in every way."

I did this twenty times. Father Satan told me, NO, do it 200 times. He also told me she would need to have surgery and he would get me the money. I started to cry. He told me not to cry, as this was a lack of faith.

The energy I put into her stabilized her. I had to do it again and shortly thereafter, I had the money for the surgery, which was very expensive. She got the surgery and she is now fine.

Healing Loved Ones

When we perform Satanic healing on our loved ones, it is quite different than working on ourselves. It is best to use healing energy from the earth and let it run through us into the loved one.

To do this, it is very important to have open, active and powerful chakras especially in your hands and feet.

Your soul must be strong enough. This comes with repeated and consistent power meditations. Depending upon the severity of the illness or problem, more than one healing session is often necessary. This also depends upon the strength of your own powers.

Several months ago, I healed one of my pets by placing my hands over where she was having the problem. I opened both my hand and feet chakras and began drawing in energy through my feet (I was in my house) and directed the healing energy out my palm chakras, all the time visualizing the white-gold brilliant light on her, and affirming she was healed. My powers were also at their height as I did this following a hatha yoga session and power meditation. In this instance, it only took one session and she was fine.

There are some guidelines for healing loved ones:

1. Make sure you are strong enough and it is best not to use your own energies. Pulling energy from the earth (this can be from the floor), the sun or any other natural source is best. Always run the energy through yourself.
2. Make sure to completely clean your aura and chakras afterwards.
3. In cases of serious accidents or related, the more people involved in the healing, the better the chance for recovery. Friends, relatives and so forth, if they are at all open-minded can be organized into drawing in energy and applying it to the afflicted one in an emergency situation. Even people who are not trained and who know nothing are better than not doing a thing. The more people, the more energy.
4. Like working any and all magick, one must have confidence in and believe in a full recovery.
5. Affirmations are always necessary as energy does what it is told to do. Affirmations should always be in the present tense and of a positive statement.
6. Once healing sessions are begun, depending upon the severity, they should be repeated until the loved one has made a full and complete recovery.
7. Cleaning the area or body using a brilliant white light before applying healing energy also helps.

8. As with healing the self- severe cases may require several healing sessions per day. This also depends upon your own personal powers. The more powerful you are, the more powerful and effective your healing energy. Extremely powerful brothers and sisters may only do one healing session with a complete recovery.

9. The longer (more chronic) the ailment, the more difficult it is to heal. Congenital problems (afflictions one is born with) are the most difficult. Nothing is impossible! The human mind is even capable of growing a new limb. The key is extreme personal power through consistent meditation, patience, perseverance and above all -CONSISTENCY!

Satanic Healing and the Solar Chakra

The chakra of healing is the solar (3rd) chakra.

To heal using this chakra (which is very effective):

1. Lie on your back

2. [Your hand chakras and finger chakras](#) should be fully opened for this technique.

Place your fingertips lightly upon on your solar plexus chakra. Very slowly breathe in and visualize intense brilliant white-gold light entering into your nostrils moving down into your solar chakra and then through your fingertips and into your forearms.

3. Hold your breath and transfer your fingertips to where you are ill and very slowly exhale the energy from your forearms, hands and fingertips into the afflicted area. For example, for curing a soar throat, move your fingertips, (all the while visualizing the brilliant light), to your throat and then very slowly exhale the energy into your throat, visualizing and feeling it leaving your forearms, hands and fingertips and entering into your throat, glowing like a brilliant sun.

4. When the exhale is completed, suspend your breathing for a few seconds while you place your fingertips upon your solar chakra again. Repeat the above.

The above is best performed for 10-20 repetitions. If major healing is called for, take a break and then perform another 10-20 repetitions.

I have used the above technique with much success. It is very important to try to catch colds, flu, viruses, etc., in the early stages. By doing so, less energy is required and one can use one's own energy.

If one is ill to where using one's own energy is out of the question, this exercise can also be performed using the energy from the sun, which is very powerful. Just breathe in the energy from the sun into your nostrils and follow the above instructions.

It is pretty evident that now and in the very near future, we will be faced with deadly strains of viruses and plagues. Many are resistant to antibiotics and other medications. In many places, life saving medications are becoming unaffordable and very hard to obtain, as is medical care. Some medications are even laced with placebos (blanks). All dedicated Satanists should be practicing [power meditation](#) and learning [Satanic Healing Techniques](#).

I have had much success with the above and other healing techniques I have written about on this website. The power to heal is a wonderful gift from Satan. Any dedicated Satanist who practices meditation regularly can do this. Things are getting very bad in the world and will get much worse. Those of us who are adept and and apply Satanic knowledge will survive these times intact.

Invoking the Elements

Invoking the elements is very advanced and can be very dangerous. I am speaking from experience here. There are many authors who write from a theoretical and scholastic prospective and have not had the direct experience with certain meditations and psychic practices. I am going to give you **my** personal experiences with the meditations that follow. Remember- **THESE ARE MY OWN DIRECT EXPERIENCES AND SOME OF WHAT I EXPERIENCED, YOU MAY OR MAY NOT AS WE ARE INDIVIDUALS, BUT THESE MEDITATIONS **ARE** HIGHLY EFFECTIVE, POWERFUL AND DANGEROUS.**

If you:

- Are not physically and/or mentally healthy
- If you take **any** psychiatric medications or medications that affect your brain/nervous system
- If you suffer from High Blood Pressure
- If you have heat flashes from menopause
- If you suffer bouts of depression
- If you do not know yourself 100%
- If you are pregnant

I strongly encourage you to turn back and work other meditations that are safer. Once you have overcome any problems mentioned above using safer meditations, you can proceed at a very slow pace if you think you are ready. Let me explain:

With invoking the elements, here are some examples of what can happen:

Invoking fire will make you hot. Depending on how many breaths you do (only seven and under are recommended for those who have not had experience with this element). Even with adepts, 20 breaths can be extreme. While you are doing the fire meditation for the first time, more than likely while you are doing it, you will feel little or nothing. **DO NOT MAKE THE MISTAKE OF DOING ANY MORE BREATHS BECAUSE YOU MIGHT FEEL NOTHING!** You will feel the effects hours later. The effects of invoking fire include a fever, feeling **BURNING HOT** after a warm glow/aura manifests, insomnia and since water is the opposite of fire, you can get a backlash of water and this can manifest in depression. These effects can last several hours to several days. Each one of us has imbalances of certain elements and invoking the elements can cause even more imbalance so it is also important to know your strengths and weaknesses in certain elements.

Invoking air can overstimulate the nervous system. Air can make you very irritable and oversensitive for a few hours to several days, depending on how much you take in.

I have always been a person of extremes and I am daring, so I have never put any limitations on myself with meditations, though I have always used common sense. Now, with invoking these elements over a period of time, we become resistant to extremes of temperature, we can warm or cool our bodies at will and we can be adept at pyrokinesis, cryokinesis and other astral disciplines.

If you are planning to do the elemental meditations, I strongly encourage you to keep written entries in a black book or journal regarding how these exercises affect you. Mastering the elements is one of the highest forms of magick, while others play around with props. The elements are based upon the four

corners and directions. They are the foundation of the universe when working magick. Invoking and directing the elements is used to empower sigils and talismans. Each ritual or working normally has an elemental theme. By making use of the elements the power of any working is drastically amplified. Elemental magick is extremely advanced and powerful magick.

There are two ways of invoking the elements. One way is total invocation as I have done (no breathing them back out and the most dangerous) and the other way is easier is to breathe the element back out into the ether. You can work up from this.

Each one of us has strengths and weaknesses with certain elements. Nearly all of us have imbalances of the elements in our souls. The following meditations will correct these.

Several hours or a day after invoking an element, sit quietly and meditate on how you feel. How did you feel during the past 24 hours? It is important to be able to *feel* the elements in order to direct and control them.

To properly invoke, direct, and control the elements, you must be balanced in all of the elements. Most of us have imbalances. These can usually be seen in our astrology charts. Those of us who progress and continue on will be working

You must be honest with yourself and know yourself. The articles below in the advanced section reveal the elements in their pure form. Very few of us are imbalanced with just one element; usually there are two that are dominant. Look to the elements where most of the characteristics describe you. By balancing your elements, you will find healing physically, psychologically, at the soul level and mentally.

Fire is opposite Water and Air is opposite Earth. The opposite element is what is needed to fix the imbalance. It is important to be aware that invoking the lacking element can create a temporary backlash in the over-dominant element.

Fire

The Characteristics of Fire:

Self-centered, confident, enthusiastic, expressive, bold, subjective, expansive, out-going, extroverted, insensitivity to others, impulsive, impatient, creative, vain, extravagant, reckless, passionate, self-important, exhibitionist, courageous, adventuresome.

People who have pronounced fire often burn themselves out. They are often over-active, restless, and over concerned with making something happen in the world. There are often problems in dealing with others; they can be very insensitive and crude in their approach. Fire people are prone to inflammation, high blood pressure and can be labeled as "hot headed" as they normally have short tempers. Without the element of earth, people who are dominant in fire lack staying power.

People who are lacking in fire are usually low in energy, lack self-esteem, and self-confidence. There is a lack of spiritedness, lack of enthusiasm, aversion to challenges; there is apathy toward living, major problems take a long time to overcome with lingering psychological scars.

Fire alleviates mental depression and brings a love of life. Fire is the creative principle, the spark of life. Fire rules competition, athletics, action, courage, self-confidence, charisma, and pyrokinesis. Invoking and directing fire is the advanced aspect of pyrokinesis.

TO INVOKE FIRE, go into a light to medium trance and visualize yourself in the middle of a large sphere of fire. Now, do the energy breathing. Breath in the fire from all sides of your body, front, back, top of your head and bottom of your feet. Imagine and feel yourself getting burning hot. Do this for seven breaths **AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!**

You have two options for this exercise:

1. You can breathe the fire back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the fire. With retention of the elements, you will progress faster, understand how each element feels and affects you and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Remember to always use common sense.

To be adept, one must master blowing (directing the exhale) the element out as we will in following meditations. For example, blowing out the element of fire after you have invoked enough of it and your body can withstand high amounts of this element, you can raise the temperature of objects and even set them on fire, using only your mind. Unlike the other method of pyrokinesis on this website, with the above, you can even be miles from your object.

Invoking fire will make you hot. Depending on how many breaths you do (only seven and under are recommended for those who have not had experience with this element). Even with adepts, 20 breaths can be extreme. While you are doing the fire meditation for the first time, more than likely while you are doing it, you will feel little or nothing. **DO NOT MAKE THE MISTAKE OF DOING ANY MORE BREATHS BECAUSE YOU MIGHT FEEL NOTHING!** More than likely, you will feel the effects hours later. The effects of invoking fire include a fever, feeling **BURNING HOT** after a warm glow/aura manifests, insomnia and since water is the opposite of fire, you can get a backlash of water and this can manifest in depression. These effects can last several hours to several days.

Earth

Characteristics of Earth:

People who are dominant in earth are sensual, materialistic, practical, and they hate anything that is unplanned. Earth gives patience, self-discipline, makes one dependable, reliable, and conventional. Earth people like tradition, and security is extremely important to them, they are cautious, deliberate, slow in forming opinions, and slow in everything they do. They are reserved, have limited imaginations, but they have exceptional endurance. They are practical, grounded, and level-headed. They are hard working, they dislike change and can be stuck in a routine for years without ever getting bored. They have a hard time adjusting to new situations and changes.

A LACK OF EARTH:

People who are lacking in earth are not attuned to the material/physical world, they are spaced-out, impractical, they can neglect their bodies, they are flighty, lack self-discipline, are ungrounded, often feel out of place, and have over-active imaginations. These people can forget to eat, rest, exercise and so forth. They have trouble with routine, endurance, scheduling and organizing their lives. A lack of earth brings a lack of stability along with an inability to finish things. Here today and gone tomorrow. These people can overspend their money foolishly or gamble it away. They are irresponsible and live only for today.

Earth is the material principle.

INVOKING EARTH:

To invoke the earth element, go into a light to medium trance and visualize yourself in the middle of a large sphere of heavy dense gravity. Now, do the energy breathing. Breath in the earth from all sides of your body, front, back, top of your head and bottom of your feet. Imagine yourself getting heavier to where you are like lead and can no longer move- like you are buried under several feet of dirt. Feel the gravity of the earth pulling you. Do this for seven breaths AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!

You have two options for this exercise:

1. You can breathe the earth element back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the earth. With retention of the elements, you will progress faster, understand how each element feels and affects you and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Remember to always use common sense.

After some 12-24 hours, sit quietly and meditate a few minutes on how you feel after invoking earth.

Air

The Characteristics of Air:

People with the element of air prominent have the ability to be objective and detached, and unemotional. They are intellectual, enjoy spontaneity, easily bored, very talkative and communicative. Air is the most social of the elements. Air people are usually quick in their movements and speedy. They can be very impractical. Air lacks feeling and emotion. Air is pure intellect. Air people can adapt and adjust to situations easily. They can have an over-active mind, live in their head, and be Jack-Of-All-Trades, and master of none. Air lacks depth. The sayings "up in the air" "air headed", "cool headed" are relevant to air. An imbalance of too much air creates a lack of planning, makes one scatterbrained, nervousness, high-strung, and causes nervous exhaustion.

A LACK of air makes one have a hard time detaching as the tendency is to become too emotionally involved. People who lack air find themselves too involved with others. They can be overly emotional, have violent reactions, lash out, and have a very difficult time with being objective. They can have a hard time adjusting to new situations. The emotions often dominate in one who is lacking the air element. They can become obsessed. Air is the communicative, intellectual principle.

INVOKING AIR:

Sit quietly and go into a light to medium trance. Now, imagine yourself in the air. Feel the lightness and breathe in the air element. It is important to imagine yourself feeling lighter and lighter and airy. Imagine that your body is becoming lighter, as light as air itself to where you can no longer feel your body. Feel as if you are floating.

Do this for seven breaths AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!

You have two options for this exercise:

1. You can breathe the air back out into the ether after each inhalation and even breath it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the air. With retention of the elements, you will progress faster, understand how each element feels and affects you and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Remember to always use common sense.

After some 12-24 hours, sit quietly and meditate a few minutes on how you feel after invoking air.

The air element is used in rituals to incite chaos. Air can over-stimulate the nervous system until you get used to it so it is important to go slowly. Invoking air is used for levitation.

Water

Characteristics:

People who have dominant water are too in touch with feelings and emotions. They are psychic, and notice things others don't see, such as subtle nuances. Too much water creates irrational fears, compulsive desires, oversensitivity, feelings of being threatened. These people are very easily hurt and offended, they are impressionable and their emotions can dominate them. Water is intuitive, over-reactive, fearful, timid, gives feelings of inner emptiness. and incites extremes of behavior. Water is compassionate, loyal, devoted, and sympathetic. Water is the emotional principle.

A LACK OF WATER:

People who are lacking in water are not in touch with their feelings. They have trouble in dealing with their own feelings as well as those of others. Cold, aloof, unfeeling, callous, they have little if any compassion towards others and have trouble in relationships due to a lack of an emotional rapport. These people are often total materialists who disregard the spiritual.

To invoke water, go into a light to medium trance and imagine that you are completely under water in a large pool or lake. The water should be still. Just relax. Breathe in the water from all sides of your body, front, back, top of your head and bottom of your feet. Imagine yourself getting ice cold. Do this for seven breaths **AND ONLY SEVEN BREATHS! DO NOT DO ANY MORE! YOU CAN EVEN DO AS LITTLE AS 2-3 BREATHS, BUT NO MORE THAN SEVEN!**

You have two options for this exercise:

1. You can breathe the water back out into the ether after each inhalation and even breathe it out some more when you are finished with the seven breaths (This is the safest way) OR
2. You can retain the water. With retention of the elements, you will progress faster, understand how each element feels and affects you and increase your ability to handle each element, but remember- this is not for everyone. It is better to take things slower and use caution. Remember to always use common sense.

After some 12-24 hours, sit quietly and meditate a few minutes on how you feel after invoking water.

The more advanced you become, the more you will feel the coldness of the water element. You should feel like a block of ice. Adepts are able to keep the body cold as ice even in the hottest of summer weather. The water element can incite depression, so it is important to go slowly. Water is used in rituals involving attraction.

Invoking the Quintessence

1. Go into a deep trance. Imagine that you are in the center of an unlimited space. This will feel like floating. There is no above or below or sideways. This unlimited space is filled with the finest energetic matter, the universal ether. Ether is colorless, but to our senses it appears to be of ultra-violet, near black-violet color, and this is the color in which we imagine the etheric matter.

2. Breathe in the akasha/ether, visualizing yourself surrounded by the black-violet energy as you would with energy breathing and fill your entire being with it for eleven breaths.

In performing this exercise, you have to retain the feeling of being united to the entire infinite space. You have to be as it were completely secluded from the world. It is necessary to become acquainted with this unusual state of mind."

*For those of you who are familiar with the black lights of the 1970's and how they illuminated florescent colors on posters, this is the color you should be visualizing as it is very powerful. Black lights are ultra-violet.

3. Meditate on the feeling you get from invoking this energy for 10-15 minutes.

"It has been mentioned in the theoretical part that the elements originate in the akasha principle, by which they are dominated and kept in the correct balance.

After a long time of exercising, a magician who has achieved good results with the elements will also be able to control the finest principle that is the astral ether."

"We have heard that akasha is the primary source, the sphere of all causes. Any deliberate cause, such as a wish, a thought, any imagination created in this sphere together with the dynamic conviction is bound to be realized with the help of the elements, regardless of the level or sphere on which the realization necessarily has to be performed. This is one of the greatest magic mysteries and a universal key for the magician, who will understand its range only later on in the course of his development."

Aether (classical element)

(Redirected from Quintessence (alchemy))

"The aether is the fifth classical element in ancient Greek philosophy and science. This Greek concept seems to derive directly from the akasha, its Hindu counterpart. In Greek doctrines it seems that the aether was the celestial fire, the pure essence where the gods lived and which they breathed. In this connection, it seems that aether is radiative heat like that of the sun, which is able to propagate in empty space. The Greek word "aither" derives from an Indo-European root aith- ("burn, shine"). This root figures in the name of Aithiopia (Ethiopia), which means something like "burnt land."

"Aether was once believed to be a substance, which filled all of space. Aristotle included it as a fifth element (the quintessence) on the principle that nature abhorred a vacuum."

Oliver Nicholson points out that, in contrast to the better known luminiferous aether of the 19th century, the older concept of the classical aether had three properties. Among these characteristics, the classical aether had a non-material property, was "less than the vehicle of visible light", and was responsible for "generating metals" along with fostering the development of all bodies."

[1]"Robert Fludd stated that the aether was of the character that it was "subtler than light". Fludd cites the 3rd century view of Plotinus, concerning the aether as penetrative and non-material."

"[2]"Other 1800s views, such as James Clerk Maxwell, Lord Kelvin, and Nikola Tesla, was of the disposition that the aether was more akin to it actually being the electromagnetic field."

"In modern physics, dark energy is sometimes called quintessence due to its similarity to the classical ether."

Meditation to Produce Heat

The sushumna is the line the kundalini travels up the spine. It is very small in diameter. Tibetan monks would be tested for initiation by stripping down naked, wrapping themselves in a wet sheet, and spending the night in the freezing mountains, sitting in the snow. In the morning, if the initiate passed the test, the sheet would be bone dry and several feet of snow around the monk would be melted.

Expanding the sushumna is used to raise body temperature and create heat. This power can also be applied to [pyrokinesis](#) (setting objects on fire with the power of the mind).

While in a trance, visualize the sushumna expanding to the spine in either a red hot or white hot glowing light. Focus on this for several minutes and from there, expand it beyond the spine, again, focus for several minutes and then expand it 2 inches beyond the spine. Keep expanding until you are several feet or more beyond your physical body.

This meditation produces a lot of heat, especially when done regularly. When practiced on a frequent basis, one can expect a rise in body temperature.

Telekinesis

Telekinesis is the ability of the mind to move objects, through concentration. This is very advanced and you will need a very powerful aura. We all have this ability, but due to centuries of xian generational suppression of the powers of the mind, it is a part of our brain that is now dormant. Like learning a gymnastics maneuver, with getting the *feel* for it and using it, it will become easier and easier with time, dedication and patience.

Everything on this Earth contains an energy field or aura, even inanimate objects. With performing telekinesis, you must connect your aura with aura of the object you intend to move. The strength of your aura will determine your success.

The following exercises help in developing telekinesis. You should be experienced with energy manipulation and have powerful hand chakras. In order to work up to this, the [Foundation Meditation](#) and the [hand chakra meditation](#) should be mastered.

This exercise is best done after power meditation when your aura is strong.

1. To begin, suspend a pendulum in front of you. This can be any object from a small pencil or a light ball, like a ping pong ball. Anything small, light and even will work. It must be in front of you, preferably over a table, where you can relax and sit. Hang the pendulum, so nothing is touching it or coming into physical contact with it and so it can move easily and freely.

2. Place your hands about an inch on each side of the pendulum, palms facing the pendulum. Direct energy through your palm chakras.

3. Now try pushing and pulling. You will see your aura pushing and pulling the object. One hand pushes, the other pulls. Visualize your aura connecting with the aura of the pendulum. Do not move your hands.

When you are able to move the pendulum, place your hands farther and farther apart.

The next step is to move the pendulum using the energy from your fingertips. At first, try to pull it with the energy from your fingertips.

The key is to keep distancing yourself from the object. The next step, which is extremely advanced is to begin using the powers of your third eye and move objects by connecting your aura with that of the object and willing them to move.

Do not get frustrated. This takes intense concentration, a strong mind and aura, but with enough patience and practice, the time you succeed in moving the object will become shorter and shorter. When you learn to use this area of your brain and strengthen it (it will become easier and easier), the first few times are the most difficult. It may take several sessions, sometimes even weeks, but it is not impossible.

Here are some practice tips:

1. It definitely helps to be able to see auras. When we open our [third eye](#), this gives us the ability, but we must learn to use this ability to see. This is analagous to athletics. If one has the strength and flexibility, the potential is there, all one needs to do is the movement to get the feel and to train the movement into muscle memory. It is the same with the mind.
2. Start out with light objects. Gemstones such as quartz crystals are great, provided they are small and light. These have a stronger aura of their own.
3. Telekinesis is best attempted after power meditation when one's energy is most radiant.
4. Telekinesis like any other skill should be worked on daily until mastered. Heavier and heavier objects can replace the lighter ones as proficiency is achieved. I have had success with the above method.

Pyrokinesis

Pyrokinesis is the ability to control, ignite and extinguish fire, using the powers of one's mind.

This is dangerous. One should be adept and very experienced in handling and directing energy, as inexperience can cause dangerous burns to yourself, even though you may have a powerful aura. An exceptionally powerful aura is necessary for pyrokinetic ability.

1. Begin by lighting a candle.
2. In order to do this safely, you should be adept at putting fires out before igniting them. Position both of your hands, palms facing inward about half an inch from each side of the candle flame and direct your energy into the flame, willing it to die out. This is extremely advanced and you must have a powerful aura. Try concentrating on black energy between your palms where the flame should be.
3. To ignite a flame: perform the [Heat Meditation](#), and direct the energy you produce to your palm chakras.
4. Blow out the candle. Position both of your hands, palms facing inward about half an inch from each side of the candle wick, which should be an ember.
5. Direct energy from your palm chakras and concentrate intense heat on the ember and will it to ignite. Try concentrating on white hot energy, between your palms. The ember, with practice will begin to glow brighter and eventually, will ignite.
6. Put out the flame, concentrate the energy between your palms on the ember of the wick and direct it to ignite the flame again. With enough palm chakra energy and concentration, it will relight.
7. As you advance, move your palms farther and farther apart.
8. When you are proficient with your palms 2-3 feet apart, concentrate on lighting the wick of the candle without the ember. Ignite the cold wick.

In addition to using the energy from your palm chakras, you are using the powers from your third eye. The third eye has a direct line of energy to the physical eyes where the energy projects. Once you are adept at the above exercise, try using less and less of your hands. Again, it is important to put fires out before learning to ignite them.

Expand your aura to connect with the candle flame. The candle should be a foot or less in front of you. Connect your aura and put out the flame.

Once you are adept, do the same and ignite the ember.

When you are able to use only your aura to light the candle flame, expand your aura to connect with an object a foot or less in front of you and project the heat as you did with your palms. As you progress, keep moving the object farther and farther away.

Instead of just doing void meditation, the above exercises can be substituted as they require intense, unwavering concentration.

How to Detach Unwanted People/Entities from Your Aura

People in our lives, especially those of whom we have emotions for - either positive or negative, are attached to our aura. Normally, we are attached at the chakras. These attachments can last for many lifetimes. They are most common in family members and those who are close to us.

There is another kind of attachment and that is what is called "psychic vampirism." Psychic vampirism is when another person attaches him/herself astrally to your soul and the relationship is of detriment. He/she usually attaches at one or more of your chakras and drains your energy. In all close relationships, there is a mutual soul attachment for better or worse. In the case of a psychic vampire, the relationship is analogous to that of a parasite and a host. A psychic vampire does not even have to be involved in a relationship, as it is natural for his/her aura to feed off of the auras of others.

There are symptoms of psychic attachment, the most pronounced are thoughts and/or feelings that are not your own. Your energy eventually becomes depleted, especially when you are around the psychic vampire. Whether they are physically near to you or at a distance, once a psychic vampire has attached him/herself to your aura, they can drain you. Psychic vampires are rarely strangers. In many cases, this can even be a family member. A good example is with love/sexual relationships. Following a break up, one party may not want to let go. Another case is that with obsession. Obsession is a bit different as the obsessed person is actually *giving* energy to the object of his/her obsession. This is where a psychic vampire enters into an ideal situation. There is a constant and willing supply of energy from the obsessed individual that the vampire benefits from.

In almost all cases of psychic vampirism, there is a weakness on the part of the host person. This weakness is usually of an emotional nature. The parasite/host relationship often satisfying an unfulfilled need for one or both of the individuals involved. The attaching person's energy feeds off this. In ridding ourselves of this influence, we must acknowledge that a problem exists and WANT to let go. If the host subconsciously does not want to let go, this exercise will be useless.

To remove an unwanted person from your aura:

1. During the cycle of a waning moon, (a few days after the full moon; and a few days before the new moon) find a quiet place where you will not be disturbed.
2. Relax and enter into a deep trance, for this working, the deeper the trance, the better. Now ask your mind to reveal anyone who has an inappropriate tie. (You can also ask your mind this before you fall asleep at another time, and this will be revealed in a dream). (If you know who it is beforehand, you can visualize them). If there are several, then work with one person at a time. This working can be time consuming. It is best to work with one person per session. You should allow yourself a few days in-between sessions ideally so your aura can adjust and your energies can rebound. Depending upon the strength of the bond, the working may have to be repeated.
3. Ask your mind where the connection(s) is. You may find that a mutual connection exists, where there are two or more attachments at the chakras. Take as much time as you need, using an astral knife, cutter, laser, or whatever you are comfortable working with, and dislodge the connections completely on both sides.
4. Place the connections in a pile as you work. Your will must be strong here, as the other person may not want to let go. Seal the areas on your aura where these connections were attached with healing light/energy, white/gold is the most powerful, but use whatever color you are comfortable with, as we are all individuals. You don't want any injuries or holes left in your aura.
5. If you care for the other person, you can heal and seal his/her holes made by the detachments.
6. Invoke the element of fire and build an astral fire with this, by directing it, and burn all of the detachment strands.

When you are finished, [clean your aura](#).

When you are ready, open your eyes, get up slowly and move around, do something physical- eat, exercise, or whatever to ground yourself.

Freeing the Soul

With knowledge and power, one can supersede so-called "karma." We are all well aware of reincarnation, many of the people in your life, for good or ill, you have known before, especially family members. These relationships can last many lifetimes. Some of them have a negative effect on us and are destructive to our growth and wellbeing. The same negative relationship is repeated over and over, back and forth, in different ways, times and bodies.

The good news is, with the proper knowledge and taking appropriate action using this knowledge, we can remove these negative people from our lives; thus setting ourselves and the offending ones free from the control of the evil will of malignant powers.

To begin, enter into a trance and go back through your lifetime, as early as you can remember. Write down the persons involved in every negative/destructive relationship you have ever experienced in your life. Leave the positive/beneficial relationships out of this, as these are people we want to continue with.

Negative people can include parents and in many cases, siblings, relatives, schoolteachers, former friends, enemies, spouses, lovers, and/or people who have used you or harmed you in any lasting way, either physically or psychologically. Family relationships are the most powerful, this includes spouses and significant others.

Take your time with this exercise. You can always go back and add more names to the list as old memories surface. Negative karmic relationships are something we need to cut from our lives. Remember when you judge each relationship, that no relationship is perfect.

The most negative relationships will be obvious and you can soon go to work on them. If there is any serious repressed anger that cannot be dealt with, outside of retribution, then perform the appropriate revenge ritual(s). Get it over with in the here and now and be sure to vent everything. This will act as a cathartic and is very therapeutic. You will then be able to heal emotionally and psychologically.

It is best to perform the working during a waning Moon. The Moon should *NOT* be in the signs of Cancer, or Libra, nor should it be void of course.

Others attach themselves to your soul via strands resembling those with astral projection. They are NOT all "silver," as most popular books lead people to believe. I have seen gold and bronze colored strands and there may be even more colors, so assume nothing. Perform the Detaching exercise to remove these ties.

Make good and sure, the other person (as well as yourself) is completely sealed off when you remove the attachment. Don't try to do more than one person per session. Start with the worst individuals, living or deceased. If you don't know whether they are dead or alive, it doesn't matter. When you are finished, clean your aura.

Different people are best dealt with each with different sessions. At the end, you should feel lighter, freer and at peace. Thank Father Satan at the end of each session. He is the one who brings us the knowledge we need to be free.

Advance Chakra Spinning

When spinning your chakras, say to yourself for each one "speed of light." Then spin them faster and faster until they turn white with energy and power like the sun. Do this with each one. This really helps replace lost energy.

This speed will set your vibration at a higher level. When our chakras vibrate at a higher rate, this helps to protect us from misfortune and disease. It also opens us to the astral and protects us astrally as well as in the physical world. Remember, though, energy work must be done every day as each day builds on the day before and until a strong energy field is permanently established, short term benefits can be lost or harder to restore.

Meditation on the Spirit

The properties of the spirit in correspondence to the elements are as follows: the will is of the fire element, the intellect and memory are of air, all aspects of feeling are of the water element, and all aspects of consciousness that connect the three elements is of the earth element.

1. Go into a trance and focus inward into your own spirit, try to be aware of and feel your spirit/astral body and meditate on it.
2. Meditate on each aspect of the above mentioned elements in correspondence to the parts of your spirit.

What this exercise does:

This exercise is important as it hones each aspect of your soul to work magick. It will enable you to influence these aspects within yourself and also when you master them, within others. You will eventually, with practice learn to strengthen or eliminate them.

Condensing the Elements

1. Go into a light trance.
2. Breathe in the element of fire and upon the exhale, direct all of it to your base chakra, so it is concentrated.
3. Do this for five breaths.
4. Meditate upon and feel the heat in your base chakra.

If you feel uncomfortable doing this, you can substitute directing the water element into your sacral chakra. Either do one or the other.

What this does is to train you to concentrate and direct an element. This can also be done outside of your body and for advanced magick, you will need this skill. It must be taken slowly though. This is very advanced. The fire element will stimulate your kundalini. Directing the elements to specific parts of the body can also be used to heal. **NEVER DIRECT THE FIRE ELEMENT TO YOUR HEART OR YOUR BRAIN!!** This can be very dangerous and can cause permanent damage to these two very sensitive organs. For adepts, organs other than the brain or heart are usually able to handle condensed elements. The organs are not the chakras, as some have confused these in the e-groups. Breathing in elements into your chakras is fine.

Evoking the Elements

When your goals are personal and pertain to yourself, this is the time to invoke energy and project it from yourself.

Evoking energy is different. When spells are for others, it is important to evoke energy as energy that you project from yourself will establish a connection with the person you send it to. Both in cursing and healing, for obvious reasons, this is undesirable. The energy you use must be taken from the universe. It is very important to master both evocation and invocation of the elements in order to progress to advanced levels of ability.

Evoking Fire

Get into a trance and visualize you are in the middle of fire. Feel the heat and hear the hissing and crackling of the flames and feel the burning. Now, begin to collect and condense that fire into a sphere in front of you. Draw the fire element from all directions into the sphere in front of you. The more of the fire element you direct into the sphere, the more dense, material, and hotter it will become. You should feel the heat while you are doing this. The more you compress and condense the fire, the more the heat will grow. You should actually have the sensation of literally being in an oven.

Now dissolve the sphere of fire by visualizing it dissipating – the exact opposite of when you brought it together. Keep working at visualizing it dissipating, losing its strength, power and heat and eventually dissolving into nothing.

Evoking Air

Get into a trance and visualize you are in the middle of air, fill the entire room with it. Draw the air from all directions simultaneously into a sphere in front of you. Fill and pack the sphere with the air element. You should feel very light, as though you are floating.

When you are finished packing the air into the sphere, dissolve it as you did with the fire sphere.

Evoking Water

Get into a trance and visualize you are in the middle of an ocean or lake. Draw the water element from all directions. Feel the water at first as a cold vapor, the closer you draw it to your body, as you condense the water more and more, you should feel icy cold. Now, pack the water element into a sphere in front of you and then dissolve it, the same as you did with the fire and air. Let it evaporate away into nothingness.

