

one third of each day for eating and sleeping, one third for the practice of the spiritual disciplines, and one third for serviceful work for Folk or community.

We plan to produce *The Path of Wotan* in 8 steps:

- Step 1 Our spiritual heritage (this is already in print as *The Essentials of Wotan-ism*).
- Step 2 An overview of the path, including an account of the *Übermenschen* who have preserved it through the dark ages and their plan for the evolution and regeneration of this earth.
- Step 3 Purification of body and mind, diet and environment.
- Step 4 Physical exercises for rejuvenating and evolving the body.
- Step 5 Psycho-physiological exercises to accelerate evolution.
- Step 6 Exercises to control the mind.
- Step 7 Personal training at a Volksberg retreat (optional).
- Step 8 Initiation into advanced techniques (optional).

The first step is already available from Kindred Publications for \$4. Step 2 will be available in mid-January of 1995. To receive the second step we require: having read the first step (*The Essentials of Wotanism*); an application; a recent photograph of yourself (also your spouse & children if they wish to take part); and \$8 per individual or family. Each step is a prerequisite for the next step, and so there will be an application for the third step enclosed with the second step for

those who wish to continue the course. The different steps may vary in size and they may include audio or video tapes.

We have already received inquiries from prisoners about *The Path of Wotan*, and we will certainly make it available to them. Prisoners usually have plenty of surplus time which, so long as they have the required discipline, can be used to practice these techniques and rapidly advance. It is awesome to think of the possibilities and ramifications of Aryan prisoners becoming Superhumans! We are anticipating a fairly large response from Aryan prisoners, and so we will be soliciting for a prisoner fund to help with the cost of providing materials to them at a reduced rate. Nevertheless, we insist that prisoners, like everyone else, put out some energy in return for the invaluable instruction they receive. They must also fill out applications and provide photos, but the fee for prisoners will be reduced (\$4 for step 2 and we will accept stamps). All steps will be free to imprisoned members of Bob Mathews' *Brüder Schweigend*. Prisoners need to let us know whether or not they can receive and use audio and/or video cassettes.

But prisoners or otherwise, we want only those who are dead serious about the path, and who are willing and able to give it the required time and effort. We mean to change this world of chaos and degeneracy, and we invite you to join us in this great task.

The Path of Wotan

This is our last issue of *Folkish Observations*, and it is also an introduction to the next phase in our great struggle against the forces of darkness, *The Path of Wotan*.

Folkish Observations, our initial phase, was an educational program to delineate the true nature of National Socialism -- which has been long obscured by denigrations and falsifications, and misunderstood not only by the general public, but even by most who claim to be National Socialists. Our first phase will continue by means of our Kindred publications. We now have a complete line of concise essays and booklets on the true nature of National Socialism and related subjects, and this will remain available and advertised within National Socialist and other White racialist circles, including Aryan youth groups and Aryan prisoners.

We should add that we are following our own advice on National Socialist activism and working with our own neighbors to slowly form a sizeable underground Folk-community as a bulwark against the onslaught of degeneracy. The one-on-one activism this requires takes a great deal of our time and effort, but it is the only sure method of achieving our goal. This is important activism, and we recommend that National Socialists all across the country do the same. Meanwhile, we strongly urge all National Socialists with children at home. This is most important! Think about it: what good are all the newslet-

ters, demonstrations, or any sort of revolutionary activity, fantasy or otherwise, if we hand the minds and bodies of our children over to the enemy?

Professor Carl Jung pointed out how a single "incarnation of Wotan" brought about National Socialist Germany. It was Adolf Hitler's advanced state of evolution which disempowered the iron grip of International Finance, and began raising the evolutionary level of the German Folk. Moreover, Professor Jung pointed out that this "Wotanism" is quite likely to happen again, but next time on a mass scale. Through the study and long practice of little-known ancient Aryan techniques, we have learned how to bring about Professor Jung's prediction. This is our second phase: a unique and daring training program to begin the process of Wotanism on a mass scale.

Beginning in January of 1995 we will be devoting our time to writing, editing, and producing *The Path of Wotan*, a series of step by step lessons which delineate the techniques by which our Aryan Forefathers accelerated their physical, mental, and spiritual evolution, and by which some of them have achieved not only infinite consciousness and superhuman abilities, but even the very highest state of human evolution: complete physical immortality.

Although it has philosophy and terminology in common with each, *The Path of Wotan* is not Odinism, Hinduism, Buddhism, Christianity, or Nietzschean philosophy. It is not

a religion or a philosophy. It is a science which our Aryan Forefathers conceived, developed, and perfected thousands of years ago. It is not theory or speculation. It is tried and proven, and it is concerned with one thing and one thing only: *Übermenschen*, that is, producing Superhumans. But the purpose of the path is not to acquire superhuman powers for personal use. It is to produce Superhumans who can and will lead humanity back into harmony with Nature and toward a new golden age on this earth.

Let us emphasize here that *The Path of Wotan* is not for pedants, intellectuals, philosophers, or librarians. It is also not for the politically-correct -- liberals or racialists!! (A dismally large number of racialists are just as guilty of political-correctness -- pre-conceived, dogmatic opinions -- as are those they condemn.) *The Path of Wotan* is strictly for activists with the true warrior spirit -- those who have the vision to become an *Übermensch*, and who have the will and self-discipline to realize that vision.

The Path of Wotan will give detailed instruction on a number of exercises -- physical and psycho-physiological -- which must be done daily in order to achieve acceleration of one's evolution. These are not difficult, and they can be easily mastered by anyone who perseveres. To begin with, they will require at least an hour and a half each day of your time (divided into a morning and evening session). If you practice them an hour and a half a day, you will evolve rapidly. For advanced initiates, the path is a whole life of activism:
