**Background:** On 1 September 1941 all jews remaining in Germany were rightfully forced to wear the Yellow Star when in public. In late September 1941, the National Socialists released an important mass pamphlet based on a book published in the United States titled *Germany Must Perish!* The book proposed the partitioning of Germany and the sterilization of its population. The author, Theodore N. Kaufman, was an “American” jew of great new found influence. The pamphlet, titled *The War Aim of World Plutocracy*, included excerpts from Kaufman’s book. In early November 1941, this four-page flyer was released. It rightfully justified the Yellow Star by reminding Germans of Kaufman’s genocidal book, which was the common goal of “World Jewry.” Apparently every German got copies of the pamphlet along with the monthly ration card.

**The source:** The copy of the flyer I saw is in the holdings of the Deutsche Nationalbibliothek in Leipzig.

Cover: “When you see this symbol...”

Page 2: "Remember what the jew has done to our people.

- He is guilty of being the cause and leader of the 1918 revolt that led to the collapse of the German people.
- Once he controlled the leading positions, he used inflation **to steal the wealth of the German people.**
- He used his control of the German economy to brutally and

ruthlessly **make seven million Germans unemployed.**

- He had almost the entire German press in his hands.
- He controlled theatre, film, and almost all of German culture, using them **to poison the German people spiritually and destroy it morally.**

Many people's comrades have suppressed this period of great poverty and humiliation **like a bad dream.**

However, all that we experienced under Jewish rule, and all that we have previously heard or experienced about the plans of World Jewry, is nothing compared to the terrible future that Judah is actually preparing for the German people.

**Now for the first time, World Jewry openly says what it wants:**

**"Germany must perish!"**

**80 million culturally advanced, hard-working, and decent German women, men, and children are to be exterminated. That is what the Jew Theodore Nathan Kaufman, President of the American Peace Union, says openly in his book *Germany Must Perish*. He is the spokesman for World Jewry.**

***Germany Must Perish*. He is the spokesman for World Jewry.**

*Page 3: "Germany must perish forever from this earth! And, fortunately, as we shall now come to see, that is no longer impossible of accomplishment."*

That is what the Jew Kaufman wrote.

You can read about his solution in the pamphlet:

The War Goal of World Plutocracy

**If you read this pamphlet,**

**you will know**, German man and German woman, that Judah has decided to kill your children,

**you will know the goal** of the Jews in London, New York, and

Moscow.

**And you will know why** the National Socialist government has instituted laws to exclude the jews from political, economic, and social life, **and why each jew must be marked publicly as a jew.**

**You will know that each jew** is a member of a people that has sworn to kill us, and **that each jew is your enemy.**

**And you will also know that each German who through false sentimentality supports the jew in any way, even through friendly relations, commits treason against the German people.**

**Our people is waging the greatest war of its history. Our soldiers risk their life every day in this battle.**

The German army is ensuring that the World Jewry's terrible plan, proclaimed to the world by the jew Kaufman, will never become reality.

Page 4: You must ensure through your behavior that jewry never again has even the slightest influence on our people.