Evoking Earth

Get into a trance and draw a gray mass, similar to clay, from all directions simultaneously. The closer you bring it to yourself, it becomes browner and browner, rich like soil and more dense. Fill the room entirely with the heavy mass of the earth element and visualize it compacting into a sphere. Feel the heaviness and the gravity and its pressure on your body. When finished, dissolve it as you did with the other elements.

Evoke the element of fire again, but this time, have a glass of tepid water in front of you and draw the fire from all directions and condense it into the glass of water. It is best to use a clear glass with this exercise. Imagine the water getting hotter and hotter with the fire element.

If you are successful, the water will increase in temperature by a few degrees. When finished, you can taste the water and it should have an unusual taste to it if you were successful.

Later on, when you find you can raise the temperature of tepid water, then work with colder and colder water and practice the same.

Rotating the Elements

Rotating the elements is very advanced. One should already be adept with circulating energy through the chakras. One of the most important steps in advanced meditation is to circulate the elements through each of the chakras. This is very advanced and is done after condensing the element into a chakra it rules, and then circulating it. Work on mastering each one. You should definitely FEEL the element- i.e., searing hot for fire, ice cold for water, heavy for earth, and light for air. Quintessence is warm to hot. This is very advanced and should only be attempted by experienced meditators.

This will provide an important foundation for more advanced works of which I will soon be posting here.

The ancients used the seasons to facilitate their workings. This is a part of the four points. Summer is hot and meditating on and invoking the element of fire is easier for beginners. Just make sure you have a place to cool down. Spring is a good time to work with air, fall is great for earth, and winter is good for working with water, as it is cold.

The next step should be combining the elements, such as circulating water after circulating fire and then circulating quintessence. This is all very powerful.

The waxing and full moon acts to transform the fiery rays of the sun into the element of water. Energy from both the Sun and Moon should also be invoked and circulated.

For example- rotating the element of fire

1. Breathe in the element of fire into your entire body.
2. Condense the fire into a small ball inside your base chakra.
3. Now, direct that ball into your sacral chakra, then your solar chakra, your throat chakra, your third eye, your crown chakra and then down from your crown chakra into your 6th chakra behind your third eye and to the back of your head- through the rear sixth chakra and on down your spine at each chakra. Take your time with this, burning each of your chakras thoroughly. This is very empowering and cleansing.
4. When finished, either direct the fire ball to your base chakra or expell it through your solar plexus chakra.

Do the same with the other elements, including the quintessence. Doing this with the chi or pineal secretions is also very powerful AND pleasurable.

In the beginning, you should only work with and master one element per meditation session. Fire can also be invoked from the sun- the hotter the sun, the better.

Splitting the Soul

These meditations are extremely advanced and can be dangerous to newbies. One should be experienced in meditation, energy manipulation, invoking the elements and in understanding of what he/she is doing on the astral level.

To begin with any of these meditations, one must be thoroughly relaxed. Being disturbed by others, loud noises, the phone ringing, visitors or anything else, including being touched by animals can be dangerous.

MEDITATING UPON THE AURA:

1. To sense and feel your aura: expand your awareness out past your physical self a few inches and sense your aura's energy.
2. FEEL your aura and meditate upon it for a few minutes.
3. Expand and contract your aura.
4. Breathe energy into and out of your aura.
5. If you feel you are ready, you can invoke each of the elements into your aura. These should be done slowly, no more than seven breaths to begin with. It is best to only go with one element per day.
6. Meditate on the feeling of each element after invoking into your aura.
7. If you feel uncomfortable, just breathe the element back out.

MEDITATING UPON THE LIGHT BODY:

1. The light body can be felt by expanding your awareness to the energy within your body. This can be felt.

2. FEEL your light body and meditate upon this.
3. Breathe in energy into and out of your light body.

3rd Eye, Pineal Breathing Meditation

What this meditation does is it puts pressure on your third eye or pineal gland, which will further open and empower whichever one you are focusing on. This meditation is advanced and not for beginners. You should have enough experience to where you fully understand the directions below with no problem.

1. Breathe in energy from the base of your spine up to your throat chakra.
2. Hold as long as comfortable and focus on either your third eye or pineal gland. You should feel a pressure, ache, or even slight pain.
3. Exhale and repeat for a number of times.

Before you begin this meditation or any other for that matter, you should plan ahead what your meditation will consist of. In this case, whether you will focus on your pineal gland or third eye. I have done both in that I began the meditation focusing on my third eye and then on my pineal gland for the second half.

Eventually, when you fully open and activate your pineal gland, your head will be full of light. This is extremely powerful and very pleasurable. This light is very powerful for manifesting your desires when properly directed.

The sensation from the pineal gland when it is activated is incredible and beyond words. It is exceptionally pleasurable and lasts for hours when one is still and intuned.

The Magnum Opus

Satan told me he will be giving me the formula to the Magnum Opus. The Magnum Opus is the highest working in Satanism, and the end result of all legitimate occult disciplines, the allegories and the legends of the Gods.

The Magnum Opus is physical and spiritual perfection and immortality.

The effects of the Magnum Opus are said to reverse aging- grey hair turns back to its natural color, lost teeth grow back in, ailments are cured and perfect health is restored.

I strongly advise anyone who begins this working to be totally out of puberty.

This section is under construction in that Satan and Azazel are working with me now and more information will be forthcoming. I will keep everyone up to date when more information is added. Demons who specialize in "metal-working" - all of this is spiritual and the metals are the chakras. Many Demons specialize with guidance in regards to the Magnum Opus. It helps to have a Demon/ess work with you.

Obviously, the Magnum Opus is very advanced and anyone beginning this work should be totally familiar both in direct experience and knowledge with power meditation.

This working is a process which will take time. The meditations given are exceptionally powerful and are not for newbies or the inexperienced. It has been quoted, that in the end, many will find the truth too late, in that xianity and its cohorts are a vicious hoax and a lie, but it will be too late for them. This working takes time.

There are certain preliminary meditations initiates must perform to prepare the soul for the more advanced workings which will build upon these. They are given below.

Upon deeper research, Satan gives his children the gift of immortality. Satan is the bringer and giver of knowledge, along with many Demon friends. Satan is the one and only True God and Creator of humanity. Xians talk the talk about perfection, immortality, everlasting life, etc., Everything of xianity is false.

Satan shows us the truth and the way.

HAIL SATAN!!!!

I place my affairs in the hands of those whom I have tried and who are in accord with my desires.

Additional Information Regarding Meditation

The Human Soul

There are several different aspects that make up the human soul. The aura, the light body, the chakras, the etherial double, (the ghost that takes on the image of the physical body), and the intelligence/consciousness. The human soul is also made up of the elements fire, earth, air, water and quintessence.

In doing research, I have found major discrepancies among authors as to the specific aspects of the KA, the BA, the AKH and the SAHU- the parts of soul as defined by the Ancient Egyptians. From what I can gather, the real meaning of the Egyptian concept of the "REN" is the individual vibration of the soul. This has to do with the Egyptian Kabalah (KA BA AKH). The original Kabalah was Egyptian and the purpose was meditation upon the different aspects of the soul, both seperately and together in combinations. This is very, very advanced.

The human soul can at will be divided during meditation. This is what occurs with deliberate astral projection or involuntary "out of the body" experiences. Just as the soul can be divided, it can be reunited at will. The soul can be merged with the soul of another person.

The aura can be expended and contracted at will. It can be programmed to attract or repel anything at will. The aura can be programmed by will to act upon the aura of another for better or worse.

Each aspect of the soul can be meditated upon seperately and empowered. Each aspect can invoke and hold each of the elements. This is very advanced and can be dangerous if one does not know what one is doing.

The images below illustrate two main parts of the soul. Bear in mind, the light body is shapeless. Though both illustrations are white light, these bodies can be of any color and can change color as to moods, health, emotions and so forth. They can also be of more than one color.

The above, I write from my own direct experiences and not theory.

Wings of the Soul

All souls have wings, even those of animals. When we freed the Demons in 2002-03, they all bolted their wings, indicating their power was restored to them. Wings indicate the soul's power and are of the shoulder chakras. The ancient symbol of the Caduceus shown above is used by the American Medical Association and also the single serpent Caduceus is used for veterinary medicine.

Learning to move these wings and control them is a part of advancing the soul. When we advance in meditation, they will appear to us, often unexpectedly.

Basic Meditation Program

When one is new to power meditation, it is important to start out with a program. There are many different meditations on this site for different effects. A basic meditation program should consist of [Void Meditation](#) as this helps us in controlling unwanted thoughts and with directing our minds.

[Breathing exercises are essential to any meditation program.](#)

The [Foundation Meditation](#) is a very important meditation as it helps us to learn to feel and absorb energy, which is very important in working magick. If you are new, it is best to start out with basic white light. White light is easy to use because it contains all of the colors of the spectrum. With experience, you can advance to working with colors for specific things. Color energy is very powerful.

Chakra work should be included in each meditation session as this is necessary to empower your aura and soul. I have found directed orgasm to be very effective in opening the chakras. Orgasm is a good way to open a meditation, as it is naturally relaxing. If your chakras are blocked, simply direct the energy during your climax, up your spine to the specific chakra. Visualize it as a stream of bright light in the same color as the chakra you are trying to open, and simultaneously visualize the blocked chakra opening and the energy flowing through it. This can take months, but in time, a permanent circuit will be established.

The [EZ Chakra Spin](#) is fine to start out with before advancing to meditations that are more powerful. Remember, we are all individuals and where one person may experience pleasure and positive results for a specific meditation, another may not. Always go by the way you feel. If one meditation doesn't feel right then stop and try another meditation.

Meditation sessions should ideally last for 15 – 30 minutes a day. If you are short on time, doing just 5-10 minutes is better than doing nothing. Skipping days will throw you behind and when you are new, inconsistency can cause depression as your body tries to adjust to the increased bioelectricity.

[Aura Cleaning](#) should also be done daily. This only takes a couple of minutes and in the long run, it prevents any negative energy from attaching itself to your aura. Negative energy causes accidents, sickness, and depression.

Meditation programs should be changed every so often. An indication your program needs changing is when you no longer feel any progress. As long as you are comfortable with a certain program and make advances, there is no need to change, unless you get bored.

The objective of meditation is both to empower yourself and to learn to handle energy. Power meditation opens the energy centers (chakras) in the soul. The chakras contain a lot of hidden energy. Each chakra has specific energies that open different areas of the mind. The chakras also give us supernatural abilities when open and fully empowered, like levitation, telekinesis (moving objects with your mind), and pyrokinesis (the ability to heat objects and set them on fire). Many more abilities come with having powerful chakras.

When all of your chakras are fully open, this creates a free passage for the serpent of fire (Kundalini) which is at the base of your spine. When the kundalini ascends, we become as the Gods. This is the objective of power meditation.

Overcoming Obstacles

If you have been consistently putting your energies into something that hasn't manifested, or has manifested in a much different way than you intended, it is important to find out why.

In addition, it is very important to **really** want what you are working towards. Make sure what you are putting your energies into is what you really want. Look to what kinds of changes getting what you desire will create in your life. Make sure you are totally ok with the changes. In some cases, subconscious barriers such as fear of change, or something else that will result from your attaining your desire, can ruin a working, even if you aren't aware of this consciously. It is important to really know yourself.

Common reasons for failure in magick are:

- Not having enough personal spiritual power to obtain the focus of the working. The more power your soul/spirit has, the more easily you will obtain what you want. This is analogous to the physical self, lifting or moving something. If you are not strong enough, it can be very difficult to impossible. The same applies to working magick.
- Due to a lack of awareness, you destroy what you are trying to create. What I mean by this is repeating certain phrases over and over, that are contrary to what you are trying to achieve. Every cell in our body is a thinking living unit that makes up the part of the whole. This is what is referred to as the "mind-body." There is a very powerful connection here. You ARE what you think, ESPECIALLY, if you practice power meditation and/or have a more powerful soul.

By phrases, I am referring to:

"My ulcers, my flu, my heart condition.....etc.

DON'T *OWN* THE FUCKING DISEASE!!!! How many times a day do you hear people repeating and repeating this negativity?? How can you expect to heal and get well when you OWN the disease???? Instead, say "THE ulcers, "THE flu"Get it??? Don't own ANY disease.

- Don't use body language. One man kept saying, "I'd give my right arm if..." Yes, it was a figure of speech, but he lost his arm in a car accident and what he stated ironically came true. Now, most average everyday people can say and think what they please and otherwise as their minds are not powerful and little if anything results from their thoughts. This is not the case with people who have stronger auras, through either power meditation and/or from past lives. Be aware of what you think and what you say.
- Detach yourself from the disease/illness. You have to be 100% that you don't want it, and you certainly don't need it. I have read in New Age books where scum of the toilet authors tell readers to "love their disease." THAT IS THE MOST SUICIDAL ADVICE THERE IS!! I am appalled at how those idiot fools with their xianized, corrupted, and desecrated "witchcraft" put limitation after limitation in their way and train others to do so because of downright FEAR and STUPIDITY! THAT IS SICK!! As for "karma" ALL karma can be overcome through KNOWLEDGE and the APPLICATION OF THAT KNOWLEDGE!

Satan gives us that very knowledge.

- Don't keep saying "I don't have any money" "I can't afford it" "I am broke" etc. Even if it is true, don't keep reinforcing this, especially if you are working towards money coming to you. Instead, say to yourself, "HOW can I afford this?" Meaning, where there is a will, there is a way and solution to affording it. Turn negative statements around and counteract them with "Lots of free and easy money is coming to me easily and effortlessly" for example. As for the above example, instead of saying "I can't afford it" for something you really want to own, instead, say- "This is mine." Remember, affirmations should always be said in the present tense.

Other obstacles include unconscious hang-ups and barriers. With this sort of thing, you first off, have to know yourself. Reasons and life experiences are individual here and as numerous as the stars. The first step in overcoming the problem here is to ask your mind- why? "Why isn't this working the way I want it to?" "Why am I not healing"? "Why isn't money coming to me?" and so forth.

Some people have hang-ups that go way back into early childhood or even previous lifetimes. Finding the underlying cause of your problem and knowing what the problem IS, and you are already half-way to solving it. If the problem involves another person, then you have to work there and dissolve the obstacle(s) before stepping up to the main working.

If you know what the obstacle is, then put your meditations and energies into destroying this obstacle. For example, if you are hung up on punishing yourself from childhood or whatever, you can put your energies into undoing this, for example, going into a trance and filling yourself full of positive energy and affirming, "I am free from punishing myself. I forgive myself" (in cases where you are carrying a lot of guilt).

For those of us who have studied astrology and such in depth, we know most often, fate has a hand in tragedy. Being in the wrong place at the wrong time with the wrong people...etc., Some people have lived their lives carrying around guilt and punishing themselves for something that wasn't their fault. This is not always the case, but the deal is, if you want to be successful in healing or any other kind of magick where you attract what you desire, you cannot have self-hatred for obvious reasons!

If there are obstacles, then work your magick to destroy those obstacles before you work on the main goal(s). One all-purpose affirmation is: "Any and all obstacles preventing me from having _____, are being destroyed and completely dissolved."

In closing, as I mentioned before, the more powerful your aura/soul are, the easier it is to get what you want with lesser effort and time. I speak from experience here, where personal power is concerned. Performing so-called "miracles" only requires a powerful soul/aura and the knowledge to use it.

HAIL SATAN!!

Fighting Back

One of the most important reasons we clean our auras is to get off all of the negative energy that we encounter on a daily basis. Much of this comes from others in our immediate environment. The workplace can be especially troublesome as well as the home for many. Negative people include those who forever whine and complain, but do nothing to try to alleviate their situations, those who are forever putting others down to make themselves feel better or to divert their attentions from their own personal worthlessness, those who blame everyone else for their woes, those who take out their anger and frustrations through abusing others and the list goes on and on.

Satanists do not take abuse.

There is a very simple meditation one who is experiencing the effects of another's negative output can do:

1. Clean your aura and chakras thoroughly, as you do not want to trap in any negative energy
2. Expand your consciousness to your aura and *feel* your aura
3. Relax and tune into your aura
4. Visualize your aura as an outline and protective barrier. The outline should be brilliant white light like the Sun because white light deflects everything.
5. State this affirmation: "My aura is powerfully and totally deflecting ___(name of offender)'s___ negative energy in every way and sending it directly back to him/her. "

This meditation should be done with intent and then repeated when you come into contact with the offensive asshole. Just visualize and feel your aura, same as above and repeat the affirmation a couple of times and watch the asshole's negativity destroy him/her.

No Satanist should ever have to put up with or take abuse. The average person absorbs the negative energy and suffers accordingly after the negativity has built up. The offending asshole benefits by venting hostility or negativity on others and often thrives on it. The people who unknowingly absorb the energy can suffer anything from depression to illness and get caught in a vortex of negative energy, while providing the asshole with a negative outlet. The above meditation puts a dead stop to this, but remember, it must be reinforced frequently.

In addition to the above, visualize the negative energy the offender is sending out, grey in color, and direct it right back to his/her aura, clinging to it. Remember to clean your aura afterwards.

More Information About Invoking the Elements

Opposed to the plethora of warnings in the older meditation texts, one should gradually build their tolerance to the elements. We have found these warnings to have no more credibility than the "three-fold" crap. Some of us, myself included, have breathed in fire for well over 100 breaths, BUT, we worked up to this level patiently over a period of time. In order to perform fire magick with formidable intensity, one must be able to hold the fire element in large amounts and have a tolerance for it. The same goes for the other elements. One who can hold their fire element is capable of totally incinerating a victim of a black magick spell, who has no tolerance to this element. This comes in time.

The Akasha/Ether/Quintessence we have found is a primer. Quintessence intensifies any working. This element is closely related to fire and when working with it on a daily basis, one will find the body temperature rises. The rise in body temperature seems to be lasting. When willing something to be, it can be imprinted in the quintessence, making it much more powerful. In absorbing the quintessence, which is ultra-violet light, one way is to visualize a "black light" which was popular in the 1970's to make posters glow. The color of the black light is the color of the quintessence.

Preparing Your Mind for Meditation

It is important to relax both your mind and body to enter a deep trance state where your meditation will be most effective. Adepts can often enter this state easily, by will alone, even in a hectic environment. This takes time and practice, though. Remaining calm, cool and collected in threatening circumstances is one of the benefits of regular meditation. Below is a list of tips on techniques for calming and quieting your mind and body before entering into your meditation.

- Hatha (physical) yoga exercises are wonderful if you have the time and discipline before beginning meditation. The energies amplified from the yoga practice and the relaxed state present a medium for focus.
- Breathing exercises can be done to calm and quiet the mind before every session. Just tuning into and “watching” the breath is an excellent method of focusing one’s mind and entering the alpha state necessary for power meditation.
- Listening to sounds is another way. Just blank out your thoughts and tune into the sounds in your environment. This exercise helps to create alertness as well as relaxation.
- Sit or lie quietly and begin with your feet and relax your body all the way to the top of your head.
- Be aware of the energy outside of your body for a few minutes and then focus on the energy inside of your body, alternating four or five times. Do this slowly and take the time to feel. This exercise creates an awareness of energy that is so important not only in securing the ability to absorb, direct and manipulate it in magical workings, but also enhancing your awareness of others’ fields and your environment. This exercise also tones your nervous system.
- Sexual orgasm is another relaxation technique that works well. Just stimulate yourself to orgasm. When opening a meditation with orgasm, use this opportunity to visualize the energy from your base chakra ascending your spine and opening your chakras. Orgasm naturally opens and cleans the chakras.

You should be always be well rested when beginning a meditation session. Being tired will only cause you to fall asleep and the goals of the meditation will not be accomplished. You want to eliminate as much distracting physical stimuli as possible, unless of course, one is meditating upon pain or discomfort to strengthen the will. Make sure you are not hungry, but not overly full. When one becomes more advanced at meditation, trance states can be reached and maintained even with distractions. The mind becomes stronger and stays focused according to the will. If your mind is distracted by a pressing thought, identify the problem and tell yourself honestly to put aside the distracting thought in agreement with your mind, that the problem/thought will be confronted and dealt with after the session. You must follow through or this will not work for future sessions. To the extent you follow through is individual.

Specific Meditations: Using Your Powers

When using power meditations for a specific purpose, it is very important that you cover every aspect of how you want the energy to manifest in your affirmation. For example, when making an affirmation to attract money, if one only affirms for attracting money, the money may come and even be in one's hands, but this could be like a bank teller or cashier or the money may belong to or be taken by another. Get it? The mind does exactly what it is told to do and does not understand specifics unless it is **told** EXACTLY how the energy is to manifest. The easiest route is always taken by the mind and aura regardless of what that route is. This is why it is so important to be as specific in as little words as possible with your affirmations. Energy does exactly what it is told to do.

The affirmations I included are a basic guide. You can use them or modify them as you see fit.

Another example is with weight loss. Just affirming to lose weight is unwise. You certainly wouldn't want to lose weight through an illness like cancer. It is important to affirm "I am losing excess and unneeded body fat in a very healthy way." See what I mean? This is very serious.

All workings must also be able to manifest in reality. In other words, they must be physically possible.

Always word affirmations in the present tense, as the right side of the brain does not understand future tense - i.e., "will" never happens and the mind does not understand future tense.

As with all workings, you must have faith and will that what you want will manifest itself. Desire is very important!

When you are finished with the meditation, no matter what the meditation is for- PUT IT OUT OF YOUR MIND! Let it work and do its job! Don't think about it or dwell on it or you will interfere with the energy.

Never spread your energies thin. Work on one problem at a time. The more places your energies go, the weaker they become. Everygy should be directed like a laser.

Like a computer, we can program our auras/souls for specific things and the programs will be lasting once we get them going and manifesting results. The program will stay in the aura until we remove it, if we ever choose to. From time to time it may need to be reinforced by meditations and affirmations, but will remain in the soul, even through future lifetimes.

The Power of Chant

The entire universe vibrates to the tune of a certain frequency. Everything is composed of vibrating molecules that are on tuned into a certain frequency. The world powers are aware of this, and certain departments of the government have experimented with these frequencies. Sounds we cannot normally hear can affect our thoughts moods and emotions, also our psychic and physical selves.

Our chakras are very sensitive to vibration, and specific chants relative to each chakra stimulate the chakra beyond visualizing and breathing techniques. With each chakra, the tone of the chant should get higher, beginning with the root chakra where the chanting is in low tone (The crown chakra is soundless). Chanting does much in stimulating and opening the chakras.

Vibrating and chanting God names is also very powerful. We can chant the names of Satan and the Demons, visualizing their colors, and focusing on the attributes of the certain Demons, that we wish to obtain for ourselves. Sigil visualization is also very powerful. The Enochian Keys are very powerful when chanted in monotone during ritual.

Chanting brings more power to workings. Sound can break glass or turn one's insides into jello, killing them instantly, this is the power of sound. Chanting the name of a hated one in the correct tone while torturing a poppet, adds power to the working. Our minds, when trained, send out strong electrical impulses, vibrating waves of molecules into a thought form that is directed/sent during ritual through intense focus. Adding sound intensifies the thought form.

About the Third Eye

The 3rd Eye is directly related to the 6th chakra and the pineal gland. It is located on the middle of the forehead above the brows and along with the 6th chakra that sets in back of the third eye and the pineal gland, it is the psychic sight of the soul.

In the average person, the pineal gland is atrophied and dormant. Because of centuries of humanity being cut off from practicing power meditation where energy is circulated like blood where it is needed, many areas of the human soul have ceased to function. Another sad result of xianity.

The third eye contains the last of the three knots. Once this knot is open and energy flows through, the crown chakra is easy to open. The third eye contains the astral sight. Through the third eye, astral images are transferred to the brain. The third eye is also important in telepathy and influencing others. I have found in willing others, thought energy should strongly be directed to the other person's third eye, even though this cannot be seen. The third eye is receptive to energy directed at it.

The third eye, along with the sixth chakra, controls the eyesight, the sinuses and the skin. It is with the third eye that we can see auras, do scrying and see energy. The pineal gland and the sixth chakra are behind the third eye.

The third eye is the front of the 6th chakra. The 6th chakra is where the ida and pingala serpents meet. When the kundalini pierces this chakra, it opens the last of the three knots. A flash of light is often experienced whrn this occurs. Opening the 3rd eye is a major step in consciousness.

About the Dagr/Dagaz Rune and its connection with the 6th chakra and the 3rd eye:

The Dagr/Dagaz Rune corresponds with with the Word trump of the Tarot. The World means completion. When we pierce through the 6th chakra, the 7th is effortless. This is the uniting of the ida and the pingala. Dagaz is also the rune of the moon and the moon represents the 6th chakra and the 3rd eye. Dagr/Dagaz is the rune of completion. "This rune can be compared to the spiritual philosopher's stone. In sexual alchemy, dagaz is the moment of orgasm in which the goal of the working is made real. It is useful in all workings of of an 'alchemical' type, whether they be practical or soley concerned with consciousness."

About the Heart Chakra

Now as we know as Satanists, the New Age movement is not only off base, but lacks a lot of knowledge. We hear this incessant message of "love" ad nauseum, of how the heart chakra is the "love" chakra- compassion, self sacrifice, giving, etc. This is a delusion, a delusion to prevent us from knowing its true power.

The heart chakra is the powerhouse of the soul. The heart chakra has power over anger, courage, fear and dynamic energy. This energy can be explosive. The element of fire rules the heart and increases the adrenalin for a fight or flight response. The heart chakra is the center of our offense and defense, it is where we can attack with aggression and defeat enemies. The heart chakra under will and controlled breathing techniques can warm the body to resist extremes of cold. When directed, the heart chakra can fill us with vigor, vitality, fearlessness and confidence. A powerful heart chakra enables us to enjoy life more fully.

It is the connection point between the upper and lower chakras, like the corpus colossum connects both hemispheres of the brain. The upper chakras deal with the astral; astral sight and telepathy, connecting with others psychically and transferring one's will, sending receiving telepathic messages (3rd eye), astral hearing and communication (throat) and astral knowledge and understanding of the universe (the crown).

The lower chakras deal with earthly matters- survival (base), sexuality, creativity (2nd) and the will, rebellion (3rd).

The heart chakra is where we have our life's purpose. Because it is so important, it is where the enemy usually attacks. The Gods and Pharaohs of Ancient Egypt are often seen with their arms crossed over their chests. This symbolizes protection of the all important heart chakra. The nazarene who is an enemy to humanity is always seen with his arms open and many paintings with the virgin bitch- same thing- exposing the heart chakra so humans can be psychically victimized.

In the English language, we have often heard the adages "a burning heart" "have the heart" and so forth. The heart chakra has to do with one's zeal for life, one's accomplishments, goals and sense of direction and self-betterment. To have a heart is not the twisted teachings of new age bimbos, but to have the heart to achieve your highest goals, the drive to push yourself to be the best you can be, the enthusiasm and personal motivation that drives us forward, the burning DESIRE. This is where we advance and achieve.

Famous athletes who make it to the top Olympic teams are the ones who are completely focused on their sport and training and have the burning desire to the point of obsession to make it to the top. They have the heart.

The enemy attacks the heart as this is where the driving life-force, ambition and powerhouse of the soul is located. The effects of a depleted heart chakra are depression, apathy (not caring about anything; indifference), only existing and not really living, being a mindless slave, disconnected from all emotion and feeling. The end result is suicide or death from just not caring anymore.

The heart chakra is the seat of all our emotions as well as our ambition and drive. One can hate with a whole heart as well. This is where the driving force in black magick comes from that will make or break a spell-working. If one lacks the feeling or desire, one will not achieve the objectives at hand. This is why the heart chakra is so important.

New age teachings are corrupted and incomplete. What the enemy fears the most is humanity having the knowledge to defend ourselves as a whole and the self-esteem to REFUSE to be slaves. One's self-esteem also comes from the heart chakra.

Hours of the Chakras

Our chakras have hours where they are more active, every day. These correspond to the four cardinal points and the seven days of the week. Many of the old magickal texts mention these in the form of the planets. Each chakra corresponds to a specific planet and day of the week. The times of peak activity are important as we can use these times to meditate or work on a specific chakra or use the energies in rituals. The times listed in table below are of the 24 hour clock. For those of you who unfamiliar with this:

Bandhas

Most websites and books go into too much detail concerning the bandhas. The following is a basic summary:

The word "bandha means to "lock" or "bind." When the bandhas are applied during breathing exercises or when chanting, they act to amplify energy and/or direct it.

There are three main bandhas.

- Two are the most powerful:
the "*Moola bandha*" and the "*Jalandhara bandha*."
- The *Moola Bandha* is also known as the "*Root Lock*." This is applied by contracting your anus.
- The *Jalandhara Bandha* is also known as the "*Chin Lock*." This is applied by dropping the chin to the chest.

Both the Root and Chin Locks can be done at the same time after inhaling, while holding the breath. One should remain motionless while applying and holding the locks.

- The third major lock is the "*Uddiyana Bandha*" also known as "*The Abdominal Lift*."
This is applied when holding an exhale, after exhaling completely. To exhale totally, when all of your air is out of your lungs, try humming and this will get the last of the breath out.
To apply the *Abdominal Lift*; lungs completely empty, suck in your abdomen and lift it up. This bandha should be applied as long as the exhale lasts.

Satanic Magick

Beginning Magick

Magick and Self-Esteem

None of us is perfect. Everyone on this earth has his/her personal flaws. No one is an exception. Any good interrogator or psychiatrist knows to keep searching until a weak aspect of the personality is hit upon to make the subject crack.

My point here is too many people are down on themselves. I have studied extensively concerning the mind and such, especially since coming to Satanism. Satanism is a religion of advancing the mind and soul into the godhead. Few people have any idea as to just how open to suggestion the average human mind is. This is especially true in the early years of life when the mind and soul are being formed and imprinted upon. This sets the foundation for the rest of the entire life. That old saying, "Tomorrow is the first day of the rest of your life" is a crock of shit. Everything we do or do not do will create the foundation for success or failure in our future. This is not to say one cannot change, what I am saying here is everything we experience and do in our earlier years establishes a foundation for better or worse.

Oftentimes, a child's early years are filled with plenty of putdowns and insults that sink deep into the mind and soul and establish a foundation of self-hatred. This runs deep. I have read some messages in the Teens for Satan e-group where a few kids experienced unwanted thoughts of blasphemy towards Satan during a dedication or ritual. These thoughts are repressed negative emotions resulting from low self-esteem and repressed self-hatred. The mind at some point or points in the life was programmed to create self-sabotage. Why the thoughts? Because those thoughts act to hurt and destroy the one who is having them.

As children, we often hear "You're stupid!" "You'll never amount to a fucking thing!" "You're worthless, ugly," etc. Many are blamed for their parents having to get married. This was much more common of old. This sort of thing goes on and on and on and into adulthood. Another is body image. Few have a perfect body and those who do, ageing will change all of that. In addition, the Jews work overtime in the fashion industry to encourage anorexia nervosa and sterility in bearing children. Unless - for women, one is about 5"4; weighs around 100 lbs, wears size 6 shoes, finding clothes can be a problem. I have seen enough of this shit. At one time, I had perfect weight, as I worked out roughly 30 hours a week or more. I did this because I loved it. I have had to wear men's clothing and shoes for most of my life, as much of the clothing designed for women does not fit properly. This shit is intentional. The clothing made for women in many stores is totally unreasonable. Yet, I have seen many women put themselves down because they cannot fit the image put forth by the Jewish controlled fashion industry. I could go on with this much further, but this is not a sermon about women's fashion.

My entire point here is each and every one of us should be the best we can be. For those with low self-esteem, finding something you are very good at (yes, there IS something, and more than likely more things) and working at it. Everyone has a talent in a certain area.

Those who are serious about magickal practice MUST rid themselves of low self-esteem. The mind has been programmed to completely fuck you. THIS MUST BE UNDONE!! Take healing for example, when there are nagging hang-ups, then the issue of whether you DESERVE to be healed will come up. Same thing with black magick as well. Do your enemies DESERVE to be punished? When you have

subconscious hatred of yourself, the subconscious mind, and energy, which are neutral act accordingly to they way they have been programmed. When one's mind and soul have been impressed upon to hurt him/herself, they act accordingly. Oftentimes one is not even aware of this and is bewildered as to why there are horrid unwanted thoughts that intrude and cause pain.

The good news is each and every one of you with low self-esteem can REPROGRAM your mind and soul with contrary positive affirmations. Don't expect miracles overnight, but this must be consistent and long lasting until all of the negative thought patterns and forms are completely gone. Just saying in your mind "I love myself" "I accept myself" "I want and deserve the best for myself in every way that will bring happiness and joy into my life" - affirm this in your mind whenever negative thoughts or doubts creep in. Affirm it to yourself several times a day. Some people complain their magick isn't working or the results are not what they truly desire on a conscious level. Opening the mind and soul to power is breaking down walls. You can't master steps for and five for example if you haven't yet gotten past step one.

Magick 1001: Witchcraft- Powers of the Mind and Soul

The essence of TRUE Satanism is completing our Creator God Satan's work upon humanity. Satan was prevented from finishing his work on humanity: that of the human soul into the godhead. The "godhead" is spiritual and physical perfection and immortality, along with godlike powers, wisdom, understanding, and knowledge. This is the underlying message of all of the legitimate occult disciplines, such as alchemy and the legends of the Gods which are all allegories containing this powerful message.

At first mention for those who are inexperienced with witchcraft (using the powers of one's own mind and soul to obtain one's desires), images of old hags with pointed black hats, broomsticks, bats, cauldrons, frogs, toads, amulets, sacred stones, symbols, etc., pour forth in one's mind.

The powers one uses are the powers of his/her own mind and soul, to begin with. The above mentioned, many are just useless props, such as a cauldron. Others, such as amulets, rings of stones and so forth amplify energy. Covens (groups of witches/warlocks) can be extremely powerful in amplifying energy, as many gifted people work together to apply these powers, many in the case of where one working alone could not accomplish certain workings. Raising energy and direction of that energy in obtaining desires, whatever they may be, is what witchcraft is all about.

We often see circles along with astrological glyphs and other occult symbols in the movies and such. Astrological timing of raising and directing energy is often critical to the success of a working and greatly amplifies the powers. Witches and warlocks [mages](those who use the powers of their minds and souls and have this knowledge) use whatever means they can to amplify their powers. This is important.

Demons and spiritual assistants often use frogs, toads and other animals called "familiars" to assist mages in their work, and communicate through the medium of an animal, which is always very well cared for and close to the mage; a powerful bond is formed. The familiar also offers protection and is a gift from Satan.

Summary:

1. True Satanism is working to advance one's mind and soul and personal powers.
2. "Witchcraft" is using these powers, which are of the mind/soul. Symbols, amulets, stones and other props act to amplify the energy, either directly, or indirectly for those who prefer to use imagery to intensify their powers.

Magick 1001: The Three Steps of Witchcraft

This article is basically for new people or a getting back to basics. While there is no "three-fold law," there are three basic STEPS to working magick.

1. You raise the energy
2. You program the energy
3. You direct the energy.

When you begin directing the energy, you should continue to program it, while you visualize it doing what you want it to do.

Let's begin with step one. First, you have to have energy to work with, the stronger, the better. The stronger your own energy, the more energy you will naturally be able to raise, direct, and handle. The more experienced you are, the easier this becomes. All of this is like working a muscle. The more you work with it, the stronger it becomes.

For white magick (this is best to work with for newbies, black magick requires more experience and skill) you will more than likely want to use your own energy and connect with the working.

[Using Runes and vibration](#) is one of the quickest and most powerful ways of raising energy. Other ways are using the [foundation meditation](#) or through just visualization. You raise the energy and should feel it strongly, throughout your entire body.

With Step Two, you must program the energy. By "program," I mean you must tell it what you want it to do. Energy all by itself is pretty much neutral and inert. With step two, you must use what are called "affirmations." "Affirmations" are short, to the point phrases in the present tense that are repeated to program the energy. The present tense must be used because energy does not have the reasoning power to understand "will happen." "Will" can be at any time.

For example: You don't want to say "_____ will come to me." Instead, you want to say "_____ IS coming to me."

Energy does not have the reasoning power as to *HOW* what you want is coming to you. Energy takes the path of least resistance, unless it is programmed. For example, many of you want more money. Don't just affirm "Money is coming to me." This could manifest, if undirected, say on a job where you handle money, like a cashier for example, or through your paycheck, as usual. That is the easiest way. You have to further affirm: "Large amounts of free and easy money are coming to me." "This money is all mine to keep and spend as I wish." You also should affirm "in a very positive and happy way for me." You don't want a loved one to die and leave you an inheritance or get the money in a way that would be unpleasant.

So your affirmation would go something like this: "Large amounts of free and easy money are coming to me, This money is all mine to keep and spend as I wish. This money is coming to me in a very positive and happy way for me."

Affirmations should be repeated with intent, five to ten times or more, in your mind. You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working.

ALWAYS REMEMBER: ENERGY TAKES THE PATH OF LEAST RESISTANCE AND DOES NOT HAVE THE ABILITY TO REASON.

Another example is weight loss. You don't want to wind up getting seriously ill, as this is one of the

easiest ways to drastically lose weight. Your mind can do it for you when properly programmed, for example affirm: "I am losing weight in a very positive and healthy way for me."

With step three, you direct the energy. You do this through visualization. Energy using white magick should be visualized as a white-gold light, shining brilliant like the Sun.

You need to visualize this brilliant energy either around your entire self and/or around whatever it is that you want. Visualize in your mind whatever it is OCCURRING NOW and visualize the energy lighting it up.

For example, with attracting money, you would want to visualize the money (your wallet full, or whatever), even *feel* and *smell* the money, touch it; the more realistic and the more astral senses you use, the more effective this will be, and infuse it with as much energy as you can, the more brilliant, the better, using your visualization. Feel happy emotions.

For health, direct the energy to the afflicted organ, and visualize yourself as healthy and happy. Again, FEEL happy, while you are doing the working, as if it is already so.

Now, forget about the working and try to think of other things. This can be difficult in desperate situations, but do the best you can, because worry and obsessing over a working can undo the energy you put into it. Just let it go and know it is working. The only exception to this is, I already went over in the above: You can also visualize energy as with step three, throughout the day and state your affirmations a few times to reinforce the working. Just don't obsess over it, as this is a lack of faith in your own power and can dilute the energy or ruin the working. This sort of thing takes practice like anything else.

Now, for black magick, you do not want to come into contact with any negative energy you raise. Those who do not have knowledge do this sort of thing and suffer many times for it. The answer to everything is knowledge.

Now, I am speaking from my own experience here. Most popular grimoires and such will tell you to use black energy. In my own experience, I have found grey energy to be the most devastating. Grey energy is also death energy. It causes illnesses and all sorts of negative things.

For example, a death spell. I speak from experience here. Take the death energy from a cemetery or anywhere there is death and pull it out of the ground, using visualization. Program it, as in step two, for example, "The grey death energy is killing_____." Do this while you are putting it on the individual you wish to do away with. I have also found through direct experience, this must be done many times on a regular basis.

I also want to add, most popular writings will instruct you to raise as much emotion, such as anger and hatred as possible. Again, this is ok, but not necessary. What is necessary are the strength of your own soul, your will and directing the energy.

On a lesser note, those who deliberately try to do you harm in your life, simply direct their own energy right back to them, using the grey tones. Sit back and watch them suffer and revel in it.

Creating an Astral Temple

Making regular use of an astral temple can increase the effectiveness of your magick and has many other uses. Astral projection is ideal, but not necessary. A deep meditative state and visualization are the keys. You should construct your temple during ritual, where you can ask Father Satan to bless it. Meditate for as long as you need to construct your own place. This should be done after the invocation where you write a request for Satan to bless and consecrate your temple.

You can construct your temple any way you wish. This is your area. Visualize the outside of your temple first. This can be a pyramid or any shape you choose, and made of any materials you choose (they should be strong). Walk through the door. This is your area. Create your own altar, carpet or floor, any size, shape or color. You can add anything to your temple that you wish. Burning lamps of fire, huge Baphomets, velvet walls of red, blue, or black, seats with cushions lining the walls for meeting with Demons, huge golden or silver incense burners- these are just a few ideas.

This is your very own private inner place where you are free. The more you visit this place, the stronger it will become.

When finished with the ritual, you should at some time perform sex magick where you go to your astral temple and use orgasm to direct a powerful energy of light (this should be electric blue) to fill the entire place. This can be done more than once. When finished, you can invite your Guardian Demon and any other Demons you have relationships with to see it.

Uses for your astral temple:

- Ritual
- Meditation (all kinds and astral work)
- Telepathic communication with other human beings
- Meeting with Demons

You can meet with Demons here. You should first know the Demon you wish to meet with and have a relationship with him/her. Here is a place where you can communicate and ask questions.

You can also go there and focus on certain issues requiring psychic ability or communicate telepathically.

To communicate telepathically with another human being, go to your temple at a time when he/she is sleeping and 'will' his/her soul to your temple. Do this by visualization. When he/she is present, if you wish to influence him/her, separate his/her soul drawing out the light body and speak to the light body, giving short commands in the present tense.

If you wish to discuss something of importance, speak as you would as if he/she is actually sitting across from you. You can also tell him/her that he/she will not remember the actual meeting taking place when he/she awakens, but will obey all commands.

Binding Spell

What you need:

- Material to make a poppit
- A small personal belonging of the individual you wish to bind (that can be sewn inside of the poppit)
- A long enough piece of dark blue material or ribbon to bind the poppit like a mummy.
- A nail and a tree to hang the poppit from
- You can use herbs to fill the poppit if the article is not large enough or does not fit the form of the poppit. Adding cloves will act to “still the tongue.” Remember- herbs have no real power of their own, other than medicinal properties. To maximize the power of the herb(s), they must be infused with the elements. [*See Important Info About Herbs](#) Other herbs to add include one or more of the following:
 - Agrimony
 - Asafoetida
 - Birch
 - Bloodroot
 - Broom
 - Comfrey
 - Cypress
 - Dragon’s Wort
 - Hyssop
 - St John’s Wort
 - Rue
 - Tobacco
 - Vervain
 - Mullein

All of the above herbs are ruled by the planet Saturn. Saturn is the planet of binding. When you are finished stuffing and sewing the poppit, mark it to represent the person you wish to bind. Draw the individual’s face as best you can- facial hair, if any, glasses- this does not have to be perfect. Now sew up the mouth with intent.

Place your poppit on your altar and begin a standard ritual. After invoking the Crowned Princes of Hell, touch your athame to the poppit’s mouth and say: “I present(name)___ to be bound. What I do to this image, I do to ___(name)____. Now pick the poppit up and begin winding the material/ribbon around the poppit beginning at the mouth, like a mummy, leaving one leg unbound (so you can hang it). When finished, place it again on your altar and recite the following: ___(Name)___ is bound, he/she is unable to

Speak against me. __ (Name) __ is bound, he/she is unable to act against me. __ (Name) __ is bound, he/she is unable to harm me in any way.

Ave Satanas

Close the ritual, now go outside, or if you already are outside- go to a tree where the poppit can be nailed by the unbound foot and hung upside down in the image of the Tarot Card of the Hanged Man.*

This card represents at a standstill, inactivity, one in suspension; left hanging. Nail the poppit where it will not be disturbed or easily seen. Give thanks to the Powers of Hell and leave the poppit.

*This step of the ritual (how to hang the poppit), was given to me from Azazel.

Spell for Love/Sex

To incite love or lust, sexual orgasm is used and directed into the soul of the desired one. This ideally should be done often and when he or she is asleep. Stimulate yourself to climax by fantasizing over the desired one. At the moment of climax, visualize the energy lighting up his or her entire body and aura and command it with an affirmation. The affirmation should be short, in the present tense and to the point. For example: "__ (name of desired one) __ is deeply in love with me and sexually desires me."

To further empower the spell, go into a trance and when he or she is preferable sleeping, visualize his or her and pull out his/her light body and gently but firmly command it. For example: "_ (name of desired one) __, you love me and desire me greatly, every day. I am irresistible to you."

The more often you do this, the better. This may also have to be reinforced every so often.

How to Use the Aura in Magick

Everything has an aura, whether it is living or inanimate. The aura is an energy field created by the vibrating atoms and molecules that comprise all matter. The universe itself vibrates to a certain frequency and the gravity that holds everything together is electromagnetic in nature.

Everyone's aura is as unique as his or her own fingerprints. No two auras are alike. The aura can be used to protect, attract, influence, maim, or even kill. This field of bioelectricity surrounding living things can be programmed using the power of one's mind.

Those who are trained and have an active third eye can see auras clearly and discern much personal information just by reading the color, strength, size and shape of one's aura.

To see your own aura, you should start out by going into a light trance state. You should have already [opened your third eye](#).

Hold your hand out in front of you, preferably against a dark background. In the beginning, you should be able to see some faint lines surrounding your hand and fingers. The more you tune into this, like anything, (practice is what is needed here), the better you will become. The better you become at seeing your own aura, you soon will be able to see the auras of others, by just tuning in to them. Later on, you will be able to see colors, layers, and shapes.

Feeling auras is much easier than seeing them. [Power meditation](#), when done consistently, increases one's sensitivity to energy. Manipulation of energy is essential in working spells and magick. To feel your aura, run one of your hands over the top of the other, or over your forearm. You should feel the energy.

You can also practice feeling the auras of friends and family members if they are interested in letting you do so. This will develop your touch sensitivity.

To strengthen and build your aura, you must take in energy. This can be done through power meditation. The [Energy Meditation](#) is excellent for charging up your aura.

Hatha (physical) Yoga and Tai Chi also help to strengthen and build the aura. Both of these disciplines tend to balance the auric energies as well.

[Cleaning your aura is very important](#). A clean healthy aura strengthens the immune system and prevents harmful energies from invading one's body. Nearly all harmful entities are invisible to the naked eye. Energies, as most physicists know, can be broken down into sub-atomic particles, for example, light can be broken down into photons. The energy radiated by a powerful aura will burn these harmful energies and entities up before they can do any harm.

B. Cleaning your aura (powerful white light) is imperative after any rituals involving the employment of black magick, throwing any curses, no matter how small, on the spur of the moment, or any exercise involving the use of negative or destructive energy. One's chakras should also be cleaned and empowered. This is done by putting a strong and intense white light on each chakra. This is needed to rid one's self of any residual negative energies that could otherwise do harm. This also prevents rebounding energies. Always take as much time as you need; never be in a hurry. Prevention is always better than having to deal with problems later on.

A powerful aura gives health, happiness, charisma, and energy. People with weak auras are usually in poor health and are depressed. Our personal energies act on our environments and direct our fate. People who have weak auras are usually prone to misfortune.

The aura can be programmed with power hypnosis. Read the page on [power hypnosis](#) to make maximum use of the following workings. Now, with dealing with the aura and subconscious mind, one

must always be 100% clear on every aspect of what is desired. With love, we don't want one who is unavailable. With money, we don't want it to come to us through tragedy- this sort of thing. When working with the mind as in ceremonial magick, energy takes the quickest and easiest route to bring us the desired result and if every aspect isn't covered, any undirected energy will seek out whatever is available. Color is especially important when programming the aura. Below are examples of how we can effectively program our auras to do things:

For example:

You want love in your life:

Visualize your aura while you are in a trance, the deeper the better. Breathe in energy and affirm several times in the present tense:

"My aura is attracting my perfect [love/sexual partner, soul mate, whatever]. Change the affirmation to suit your own individual needs. Affirm this with meaning, five- ten times while breathing in energy.

To attract the love/lust and or attentions of a specific person:

Affirm: I am programming my aura to attract and act on _____'s, aura. He/she finds me very attractive and sexually irresistible.

You want/need protection:

Breathe in powerful white-gold light. With the inhale breathe it in to meet in the middle of your body, packing it in brighter and brighter. With the exhale, keep expanding it. The energy should grow brighter and brighter.

Affirm: My aura is very powerful and is protecting me at all times.

This a good exercise to be done on a regular basis, for building a strong, protective energy field.

You want to make a good impression:

A powerful aura will often influence others to grant you favors.

Affirm: My aura is making a very positive impression on _____. If this is a job interview, (the person(s) interviewing me tomorrow, whatever). The people hearing my presentation, the group etc.

Always state this in the present tense. The subconscious mind does not understand the word "will" and "will" never comes.

For keeping unwanted individuals away:

Breathe in white light like the Sun. White light reflects and repels.

Affirm:

"My aura is repelling, [inspire fear/dread] in _____, and keeping _____ far away from me at all times.

To heal yourself:

A lot of energy is needed for healing. Breathing in energy from the Sun is excellent for empowering one's aura. The Sun also contains all of the colors of the chakras in their most pure and vibrant states. The Sun (666) is one of the most powerful sources of energy there is. When one is ill, there is an imbalance in the chakras ruling the body part/s that are injured or ill. To heal, you must work with both the color of the ruling chakra and its opposite to create a balance.

Breathe in the color of the energy of the chakra ruling the injured or ill body part and affirm:

"I am breathing in __(name of color)__ energy that is balancing my __chakra__ and healing my_____.

When you are finished, breathe in white energy to balance your aura.

The auras of others can also be worked with and programmed.

From reading the above, you should by now be getting the idea and able to improvise your own affirmations.

To protect loved ones:

Put a powerful white-gold light around the person. For more powerful workings, this is best done in a deep trance.

Affirm: I am placing a powerful protective aura around _____. This should be done regularly, and can be done while the loved one sleeps.

For inciting lust:

Put a powerful red or orange aura around the person.

Affirm:

“_____ is experiencing irresistible sexual obsession, desire/lust for me.” “_____ finds me sexually irresistible.” You can masturbate using [sex magick](#) and drive the energy into the desired one’s aura. This is best begun on a Sunday or Tuesday during a waxing Moon. Never do this when the Moon is in the celibate sign of Virgo, though.

For inciting love:

Put a powerful green aura around the person. Feel strong feelings of love as you program it.

Affirm:

”_____ is falling deeply and uncontrollably in love with me.”

”_____ is obsessed with me”, etc. You can also use sex magick here as with the working above.

This is best begun on a Friday during a waxing Moon.

Healing others:

Visualize a powerful white-gold aura surrounding and glowing about the loved one. You should also use color energy (see the above paragraph on healing for one’s self)

Affirm: I am putting powerful healing energy into _____'s aura; this energy is effectively fighting the _____ and restoring him/her to perfect health. In cases of serious illness, this may have to be done often every day. Healing others can be extremely draining. If you are inexperienced, remote healing is best. Direct contact as with the hand chakras applying energy directly to the afflicted one can be dangerous. The illness can be absorbed into the healer. To do this type of direct work, one must have a powerful aura and work to clean it thoroughly after each healing session. Using the energy of the Sun is most effective here.

BLACK MAGICK AND KILLING.

Killing:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die.

Affirm:

I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to clean your aura and chakras following each working.

To cause bad luck and/or harm:

If your own aura is powerful enough, just sitting and stewing about the person should be enough. I have found it is important to visualize repeatedly in a relaxed, but angry way a specific misfortune.

With all workings of black magick the outcome depends on the strength of the auras involved. The aura of the victim *must* be weaker than that of the sorcerer. If the victim’s aura is more powerful, the working could rebound as a more powerful aura naturally deflects negative energy. Some people just have naturally powerful auras. This can come from past lives. If an offending person naturally has a more powerful aura, you will be able to feel resistance. Take the time to build your own aura before doing any kind of this sort of working.

Intermediate Magick

Image Magick: Using a Poppet

Image magick has been used for centuries. The basic idea is that using some object to represent a victim, what is done to the object is done to the victim. This practice goes all the way back to Ancient Egypt.

For best results, use a personal belonging of the victim's that has their vibes in it to construct the poppet. A photo, a small article of clothing, car keys, small personal possessions, hair, fingernail clippings, sexual fluids, or even dirt taken from a footprint can be used. There are endless possibilities, as long as the article has a close connection in some way with the enemy.

Poppets were often constructed from wax or clay in the old days. Wax can be hard to work with. It is best to construct the image to be sturdy and not soft, if you plan to inflict any serious damage. The poppet should be constructed to take abuse.

What is important is that the right amount of focusing and hatred goes into the working. Driving a nail into it's head will cause insanity. Driving a nail into the heart, with the right kind of focus and intensity, will cause death if done with enough intensity and the operator's aura is powerful enough. Burying the image in the ground will cause the person to waste away as the image rots in the ground.

Take whatever you have and use it in the construction of the image. Clothing articles may have to be cut to size. What is left over can be saved for the ritual working.

A doll can be sewn and stuffed with what you have obtained. Wax, clay or the like can be molded and blended with pieces of the victim's personal belongings. While constructing this image, chant aloud, or inside your head, the name of the enemy it represents, over and over as long as it takes to complete the image. This should be a mantra of hatred.

While chanting, focus intensely on the wrongs this person has committed and your hatred towards them.

When it is finished, write or engrave the enemy's name upon it. If you wish to completely destroy the enemy, this is best done during a waning Moon. Moon in Taurus, Scorpio, Capricorn, and Pisces are good times for this kind of magick. You can perform a full ritual, where at the height of the ritual, you present the poppet, read aloud or to yourself the wrongs the enemy has committed against you and the curse you wish to inflict. When you are finished reading, burn the paper the curse was written on in the flame of a black candle. I have a silver burning bowl where I place my requests or whatever after I have lit them.

While the paper is burning and for a while afterwards, focus all of your anger and hatred upon the enemy, chanting their name repeatedly. This is the time to drive nails into the image, roast it over the fire, twist it, and mutilate it or whatever. Go over the offenses; get all of the anger out until you are completely exhausted. At this point, the image can either be burned (this is best done outside in some secluded area) and the ashes can be buried. Close the ritual.

We have found it most effective to nail the poppet to a tree through the head and the heart. Another technique is to bury it. You must direct the hatred and anger. In my own workings, I have found one

does not have to get overly emotional. Just a strong determined will, directing anger into a specific event, for example a specific type of accident, over and over. This should be very clear in your mind and is best done while the victim sleeps. The victim should have easy access to the type of accident or death you have planned. For example- one who never flies obviously won't die in a plane crash. You have to know the victim's habits and have a clear image of him/her in your mind and the misfortune you are willing to befall him/her.

It is always important after a ritual to clear your mind of the working and let it do its job. Don't forget to clean your aura and chakras after any working of black magick.

Creating Thoughtforms / Servitors

IMPORTANT!! THE FOLLOWING INSTRUCTIONS ARE FOR CREATING A THOUGHTFORM FOR WHITE MAGICK. FOR BLACK MAGICK, YOU DO *NOT* WANT TO CONNECT IN ANY WAY WITH THE ENERGY, FOR OBVIOUS REASONS!! PLEASE READ THIS ARTICLE BEFORE PROCEEDING. FOR BLACK MAGICK, INSTEAD OF INVOKING THE ENERGY, YOU FORM THE ENERGY OUTSIDE OF YOURSELF AND DRAW IT FROM SOURCES THAT HAVE NO CONNECTION TO YOU. A LACK OF KNOWLEDGE IS WHY SPELLS SO-CALLED "BACK-FIRE."

To add here, from experience- a thoughtform does not always have to be destroyed. Witches for centuries have often kept a reliable magickal assistant. Some have even spent lifetimes with the same assistant. The magickal assistant must be "fed" regularly. By "fed" this means giving it energy and programming it. Destroying a faithful and reliable servant is foolish.

A thoughtform is a small packet of condensed psychic energy. Like all energy, the thoughtform can be programmed to carry out specific tasks and/or directed to travel to a target area. The success of the thoughtform is dependent upon the mind strength and aura of its creator. A weak thought form will quickly dissipate, accomplishing nothing.

Powerful thoughtforms, when neglected can wreak havoc. Energy feeds on energy and a thought form that is several weeks old will have accumulated all kinds of different influences, emotions and other energy from its surroundings. This might appear to be amusing to some, but the mutated thought form has often been known to reappear in the locale of its creator, only to wreak havoc, due to the outside energies it has accumulated.

To create a thoughtform:

1. Sit comfortably.
2. Enter into a deep trance.
3. Keep your eyes closed during this one. When you are completely relaxed, and you can no longer feel your body, you are ready to begin.
4. Now, visualize a beam of light entering your body through the crown of your head and filling your aura. The [color of the light](#) should correspond with the intended working of the thoughtform. Saturate your entire being with the colored energy until you are vibrating with it.
5. Given the nature of the working, choose a corresponding chakra (according to color) where you will release the energy. Keeping your eyes closed, visualize this energy streaming from the chakra and forming a ball in front of you. For works involving the base chakra, (normally black magick), you should visualize the energy leaving the base chakra and the energy ball packing between your legs. For workings involving the crown, pack the energy straight up above your head. It is important that the energy be released in a straight line. Keep packing the energy into the ball so it becomes more and more solidified.
6. When the energy is sufficiently strong, you can begin to shape it into whatever form will serve your purpose. Visualize what it is you want this creature to do and infuse the creature with it. Keep it simple. Complex and detailed instructions don't work with thought forms.
7. Using a very short phrase, 1-5 words, silently or aloud, keeping your eyes closed, command the creature, then release it like a bullet shot into the void.

The creature will feed on the emotions of whomever it is sent to. You can even program it to attach itself to another person's aura.

For example:

In the case of arousing love/lust, you can masturbate and drive the energy into the creature at the time of programming. You should use the energy from both your base and second chakras to incite lust. For workings of affection, use the heart chakra. For workings of sexual love, use the heart and second chakras. The dominant energy color should be the basis of your working. Say you want a lot of love, but some lust as well, then visualize the energy as green with an orange dust. Certain colors can be combined, but those that create an entirely new color as with green and orange = brown, the energy will not be harmonious with the working. Then all you need for the command is the person's name you wish it to attach to. Ideally, you should command the form to attach at the appropriate chakra for the working; i.e. for lust, the second chakra.

Thoughtforms can be attached to material objects as well. They can protect or cause damage.

To destroy the thought form:

1. Summon it. Visualize it coming to you and hovering in the air before you.
 2. Focus and visualize the energy dissipating like smoke into the air. Say something like "you are no more!"
- You may have to do this several times.

How to Deliber the Evil Eye

It has been said many times, "the eyes are the window of the soul." The eyes are the only opening to the brain that is not encased in bone. Through the optic nerve, the eyes are linked to the brain. When we train our minds and elevate our bioelectricity, we can directly mesmerize other people by just looking into their eyes and catching their gaze for several seconds.

How this is done:

1. You must have a strong willful mind, able of controlling others who are weaker.
2. The closer you are to the person, the more effective this technique. This takes practice.
3. You have to be in a trance yourself. An adept can will him/herself into and out of a trance, anytime, anywhere.
4. You have to concentrate and project your bioelectricity along with your intentions out of your own eyes into the other person's.
 - a. Sit in front of a mirror and relax. Look up for about 1-2 minutes, this helps to get you into the alpha state. Deepen your trance as deep as you can go.
 - b. Focus into your own eyes in the mirror. Start projecting your energy through your eyes. *When training, do not focus any negative energy upon yourself for obvious reasons!
 - c. You should start to feel your own energy, as it is reflected back through the mirror. Do this every day and your energy will become stronger.
 - d. When you feel much power and you are confident enough, you can try this out on other people. Animals are also very susceptible. You will be able to stop an attack dog in its tracks.
5. When mesmerizing someone, command this person, in your mind what it is you intend for him/her to do, experience, etc. The same goes for curses that should be delivered with maximum hatred and intensity. The commands should be a short phrase. Animals communicate through mental images.
6. Look deep into his/her eyes, almost past them into the back of their skull, directly projecting your energy into their brain to do your will. Focus intensely.

This is a very advanced skill. You can also practice with a close or trusted friend, as long as you keep the energy positive. Negative energy will cause harm, so don't play around with this.

This skill takes often years of consistent practice to become adept to where your stare, in just a few seconds will put others under your control.

Sex Magick

Sexual Orgasm is equivalent in power to the Life Force. Using sexual orgasm in ritual and in your magickal workings can give much added power to your outcome. Sex Magick is ancient, extremely powerful and is the creative principle.

At the moment of orgasm, one automatically enters a brief trance state. The powerful orgasmic energy can be directed. This is visualized as a brilliant bright light like the sun and can be directed into thoughtforms, the one of one's desires, talismans and so forth.

Women and men both differ in sexual energy. Women tend to peak in power according to cycles. Women are at the height of their power during menstruation. Psychic work, astral projection and other pursuits that require heightened sensitivity are greatly assisted after a strong orgasm. Orgasm is also an excellent way to induce relaxation before meditation.

Sexual fluids, both semen and vaginal secretions, and also menstrual blood have the power of the life force.

- At the moment of orgasm, it is important to direct your entire concentration and desire to your goal, willing it. Visualize the orgasmic energy in the form of a beam, ball or vortex, penetrating the object/person, lighting it up with a brilliant aura of energy that is programmed. This is basic simple sex magick.

Sex magick can be done alone, or with a partner or Demon/ess or in a group. When working with others, it is very important as in all magickal practices that everyone work together with some sort of organized effort. Merging orgasmic energies with a Demon/ess is extremely powerful.

This article was written a long time ago. I will be adding much more information concerning advanced solo and partner sex magick, timing the magick according to the moon phases, the stars and so forth. Below is a PDF beginner's book on sex magick that is informative.

Using Thoughtforms

There are times when we want to influence many people at the same time. This can be done with a thoughtform programmed and placed in a certain room or area. We all know how places become haunted or have certain vibes in them. This usually happens because of an event that provoked intense emotions and left traces of these emotions behind by living people.

When we are powerful enough, through intense concentration and focus, we can project energy into our hands and mold it into a ball (we should be able to feel this if it is strong enough for a working) or project energy into a ball using our chakras. The energy ball can be placed in an area where it will remain undisturbed, to be worked on later, by projecting more energy into it to make it more powerful. When we project the energy, it should be of the [color of the influence we wish to manifest](#); for example, yellow for friendship, pink for romantic love, red for hatred and discord, accidents, green for the attraction of money and so forth.

While projecting the energy and color, we need to program the thoughtform with focus and intensity. When the thoughtform is finished, we command it to go to the area where we want it to influence. We can put more than one in large areas, such as an auditorium, workplace, school, etc. After a while, they will need to be replaced, as they will dissipate as they influence people. One well made thought form can influence as many as 100 or more people at a time.

Secreting Ectoplasm

About Ectoplasm:

Ectoplasm has many different astral uses. Extra-terrestrials use this in a much more potent form than humans. This is the cloud that forms before many abductions, where there is a loss of time and memory. Ectoplasm can make one invisible and can be used to kill with death rituals. After proficiency is achieved in producing this substance, one can will it to manifest in specific colors that are harmonious with the objective of the working.

The most common example of the use of ectoplasm is with mediums. The ectoplasm gives the evoked spirit something to manifest itself in. Ectoplasm can also add much more potency to creating a thoughtform.

How to secrete ectoplasm:

Ectoplasm is the substance we see with the clouds when scrying. This is a minor form of ectoplasm, but will get you started.

Candle light is perfect for this exercise. Candle color here does not matter, so use whatever you have available.

If you have a black mirror, you will want to use this, but any other similar props will do. You can even use a regular mirror or a bowl of dark or black liquid.

1. Sit in a quiet dimly lit room.
2. Relax and go into a trance state. This does not have to be a deep trance, just enough so you are focused.
3. Look into the mirror or bowl of liquid and stare at one point. You should eventually see clouds form.
4. Concentrate on these clouds, willing them in a soft way to condense and thicken.
5. When you are consistently able to will the clouds to condense and thicken, gently and slowly take your eyes off the mirror. You should still be able to see the clouds in front of you. Try to focus on them for two to three minutes.

The goal is to secrete this substance and to manipulate it at will.

6. Blink your eyes and move your fingers and toes and gently bring yourself back from the trance.

When you become proficient at secreting ectoplasm, will the ectoplasm into a ball shape. From there, work at making it thicker and form it into different shapes. This will take practice so be patient. After a time, you can will it into different colors for specific purposes.

Satanic Healing

*Be sure to click on the link regarding healing loved ones at the bottom of the page.

Several years ago, Father Satan spoke with me concerning healing. I had a problem and he told me at that time "You are not strong enough." I had a heavy radio setting beside me and he stated an example "Try moving that radio using a sheet of paper." Obviously the paper would have crumpled.

To effectively heal, your soul must have power. This is accomplished through consistent power meditation.

Once your soul is powerful enough, healing comes much easier.

Before I go on, I want to state that anyone who is under a doctor's care or taking medication SHOULD NOT stop taking ANY medication prescribed or forego medical treatment, antibiotics, etc., until given a medical clearance by a licensed physician. We are not xians! Antibiotics and such SAVE LIVES! I, myself am very grateful for modern medical technology. The ability to heal using your own powers is very advanced and takes experience. If you do not like the advice of one doctor, then get a second opinion from another doctor, but do not just go about psychic healing and deny yourself or others in your care, such as children or animals, proper and prompt professional medical treatment. Never stop taking any medication, or alter prescribed doses unless given the ok by your doctor.

To heal yourself, you should already have experience in working magick.

1. [Make sure your chakras are properly aligned](#). This ensures that needed energy is getting to them. Disease usually manifests in the soul/astral body before symptoms occur in the physical body. This is almost always due to poor energy/chi circulation to the organ/s or a cut-off of a pathway due to an accident, or injury.
2. You should begin by cleaning the diseased part as you would [clean your aura](#). Cleaning the diseased part should be done several times every day immediately before applying the healing energy.
3. The foundation of healing for most problems is to raise and direct energy and keep sending it to the afflicted organ, while programming it. When you FEEL your energy strongly, just direct it to the diseased/afflicted part of your body. Throughout the day, you can also keep directing your energy and visualize the white-gold light, lighting up the organ and state your affirmation. This can be done lightly, in addition to the more formal working in step 2.
4. Step two needs to be repeated several times every day, until healing is complete.
5. Healing can also be done using [Runes](#). Vibration is exceptionally powerful in both raising and empowering energy.
6. You have to KNOW it is working and not have any doubts. In other words, have faith in your ability.
7. Always remember to keep your affirmations in the present tense. "The __ (disease)__ is leaving my body (or diseased organ), completely and permanently. My _____ is strong, healthy and normal in every way."
8. Be open. Many times the working will lead us to certain foods or what we need in order to heal health problems. This can come in different ways.

To heal a loved one, direct white-gold brilliant light like the Sun into him/her and program it.

The foundation and objective of Spiritual Satanism is knowledge and applying that knowledge by using our own powers. I had a situation some time ago, with a pet who had a life threatening disorder that occurred all of a sudden. At the time, I had no money for a vet. Father Satan came to me. He stood behind me and placed both of his hands on my shoulders and told me to "breathe" energy into her. I visualized the energy as the white-gold light and lit her up with it, as brilliant as the Sun and stated an affirmation " _____ is healthy, safe, and protected in every way."

I did this twenty times. Father Satan told me, NO, do it 200 times. He also told me she would need to have surgery and he would get me the money. I started to cry. He told me not to cry, as this was a lack of faith.

The energy I put into her stabilized her. I had to do it again and shortly thereafter, I had the money for the surgery, which was very expensive. She got the surgery and she is now fine.

HEALING LOVED ONES

When we perform Satanic healing on our loved ones, it is quite different than working on ourselves. It is best to use healing energy from the earth and let it run through us into the loved one.

To do this, it is very important to have open, active and powerful chakras especially in your hands and feet. For more information, click on the links below:

[Hands](#)

[Feet](#)

Your soul must be strong enough. This comes with repeated and consistent power meditations. Depending upon the severity of the illness or problem, more than one healing session is often necessary. This also depends upon the strength of your own powers.

Several months ago, I healed one of my pets by placing my hands over where she was having the problem. I opened both my hand and feet chakras and began drawing in energy through my feet (I was in my house) and directed the healing energy out my palm chakras, all the time visualizing the white-gold brilliant light on her, and affirming she was healed. My powers were also at their height as I did this following a hatha yoga session and power meditation. In this instance, it only took one session and she was fine.

There are some guidelines for healing loved ones:

1. Make sure you are strong enough and it is best not to use your own energies. Pulling energy from the earth (this can be from the floor), the sun or any other natural source is best. Always run the energy through yourself.
2. Make sure to completely clean your aura and chakras afterwards.
3. In cases of serious accidents or related, the more people involved in the healing, the better the chance for recovery. Friends, relatives and so forth, if they are at all open-minded can be organized into drawing in energy and applying it to the afflicted one in an emergency situation. Even people who are not trained and who know nothing are better than not doing a thing. The more people, the more energy.
4. Like working any and all magick, one must have confidence in and believe in a full recovery.
5. Affirmations are always necessary as energy does what it is told to do. Affirmations should always be in the present tense and of a positive statement.
6. Once healing sessions are begun, depending upon the severity, they should be repeated until the loved one has made a full and complete recovery.

7. Cleaning the area or body using a brilliant white light before applying healing energy also helps.
8. As with healing the self- severe cases may require several healing sessions per day. This also depends upon your own personal powers. The more powerful you are, the more powerful and effective your healing energy. Extremely powerful brothers and sisters may only do one healing session with a complete recovery.
9. The longer (more chronic) the ailment, the more difficult it is to heal. Congenital problems (afflictions one is born with) are the most difficult. Nothing is impossible! The human mind is even capable of growing a new limb. The key is extreme personal power through consistent meditation, patience, perseverance and above all -CONSISTENCY!

HEALING USING THE SOLAR PLEXUS CHAKRA

The chakra of healing is the solar (3rd) chakra.

To heal using this chakra (which is very effective):

1. Lie on your back
2. [Your hand chakras and finger chakras](#) should be fully opened for this technique. Place your fingertips lightly upon on your solar plexus chakra. Very slowly breathe in and visualize intense brilliant white-gold light entering into your nostrils moving down into your solar chakra and then through your fingertips and into your forearms.
3. Hold your breath and transfer your fingertips to where you are ill and very slowly exhale the energy from your forearms, hands and fingertips into the afflicted area. For example, for curing a soar throat, move your fingertips, (all the while visualizing the brilliant light), to your throat and then very slowly exhale the energy into your throat, visualizing and feeling it leaving your forearms, hands and fingertips and entering into your throat, glowing like a brilliant sun.
4. When the exhale is completed, suspend your breathing for a few seconds while you place your fingertips upon your solar chakra again. Repeat the above.

The above is best performed for 10-20 repetitions. If major healing is called for, take a break and then perform another 10-20 repetitions.

I have used the above technique with much success. It is very important to try to catch colds, flu, viruses, etc., in the early stages. By doing so, less energy is required and one can use one's own energy.

If one is ill to where using one's own energy is out of the question, this exercise can also be performed using the energy from the sun, which is very powerful. Just breathe in the energy from the sun into your nostrils and follow the above instructions.

It is pretty evident that now and in the very near future, we will be faced with deadly strains of viruses and plagues. Many are resistant to antibiotics and other medications. In many places, life saving medications are becoming unaffordable and very hard to obtain, as is medical care. Some medications are even laced with placebos (blanks). All dedicated Satanists should be practicing [power meditation](#) and learning [Satanic Healing Techniques](#).

I have had much success with the above and other healing techniques I have written about on this website. The power to heal is a wonderful gift from Satan. Any dedicated Satanist who practices meditation regularly can do this. Things are getting very bad in the world and will get much worse. Those of us who are adept and and apply Satanic knowledge will survive these times intact.

Energy Ripping

Black magick is all about the manipulation and direction of energy. The strength of one's mind and aura determine the type and amount of energy that one can direct and handle safely while producing the desired results. Workings fail because of weakness of one's mind and aura.

Energy ripping involves drawing off the life force. One should already have a strong aura that can pull energy at will and be able to transform it for one's personal benefit. There are two ways of going about this. One is the destruction of victim's aura and the second is hooking up an energy line and draining the victim dry. This prepares the victim to be much more vulnerable to psychic attacks and completely opens him/her for the willed input of destructive energy from the mage.

1. One should have a photograph or image of the victim. This is so one can visualize him/her clearly. This is very important to the operation.
2. Go into a trance state.
3. Begin by visualizing yourself drawing off the victim's aura and disintegrating it. You can visualize yourself actually eating and ingesting the aura until it is completely gone or drawing it into your sexual chakra. Always draw energy with your feminine chakras as these absorb. The masculine chakras project energy. It is best to absorb this type of energy in the lower chakras.
4. When the aura is disintegrated and ingested, visualize drawing off all of the inner energies. The victim should change from white energy to grey energy and then to black, indicating the life force has been completely drained.

Clean your aura and chakras thoroughly after each working to transform the absorbed energy into personal benefit.

The above four steps should be done frequently, a minimum of 3-4 times a week to more than once a day. It will eventually take its toll.

After the working has done its job and depleted the victim, one should follow up with black magick workings. Before each black magick operation, the victim's aura should be prepped with black energy so he/she will absorb the destructive energy. Just visualize him/her with a black aura and proceed with the working.

Don't forget to thoroughly clean your own aura and chakras.

The above is elementary black magick. It can be accomplished by most people with a basic background in energy manipulation and power meditation. More advanced techniques involve working with elemental energy and death energy. When working with death energy, one must be very adept and experienced as this can be dangerous. The life force is replaced with the destructive energy of the elements or the death energy.

Drawing Down Energy from Stars and Luminaries

Energy from stars can be used to enhance personal traits, for example to strengthen self-discipline or for specific energies to be used in ritual. Absorbing energy from Venus before performing a love spell can greatly assist in the desired outcome of the working. It is very important to know the nature of the star(s) you intend to invoke energy from, as some stars such as Polaris and Caput Algol are extremely destructive and people have gone insane after invoking their energies.

In order to effectively absorb stellar energies, one should be experienced with breathing in energy. The [Energy meditation](#) trains us on how to do this.

This exercise should be performed outdoors where you can see the star clearly.

Steps:

1. Relax and go into trance.
2. Close your eyes and say the name of the star several times while visualizing it. (Photos of stars can be seen by typing the name of the star or constellation into the Yahoo search engine and clicking on "images.")
3. Keep repeating the name of the star either silently or aloud several times and try to feel the star. You should begin to feel the energy.
4. Now charge your aura with energy until your entire being is glowing. This is done through visualization. Breathe in the energy from the earth into your feet and fill your entire being with it. Now, stand beneath the star and visualize a line of energy about a foot wide extending from your aura and connect it with the star.
Begin to breathe in the energy from the star. The energy of each star has a [specific color](#) according to its attributes. Visualize the stellar energy saturating and expanding your aura with this color upon each inhale. You can program the energy with affirmations while you are breathing it in. For example, you can affirm: "I am breathing in green energy from Venus that is bringing me plenty of free and easy money in a happy way that is all mine to keep and spend as I please." Visualize your entire being saturated with green and with each inhale, the green becomes more and more vibrant and powerful.

A guideline for the colors of stars is:

- Red- Martian energy, anger, violence, pure lust.
- Blue- peaceful, calming, spiritual,
- Yellow- intellect; mind
- White- cleansing, strength
- Orange- creativity

Tips:

- You can use a crystal to absorb and store energies from stars to be used at a later time in a ritual or whenever you need them. Hold the crystal under the star in your palm and breathe in energy from the star through your hand chakras, only bring it into the crystal. Just visualize it entering

the crystal and brightening and/or intensifying in the crystal. When you want to absorb the stored energy, just hold the crystal in your hand, and breathe in the energy through your hand. Visualize the energy entering your hand and extending to your entire being and aura. The crystal can also be placed over any chakras you choose for the desired effects. Just breathe in the energy.

- A variation of the above is to program the crystal to absorb the stellar energy and leave it out under the star for as long as the star is visible and shining on it. Just focus your will into the crystal and tell it you want it to absorb energy from whatever star you choose. Repeat the name of the star several times and project the image of the star into your crystal using your third eye.
- You can also absorb energy from entire constellations. This should be done a little at a time until you are familiar with the energies and the effects.
- An advanced practice is to absorb the energies of a star you are familiar with into your chakras. Don't do this unless you are already comfortable with the star's effects and energies. Just breathe in the energy. You should be familiar and experienced with [Chakra Breathing](#). It is best to work with stellar energies that are in harmony with the chakra you are working on. They should be of the same color.
- You can make star charged water. Use a clean magnet, place it at the bottom of a container of water and program it like a crystal. The water will absorb the energy. By drinking the water, you will absorb the energy. This can be an easier way to learn about the energies of the star you wish to work with, before seriously absorbing any of its energies.

Here is a list of stars and their energies. To learn more regarding the time of year the star is visible, and the appearance of the star or constellation, there is much available on the internet and at the local library under the subject of astronomy.

Death Spell

If you have access to any personal article of the offender, this will help.

1. Construct an effigy or a [poppet](#), using the article.

2. Go to the cemetery and get some dirt.

3. You need to vent into the poppet, visualizing the victim, all of the hate you possibly can, especially during its construction. It is imperative here to stay focused with intent. Try to do this during a waning moon. When the moon is in Scorpio or Capricorn is good time.

4. Construct a small box. Cardboard is fine.

5. Light a black candle, concentrate intensely upon the death and destruction of the enemy.
DO NOT BE DISTURBED OR LOSE YOUR FOCUS!

6. Put the effigy into its box.

7. Bury it in dirt inside the box.

8. Save some of the dirt.

9. Take it outside, or back to the graveyard and bury it, placing the reserved dirt on top of the box, *knowing* the victim will meet his/her death.

10. Do not think about the spell, or the enemy, as this will interfere with its working.

To Kill using the aura:

This is best done while the offending party is asleep. Put a black aura around the person, as this will prepare his or her own aura to absorb the destructive energy. After doing this, you can vent your hatred. Be sure to visualize over and over again with feeling, exactly how you intend this person to die. Affirm: I am placing a powerful aura of destructive around _____ that is continuously working to kill him/her. This work is best begun on a Saturday or a Tuesday during a waning Moon. Be sure to [clean your aura and chakras](#) following each working.

This can be done following the above ritual with the poppit and repeated every night during the cycle of the waning moon until the victim meets his/her death.

Advance Thoughtforms / Servitors

The elemental has to be given a form corresponding to the desire one wishes to be fulfilled. The form is to be created with intensive imagination. You can shape this out of the ball.

- Give the thoughtform a name. This name should be unique and unusual because just saying the name either aloud or in your mind will immediately summon the thoughtform. Obviously you don't want other people calling out a common name and then here it comes!
- You have to impress upon the thoughtform whatever task you wish it to carry out. This must be done with authority and a strong will, with desire.
- In working with advanced thoughtforms, you must be specific as to how long the thoughtform has to complete the task. Is it ongoing? or limited to a certain finite time.

The procedure is as follows:

1. Go into a medium trance and imagine yourself in an universal ocean of light. White is all purpose, but colors can be used.
2. Use this light to shape an enormous ball of light, compressing and accumulating it more and more until the ball has the size of approximately 12-20 inches. The ball should be like a brilliant radiating sun.
3. Now fill the thoughtform with whatever you desire it to do. Desire strongly and feel this deeply while making your affirmations. The affirmations should be a repeated phrase, right to the point and precise.
4. Name your thoughtform and say this name several times.
5. "Having fixed the time, the magician orders the elemental to dissolve in and return to the ocean of light as soon as it has fulfilled its task. Expressing it magically, the birth and death of the elemental are fixed in exactly the same manner as Man's or any other being's fate is."
6. Breathe in and then blow out with force, sending the ball on its way.
7. Forget about the thoughtform and working. Let it do its job.

An elemental knows neither time nor space. Using external energy is important in workings of black magick and workings where you must be completely detached from the thoughtform as opposed to running the energy through yourself with simple thoughtforms.

"It can work independently in the mental sphere and will not be restricted in any way by the magicians' mind. Now and again it is advisable to reload the elemental to give it a greater power of expansion. This is achieved by calling the elemental by the name given to it, and rendering it more dynamic through a new accumulation of light, and sending it off again. As soon as the elemental has fulfilled the required task, it will dissolve itself in the ocean of light. This example should suffice to give the magician a rule of conduct how to create elementals."

The above is important. You must will the thoughtform to dissolve. Later on, with much more advanced thoughtforms, it will become a powerful entity of its own and harass you if you aren't careful.

"In contrast to thoughts living in their forms in the mental or spiritual sphere, the "elementals" are entities with a certain degree of intelligence deliberately created by a magician. Such elementals are

capable of fulfilling certain tasks on the mental plane and obviously they may be looked at as obedient servants of the magician according to the purpose he aims at. Through the creation of elementals of the so-called elemental magic type, the magician can accomplish everything on the mental plane without any discrimination of his own or a strange sphere. I will quote only a few examples just because of the great variety.

With the help of the elementals the magician can influence the mind of any other person optionally, he can strengthen or weaken man's mental and intellectual faculties, he can protect himself or others against foreign influences, transmute friendships into animosities or the other way around, he can produce a favorable atmosphere in associating with his fellow men, and he can bring under his control anybody's will that is not yet developed or profiled. The businessman can enlarge the number of his customers, and the elementals can be helpful to him in many other ways. The genuine magician will always be inspired by good and noble intentions and keep the altruistic motive in mind if he is aiming at the highest level of magical maturity."¹

Creating Elementals

Elementals are beings whose souls are comprised of one or two elements instead of the five we humans have. They have a certain degree of intelligence determined by their creator. They can be helpful in carrying out certain tasks on the astral as well as in the physical world. They can be servitors.

Fire elementals appear as a fiery ball before they are formed.

Water elementals appear as a glass ball before they are formed.

Air elementals will have a bluish color

Earth elementals appear clay colored.

These beings are capable of many tasks, below are a few examples:

1. Influencing the minds and thoughts of others.
2. Breaking up relationships or strengthening them.
3. Forming friendships or love/lust relationships.
4. Bending weaker individuals to the will of the mage and controlling them through the elemental.
5. Bringing in customers for those in business.

Instructions for creating the elemental:

1. The elemental should be of the element relating to and of a form corresponding to the desire you wish to have fulfilled.
2. Give the elemental a name.
3. You must impress your will upon the elemental with authority in giving it orders as what you want it to accomplish. This should be a short present tense phrase. "Will" never happens. For example- "You are..."
4. You should also impress upon the elemental, that it will be successful in carrying out its order.

**

TO BEGIN:

1. Go into a trance.
2. Imagine yourself within the element you wish to use for your work, as you would do for invocation, but do not invoke the element. Instead, focus and condense the element into a sphere in front of you. The element needs to be condensed and powerful.
3. Now, shape the elemental into the desired form and impress your desire both in feeling and a short phrase of command into it.
4. Name your elemental.
5. If you wish to set a time limit, order your elemental to return to the element it was created from at a specific time, after it has completed its task. Failure to do this in some cases, can result in a creature that has a life and will of its own and can be a bother.
6. The elemental can also be programmed to attack itself to and feed from the aura of the person you send it to.
7. To summon the elemental, call it by name and will it back. You can then recharge it with energy and/or a new task.

Creating a Fire Elemental Thoughtform

This can obviously be dangerous. You should be adept at controlling and holding the fire element. Out of control, this entity can set anything on fire at random and is not to be toyed with. Be sure to read the page on [Advanced Thoughtforms](#) before attempting this. You should also be adept at creating and controlling basic advanced thoughtforms before working with fire.

1. Get into a trance and visualize you are in the middle of fire. Feel the heat and hear the hissing and crackling of the flames and feel the burning.
2. Now, begin to collect and condense that fire into a sphere in front of you. Draw the fire element from all directions into the sphere in front of you. The more of the fire element you direct into the sphere, the more dense, material, and hotter it will become. You should feel the heat while you are doing this. The more you compress and condense the fire, the more the heat will grow. You should actually have the sensation of literally being in an oven. You can also shape the fire ball into any form you wish. The form should correspond with the job.
3. Now fill the fire ball with whatever you desire it to do. Desire strongly and feel this deeply while making your affirmations. The affirmations should be a repeated phrase, right to the point and precise.
4. Like any other incendiary, the fire form will burn with the larger fire it creates. You should order the elemental to dissolve with the fire it creates, ending the mission.
5. Name your thoughtform and say this name several times.
6. Breathe in and then blow out with force, sending the ball on its way.
7. Forget about the thoughtform and working. Let it do its job.

The uses for the fire thoughtform are obviously to set something a blaze. I have found when using fire magick, one glows with a warm aura or feels heat when the directed energy or entity is doing its job. The fire ball can be directed into the body of an enemy when working black magick. These methods were used by 1920's, and 1930's Satanic Lodges in Germany and used to eliminate enemies in the form of a psychic sacrifice. If the victim is not adept with fire, his/her blood will literally boil. The end result will be a heart attack- death from natural causes.

Advance Satanic Texts

As for the pdf texts below, they were written by a man known as "Franz Bardon."

I asked Father Satan some time ago how Bardon came to reveal the information he did. His reply was "ME."

I recently found though Bardon claimed the work was his and the teachings of the "divine providence" (the enemy), in truth, he was a pupil of Wilhelm Quintscher who was a member of a 99 lodge (Satanic) and invented the tepaphone. Bardon passed the teachings off as his own. "Frabato" was a partial biography pieced together by his secretary, but is an important read to understanding the rest of the texts.

Information therein was twisted and it was the Satanic Lodge where the teachings in "Initiation Into Hermetics" originated. Bardon took the teachings and made them into RHP. I see errors in Bardon's two other books and the beings in the Evocation book are of the enemy from what I can see and are enemy thoughtforms. The exercises and instructions in "Initiation Into Hermetics" are actually Satanic and from Demons. I believe this was why Satan led me to this information.

Here is some more information: "And then, of course, one must not forget Franz Bardon! He is not unknown in the English speaking world but my impression is that though many people have heard of him, only few have taken the trouble to actually read his books which have been available in English for over a decade now."

"Nevertheless, Bardon, a one time German illusionist of Czech extraction, is still Germany's probably most commonly read magician. His dogmatic, simplicistic approach which describes magic (in no certain terms, at that) as a technology of "astral electro-magnetism" involving the manipulation of the polar powers of electricity and magnetism, is really not quite as modern as the layman tends to believe. In fact, it was Bardon's teacher, Ra-Ohmir Quintscher, who back in the twenties invented not only battery magic and his [notorious Tepa](#) (sometimes erroneously termed Tepaphone), an electrical device for long range magical manipulation involving the target persons' photographs, but produced practically everything else as well on which Bardon's later fame was molded."

"Bardon, however, did not deign to give Quintscher his due credit, as is so common, unfortunately, with magical authors of secondary intellectual import. Instead, his secretary Otti Votavova presented the situation topsy turvy by claiming, in her novel on Bardon's life, Frabato (a classical example of devotees' kitsch), that in fact it was Quintscher who had been Bardon's acolyte and not vice versa. She even purported that Quintscher spent the last years of his life in concentration camp (some of them in Bardon's company), an insinuation bitterly denied by Quintscher's now deceased son, with whom I had a conversation on this matter a few years ago. In fact, according to his son, Quintscher never even visited a concentration camp. Rather, he died in the very last hours of the war on May 8th, 1945 in Silesia, where he was also buried. But to be fair to Bardon, let it be known that I have it on the word of reliable witnesses that Bardon, when he saw the *Frabato* manuscript, was quite aghast and gave strict injunctions never to publish it - unfortunately to little avail."

Demons will work with you. AZAZEL TOLD ME THE KABALAH IS NOT BASED UPON HEBREW LETTERS, [BUT RUNES](#). The opening of the chakras exercises he instructed me in are from the Egyptian Kabalah. The runes are based upon the constellations. In addition, Phoenician and other cuneiform-based languages preceded Hebrew, (which was taken from Hindu lettering) by thousands of years. Replacing these will give your workings much more power. THE NORSE TREE OF LIFE SHOULD BE USED INSTEAD OF THE HEBREW ONE. The Norse tree has the nine sephiroth corresponding to an important number of Satan. The Hebrew tree of life with the ten

sephiroth of YHVH, like everything else of theirs has been stolen, altered and corrupted into conforming to the quest for the coming of their "messiah" and is a blasphemy to Satan.

The text "Practice of Magickal Evocation" contains spirit abuse, though in a milder form. This text is still an excellent read for knowledge. These "spirits" appear to be enemy thoughtforms programmed to keep humanity under control. They have simple souls consisting of one to two elements in contrast to the human soul which consists of five. These beings feed off of and obtain their energy from the planets they were assigned to.

"Frabato" is an autobiography/novel and is highly educational. I strongly encourage everyone here to read these books. I have literally read thousands of occult books and they are all at square one compared to these. Reading and understanding the material contained in these books will set you so far ahead in understanding all occult material and applying advanced knowledge to whatever you read.

"Initiation Into Hermetics" has some very advanced techniques and anyone who is new and practices these exercises should be aware of the risks involved. For more information, [click here](#).

The books should be read in order as each one builds upon the other:

1. [Frabato](#)
2. [Initiation Into Hermetics](#)
3. [Practice of Magickal Evocation](#)

The above text reveals the thousands of elemental thoughtforms the enemy has placed orbiting in the spheres of the planets in our solar system to enslave humanity. These forms composed of lesser souls feed off the planetary energy and keep humanity under watch and control.

4. [Key to the True Qaballah](#)

[Bardon Companion Text](#)

The Bardon Companion text is an excellent read and further defines the material in "Initiation Into Hermetics" and makes it a bit more user friendly with some more interesting information. Highly recommended after reading and being familiar with the material in "Initiation Into Hermetics."

Please bear in mind all of the above texts should be read the Satanic way. Disregard the bullshit warnings about "karma" and all that other crap! I have advanced quite far and have used the material therein as I pleased with no ill effects or problems whatsoever. Unlike RHP mages, we are under Satan's protection and under the guidance of Demons! Having enough knowledge and power makes a micky mouse out of all those stupid warnings.

It appears this book has the original sigils. The Necronomicon is not a work of fiction, regardless of how the powers that be try to convince us otherwise. The sigils, the God names, the gates (portals in the mind) are all real and do work. The later editions that occupy the mainstream bookstores and newsstands have both altered sigils and other symbols, so it is no wonder the newer copies do not produce the same results.

As for the four quarters, "YHVH" is nothing more than a scam to hide true knowledge and keep it in the hands of a few. As anyone can plainly see, there are *two* H's when each of the letters is supposed to represent one of the four elements. The "lost name of God" is ENKI. Everything was stolen from Father Satan and to add insult to injury, the fictitious enemy "god" has been getting the credit. YHVH (fictitious imposter) replaced ENKI. The four letters stand for the four elements of magick. We can see YHVH is an imposter as there are two H's. Satan is the only True God, everything else is fictitious. "THERE IS NO GOD BUT MYSELF" "KNOWING THIS, WHO DARES WORSHIP THE FALSE GODS OF THE KORAN AND BIBLE?"

-SATAN

FROM THE QU'RET AL-YEZID

His real chanted name according to runes is:

Eihwas #13; Water element

Ing (The All-Seeing Eye) #22; Air element

Kaun #6; Fire element

Iss #11; Earth element: (also represents the earth axis and the pole star).

All of the above runes have the numbers of Satan.

His name is chanted: i-i-i-i-i-i-i-i-i-i- (as in high) i-n-n-n-n-n-n-n-g-g-g-g-g-g-g- (as in sing, with the "ng" held as long as possible) K-A-A-A-A-A-A-A-Y e-e-e-e-e-e-e-e-e-e- (tightly focused high pitch)

Divination Magick

Azazel's Astrology for Satanists

Astrology, when interpreted accurately, is the most detailed and advanced method of divination and is essential to timing rituals and working magick. Nearly all of the ancient megalithic structures were designed to observe the stars and their movements. The four cardinal points used in ritual are based upon the points of the Zodiac, as are the elements.

The Gods referred to the planetary tables as the "tablets of destiny/fate." One interpretation of the number 666 is $6 \times 6 \times 6 = 216$. 2,160 years is how long it takes the synetic vernal point to travel through a house of the zodiac. This is the time of an astrological age. "666, is the number of a man" Aquarius, the water bearer. This will be the Age of Aquarius, the age of fire, the Age of Satan.

Astrology is a very detailed and advanced subject. Most of those who call themselves "astrologers" never advance beyond the elementary level. Ninety-five percent of all the books are elementary and this makes astrology look bad. Most of the books available only tell you about the various *methods* of interpretation, they are unable to interpret the information, so they are useless.

Important points:

- Learn the 12 signs of the zodiac
- Learn the symbols

Be careful what you believe when learning astrology, if something doesn't apply to you, more than likely it won't apply to anyone else.

I have been honest in all my interpretations. Astrology is different from other forms of divination. Astrology goes deep and reveals many things, some which may be unpleasant to say the least. Astrology is brutally truthful and will more than likely change the way you look at life, as it has done for me. I have studied and practiced astrology for over 30 years. Much of what I have learned has been through suffering.

As for fate vs. free will, I have found knowing about something before it happens, can sometimes give us an edge in preventing it. Satan has REALLY helped me through some disastrous transits, unscathed. It is always important to do a ritual and ask, if you see bad times coming.

WHAT ASTROLOGY CAN DO FOR YOU

- Know ahead of time the way the energies in your future will turn. Knowing this will give much insight into the actions you take at any given time. Obviously, you don't want to go out and rob a bank when Saturn will be transiting your 12th house (possible jail time). Jupiter transiting your first house you can get away with it. (I am not advocating anything illegal here; I am just citing an example!)
- Use the timing of the universe to assist in your magick. This will work in your favor. For revenge rituals, when Saturn transits the first house of the offending one, or when it is retrograding over his/her personal planets, life will already be hard, use this energy to make it worse or to direct it.

- Do You want to now what pleases your lover sexually? The placement of Venus reveals a lot about the love/sexual preferences.
- Do you want to know someone better than they know themselves? Look at their birth date or better yet, their astrology chart. Through astrology, we can understand what is going on in our lives and have a better understanding of significant others and ourselves.
- Astrology will give you knowledge and power over others. You can find out if people are lying to you, cheating on you, in love with you, hate you and much more.

The down side is knowing about unpleasantness before it happens. Sometimes we see tragedy in other's charts or in our own. People who can't have children, disastrous marriages, unrequited love, and even death.

When you really learn to read the planets, it opens another dimension. Sometimes, things don't always manifest the way we read into them. It is important and *ethical* that you do not reveal anything tragic to others you read for. Satan is ethical and the Demons teach us ethics. There is always the possibility it may not happen the way we expect it to and this is a very nasty thing to do. If I see disaster, I tell the person I am reading for to be careful at certain times.

Using and Empowering a Black Mirror

Scrying can be a useful means to contact Demons and spirits, to foretell the future, and to secure answers to questions. A black mirror is ideal for these purposes. Traditionally, Obsidian was the material of choice in the making of a black mirror, but the method described below works just as well.

The cycle of the Full Moon is the best time to create a black mirror, as the moon rules the third eye and psyche. Any frame for a photograph can serve as a base for a black mirror. Take the glass from the picture frame and paint one side of it with black enamel. You will probably need to use several coats of paint. Oil based enamels are lasting, but they can take a long time to dry. Be sure to leave the glass to completely dry before placing it back in the frame.

Substitutions for a black mirror include a dark bowl of black liquid or a shiny black object, large enough to focus upon. I have found average everyday mirrors to work in a dimly lit room (candlelight is perfect). The empowering ritual below is for advanced meditators and is very effective. If you are not advanced, you can still use a black mirror with results and wait until you are more experienced to perform the empowering ritual.

Empowering Ritual:

During a full Moon, go outside if possible, some place where you have a bit of privacy. Go into a slight trance, breathe in energy from the Moon into your third eye on the inhale, and on the exhale, chant "Inanna" E-E-E-E-E-N-N-N-N-N-N-A-H-A-H-A-H-A-H-A-H-A-N-N-N-N-N-A-H-A-H-A-H-A-H vibrating, so you can feel it in your third eye. Do this for 30 times, then condense the energy from the Moon in your third eye and circulate this energy to your heart chakra and back to your third eye nine times, ending with the energy temporarily stored in your heart chakra. Place a paper or parchment of the [Sigil of Astaroth](#) on top of the face of the black mirror, and place both on your altar. Astaroth is the Goddess of prophesy.

Write the following prayer on a clean piece of paper:

Hear me Lord Satan, I ask in your name, that the forces of darkness bestow their powers of prophesy upon this mirror; that I may use this magickal medium to contact any Demons I may call forth, to scry upon for the revelation of secrets, and knowledge that is unknown to me.

In the name of Satan/Lucifer, I petition Ashtaroth, to bestow the blessing of prophesy and all the powers related, thereof upon this mirror. All of this, I ask in your name, Lord Satan. So it is done.

At the height of your ritual, recite the prayer aloud and when finished light it in the flame of a black candle on the left side of your altar. Place the burning paper in a bowl to burn.

Now, take the energy stored in your heart chakra and release it into the mirror by exhaling it- chanting g- g- g-g-eh-eh-eh-eh-eh eh-eh-eh The chant/vibration is done with a hard G as in the English word "Get" without the 't.' The base of your tongue should be as close as possible to the back of your throat when you vibrate the Gebo rune. Gebo is Astaroth's rune and is used with workings involving powers of the heart chakra. With each exhale, vibrate the energy into your mirror. Visualize the energy entering the mirror. It should indigo (bluish-violet) in color (there may be some green or swirls of it) and grow with intensity upon each exhale. You should be able to judge when the mirror is fully empowered and feel the stored energy leaving you.

To use the mirror:

Position the mirror so it is at a comfortable level. You should be sitting comfortably when scrying. The room should be quiet and dimly lit, preferably with candlelight.

To begin a scrying session, enter into a trance, and imagine the mirror is black liquid water, jet-black like a well. Fix your gaze upon the mirror. The mirror will eventually brighten to gray and images of clouds will begin to form. Be patient, for the ability to see images of spirits and events will come with practice.

It is best to become familiar with your mirror before calling up any Demons. At first, nearly everyone sees clouds. This is normal and a positive sign. With experience and persistence, one will move onto other visions that will occur at random. These visions will be uncontrolled.

With experience, one will be able to call upon visions at will. An adept can experience visions that involve all five senses when scrying into the mirror; this can take some time, persistence and practice. Demons can touch the scryer, carry on lengthy conversations, and interact on a more personal level. The visions can begin to exist outside of the mirror and on all sides and surround the scryer.

When not in use, keep the mirror should be wrapped in silk to keep the energy from escaping and kept in a safe place where others will not disturb it. The energy will need to be replenished every so often. You will have to place your mirror in a window or out of doors under a full Moon to absorb the lunar energies. To do this, breathe in energy from the Moon into your heart chakra and exhale it into the mirror from your hand chakras. If you are open, you will see with your third eye, and feel when the mirror is fully empowered, and sense when it needs to be recharged.

Recromancy; Contacting the Dead

Many books on witchcraft, séances, channeling, and mediumship advocate an elaborate process in order to contact the deceased. In reality, it is not all that difficult to summon someone who is hanging around on the astral.

There are many who are "lost souls" and are trapped on the astral. In the case of those who have been reincarnated, if you are in tune enough, you will be able to pick this up and know it is of no use to try to contact them, as they are already in another life.

Deceased Humans are "spirits." These are of a lower order. They are not as powerful as Demons or angels, unless the person empowered his/her soul.

The astral is usually a lonely place for these souls and often, they wish to make contact with the living. Ghosts that are seen or sensed in old houses (often the person died there), those who cannot part from living family members or loved ones; usually the ghost attaches itself to something - the house, the place of employment, the living family or a surrogate family.

There can be unfinished business where the deceased needs help from the living, as with a burial, solving a homicide, missing person or something where the deceased cannot "rest." Most often, the deceased will make him/herself known. Objects can be misplaced, electrical appliances can be turned on or off, he/she can be felt, even by untrained individuals.

How to Make Contact:

The deceased does not need to be hanging around to establish contact. If he/she is dead, he/she can be contacted, provided he/she has not reincarnated. A summoning can be done at any place where one can focus.

Tarot cards can be used to make contact. A Ouija board or pendulum can be used to communicate. In cases where there is a group, all participants should be in tune and serious. One person will act as the medium.

1. The person closest or the nearest in contact with the deceased (in the case of a known spirit), shuffles the cards, concentrating on a reading to contact and give information about the one being summoned. The medium then begins to read the cards. Do the same, if you are substituting a Ouija board. In using a Ouija board, the medium should sit opposite the person wishing to call on the deceased. Having a personal object of the deceased can be a help for those who are inexperienced or not as psychic, who are acting as the medium.
